"To dare touch Zi Xunyi, the ones who will die are you all!!!"

As for the Bloodscale Monstrous Clan's Clan Chief, he was not to be outdone.

Brandishing the crimson blade in his hand, he actually began to take on the seven Kong and Zhou Heavenly Clans' True Immortals by himself.

Chu Feng had no idea what sort of medicine the Bloodscale Monstrous Clan's Clan Chief gave Zi Xunyi. However, he was certain that the medicine was very powerful.

After taking that medicinal pellet, Zi Xunyi's injuries started to rapidly improve. Her aura also started to recover.

Furthermore, following Chu Feng's guidance, they soon reached the entrance of the Grief Calamity Mountain Range.

“Who is it?!”

There were many Kong Heavenly Clan's elders guarding the entrance of the Grief Calamity Mountain Range. Their cultivations were all very strong; they were all peak Martial Ancestors.

Seeing that there were people approaching the Grief Calamity Mountain Range, they immediately revealed their weapons and shouted sternly.

Furthermore, even though they were very far away, Chu Feng was still able to sense their killing intent.

“Scram!”

However, Zi Xunyi did not even bother to stop moving.

With merely a wave of her sleeve, she sent forth her martial power and smashed away all of the elders guarding the entrance of the Grief Calamity Mountain Range.

Before Zi Xunyi, those peak Martial Ancestors were like fallen leaves. They were unable to withstand a single blow from her.

When they landed on the ground, they started bleeding from their seven facial orifices.

Just like that, they all died. All of them were killed by Zi Xunyi.

However, this was reasonable. After all, Zi Xunyi was a rank two True Immortal. Apart from the Kong Heavenly Clan's Clan Chief and the Zhou Heavenly Clan's Clan Chief, there was practically no one in the Kong Heavenly Clan who could hinder her.

However, Chu Feng was able to feel that Zi Xunyi was not a ruthless person. He felt that it was most likely due to what had happened earlier that she decided to kill them.

The Kong and Zhou Heavenly Clans wanted to kill her, and nearly succeeded.

Being in that sort of situation, Zi Xunyi's heart was burning with rage. Thus, it was understandable for her to decide to kill.

After entering the Grief Calamity Mountain Range, Chu Feng moved about with ease and familiarity. As he had already been there once, he quickly brought Zi Xunyi to that remnant and found Ying Mingchao.

Merely, as Ying Mingchao was affected by the forbidden technique, Chu Feng and Zi Xunyi were simply unable to see him.

However, Ying Mingchao was able to see them.

"Xunyi, Xunyi, is it you, is it you?"

"It really is you. Xunyi... I've finally gotten to see you again."

Ying Mingchao was extremely excited upon seeing Zi Xunyi's arrival.

In fact, Chu Feng was able to tell that even Ying Mingchao's tone had changed. He was no longer as crude and vulgar as before. On the contrary, his tone was so very gentle.

If he didn't hear it himself, Chu Feng would never believe that Ying Mingchao was capable of speaking so gently.

That said, compared to Ying Mingchao's excitement and enthusiasm, Zi Xunyi had a complicated expression on her face.

She did not say anything. However, glistening teardrops appeared in her eyes.

Soon, tears began to flow down her cheeks uncontrollably.

Her love that she had not met for over a thousand years, that lover that she loved dearly for so long, she was finally able to see him.

Only Zi Xunyi herself knew what sort of emotion that was.

"Xunyi, don't cry, don't cry."

Seeing that, Ying Mingchao hurriedly consoled her. That grand

hero was actually panicky.

However, Zi Xunyi ignored Ying Mingchao. Instead, she turned to Chu Feng and handed him a scroll. She said to him, “Chu Feng, remember the contents of this scroll. Make sure to remember it carefully. You cannot afford to make a single mistake.”

After saying those words, Zi Xunyi started to set up a spirit formation. That spirit formation was very complicated. Even Chu Feng was unable to make sense of it.

However, Zi Xunyi was able to set up that spirit formation with enormous ease. In merely a short moment, she finished setting up the spirit formation.

After finishing the spirit formation, Zi Xunyi asked Chu Feng, “Chu Feng, did you memorize the contents of the scroll?”

“Senior, I’ve memorized it all,” Chu Feng said.

“Are you able to act according to the contents on the scroll?” Zi Xunyi asked again.

“I am,” Chu Feng nodded.

The contents of the scroll were related to the spirit formation she had set up. However, it was not how to set up the spirit formation, but rather how to activate the spirit formation.

In short, it was very difficult to set up the spirit formation. Its difficulty was different from that of the Immortal-avoiding Concealment Formation, and did not need to consume a great amount of energy and time.

Instead, its difficulty was related to one’s technique. One must be able to set up the spirit formation smoothly in one go.

As for the method to set up the spirit formation, it was extremely complicated. Thus, if one were to make a mistake while setting up the spirit formation, the spirit formation would definitely fail.

If one wished to grasp such a spirit formation, one must spend a

lot of time learning it. One must become familiar with it. It was very similar to learning a martial skill.

Thus, although Zi Xunyi had managed to finish setting up the spirit formation rapidly, the amount of effort she had put into learning that spirit formation was unimaginable.

Furthermore, not only was that spirit formation very difficult to set up, it was also very difficult to activate.

Once activated, the spirit formation could not be stopped. Otherwise, it would crumble completely, and would have to be set up again.

Furthermore, Ying Mingchao would also receive a backlash from the spirit formation.

## Chapter 2563 - Fighting For Love

---

“You will activate this spirit formation. Remember, you must concentrate fully,” Zi Xunyi said to Chu Feng.

“This Chu Feng does not dare to guarantee that he will definitely succeed. However, I will definitely do my best,” Chu Feng said with a serious expression.

Zi Xunyi looked to Chu Feng. She wanted to say something, but hesitated. Then, she wanted to turn to look at Ying Mingchao.

However, she didn't do that. Instead, she turned around.

Seeing that, Ying Mingchao spoke to ask her, “Xunyi, where are you going? Are you still angry at me?”

Zi Xunyi stopped. However, she did not turn around. With her back facing Ying Mingchao, she said, “Forget about me.”

After saying those words, Zi Xunyi's body moved, and she instantly disappeared.

At that moment, Ying Mingchao revealed a stunned expression. He was confused as to what was going on.

However, Chu Feng knew where Zi Xunyi had gone. He also knew what she was going to do.

Zi Xunyi deeply loved Ying Mingchao. However, it was also because of how much she loved Ying Mingchao that she felt extremely guilty toward the Bloodscale Monstrous Clan's Clan Chief.

That sort of guilt most definitely felt like a sharp blade that stabbed into her heart nonstop. It was something extremely unbearable.

This was especially true after she broke off all relations with the Bloodscale Monstrous Clan's Clan Chief, yet the Bloodscale Monstrous Clan's Clan Chief was still willing to brave dangers to

save her.

She was truly moved by him. The guilt in her heart had completely burst forth. At that moment, she was feeling extremely pained in her heart.

She could not refuse to save Ying Mingchao. Yet, she also could not abandon the Bloodscale Monstrous Clan's Clan Chief.

Thus, Zi Xunyi had left to fight alongside the Bloodscale Monstrous Clan's Clan Chief.

Merely, it was difficult to tell whether they would survive the battle. After all, their opponents were the Kong and Zhou Heavenly Clans. Furthermore, their opponents possessed their special Bloodline formation.

Ying Mingchao sighed. "That girl is truly headstrong. It's alright, she will be fine once I amuse her after going out."

"Hehe, Brother Chu Feng, it will all be up to you as to whether or not I will be able to go out," he said to Chu Feng with a mischievous laugh.

Chu Feng was able to tell that Ying Mingchao had forced himself to laugh. After seeing Zi Xunyi, Ying Mingchao's heart was also fluctuating enormously. It was fluctuating so strongly that he was unable to conceal his expression. The more he tried to conceal his emotions, the more loopholes there were.

That said, Ying Mingchao had no idea how dangerous the situation outside was. Thus, he only thought that Zi Xunyi was angry at him for what had happened back then.

However, he had no idea that Zi Xunyi might die after leaving, that it would be very possible for him to not see her again.

"Senior, after I activate this spirit formation, I will need your full cooperation," Chu Feng said to Ying Mingchao.

"Rest assured boy, I know this formation. Go ahead, I know what

I must do,” Ying Mingchao spoke very straightforwardly.

Seeing Ying Mingchao agreeing to it, Chu Feng hurriedly sat down and unleashed his spirit power. He began to wholeheartedly focus on activating that spirit formation.

“Buzz~~~”

At the moment the spirit formation was activated, a golden light appeared. Like a small palace, it completely covered Chu Feng and Ying Mingchao.

Time quickly passed. In the blink of an eye, ten hours passed.

After ten hours passed, the spheroid golden spirit formation finally dissipated.

At that moment, Chu Feng raised his head. He was finally able to see Ying Mingchao.

The man was over two meters tall. He had a very robust build.

Although he had a middle-aged man’s appearance, he had a head of long hair. His hair was truly long. Although he was only over two meters tall, his hair was over three meters in length.

Apart from his extremely long hair, he also had a full beard. His beard was also extremely long. Although his beard was not as long as his hair, it was over two meters long.

Fortunately, his lower half was covered by his black beard.

The reason for that was because Ying Mingchao was actually completely naked.

“I can move now, I can move now! It has been over a thousand years now! I, Ying Mingchao, have finally regained my liberty! Hahaha!!!”

At that moment, Ying Mingchao faced upwards and started laughing. He was truly excited.

At that moment, Chu Feng was able to sense Ying Mingchao’s

aura. He was indeed a True Immortal. Not only that, but he was also a rank two True Immortal.

“Senior, please wear some clothes first. It is a bit indecent.”

Chu Feng took out a change of clothes from his Cosmos Sack and tossed them to Ying Mingchao.

“Haha, we’re both men, what’s there to fear? Rest assured, I am not interested in men.”

Ying Mingchao was laughing loudly. However, as he spoke, he had also changed into Chu Feng’s clothes.

“Senior, let’s leave right now,” Chu Feng stood up and said to Ying Mingchao.

“Little brother, this is all thanks to you this time around. I must properly thank you. Come... I have deliberately saved these two jugs of wine for today. Let us enjoy them.”

Ying Mingchao was overjoyed. He held the two jugs of wine in his hand and handed one to Chu Feng.

However, Chu Feng had no heart to enjoy wine. Instead, with a serious expression on his face, he said to Ying Mingchao, “Senior, we must leave immediately. If we don’t leave right now, I’m afraid that Senior Zi Xunyi will be in danger.”

“Zi Xunyi... what’s going on with her? Why would she be in danger?” Hearing the name Zi Xunyi, Ying Mingchao’s expression changed immediately.

“At this moment, there are people from the Zhou Heavenly Clan in the Kong Heavenly Clan. We have forced our way in here.”

“Earlier, Senior Zi Xunyi must’ve left to confront them. As of now... we have no idea if she is still alive,” Chu Feng said.

“Damn it!” Hearing those words, Ying Mingchao immediately grabbed Chu Feng and started flying out with him.

Being shown the way by Chu Feng, Ying Mingchao successfully

avoided the numerous slaughtering formations in the Grief Calamity Mountain Range.

With the greatest speed, they exited the Grief Calamity Mountain Range.

It was no longer daytime outside.

Thick smoke was surging about in the Kong Heavenly Clan. Overflowing oppressive might covered the entire sky. The already dark night had become even more dusky.

However, it seemed that the battle had already ended.

The Bloodscale Monstrous Clan's Clan Chief was covered in blood. Countless of his scales had fallen off. Not only that, but his flesh was all torn, and his legs were missing. The condition of his injuries was truly astonishing to the heart and shocking to the eyes.

However, although those injuries of his could cause one's heart to grieve upon seeing them, they remained only superficial wounds. To martial cultivators, they were nothing serious.

What cultivators feared the most was their source energy being injured, their souls being injured or their dantian being injured.

At that moment, the parts where the Bloodscale Monstrous Clan's Clan Chief should not be injured the most were all damaged.

He was seriously injured, and simply unable to continue living. All that remained was his final breath.

At that moment, he had fallen into Zi Xunyi's bosom.

However, he was reacting as if he could not feel the pain in his body. He had a blissful expression on his face, and was looking at Zi Xunyi with an incomparably gentle gaze.

As for Zi Xunyi, she too was seriously injured. However, she simply had no heart to care about her injuries and pain. Instead, she was looking at the Bloodscale Monstrous Clan's Clan Chief in

her bosom with tears falling like rain.

The reason for that was because she knew that the one who should be seriously injured was her. The Bloodscale Monstrous Clan's Clan Chief had blocked an attack for her at the crucial moment.

He had saved her with his own life as the price.

“Don't cry.”

The Bloodscale Monstrous Clan's Clan Chief raised his hand with great difficulty. Using that violently trembling palm, he gently wiped away the tears on Zi Xunyi's face.

Although he managed to wipe away her tears, bloodstains were left behind on Zi Xunyi's face.

It was the Bloodscale Monstrous Clan's Clan Chief's blood.

## Chapter 2564 - Furious Roar

---

“Xunyi, I’m... sorry. This disappointing body of mine has defiled your face.”

“I... I know that you... are most fond of being clean. But, Xunyi, p-please don’t blame me for it. I t-truly did not intend to do that,” The Bloodscale Monstrous Clan’s Clan Chief spoke in a very apologetic manner. His tone was very weak, and it took him a lot of effort to speak.

“Don’t say anymore. Quickly, take this,” Zi Xunyi wanted to give the Bloodscale Monstrous Clan’s Clan Chief the medicinal pellet in her hand.

However, the Bloodscale Monstrous Clan’s Clan Chief waved his hand. With great difficulty, he said, “I am most aware of my own body. Even if a god were to descend upon the mortal world, he would still not be able to save me.”

“Xunyi, I want to tell you this. I am truly glad to be able to see your youthful appearance again.”

“A-alth-although...”

“Although I know that this youthful appearance of yours is not for me.”

After saying those words, the Bloodscale Monstrous Clan’s Clan Chief’s head leaned to the side. He completely collapsed in Zi Xunyi’s bosom.

“Zhenping!!!”

At that moment, Zi Xunyi let out a scream so painful that she felt like dying.

“Zhenping, wake up, I am willing to marry you, wake up. As long as you wake up, I will return to the Demon Elimination Cave with you and become your wife.”

“I will never leave the Demon Elimination Cave again. I will never leave you again.”

“I will spend the rest of my life together with you. Since you are fond of my current appearance, I will always keep my current appearance, okay?”

“Just wake up. Please, wake up. As long as you wake up, I will agree to everything. This time, I will definitely keep my word.”

Tears filled Zi Xunyi’s face. She was sincere in each and every word she spoke. Those were what she felt from the bottom of her heart.

Unfortunately, the Bloodscale Monstrous Clan’s Clan Chief was no longer able to hear those words. The reason for that was because he had died, he was completely dead.

“Paa~~~”

“Paa~”——“Paa~”

Right at that moment, a series of claps was suddenly heard.

It was the Zhou Heavenly Clan’s Clan Chief.

It turned out that the Zhou Heavenly Clan’s Clan Chief, the Kong Heavenly Clan’s Clan Chief and the five Zhou Heavenly Clan’s Utmost Exalted elders were actually all standing there.

They were watching what had happened earlier as if they were enjoying a show.

Merely, there was not the slightest trace of sympathy or pity on their faces. Instead, they all had smiles of enjoyment on their faces.

“What an unfortunately affectionate couple. However, you don’t have to grieve too much either. After all, you will soon meet him again in the netherworld.”

After saying those words, the Zhou Heavenly Clan’s Clan Chief raised his Ancestral Armament and unleashed a slash toward Zi

Xunyi.

Zi Xunyi was able to dodge that slash. However, she did not try to dodge the slash. It seemed like she was not planning to continue living.

“Boom~~~”

Right at that moment, a ferocious slash was sent out from deep within the Kong Heavenly Clan.

That slash was very powerful. With an unbelievable speed, it flew over and easily slashed apart the slash sent forth by the Zhou Heavenly Clan’s Clan Chief.

“Children Kong and Zhou, do you all still recognize your daddy I?”

At that moment, a roar filled with anger exploded in throughout the region.

“That is?”

Looking toward the direction of the voice, the Kong Heavenly Clan’s Clan Chief and the Zhou Heavenly Clan’s True Immortal immediately revealed an enormous change in expression.

The reason for that was because the person who had shouted those words was none other than Ying Mingchao. Arriving together with him was Chu Feng.

However, the Ying Mingchao that they knew had already died over a thousand years ago. As such, how could he be there at that moment?

“You didn’t die?” The Kong Heavenly Clan’s Clan Chief asked in a slightly panicky manner.

It was not only the Kong Heavenly Clan’s Clan Chief who started to feel slightly panicky; even the Zhou Heavenly Clan’s Clan Chief and the five Zhou Heavenly Clan’s Utmost Exalted Elders started to feel slightly panicky.

Although they were all rank two True Immortals, Ying Mingchao's battle power was not something that Zi Xunyi and the Bloodscale Monstrous Clan's Clan Chief could compare to.

Although they had managed to defeat Ying Mingchao over a thousand years ago, they had made numerous preparations for the sake of that battle. Only they themselves knew how much they invested back then.

At the moment they had already exhausted themselves quite a bit fighting Zi Xunyi and the Bloodscale Monstrous Clan's Clan Chief.

If they were to fight Ying Mingchao, even they had no certainty as to whether or not they would be able to win the battle.

Although Ying Mingchao was filled with fury and overflowing with murderous desire, he did not immediately attack the Kong Heavenly Clan's Clan Chief and the Zhou Heavenly Clan's True Immortals after seeing Zi Xunyi.

Instead, his body moved. Bringing Chu Feng with him, he arrived beside Zi Xunyi.

Seeing Zi Xunyi who was riddled with wounds, Ying Mingchao started to gnash his teeth furiously. He felt extremely pained; pained for that woman before him.

"Chu Feng, help me heal her injuries," Ying Mingchao suddenly said to Chu Feng.

After saying those words, Ying Mingchao flipped his wrist, and a golden-bright and dazzling halberd appeared in his hand.

Once the golden halberd appeared, dragon roars started to sound.

It turned out there was actually a golden dragon coiling around the golden halberd. That golden dragon was so very vivid and lifelike. It was as if it were an actual dragon that was radiating its oppressive might all over.

This Ancestral Armament was of even higher quality than Chu

Feng's Stormwind Edge.

“Coiling Dragon Heaven-fighting Halberd, he is indeed Ying Mingchao. He is actually still alive.”

After sensing the oppressive might coming from Ying Mingchao's Ancestral Armament, the Kong Heavenly Clan's Clan Chief and the Zhou Heavenly Clan's True Immortals felt with even greater certainty that the man before them was truly Ying Mingchao.

While it might be possible for one to disguise oneself as another, it would be impossible for one to disguise an Ancestral Armament. After sensing its oppressive might, they were certain that the man before them was Ying Mingchao.

The reason for that was because the Coiling Dragon Heaven-fighting Halberd originated from the Ancient Era. There was only one such weapon in the entire Hundred Refinements Ordinary Realm. Back then, countless people fought over it in that Ancient Era's remnant. In the end, Ying Mingchao was the one who managed to obtain it.

At that moment, the Kong Heavenly Clan's Clan Chief shouted, “Set up the formation!” Then, they once again set up their bloodline slaughtering formation that they used against Zi Xunyi earlier.

Although they were extremely afraid of Ying Mingchao, the Kong Heavenly Clan's Clan Chief and the Zhou Heavenly Clan's True Immortals had no other options. They had no choice but to fight Ying Mingchao.

Unfortunately, even though they were going all-out to fight Ying Mingchao, they were incapable of obtaining their desired result.

Although the Kong Heavenly Clan's Clan Chief and the Zhou Heavenly Clan's True Immortals had managed to seriously injure Zi Xunyi and kill the Bloodscale Monstrous Clan's Clan Chief using that bloodline formation of theirs, they found it very strenuous

when faced with Ying Mingchao.

After merely fighting him for a short moment, they entered a disadvantaged position.

Ying Mingchao was truly ferocious. It was as if he was born to battle. He was incomparably fierce in battle.

“Ying Mingchao’s battle power is extremely strong. Moreover, the Kong Heavenly Clan’s Clan Chief and the Zhou Heavenly Clan’s True Immortals have already exhausted quite a bit of their stamina and power. It would seem that he is able to take care of them by himself.”

After observing the battle for a while, Her Lady Queen felt relieved.

At that moment, Chu Feng’s Evil God Sword was curbed by that so-called Demon Armament Suppression Talisman. Thus, Chu Feng’s strongest trump card was simply ineffective.

Furthermore, the Bloodscale Monstrous Clan’s Clan Chief had already died, and Zi Xunyi was seriously injured. At that moment, the only person capable of fighting against the Kong and Zhou Heavenly Clan was Ying Mingchao.

Whether or not they would be able to leave alive would all be dependent on Ying Mingchao.

“Heeahh!!!”

Ying Mingchao was burning with rage. He roared as he fought on. At that moment, he was like a fierce tiger fighting a group of wolves; he was completely unparalleled.

“Trash! What sort of ability is it to bully a woman?! Where are your capabilities?! Show them to me!”

“If you have any skills, bring them on at your daddy I!”

Ying Mingchao was truly furious. The reason why he was so furious was not because he was plotted against by the Kong and

Zhou Heavenly Clan over a thousand years ago.

Rather, it was because Zi Xunyi was seriously injured by them. Zi Xunyi was the woman that he loved dearly. Furthermore, Ying Mingchao knew very well that if he were to have shown up any later, Zi Xunyi would have been a corpse.

Faced with people who wanted to kill his beloved, as a man, Ying Mingchao would naturally not be able to tolerate it.

He had already made preparations to unleash a massacre.

“Ying Mingchao, you dare call us trash? Even after you’ve disappeared for a thousand years, you’re still only a rank two True Immortal.”

“The outcome of the battle today is still undetermined.”

Faced with Ying Mingchao’s insults, the Kong Heavenly Clan’s Clan Chief spoke back to mock Ying Mingchao.

“Puuu~~~”

Right at that moment, Ying Mingchao’s Coiling Dragon Heaven-fighting Halberd hacked down and sent forth a blade ray. The speed of that blade ray was so fast that the Kong Heavenly Clan’s Clan Chief was simply unable to dodge it. His right arm was actually sliced off by Ying Mingchao’s slash.

The Ancestral Armament that he held in his right arm also fell to the ground.

# Chapter 2565 - Overwhelming Battle Power

---

“Trash! Apart from bullying women, you are incapable of anything else!” Ying Mingchao mocked.

“Damn it!”

Being insulted in such a manner, the Kong Heavenly Clan’s Clan Chief turned red.

However, he was unable to find words to refute Ying Mingchao. The reason for that was because even though they were fighting Ying Mingchao seven to one, they were still at a disadvantage.

If he were to fight against Ying Mingchao alone, he would indeed be no match for him.

At that moment, the Zhou Heavenly Clan’s Clan Chief shouted, “Bloodline formation, set it up!!!”

After he said those words, a ray of light appeared from his dantian.

Right after he said those words, the dantians of the five Zhou Heavenly Clan’s True Immortals also started to emit light.

The next moment, the six rays of light flew out from their dantians and gathered together.

“That formation,” Seeing that formation, Chu Feng’s expression immediately changed.

He recognized that formation. It was the Grand Bloodline Formation. When he fought against the Kong Heavenly Clan’s True Immortals back then, they used that bloodline formation.

It was a formation capable of summoning their Lightning Marks. Merely, even though that bloodline formation was very powerful, there was an enormous cost associated with using it. That is, it would burn away the lives of its users.

Although they would be able to utilize their Lightning Marks,

they would have to use their lives as the price for the continued activation of that bloodline formation.

At the moment that bloodline formation was unleashed, Chu Feng knew that the Zhou Heavenly Clan's True Immortals were planning to place their lives on the line.

This was their final technique. They planned to have a final battle against Ying Mingchao using that technique of theirs.

Right at that moment, the Kong Heavenly Clan's Clan Chief also joined the Grand Bloodline Formation.

At that moment, Lightning Marks appeared on their foreheads. They were all 'Mortal' character Lightning Marks.

After their Lightning Marks appeared, their battle power also increased.

In that sort of situation, Ying Mingchao who was originally holding the upper hand in their battle was actually put at a disadvantage.

"Back then, you had your Evil God Sword in hand. Thus, even after those Kong Heavenly Clan's Utmost Exalted Elders used their Grand Bloodline Formation, they did not appear to be very powerful."

"However, seeing it today, it would appear that the might of the Grand Bloodline Formation cannot be looked down upon."

"I wonder, will Ying Mingchao really be able to withstand them?" Her Lady Queen said.

"After reaching the True Immortal realm, both the power of Heavenly Bloodlines and Divine Bodies will be restricted."

"To put it simply, upon reaching the True Immortal realm, regardless of what sort of battle power you might have had before, regardless of what abilities you might know, it will all amount to nothing."

“After reaching the True Immortal realm, everyone will reach an equal footing. Regardless of whether it is Heavenly Bloodline possessors, Divine Bodies or even those without any special power, they will all stand on the same starting line. As such, it will become very difficult for one to prevail over another.”

“In times like that, if one is able to even slightly utilize their restricted power, they will be able to instantly increase their battle power and pull apart the distance between them.”

“However, the price for that is truly something major.”

“They are simply unable to utilize the Bloodline Grand Formation for an extended period of time. I wonder if Senior Ying Mingchao will be able to persist.”

Chu Feng carefully observed the battle with his Heaven’s Eyes. He was able to discover that even though the Kong Heavenly Clan and Zhou Heavenly Clan were currently holding the upper hand, their lifespans were rapidly decreasing. The speed of the decrease was simply astonishing.

Thus, Chu Feng felt that as long as Ying Mingchao was able to persist in withstanding them, he would be able to win the battle.

“Even if you are to use this formation, you will all still die today.”

Although Ying Mingchao had entered a disadvantaged position, the disadvantage was not that great. Filled with overflowing fury, Ying Mingchao seemed to be able to overcome the Kong and Zhou Heavenly Clans’ True Immortals.

By relying on the anger in his heart and that overwhelming killing intent, even though Ying Mingchao was in a disadvantaged position, he was still holding the upper hand in terms of vigor and imposing might.

“Senior Ying Mingchao’s strength is truly not to be looked down upon. I wonder, how was he defeated by the Kong and Zhou Heavenly Clans back then?” Chu Feng gasped with admiration.

Although they were all rank two True Immortals, Chu Feng was able to tell that Ying Mingchao's battle power was truly strong, and not something that others could compare with.

Perhaps it was precisely because of that that Ying Mingchao was deemed to be the person with the greatest chance of ruling over the entire Hundred Refinements Ordinary Realm after Zhan Haichuan and Grandmaster Kai Hong.

The reason for that was because Ying Mingchao was truly extraordinary.

“Judging from the current situation, even if this battle is to continue, the Kong Heavenly Clan and Zhou Heavenly Clan will undoubtedly be defeated. They will not be able to continue the activation of their Grand Bloodline Formation for long. They will also not be able to defeat Ying Mingchao in a short period of time. Even if they are to consume their lifespan, they will consume themselves before they defeat Ying Mingchao.”

“Although they have exhausted quite a bit of their stamina and strength fighting against Zi Xunyi and the Bloodscale Monstrous Clan's Clan Chief before Ying Mingchao's arrival, it was still not enough for them to go this far against Ying Mingchao. Ultimately, they are unable to defeat Ying Mingchao.”

“From this, it can be seen that they must've made ample preparations and used multiple tricks in order to defeat Ying Mingchao back then. Else, they would have simply been incapable of defeating him,” Her Lady Queen analyzed. She also began to feel increasingly optimistic regarding Ying Mingchao.

“A bunch of trash. So what if you possess the Grand Bloodline Formation? Without your despicable tricks, how could you all possibly defeat me?”

“All of you will die, all of you!!!”

Ying Mingchao grew braver the more he fought. Not only was his

might earth-shattering, but his roars were also capable of shaking everything around him.

Although the Kong Heavenly Clansmen had already taken refuge, they still started to shiver in fear because of Ying Mingchao's roars.

In that sort of situation Ying Mingchao's disadvantage in the battle grew weaker and weaker. Once again, he managed to regain his superiority. Even the Grand Bloodline Formation was unable to stop him.

Seeing that they were doomed to lose, the Zhou Heavenly Clan's Clan Chief shouted, "Senior Blue Gown, can you step forth to help us?"

"Senior Blue Gown?" Hearing those words, Chu Feng's expression changed.

He clearly remembered that the person who gave Kong Doumoyuan the poison was a mysterious individual wearing a blue gown. It was that person that was trying to take care of them from the shadows.

"Could that guy really be here?"

Chu Feng started to worry. Although Ying Mingchao's battle power was very strong and the current situation was very favorable to them, it remained that Chu Feng had no idea exactly who that mysterious blue-gowned individual was.

However, he felt that that blue-gowned individual was most likely someone from the Upper Realms.

There were a lot of people from the Upper Realms. Not all of them were very powerful. In fact, many of them were not even True Immortals, or even Martial Ancestors.

However, those capable of reaching the Ordinary Realms from the Upper Realms were most definitely all extraordinary individuals. Furthermore, to be able to obtain that sort of poison

meant that that blue-gowned individual possessed some tricks up his sleeve.

Thus, Chu Feng felt that if that blue-gowned individual were to act, even Ying Mingchao would be no match for him.

Fortunately, even after the Zhou Heavenly Clan's Clan Chief shouted for assistance, there was no response.

"Is that guy bluffing? How could Ying Mingchao possibly be driven away by that mere shout for assistance? He is simply underestimating Ying Mingchao too much, no?"

Her Lady Queen thought that the Zhou Heavenly Clan's Clan Chief was bluffing. She started to mock him.

"It might not necessarily be a bluff. It is definitely not a coincidence for them to have seen through our Immortal-avoiding Concealment Formation and possess the Demon Armament Suppression Talisman to restrict my Evil God Sword. Likely, someone really is helping them from the shadows," Chu Feng said.

"You mean to say that Blue Gown is really here right now?" Her Lady Queen started to panic slightly. After all, she also knew very well how dangerous that mysterious blue-gowned individual was.

# Chapter 2566 - Forbidden Technique

---

“It’s hard to say. Even I am uncertain, since I am simply unable to sense that Blue Gowns’ aura.”

“This can only mean two things. He is either not here, or his strength surpasses that of everyone here.”

“However, I am certain that they have received assistance from that Blue Gown to see through my Immortal-avoiding Concealment Formation.”

“As for that Demon Armament Suppression Talisman, it is most definitely also given to them by that mysterious blue-gowned individual,” Chu Feng said.

“It’s useless, he will not help us,” The Kong Heavenly Clan’s Clan Chief said.

“Why? Why won’t he help us?”

“Are we not of the same faction? Aren’t we all planning to take care of that Chu Feng?” The Zhou Heavenly Clan’s Clan Chief said.

“Sure enough, the target is me,” Hearing those words, Chu Feng’s eyebrows narrowed. Merely from those words, he became certain that Blue Gown was aiming for him.

“That guy is most definitely very strong. At least, his strength should surpass Senior Ying Mingchao’s. But, with how strong he is, why didn’t he attack me directly? Why did he instead help the Kong Heavenly Clan and the Zhou Heavenly Clan from the shadows, and try to have them take care of me?”

Chu Feng pondered nonstop in his heart.

He was uncertain as to whether that Blue Gown felt it beneath himself to personally take care of him, or if he was unable to personally take care of him.

Or perhaps he was merely playing around, and taking all this to

be a game.

“Listen, we can only rely on ourselves right now. I’ll be the bait, use that move,” The Kong Heavenly Clan’s Clan Chief said to the Zhou Heavenly Clan’s Clan Chief.

“Ah?” Hearing those words, the Zhou Heavenly Clan’s Clan Chief revealed a surprised expression. He did not dare believe what he had just heard.

As for the Zhou Heavenly Clan’s five Utmost Exalted Elders, they all revealed frightened expressions.

“Are we really going to use that move? If we are to use that, there’s no way around it,” The Zhou Heavenly Clan’s Clan Chief said.

“I said that I’ll be the guide. Even if someone is to die, I’ll be the one to die. What’s there for you to fear?”

“If we continue to consume our lifespan, we will all die. After we die, my Kong Heavenly Clan and your Zhou Heavenly Clan will both be extinguished. Have you thought about that?” The Kong Heavenly Clan’s Clan Chief said furiously.

“Lord Clan Chief, you absolutely cannot. Our cultivation is insufficient. Even if the Kong Heavenly Clan’s Clan Chief is planning to be the guide, with our cultivation, we too will die.”

At that moment, a Zhou Heavenly Clan’s Utmost Exalted Elder spoke with a panicky expression.

“Shut up! For the sake of the continuation of our clan, so what if we die?”

At that moment, another of the Zhou Heavenly Clan’s Utmost Exalted Elders began to sternly criticize that Utmost Exalted Elder.

Furthermore, that Utmost Exalted Elder also said to their Clan Chief, “Lord Clan Chief, let’s do as the Kong Heavenly Clan’s Clan Chief suggested. For our clan, sacrificing just our lives does not

amount to anything.”

“Lord Clan Chief, go ahead... we are not afraid of death.”

“Lord Clan Chief, please reconsider, please reconsider.”

As for the remaining three Utmost Exalted Elders, there were those that voiced their acceptance of death and those that voiced their desire against it.

At that moment, the Zhou Heavenly Clan’s Clan Chief revealed a determined expression in his eyes.

“Kong Jitian, it will be all up to you now.”

After saying those words, the Zhou Heavenly Clan’s Clan Chief shouted loudly.

A strange light began to flicker from his dantian.

“Ahhh!!!!”

The next moment, the five Utmost Exalted Elders standing behind him began to let out miserable screams.

“Nooo!!!!”

“Stop! Lord Clan Chief, stop!!!”

The Utmost Exalted Elders who had advised against this earlier started to beg their Lord Clan Chief to stop. At that moment, they were no longer able to control their bodies. It was as if they were all being controlled by the Zhou Heavenly Clan’s Clan Chief.

However, the Zhou Heavenly Clan’s Clan Chief did not have the slightest intention of stopping.

“That formation!!!”

At that moment, Chu Feng noticed that the Zhou Heavenly Clan’s Clan Chief and the Zhou Heavenly Clan’s five Utmost Exalted Elders were all emitting nine-colored lightning from their dantians.

That nine-colored lightning had not been present before.

Most importantly, after that lightning was extracted from their dantians, the Zhou Heavenly Clan's Clan Chief and the five Utmost Exalted Elders reacted as if something important had been extracted from them.

Their bodies started to rapidly age, and their skins withered incomparably. This was especially true for the five Zhou Heavenly Clan's Utmost Exalted Elders. In merely the blink of an eye, they turned to mummy-like states. It was as if all of their essence had been extracted from them.

In fact, even their bodies shrunk greatly.

"They've used a taboo technique. This is their final struggle."

Chu Feng shouted 'oh no' in his heart. The reason for that was because he discovered that the nine-colored lightnings extracted from the Zhou Heavenly Clan's True Immortals were currently gathering toward the Kong Heavenly Clan's Clan Chief.

At that moment, not only was the Lightning Mark on the forehead of the Kong Heavenly Clan's Clan Chief shining even brighter, but lightning also began to appear on his body.

The lightning twined around him like armor covering his body. It was the Thunder Armor.

Although it was incomplete, Chu Feng, a Heavenly Bloodline possessor, was able to tell with a single glance that it was the Thunder Armor.

For the sake of protecting the Zhou Heavenly Clan's True Immortals as they set up the formation, the Kong Heavenly Clan's Clan Chief had been pinning down Ying Mingchao alone the entire time.

At the beginning, it was very strenuous for him to deal with Ying Mingchao. In fact, he was simply no match against Ying Mingchao. However, as more and more lightning gathered, as his Thunder Armor grew more and more complete, his aura also grew stronger

and stronger.

“Ahhh!!!”

Suddenly, the Kong Heavenly Clan's Clan Chief let out a roar. Then, the Ancestral Armament in his hand grew even more ferocious. With each attack, he would give birth to wind and shake space itself.

Although he had lost an arm, he was actually able to contend against Ying Mingchao with one arm.

He was actually able to contend against Ying Mingchao alone.

Most importantly, after he let out that roar, the speed at which he absorbed the lightning extracted from the Zhou Heavenly Clan's True Immortals grew even faster.

Under those circumstances, the battle power of the Kong Heavenly Clan's Clan Chief grew stronger and stronger.

At that moment, not only was he able to take on Ying Mingchao alone, but he was also gaining the upper hand in their battle.

Soon, the screams from the five Zhou Heavenly Clan's Utmost Exalted Elders grew weaker and weaker.

Finally, nine-colored lightning was no longer being extracted from their dantians. Their dantians had also completely dimmed.

“Putt~~~”

“Putt~~~”

“Putt~~~”

.....

Then, they actually all lost the ability to fly at the same time, and fell to the ground.

Dead. At that moment, the Zhou Heavenly Clan's five Utmost Exalted Elders, those five rank one True Immortals, had all died.

Furthermore, their state of death was extremely frightening.

They appeared to have been sucked completely dry; there was not a single trace of essence in their bodies.

“This...”

Upon seeing that, Chu Feng’s expression changed.

Through his observation with his Heaven’s Eyes, Chu Feng was able to see that the Zhou Heavenly Clan’s five Utmost Exalted Elders even had their source energies refined completely.

As they were originally martial cultivation experts, their bones should be exceptionally hard even in death.

In fact, from a certain point of view, the remains of powerful martial cultivators would become precious treasures upon death. Their bones would be harder than even ordinary weapons.

However, the Zhou Heavenly Clan’s five Utmost Exalted Elders’ bones were akin to those of ordinary people. In fact, their bones were even weaker than those of ordinary people. The reason for that was because their bones were actually all shattered.

“That taboo technique is truly frightening.”

Chu Feng looked to the Zhou Heavenly Clan’s Clan Chief. At that moment, his dantian also stopped emitting lightning.

Furthermore, his dantian also stopped shining.

However, unlike the five Utmost Exalted Elders, his body’s powers were not completely extracted.

Instead, he had voluntarily stopped the taboo technique.

Perhaps it might be because of his cultivation, or perhaps it was because of something else, but the Zhou Heavenly Clan’s Clan Chief was not only still standing on the sky, his cultivation did not decrease either.

He was still a rank two True Immortal.

However, his current appearance was akin to that of a mummy.

All of his hair had fallen from his head. His wrinkled skin was tightly wrapping around his bones. It was as if all of his flesh was gone.

His eyes were caved in. At a glance, he looked like a dead man who had just crawled out of his coffin. It was a truly frightening sight.

Although his cultivation was still present, his aura had become extremely weak. It was as if he was seriously injured. He was no longer able to join the battle between the Kong Heavenly Clan's Clan Chief and Ying Mingchao.

From that, it could be seen that even though he had survived, the taboo technique had done enormous harm to him.

# Chapter 2567 - The Situation Of The Battle Turning Bad

---

Chu Feng noticed that even though the Zhou Heavenly Clan's five Utmost Exalted Elders had died, even though his five subordinates that were as close as brothers to him had died, the Zhou Heavenly Clan's Clan Chief did not have the slightest bit of sorrow on his face.

Instead, the corners of his lips were raised in a cold smile.

"Ying Mingchao, you must've never imagined that we would be willing to sacrifice ourselves to defeat you."

"The ones to die today will not be all of us. Rather, it will be you."

"So what if you are a genius?"

"Aren't you still going to be killed by our hands today?"

"Furthermore, this is the second time that you will be defeated by us," The Zhou Heavenly Clan's Clan Chief spoke using his extremely weak voice.

Even though his voice was very weak, his words were filled with pride.

It was as if he was certain that they would undoubtedly win, and began to enjoy the lively show, the show of Ying Mingchao's defeat, from the side.

"Puu~~~"

Right at that moment, a crimson ray suddenly flew past. A slash from the Kong Heavenly Clan's Clan Chief had actually managed to hit Ying Mingchao.

"Heeahh!!!"

Being struck by that slash, Ying Mingchao did not let out a

scream of pain, he instead roared.

It was like that slash had reawakened his fighting spirit. Ying Mingchao began to fight on even more bravely.

Unfortunately, it was useless. His battle power was absolutely suppressed by the Kong Heavenly Clan's Clan Chief.

After that, Ying Mingchao was struck by attacks from the Kong Heavenly Clan's Clan Chief nonstop.

In such a situation, Ying Mingchao was soon riddled with wounds. His flesh was all overturned, and blood was flowing from his body nonstop.

“You kept on calling others trash, but it turns out that you are the greatest trash of all.”

“Why must Zhan Haichuan and Grandmaster Kai Hong's successors all be people who boast nonsense?” the Kong Heavenly Clan's Clan Chief mocked.

“Ahhh!!!!”

Ying Mingchao let out a snarl. Then, he slashed his Coiling Dragon Heaven-fighting Halberd across the sky.

“Roar~~~~”

The next moment, a roar was heard. The golden dragon coiling around the Coiling Dragon Heaven-fighting Halberd actually flew out from the halberd.

Everything happened too quickly. Furthermore, as the distance between the Kong Heavenly Clan's Clan Chief and Ying Mingchao was so very close, the Kong Heavenly Clan's Clan Chief was struck directly by the golden dragon and sent flying.

Moreover, that golden dragon actually began to expand in size. Its speed also began to hasten. In merely an instant, the several meter-long golden dragon grew to over a thousand meters.

The giant thousand-plus-meter dragon covered the sky. It was

flickering as if it was made of gold. Moreover, it was emitting an exceptionally valiant oppressive might.

That golden dragon had managed to completely swallow the Kong Heavenly Clan's Clan Chief.

“Crap! I forgot that he still had that move.”

At that moment, the Zhou Heavenly Clan's Clan Chief turned ashen, and a panicky expression emerged in his aged eyes.

As it had been so long, he had actually forgotten that the reason why Ying Mingchao's Coiling Dragon Heaven-fighting Halberd was so powerful was because it possessed power surpassing that of other Ancestral Armaments.

As for the earlier golden dragon, it was a martial skill unique to the Coiling Dragon Heaven-fighting Halberd. That golden dragon could be said to be an Ancestral Taboo Martial Skill. However, as it was in perfect harmony with the Coiling Dragon Heaven-fighting Halberd, once unleashed, its might greatly surpassed that of ordinary Ancestral Taboo Martial Skills.

As the Kong Heavenly Clan's Clan Chief was struck directly by that Ancestral Taboo Martial Skill, the situation would naturally be extremely bad for him.

“Ahhh!!!”

At that moment, Ying Mingchao faced the sky and let out a roar.

As he roared, blood began to flow from his eyes, nose, ears and mouth nonstop.

At the same time, the might of that golden dragon also started to grow stronger and stronger.

Seeing that, Chu Feng started to frown. He had no idea what that golden dragon was, but he guessed that it must be some sort of integration between an Ancestral Armament and an Ancestral Taboo Martial Skill.

However, judging from the situation at hand, although that martial skill was very powerful, it also placed an enormous burden onto Ying Mingchao.

“Rumble~~~”

Suddenly, a loud explosion was heard. Golden light began to sprinkle all over like golden raindrops.

That golden dragon had actually exploded.

“Putt~~~”

At that moment, Ying Mingchao suddenly half knelt in midair. Judging by how hard he was gasping, the martial skill he had used earlier had put an enormous burden on him.

Furthermore, Chu Feng also noticed that as the scattered golden light sprinkled down like rain and came into contact with the Coiling Dragon Heaven-fighting Halberd Ying Mingchao held in his hand, the golden dragon gradually reappeared on the Coiling Dragon Heaven-fighting Halberd.

That Coiling Dragon Heaven-fighting Halberd was truly a miraculous Ancestral Armament. Its quality had definitely surpassed Chu Feng’s Stormwind Edge and Flame Dragon Greatsword.

“Is this all you’re capable of?”

Right at that moment, a voice was heard.

Upon hearing that voice, the expressions of everyone present changed enormously.

The reason for that was because it was the voice of the Kong Heavenly Clan’s Clan Chief. He was actually alive. Although he was also injured and even covered in blood, his aura was still very ample and robust.

“Woosh~~~”

Right at that moment, the Kong Heavenly Clan’s Clan Chief

suddenly moved. With his Ancestral Armament aimed at Ying Mingchao, he thrust forth.

Seeing that, Ying Mingchao hurriedly moved to avoid the incoming thrust. However, perhaps because he had received an enormous burden from his previous attack, his speed had grown much slower.

With a “puu,” the Ancestral Armament pierced into Ying Mingchao’s body, into Ying Mingchao’s dantian.

However, as Ying Mingchao was a True Immortal, he would not lose his cultivation even after having his dantian pierced.

Upon reaching the True Immortal realm, even if one’s body was completely destroyed, one would still not die, [and one’s cultivation will still not decrease](#).

Wait, how did the Bloodscale Monstrous Clan’s Clan Chief die then? I mean... Chu Feng killed the Kong Heavenly Clan’s True Immortal by refining them alive. As for those Zhou Heavenly Clan’s True Immortals, they died cause they completely refined themselves.

The True Immortal realm was a cultivation realm that surpassed the limits of humanity. It was a realm where one truly obtained the title of ‘Immortal.’

However, the Ancestral Armament the Kong Heavenly Clan’s Clan Chief pierced through Ying Mingchao’s dantian evidently contained special power. Lightning began to flow out from the Ancestral Armament, and started to cover Ying Mingchao’s entire body.

Ying Mingchao was in so much pain that his facial appearance started to distort. However, he did not utter a single sound of pain. Instead, he tightly clenched his teeth and endured the pain.

That man was truly strong and determined.

“Woosh~~~”

At that moment, the Kong Heavenly Clan's Clan Chief suddenly raised his Ancestral Armament. Ying Mingchao was also raised into the air with his Ancestral Armament.

“Ying Mingchao, didn't you possess overflowing killing intent? Didn't you want to kill me? I am right before you, why don't you come and kill me?”

“Come, kill me.”

As the Kong Heavenly Clan's Clan Chief mocked Ying Mingchao, he twisted the Ancestral Armament he held in his hand to bring greater pain to Ying Mingchao.

However, Ying Mingchao was still clenching his teeth and not uttering a single word of pain.

Suddenly, Ying Mingchao opened his mouth, and a mouthful of spit landed on the face of the Kong Heavenly Clan's Clan Chief.

“Pah! Trash!”

“Don't you think I do not know what sort of technique you're using right now? After your power disappears, you too will not be able to survive. Both your body and soul will be completely exterminated,” Ying Mingchao said.

“Right, what you said is correct, I am undoubtedly going to die. However, before I die, I am able to kill you,” The Kong Heavenly Clan's Clan Chief said.

“Woosh, woosh~~~”

Right at that moment, two dagger whirlwinds suddenly flew forth from below. They were aimed at the Kong Heavenly Clan's Clan Chief.

It was Zi Xunyi. She had been treated by Chu Feng, and her injuries were now mostly cured.

Regardless of how much grief she was in at that moment, she would definitely not allow the Kong Heavenly Clan's Clan Chief to

kill Ying Mingchao.

Thus, she once again joined the battle. Furthermore, perhaps it was because she wanted to save her beloved, but her attacks were even more imposing than before.

# Chapter 2568 - Eruption Of Rage

---

“Humph, overestimating one’s capabilities.”

Faced with Zi Xunyi’s even more powerful attack, the Kong Heavenly Clan’s Clan Chief merely snorted coldly.

Then, he waved his sleeve and “clank, clank,” Zi Xunyi’s two Ancestral Armament daggers were knocked flying.

Just like this, he effortlessly defeated Zi Xunyi’s strongest attack.

“Wuuahh.”

Right at this moment, the Kong Heavenly Clan’s Clan Chief extended his palm and made a grabbing motion. Immediately, Zi Xunyi let out a scream.

The Kong Heavenly Clan’s Clan Chief had actually managed to grab Zi Xunyi’s neck from afar. Furthermore, he directly moved her toward him.

Seeing this scene, Ying Mingchao shouted, “Stop!”

However, the more he panicked, the more complacent the Kong Heavenly Clan’s Clan Chief became.

He looked to Ying Mingchao and said, “I nearly forgot to tell you this: not only am I able to kill you, but I’m also able to kill Chu Feng and this woman.”

“Yoh, now that I take a closer look, this girl is quite attractive.”

“No wonder you and that fellow from the Bloodscale Monstrous Clan cared so much for her.”

After saying those words, the Kong Heavenly Clan’s Clan Chief cast her gaze toward Zi Xunyi. Furthermore, it was unknown whether or not he was doing it deliberately, or he was feeling that from the bottom of his heart, but a perverted expression actually emerged in his eyes.

Then, he turned back around toward Ying Mingchao and said, “Ying Mingchao, I wonder, have you slept with this beauty yet?”

“That said, it’s alright. Although I am undoubtedly going to die, I still have some time. I’m going to let you enjoy a show during this period of time.”

“What are you planning to do?!” Ying Mingchao shouted furiously. Panic emerged in his eyes.

“What I plan to do? I’m planning to toy with your woman right before you.” As the Kong Heavenly Clan’s Clan Chief spoke, he grabbed Zi Xunyi’s left shoulder. Then, a ‘rip’ was heard as a piece of Zi Xunyi’s clothes was ripped apart.

“I’ll kill you!”

Seeing this, extremely intense killing intent exploded in Ying Mingchao’s eyes.

Unfortunately, he was completely in the grasp of the Kong Heavenly Clan’s Clan Chief.

No matter how furious he was, no matter how much he struggled, he could only remain suspended above the Ancestral Armament of the Kong Heavenly Clan’s Clan Chief. He was simply powerless to do anything to the Kong Heavenly Clan’s Clan Chief.

“Are you furious? Go on, be furious. I am precisely going to sully your woman right before you.”

After the Kong Heavenly Clan’s Clan Chief finished saying those words, he extended his hand toward Zi Xunyi.

“Rumble~~~”

However, right at this moment, an ear-piercing explosion suddenly sounded from the sky.

The next moment, black clouds began to surge as an extremely powerful aura started to emit from Ying Mingchao’s body.

“You...”

Seeing the current Ying Mingchao, the Kong Heavenly Clan's Clan Chief was stunned.

He was surprised to discover that Ying Mingchao's eyes were not only emitting overwhelming killing intent, but they were also emitting a dark green light.

That light simply does not resemble that which might come from a human's eyes. Rather, it was like a light emitted by the eyes of ferocious beasts.

Not only that, but there was even dark green light within the surging black clouds in the sky.

“Paaa~~~”

At that moment, Ying Mingchao grabbed onto the Ancestral Armament that had pierced his body with his hands. Then, with his flesh overturned, he forcibly pulled the Ancestral Armament out from his body.

Seeing that, the Kong Heavenly Clan's Clan Chief hurriedly move on to grab the Ancestral Armament. With great effort, he was trying to thrust his Ancestral Armament back into Ying Mingchao's body.

However, when he tried to do so, he discovered that he was actually unable to contend against Ying Mingchao. Ying Mingchao's current strength had completely surpassed his own.

“Clank~~~”

Suddenly, blood splattered everywhere. Not only had Ying Mingchao managed to pull out that Ancestral Armament, he even directly snatched that Ancestral Armament away from the Kong Heavenly Clan's Clan Chief.

“Rumble~~~”

At that moment the rumbles in the sky grew even more ear-piercing. Even the earth started to shake violently.

The dark green light in the clouds grew brighter and brighter. Vaguely, Chu Feng saw the face of a ferocious beast from the surging black clouds.

It was an enormous face. It practically covered the entire sky, covered the entire Kong Heavenly Clan.

It was a wolf's face. However, the aura that it emitted was much more powerful than that of wolves.

“Divine Power?”

Chu Feng's gaze changed. Although the dark green light in the sky gave off a very cold and oppressive sensation, Chu Feng was able to tell that it was Divine Power.

However, upon reaching the True Immortal realm, both the power of Heavenly Bloodlines and Divine Powers would all be restricted.

For Ying Mingchao to be able to utilize the power of his Divine Power meant that he had completely undone the restriction the True Immortal realm had placed upon him.

“No, impossible! How can you use your Divine Power?!!!”

At that moment, the Kong Heavenly Clan's Clan Chief started to panic. His complexion turned pale, and his body started shivering. He was moving backwards repeatedly.

He was able to sense that Ying Mingchao's current aura had completely surpassed his own.

That aura was simply too powerful. It was at the peak of a rank two True Immortal. Likely, apart from rank three True Immortals, no one would be able to contend against the current Ying Mingchao.

“I will make you pay!” Ying Mingchao said as he gnashed his teeth.

At that moment, the Kong Heavenly Clan's Clan Chief grew

completely panicked.

He was surprised to discover that not only had Ying Mingchao's eyes turned dark green like those of ferocious beasts, even his teeth were emitting a dark green radiance. Furthermore, his teeth were as sharp, as those of ferocious beasts.

However, the Kong Heavenly Clan's Clan Chief remembered very well that Ying Mingchao was a human, and not a ferocious beast or a monstrous beast.

“Damn it!”

Suddenly, the Kong Heavenly Clan's Clan Chief suddenly turned around. He was actually planning to flee.

“Roar~~~”

Right at that moment, like a beast, Ying Mingchao leapt in midair and pounced at the Kong Heavenly Clan's Clan Chief.

His speed was simply too fast. In a flash, he arrived behind the Kong Heavenly Clan's Clan Chief and brought him down.

The two men fell from high in the sky and crashed onto the ground.

Upon landing, Ying Mingchao immediately bit into the neck of the Kong Heavenly Clan's Clan Chief.

“Ahhhh!!!”

Right away, blood splattered all over, and the Kong Heavenly Clan's Clan Chief let out a miserable scream.

However, that was only the beginning.

One bite.

Two bites.

Three bites.

Ten bites.

A hundred bites.

.....

Ying Mingchao was reacting as if he was truly possessed by a ferocious beast. He was using his teeth to tear at the body of the Kong Heavenly Clan's Clan Chief repeatedly.

Furthermore, it seemed like his teeth were capable of causing unbearable pain. Thus, the screams of the Kong Heavenly Clan's Clan Chief soon filled the entire Kong Heavenly Clan.

In merely the blink of an eye, all the flesh on the body of the Kong Heavenly Clan's Clan Chief had been bitten off.

However, Ying Mingchao did not stop there. He began to bite the bones of the Kong Heavenly Clan's Clan Chief, forcibly biting them apart.

The hatred Ying Mingchao had toward the Kong Heavenly Clan's Clan Chief was simply too deep. It was as if he could only alleviate his hatred by drinking the blood and eating the flesh of the Kong Heavenly Clan's Clan Chief.

“Mingchao, you...”

At that moment, Chu Feng noticed that Zi Xunyi had a very complicated gaze.

Evidently, she was moved at that moment.

After all, it was all because of her that Ying Mingchao had become like that. This indirectly revealed how important she was in Ying Mingchao's heart.

“God damn it!”

Seeing that the situation was bad, the Zhou Heavenly Clan's Clan Chief turned around and began to flee.

“Chu Feng, that Zhou Heavenly Clan's Clan Chief is escaping,” Her Lady Queen immediately called to Chu Feng's attention.

“Let him escape,” Chu Feng actually also noticed the escape. However, he did not bother to pay attention to it.

Firstly, Chu Feng did not have the strength to stop the Zhou Heavenly Clan’s Clan Chief from escaping.

Even if that Zhou Heavenly Clan’s Clan Chief was seriously injured, he remained a rank two True Immortal. As such, Chu Feng was still unable to defeat him.

As for Ying Mingchao, he was overwhelmed with rage. As such, there was only the Kong Heavenly Clan’s Clan Chief in his eyes. He was simply unable to consider other things.

Even if Chu Feng were to bring to his attention that the Zhou Heavenly Clan’s Clan Chief was escaping, Ying Mingchao would still not pay attention to it.

Chu Feng understood Ying Mingchao’s current state very well. He had already gone berserk. He had become deranged.

His soul was completely occupied by his rage. He was no longer capable of reasoning. At that moment, there was only one thing in his mind. That was, he wanted to make the Kong Heavenly Clan’s Clan Chief pay.

As for everything else, he simply did not care.

## Chapter 2569 - To Be Even

---

As for Zi Xunyi, it was also obvious that the current her had no heart to pay attention to the Zhou Heavenly Clan's Clan Chief.

Furthermore, she was still seriously injured. Even if she were to chase after the Zhou Heavenly Clan's Clan Chief, she would not necessarily be able to stop him.

Thus, in such a situation, Chu Feng would rather have the Zhou Heavenly Clan's Clan Chief escape than to have more people injured.

“Hahaha, hahahaha...”

Right at that moment, the Kong Heavenly Clan's Clan Chief whose flesh had been completely bitten away and whose bones were broken by Ying Mingchao's bites suddenly started to laugh.

“Go ahead and torture me. It doesn't matter how much you torture me, after all, I will soon die,” The Kong Heavenly Clan's Clan Chief mocked.

Since he knew that he would not survive either way, he was able to accept his situation.

Hearing those words, Ying Mingchao was stunned. He stopped biting at the Kong Heavenly Clan's Clan Chief.

No one knew exactly what Ying Mingchao was thinking just then.

“Hahahaha, Ying Mingchao, in the end, you are unable to do anything to me. I am still the one in control of my fate.”

Seeing Ying Mingchao's reaction, the Kong Heavenly Clan's Clan Chief started to laugh even more frantically. Although he was going to die, he felt that he had not lost the battle. Rather, he was acting as if he was the winner.

At that moment, Ying Mingchao spoke coldly, “In that case, I will extinguish your entire clan before your death.”

“You...” Hearing those words, the Kong Heavenly Clan’s Clan Chief immediately let out an incomparably alarmed voice.

He was scared. He was extremely scared. As he knew that he was going to die, he did not care about his own life.

However, the Kong Heavenly Clan was still something that he worried deeply for. In fact, the reason why he was willing to sacrifice himself was all so that he could preserve his Kong Heavenly Clan.

“Ying Mingchao, don’t, you absolutely must not.”

“It is my fault. Everything is my fault. I am the one at fault for everything back then. I am also the one at fault for everything today.”

“This matter is unrelated to my clansmen. They are all innocent. Please, you must not attack them,” In panic, the Kong Heavenly Clan’s Clan Chief started to beg Ying Mingchao.

However, Ying Mingchao completely ignored the Kong Heavenly Clan’s Clan Chief. He slowly stood up and said to him, “Open your eyes and watch carefully.”

After saying those words, Ying Mingchao’s body started to emit a dark green radiance.

“Rumble, rumble~~~”

The dark green radiance started to spin like a whirlwind. With Ying Mingchao as the eye of the storm, the dark green radiance started to sweep forth.

Wherever it passed, everything was destroyed. In merely an instant, the entire Kong Heavenly Clan was razed to the ground.

“No!”

“Nooo!!”

“Noooooooo!!!”

The Kong Heavenly Clan's Clan Chief let out an incomparably furious roar.

Not only was his roar filled with anger, it was also filled with grief.

The reason for that was because the Kong Heavenly Clan that was originally filled with countless buildings, a majestic atmosphere and had resembled a paradise on earth, then it had been turned into a hell on earth.

Thick smoke covered the entire region. It was smoke from the destroyed buildings. Even with multiple layers of spirit formations, they were unable to withstand the might of Ying Mingchao's attack.

Beneath the rubble of the buildings were countless corpses. Regardless of whether they were men, women, young or old, they were all dead.

Apart from the people that had escaped the Kong Heavenly Clan earlier, Ying Mingchao's attack left a destructive impact upon the Kong Heavenly Clan.

“This...”

The impact of Ying Mingchao's attack was simply too great. Even Chu Feng felt muddle-headed.

When Chu Feng opened his eyes again, he discovered the current state of the Kong Heavenly Clan.

At that moment, Chu Feng suddenly recalled the scene of the extermination of the Chu Family.

However, the Chu Family was merely a small family. As for the Kong Heavenly Clan, it was a colossus.

All those lives were instantly obliterated. The degree of destruction was hard to believe.

“They brought it upon themselves,” Zi Xunyi said to Chu Feng.

It turned out that Zi Xunyi had stood before Chu Feng to block Ying Mingchao's attack. Otherwise, even Chu Feng might not have survived the impact of that attack.

“I'll kill you!!!”

Suddenly, a body of light shot out from the devastated remains of the Kong Heavenly Clan's Clan Chief.

That body of light was golden, and was flickering with enormous power.

Furthermore, that body of light had the same appearance as the original appearance of the Kong Heavenly Clan's Clan Chief. From his expression, Chu Feng was able to tell how furious the Kong Heavenly Clan's Clan Chief was.

It was understandable. Although the Kong Heavenly Clan's Clan Chief possessed a very bad moral character, he was someone who valued his clan enormously.

Else, he would not have been willing to sacrifice his own life for his clan.

Yet now, his clan was gone. The thing that he wanted to protect the most was gone.

He now had nothing left. Thus, how could he not be furious?

“Paaa~~~”

However, faced with the Kong Heavenly Clan's Clan Chief filled with murderous desire, Ying Mingchao merely pushed forth his palm and grabbed the Kong Heavenly Clan's Clan Chief by the throat.

With merely a single clench of Ying Mingchao's palm, the Kong Heavenly Clan's Clan Chief reacted as if his life had been captured.

Although rage and murderous desire still filled his face, his aura was much inferior to before.

“Go and accompany your clansmen in death,” After saying those

word, Ying Mingchao tightly clenched his grasp.

“Bang.” The body of light that the Kong Heavenly Clan’s Clan Chief had turned into shattered into pieces.

Following that, the aura of the Kong Heavenly Clan’s Clan Chief also disappeared.

He had died. Following that muffled explosion, he was utterly killed.

At that moment, Ying Mingchao seemed to have regained his calm. He took a glance at his surroundings. From his eyes, a trace of regret could be seen.

That was understandable. Ying Mingchao was not an evildoer. If his head had not been filled with rage earlier, he would not have killed so many innocents.

Innocent, of course they were innocent. Regardless of what their Kong Heavenly Clan’s Clan Chief had done, regardless of how many evildoers there were in the Kong Heavenly Clan, it remained that there were still good individuals in the Kong Heavenly Clan, and even many newly-born children.

They had all definitely died innocently.

However, the world of martial cultivators was cruel. The weak were prey to the strong, and battles of grudges were common things.

Strength was everything in the world of martial cultivators. When the weak died, they had no way to argue for justifications.

Today, the Kong Heavenly Clan was defeated. As such, the calamity of a clan extermination arrived upon them.

However, what about over a thousand years ago?

When Ying Mingchao was defeated, what happened to his Hero City?

Chu Feng was able to very well imagine how Hero City had also

suffered the calamity of utter elimination back then.

Although he felt slightly regretful, Ying Mingchao did not linger there forever. Instead, he hurriedly arrived beside Zi Xunyi.

“Xunyi, are you alright?”

“Quickly, take this medicinal pellet. Let me help you heal your injuries.”

Ying Mingchao immediately supported Zi Xunyi. Furthermore, he handed her a medicinal pellet and helped her swallow it. Then, waves of gentle spirit power began to flow from his palm into Zi Xunyi’s body.

Sure enough, Ying Mingchao was extremely worried for Zi Xunyi.

However, Zi Xunyi swung her body and struggled free from Ying Mingchao.

“Xunyi, are you still angry at me?” Ying Mingchao asked nervously.

“Mingchao, I came to save you today of my own accord.”

“However, Zhenping was unrelated to this.”

“I’m sorry, I cannot meet you again.”

“You also do not have to come find me again.”

“From this point onward, we are even now.”

As Zi Xunyi spoke, she lifted up Xuelin Zhenping’s corpse.

# Chapter 2570 - Blue Gown Appearing On The Stage

---

“Xunyi, wait.”

Ying Mingchao hurriedly moved before Zi Xunyi to stop her.

At that moment, he had a lot of things that he wanted to say. However, as he saw Zi Xunyi, as he saw Xuelin Zhenping’s corpse that she was carrying in her hands, Ying Mingchao was unable to utter a single word.

However, Ying Mingchao did not wish for Zi Xunyi to leave. The reason for that was because he knew that if she were to leave now, they would never meet again.

Thus, Ying Mingchao clenched his teeth and said, “Xunyi, I am regretful. I should not have sought after fame and riches. I should not have been infatuated with martial cultivation.”

“My decision back then was wrong. Could you please give me another chance?”

“Xunyi, let us leave together. I will follow you wherever you go. I will never leave you for the rest of my life.”

Ying Mingchao spoke those words very emotionally. He was not lying; those words were spoken from the bottom of his heart.

However, he spoke those words in a slightly timid manner. Perhaps he was scared, scared of being rejected by Zi Xunyi after speaking his inner feelings.

Zi Xunyi stood there stunned. Chu Feng was able to see that her eyes had turned slightly red. Then, two lines of tears rolled down her cheeks.

She was crying. She was crying so much that her body was twitching.

One could imagine what sort of struggle she was going through in her current state of mind.

The man before her was the man that she had loved deeply for over a thousand years. He was the person that she had wanted to spend the rest of her life with the most.

However, she was unable to let go of the Bloodscale Monstrous Clan's Clan Chief. Although she did not love the Bloodscale Monstrous Clan's Clan Chief, she felt deep guilt for him.

After a long moment of silence, Zi Xunyi said, "If you really care about my feelings, let me go."

She said those words with a smile on her face. Her eyes were also looking at Ying Mingchao.

While her smile might be forced, it did seem like she had managed to let go of something.

As a spectator, Chu Feng was able to see the situation between Zi Xunyi and Ying Mingchao more clearly. As such, he was able to tell that Zi Xunyi had forced that smile.

However, being put on the spot, Ying Mingchao started to hesitate. He naturally cared about Zi Xunyi's feelings. Thus, he did not wish to go against her desires, nor did he wish to force her.

Thus, he stood to the side and opened up a path for Zi Xunyi.

He handed a communication talisman to Zi Xunyi and said, "Keep it with you. If you are to encounter any trouble, notify me."

"There's no need," After Zi Xunyi said those words, she soared into the sky with Xuelin Zhenping's corpse in hand. She had left.

Ying Mingchao continued to stand there. He did not even move in the slightest. His hand with the communication talisman was still extended.

After a long time...

"Paa~~~"

“Paa~~~”

“Paa~~~”

.....

Right at that moment, a series of sharp and clear claps suddenly sounded.

Turning toward the claps, Chu Feng’s expression immediately changed.

A figure was standing in the direction where the claps had sounded from.

Although that individual was clearly standing there, Chu Feng did not notice him at all. If it weren’t for the sudden claps, Chu Feng would have had no idea that there was actually someone standing there.

As for the reason why Chu Feng was so astonished, it was not because that man was extremely powerful. Rather, it was because that man was wearing a blue gown.

That blue gown was exactly the same as the blue gown of the mysterious individual described by Kong Doumoyuan.

“That was truly quite an emotional and passionate scene.”

“That was most definitely the most emotional and passionate love triangle that I’ve ever seen in my life.”

“Two men both loved one woman so much. Unfortunately, in the end, neither man managed to obtain her.”

“Tragic, truly tragic. Pitiful, truly pitiful.”

The mysterious blue-gowned individual spoke insipidly. It was as if he had just witnessed a great show, and was giving his evaluation.

“Courting death!”

Ying Mingchao was immediately enraged upon hearing those

words. He shot forth his palm, and Immortal-level martial power soon exploded in the direction of that mysterious blue-gowned individual.

“With how furious you are, your actions could be said to be pardonable. After all, if my woman were to run away with another man, I too would be furious.”

At that moment, the voice of that mysterious blue-gowned individual sounded again. When the energy ripples dispersed, Ying Mingchao revealed a surprised expression in his eyes.

That blue-gowned individual was still standing where he was. Furthermore, he was not injured in the slightest.

“Heeahh!!!”

Suddenly, Ying Mingchao soared into the sky. With his Coiling Dragon Heaven-fighting Halberd in hand, he slashed at that mysterious blue-gowned individual.

“Woosh~~~”

As for that mysterious blue-gowned individual, he merely swept his hand across the space before him, and Ying Mingchao who was emitting overwhelming oppressive might, reacted as if he had been restricted, and fell directly from the sky. Ying Mingchao was actually unable to move in the slightest.

Although he was extremely powerful, Ying Mingchao was actually powerless to even contend against that mysterious blue-gowned man.

“This guy.”

At that moment, Chu Feng started to frown. As he had guessed, that mysterious blue-gowned man was extremely powerful.

He was so powerful that there was no one in the Hundred Refinements Ordinary Realm that could contend against him. He must have been an expert from the Upper Realms.

For experts like him, they were beings akin to gods in the Hundred Refinements Ordinary Realm. They were truly individuals capable of moving the clouds and summoning the rain with a flip of their hands. After all, there was simply no one capable of contending against him there.

It was as if a fierce tiger had arrived within a group of sheep. That tiger could do whatever it wished to the sheep.

“Young man, it is fine to be furious. However, if you want to unleash your fury on someone, you must first find the right target. You should be glad that this senior of yours possesses a good temperament. Otherwise... you would already be dead,” That blue-gowned man said to Ying Mingchao.

Right at that moment, Chu Feng asked, “Why are you aiming to kill me?”

He knew very well that the target of that blue-gowned individual was not Ying Mingchao. Rather, it was him.

“You’re quite smart,” The blue-gowned individual cast his gaze onto Chu Feng. There was a trace of oppressiveness in his gaze.

“Let me ask you a question: is your father called Chu Xuanyuan?” The blue-gowned man asked.

“Chu Xuanyuan?”

Chu Feng’s heart tightened. Sure enough, that blue-gowned individual had come for him. Merely, Chu Feng did not expect that it was related to his father.

“He is not Chu Xuanyuan’s son. He merely has the same name as Chu Xuanyuan’s son.”

Right at that moment, a voice suddenly sounded. Then, a figure appeared before Chu Feng.

It was the Golden Crane True Immortal. The person that had suddenly appeared was the Golden Crane True Immortal.

“Oh, then I have made an error,” The blue-gowned individual said with a beaming smile. As he spoke, he also released Ying Mingchao.

“Didn’t you hear that Chu Xuanyuan’s son already died? Even if he is alive, he would not have a Heavenly Bloodline,” The Golden Crane True Immortal said.

“Haha, of course I knew that. It’s nothing too serious, I merely dislike that name,” That blue-gowned individual said.

“You should leave this place. Otherwise... do not blame me if I am to inform your master about this,” The Golden Crane True Immortal said.

“Golden Crane True Immortal, don’t you go around starting rumors and creating troubles. I have never once gone against the wishes of my lord,” That blue-gowned man said.

“Then what happened to him?” The Golden Crane True Immortal looked to Ying Mingchao who was still lying on the ground.

“He attacked me. I couldn’t possibly stand here and allow myself to be attacked, no? Moreover, have a look, have I injured him in the slightest?” Blue Gown argued.

“Leave the Hundred Refinements Ordinary Realm immediately. You are not allowed to create trouble for Chu Feng again. Otherwise... I will definitely not let you get away,” The Golden Crane True Immortal spoke seriously.

“Don’t worry, I’ll leave right now. This lousy place is not fun to be in, in the slightest. However, there’s quite a lot of trash here.”

As he said those words, that Blue Gown took a glance at Ying Mingchao.

“Hahaha...”

Then, he let out a laugh as he began to walk toward the distance.

Although he was merely walking, each footstep took him tens of thousands of meters. In the blink of an eye, he disappeared without a trace.

However, his laughter continued to echo. It was very mocking.

That said, it was true. Before him, Chu Feng and the others were akin to trash.

# Chapter 2571 - Father's Enemies

---

“Let’s talk elsewhere,” The Golden Crane True Immortal looked to Chu Feng. As he spoke, he waved his sleeve.

At that moment, Chu Feng felt that the surrounding scenery was rapidly changing.

When everything returned to normal, Chu Feng was surprised to discover that he had arrived at a different place. He was within a forest, and very far away from the Kong Heavenly Clan.

“Are you alright?” The Golden Crane True Immortal asked Chu Feng.

“I’m fine,” Chu Feng shook his head. Then, he asked the Golden Crane True Immortal, “Senior, you know that person?”

“Mn,” The Golden Crane True Immortal nodded. Then, he said, “You don’t have to ask about him. In the future, he will no longer cause trouble for you.”

“But, why did he decide to target me? I simply do not even know him,” Chu Feng said.

“If a reason must be said, then it’s because you’re a possessor of a Heavenly Bloodline and... named Chu Feng,” The Golden Crane True Immortal said.

“What’s wrong with that?”

Chu Feng asked in a probing manner. He wanted to know very much... exactly what sort of conflict that mysterious blue-gowned individual had with his father.

The reason for that was because he already knew that that mysterious blue-gowned individual had targeted him because of his father.

“He asked you whether you are Chu Xuanyuan’s son earlier. As for that man by the name of Chu Xuanyuan, he brought an

ineradicable humiliation upon that man.”

“He harbored hard feelings because of that. That is all,” The Golden Crane True Immortal said.

“Chu Feng, it seems that your father has a lot of enemies,” Her Lady Queen said with a smile on her face.

“That’s right,” Chu Feng echoed in agreement. However, Chu Feng did not feel fear because of that. Rather, he felt excitement, and even pride.

Those were all enemies of his father. Furthermore, they had all suffered defeat by his father’s hand. As such, it meant that his father was very strong.

To have such a strong father, Chu Feng would naturally be proud.

“Senior, in that case, were you in the Kong Heavenly Clan earlier the entire time?”

“Did you witness all that happened earlier?” Chu Feng suddenly asked.

He felt that the Golden Crane True Immortal should not know of his whereabouts, and should not know that he was heading to the Kong Heavenly Clan today.

Chu Feng felt that the Golden Crane True Immortal must’ve investigated and found that Blue Gown was planning to harm him. Thus, fearing that Blue Gown would attack him, he had been secretly monitoring that Blue Gown’s movements. Chu Feng felt that to be the reason why the Golden Crane True Immortal was there.

If that was the case, then the Golden Crane True Immortal should have arrived even before him.

“Mn, I followed Blue Gown here.”

“However, Chu Feng, I hope that you will not blame me. We

from the Upper Realms should not be involved with matters of the Ordinary Realm.”

“Moreover, the vast Outer World is a boundlessly large place. Slaughters and massacres are happening all over the place. If one needs to prevent them everytime one encountered them, then one would have no time to do anything else.”

“While it is true that those Kong Heavenly Clansmen died somewhat innocently, that is their fate of being born to the Kong Heavenly Clan,” The Golden Crane True Immortal said.

“Senior, you do not have to think too much about it. This Chu Feng understands your hidden difficulties.”

Although the Golden Crane True Immortal had looked on without doing anything as Ying Mingchao razed the Kong Heavenly Clan to the ground when he could have saved those innocent Kong Heavenly Clansmen, Chu Feng did not blame the Golden Crane True Immortal.

After all, everyone had their own decisions. Chu Feng did not possess the qualifications to demand that others do what he wanted.

“Actually, it is perfect timing that I encountered you here today. Otherwise, I would have made plans to come find you,” The Golden Crane True Immortal said.

“Senior, is there something that you need me for?” Chu Feng asked.

“I am going to leave the Hundred Refinements Ordinary Realm,” The Golden Crane True Immortal said.

“Senior, you’re planning to leave? Where are you going?” Chu Feng asked.

“I have yet to decide upon where I’m going. In short, I do not know when we will meet again.”

“That said, you do not have to worry about Wang Qiang either. I have set up a spirit formation around him. That spirit formation can only be undone from within. As for undoing it from the outside, there is no one in the Hundred Refinements Ordinary Realm that is capable of that.”

“Thus, nothing will happen to Wang Qiang before he completely awakens.”

“Take this. With this, you will be able to move that spirit formation elsewhere,” The Golden Crane True Immortal handed a title plate to Chu Feng.

That title plate was very special. It was formed with spirit power. Rather than saying that it was a title plate, it would be more accurate to call it a key.

“Thank you senior. This junior will forever remember the assistance that senior has provided us,” Chu Feng said.

The Golden Crane True Immortal sighed and said, “Don’t mention it. If it wasn’t for the fact that I grew greedy back then and demanded that you help me retrieve the God Bestowment Title Plate, your spirit power would not have been injured,” When mentioning that, the Golden Crane True Immortal revealed an ashamed expression.

“Chu Feng, when do you plan to leave the Hundred Refinements Ordinary Realm? With your current cultivation, you are capable of journeying to the Upper Realms.”

“Although the Upper Realms are dangerous, there are more opportunities. With your talent, courage and insight, the speed of your progress will greatly surpass wasting your time here.”

“How about you leave together with me?” The Golden Crane True Immortal suddenly asked.

“Doesn’t the Upper Realm’s Stairway to Heaven possess a cultivation requirement? My cultivation is clearly insufficient,”

Chu Feng said with a light smile.

He knew that there were many Stairways to Heaven in the Hundred Refinements Ordinary Realm. They were all entrances to the Great Chiliocosm Upper Realm.

However, there was a cultivation requirement to enter the Great Chiliocosm Upper Realm. That is, one must be a True Immortal.

“The requirement is relative. If this old man is to accompany you, you do not need to reach the True Immortal realm to enter the Great Chiliocosm Upper Realm,” The Golden Crane True Immortal said.

“This junior appreciates senior’s kind intentions. Merely, this junior still has some business that he needs to attend to. Before finishing those things, I will not be leaving here.”

“Furthermore, I have yet to settle the grudge between the Zhou Heavenly Clan and myself,” Chu Feng said.

“Very well. To be honest, I am not too worried about you. After all, there will always be disputes wherever there are cultivators. Regardless of whether it is the Upper Realms, the Ordinary Realms or even the Lower Realms, nowhere is absolutely safe.”

“That said, martial cultivators need to face difficulties head-on. They need to mature through battles. Only by surviving their battles, grudges and grievances can they distinguish themselves and reach new heights.”

After the Golden Crane True Immortal said those words, the gaze with which he looked to Chu Feng started to change. “I think very highly of you. I believe that this Hundred Refinements Ordinary Realm will not be the pinnacle of your journey. As for the Upper Realms, they too will not be the pinnacle of your journey. In fact, not even the Starfields will be the pinnacle of your journey.”

“This junior will do his best to not disappoint senior,” Chu Feng said.

“Haha, you will definitely not disappoint me,” The Golden Crane True Immortal laughed out loud. Then, he said, “Let me bring you back. That person... might need your consolation.”

As the Golden Crane True Immortal spoke, he waved his sleeve. After the change to the surrounding scenery stopped, Chu Feng once again returned to the Kong Heavenly Clan.

The Golden Crane True Immortal did not reveal himself. Merely, his voice continued to echo in Chu Feng’s ears.

“Little friend Chu Feng, farewell.”

“I hope to meet you again in the Great Chiliocosm Upper Realm.”

Only Chu Feng was able to hear this voice.

.....

“He left just like that? What if your father’s enemy hasn’t left, and is still planning to attack you?”

Her Lady Queen was a bit worried. As for the person she was worried about, it was naturally that mysterious blue-gowned individual.

“If he had wanted to kill me, he could very well kill me directly. There’s no reason for him to go through all the trouble.”

“There must be some sort of reason as to why he cannot personally attack the people from the Hundred Refinements Ordinary Realm and personally kill me.”

“Moreover, even if he hasn’t left, there’s nothing that can be done about it. If it’s a blessing, then it will not be a disaster. If it’s a disaster, then I will not be able to avoid it. Regardless of what it might be, I must still face it.”

“Otherwise, why would I have come out to temper myself? Wouldn’t it be fine if I had just stayed beside my father?” Chu Feng said.

“Very well, this Queen is fond of your temperament,” Her Lady

Queen smiled in satisfaction. Then, she said, “It would seem that man really does need your consolation.”

The man that Her Lady Queen spoke of was naturally Ying Mingchao.

Ying Mingchao was currently sitting on the ground. There were several hundred jugs of wine placed around him. The majority of them were empty.

Likely, these wines were obtained from the Cosmos Sacks of the dead.

“Brother Chu Feng, so you’ve returned. Come, come, come... accompany big brother in drinking,” Ying Mingchao burst into laughter upon seeing Chu Feng.

Chu Feng walked over to Ying Mingchao and said, “Senior, Senior Zi Xunyi possesses her own difficulties too.”

Ying Mingchao sighed, “Don’t address me as senior. I, Ying Mingchao, was only able to escape because of your assistance.”

“From today on, we shall be brothers. You, Chu Feng, are my brother. If anyone dares to touch you, I will extinguish their entire family.”

“Hahaha... come, let’s drink.” The smell of alcohol filled Ying Mingchao. It seemed that he was truly drunk.

However, with his cultivation, how could he possibly be drunk?

Perhaps this was what they meant when they said that one could intoxicate oneself even if wine would not. Ying Mingchao must be feeling very pained in his heart.

After all, he had finally managed to escape and meet the person that he had yearned for day and night.

Yet, after meeting her, they ended up being separated forever.

The dream that he had had for over a thousand years had been shattered in an instant.

Pain, how could he not feel pain?

No matter how strong his cultivation was, he was still human.

“Very well, I’ll drink with you.”

Chu Feng knew that all consolations would be useless at a time like this. Thus... he decided to drink with Ying Mingchao to their heart’s delight.

“Who is it?!”

Suddenly, Chu Feng cast an ice-cold gaze toward the nearby sky.

“Get the hell down here!”

As for Ying Mingchao, he was truly overbearing. With a wave of his sleeve, a figure appeared in the sky and smashed onto the ground. The powerful impact created a deep crater in the ground.

# Chapter 2572 - The Arrival Of Calamity

---

“It’s you?” Upon seeing this individual, Chu Feng’s expression changed.

Chu Feng knew this man. He was Grandmaster Prophet.

“It’s actually this old codger. Chu Feng, kill him. If it wasn’t for his crazy prophecies, the Kong Heavenly Clan wouldn’t have tried to kill you for no reason.”

“All these things wouldn’t have happened either,” Her Lady Queen said angrily.

“Why are you here?” Chu Feng narrowed his brows and asked coldly.

“Little friend Chu Feng, I know that you harbor a grudge against this old man. However, this old man was forced without choice too.”

“This old man has been under the control of the Kong Heavenly Clan’s Clan Chief the entire time. He possessed information that could have been used against me. If I did not make prophecies for him, he would have swept my reputation away completely,” Grandmaster Prophet spoke remorsefully.

“What sort of information that can be used against you?” Chu Feng asked.

“This...” Grandmaster Prophet started to hesitate.

“Seems like you’ve done shameful things before too,” Chu Feng sneered.

Chu Feng was able to tell with a single glance that the so-called information that could be used against Grandmaster Prophet must be some sort of shady matter that was discovered by the Kong Heavenly Clan’s Clan Chief.

“It is a mistake that I made in my youth. I have regretted it the

entire time,” Grandmaster Prophet said with a sigh.

“Have you deliberately come here to apologize to me?”

“There’s no need. You can go, I will not kill you,” Chu Feng said.

“I have indeed come here to apologize to you. However, I also have an important matter that I needed to inform you of,” Grandmaster Prophet said.

“What sort of important matter?” Chu Feng asked.

“Little friend Chu Feng, have a look,” With his Prophecy Crystal Ball in hand, Grandmaster Prophet walked over to Chu Feng.

“That is...” Chu Feng’s expression changed upon seeing Grandmaster Prophet’s Prophecy Crystal Ball. He was able to see that within the Prophecy Crystal Ball was a world.

Certain locations of that world felt so very familiar to him.

Hundred Refinements Ordinary Realm. The world within the Prophecy Crystal Ball was the Hundred Refinements Ordinary Realm.

However, corpses filled the entire Hundred Refinements Ordinary Realm within the Prophecy Crystal Ball. The earth was completely withered, and all living things had turned to ash. In fact, Chu Feng was able to feel a stifling sensation even though he was seeing the world through the Prophecy Crystal Ball.

“What is going on?” Chu Feng asked.

“That is the prophecy that I’ve just made. My prophecy predicted that in the near future, a great calamity will befall the Hundred Refinements Ordinary Realm.”

“This great calamity will befall everyone in the Hundred Refinements Ordinary Realm. Not only will everyone lose their lives, but the entire Hundred Refinements Ordinary Realm itself will also turn into a barren land.”

“As for the person who is capable of preventing this calamity, he

is right here,” Grandmaster Prophet said.

“Who?” Chu Feng asked.

“There are only the three of us alive here. With my cultivation, it will naturally not be me.”

“Thus, it will either be you or Lord Ying Mingchao.”

“One among you will be able to prevent this calamity,” Grandmaster Prophet said.

“Enough of your nonsense. I do not believe your bullshit prophecy,” Chu Feng said.

“Little friend Chu Feng, I am really not deceiving you. Even if you do not believe me, you must believe this Prophecy Crystal Ball. This Prophecy Crystal Ball is something given to me by a divine individual. All these years, it has never once prophesied wrongly.”

“Little friend Chu Feng, you must definitely believe me. You must prepare with Lord Ying Mingchao. Whether or not the Hundred Refinements Ordinary Realm will be able to survive will all depend on the two of you,” Grandmaster Prophet said.

“If you’re so scared of death, you can go and hide in the Upper Realms,” Chu Feng mocked.

At that moment, Grandmaster Prophet revealed a wry smile. He said, “I do want to enter the Great Chilocosm Upper Realm. Merely, this old man’s cultivation is insufficient. Even though I want to go there, I will not be able to.”

“Sure enough, you are a craven and cowardly individual. Scram immediately.”

Chu Feng cast a side-eye at that Grandmaster Prophet. He discovered that Grandmaster Prophet simply did not possess the demeanor of a Grandmaster.

He was merely a selfish individual who held no regard for others. Even the fact that he came to tell Chu Feng about the prophecy was

because he himself did not wish to suffer a calamity.

A person like him was truly a hypocrite.

“Little friend Chu Feng, I know that you harbor hard feelings against this old man. However, this old man is truly only calling this matter to your attention out of kind intentions. You must definitely make preparations.”

After saying those words, Grandmaster Prophet looked to the intoxicated Ying Mingchao, “You must definitely inform Lord Ying Mingchao about this too.”

After saying those words, Grandmaster Prophet soared into the sky. With his Prophecy Crystal Ball in hand, he left.

After Grandmaster Prophet left, Chu Feng started to ponder. He suddenly felt that Grandmaster Prophet’s words didn’t seem to be lies.

A calamity. What sort of calamity would it be?

Who was capable of bringing a calamity to the Hundred Refinements Ordinary Realm?

Could it be that Blue Gown?

Chu Feng thought about it for some time. However, apart from those from the Upper Realms, he didn’t seem to be able to think of anyone else capable of bringing a calamity to the Hundred Refinements Ordinary Realm.

However, suddenly, Chu Feng looked to his Evil God Sword that he was still holding in his hand. Although the Evil God Sword was calm at that moment Chu Feng knew very well how frightening it was.

He knew that the Evil God Sword was a potential menace that could bring about a calamity to the Hundred Refinements Ordinary Realm.

Upon thinking of that point, Chu Feng put his Evil God Sword

away.

“Brother Chu Feng, quickly, come, come drink.”

Right at that moment, Ying Mingchao arrived beside Chu Feng with two jugs of wine in his hands.

Seeing the current Ying Mingchao, Chu Feng felt sorry for him.

From the battle between Ying Mingchao and the Kong Heavenly Clan's Clan Chief earlier, Chu Feng was able to tell how much of a grand and imposing individual Ying Mingchao was.

He... was truly a great hero.

However, the current Ying Mingchao was so very haggard and disheveled. He was in enormous pain because of his beloved woman.

Sure enough, pain to one's heart greatly surpassed pain to one's body.

“Come, let's drink.”

Chu Feng received the jug of wine from Ying Mingchao and toasted it with the jug of wine Ying Mingchao was holding. Then, he drained the entire jug with a single gulp.

Chu Feng and Ying Mingchao drank in the Kong Heavenly Clan's ruins for an entire day and night.

However, as the Kong Heavenly Clan was razed to the ground, there would sooner or later be people who would discover the matter.

As such, Chu Feng felt that it was unsuitable to continue to stay there and drink. Thus, he brought the still-intoxicated Ying Mingchao somewhere else.

In the days that followed Chu Feng and Ying Mingchao indulged in only one thing -- drinking.

However, Chu Feng was never intoxicated the entire time. With

his body's composition, ordinary poisons were simply unable to do anything to him. This was the case for even alcohol.

However, Ying Mingchao was drunk the entire time. He truly drank too much. Furthermore, he was growing more and more drunk.

Chu Feng wanted to urge him to stop drinking. However, he didn't know how to start.

This was especially true when Ying Mingchao started calling for Zi Xunyi nonstop in his sleep. This made Chu Feng feel even more sorry for him.

With the situation at hand, Chu Feng thought that the only way to help Ying Mingchao would be to bring him and wander around to places without signs of human activity, to places where mutual deception was not present, places without the struggles of martial cultivators, yet possessing beautiful scenery.

He hoped that the various sceneries of the world would gradually wake Ying Mingchao.

Chu Feng did not have an extravagant hope in being able to have Ying Mingchao let go of Zi Xunyi completely, because he knew that something like that would be impossible.

That said, Chu Feng hoped that Ying Mingchao would be able to pull himself together. After all, no matter what sort of setback one were to face, one must still live one's life properly.

“What happened over there?”

Chu Feng was bringing Ying Mingchao toward a lake. On the way there, Chu Feng passed by a city.

Although they were still far from the city, he was able to see that the city was filled with corpses.

Actually, massacring everyone in a captured city was a common occurrence. The world of martial cultivators was cruel like that.

However, the massacre of that city was somewhat strange. The reason for that was because practically all the people in the city died from their bodies exploding. As such, the reek of blood filled the entire place. It was truly a nauseating sensation.

However, it was not that there were no corpses in the city. Merely, the corpses in the city would make one's blood run cold. The reason for that was because they were all infants.

Furthermore, those infant corpses all possessed an identical characteristic. That is, they had all died miserably. They were all completely withered like mummies.

If one must describe their corpses, then it would best be described that their corpses greatly resembled the five Zhou Heavenly Clan's Utmost Exalted Elders that had died in the Kong Heavenly Clan that day.

Those infants had all been refined to death.

Furthermore, they were refined alive.

“How could this be?”

It was unknown whether it was because he was roused by the pungent smell of blood or by the corpses of those infants, but Ying Mingchao actually woke up.

“This!!!” Upon properly seeing the corpses of those infants, Ying Mingchao revealed a startled expression.

Those were infants. They were newborn infants that had yet to experience the world, infants that did not know anything at all.

Yet, just like that, they were refined alive. Before their death, they suffered unimaginable torture.

# Chapter 2573 - What Are You?

---

“Truly animals!” Ying Mingchao shouted furiously.

“If my guess is correct, this should have been done by the Infant Soul Sect,” Chu Feng said.

Based on the information that he knew so far, the first thing that came to his mind was the Infant Soul Sect.

“The Infant Soul Sect is still in the Hundred Refinements Ordinary Realm, still not eliminated?” Ying Mingchao asked.

“No, they have hidden themselves extremely well the entire time. In fact, many people do not even know of the Infant Soul Sect anymore,” Chu Feng said.

“Damn it! What have those so-called righteous powers been doing all these years?!”

Ying Mingchao revealed a furious expression. Then, he said to Chu Feng, “Actually, back then, I established Hero City precisely to eliminate that Infant Soul Sect. Merely, I never expected to be plotted against by the Kong Heavenly Clan and Zhou Heavenly Clan not long afterward.”

“I had thought that the Infant Soul Sect would’ve already been wiped out after all these years have passed. Never did I expect that even though the four tier one powers are all still here, not a single one of them has bothered to do the righteous thing.”

“Senior, do you not think that you should accomplish your aspiration that you were unable to accomplish back then?” Chu Feng suddenly asked.

After seeing the scene before them, Chu Feng felt even more firmly that the Infant Soul Sect should be eliminated immediately.

Although Chu Feng wanted to personally eliminate the Infant Soul Sect, as it was a mission that his father had entrusted him

with, he could not find any reason to allow the Infant Soul Sect to continue to exist, to continue to sin.

Thus, even if he was unable to accomplish the task entrusted to him by his father, Chu Feng still hoped that the Infant Soul Sect would be eliminated as soon as possible, so as to prevent other innocent infants from suffering such a calamity.

While he was able to tolerate casualties of innocents caused by disputes between martial cultivators, he was unable to tolerate miserably killing innocent children for the sake of increasing one's cultivation.

This was something that the entire world of martial cultivation should not tolerate.

As of now, Ying Mingchao was the person with the greatest capability in being able to eliminate the Infant Soul Sect. Thus, Chu Feng wanted to join hands with Ying Mingchao. He wanted to borrow Ying Mingchao's strength to eradicate the Infant Soul Sect, this root of countless evil in the Hundred Refinements Ordinary Realm.

After hearing what Chu Feng said, Ying Mingchao closed his eyes and started to take deep breaths.

It was only after a long time that he gradually calmed himself. When he opened his eyes again, his gaze was no longer sunken. Instead, it was brimming with light.

“Woosh~~~”

Suddenly, Ying Mingchao removed the Cosmos Sack on his waist and tossed it to Chu Feng.

“I’ve said it before. As long as you managed to free me, I would repay you for your help. Those are all yours,” Ying Mingchao said.

“Senior, there’s no need for this. I did not save you for the sake of obtaining reciprocation from you. It was merely that since I accepted your request, I must abide by it,” Chu Feng planned to

hand the Cosmos Sack back to Ying Mingchao.

“If you want me to eliminate the Infact Soul Sect, you’ll have to accept it,” Ying Mingchao said.

Chu Feng was startled upon hearing those words. Then, he smiled and shook his head, “Senior, it seems that you have given me a reason that I cannot refuse.”

“In that case, just accept it. Accept it, and then we can re-establish Hero City.”

“I believe that it should be impossible for all of my brothers from back then to have been killed by the Kong and Zhou Heavenly Clans. They must still be alive in the Hundred Refinements Ordinary Realm. I am going to recall them.”

“This time around, I am not going to wait. I will unite all of the powers in the Hundred Refinements Ordinary Realm to eliminate that Infant Soul Sect as quickly as possible,” Ying Mingchao said.

“Very well, I will accompany you in this,” Chu Feng said.

After that, Ying Mingchao returned to the former site of Hero City.

As they had anticipated, the city had already been razed to the ground. The formerly scenic Hero City had turned into a barren land.

There was not a single trace of human activity in the surrounding thousands of miles. No one dared to appear there. They were afraid that the people from the Kong and Zhou Heavenly Clan would mistake them to be remnants from Hero City and slaughter them.

However, both Ying Mingchao and Chu Feng were world spiritists.

With their abilities, rebuilding a city was a very simple task.

In accordance with his memories, Ying Mingchao reconstructed

Hero City.

However, compared to the original Hero City, a glorious palace was added to the main city.

That glorious palace was personally constructed by Ying Mingchao for Chu Feng to use.

Although Chu Feng had mentioned to him that he did not plan to join Hero City, Ying Mingchao did not mind.

Chu Feng did not have to join Hero City. However, the gates to Hero City would forever be open to Chu Feng. Hero City would forever be a home to Chu Feng.

.....

One thing worthy of mentioning was that not long after Hero City was reconstructed, people started coming to Hero City.

Some of them were remnants that had escaped the destruction of the Hero City back then. Others were people unrelated to Hero City who came just to enjoy the excitement.

From inquiring those people, Chu Feng came to know that they had all come upon hearing the news that Ying Mingchao was still alive.

Not only did they know that Ying Mingchao was plotted against by the Kong Heavenly Clan and Zhou Heavenly Clan over a thousand years ago, they also knew that Ying Mingchao had completely wiped out the Kong Heavenly Clan.

All those rumors were beneficial to Ying Mingchao.

Not only did they return his innocence that was stained for over a thousand years, the rumors stated that Ying Mingchao was forced to eliminate the Kong Heavenly Clan.

As for the person who was spreading the rumor, it was a person that held an extremely esteemed status in the Hundred Refinements Ordinary Realm -- Grandmaster Prophet.

As Grandmaster Prophet was the one spreading the rumors, everyone believed him.

“That Grandmaster Prophet truly knows how to flatter someone.”

“Seeing that both the Kong Heavenly Clan and Zhou Heavenly Clan are done for, he immediately started hugging Ying Mingchao’s thighs,” Her Lady Queen said.

“Perhaps it might truly be as he said, and he did what he did because of hidden difficulties?”

When mentioning Grandmaster Prophet, Chu Feng involuntarily recalled the prophecy that he spoke of.

When Chu Feng recalled the scene in Grandmaster Prophet’s Prophecy Crystal Ball, he felt a slight familiarity.

Over the days, Chu Feng had been pondering the entire time. In the end, he came to a conclusion that the frightening aura he felt from the Prophecy Crystal Ball greatly resembled that of the Evil God Sword.

Thus, Chu Feng felt slightly afraid. He feared that the person who would ultimately destroy the Hundred Refinements Ordinary Realm would be him. Even if he did not intend it, it remained that the Evil God Sword was his possession.

After that, Chu Feng increasingly felt that the power of the Evil God Sword must be used cautiously. Else, he might bring about an irreversible situation.

.....

That said, the current situation was better than Chu Feng had anticipated.

Ying Mingchao’s reputation was extremely good.

Even though he had disappeared for over a thousand years, and had massacred the entire Kong Heavenly Clan, not many people

blamed him. On the contrary, they chose to believe him. They all felt that he had been forced.

For people to trust a person this much, Chu Feng felt that this was most definitely some sort of charisma.

After that, more and more former members of Hero City began to return. There were also many newcomers joining Hero City out of admiration for Ying Mingchao.

Moreover, headmasters from various powers began to arrive at Hero City and started to request to become allies with the Hero City.

Actually, they all had only one purpose in mind. That was, they wanted to hug Ying Mingchao's thighs.

More and more people gathered in Hero City. The people capable of helping Ying Mingchao were also increasing nonstop. Gradually, Chu Feng started to have time for leisure.

With leisure time, Chu Feng did not choose to appreciate the achievements of those days. Instead, he chose to leave Hero City.

The reason for that was because he still had an important matter that he must attend to. That was, he needed to bring Wang Qiang to Hero City.

Chu Feng arrived at Mount Cloud Crane. The spirit formation around Mount Cloud Crane had been removed. Mount Cloud Crane had become a place that anyone could enter.

That said, while there were still people coming to visit Mount Cloud Crane out of admiration, no one dared to set foot onto it. They only dared to linger around outside Mount Cloud Crane.

They were all people that had come to seek the Golden Crane True Immortal. However, they were also afraid of the Golden Crane True Immortal. Thus, none of them dared to intrude upon Mount Cloud Crane without the Golden Crane True Immortal's permission.

Chu Feng entered Mount Cloud Crane. Then, going according to the directions given to him by the Golden Crane True Immortal, he soon discovered Wang Qiang in a cave.

Actually, one could not see Wang Qiang in the cave. There was only a single stone in that cave.

That stone was about twice the size of an ordinary coffin. However, it was not a coffin, but rather an oval-shaped rock.

Judging from its outward appearance, the rock did not appear to be special. It just looked like an ordinary mountain stone. At the very most, it was relatively more smooth than ordinary rocks.

However, when Chu Feng held the title plate given to him by the Golden Crane True Immortal, the title plate started to shine, and that rock also started shining.

The originally light yellow rock started turning transparent and dazzling like a crystal.

When that rock turned transparent, Chu Feng was able to see Wang Qiang.

Wang Qiang was lying in the center of that rock. At that moment, Wang Qiang had become extremely small. His size was only that of a pinkie finger.

However, Chu Feng knew that it was not Wang Qiang who had become small, but rather that stone contained an isolated space.

It was merely that Wang Qiang appeared to be very small inside of that isolated space.

Beside Wang Qiang sat the four mysterious yet powerful ferocious beasts.

Merely, compared to before, they seemed to be in better harmony with one another. Furthermore and most importantly, while holding the title plate in his hand, Chu Feng was able to feel Wang Qiang's current aura from the title plate.

Rank nine Martial Ancestor. Wang Qiang's current cultivation was actually that of a rank nine Martial Ancestor, the same as Chu Feng.

Seeing Wang Qiang within the stone, Chu Feng said with a light smile on his face, "Brother, exactly what are you?"

He was greatly looking forward to Wang Qiang waking up. He looked forward to finding out what sort of strength Wang Qiang would have.

Chu Feng firmly believed that Wang Qiang would become many times stronger than before upon awakening.

After all, the power within Wang Qiang had awakened.

# Chapter 2574 - Returning To The Hero City

---

By relying on the title plate given to him by the Golden Crane True Immortal, Chu Feng was able to move the spirit formation guarding Wang Qiang.

As for the safest place right now, it would naturally be Hero City.

Although there was an enormous difference in strength between Ying Mingchao and the experts from the Upper Realms, very few people would likely be able to defeat Ying Mingchao.

At the very least, no one from the four tier one powers would be able to defeat Ying Mingchao.

To be exact, only three tier one powers remained. They were the Immortal Sword School, the Buddha's Heavenly Temple, and the Zhou Heavenly Clan.

Ever since Ying Mingchao reappeared in the Hundred Refinements Ordinary Realm and reestablished Hero City, everyone felt that Hero City would become one of the most formidable powers in the Hundred Refinements Ordinary Realm.

Merely with Ying Mingchao alone, Hero City would be able to vie for supremacy in the Hundred Refinements Ordinary Realm.

On the journey back, Chu Feng did not say anything...

When Chu Feng returned to Hero City, it was bustling with even more noise and excitement than when he had left.

Not only were more and more powers arriving at Hero City to request to become allies with it, but practically all of the remnants from the previous Hero City had returned.

At that moment Ying Mingchao was no longer the only True Immortal in Hero City. Chu Feng was able to sense three more True Immortal-level experts in Hero City apart from Ying Mingchao.

Chu Feng had never felt the auras of those three True Immortals before.

Thus, three True Immortals that he had never met before had arrived in the Hero City.

After Chu Feng finished settling Wang Qiang, he was called to Hero City's main palace by Ying Mingchao.

Inside the main palace hall, Chu Feng met with the former members of Hero City. At the same time, he also met those three True Immortals.

One of them wore pure white clothes. Although he had the appearance of a middle-aged man, as he had lived for over a thousand years, he gave off a very mature aura, a special sort of air. It was something that could only be obtained through trials and experience.

That person was not a former member of Hero City. Rather, he was a Hundred Refinements Ordinary Realm's genius.

When that genius was young, he had deeply admired Ying Mingchao, and had always wanted to join Hero City.

Merely, when he had just managed to attain success in his cultivation, Ying Mingchao suffered a calamity, and Hero City was subsequently destroyed.

Afterwards, he entered the mountains and started to seclude himself in closed-door training. In the thousand-plus years that Ying Mingchao was gone, no one knew of his existence. However, during that period of time, his cultivation had reached the True Immortal realm, becoming one of the peak experts in the Hundred Refinements Ordinary Realm.

Originally, he had planned to spend the rest of his life as a hermit until his death. However, upon hearing the news of Ying Mingchao being alive, he immediately rushed toward Hero City.

As he had been in closed-door training the entire time, practically

no one in the Hundred Refinements Ordinary Realm knew of him.

However, his name would soon become renowned through the entire Hundred Refinements Ordinary Realm. As for that, it was for none other than the fact that he was a True Immortal.

After being introduced by Ying Mingchao, Chu Feng came to know that the man was called Li Haoyang.

Apart from Li Haoyang, the other two True Immortals were former members of Hero City.

Like Li Haoyang, the two of them were both rank one True Immortals. However, they were much older than Li Haoyang.

They were both people that had lived for thousands of years. One of them had the appearance of a white-haired old man. He gave off an extraordinary air. He wore a snow white gown, and held a jade white scepter. His appearance truly resembled that of an actual immortal.

The title of 'True Immortal' was extremely fitting for him.

Compared to that old man, the other individual was the polar opposite of the title of 'True Immortal.'

Even though he was clearly an old monster that had lived for thousands of years, that person had the appearance of a youngster. His height was not even a [hundred and fifty centimeters](#). In fact, a childish nature filled his face. There was not the slightest trace of maturity from being alive for so long.

[150cm is around 4.9ft.]

Furthermore, it seemed that that man disliked Chu Feng a lot.

The people present, regardless of whether they were former members of Hero City or newly-joined members, all revealed a good-natured expression upon seeing Chu Feng.

They all knew that it was all thanks to Chu Feng that Ying Mingchao had managed to escape.

Ying Mingchao had been saying without the slightest hesitation to others that Chu Feng had saved him.

This was something that practically everyone knew. Thus... the people from Hero City all felt a great amount of respect toward Chu Feng.

However, that True Immortal with a youngster's appearance was looking at Chu Feng with a gaze filled with hatred. It was as if Chu Feng owed him money, or had stolen something from him.

"Brother Chu Feng, let me introduce you. These two people are both my good brothers, and have gone through fire and water with me."

"This person here is Bai Liuxu," Ying Mingchao pointed to the white-clothed old man. Then, he pointed to the True Immortal with a youngster's appearance, "As for him, he's [Lil Ball](#)."

[Technically... little leather/rubber ball.]

"When Lil' Ball was young, he encountered a fortuitous meeting. It allowed his talent for martial cultivation to greatly increase. Yet, it made it so that his appearance remained unchanged. He will forever remain with a youngster's appearance."

"Furthermore, Lil' Ball has been with me since my bandit days. He is my sworn brother."

Ying Mingchao spoke with an especially intimate tone when introducing Lil' Ball. From this, it could be seen that the two of them possessed quite a deep relationship.

After that, Ying Mingchao began to introduce all the people present to Chu Feng one by one.

Then, Ying Mingchao walked over to Chu Feng. With a smile on his face, he said to the crowd, "As for this person, I believe I do not have to introduce him to everyone. He is my benefactor, the person that saved me, my brother Chu Feng."

“Brother Chu Feng’s name has already spread through the entire Hundred Refinements Ordinary Realm when our Lord City Master was still trapped. Thus, this Bai Liuxu naturally knew of you already,” Bai Liuxu walked over to Chu Feng and actually half kneeled on the ground to express a grand salute to Chu Feng.

“Senior, what are you doing?” Chu Feng was greatly alarmed upon seeing this scene. He hurriedly moved forward to help Bai Liuxu back up.

However, that Bai Liuxu was unwilling to move in the slightest. He said to Chu Feng, “Our Lord City Master was harmed by crafty scoundrels. Had it not been for brother Chu Feng’s righteous rescue, we would have had no idea when we would be able to meet our Lord City Master again.”

“Brother Chu Feng, not only are you the savior of our Lord Clan Chief, but you are also the savior of our Hero City. I, Bai Liuxu, will never forget brother Chu Feng’s grace.”

It turned out that this Bai Liuxu made such a respectful gesture toward Chu Feng out of gratefulness toward Chu Feng for saving Ying Mingchao.

From that, it could be seen that he was not only loyal and devoted to Ying Mingchao, but he also feel great sentiment toward Ying Mingchao. Otherwise, he would not have done such a thing.

“I have also heard of Chu Feng’s distinguished name. You nearly extinguished the Kong Heavenly Clan by yourself. This one is truly in admiration.”

“Merely...” Right at that moment, that man by the name of Lil’ Ball began to walk toward Chu Feng.

Seeing the eccentric behavior of that Lil’ Ball, Chu Feng felt slightly annoyed. Thus, he said, “It would be fine to speak your mind without reservations.”

“Merely, you knew that my elder brother was trapped two years

ago. Why did you not save my elder brother two years ago?" Lil' Ball asked.

"What are you trying to say?" Chu Feng asked.

"Nothing much. I am merely skeptical of your rumored heaven-defying strength," Lil' Ball said to Chu Feng.

He was looking at Chu Feng with a gaze filled with contempt.

# Chapter 2575 - Zhou Heavenly Clan Exterminated

---

“Lil’ Ball, do not be rude toward Brother Chu Feng,” A voice containing slight anger sounded. It was Ying Mingchao.

“Big brother, I am also grateful toward Chu Feng for saving you. However, it is one thing to be grateful, and another thing to question his strength.”

After saying those words, Lil’ Ball looked around and said, “I believe I am not the only one present that questions Chu Feng’s strength.”

“We do not.”

“That’s right, you are the one who’s calling brother Chu Feng’s strength into question. Do not involve us in this matter.”

Hearing Lil’ Ball’s question, the crowd all waved their hands to voice their disapproval.

“Humph, you all know fully well in your hearts whether or not you actually question his strength,” Lil’ Ball sneered.

“This junior is a new member to Hero City. As such, I do not know whether or not I should say this,” Right at that moment, Li Haoyang suddenly spoke.

“If there’s something that you want to say, go ahead and say it. Why bother trying to be secretive?” Lil’ Ball felt that Li Haoyang was not going to say anything good about him. Thus, he revealed a displeased expression on his face.

“Brother Chu Feng, before your return, Lord City Master discussed with us that he wanted to make you Hero City’s Vice City Master,” Li Haoyang said to Chu Feng.

“Make me the Vice City Master?” Chu Feng’s expression changed upon hearing those words.

Firstly, with his strength, he felt that it was unsuitable for him to be the Vice City Master.

Secondly, he had never joined Hero City, since he had vowed to never join another power again.

Because of that, he had refused invitations from many powers. Thus, even though he was helping Hero City, Chu Feng was doing so out of friendship, and never with the intention of joining Hero City.

“As for Senior Ball, he was Hero City’s Vice City Master back then. As Lord Clan Chief is planning to hand the position of Vice City Master to brother Chu Feng, Senior Ball is likely feeling unreconciled. That is why he has decided to deliberately make things difficult for brother Chu Feng,” Li Haoyang continued.

“Ehh...” At that moment, the crowd all grew silent. Actually, even without Li Haoyang mentioning it, they too knew very well what was happening.

“It is not that I am feeling unreconciled. Merely, I remain unconvinced by him,” Lil’ Ball said.

“I, Ying Mingchao, have always been one to convince the masses with virtue. It is I who recommended Brother Chu Feng to be Hero City’s Vice City Master. However, it is also something that everyone has agreed upon. As such, why are you unconvinced?” Ying Mingchao asked.

“Big brother, I am not unconvinced with you. I am unconvinced with that Chu Feng. If he were stronger than me, I would not say anything. However, he is but a mere Martial Ancestor. Exactly what qualifies him to be the Vice City Master?” Lil’ Ball said.

Hearing those words, the expression of anger on Ying Mingchao’s face increased. He opened his mouth and planned to lash out at Lil’ Ball.

“Lord City Master, this subordinate has an important matter to

report to you!”

Right at that moment, a voice suddenly sounded from outside the palace.

“Come in,” As Ying Mingchao spoke, he waved his sleeve, and the entrance to the palace that was sealed with spirit power opened.

After the entrance to the palace was opened, an old man could be seen half kneeling outside the entrance.

That old man possessed a cultivation of peak Martial Ancestor. Chu Feng recognized him. His name was Mo Xuwen. He was an old subordinate of Hero City.

Not long after Hero City was reconstructed, he returned to Hero City. He could be said to be among the first group of old subordinates to return.

“Xuwen, have you managed to scout out anything at the Zhou Heavenly Clan?” Ying Mingchao asked.

No wonder Ying Mingchao allowed Mo Xuwen to enter so frankly. It turned out that he had dispatched Mo Xuwen to scout out the Zhou Heavenly Clan.

“Lord City Master...” Mo Xuwen entered the palace hall. He was planning on speaking. However, when he saw that Chu Feng was within the palace hall, he immediately revealed a delighted expression. He said, “Brother Chu Feng, so you’ve already returned.”

“Since brother Chu Feng is here, I presume that Lord Clan Chief and everyone else already knows about this matter?”

“What is it?” Not only were the people inside the palace hall confused by Mo Xuwen’s words, but even Chu Feng was confused.

“Brother Chu Feng, you still haven’t mentioned this matter to Lord Clan Chief?” Mo Xuwen turned to ask Chu Feng.

“Xuwen, exactly what happened? Just speak directly,” Ying

Mingchao said.

“Lord Clan Chief, this subordinate left for the Zhou Heavenly Clan to scout whether or not the Zhou Heavenly Clan’s Clan Chief had returned to the Zhou Heavenly Clan.”

“However, when this subordinate was journeying to the Zhou Heavenly Clan, I discovered that... the Zhou Heavenly Clan had already been extinguished by someone. The entire clan, apart from the old, weak and disabled, were all killed,” Mo Xuwen said.

“What? The Zhou Heavenly Clan has been entirely exterminated by someone?” The crowd were all greatly alarmed upon hearing those words.

“Do you know who did it?” Ying Mingchao asked.

Mo Xuwen did not answer immediately. Instead, he took a glance at Chu Feng.

“Tell me,” Ying Mingchao urged.

“I do not know who did it. However, there is a grand formation floating in the sky. That formation was set up with the blood of the Zhou Heavenly Clansmen. It took the form of nine large characters that hid the sky and covered the earth. Everyone in the surrounding hundred miles would be able to clearly see the characters,” Mo Xuwen said.

“What did it say?” Ying Mingchao asked.

“[This is the consequence of provoking Chu Feng](#),” Mo Xuwen said.

[This is nine characters in chinese... eight words in english.]

“Chu Feng?” At that moment, it was not only Mo Xuwen. Practically everyone present turned their gazes toward Chu Feng.

“Brother Chu Feng, you did that?” Ying Mingchao asked.

“It’s not me. You also know where I left to this time,” Chu Feng said.

“That’s right, it’s impossible for it to be you. The timing doesn’t match either. Exactly who did it?”

“Could someone be trying to protect you from the shadows, or could it be that someone is trying to frame you?” Ying Mingchao started to guess.

“Lord City Master, it is most definitely not to frame brother Chu Feng. Although the entire Zhou Heavenly Clan was massacred, the old, weak and disabled were all left alive.”

“If they wanted to frame brother Chu Feng, they would not have been so lenient as to leave those survivors behind. Instead, they should’ve been as cruel as possible. Furthermore, they would not leave behind those words. Instead, they should be leaving behind words that it was done by Chu Feng,” Mo Xuwen said.

“What you’ve said is indeed reasonable,” Ying Mingchao nodded. Then, he asked Chu Feng, “Brother Chu Feng, can you guess who did that?”

“I do have a person in mind. Merely, I am not certain,” Chu Feng said.

“Who?” Ying Mingchao asked.

“If the person who did that is a friend of mine, then I would only have a single person in mind -- Zhao Hong,” Chu Feng said. The only person he could think of was Zhao Hong.

“Zhao hong? Heh...” At that moment, that Lil Ball started laughing.

“What’s so funny?” Chu Feng asked in a slightly annoyed manner. The reason for that was because he was able to sense mockery in Lil Ball’s laughter.

“That friend of yours is truly capable. Knowing that the Utmost Exalted Elders from the Zhou Heavenly Clan had all left their clan, she decided to seize the opportunity to slaughter their entire clan, and even left behind those sort of words to threaten others. That is

truly the doing of a vile and lowly character,” Lil’ Ball said.

Right at that moment, Mo Xuwen said, “Lord Ball, what you’ve said is incorrect.”

“Although the Zhou Heavenly Clan’s Clan Chief had not returned to the Zhou Heavenly Clan, the Zhou Heavenly Clan was still guarded by a True Immortal. Even that True Immortal was killed,”

“That True Immortal was killed?” Hearing those words, the expression of the crowd all changed.

At that moment, Lil’ Ball’s previously disdainful expression turned into one of awkwardness.

After all, in the Hundred Refinements Ordinary Realm, True Immortals were grand characters possessing enormous strength. Those capable of killing True Immortals should definitely not be trifled with.

That massacre was not one of taking advantage of another. Rather, it was truly done with one’s actual strength.

# Chapter 2576 - They're All Acquaintances

---

“It would seem that not only is brother Chu Feng exceptionally talented, but even brother Chu Feng’s friends are exceptional.”

“Truly, birds of a feather flock together. The friends of geniuses are also geniuses.”

At that moment, the crowd began to spout praises nonstop. No matter what, the Zhou Heavenly Clan and Kong Heavenly Clan were only able to trap Ying Mingchao and destroy Hero City by joining hands.

Although they had not planned to exterminate the entire Zhou Heavenly Clan, they also did not plan to spare the Zhou Heavenly Clan.

To take revenge against the Zhou Heavenly Clan was something that they had already been making plans for.

As for the current situation, it had saved them a lot of effort and time. As such, they would naturally rejoice.

“Exceptional? That’s more than exceptional, that person is simply stronger than Chu Feng.”

Lil Ball spoke eccentrically again.

Unlike others, he was not simply praising the person who extinguished the Zhou Heavenly Clan, he was mainly belittling Chu Feng.

“It is the first time that we’ve meet. Why are you so against me?” Finally, Chu Feng was unable to contain himself, “Could it be that it really is because of the position of Vice City Master?”

“If that’s the case, I can tell you that I have no interest in the position of Vice City Master. I have never planned to join Hero City.”

“Brother Chu Feng still hasn’t joined Hero City?”

The crowd were all startled by Chu Feng's words.

They had originally thought that Chu Feng had already joined Hero City.

Never did they expect that not only had Chu Feng not joined Hero City, but he never planned to join Hero City to begin with.

If that was the case, wouldn't it mean that their discussions and agreement to have Chu Feng become the Vice City Master simply meaningless?

Lil Ball was also very surprised. However, his surprise only lasted for a short moment. The reason for that was because he did not believe Chu Feng.

Thus, he asked, "If you never planned to join Hero City, why did you build a palace especially for yourself in Hero City?"

"I am the one who built that palace for Brother Chu Feng. It was also true that he mentioned that he does not wish to join Hero City," Right at that moment, Ying Mingchao spoke.

"It's actually true?!"

Hearing those words, the crowd all sucked in a mouthful of cold air. With Ying Mingchao verifying it, this meant that the matter was real.

"Brother Chu Feng," Ying Mingchao looked to Chu Feng. Judging from his appearance, he seemed to want to persuade Chu Feng.

Chu Feng naturally knew what he wanted to say. He most definitely wanted to persuade him to join Hero City and become the Vice City Master.

However, Chu Feng was already determined. Thus, before Ying Mingchao could say anything, Chu Feng said, "Senior Ying, I appreciate your kindness. But, didn't we agree earlier that I will not be joining Hero City? Senior, you are truly making things difficult for this junior."

Hearing what Chu Feng said, Ying Mingchao's expression stiffened. Evidently, he felt quite apologetic.

After being silent for a moment, he said, "I am the one in the wrong here. I should have consulted with you beforehand. For me to decide things without your approval, I have indeed made things difficult on you. Brother Chu Feng, I hope that you do not take offense to my actions."

"Senior, as long as you do not force this junior, you will not be making things difficult for me," Chu Feng said.

"Forget about it. If you do not wish to join, then you do not need to join. However, Hero City will forever remain your home," Ying Mingchao said.

"This..."

Seeing that Ying Mingchao had decided to not urge Chu Feng to join, the others present started to become restless.

They knew very well how talented Chu Feng was. Even without mentioning how Chu Feng had saved Ying Mingchao, merely by how talented Chu Feng was, they wanted to rope him into Hero City.

Thus, the people present all wanted to speak to urge Chu Feng to join Hero City.

Seemingly able to tell what the crowd were thinking, Ying Mingchao looked to everyone and said, "Since Brother Chu Feng is not planning to join Hero City, everyone, do not make things difficult for Brother Chu Feng either."

With Ying Mingchao having spoken, even though the crowd felt regret in their hearts, they could not disobey Ying Mingchao's orders. Thus, they nodded, and no longer tried to attempt to persuade Chu Feng.

"Senior, this junior is somewhat exhausted from the journey outside. If there's nothing else, I will return to rest."

Chu Feng clasped his fist to the crowd. Then, he took a glance at that Lil Ball and turned around to leave.

“Senior Ball, now you know that you’ve been overly worried, no?” Li Haoyang turned to ask Lil Ball.

Lil Ball did not answer. Merely, his expression turned increasingly ugly. As matters stood, he had also realized that he had targeted Chu Feng wrongly.

As for Chu Feng, he did not return to his palace to rest. Instead, he planned to take a breath of fresh air outside Hero City.

On the way out, Her Lady Queen said, “Chu Feng, do you think that person really was Zhao Hong?”

“If it really was her, it would be a very good thing.”

“That’s true,” Chu Feng naturally knew that it would be a good thing. After all, if it really was Zhao Hong, this would mean that she currently possessed the strength to eliminate a True Immortal and extinguish the Zhou Heavenly Clan. In other words, her current cultivation would be at least that of a True Immortal.

Merely, for some unknown reason, Chu Feng felt that the person who did that was not Zhao Hong.

However, if it was not Zhao Hong, then who did it?

Chu Feng walked very fast. As he pondered, he had already arrived at the gates to Hero City.

The outside of Hero City could be described as extremely crowded. Countless people had arrived to pay their respects. There were those that had come to pay respect to Ying Mingchao, and those they had come to pay respects to Chu Feng.

However, more than either of those, were the people that wanted to join Hero City or become an ally of Hero City.

Ying Mingchao’s reputation was truly grand. Even though he had disappeared for over a thousand years, there were still countless

people that wanted to hug his thigh.

After all, the news of him extinguishing the Kong Heavenly Clan alone had already spread through the entire Hundred Refinements Ordinary Realm.

Furthermore, as a True Immortal, he had managed to regain the power of his Divine Body.

Everyone knew that upon reaching the True Immortal realm, the power of one's bloodline or Divine Body would all be restricted.

If one was able to undo the restriction upon their power, they would become more powerful than other True Immortals.

However, very rarely would people be able to accomplish that sort of thing. Currently in the Hundred Refinements Ordinary Realm, only Ying Mingchao had managed to accomplish that.

As such, Ying Mingchao had already become the Hundred Refinements Ordinary Realm's number one expert in the hearts of the crowd.

Chu Feng did not wish to create a sensation, and also did not wish to chat with others. Thus, he concealed himself, making it so that others would not notice him.

If it wasn't for the fact that Hero City was covered with a spirit formation making it so that people could only come and go through its several gates, Chu Feng would've directly soared into the sky. He would not have gone through the trouble of walking among the crowd.

"Isn't that Liu Xiaoli?"

Suddenly, Chu Feng's expression changed.

He had saw a familiar face among the crowd. It was the Society Master of the Red Butterfly Society, Liu Xiaoli. The members of the Red Butterfly Society were also with her.

Liu Xiaoli had come with the intention of joining Hero City with

her Red Butterfly Society and becoming their subsidiary power.

However, judging from her appearance, Liu Xiaoli had been rejected.

“That was truly looking down upon another with their cur eyes. Never would I expect for there to also be that sort of scum in Hero City,” Seeing that scene, Chu Feng felt extremely furious. It was not only because Liu Xiaoli was his friend, but it was also because the person who had rejected Liu Xiaoli was mocking and ridiculing her.

In fact, that person even spoke to insult Liu Xiaoli and the rest of her Red Butterfly Society.

Although Hero City did consider strength when choosing powers to become allies with, to insult another was against the rules of Hero City.

Furious, Chu Feng planned to reveal himself and criticize that individual that was insulting Liu Xiaoli and the others.

“Truly, a small sect like this wants to become allies with Hero City? Scram immediately. Do not waste our time.”

Right at that moment, a large hand suddenly extended from behind Liu Xiaoli. That hand grabbed Liu Xiaoli’s shoulder and directly flung her away.

A strong wind was raised at the same time Liu Xiaoli was flung away. The others from the Red Butterfly Society were all thrown to the ground with her.

Although the power behind that fling and the wind was not very strong, and Liu Xiaoli and the others were not injured, Liu Xiaoli and the others rolled on the ground multiple times before finally being able to stabilize themselves.

As there were a lot of people present there, they all witnessed the scene. At that moment, mocking laughter began to resonate.

Regardless of whether they might be from Hero City, people that had come to pay respects or people that had come to become allies, they all began to laugh at Liu Xiaoli and the others.

Chu Feng was able to clearly notice that Liu Xiaoli and the others had very embarrassed expressions on their faces.

Their expressions indicated that they were wishing to immediately get up and leave that place. They felt that they had been truly humiliated.

Chu Feng felt very pained upon seeing that scene. However, more than feeling pain, he felt anger.

When Chu Feng cast his furious gaze to the person that flung Liu Xiaoli and the others away, his gaze changed again.

That... was actually also a familiar face.

# Chapter 2577 - Reconciliation

---

While that person was indeed a familiar face, that person was a not a friend, but rather an enemy.

That person was the mother of the Four World Spiritist Emperors, the World Spiritist Saintess.

The World Spiritist Saintess was standing behind Liu Xiaoli and the others. As for the reason why she had appeared there, it was naturally because she also wanted to become allies with Hero City or join Hero City.

“Even if you want to find a backer, you should first look at your own strength. For ants to try to have an elephant as a backer, they will only be stomped to death.”

Not only had the World Spiritist Saintess thrown Liu Xiaoli and the others to the ground, but she even started mocking them.

As for the surrounding people, they all started to laugh loudly.

No matter what, the World Spiritist Saintess was a famous individual in the Hundred Refinements Ordinary Realm. Thus, with her before them, many people started to subconsciously support her.

Being ridiculed in such a manner, Liu Xiaoli and the others felt completely humiliated. They got up and planned to leave.

However, right at that moment, Chu Feng’s voice suddenly sounded.

“World Spiritist Saintess, you’re acting quite impressively, eh?”

After Chu Feng’s voice sounded, Chu Feng appeared before the crowd.

“Chu Feng! Everyone, look, it’s Chu Feng!!!”

At that moment, the expressions of the crowd all changed. They did not dare believe that they actually managed to see Chu Feng.

The next moment, the crowd burst into an uproar. Many people that were far away started to rush over upon hearing that Chu Feng had appeared.

At that moment, the outside of Hero City that was originally quite orderly had become completely chaotic with the appearance of Chu Feng.

Regardless of whether they were people from the younger generation or experts from the older generation, those people all reacted as if they'd managed to see their idol, and became extremely excited.

The older generation was relatively better, and managed to keep themselves a lot more calm. However, the people from the younger generation were reacting frantically. They were shouting with their loudest voices to express their admiration and adoration for Chu Feng.

Witnessing that scene, the expression of the World Spiritist Saintess changed. Chu Feng was able to notice a definite expression of remorse on her face.

However, her remorseful expression was evidently not because she attacked Liu Xiaoli and the others earlier. Rather, she regretted making Chu Feng an enemy back then.

With the status and fame that Chu Feng currently possessed in the Hundred Refinements Ordinary Realm, it was understandable that she would feel regret.

“Little friend Chu Feng, it has been a while.”

Different from before, the World Spiritist Saintess revealed an amiable smile on her face as she spoke to greet Chu Feng. Her appearance was as if she were greeting a friend.

“Little friend Chu Feng is truly the number one genius in our Hundred Refinements Ordinary Realm. The speed at which your cultivation increases is truly astonishing.”

“Back then, when I first met little friend Chu Feng, little friend Chu Feng was still only a Half Martial Ancestor. And now, you’re already a rank nine Martial Ancestor, your strength has already greatly surpassed my own.”

“Thinking back to it now, I truly feel moved. It could be said that I have witnessed little friend Chu Feng’s growth. I am truly honored.”

The World Spiritist Saintess actually began to praise Chu Feng nonstop. It was as if she had completely forgotten how she had opposed Chu Feng and even wanted to take his life back then.

“Honored? It should be I who am honored to not have died by your hands,” Chu Feng said with a cold smile.

“Eh...” Hearing those words, the World Spiritist Saintess’s face turned stiff. She felt very awkward.

However, soon, she smiled again. She said, “Little friend Chu Feng, I might as well mention it directly. I have not only come here today with the intention of becoming a Guest Elder to Hero City, my main purpose is to apologize to you.”

After she finished saying those words, the World Spiritist Saintess took out a Cosmos Sack. After opening the Cosmos Sack, countless treasures flew out. In an orderly manner, they floated before Chu Feng.

There were countless treasures. The majority of them were treasures for world spiritists. There were those used for concocting medicines, those for refining weapons and those to increase spirit power.

However, most eye-catching were the two Ancestral Armaments among the treasures.

These two Ancestral Armaments were a blade and a sword. Their appearances were completely different. However, they matched one another very well.

The same character was carved on the blade and the sword, the character ‘hatred.’

Chu Feng noticed that those two Ancestral Armaments were very high quality. As for the source of their powers, it was their characters ‘hatred.’

“It’s actually the Dual Hatred, those are Ancestral Armaments that have been lost for a long time.”

“Where did the World Spiritist Saintess obtain those treasures?”

Many of the older generation from the crowd cried out in surprise upon seeing the Ancestral Armaments. From their conversations, Chu Feng came to know that those Dual Hatred Ancestral Armaments were renowned treasures in the Hundred Refinements Ordinary Realm.

In terms of quality, the Dual Hatred possessed quality on par with the Flame Dragon Greatsword. They were all top quality Ancestral Armaments.

However, in terms of fame, the Dual Hatred were even more famous. In terms of value, the Dual Hatred were also more valuable.

For the World Spiritist Saintess to take out these treasures to reconcile with Chu Feng, it could be seen that she had spent a great amount of effort and placed a great amount of thought into it.

“Little friend Chu Feng, these are my slight regards. I hope you’ll accept them.”

“I know that compared to what I have done, these treasures are simply unable to make up for it.”

“However, I am truly repenting with sincerity. These treasures represent my good faith,” The World Spiritist Saintess said to Chu Feng.

After the World Spiritist Saintess said those words, the crowd all

started nodding their heads. Many among them knew what sort of character the World Spiritist Saintess was.

She was someone with actual ability. As one of the few Immortal-cloak World Spiritists in the Hundred Refinements Ordinary Realm, she was someone with a great ability to accumulate wealth.

That said, she was also an utter cheapskate.

If it were others that took out treasures to reconcile with Chu Feng, it would be understandable.

However, with the temperament of the World Spiritist Saintess, the crowd were truly shocked at how she was willing to take out all those treasures to reconcile with Chu Feng.

“Truly repenting with sincerity?” Chu Feng chuckled coldly.

He took a glance at Liu Xiaoli and the others. Then, he said to the World Spiritist Saintess, “Is harming others what you mean by sincerely repent?”

“I... I didn’t do anything serious to them. Merely... how could a power like Hero City possibly accept people like them?”

“What I’ve done was merely a warning to others, a warning to tell them that they should conduct themselves properly, act within their competence and not overestimate their capabilities,” The World Spiritist Saintess explained.

“Then did you know that they are my friends and have saved my life before?” Chu Feng said.

“Ah?”

Hearing those words, the crowd all revealed surprised expressions.

As for the World Spiritist Saintess, she had an enormous change in expression. She never ever expected that Liu Xiaoli and the others would be Chu Feng’s friends.

At that moment, the World Spiritist Saintess finally realized that

her minor action earlier had courted a major disaster.

At that moment, the World Spiritist Saintess wanted to explain.

“Woosh, woosh~~~”

Right at that moment, Chu Feng waved his sleeve. All of the treasures before him were put back into the Cosmos Sack.

Seeing that, the expression of the World Spiritist Saintess improved.

She thought in her heart, ‘So what if I’ve touched your friend? Aren’t you still attracted by my treasures?’

As the saying goes, receive another’s possession, accept another’s fault. Since Chu Feng had accepted those treasures, then a reconciliation would be hopeful today. At the very most, he would only reprimand the World Spiritist Saintess.

“Woosh~~~”

However, right at the moment when the World Spiritist Saintess was secretly delighted, Chu Feng pushed with his palm, and the Cosmos Sack with all the treasures was pushed toward the World Spiritist Saintess.

“I am unable to have a say in you entering Hero City.”

“I am also able to forget about the past. However, you and I will most definitely not become friends.”

“While I can ignore what you’ve done to me, I will never forget what you’ve done to my friends.”

After Chu Feng finished saying those words, he suddenly shot forth his palm. A strong wind swept past and landed on the World Spiritist Saintess.

Although the strong wind did not actually cause any injury to the World Spiritist Saintess, the powerful wind directly blew the World Spiritist Saintess tens of thousands of miles away, disappearing from the crowd’s field of view.

Looking at the direction where the World Spiritist Saintess disappeared in, Chu Feng said dully, “That’s for my friends.”

# Chapter 2578 - Igniting The Fury Of The Crowd

---

At that moment, everyone cast their gazes to Liu Xiaoli and the others.

While those who arrived later were fine, the crowd present from earlier; the crowd that had laughed at Liu Xiaoli, had all turned ashen. They all felt lingering fear in their heart.

This was especially true for that member of Hero City who had rejected Liu Xiaoli and the others and even spoke to insult them. Even though he possessed a strong cultivation, his complexion still turned pale. Beads of sweat were falling from his forehead nonstop. Even the hand that he was wiping his sweat with was shivering.

As they were disrespectful toward Chu Feng's friends earlier, they knew they had made an enormous mistake.

Fear. They were all afraid that Chu Feng would attack them.

What they feared even more was that no one would act to stop Chu Feng if he were to attack them.

Even if he were to kill them, no one would say that Chu Feng was in the wrong.

Thus, at that moment, they all felt as if there was a blade right on their necks. It was the sensation that they could die at any time.

However, Chu Feng did not do anything to them.

Instead, he walked over to Liu Xiaoli and the others. With an apologetic expression, he said, "I'm sorry, I have made you all suffer because I came out late."

"Chu Feng, what sort of words are those? I am already very satisfied to be able to see you again," Liu Xiaoli said with a joyous expression on her face.

“Little friend Chu Feng, are you really planning to refuse the World Spiritist Saintess’s offer of reconciliation for us? That was a lot of treasures.”

Before Liu Xiaoli could say anything, those Red Butterfly Society’s elders spoke with distressed expressions on their faces.

To them, suffering some minor humiliation was nothing serious. Yet, what the World Spiritist Saintess offered to Chu Feng was a great amount of treasures. Especially the renowned Dual Hatred, the two of them were things that they felt they would never be able to obtain in their lifetime.

As Chu Feng had actually renounced those treasures because of them, they felt extremely guilty.

“Are treasures more important than friendship?” Chu Feng asked with a smile.

At that moment, the people from the Red Butterfly Society were all startled.

Even the bystanders present were startled.

Friendship?

In the world of martial cultivators, was friendship important?

It was. For certain people, friendship was enormously important. However, in the end, there would still be a limit to one’s friendship.

Thus, even if friendship was important, it would not be the most important thing. What was most important would be one’s strength, one’s cultivation.

Thus, in the world of martial cultivators, many people would seek friendship for the sake of self interest.

In fact, even those of the same family; kin related by blood, would kill one another for the sake of their own benefits.

Yet, Chu Feng was actually able to remain unwavering even

when faced with treasures like the Dual Hatred.

From this, one could tell how important friendship was in his heart. It had most likely reached an invaluable degree.

The crowd present felt admiration and even astonishment for Chu Feng.

The reason for that was because this was something that they could not accomplish.

“Lord Chu Feng, my apologies, I am truly sorry.”

“I had no idea that these people were your friends. If I had known... I would never have dared to reject them.”

Right at that moment, the Hero City member that had rejected Liu Xiaoli and the others ran over with an eagerly attentive expression on his face.

“It’s actually Lord Xu Lian.”

Upon seeing the middle-aged man, many people gasped in surprise.

As this Hero City member was capable of holding the authority to accept or reject those wanting to become allies to Hero City, he would naturally not be an ordinary individual.

That said, that person by the name of Xu Lian was also a famous character in the Hundred Refinements Ordinary Realm.

He possessed a cultivation of peak Martial Ancestor, and was one of the more outstanding non-associated cultivators in the Hundred Refinements Ordinary Realm.

“Paa~~~”

Right at that moment, Chu Feng slapped with his hand. That slap accurately landed onto that Xu Lian’s face.

The surrounding crowd were all struck speechless by that scene. Even Liu Xiaoli and the others were deeply shocked.

That person was not an ordinary member of Hero City. He was Xu Lian!

If Chu Feng were to attack them, they would have no say about it. However, Chu Feng actually slapped Xu Lian like that. They were truly shocked by it.

“Lord Chu Feng, you...”

Xu Lian was also stunned. He was at a complete loss as to what had just happened.

“It is your business as to whether you agree to have them join Hero City. I have no say in that matter.”

“However... you spoke to insult my friends. Thus, I cannot watch with folded arms. That slap was only a warning. If there’s a next time, I will cut out your tongue,” Chu Feng spoke coldly.

It was only after hearing those words that Xu Lian knew why he was slapped. At that moment, he also became certain of how serious the matter was. Thus, he promptly apologized, “This lowly one will never dare to do it again, this lowly one will never dare to do it again.”

While others might not know about it, that Xu Lian had been in Hero City for some time now. Thus, he knew very well how much importance Ying Mingchao placed on Chu Feng.

Furthermore, he had obtained news from others that Chu Feng would become Hero City’s Vice City Master.

If Ying Mingchao was the number one individual that one could not offend in Hero City, then Chu Feng would definitely be the number two individual that one could not offend.

“Chu Feng, why did you hit my elder brother, what makes you think that you can hit him?”

Right at that moment, a woman rushed out from the crowd. She pointed at Chu Feng like a vixen.

Although that woman was young and beautiful, she was emitting a sharp and hostile aura all over.

Her cultivation was not weak; she was a rank eight Martial Ancestor. As for her age, she was over a thousand years old.

Not only was she a member of Hero City, but she was also that Xu Lian's younger blood sister.

"Don't speak nonsense!"

Seeing this, Xu Lian hurriedly shouted down his sister.

Although Xu Lian also felt displeased to be slapped in public, he decided to swallow his anger after considering Chu Feng's identity and status.

As for his younger sister, she had always been a crafty and unruly tyrant. Only she was allowed to bully others, and not the other way around.

Today, he had been publicly slapped. His younger sister would most definitely not be able to tolerate that. As such, he was extremely scared that his younger sister would do something that she should not, and court unnecessary trouble.

"Big brother, did you know that this Chu Feng is simply not a member of Hero City? What makes him think that he can hit you?" Xu Lian's younger sister said.

"What? Chu Feng is not a part of Hero City?"

Hearing those words, the surrounding crowd were all shocked. They had all heard that Chu Feng had joined Hero City long ago.

"What sort of nonsense are you spouting?!" Xu Lian loudly shouted his younger sister down. He even revealed a slightly angry expression.

The reason for that was because he felt Chu Feng to be the person that would become Hero City's Vice City Master. As such, how could Chu Feng not be a part of Hero City?

He felt that his younger sister was simply crazy to say something like that.

“I’m not spouting nonsense. If you don’t believe me, go and ask around. Go and ask Chu Feng, ask him if he’s a part of Hero City,” Xu Lian’s younger sister pointed to Chu Feng.

“That’s right, I have indeed not joined Hero City. I have not joined it before, and will not join it after,” Chu Feng said.

“Chu Feng actually really did not join Hero City?”

Once Chu Feng said those words, the crowd immediately burst into an uproar. This was most definitely immensely serious news.

“You... you don’t plan to join Hero City?” Hearing what Chu Feng said, Xu Lian’s expression changed.

If Chu Feng did not plan to join Hero City, he would not be able to become the Vice City Master. Furthermore, for someone not a part of Hero City to have the audacity to publicly slap a person from Hero City, that was most definitely an unforgivable action.

To others, they felt that, to Hero City, this was most definitely something punishable with death.

Even if that person was Chu Feng, it would still be an action that Hero City would not tolerate.

The reason for that was because Hero City was a power that cared deeply for brotherly affection.

All of the members of Hero City were brothers with one another. Even in the rules of Hero City, it explicitly stated that those that dared to humiliate a brother of their city, regardless of the reason, would be killed with no exception!!!

“Was what I said earlier not clear enough for you?” Chu Feng asked.

“If that’s the case, why did you hit me?” Xu Lian’s attitude changed. It turned to one of anger.

The reason for that was because he came to find out that Chu Feng was not a part of Hero City. Thus, he grew confident.

After all, according to the rules of Hero City, as Chu Feng had slapped him earlier, Chu Feng had become an enemy of Hero City.

“Because you insulted my friends,” Chu Feng said disapprovingly.

“Chu Feng, you are truly an intolerable bully!”

Xu Lian’s complexion grew completely gloomy. As he spoke, he unleashed his boundless rank nine Martial Ancestor aura. His aura enveloped the entire region.

At that moment, everyone’s nerves tightened. Could it be that Xu Lian planned to attack Chu Feng?

But, would he be able to win against Chu Feng?

Although they were all peak Martial Ancestors, Chu Feng’s battle power was absolutely not something that Xu Lian could compare with.

“Brothers of our Hero City, you all see this? This Chu Feng is not a member of our Hero City. Yet, he attacked me for no reason! Furthermore, his attitude was exceptionally vile!”

“Not only is he not putting me, Xu Lian, in his eyes, but he is not putting our entire Hero City in his eyes!”

“Brothers, can we possibly tolerate something like this?!” Xu Lian shouted loudly.

It turned out that he didn’t plan to fight against Chu Feng alone. Rather, he was planning to ignite the fury of the crowd and borrow the strength of all of Hero City to attack Chu Feng.

# Chapter 2579 - Completely Unreasonable

---

Xu Lian's intention was clear to everyone. Merely, the result of his attempt caused Xu Lian enormous embarrassment.

Although there were a lot of people from Hero City present, not a single person was standing up for him.

“Could it be that you all didn't see this Chu Feng attacking me earlier?!”

“What is this? Are you all disregarding the rules of Hero City?!” Xu Lian shouted loudly.

However, the crowd from Hero City still did not respond.

“You people, you couldn't possibly not even know the rules of Hero City, right?!” Xu Lian grew even more furious.

However, there was still no reaction from the crowd. They merely lowered their heads silently without answering Xu Lian at all.

The people from Hero City would not allow others to attack them. This was the rule of Hero City that even outsiders knew about. As such, how could the people from Hero City not know about it?

However, who was Chu Feng? Not only was he the person who saved Ying Mingchao, but he was also the number one genius in the Hundred Refinements Ordinary Realm.

His future accomplishments would most likely surpass those of Ying Mingchao. He would become an overlord to rule over an era.

As such, who would be willing to offend someone like him?

Actually, many people were ridiculing Xu Lian in their hearts. They were laughing at how brainless he was.

Everyone in the Hundred Refinements Ordinary Realm knew about the relationship between Chu Feng and Ying Mingchao.

However, that Xu Lian, as a member of Hero City, was actually trying to confront Chu Feng. His actions were simply courting death.

“What are the city’s rules to you all?! You all are simply unqualified to be members of Hero City!” Xu Lian shouted with incomparable rage. His voice was so loud that even the people in Hero City could hear it.

Hearing Xu Lian’s shout, more and more people from Hero City came over. However, upon hearing what had happened, not a single person was willing to attack Chu Feng.

At that moment, only two people were confronting Chu Feng. They were Xu Lian and his younger sister.

“You all... very well... you are all truly capable, truly loyal and upholding the spirit of brotherhood!”

At that moment, Xu Lian’s face turned green.

He had originally thought that his words would incite the crowd, that the people from Hero City would all come to attack Chu Feng. Yet, the current situation caused him incomparable embarrassment.

“Lord City Master! Is Lord City Master present?!”

“Someone has humiliated this subordinate! Lord City Master, would you please uphold justice for this subordinate?!”

Feeling helpless, Xu Lian began to loudly shout for Ying Mingchao directly.

“Has this Xu Lian gone crazy? He actually called for Lord Ying Mingchao to uphold justice for him?”

Some people were shocked. The reason for that was because they all knew that Chu Feng was Ying Mingchao’s savior.

It would be understandable for Xu Lian to try to incite the others from Hero City to attack Chu Feng. However, to ask Ying

Mingchao to help him would simply be indulging in fantasy.

“That’s not necessarily the case,” However, at that moment, someone voiced their objection.

“Are you to say that Ying Mingchao will help that Xu Lian attack Chu Feng?” Someone asked.

“Although Ying Mingchao has disappeared for over a thousand years, I believe everyone has heard of his character.”

“Ying Mingchao has always attached the most importance to his brothers. The reason why Hero City was able to establish itself was also because of its strict rules and the code of brotherhood people yearned for.”

“Even if Ying Mingchao is grateful toward Chu Feng for saving his life, if he wants to make a comeback, he absolutely cannot tear down his own reputation.”

“Don’t forget, it is precisely because of Ying Mingchao’s strict character that he was able to establish such prestige in the Hundred Refinements Ordinary Realm,” That person said.

“Now that you mention it, that’s reasonable too.”

At that moment, the crowd’s hearts were swayed slightly. After all, if Ying Mingchao wanted to keep his prestige, even if he did not do anything to Chu Feng, he must still speak on behalf of Xu Lian in that matter.

Else, his reputation would be gone. To someone like him who cared deeply about reputation, it would be something unendurable.

After the crowd came to that realization, they started to feel admiration toward Xu Lian’s intelligence.

It turned out, that Xu Lian was not a fool. Rather, he was very smart.

For Xu Lian to dare declare war against Chu Feng in such a

manner, he had most definitely already thought about all those things. He must be feeling that Ying Mingchao would definitely stand on his side for the sake of his sentiment and face.

Else, there would be no reason for him to go completely against Chu Feng.

“Quiet!”

Right at that moment, a furious shout exploded.

That voice was so resounding that both heaven and earth started to tremble. The outside of the city that was originally filled with noise immediately went silent.

Everyone was frightened by that shout.

Following that, an awe-inspiring and domineering individual appeared out of thin air and stood beside Chu Feng.

“Look, it’s Lord Ying Mingchao!!!”

At that moment, the crowd burst into an uproar again. The reason for that was because the person that had appeared was Ying Mingchao.

“We pay our respects to Lord City Master!”

Upon seeing Ying Mingchao, the people from Hero City all half kneeled onto the ground to express their utmost respect to Ying Mingchao.

Even Xu Lian and his sister did the same.

“Xu Lian, what sort of nonsense are you causing?” Ying Mingchao turned to ask Xu Lian.

“Lord City Master, this subordinate has one thing that he wishes to ask. Is this Chu Feng a member of our Hero City?” Xu Lian asked.

“No he isn’t, what of it?” Ying Mingchao answered very firmly.

“If he isn’t, then it will be easy to handle.”

“This Chu Feng attacked this subordinate without reason or cause. Regarding this... I hope that Lord City Master will uphold justice for this subordinate,” Xu Lian spoke with a wronged expression.

“Was it truly without reason or cause?” Ying Mingchao asked.

“This...” Xu Lian started to hesitate. After all, he was the one to insult Chu Feng’s friends first. As such, he was somewhat in the wrong first.

However, upon recalling the rules of Hero City, even if he was in the wrong, Chu Feng would still be at fault. Thus, Xu Lian planned to confess everything in detail.

However, before Xu Lian could say anything, Ying Mingchao asked, “Even if he had really attacked you without reason or cause, what would you want to do about it?”

“Lord City Master, I...?” Xu Lian was stunned. Confusion filled his eyes.

The reason for that was because he had not only sensed discrimination in favor of Chu Feng from Ying Mingchao’s words, but he had also sensed anger.

That anger was aimed toward him.

“Humph.”

Ying Mingchao snorted coldly. Then, he cast his sharp gaze around the surroundings.

He said, “Everyone, please listen carefully.”

“Not only is Brother Chu Feng the person who saved me, he is also my brother of a lifetime.”

“I, Ying Mingchao, am willing to experience life and death together with him. Regardless of whether it is someone from my Hero City or not, if anyone dares to make an enemy of Brother Chu Feng, I, Ying Mingchao, will definitely not let them get away with

it.”

“Boom~~~”

After he finished saying those words, Ying Mingchao waved his sleeve. Xu Lian and his younger sister were directly flipped to the ground.

“The two of you were disrespectful toward Brother Chu Feng. From today on... you are expelled from Hero City.”

“However, this is merely a warning. If this happens again, I will take the lives of you curs!” Ying Mingchao shouted angrily.

Xu Lian and his younger sister were already shivering in fear.

No matter how famous Xu Lian and his younger sister might be, they were still only a peak Martial Ancestor and a rank eight Martial Ancestor. They were people on completely different levels from Ying Mingchao.

Who was Ying Mingchao? He was the publicly accepted number one expert in the Hundred Refinements Ordinary Realm right now. He was a ruthless character that directly exterminated the entire Kong Heavenly Clan.

Before him, the two of them simply did not dare to cause any offense.

“Lord City Master, Lord City Master, this lowly one had a bee in my bonnet. I hope that Lord City Master will give this subordinate a chance to turn over a new leaf,” Xu Lian kneeled before Ying Mingchao and begged for forgiveness repeatedly.

He even looked to Chu Feng and said, “Lord Chu Feng, I was wrong. Please show mercy upon this lowly one and help me say something to Lord City Master.”

Xu Lian was truly regretting. If he had known that Chu Feng held such a great status in Ying Mingchao’s heart, even if he were to be given a hundred times more courage, he would not dare to do what

he had done.

“Scram,” Ying Mingchao waved his sleeve, and that Xu Lian and his younger sister were blown away. They disappeared from the crowd’s field of view.

At that moment, the crowd all sucked in a mouthful of cold air.

What Ying Mingchao did was far from only discriminating in favor of Chu Feng; he was simply being completely unreasonable.

With what had happened, the crowd finally had a clear understanding of the relationship between Chu Feng and Ying Mingchao.

Their relationship was even more robust than they had imagined.

They now knew that Chu Feng was someone that they absolutely could not offend.

# Chapter 2580 - There's No Path For Regret

---

“All members of Hero City, listen up. In the future, as long as they are friends of Chu Feng, the entrance to our Hero City will always be open to them,” Ying Mingchao said to the crowd.

Hearing those words, the crowd's expression changed again.

As long as they were Chu Feng's friends, they would be allowed to join or become Hero City's allies. In other words, cultivations would be disregarded.

Hero City was a place that generally only accepted elites. What Ying Mingchao was doing was simply once again telling the crowd how important Chu Feng was to him.

Although Ying Mingchao's actions had already gone against the rules of Hero City, and it could even be said that he was smashing apart his own reputation, no one dared to voice any word of objection.

In fact, no one felt that what Ying Mingchao did was a mistake.

Chu Feng had saved Ying Mingchao. If it weren't for Chu Feng, Ying Mingchao might be trapped in the Kong Heavenly Clan for the rest of his life.

While it could be said that Chu Feng had saved Ying Mingchao's life, it could also be said that Chu Feng had given Ying Mingchao a new lease on life.

With Ying Mingchao's personality, for him to attach so much importance to Chu Feng was also completely reasonable.

“Woosh~~~”

Right at that moment when Ying Mingchao was declaring the status that Chu Feng held in his heart, a figure quietly blended into the crowd.

As for that person, it was none other than the World Spiritist

Saintess.

Although she had failed to reconcile with Chu Feng, she did not plan to give up on joining Hero City.

Merely, upon taking into consideration the relationship between Chu Feng and Ying Mingchao, she did not dare reveal herself when both Chu Feng and Ying Mingchao were present.

After all, if Chu Feng were to speak ill of her, who knew what Ying Mingchao might do?

However, what sort of cultivation did Ying Mingchao possess? He had already noticed the World Spiritist Saintess's aura the moment she approached.

Furthermore, during the time Chu Feng was gone, Ying Mingchao had made a lot of inquiries regarding Chu Feng.

As such, Ying Mingchao knew to a greater or lesser degree who had helped Chu Feng before and who were Chu Feng's enemies.

"Have you all caught what I've said earlier?" Ying Mingchao asked loudly.

"Yes, Milord," Thunder-like voices resonated throughout the region. The members of Hero City did not dare to go against Ying Mingchao's order.

"There's another thing that you all must remember. Just like how Chu Feng's friends are our Hero City's friends, Chu Feng's enemies are also our Hero City's enemies. For example, her."

As Ying Mingchao spoke, he suddenly extended his palm and grabbed the space before him.

"Wuuahh."

The next moment, a scream was heard. Then, a figure flew from the crowd.

Following the movement of Ying Mingchao's palm, that figure was raised from the ground and appeared before the crowd's field

of view.

“It’s actually the World Spiritist Saintess?”

The crowd were all greatly shocked. The reason for that was because none of them had detected the World Spiritist Saintess, as she had concealed herself.

Thus, they were all surprised by the sudden appearance of the World Spiritist Saintess. However, what they were more surprised by was the fact that Ying Mingchao actually attacked the World Spiritist Saintess directly.

Although they were all unable to feel Ying Mingchao’s oppressive might, they knew from the painful expression of the World Spiritist Saintess that she was currently enduring enormous pressure.

“City Master Ying, please spare me. City Master Ying, please spare me.”

The World Spiritist Saintess was struggling in midair with a painful expression on her face. Even the voice that she begged with was very weak.

Furthermore, her aura was growing weaker and weaker. Ying Mingchao’s oppressive might was currently entering her body. If it were to continue, she would sooner or later be crushed to death by Ying Mingchao’s oppressive might.

“Senior, just let her go. The things between her and I are things from the past. Just spare her today,” Chu Feng said.

“Since Brother Chu Feng has spoken, I will spare your life,” As Ying Mingchao spoke, he released his hand.

After Ying Mingchao released his grasp, the World Spiritist Saintess fell directly to the ground like a loose kite. She started to gasp for air, and began to cough nonstop.

Although Ying Mingchao had only held her for a short moment,

the crowd were able to gain an even clearer realization as to how frightening Ying Mingchao was from how weak the World Spiritist Saintess appeared at that moment.

“Thank you, City Master Ying, for sparing my life. Thank you, Little Friend Chu Feng, for helping me plead for leniency.”

Even though she was already incomparably weak, the World Spiritist Saintess gave all her strength to get up from the ground to express her thanks to Ying Mingchao and Chu Feng nonstop.

Lingering fear filled her face. She herself knew best what Ying Mingchao did to her earlier.

Thus, she knew that she had taken a journey to the gates of hell, and nearly died in the process.

At that moment, she was extremely afraid. The reason for that was because she knew that if Ying Mingchao wanted to kill her, she could die at any moment.

Thus, rather than trying to escape right away, she felt that it would be better to resolve the hostility that Chu Feng and Ying Mingchao held toward her. Only with that would she be able to remain alive in a long-term manner.

“There’s no need to thank me. If you want to thank someone, thank Chu Feng,” Ying Mingchao spoke coldly.

“Little friend Chu Feng, thank you for being a person of great moral stature, and not remembering the offenses committed by this one of low moral stature. Thank you... thank you...” The World Spiritist Saintess hurriedly begged Chu Feng for forgiveness.

Although there was a very deep grievance between Chu Feng and the World Spiritist Saintess, Chu Feng did not particularly dislike the World Spiritist Saintess. At the very least, he had not reached a point where he would insist on taking her life.

The reason for that was because the World Spiritist Saintess had

left behind a single good impression on Chu Feng.

No matter how she treated others, the World Spiritist Saintess was most definitely a caring and doting mother.

Chu Feng was emotionally moved by how far the World Spiritist Saintess was willing to go to protect the Four World Spiritist Emperors.

The greatness of maternal love had given Chu Feng a new recognition for the World Spiritist Saintess.

Thus, Chu Feng did not continue to make things difficult for the World Spiritist Saintess. Instead, he merely warned her, "I've said it already, the past is the past."

"However, let me advise you this: it is best that you do more good deeds and fewer malicious deeds in the future."

"If I am to hear that the World Spiritist Saintess has committed bloody atrocities again, then even without having senior Ying Mingchao do anything, I, Chu Feng, will personally not let you get away with it."

"I wouldn't dare, I most definitely wouldn't dare. I will definitely do good deeds in the future," The World Spiritist Saintess vowed.

"That's enough. Leave now. Even if Brother Chu Feng has forgiven you, the entrance to our Hero City will definitely not open to you," Ying Mingchao said impatiently while waving his hand.

He was disgusted with this World Spiritist Saintess from the bottom of his heart.

The World Spiritist Saintess was very tactful. After she finished guaranteeing her good behavior to Chu Feng, she immediately left.

"Little friends, I hope you all will forgive me for the negligence we've shown earlier."

After the World Spiritist Saintess left, Ying Mingchao spoke to Liu Xiaoli with an apologetic expression.

“Lord City Master, you’re being too courteous. We... we were simply not neglected. We are already extremely delighted to be able to meet you.”

Liu Xiaoli and the others were reacting with overwhelming nervousness. It was as if they were seeing their idol. Even their speech started to stammer.

“I am truly delighted that you all do not blame me. I have already ordered my people to prepare a welcoming banquet. Let’s continue to chat inside the city,” Ying Mingchao said.

“A welcoming banquet? For us?” The expressions of Liu Xiaoli and the others changed enormously. They knew very well what sort of people they were. How could they possibly be qualified for Ying Mingchao to throw them a welcoming banquet? They were truly overwhelmed.

“Lord City Master, there’s no need for that. You are simply being too courteous. We...” Liu Xiaoli’s face had turned red.

“Since you all are already here, you’re guests. As guests, you should go with the decision of the host.”

Ying Mingchao laughed. Then, he waved his sleeve, and Chu Feng, Liu Xiaoli and the others all disappeared together with him.

Even without thinking, the crowd knew that they must’ve entered the city.

Although Ying Mingchao, Chu Feng and the others had left, the remaining crowd were still unable to calm themselves.

The attitude Ying Mingchao had toward the World Spiritist Saintess was simply a night and day difference when compared to the attitude he had toward Liu Xiaoli and the others.

Most importantly, the World Spiritist Saintess was, after all, an Immortal-cloak World Spiritist, a top character in the Hundred Refinements Ordinary Realm.

As for Liu Xiaoli and the others, none of them knew who they were. It could be said that they were only nameless nobodies in the Hundred Refinements Ordinary Realm.

Yet before the entrance of Hero City, that renowned World Spiritist Saintess had nearly died. In the end, she started to plead for mercy.

As for those nameless nobodies, they instead received enthusiastic treatment from Ying Mingchao.

Logically, something like that was simply impossible. Yet, it had happened.

“It would appear that there will only be two types of people in Hero City in the future.”

“One would be Chu Feng’s friends, whereas the other would be Chu Feng’s enemies.”

“As long as they’re Chu Feng’s friends, regardless of how weak their cultivation might be, they will be able to enjoy the treatment of honored guests.”

“However, if they’re Chu Feng’s enemy, regardless of how strong their cultivation might be, they will not be able to escape death.”

Suddenly, an old man from the crowd gasped in admiration repeatedly.

“Indeed. With Ying Mingchao as his backing, all those that have befriended Chu Feng before will enjoy great fortune.”

“As for those who have made an enemy out of Chu Feng, they are most likely in so much regret that even their intestines will have turned green.”

The others present were also gasping with admiration.

Life was a series of choices. With a single correct choice, one could ascend to heaven with a single step. With a single incorrect choice, one could fall into hell with a just one step.

All those that had chosen to befriend Chu Feng had all struck gold.

Those people would become the target of envy for all people of the Hundred Refinements Ordinary Realm.

As for those that had chosen to become Chu Feng's enemies, they would be pitied by the people of the Hundred Refinements Ordinary Realm.

However, their paths were all chosen by themselves. As such, who could they possibly blame even if they now regretted it?

# Chapter 2581 - Long Time No See

---

Everyone knew that Chu Feng was the person who had saved Ying Mingchao and now possessed an extraordinary relationship with him.

However, they actually had no idea exactly what sort of status Chu Feng had in Ying Mingchao's heart.

However, after what happened at Hero City's entrance, the crowd realized Chu Feng's status in Ying Mingchao's heart.

To Ying Mingchao, Chu Feng was more important than his own reputation. It was as if he could fight against the whole world for Chu Feng's sake.

Furthermore, not long after that matter passed, Ying Mingchao did another thing that shocked everyone.

Ying Mingchao sent forth an invitation to both the Sunset Cloud Valley and the Three Stars Hall. He had voluntarily offered to become allies with them.

Before that, it had always been the various powers going to Hero City to ask to become allies.

Even huge monsters like the Immortal Sword School and Buddha's Heavenly Temple sent forth representatives to Hero City to request to become allies.

In short, this was the first time that Hero City had voluntarily invited another power to become allies.

It was all thanks to Chu Feng that the Sunset Cloud Valley and the Three Stars Hall were able to enjoy such treatment.

Back then, countless people had mocked and ridiculed the Sunset Cloud Valley and Three Stars Hall for declaring war against the Ying Heavenly Clan for the sake of helping Chu Feng.

Yet at that moment, there were countless people praising them

for having such great insight.

At that moment the Sunset Cloud Valley and the Three Stars Hall had arrived on schedule.

The people from the older generation were chatting amongst themselves, and the people from the younger generation were gathered together.

At that moment, not only was Liu Xiaoli in Chu Feng's personal palace, but Xu Yiyi and Song Biyu were also present.

In fact, even those members of the younger generation from the Three Stars Hall and Sunset Cloud Valley that Chu Feng was not very familiar with had received invitations.

Chu Feng knew that he would not be staying in the Hundred Refinements Ordinary Realm for much longer, and would not have many chances to meet with those people.

As such, the current gathering could be said to be a rare opportunity. Thus, Chu Feng decided to take the opportunity to properly keep those people company.

Regardless of whether they were people that had gone through life and death together with him or people that he had only met once, it remained that they were all brought together by fate.

That was the reason why Chu Feng invited all of them over.

“Chu Feng, I said that you'll definitely become a greatly capable individual in the future. Look, I was right, no?”

A sweet smile was present on Xu Yiyi's spotlessly white face. Although it had been several years since she had first met Chu Feng, Xu Yiyi's appearance remained completely unchanged. She was still pleasantly sweet-looking, and her character was still candid and open.

“Yiyi, you're not the only one with good foresight. My foresight is pretty good too.”

“Back then, when my idol only just started growing famous, I already started declaring to everyone that Chu Feng was my idol. At that time, there were many people saying that I had problems with my vision.”

“However, countless people now admire my vision,” Song Biyu started to praise Chu Feng too.

Of course, she was also praising herself as she praised Chu Feng.

“If you all are to continue acting like this, my face will turn red,” Chu Feng said with a smile.

“Pah! I’ve known you for so long, never have I seen your face turn red,” Xu Yiyi said.

“I’ve never seen it either. Big sister Liu, have you?” Song Biyu turned to ask Liu Xiaoli.

“I don’t seem to recall seeing it either,” Liu Xiaoli said with a faint smile.

“Hahaha...”

“Chu Feng actually has the nerve to say that his face will turn red. Although his talent is exceptional, it seems that his skin is also extremely thick.”

“Haha...”

The next moment, the three girls started to laugh heartily. They were laughing so hard that their bodies started to rock back and forth.

It was unknown exactly what was so funny about this. However, they were laughing extremely hard.

Seeing this scene, those that were not familiar with Chu Feng started to feel admiration and envy from the bottoms of their hearts.

In the current Hundred Refinements Ordinary Realm, how many people would possibly dare to laugh at Chu Feng like this?

Likely, Xu Yiyi and the others would be the only ones that dared to do so.

As for Chu Feng, even though he was clearly being laughed at, he did not show the slightest bit of anger. Instead, he too, had a smile on his face.

With that, Chu Feng had revealed his closeness with the three girls. As such, how could the others possibly not feel envious of the three girls?

“Truth be told, when I first met Chu Feng, although his talent was exceptional, his cultivation was truly not particularly high. While I knew that he would be able to accomplish great things at that time, I never expected him to become so powerful,” Liu Xiaoli suddenly spoke with a serious expression.

“That’s true,” At that moment, Xu Yiyi and Song Biyu also looked to Chu Feng with thoughtful gazes.

As for those that had only met Chu Feng once before, they too started to ponder.

They all began to recall the time when they first met Chu Feng.

At that time, none of them had ever expected that the person before them would become the number one genius known to everyone in the Hundred Refinements Ordinary Realm in merely a few short years. They never expected that he would become the number one expert beneath True Immortals.

At that moment, they once again started to gasp deeply with admiration.

As for Chu Feng, he was currently recalling some other people.

ZI Ling, Su Rou, Su Mei, Zhan Tianyi, Jiang Wushang...

Back then, he was still young. Spirited, he was about to leave the Nine Provinces Continent to journey to the Eastern Sea Region.

At that time, he had also gathered his friends from the Eastern

Sea Region to talk about the future.

And now, in the blink of an eye, Chu Feng had not only left the Nine Provinces Continent, but he had also left the Eastern Sea Region, the Holy Land of Martialism and the entire Ancestral Martial Lower Realm.

He had arrived at the Hundred Refinements Ordinary Realm by himself. He had separated from his lovers and brothers. He now lived in completely different worlds to them. Between them was the vast starry sky.

The distance between them was extremely far, so far that Chu Feng would not be able to see them regardless of how much he missed them.

‘Are you all doing fine still?’ As he pondered, emotions filled Chu Feng’s heart.

In the blink of an eye, several years had passed. Yet, Chu Feng had not been able to find Su Rou and Su Mei. He had no idea as to whether they were still alive or not.

Furthermore, he had no idea how Zhan Tianyi and Jiang Wushang were doing in the Ancestral Martial Lower Realm.

He had no idea about the future at all...

Filled with emotions, Chu Feng started to cherish the friends before him even more. At that moment, Chu Feng spread forth his spirit power. His spirit power covered all of Hero City, and even reached outside Hero City.

He wanted to see if there were any more familiar faces present among the people there.

“This aura, it’s her?”

Suddenly, Chu Feng’s expression changed.

Xu Yiyi and the others all heard Chu Feng’s muttering. As such, they asked, “Chu Feng, what’s wrong?”

“Everyone, please excuse me. I will have you all wait here for a bit.” After Chu Feng finished saying those words, his body shifted, and he disappeared.

When he appeared again, he had arrived outside of Hero City.

“Look! It’s Lord Chu Feng!”

The crowd immediately burst into an uproar when they saw Chu Feng.

Someone as famous as Chu Feng had already become the idol of countless people in the Hundred Refinements Ordinary Realm. As long as someone recognized him, regardless of where he might go, Chu Feng would definitely cause a major commotion. This was even more so when they were outside Hero City.

At that moment, the people that saw Chu Feng all began to rush toward him. From the sky and on the ground, a vast crowd was gathering around Chu Feng. They were pushing and shouting at one another. Some even started fighting among themselves because of it.

However, there were two figures that were currently withdrawing.

They were two women, two very ordinary-looking women.

However, they were precisely the ones that had caught Chu Feng’s attention and brought him here.

“Woosh~~~”

Suddenly, Chu Feng’s body shifted. He passed through the crowd and arrived before the two women, stopping their path.

The two women were immediately startled upon seeing Chu Feng. Incomparably complicated emotions emerged in their eyes.

As for Chu Feng, the corners of his mouth were raised into a smile. He said, “Tang Ying, long time no see.”

# Chapter 2582 - All Equilibrium Weaponry Refinement Chart

---

Tang Ying was the Young Miss of the Tang Family. She was Chu Feng's friend from when he first came to the Hundred Refinements Ordinary Realm.

Originally, Chu Feng was a benefactor to the Tang Family. However, for the sake of currying favor from Luyang's Pavilion, not only did the Tang Family betray Chu Feng and try to kill him, they even sold Tang Ying away.

Tang Ying was a pitiful person. That said, she was extremely grateful toward Chu Feng. After what had happened in the past, she felt that she was very weak and would become Chu Feng's burden. As such, without any hesitation, Tang Ying refused the Red Butterfly Society's offer to shelter her and left together with her maid.

In the blink of an eye, it had been several years since they were separated. Chu Feng never expected to meet Tang Ying again.

However, when Tang Ying saw Chu Feng, she had a hesitant expression, and did not dare to recognize him. At the same time, great shock emerged in her eyes.

"What's wrong? You couldn't possibly have forgotten about me, right?" Chu Feng asked with a beaming smile on his face.

Chu Feng was very happy to be able to see Tang Ying.

After all, Tang Ying could be considered to be the first friend he had made after arriving in the Hundred Refinements Ordinary Realm.

After separating, Chu Feng had expected to never see her again. Being able to reunite with her today could truly be considered fate.

Tang Ying did not say anything. Her large eyes were fixed onto

Chu Feng the entire time.

“You couldn’t possibly really not recognize me, right?” Chu Feng scratched his head awkwardly.

“Chu Feng, you really still remember me?” Tang Ying finally spoke. At the same time she spoke, her eyes started to tear up.

“Foolish girl, what are you talking about? How could I not remember you?” Chu Feng said.

“But... you’re already such a grand character now. How could you still remember an insignificant person like me?” Tang Ying said.

Seeing Tang Ying reacting like this, Chu Feng finally realized why she did not attempt to meet him even after arriving there.

Chu Feng had no idea what sort of status he held in Tang Ying’s heart. However, Chu Feng knew that she constantly had him on her mind.

Even her decision to visit Hero City was merely so that she could have a look at Chu Feng.

However, she did not plan to meet Chu Feng. She felt that compared to Chu Feng, who had become a grand existence in the Hundred Refinements Ordinary Realm, she was still an ordinary nobody.

Even if she were to die, no one would remember her. She felt that she was simply and completely negligible.

She was scared, scared that Chu Feng would have already forgotten her, or would look down on her and refuse to acknowledge her.

Her thoughts were understandable too. After all, the world of martial cultivators was a world where one’s strength and self-interest was the most important.

For the sake of their benefit, her family had abandoned her.

From that, it could be seen how important self-interest and benefits were to martial cultivators.

Thus, she felt that, with how enormously weak she was, she was currently unqualified to even be Chu Feng's friend.

Although the two of them both existed in the Hundred Refinements Ordinary Realm, they were simply people from two different worlds.

“Paa~~~”

Right at that moment, Chu Feng's hand landed lightly on Tang Ying's shoulder. With a smile on his face, he said, “How could I forget about you, my friend?”

After he finished saying those words, Chu Feng waved his sleeve, and a layer of golden-bright and dazzling spirit power sprinkled down like starlight. The light enveloped Tang Ying and her maid, A'Cai.

As the spirit power enveloped their bodies, Tang Ying and A'Cai's appearances began to change.

They no longer appeared ordinary-looking. Although their appearances could not be considered to be devastatingly beautiful like celestial fairies, they had become decently beautiful women.

These were the original appearances of Tang Ying and A'Cai.

When Chu Feng separated from Tang Ying and A'Cai, the two girls had specially requested that he give them ordinary appearances.

The two of them had had enough of the mutual deception of the world of martial cultivators. They did not wish to court unnecessary disaster because of their beauty, and only wanted to live ordinarily for the rest of their lives.

“Chu Feng, you...”

Seemingly able to sense that her appearance had returned to how

it was originally, Tang Ying was at a complete loss.

“You can return to being the person you were before. I dare to guarantee that no one will dare to harm you again,” Chu Feng said with a beaming smile.

Chu Feng’s smile was so very warm. His smile was like a ray of sunshine that landed directly on Tang Ying’s heart.

At that moment, Tang Ying was completely moved. The tears in her eyes suddenly rolled down her cheeks, moistening her charming face.

Chu Feng did not urge Tang Ying to not cry. Instead, he hugged Tang Ying in his bosom.

Since she wanted to cry, he had decided to let her cry to her heart’s content.

After being hugged by Chu Feng, Tang Ying finally realized that Chu Feng had not changed even with the fame and strength he currently possessed.

Chu Feng was still that same Chu Feng. He was still as reliable as before.

.....

After that, a place for Tang Ying to live was arranged inside Hero City. She would stay with Li Xiaoli and the others.

As for Hero City, it had begun to plan how to eliminate the Infant Soul Sect with its allied powers.

The proposal made by Hero City was approved by both the Immortal Sword School and the Buddha’s Heavenly Temple.

Merely, not only was the Infant Soul Sect powerful, but the headquarters of the Infant Soul Sect had always been hidden too.

As such, finding the headquarters of the Infant Soul Sect had become the most difficult problem at hand.

Ying Mingchao felt that the matter would be dangerous. Thus, he refused to allow Chu Feng to participate.

As such, Chu Feng was only able to remain in Hero City. However, he was not idle the entire time.

At that moment, Chu Feng was holding a book in hand while sitting upright in his room. He was reading the book carefully.

That book was very simple, unadorned and shabby. However, the book gave off a very dense Ancient Era's aura.

Moreover, Chu Feng had been reading that book for several days already.

The title of the book was 'All Equilibrium Weaponry Refinement Chart.'

Back then, for the sake of thanking Chu Feng, Ying Mingchao had forcibly given Chu Feng his Cosmos Sack.

There were countless treasures in that Cosmos Sack. In terms of quality, the treasures in that Cosmos Sack greatly surpassed the treasures from the Cosmos Sack that the World Spiritist Saintess offered to Chu Feng for reconciliation.

Chu Feng felt that the most valuable treasure in the Cosmos Sack was the All Equilibrium Weaponry Refinement Chart.

This All Equilibrium Weaponry Refinement Chart was written by a person known as Sage All Equilibrium. It recorded how world spiritists should refine weapons.

The All Equilibrium Weaponry Refinement Chart did not record how to refine specific weapons. Instead, it provided world spiritists techniques to refine all sorts of weapons.

In a nutshell, similar things possessed a common aspect to them. If Chu Feng was able to master the contents of the All Equilibrium Weaponry Refinement Chart, he would gain benefits regardless of what sort of weapon he might attempt to refine in the future.

This was similar to how Chu Feng possessed the God Bestowment Bamboo Slip that was helpful toward martial skills in his dantian. With that God Bestowment Bamboo Slip, his martial skills, regardless of what they might be, would always be a tier above those of ordinary individuals.

The All Equilibrium Weaponry Refinement Chart was a very rare book. Even though Chu Feng had been meticulously studying it for several days now, he was still unable to understand it completely.

However, through the efforts of the past several days, Chu Feng knew that the All Equilibrium Weaponry Refinement Chart was not complete.

Furthermore, the All Equilibrium Weaponry Refinement Chart also mentioned that world spirit techniques were capable of increasing one's cultivation.

Powerful world spiritists did not need to meticulously study martial cultivation methods. They would be able to increase their cultivation by only meticulously studying world spirit techniques.

For example, if Chu Feng was able to completely grasp the All Equilibrium Weaponry Refinement Chart and use the method recorded in it to refine a weapon, not only would Chu Feng be able to gain a whole new level of insight while refining the weapon, but he would also be able to obtain martial comprehension.

This was something that Chu Feng had never experienced before. Thus, he was very excited.

If what was said in the All Equilibrium Weaponry Refinement Chart was true, Chu Feng would have another method to increase his cultivation in the future. What sort of sensation would that be?

Chu Feng felt that would most definitely be an extremely wondrous sensation.

“Stop studying it so meticulously. That is only a fragment. Regardless of how thoroughly you study it, you will still not be able

to use its contents to refine weapons,” Her Lady Queen said.

It was not that Her Lady Queen was trying to attack Chu Feng psychologically. Rather, after Chu Feng discovered that the book was only an incomplete fragment, he had gone to find Ying Mingchao to ask him about whether or not he knew about the whereabouts of the remainder of the All Equilibrium Weaponry Refinement Chart.

Ying Mingchao told Chu Feng that he had obtained the All Equilibrium Weaponry Refinement Chart unintentionally, and had no idea about the whereabouts of the remainder of the All Equilibrium Weaponry Refinement Chart.

Even though Chu Feng had been studying the All Equilibrium Weaponry Refinement Chart for several days now, he was still unable to comprehend it. However, it was not because his comprehension ability was lacking. Rather, it was because the book itself was incomplete.

In other words, if Chu Feng were to continue studying the All Equilibrium Weaponry Refinement Chart, he might be able to grasp something, or he might grasp nothing.

Her Lady Queen’s intention was clear. She did not want to Chu Feng to waste time on that All Equilibrium Weaponry Refinement Chart.

“Lord Chu Feng, there’s a letter for you,” Suddenly, a voice sounded from outside Chu Feng’s palace.

“Who sent the letter?” Chu Feng was surprised. Practically all of his acquaintances in the Hundred Refinements Ordinary Realm were gathered in Hero City. If they needed him, they could come find him directly. There was simply no need for them to write him a letter.

“Lord Chu Feng, there is no indication of who the sender is on the letter,” The person outside said.

Chu Feng did not ask anymore. Instead, he opened his door and received the letter from that person outside.

The moment Chu Feng touched the letter, he discovered that it was no small matter. Unless one were to open the letter, one would find it very difficult to see the contents inside.

“Thank you for your trouble,” Chu Feng thanked the letter deliverer courteously. Then, he closed the door to his palace again and opened the letter.

When Chu Feng saw the contents of the letter, he suddenly clenched the hands that he was holding the letter with. A worried expression emerged in his eyes.

## Chapter 2583 - Meeting Hun Lian Again

---

‘Chu Feng, if you want to save Zhao Hong, come find me here.

Remember, you are only allowed to come by yourself. Otherwise... Zhao Hong’s life shall end.’

--- Kong Heavenly Clansmen, Kong Shunlian, Kong Yuehua.

It turned out that the letter was sent to Chu Feng by Kong Shunlian and Kong Yuehua. They had actually managed to capture Zhao Hong.

Furthermore, on the lower right corner of the letter hung a ring. Chu Feng recognized that ring. It was the same ring that Zhao Hong carried with her.

“Zhao Hong was actually captured by them?”

Chu Feng started to frown. With the Kong Heavenly Clan extinguished, Kong Shunlian and Kong Yuehua, these two Utmost Exalted Elders, could be said to be the few extremely powerful survivors of the Kong Heavenly Clan.

For them to demand that Chu Feng meet them now, it was obvious that they were finding Chu Feng for revenge.

“If you had known that they would be this ungrateful, you should’ve killed them two years ago,” Her Lady Queen said angrily.

Two years ago, Chu Feng’s Evil God Sword had lost control and was planning to unleash a massacre. Originally, Kong Shunlian and Kong Yuehua were going to be killed by the Evil God Sword.

It was Chu Feng who did not wish to kill them, and forcibly controlled his Evil God Sword to allow them the time to escape.

Never did Her Lady Queen expect that the two of them would capture Zhao Hong to threaten Chu Feng.

Even if they were not considered ungrateful, they most definitely could be said to have acted excessively.

“Go and find Ying Mingchao. With his strength, taking care of them would be an extremely easy task.”

“With Ying Mingchao, they simply would not even have the chance to attack Zhao Hong. You would not have to worry about Zhao Hong being injured,” Her Lady Queen said.

“Eggy, are you planning to have me ignore the safety of my friend?” However, Chu Feng revealed a displeased expression at Her Lady Queen’s suggestion.

“I...” Faced with Chu Feng’s displeased expression, Her Lady Queen actually revealed a guilty expression on her exceptionally beautiful face.

Her Lady Queen was exceptionally smart. How could she not know that since Kong Shunlian and Kong Yuehua dared to send the letter to Chu Feng, they most definitely possessed a surefire plan?

In other words, even if Chu Feng were to request assistance from powerful individuals capable of easily killing Kong Shunlian and Kong Yuehua, he might not necessarily be able to save Zhao Hong.

For example, they could imprison Zhao Hong somewhere hidden with a mechanism that would activate at a certain time, killing her.

In short, there were many methods for them to kill Zhao Hong. There was simply no need for them to be right beside Zhao Hong.

After a moment of silence, Her Lady Queen said, “I merely did not wish to put you in danger.”

Seeing Her Lady Queen’s reaction, Chu Feng felt very apologetic too. How could he not know what Eggy was thinking?

To Eggy, the lives and deaths of other people were insignificant. She only cared about Chu Feng’s safety.

“It would seem that I am unable to urge you against it,” Her Lady

Queen added.

“If I do not go, I will have no way to face Wang Qiang, no way to face my own conscience,” Chu Feng said.

“Forget about it. Since you insist on going, there’s no time to waste. Let’s set off right now,” Her Lady Queen had finally reached an agreement with Chu Feng.

After that, Chu Feng found a random excuse to leave Hero City and proceeded for the place where Kong Shunlian and Kong Yuehua wanted to meet him.

It was a vast desert. As the wind blew past, yellow sand filled the entire place.

However, there were oases in that vast desert. They were all man-made, and served as places where people resided.

Kong Shunlian and Kong Yuehua did not mention the precise location where Chu Feng was to meet them in the letter. Thus, Chu Feng could only search the oases one by one.

Furthermore, Chu Feng had to search them while showing himself. He was afraid that Kong Shunlian and Kong Yuehua would miss him.

“That city is strange.”

Suddenly, Chu Feng’s eyes shifted.

At an oasis before him was a city.

Although that city appeared to be ordinary, as a world spiritist, Chu Feng was able to notice that the city was strange.

“Buzz~~~”

Light started to twinkle in Chu Feng’s eyes. He had activated his Heaven’s Eyes.

After activating his Heaven’s Eyes, Chu Feng immediately discovered that there was a concealment formation outside that

city.

That concealment formation concealed the true nature of the city. It made it so that others would see an ordinary city from the outside.

However, a devastating scene of unprecedented brutality was currently taking place in the city.

Massacre. A massacre was happening in the city. The city was already covered in blood. Countless corpses had fallen into the sea of blood.

Even though Chu Feng was only seeing it and not hearing anything, Chu Feng felt as if he could hear voices that brought utter distress upon one's heart and soul from the city.

There were wailing noises, voices begging for forgiveness and screams rising and falling in succession throughout the city.

It was the Infant Soul Sect. At that moment, the ones massacring the city were two members of the Infant Soul Sect.

“It's him?”

To Chu Feng's surprise, he actually recognized one of the two Infant Soul Sect members.

It was Hun Lian.

It was the same genius who was equally as famous as Li Yue'er back then, and was then defeated by Li Yue'er at the Extremely Remote Unmarked Burial Mounds.

As for that Hun Lian, he actually held another identity; he had actually always been a member of the Infant Soul Sect.

As for his master, he was an infamous great evil demon of the Hundred Refinements Ordinary Realm, Old Demon Rakshasa.

Back at the Extremely Remote Unmarked Burial Mounds, Chu Feng had defeated both Hun Lian and his master with the power of a spirit formation. However, in actuality, if Chu Feng did not have

the power of that spirit formation, the strength Chu Feng held back then would have been much inferior to Hun Lian's strength.

It had come into Chu Feng's mind that he might encounter Hun Lian again. Merely, he had never expected to encounter him there.

"Hahahaha, it's been so long since I've had a taste of infants. I can tell that you're extremely delicious just by looking at you."

At that moment, Hun Lian was standing on top of a palace. In his hand was an infant. He was laughing crazily and totally did not notice that Chu Feng was moving toward him.

A mother was kneeling beneath the palace and kowtowing as she begged, "Milord, please, please spare my child, please spare my child."

"Tsk, ts, sure enough, maternal love is the greatest of all. Since that's the case, I will allow you to personally witness how I'm going to refine your child."

As Hun Lian spoke, his eyes turned crimson like that of a ferocious beast. As he opened his mouth, an extremely frightening aura enveloped that infant.

He... was planning to refine the infant in his hand.

"Stop!!!"

Right at that moment, an ear-piercing voice exploded like thunder.

That sudden shout shocked Hun Lian so much that his body started to tremble. His opened mouth was also abruptly closed.

"Who is it?" Hun Lian cast his ice-cold gaze toward the direction of the voice.

Although he had not sensed the aura of his opponent, he subconsciously felt that the person who gave that shout was someone extraordinary.

"It's actually you?"

However, when Hun Lian saw the person who had come, he immediately revealed a joyous expression and burst into loud laughter.

“This is truly what they mean by finding by sheer luck what one has searched for far and wide. I had not gone to find you, yet you voluntarily came to me.”

Hun Lian had managed to recognize the person who had arrived. He was Chu Feng.

“Lord Chu Feng, please save us, please save us!”

At that moment, many people in the city also noticed Chu Feng.

They reacted as if they had seen a god when they saw Chu Feng, and they all started to kneel on the ground to kowtow to and beg for Chu Feng to save them.

“You all couldn’t have mistaken this right? You all actually want that trash to save you?”

“Hahaha, what a joke! This is truly the most ridiculous joke I’ve heard since exiting closed-door training.”

At that moment, Hun Lian was laughing even harder.

Compared to two years ago, his cultivation had progressed a lot. Back when he was only a rank three Martial Ancestor, he was already deemed to be one of the strongest geniuses in the Hundred Refinements Ordinary Realm.

And now, his cultivation was that of a rank six Martial Ancestor. Thus, compared to two years ago, he was much more confident.

Most importantly, he had always looked down on Chu Feng. He had always thought that Chu Feng would not be a match for him if it wasn’t for that spirit formation.

Thus, he detested Chu Feng enormously, and had always wanted to take revenge on Chu Feng.

Chu Feng, without that grand formation, how could you possibly

contend against me?”

“Your daddy is already a rank six Martial Ancestor now!”

As Hun Lian spoke, he unleashed his rank six Martial Ancestor aura. In an instant, heaven and earth darkened. The weather began to change. Boundless killing intent could be felt from all around.

That killing intent was simply too strong. It caused the commoners that were still alive to shiver in fear. They were unable to even utter a word.

“Heh...” However, faced with such a Hun Lian, Chu Feng suddenly laughed.

Evidently, this Hun Lian still didn’t notice what Chu Feng’s current cultivation was.

However, that was also understandable. After all, there was an enormous different in strength between them.

With merely a cultivation of rank six Martial Ancestor, that Hun Lian would naturally not be able to see through the current Chu Feng.

“You still dare laugh? I see that you will not shed a tear until you see your coffin.”

Seeing that Chu Feng dared to still laugh at him, the anger in Hun Lian’s eyes increased many times over. As he spoke, he planned to attack Chu Feng.

“Big brother Hun Lian, let’s go, we’ve got to go!”

Right at that moment, the Infant Soul Sect disciple that was accompanying Hun Lian suddenly appeared beside Hun Lian.

Not only did he have a flustered expression on his face, but he immediately grabbed Hun Lian’s arm and started to urge him to escape.

At that moment, Hun Lian was even able to sense that his

companion's hand was trembling.

“Xiaoleng, what are you doing?”

Hun Lian was completely confused by this sudden scene.

He was unable to understand why his companion would react in such a manner because of a mere Chu Feng.

## Chapter 2584 - Unbelievable

---

“Big brother Hun Lian, that is a long story to explain. I will tell you after we get back. Right now, we must flee,” Xiaoleng did not answer Hun Lian’s question. Instead, he grabbed Hun Lian and tried to run. Unfortunately, as his cultivation was weaker than Hun Lian’s, he was simply unable to pull Hun Lian away. [1. Xiaoleng means Little Cold. I don’t think that’s his nickname.]

“Xiaoleng, I believe you know that I entered closed-door training for two years precisely so that I could take revenge against that fellow Li Ming.”

“However, it is not only Li Ming who brought humiliation upon me at the Extremely Remote Unmarked Burial Mounds. There was also this Chu Feng.”

“I was planning to go and find this Chu Feng to begin with. Never did I expect that I would actually encounter him here.”

“This is most definitely the will of heaven. Even the heavens themselves are helping me. As such, how can I let him get away?” Hun Lian said to that Xiaoleng.

“Big brother Hun Lian, I will most definitely not stop you if you are to find Li Ming for revenge. However, you cannot find this Chu Feng for revenge.”

“You simply do not know what has happened in the past two years. Thus...” That Xiaoleng wanted to explain the situation to Hun Lian.

However, Hun Lian grew increasingly annoyed the more he listened. He did not understand why he could seek Li Ming to take revenge but not do the same for Chu Feng.

Could it be that this Chu Feng was stronger than Li Ming?

What a joke! In Hun Lian’s heart, Chu Feng was nothing more than trash.

He felt that Chu Feng was only able to defeat him because of that grand spirit formation. Otherwise, a casual spit from him would be able to drown Chu Feng alive.

Hun Lian felt that Young Master Li Ming was his actual rival. As for Chu Feng, he was nothing more than an ant that he could easily crush.

Thus, Hun Lian decided to completely ignore Xiaoleng. He once again turned his murderous-looking gaze to Chu Feng.

He said, “Chu Feng, today... I will definitely make you wish you were dead. I will make you kneel before me and beg for forgiveness.”

“Putt~~~”

However, right after Hun Lian said those words, that Xiaoleng actually knelt on the ground and began to kowtow to Chu Feng.

“Lord Chu Feng, please spare us. We never intended to become your enemies. Please, please spare us.”

“Xiaoleng, you...”

Hun Lian felt extremely speechless as he looked to Xiaoleng before him.

Although he knew that Xiaoleng was craven and cowardly, he felt that one should determine who to show cowardice toward.

It would be one thing for Xiaoleng to act like this if the person before them was very powerful. However, Xiaoleng was actually scared by a mere Chu Feng. Hun Lian felt extremely displeased to see this.

“Scram!” Hun Lian grabbed Xiaoleng and tossed him ruthlessly to the ground. Seemingly still extremely displeased, he even spit at Xiaoleng, “Useless trash! You’re actually this scared of a mere Chu Feng?! You have truly and utterly disgraced our Infant Soul Sect!”

“Boom~~~”

However, right at that moment, Hun Liang's expression changed. He sensed an enormous aura moving toward him in a manner capable of toppling the mountains and overturning the seas.

That aura was so frighteningly powerful that he felt as if he would suffocate from it.

“Chu Feng?”

Subconsciously, Hun Lian looked over to Chu Feng. The reason for that was because he felt that the enormous aura was identical to Chu Feng's aura.

“Wuuahh~~~”

But before his gaze could reach Chu Feng, he was devastated by that aura. Not only did he fall from above the palace, but he was also smashed ruthlessly into the ground like a dying dog.

Even though Hun Lian exerted all of his strength to struggle, he was unable to move in the slightest.

“Chu Feng, you... you... how could you... how could your oppressive might be able to suppress me?”

At that moment, even speaking was a very strenuous task for Hun Lian. That said, a shocked expression filled his face.

Hun Lian felt great disbelief. As Chu Feng was only a Half Martial Ancestor two years ago, he felt that even if Chu Feng were to be able to make improvements in his cultivation through closed-door training, he would at most be a peak Half Martial Ancestor, and not be able to even cross the threshold to Martial Ancestor. As such, how could he possibly possess the capability to suppress him?

After all, he was currently a rank six Martial Ancestor.

“I got it now! You're relying on the power of a spirit formation again!” Hun Lian thought of a possibility. That is, he felt that Chu Feng was utilizing the power of a spirit formation again.

Otherwise, how could Chu Feng possibly suppress him?

“Chu Feng, you despicable and shameless, vile little man! Do you dare fight against me with your own cultivation?!” Hun Lian started to curse loudly at Chu Feng.

“Big brother Hun Lian, stop speaking. Chu Feng’s current cultivation is that of a rank nine Martial Ancestor. He is the publicly-renowned number one expert beneath the True Immortal realm,” Right at that moment, Xiaoleng started to urge Hun Lian to stop.

“Rank nine Martial Ancestor? You’re saying that this Chu Feng is a rank nine Martial Ancestor?” Hun Lian was dumbstruck. He simply did not dare to believe what he had just heard.

“That’s right, that is something everyone in the Hundred Refinements Ordinary Realm knows,” Xiaoleng was seemingly afraid that Hun Lian would not believe him, and began to nod his head repeatedly.

“That’s impossible! How could that be?! How could he increase his cultivation by that much in such a short period of time?!” Hun Lian shook his head repeatedly. He found this news very difficult to accept.

How could a person possibly reach peak Martial Ancestor from Half Martial Ancestor in such a short period of time?”

Hun Lian was unable to accept this. This was especially the case when the person in question was Chu Feng.

“I’m not lying, that is the truth,” Xiaoleng re-emphasized his point.

“Wuuahh~~~”

The next moment, that Xiaoleng also let out a scream. His expression grew distorted.

It was not only Xiaoleng, as Hun Lian was also grimacing in pain.

The expression of pain filled his handsome face.

Chu Feng... had increased the strength of his oppressive might. Furthermore, he had enveloped both Xiaoleng and Hun Lian in his strengthened oppressive might.

“Lord Chu Feng, please spare me, please spare me!!!”

“We never intended to be your enemies!”

That Xiaoleng started to beg for forgiveness nonstop. He was truly scared of Chu Feng.

However, Chu Feng did not bother to pay attention to his begging. Instead, he coldly asked, “Tell me, where is the Infant Soul Sect located?”

“This...” Hearing those words, the expressions of both Hun Lian and Xiaoleng changed. Their faces turned paper pale. Furthermore, their appearances were not caused by Chu Feng’s oppressive might. Instead, at a glance, it was obvious that they’d turned paper pale from fear. It was as if they had recalled an extremely frightening matter.

“You want to know about the location of the Infant Soul Sect? It would seem that your Hero City is planning to attack our Infant Soul Sect.”

Right at that moment, an aged voice was suddenly heard.

Chu Feng frowned upon hearing that voice. From that voice, he felt an aura many times stronger than his own.

True Immortal; a True Immortal had appeared.

Looking toward the direction of the voice, Chu Feng’s expression changed once again.

It was an old man.

He possessed a head of white hair, and was wearing a black gown. He was extremely thin, and wrinkles covered his face.

Too old. Chu Feng was unable to determine how long that man had lived.

That man looked like a mummy that had walked out from its coffin. His appearance was truly frightening.

That said, Chu Feng knew this man. He was Hun Lian's master, Old Demon Rakshasa.

Merely, back then, Old Demon Rakshasa was still only a peak Martial Ancestor. However, at that moment it was clear he had become a True Immortal.

"Chu Feng, I must truly congratulate you," Old Demon Rakshasa said to Chu Feng in an eccentric manner.

"What's there to congratulate?" Chu Feng asked.

"The speed at which your cultivation increases could simply be said to be lightning fast. Is that not something worthy of congratulation?" Old Demon Rakshasa said to Chu Feng.

"If that really is the case, then I must congratulate you too. After all these years, you've finally managed to make a breakthrough and become a True Immortal."

"With this, you'll be able to live for many years longer, no?" Chu Feng said.

"Impudent!" Hearing what Chu Feng said, Old Demon Rakshasa revealed a furious expression.

Although Chu Feng's words might appear to be kind, he was actually mocking him. He was mocking Old Demon Rakshasa's inability to break through to the True Immortal realm for so long, to the point where he could only continue to extend his lifespan through special means.

Even though he had finally become a True Immortal, Old Demon Rakshasa's cultivation talent could not be considered to be top rated at all.

“So what if I am impudent toward someone like you?” As Chu Feng spoke, Chu Feng revealed an unrestrained smile.

“Zzzzz~”

The next moment, lightning started to flash in Chu Feng’s eyes. Then, both his Thunder Armor and Thunder Wings appeared in unison.

After activating the power of his Heavenly Bloodline, lightning clouds began to form in both Chu Feng’s surroundings and the sky.

Lightning was flickering within the clouds. Furthermore, it was growing more and more ferocious. It was as if an abnormal sign would soon descend.

The reason for that was not merely because Chu Feng had unleashed his Thunder Armor and Thunder Wings.

Most importantly, it had to do with the character on Chu Feng’s forehead. On Chu Feng’s forehead was the character ‘Divine.’

# Chapter 2585 - Martial Ancestor Vs. True Immortal

---

“A Divine Lightning Mark. How could this guy have such a Lightning Mark?!”

Hun Lian’s expression changed enormously upon seeing the Lightning Mark on Chu Feng’s forehead. It was only at that moment that he realized how extraordinary Chu Feng was.

“What a powerful aura. This is simply the most powerful Heavenly Bloodline I’ve ever experienced.”

“Lord Chu Feng’s reputation is truly well-deserved.”

At that moment, the survivors in the city were also all deeply attracted by the aura Chu Feng emitted.

“Woosh~~~”

At that moment, two Ancestral Armaments appeared in Chu Feng’s hands.

They were the Stormwind Edge and the Flame Dragon Greatsword. When Chu Feng held the two Ancestral Armaments in his hand, his aura greatly increased again.

Powerful, extremely powerful.

Chu Feng was so powerful that the crowd present even started feeling that Chu Feng, a Martial Ancestor, would be able to contend against True Immortals.

“Chu Feng, you couldn’t possibly be thinking that you will be able to contend against me with your cultivation, right?”

“Don’t forget, no matter how strong you might be, you are still only a Martial Ancestor. As for this old man, I am a True Immortal,” Old Demon Rakshasa laughed mockingly.

“It is not up to you or I to decide whether or not I am able to

contend against you,” As Chu Feng spoke, his gaze suddenly changed.

“Boom~~~”

The next moment, a golden light started to shine from Chu Feng’s body. Soon, it turned into a golden-bright and dazzling large sword. Not only was that golden sword extremely bright, but it also emitted a very oppressive aura. The aura it emitted was sweeping through the sky as it started moving toward Old Demon Rakshasa.

“That is?”

Upon seeing that golden-bright and dazzling large sword, Old Demon Rakshasa’s expression changed too. Then, he shot forth his palms and sent forth boundless Immortal-level martial power from his palms. His Immortal-level martial power formed a defensive barrier before him.

“Boom~~~”

When the golden-bright and dazzling sword collided with the Immortal-level spirit power defensive barrier, not only was the defensive barrier shattered by the impact, even Old Demon Rakshasa was knocked several tens of thousands of meters away and straight out of the city.

“Heavens! Chu Feng actually managed to beat back a True Immortal?!”

The crowd was stupefied. They simply did not dare to believe what they were seeing.

As for this overwhelmingly powerful sword, it was naturally the Ancient Era’s War Sword.

At that moment, Old Demon Rakshasa’s heart was wavering nonstop. Unable to contain his emotions, he asked, “Is this the secret skill that you obtained from the Ancient Era’s War Clan?”

“However, wasn’t it an axe according to the rumors? Why would it be a sword?”

Earlier, he had confronted the Ancient Era’s War Sword himself. Thus, he had deeply felt how powerful the Ancient Era’s War Sword was.

That was precisely the reason why he was so shocked. He was shocked that a Martial Ancestor would really be able to contend against him with the power of a secret skill.

One must know that before Old Demon Rakshasa encountered Chu Feng again, he had already confronted other peak Martial Ancestors.

Although those people were only a level of cultivation beneath him, they were powerless like ants before him.

Originally, he felt that it would be the case for Chu Feng too. However, the reality before him caused him to be taken aback.

“Who told you that I only obtained the Ancient Era’s War Axe from the Ancient Era’s War Clan?”

As Chu Feng spoke, he arrived before Old Demon Rakshasa. As for his Ancient Era’s War Sword, it carried with it boundless power as it moved to oppress Old Demon Rakshasa again.

“Chu Feng, did you really think that you could contend against this True Immortal?”

Old Demon Rakshasa was furious. He held his hands like swords and pointed them at Chu Feng.

“Boom~~~”

Suddenly, overwhelming martial power surged out from Old Demon Rakshasa’s hands like the tide. Soon, his martial power turned into two enormous martial power swords with a length over a thousand meters.

After those two enormous martial power swords appeared, they

immediately moved to cut down Chu Feng's Ancient Era's War Sword.

“Clank, clank, clank~~~”

The three enormous swords began to confront one another in the sky. Their showdown caused the entire region to tremble violently.

The sky had darkened completely. Neither the sun nor the moon could be seen. Apart from the three dazzling enormous swords fighting in the sky, everything else was pitch-black.

Even the distant sky was filled with cracks. The earth itself was also sinking from the quaking. The city that they were fighting over, the city that had a spirit formation placed over it, was also crumbling. Fortunately, the survivors of the city were all fleeing with their lives on the line.

All of that was caused by those three enormous swords.

Not to mention the might of those three swords, merely their oppressive auras were capable of intimidating everything in their surroundings!!!

“Lord Chu Feng is truly amazing. He was actually really capable of contending against a True Immortal as a Martial Ancestor!”

“His reputation as the number one individual beneath True Immortals is truly not only in name, but also in reality. Likely, apart from him, there isn't anyone in the entire Hundred Refinements Ordinary Realm capable of accomplishing what he has.”

The crowd was endlessly astonished. They were all stunned by the scene before them.

As the crowd looked more closely at the battle of the three enormous swords, they grew even more fearful.

Even though Old Demon Rakshasa's two enormous martial

power swords were larger in size, Chu Feng's Ancient Era's War Sword possessed greater imposing might.

It was as if that Ancient Era's War Sword possessed fundamental bloodline powers.

It was as if the ones fighting were two mature rain dragons against a young true dragon.

Even though the rain dragons were very powerful, they were still nowhere near as imposing and ferocious as the young true dragon.

This was a fundamental difference in strength. Everyone was able to sense this fundamental divide.

That was the sensation that the crowd felt from the Ancient Era's War Sword.

"An ability that powerful is most definitely not something that ordinary people can manage."

"Exactly how powerful is Lord Chu Feng?"

The more they watched, the more astonished the crowd became. They were deeply astonished by Chu Feng's display of strength.

That said, even though everybody in the crowd was exclaiming in admiration at Chu Feng's strength, Chu Feng himself was frowning tightly.

"Seems like it still won't do. Even though you possess this many abilities, you are still unable to defeat a True Immortal," Her Lady Queen said.

"Mn," Chu Feng nodded his head in agreement at Her Lady Queen's words.

Although he and Old Demon Rakshasa appeared to be equally matched, Chu Feng had already used two Ancestral Armaments, his Thunder Armor, Thunder Wings and even the Divine level Lightning Mark.

Chu Feng had used practically all of his strongest abilities.

However, it was clear that Old Demon Rakshasa had not gone all-out yet.

If Old Demon Rakshasa were to go all-out, it was obvious as to what the outcome of the battle would be.

“Chu Feng, you cannot continue like this. If you want to win, you cannot sit and wait for death,” Her Lady Queen said.

“Understood,” As Chu Feng spoke, he quietly streaked the hand that he held the Stormwind Edge with across his Cosmos Sack. Then, three medicinal pellets entered his palm.

Then, with a shake of his palm, the three medicinal pellets secretly entered his mouth.

After the three medicinal pellets entered his mouth, there was no outward change to Chu Feng. However, the martial power within his body surged like a gathering storm or a soon-to-erupt volcano. His martial power was no longer tranquil.

That martial power was Chu Feng’s own martial power. It was currently revolving and galloping around the three medicinal pellets.

Those three medicinal pellets were not immediately refined after entering Chu Feng’s stomach. Instead, like three rulers, they began to guide the martial power within Chu Feng’s body. They were bringing about an abnormal transformation.

The three medicinal pellets were all a special sort of forbidden medicine.

The reason why they were forbidden medicine was because they were capable of allowing Chu Feng to increase his battle power enormously. Furthermore, that increase in battle power was a very frightening one.

As for the reason why those forbidden medicines were special, it was because they were only able to increase one’s battle power for a very short period of time -- a split second.

In other words, once Chu Feng refined those medicinal pellets, he could only unleash a single attack.

Thus, at that moment, Chu Feng was waiting for an opportunity.

Taking advantage of the fact that Old Demon Rakshasa was overly confident in his strength and had not gone all-out, Chu Feng waited for an opportunity to deliver a huge blow to Old Demon Rakshasa.

“Eeeaahhh!!!”

Suddenly, Chu Feng let out a shout. Following that shout, the veins all over his body bulged, Then wave upon wave of martial power visible to the naked eye was being emitted from his body. They revolved around him nonstop.

In that sort of situation, Chu Feng’s aura became a bit more powerful. Most importantly, the power of the Ancient Era’s War Sword also grew a bit more powerful.

The Ancient Era’s War Sword was pushing back Old Demon Rakshasa’s two enormous martial power swords unceasingly. It was moving closer and closer to Old Demon Rakshasa.

# Chapter 2586 - Chu Feng's Surprise Attack

---

“Amazing, he actually managed to seize the upper hand in battle!” The crowd burst into an uproar.

They felt that it was simply impossible for a Martial Ancestor to be a match for a True Immortal. Yet, not only was Chu Feng able to contend against Old Demon Rakshasa, but he even managed to gain the upper hand in their battle.

This was most definitely something that had never happened before and would never happen again. It was definitely something truly heaven-defying.

“Humph, a bunch of fools. He is clearly an arrow at the end of its flight, yet you all react as if he is something exceptional.”

Old Demon Rakshasa was not only calm and composed even though Chu Feng had gained the upper hand in the battle, but he even looked to the crowd with a mocking expression.

“This old man simply does not have to go all-out. Merely by using a bit of my strength, I will be able to turn the battle around.”

“Chu Feng, since you’ve overestimated your capabilities, this old man shall play with you a bit longer today.”

“I shall see how long you, a mere peak Martial Ancestor, can last against me.”

As Old Demon Rakshasa spoke, his eyes moved slightly. Then, another wave of martial power spread forth from within him and assimilated into the two enormous martial power swords.

With that, not only did the two martial power swords grow even larger, but they also became more mighty.

“Damn it!”

At that moment, Chu Feng revealed a painful expression. It was as if he could not continue to persist against Old Demon Rakshasa.

Furthermore, the Ancient Era's War Sword that Chu Feng was controlling started to let out buzzing noises every time it collided with Old Demon Rakshasa's two enormous martial power swords.

Those were trembling noises. The Ancient Era's War Sword was no longer capable of contending against the two enormous martial power swords.

“What utter incompetence. This old man merely increased the power of my attacks by a slight bit, and has not even used any martial skills. Yet, you're already unable to withstand it anymore?”

“Sure enough, Martial Ancestors remain only Martial Ancestors, and are simply incapable of contending against True Immortals.”

The smile on Old Demon Rakshasa's face grew stronger and stronger. He was growing more and more complacent.

True Immortals being stronger than Martial Ancestors was an unvarying principle that had existed since the Ancient Era.

Thus, logically, there should be no reason for him to feel proud at being able to suppress a Martial Ancestor as a True Immortal.

However, the Martial Ancestor that he was suppressing was Chu Feng, the person deemed to be the strongest genius in the Hundred Refinements Ordinary Realm, someone who would very likely stand at the apex of the Hundred Refinements Ordinary Realm and rule over it like Zhan Haichuan and Grandmaster Kai Hong did in the past.

That was the reason why he felt so proud at being able to suppress Chu Feng.

At that moment, Old Demon Rakshasa had lost himself in joy. Although others did not notice it, Chu Feng took great note of it.

‘It's now!’

Suddenly, Chu Feng's eyes grew exceptionally sharp. This sort of

sharpness simply did not appear to be something that a person who was being suppressed could reveal.

That's right, the weakness Chu Feng revealed earlier was simply a disguise. He had simply not reached a point of being unable to withstand Old Demon Rakshasa.

He had deliberately pretended to be completely suppressed and on the verge of defeat so that Old Demon Rakshasa would lower his guard. He was planning to launch a surprise attack.

After deciding to unleash his surprise attack, the three forbidden medicines in Chu Feng's stomach were subsequently refined by him.

“Boom~~~”

The next moment, golden gaseous flames began to surge from within Chu Feng. Those golden gaseous flames were very extraordinary. Like burning golden light, they were exceptionally formidable.

At the same time Chu Feng refined the forbidden medicines, he controlled his Ancient Era's War Sword to pierce at Old Demon Rakshasa.

“That is?”

Everything happened too quickly. Furthermore, Chu Feng had quietly lessened the distance between the Ancient Era's War Sword and Old Demon Rakshasa when he had managed to gain superiority over the two enormous martial power swords earlier.

Thus, when the Ancient Era's War Sword started to move to attack Old Demon Rakshasa with overwhelming power, even Old Demon Rakshasa was unable to react, unable to dodge, in time.

“Puu~~~”

Blood splattered everywhere. Old Demon Rakshasa's body was pierced through by the Ancient Era's War Sword and split into

pieces.

“Heavens! What happened?!”

The crowd were all astonished.

They were simply unable to capture the rapid battle between Chu Feng and Old Demon Rakshasa with their vision. Thus, they had not caught sight of how the Ancient Era’s War Sword shattered Old Demon Rakshasa’s body.

However, they had managed to witness the blood splattering down from the sky, as well as the shattered clothing.

As for the clothing, they were the Old Demon Rakshasa’s clothes.

“Chu Feng killed that True Immortal?!”

At that moment, the surrounding crowd burst into an uproar once again.

None of them dared to believe their eyes. However, judging by the situation at hand, Chu Feng had indeed managed to strike Old Demon Rakshasa with his enormous sword.

That was a True Immortal! A True Immortal-level expert!

Chu Feng actually managed to kill a True Immortal with the cultivation of a Martial Ancestor! That was something that had never happened before in history.

Everyone knew that True Immortals possessed strength greatly above that of Martial Ancestors. No matter what, it should be impossible for a Martial Ancestor to kill a True Immortal.

Yet, Chu Feng had accomplish that impossibility. As such, how could the crowd not be astonished?

“Chu Feng, you sly cur, you actually tricked me.”

Right at that moment, Old Demon Rakshasa’s voice sounded again.

The next moment, the blood, flesh and shattered clothes that

were falling to the ground began to gather together. Soon, Old Demon Rakshasa managed to recreate his body.

At that moment, he appeared to be completely fine. Not only was his body undamaged, but even his clothes had returned to how they were before. One simply could not tell that he had been injured.

“As expected of a True Immortal, even that was unable to kill you.”

Chu Feng shook his head. As he spoke, he put away the two Ancestral Armaments he held in his hands and revealed the red Evil God Sword.

Chu Feng knew that if he was unable to kill this Old Demon Rakshasa even with all the tricks and abilities he had used earlier, he must use the Evil God Sword if he wanted to survive the battle.

“Kill me? This old man is a True Immortal, my body is undying and indestructible. Your mere tricks are simply unable to even injure me in the slightest,” Old Demon Rakshasa spoke proudly.

At that moment, the surrounding crowd revealed dejected expressions.

Indeed, the True Immortal realm was a realm of cultivation that surpassed the limits of one’s corporeal body. They possessed undying and indestructible bodies.

To True Immortal-level experts, bodies were merely a form. Even if their dantian was struck by an attack, their cultivation would not decrease in the slightest.

If one wanted to kill a True Immortal, one must possess power greatly surpassing that True Immortal. Otherwise... even if one were to crush a True Immortal’s body to dust, that True Immortal would still be alive.

Upon thinking of all that, the crowd realized that Chu Feng would never be able to defeat Old Demon Rakshasa.

Thus, the survivors in the city no longer dared to stay in the city any longer. One by one, they turned around and started fleeing.

They knew that if Chu Feng could not win against Old Demon Rakshasa, they too would not be able to survive. Rather than staying to wait for death, it would be better for them to hurriedly escape this place while Chu Feng could still contend against Old Demon Rakshasa.

“Puuu~~~”

Right at that moment, a miserable voice sounded from the direction where Old Demon Rakshasa was.

Curious, the crowd involuntarily turned around. Upon seeing that scene, they were all stunned.

At that moment, blood dyed the corners of Old Demon Rakshasa’s mouth and his chest. Furthermore, his body was trembling nonstop.

After supporting himself with great difficulty, he lost strength and half kneeled in mid-air with a ‘putt.’

Old Demon Rakshasa was actually injured!!!

# Chapter 2587 - Capturing Old Demon Rakshasa Alive

---

Old Demon Rakshasa half kneeled in midair. Not only was he shivering and bleeding, but his aura was also much weaker than before.

The so-called undying, indestructible and incapable of being injured True Immortal was currently seriously injured.

“No, impossible, this is impossible...”

Even though he was already seriously injured, Old Demon Rakshasa was still unable to accept it.

After all, he was a True Immortal. How could he be injured by Chu Feng, a mere Martial Ancestor?”

“You have looked down on my Ancient Era’s War Sword. It is within reason for you to be injured by it.”

As Chu Feng spoke, rumbles sprang forth in the sky. Controlled by Chu Feng, his Ancient Era’s War Sword once again moved to attack Old Demon Rakshasa.

“Damn it!”

Old Demon Rakshasa let out a snarl. At the same time as he let out that snarl, a sound ripple visible to the naked eye began to charge toward the Ancient Era’s War Sword, shattering it.

“Damn it!”

Chu Feng frowned. His body shifted back. He began to hold onto the Evil God Sword even more tightly.

Old Demon Rakshasa was serious now. The attack he had used earlier was not a casual attack with martial power. Rather, it was a martial skill.

Even though it was only an Emperor Taboo Martial Skill, it

managed to defeat the Ancient Era's War Sword. This was the true strength of True Immortals.

At that moment, Chu Feng realized that no matter how strong he might be, he would not be able to contend against True Immortals as long as he had not stepped into the True Immortal realm.

“Chu Feng, I'll kill you!”

As Old Demon Rakshasa spoke, he flipped his palm. An Ancestral Armament appeared in his hand.

Having suffered by Chu Feng's hand once, Old Demon Rakshasa had become truly serious. He planned to kill Chu Feng immediately.

“A grand True Immortal was actually injured by a Martial Ancestor. Old Demon Rakshasa, you are truly humiliating.”

Right at that moment, a voice was suddenly heard. Then, two figures appeared behind Old Demon Rakshasa.

Chu Feng's gaze changed the moment he saw those two people.

Not only were those two people True Immortal-level experts, but they were also people that Chu Feng knew. They were Kong Yuehua and Kong Shunlian.

Upon seeing Kong Yuehua and Kong Shunlian, Old Demon Rakshasa's expression changed immediately. He subconsciously felt that Kong Yuehua and Kong Shunlian had come to save Chu Feng.

“Damn it!!!”

Suddenly, Old Demon Rakshasa attacked. He thrust his Ancestral Armament at Chu Feng. Countless sword rays started flying toward Chu Feng.

Those sword rays were so powerful and their speed was so fast that even Chu Feng started frowning upon seeing them. He knew that... if he didn't use the Evil God Sword, he would most

definitely not be able to block that incoming attack.

The reason for that was because the sword rays that filled the sky were an Ancestral Taboo Martial Skill.

Old Demon Rakshasa had utilized an Ancestral Taboo Martial Skill right away. From this, it could be seen how determined he was to kill Chu Feng.

However, to the crowd's surprise, even though Old Demon Rakshasa had already unleashed his attack toward Chu Feng, Kong Yuehua and Kong Shunlian were still standing there motionlessly. Furthermore, there was no change to their expressions either. It was as if they did not care about Chu Feng's life and death at all. Their tranquility at that moment was scary.

‘So they didn't come to save Chu Feng? That's understandable. After all, Chu Feng is the enemy of the Kong Heavenly Clan.’

At that moment, Old Demon Rakshasa started to rejoice. He felt that Kong Shunlian and Kong Yuehua had not come to save Chu Feng.

He felt that it was very possible that their appearance in that place was merely a coincidence.

And now, the Ancestral Taboo Martial Skill that he had unleashed was already closing in on Chu Feng. Merely the might of his attack was something that Chu Feng would not be able to endure.

Even if Kong Yuehua and Kong Shunlian were to interfere now, they would not be able to save Chu Feng.

Chu Feng would be undoubtedly killed.

“Buzz~~~”

However, right at that moment, a purple shield suddenly appeared out of thin air right before Chu Feng.

That was not an ordinary shield. Rather, it was an Ancestral

Taboo Martial Skill. Furthermore, it was a very powerful Ancestral Taboo Martial Skill.

The reason why that Ancestral Taboo Martial Skill was powerful was because that Ancestral Taboo Martial Skill actually managed to directly block Old Demon Rakshasa's Ancestral Taboo Martial Skill.

“That is?”

It was only at that moment that Old Demon Rakshasa noticed that there was actually an individual wearing a black gown behind that Ancestral Taboo Martial Skill.

One could not see that person's facial appearance. However, from his aura, one could tell that he was a True Immortal.

He was the one who had unleashed that purple shield to block Old Demon Rakshasa's attack.

“Who are you?”

Old Demon Rakshasa asked with a cold voice.

However, that black-gowned individual did not bother to respond to Old Demon Rakshasa. Instead, he turned around and bowed to Chu Feng. Then, with an extremely respectful tone, he said to Chu Feng, “Master, this subordinate has come late.”

“Subordinate?”

At that moment, not only was Old Demon Rakshasa astonished, but the surrounding crowd was also astonished.

That True Immortal-level expert actually addressed himself as subordinate and called Chu Feng master?

Could it be that they were was an expert from Hero City?

That said, regardless of who he might be, there was one thing that was certain -- he was on Chu Feng's side.

“Senior, it's you again?”

At that moment, Chu Feng also rejoiced in his heart. Although Chu Feng was unable to see the black-clothed individual's facial appearance due to his outfit, Chu Feng was able to feel his aura.

The black-clothed individual was the same mysterious expert that had come to his rescue when the Kong Heavenly Clan was trying to kill him two years ago.

He never expected that he would encounter that person again at that moment.

“Master, allow me to take care of this Old Demon Rakshasa for you first.”

As that mysterious expert spoke, he revealed his Ancestral Armament and moved to attack Old Demon Rakshasa.

“Come, as if this True Immortal would fear you!”

Old Demon Rakshasa was not to be outdone. He held his Ancestral Armament and rushed forth to confront the incoming mysterious expert.

“Woosh, woosh~~~”

Right at that moment, an astonishing scene happened.

Kong Shunlian and Kong Yuehua who were originally watching from the sidelines also revealed their Ancestral Armaments and joined the battle.

Furthermore, they were actually helping that mysterious individual against Old Demon Rakshasa.

“You all, to attack one with many, have you no sense of shame?! Is this what a righteous power is?!!!”

Old Demon Rakshasa was seriously injured by Chu Feng to begin with. Thus, it was already very difficult for him to take on that mysterious individual by himself. And now, with Kong Shunlian and Kong Yuehua joining the battle, his expression changed immediately.

“The Infant Soul Sect has done all sorts of evil. Everyone in the Hundred Refinements Ordinary Realm is qualified to put you all to death. As such, how could confronting you be having no shame?” Kong Shunlian spoke coldly.

“Old Demon Rakshasa, with all the evil deeds that you’ve done in your lifetime, even dying ten thousand times will be insufficient to make up for them.”

“Thus, someone like you should not mention the word ‘shame’ to us. You are not qualified to use the word shame,” Kong Yuehua spoke ill-intended words at Old Demon Rakshasa. It could be seen that both Kong Shunlian and Kong Yuehua hated Old Demon Rakshasa.

“Eeaaahh~~~”

Faced with the joint attack from the three of them, how could Old Demon Rakshasa, who was already seriously injured, possibly be able to withstand them? Soon, he began to scream nonstop. He was easily defeated by the three of them.

However, the three of them did not immediately execute Old Demon Rakshasa. Instead, they used special methods to bind him.

After they finished binding Old Demon Rakshasa, Hun Lian and Xiaoleng, Kong Shunlian, Kong Yuehua and that mysterious expert brought Chu Feng with them and left. They were bringing Chu Feng elsewhere.

“Master, are you alright? Take these medicinal pellets immediately. Please allow this subordinate to help heal your injuries.”

While traveling, that mysterious individual suddenly stopped and moved to support Chu Feng.

Chu Feng had a very frightening complexion at that moment. His body was shivering nonstop, and his aura had become extremely weak.

Furthermore, he was bleeding from his seven facial orifices. That was especially true for his mouth, as a lot of blood was flowing from his mouth. Furthermore, the color of that blood was black.

# Chapter 2588 - Unknown Burial Ground

---

“I’m alright. This is merely a backlash from using forbidden medicines and forcibly using a secret skill that I cannot control.”

“I have already taken healing medicines. I will be fine after resting for some time,” Chu Feng said.

“If it’s a backlash, merely resting will not be enough. Master, you must immediately heal your injuries,” That mysterious man said.

“Seniors, do the two of you want to tell me something?” Chu Feng looked to Kong Shunlian and Kong Yuehua.

“Chu Feng, you should heal your injuries first. The pain from a backlash is no small matter. If serious, they can even cause one’s death. Moreover, you’ve even taken forbidden medicines,” Kong Shunlian said.

“You should cure your injuries first,” Kong Yuehua added.

“In that case, seniors, I shall trouble the three of you to wait for me a bit.”

Seeing that, Chu Feng no longer hesitated. He hurriedly sat cross-legged and set up a grand healing formation around himself.

Actually, the backlash Chu Feng had received this time was much more serious than the backlash he had received when he fought against Li Yue’er last time.

Not only had Chu Feng taken forbidden medicines, he had also utilized the Ancient Era’s War Sword for a much longer period of time, and did so with greater strength compared to last time.

Thus, the backlash he received from the Ancient Era’s War Sword would naturally be much more serious. On top of that, Chu Feng also received the backlash from the three forbidden medicines. Thus, the combined backlash Chu Feng was receiving was truly not something that ordinary people could endure.

Fortunately Chu Feng possessed astonishing willpower. If it were someone else, they would've already fainted from the pain that felt as if their body and soul were about to be torn apart.

.....

Although the pain from the backlash was extremely serious, Chu Feng was, after all, a Snake Mark Immortal-cloak World Spiritist.

By utilizing both healing medicines and world spirit formations, Chu Feng soon brought relief to the pain from the backlash. In the end, he managed to overcome the crisis.

Of course, as the backlash this time around was fiercer, the amount of time needed to neutralize the backlash was also longer.

When Chu Feng removed his spirit formation, he discovered that Kong Shunlian, Kong Yuehua and that mysterious individual were still standing there.

“Seniors, exactly why have the two of you asked me here? Where is Zhao Hong?” Chu Feng asked.

Upon seeing Kong Yuehua and Kong Shunlian, Chu Feng was able to tell that these two Kong Heavenly Clan's Utmost Exalted Elders didn't seem to hold great hostility toward him.

However, Chu Feng was still worried about Zhao Hong's safety.

“Let's change locations to talk,” Kong Shunlian and Kong Yuehua said. After saying that, they continued traveling.

“Master, you do not have to worry. It will be fine as long as you follow this subordinate,” That mysterious individual said to Chu Feng.

Chu Feng was able to tell that it was most definitely not a coincidence for the mysterious individual to appear. Likely, he had been with Kong Shunlian and Kong Yuehua to begin with.

Furthermore, even though Chu Feng had no idea who that mysterious individual was, he could tell from his attitude that the

mysterious individual would definitely protect him should anything happen.

With the mysterious individual there, the discomfort in Chu Feng's heart had decreased greatly.

Finally, Kong Shunlian and Kong Yuehua stopped in the middle of a desert.

“Here?”

Upon arriving, Chu Feng's gaze changed immediately.

He discovered that the desert was very different. Thus, he activated his Heaven's Eyes to carefully inspect the desert.

The more Chu Feng inspected, the more startled Chu Feng became. It was a burial ground.

Even though that place was especially hidden, Chu Feng was still able to determine very quickly using his Heaven's Eyes that there should be a burial ground or a treasure deposit below the desert.

Furthermore, judging by the scale of the burial ground, that burial ground should be very dangerous. The more dangerous a burial ground was, the greater the opportunity one could generally find within it.

“Wow, we are truly lucky. There's actually such a treasure deposit here,” Her Lady Queen was overjoyed.

“I'm afraid that things are not that simple,” Chu Feng shook his head. Then, he looked to Kong Shunlian and Kong Yuehua. He knew that Kong Shunlian and Kong Yuehua would not have brought him There for no reason.

They most definitely possessed some sort of goal.

“Chu Feng, we believe that you have already noticed,” Kong Shunlian and Kong Yuehua said in unison.

“Seniors, exactly what are you all...?” Chu Feng was confused. He did not understand exactly what Kong Shunlian and Kong Yuehua

were planning.

“Firstly, although our Kong Heavenly Clan was not personally extinguished by you, it is still related to you.”

“After all, two years ago, you indeed unleashed a massacre in our Kong Heavenly Clan. A lot of people from our Kong Heavenly Clan died by your hands.”

“Although it was our Kong Heavenly Clan that was in the wrong back then, but, to be honest, as members of the Kong Heavenly Clan, it is impossible for us to not feel hatred toward you,” Kong Yuehua said to Chu Feng.

“Seniors, this junior understands your frame of mind.”

“However, there is one thing that this junior needs to make clear,” Chu Feng raised the Evil God Sword he held in his hand, “Back then, being forced into a corner by your Kong Heavenly Clan, I had no choice but to use this Evil God Sword in order to survive.”

“As for this Evil God Sword, it is a Demon Armament. More often than not, I am unable to control its powers.”

“That day, I was under the control of this Demon Armament. I did not intend to unleash that massacre.”

“Furthermore, I also tried my best to hold the Evil God Sword back. Otherwise... the Kong Heavenly Clan would not have been exterminated by Ying Mingchao,” Chu Feng said.

Hearing what Chu Feng said, Kong Shunlian and Kong Yuehua’s expressions changed somewhat.

They understood what Chu Feng meant. After all, they had both witnessed Chu Feng’s strength when he was using the Evil God Sword.

If Chu Feng had not tried his hardest to hold the Evil God Sword back, Ying Mingchao would indeed not have eliminated the Kong

Heavenly Clan.

Because the Kong Heavenly Clan would've already been exterminated by Chu Feng two years ago.

Suddenly, Kong Shunlian Sighed deeply. He said, "Fate. This is the fate of our Kong Heavenly Clan."

After saying those words, Kong Shunlian turned around. No one knew what he was thinking.

"Chu Feng, we have actually not called you here because we want to seek you for revenge."

"Rather, we have called you here to save Zhao Hong," Kong Yuehua said to Chu Feng.

"Save Zhao Hong?"

"What has happened to Zhao Hong?" Chu Feng asked worriedly.

"There are a lot of remnants in the Hundred Refinements Ordinary Realm. However, the most dangerous of them all is the Unknown Burial Ground."

"Over the years, countless martial cultivation experts and world spiritists have entered the Unknown Burial Ground. However, not a single one was able to return alive."

"The remnant before us is the Unknown Burial Ground. The remnant that Zhao Hong entered is also the Unknown Burial Ground," Kong Yuehua said.

"How did you all come to know that Zhao Hong was in danger?"

"Furthermore, how did you all know that Zhao Hong entered this Unknown Burial Ground?" Chu Feng asked.

Chu Feng knew that Zhao Hong had entered a remnant in search of an opportunity to reach a breakthrough in her cultivation. However, not even he knew where Zhao Hong had gone to.

Thus, he was unable to understand how Kong Yuehua and the

others knew Zhao Hong's whereabouts.

Kong Yuehua did not answer Chu Feng's question. Instead, she looked to the mysterious individual beside Chu Feng with a very meaningful gaze.

"Senior?" Chu Feng also looked to that mysterious individual.

He knew that this matter was very possibly more closely related to this mysterious individual.

"Master, can we speak in private?" The mysterious individual said to Chu Feng.

"Mn," Chu Feng nodded.

Then, that mysterious individual brought Chu Feng far away from the location of the remnant.

Kong Yuehua and Kong Shunlian did not follow after them.

At that moment, that mysterious individual finally removed his hood and revealed his appearance to Chu Feng.

It turned out that he was an old man. There was nothing special about that old man's appearance. He looked very simple and down-to-earth.

Seeing the old man, Chu Feng was even more puzzled. The reason for that was because Chu Feng was certain that he had never met that old man before.

Suddenly, that mysterious old man kneeled before Chu Feng. Respectfully, he said, "This old man is the current clan chief of the guardian clan. I pay my respects to Young Master Chu Feng."

"Guardian clan? You are from the guardian clan?" Chu Feng came to a sudden realization.

Chu Feng naturally knew of the guardian clan. It was a mysterious clan in charge of looking after the Hundred Refinements Stage. Furthermore, there was an extraordinary relationship between the guardian clan and the Chu Heavenly

Clan.

It was no wonder the old man would address Chu Feng as 'Master.'

## Chapter 2589 - Sequence Of Events

---

“This subordinate is the current clan chief of the guardian clan. I also know that Young Master Chu Feng does not wish to reveal his identity. Thus... this subordinate has not exposed Young Master Chu Feng’s identity to anyone. I have also concealed my own identity,” The guardian clan’s clan chief said.

At that moment, Chu Feng finally realized why the guardian clan’s clan chief had to distance himself from Kong Shunlian and Kong Yuehua when telling Chu Feng these things.

Evidently, even the two of them had no idea that this mysterious True Immortal-level expert was actually the clan chief of the guardian clan in charge of guarding the Hundred Refinements Stage.

“Senior, I am actually no longer a member of the Chu Heavenly Clan,” Chu Feng said.

Hearing what Chu Feng said, the guardian clan’s clan chief was slightly startled. Then, he said, “This subordinate has no idea what happened between Young Master Chu Feng and the Chu Heavenly Clan. However, it remains that the blood that flows through Young Master Chu Feng is the Chu Heavenly Clan’s blood. In the eyes of this subordinate, you are my master.”

“In that case, how did you find out that I am from the Chu Heavenly Clan? Was my identity revealed when I entered the Hundred Refinements Stage?” Chu Feng asked.

“Indeed. Ever since that day, this subordinate has been secretly protecting Young Master Chu Feng. I have done so all the way up to two years ago, when the Kong Heavenly Clan attacked Young Master Chu Feng,” The guardian clan’s clan chief said.

“Senior, I have truly troubled you,” Chu Feng felt very grateful. After all, Chu Feng and the guardian clan’s clan chief had only

encountered each other once. Yet, the guardian clan's clan chief was able to treat him like this. From this, it could be seen how loyal and devoted the guardian clan was toward the Chu Heavenly Clan.

“Putt~~~”

Suddenly, the guardian clan's clan chief kneeled onto the ground. He said, “Young Master Chu Feng, please don't address this subordinate as ‘senior’ anymore. This subordinate isn't qualified for such respect.”

“Quickly get up,” Chu Feng hurriedly helped the guardian clan's clan chief back up. He said, “If you consider me your master, then listen to me. From today onwards, you are to address me as Chu Feng. And I... will address you as senior.”

“This...” The guardian clan's clan chief started to hesitate.

“Else... you do not have to continue to protect me.”

“No matter how you view me, I do not wish to accept a master and servant relationship. After all, in my heart, I am no longer a member of the Chu Heavenly Clan,” Chu Feng said in a very serious manner.

“Very well. In that case, I will do as Young Master Chu Feng says. No... Chu Feng,” The guardian clan's clan chief corrected himself.

“Senior, can you tell me the situation with Zhao Hong?” Chu Feng asked.

“Mn,” The guardian clan's clan chief nodded. Then, he began to narrate to Chu Feng what had happened during that period of time.

Two years ago, in the battle against the Kong Heavenly Clan, Chu Feng was under the influence of the Evil God Sword and was about to lose himself.

With no other option, the guardian clan's clan chief followed

Chu Feng's request and brought Kong Yuehua, Kong Shunlian and Wang Qiang away from the Kong Heavenly Clan.

Both Kong Yuehua and Kong Shunlian were shocked by that battle. They began to doubt and distrust their clan.

Thus, they did not return to the Kong Heavenly Clan. In fact, some people even thought that they were dead.

The two of them had been staying together with the guardian clan's clan chief and Wang Qiang the entire time.

As the guardian clan's clan chief and Wang Qiang were worried about Chu Feng's safety, they went all over the place to search for Chu Feng's whereabouts. However, they were not able to find anything.

Not long afterward, the news of Chu Feng's death began to spread. Although they were skeptical of the news, they still slightly believed it.

Because of that, Wang Qiang grew extremely hateful toward the Kong Heavenly Clan, and vowed to make the Kong Heavenly Clan pay. After that, Wang Qiang found Zhao Hong. At that time, Zhao Hong also knew about what had happened, and also hated the Kong Heavenly Clan to the bone.

With that, the two of them began to plan how to take revenge upon the Kong Heavenly Clan.

Both Kong Shunlian and Kong Yuehua knew about the matter.

That said, even though the two of them were both part of the Kong Heavenly Clan, they were righteous people, and were capable of distinguishing gratitude and grudges.

They felt that the Kong Heavenly Clan was in the wrong in regards to what had happened to Chu Feng. Thus, even though they knew that Zhao Hong and Wang Qiang were planning to take revenge upon the Kong Heavenly Clan, they did not stop them. Instead, they chose to enter closed-door training.

The place where they chose to enter their closed-door training was precisely this vast desert.

Although Kong Shunlian and Kong Yuehua entered closed-door training, the guardian clan's clan chief did not trust them.

He feared that Kong Shunlian and Kong Yuehua possessed ulterior motives, and would secretly attack Wang Qiang and Zhao Hong.

Thus, the guardian clan's clan chief decided to stay and overlook the two of them as they continued with their closed-door training.

Furthermore, upon finding out that Wang Qiang and Zhao Hong wanted to become stronger, he wanted to help them. Thus, he told them the location of all the remnants that he knew of.

In the past two years, Wang Qiang and Zhao Hong had traveled back and forth from remnant to remnant. It was actually all thanks to the guardian clan's clan chief that the two of them managed to increase their cultivation so quickly.

Among the remnants that the guardian clan's clan chief told Wang Qiang and Zhao Hong about was the Unknown Burial Ground.

“In the end, that girl Zhao Hong lied to me.”

Chu Feng felt helpless. Although Zhao Hong had told him that the remnant she was going to enter was dangerous, she mentioned to him that she had been in that remnant before. Furthermore, she spoke with great confidence. Thus, Chu Feng decided to let her go.

However, looking at things now, that wasn't the case at all.

When Zhao Hong returned to the vast desert and expressed her desire to enter the Unknown Burial Ground, the guardian clan's clan chief was against it. In fact, even Kong Yuehua and Kong Shunlian were against it.

However, Zhao Hong insisted on entering the remnant.

Furthermore, she was extremely confident. Unable to get through her stubbornness, the guardian clan's clan chief took out a treasure.

It was a treasure allowing one to teleport a short distance. Regardless of where one might be, one would be able to teleport to a fixed location after using that treasure.

Naturally, the guardian clan's clan chief set the location for Zhao Hong to be teleported to outside of the Unknown Burial Ground.

Furthermore, the guardian clan's clan chief demanded that Zhao Hong must withdraw from the Unknown Burial Ground should she encounter danger; that she must not force herself.

Zhao Hong accepted his demands without hesitation.

However, the guardian clan's clan chief was still worried for Zhao Hong. Thus, he took out another treasure, a treasure capable of assimilating with Zhao Hong's soul.

If Zhao Hong was injured, in fatal danger or dead, that treasure would respond to all of those.

And the situation at hand was that Zhao Hong was in fatal danger. Furthermore, she was injured. However, even with that being the case, Zhao Hong still did not use the treasure to teleport back.

Furthermore, only those below True Immortal level of cultivation were capable of entering the Unknown Burial Ground.

Thus, even though the guardian clan's clan chief wanted to enter and inspect the situation inside, he was unable to do so.

With no other option, he decided to send that letter to Chu Feng.

# Chapter 2590 - The Origin Of The Unknown Burial Ground

---

“Why wasn’t the situation explained directly in the letter? Why did you have to write it like that?” Chu Feng asked in a confused manner.

Naturally, what Chu Feng was asking about was how, in the letter, Kong Yuehua and Kong Shunlian were threatening Chu Feng, saying that Zhao Hong was in their hands.

“It remains that Kong Shunlian and Kong Yuehua are from the Kong Heavenly Clan. On the one hand, they felt hatred toward you. On the other hand, they felt that their Kong Heavenly Clan was in the wrong. Thus, their hearts have been in a state of torment the entire time.”

“They wanted to use this opportunity to verify exactly how much you value your friends.”

“If you truly valued friendship, they might... end up no longer looking further into the grudges between you and the Kong Heavenly Clan,” The guardian clan’s clan chief said.

“So that’s the case,” Chu Feng came to a sudden realization.

“You should not blame them. After all, they are people from the Kong Heavenly Clan. Likely, their hearts are suffering more than anyone else,” The guardian clan’s clan chief said.

“That I understand.”

“Senior, is it possible for you to show me what Zhao Hong’s current situation is?” Chu Feng asked.

“Young Master Chu Feng, please have a look. Zhao Hong’s current situation is not optimistic at all.”

The guardian clan’s clan chief took out a blue crystal. It was a very peculiar crystal; it was actually rectangular in shape.

At that moment, a black image like a person's shadow was flickering inside the rectangular crystal. That image was not fully black in color. Instead, it was flickering with a red light in many locations. Furthermore, the entire image was also flickering nonstop.

"The red lights signify injuries, and the flickering means she's in fatal danger?" Chu Feng turned to ask the guardian clan's clan chief.

"What Young Master Chu Feng says is correct. If the image disappears, it means that Zhao Hong has encountered a mishap," The guardian clan's clan chief said.

"Then could it be that Zhao Hong has become incapable of using that treasure capable of teleporting her out of the Unknown Burial Ground?" Chu Feng asked.

"No, that teleportation treasure is definitely effective. I believe in the power of that treasure because it was something that a Lord from the Chu Heavenly Clan left behind," The guardian clan's clan chief said in a very determined manner.

After hearing that, Chu Feng came to realize why the guardian clan's clan chief was so certain in the effectiveness of that teleportation treasure. Since it was a treasure left behind by the Chu Heavenly Clan, it should possess great effectiveness in the Hundred Refinements Ordinary Realm.

"There's no time to lose. I will enter the Unknown Burial Ground right now," As Chu Feng spoke, he began to move toward the direction of the Unknown Burial Ground.

He was truly worried about Zhao Hong's safety.

"Young Master Chu Feng, please wait."

Right at that moment, the guardian clan's clan chief suddenly stopped Chu Feng. He said, "Please use this."

At that moment, the guardian clan's clan chief took out a case

from his Cosmos Sack.

It was a very exquisite and extraordinary case. From this, it could be seen that the item contained inside the case would be no small matter.

Otherwise, there would be no reason for the guardian clan's clan chief to keep that item in such an exquisite and extraordinary case.

After opening the case, what appeared was a compass.

That compass was very special. Although it appeared to be an actual substance, Chu Feng was able to tell from a single glance that the compass was a teleportation formation. Furthermore, it was a very powerful spirit formation. At the very least... it would be impossible for the current Chu Feng to set up such a spirit formation.

In the center of the compass was another smaller circular compass. That compass was only the size of a coin. However, it was glistening with golden light. Moreover, it possessed a very soft appearance. It was as if that compass was created from water, and would shatter upon the slightest exertion of strength.

This smaller compass was also a teleportation formation.

Even without the guardian clan's clan chief explaining things to him, Chu Feng knew what the two compasses were for.

Most likely, these two compasses were the treasure that could allow one to teleport anywhere in a close range to a specific location.

“Young Master Chu Feng, please extend your hand,” The guardian clan's clan chief said to Chu Feng.

Chu Feng did as he said and extended his hand. The guardian clan's clan chief picked up the small compass and placed it on Chu Feng's palm. Then, he instilled his spirit power into the small compass and formed a special hand seal.

“Buzz~~~”

Like water, that small compass started to disperse. In the blink of an eye, it had assimilated into Chu Feng’s palm.

That small compass was still present. However, it was currently imprinted into Chu Feng’s palm like a tattoo.

“Young Master Chu Feng, if you are to encounter danger and want to leave the Unknown Burial Ground immediately, you merely need to clench your palm and think about activating the teleportation formation. With that, you will be teleported out,” The guardian clan’s clan chief said.

“There’s also this. This is...” The guardian clan’s clan chief took out another case. After opening the case, two beads appeared.

One was a medicinal pellet, whereas the other was a blue rectangular crystal.

Chu Feng knew that this must be the same crystal that Zhao Hong used that could determine her state of being.

“Young Master Chu Feng, please swallow this medicinal pellet,” The guardian clan’s clan chief handed the medicinal pellet to Chu Feng.

Chu Feng swallowed the medicinal pellet without hesitation. After swallowing the medicinal pellet, Chu Feng felt a strange sort of power spreading through his body. Soon, that power was absorbed by his body. Not only did that power merge with Chu Feng’s flesh and bones, but it seemed to have even merged with Chu Feng’s source energy and soul.

Furthermore, Chu Feng was able to see that as the medicinal pellet merged with his body, a shadowy image gradually appeared on that blue rectangular crystal.

That shadowy image was different from the one in Zhao Hong’s rectangular crystal. Not only was it not emitting any red light, but it was also not flickering. It was very clear and stable.

Evidently, this shadowy image represented Chu Feng.

“Senior, you do not have to worry too much about me. I know what to do,” Chu Feng said to the guardian clan’s clan chief.

Chu Feng knew very well that the guardian clan’s clan chief did all this because he was worried about Chu Feng’s safety.

“Young Master Chu Feng, perhaps there are some words that this old man should not say. However, I urge you to keep in mind that your body, hair and skin are all given to you by your parents. If you are to truly encounter danger, you must not act impetuously.”

“Even if you do not consider yourself, you must still consider your family. Think about... what they will be feeling,” The guardian clan’s clan chief advised Chu Feng earnestly and well-meaningly.

He seemed to understand Chu Feng very well. He knew that Chu Feng was someone who was loyal and righteous. For his friend’s safety, he was able to disregard everything.

Chu Feng was moved by the words spoken by the guardian clan’s clan chief.

It was true. If something were to happen to him, how aggrieved would his father and mother be?

Most importantly, he had yet to even meet his mother. If he were to die just like that, Chu Feng would have deep regrets even in death.

“I will keep that in mind,” Chu Feng said.

Then, together with the guardian clan’s clan chief, Chu Feng returned to the area where the Unknown Burial Ground was located.

The guardian clan’s clan chief placed the other spirit formation compass on the ground.

If Chu Feng planned to teleport out, he would have to rely on

that grand spirit formation compass.

That said, some time was needed in order to activate the spirit formation compass.

After that compass reached the ground, it immediately increased in size. It grew to the size of a watermelon, and then continued to grow until it was thirty meters long and ninety meters tall. This enormous spirit formation was glistening with light.

Compared to how it was before, this spirit formation simply looked like a completely different thing.

Originally, Chu Feng wanted to help. However, the guardian clan's clan chief insisted on finishing the spirit formation himself.

With no other option, Chu Feng ended up standing aside as a spectator.

"Senior Kong Yuehua, can you tell me why this place is called the Unknown Burial Ground?" Chu Feng asked curiously.

"Of course," Kong Yuehua nodded. Then, she said to Chu Feng, "Actually, compared to the Hundred Refinements Ordinary Realm's other remnants, this Unknown Burial Ground has not been around for long. In fact, it could be said that it was very recently discovered."

"It appeared roughly two thousand years ago. At that time, the Unknown Burial Ground was not buried underneath this desert. Instead, it was a vast building complex."

"It was exquisite, spectacular and intimidating."

"It was simply indescribable with words. It simply did not resemble buildings, but was more like a piece of art. Looking at it, one would easily be captivated by it."

At that moment, Chu Feng noticed that Kong Yuehua's expression changed. It was as if she was recalling the scene back then.

At that moment, Chu Feng was certain that Kong Yuehua was one of the witnesses to the appearance of the Unknown Burial Ground back then.

# Chapter 2591 - The Path Of The Brave

---

“Those buildings were truly astonishing and extremely enticing.”

“Merely by looking at it with one’s naked eye, one could tell that it was a treasure deposit filled with extraordinary treasures.”

“As such, countless experts immediately entered the building complex. The various powers began to scramble with one another. They all wanted to obtain the decisive treasures that were sure to be within.”

“Even the strongest experts of the Hundred Refinements Ordinary Realm from back then came out of their obscurity.”

“However, when those peak experts arrived, they discovered that True Immortal-level experts were unable to enter the remnant.”

“Due to the fact that True Immortals were unable to enter it, the True Immortal-level experts that had arrived back then were feeling aggravated.”

“After all, they all felt that the remnant that suddenly appeared out of nowhere definitely possessed an enormous amount of treasure. They felt that it was a great pity to not be able to enter it.”

“However, as time gradually passed, the crowd discovered a problem.”

“Although more and more people were entering the remnants, no one was leaving the remnant.”

“That remnant was like a bottomless pit. Everyone that entered it disappeared henceforth.”

“Suddenly, the crowd realized that the remnant was not as simple as they had anticipated.”

“Judging from the various signs, it seems that this remnant was deliberately luring people in.”

“All of a sudden, people were all on-guard against the remnant. However, faced with the enticement of the treasures inside, there were still people who disregarded their lives and entered it.”

“However, they suffered the same fate as those before them. Not a single person left the remnant alive.”

“At that moment, many people felt that the remnant was a slaughtering formation. They felt that people must not be allowed to enter it again.”

“However, people were unwilling to accept it. They were unable to accept that they’d been played for fools by the remnant. Thus... the True Immortal-level experts from the four tier one powers joined hands and tried to break through the remnant with force.”

“However, in the end, that remnant was not shaken in the slightest.”

“Furthermore, an intense ray of light suddenly shot out of the remnant. It reached the vast sky, brightly illuminating the entire region.”

“Several large characters appeared in the light.”

“Exceptional treasures are located within. Waiting... for true experts to obtain them!!!”

“After that, the remnant sunk deep into the desert.”

“As for those words, they were like a provocation. All those that witnessed what happened back then felt extremely unreconciled.”

“However, with how dangerous that remnant was, even though people wanted to enter it and obtain the treasures, they were powerless to do anything.”

“However, even after that, there were still people that entered the remnant one after another. However, they all suffered the same sort of fate. Not a single person was able to return alive.”

“That remnant was like a game, a game arranged for the people

in the Hundred Refinements Ordinary Realm.”

“We have no idea who it is that set up such a game.”

“We also have no idea where the remnant came from.”

“In fact, we do not even know whether or not there are truly treasures in the remnant.”

“Everything regarding it is unknown. However, it resembled a burial ground, a burial ground for all those that entered it.”

“Because of that, that remnant became known as the Unknown Burial Ground.”

“That was also the reason why it was deemed to be the most dangerous remnant in the Hundred Refinements Ordinary Realm,” Kong Yuehua said.

“Unknown Burial Ground, its name is truly well-deserved,” After hearing Kong Yuehua’s explanation, Chu Feng also felt deeply that this Unknown Burial Ground was very fishy.

However, for some unknown reason, after hearing about the matter, Chu Feng did not feel fear. Instead, he started to look forward to entering the Unknown Burial Ground even more.

Could it be that this really was a game?

If it really was a game, then... Chu Feng did not wish to know who set up this game.

All Chu Feng wanted was to beat it.

“Buzz~~~”

Right at that moment, the teleportation formation that the guardian clan’s clan chief was setting up suddenly started to shine brightly with light. Following that, the various layers of the spirit formation started to move.

However, when the guardian clan’s clan chief formed a hand seal, that extremely magnificent teleportation formation suddenly

disappeared.

Although Chu Feng knew that the teleportation formation had been hidden, Chu Feng was still very shocked by it. The reason for that was because... even he was unable to sense the existence of the teleportation formation, even though he knew it was there.

That once again served to prove how exceptionally amazing that teleportation formation was.

“Chu Feng, the teleportation formation is done setting up. If you are to encounter troubles, you must use the teleportation formation right away to escape the Unknown Burial Ground,” The guardian clan’s clan chief said to Chu Feng earnestly. A deep sense of worry filled his words.

“Senior, please rest assured. I will take care of myself. I will also bring Zhao Hong back,” Chu Feng said confidently.

After he finished saying those words, Chu Feng turned around and began to move toward the location where the Unknown Burial Ground was submerged.

At that moment, the guardian clan’s clan chief, Kong Yuehua and Kong Shunlian all revealed a startled expression.

None of them had told Chu Feng where the entrance to the Unknown Burial Ground was. However, Chu Feng was currently proceeding toward the entrance to the Unknown Burial Ground.

“Little friend Chu Feng’s perceptive ability is truly astonishing,” Kong Shunlian, who had been silent for a very long time, suddenly spoke with great astonishment.

Suddenly, Chu Feng stopped.

Looking with one’s naked eye, the place where he stopped looked like an ordinary part of the desert.

A strong wind blew past and swirled up the sand. At that moment, yellow sand began to flutter everywhere.

Looking at the sand, one would feel desolate and detached.

Suddenly, Chu Feng's eyes changed. A sharp gaze emerged from his eyes.

“Boom!” A loud explosion was heard.

Then, a violently surging tornado appeared at Chu Feng's location.

That tornado was very special. It did not suck in the yellow sand. Instead, it began to push the yellow sand where Chu Feng was standing away.

As for Chu Feng, he also gradually sunk deeper as the yellow sands were pushed away.

When everything was over, Chu Feng was surprised to discover that there was not only sand surrounding him, but there was also an enormous entrance gate before him.

That entrance was composed of stones. It was not extremely magnificent or dazzling.

In fact, it could even be said that it was somewhat destroyed.

However, one would feel a special sort of sensation from that entrance gate. It possessed an indescribable sense of appeal.

Chu Feng pushed open the gate. in the beginning, what appeared before Chu Feng was pitch blackness. However, light soon began to appear from far away within the entrance.

It was candlelight. There were so many dots of candlelight that they completely lit up the spacious and empty passageway.

Although the passageway was very deep, it was full of carvings and paintings on either side, which had been created with uncanny workmanship. They were truly exquisite.

“Those should be formed with spirit techniques,” Her Lady Queen said.

“With how exquisite those carvings are, the person who created them should possess an extremely high level of world spirit techniques,” Chu Feng gasped in admiration. From the art alone, he felt himself to be inferior.

Although Chu Feng was able to, with his current level of world spirit techniques, instantly construct exquisite palaces, he had not reached this level of proficiency.

The carvings here were not merely beautiful, they each possessed their own unique charm. Their charm was telling everyone that they were unique and unmatched.

That sort of carving was something that only expert artists could accomplish using their entire life’s passion and effort.

However, it was clear that the carvings were created by a world spiritist. From this, it could be seen how powerful the person who created the Unknown Burial Ground was.

That said, even though that place was a superlative work of art and extremely enticing to world spiritists, Chu Feng had no heart to enjoy the art.

After verifying that there were no traps around him, Chu Feng quickened his pace. He wanted to find Zhao Hong as quickly as possible.

“That is?”

After walking for only a short period of time, Chu Feng suddenly stopped.

He revealed an incomparably surprised gaze. At the same time, he felt as if he was completely lost.

The reason for that was because he discovered that the path before him had been sealed off.

A wall had appeared before that long passageway. That wall was very tough. Chu Feng was able to tell just by looking at the wall

that he was unable to break through the wall with the strength that he currently possessed.

On the wall were eight large characters written with sharp handwriting.

‘The Path Of The Brave Is One Without Retreat.’ [1. This is eight characters in chinese.]

# Chapter 2592 - Trapped In A Predicament

---

“Rumble~~~”

Right at that moment, an explosion suddenly sounded from behind Chu Feng.

Turning around, Chu Feng started to frown. Another wall had appeared behind him. It was the same sort of wall as the one before him.

Merely, the wall behind him had sealed off his way back.

This had verified to Chu Feng that the two walls were the same; they were both activated by some sort of mechanism.

“What sort of meaning is this?” Her Lady Queen revealed a confused expression.

Neither one of those two walls were a small matter. At the very least, Chu Feng was currently unable to breach them.

In fact, even the two walls beside him, the stone path underneath his feet and the roof above his head were also incomparably tough. None of them were things that Chu Feng could destroy with his current level of strength.

As such, the situation at hand was that Chu Feng was unable to proceed and unable to retreat.

“Likely, that is the case,” Chu Feng cast his gaze toward a corner of the wall.

When looking with one’s naked eye, one could not see anything there. However, once Chu Feng activated his Heaven’s Eyes, an item appeared at the place that originally had nothing there.

“Isn’t that a teleportation formation?” Her Lady Queen’s eyes started to shine.

The reason for that was because the item in the corner was exactly the same as the teleportation formation in Chu Feng’s

palm. Merely... that teleportation formation had the appearance from before it entered Chu Feng's palm.

"Did Zhao Hong put it there?" Her Lady Queen asked.

"That item was placed there and covered with a concealment formation. It is obvious that the person who did that was afraid that someone might discover it and take it away."

"I have managed to sense Zhao Hong's aura from that concealment formation. It was indeed done by her," Chu Feng said.

"With this, we now know why Zhao Hong did not escape the Unknown Burial Mound with her teleportation formation even after being seriously injured. It turns out that she had already removed the teleportation formation and placed it here. Even if she wanted to use it, she would not be able to," Her Lady Queen said.

"The path of the brave is one without retreat. I guess this is what it means."

Chu Feng looked at the eight large characters on the wall before him and revealed a wry smile.

Chu Feng had discovered how to proceed onward. Merely, he would have to give up some things. Right now, what Chu Feng needed to give up would be the teleportation formation within his palm.

After all, the intention of the those eight words were clear. If one wanted to proceed onward, one could not prepare a way out for oneself. As for the way out, it would be the teleportation formation that could send Chu Feng out from the Unknown Burial Ground, the greatest way out that Chu Feng possessed.

As Chu Feng spoke, he extended his fingers. Then, wave upon wave of spirit power started to flow into the teleportation formation in his palm.

As more and more spirit power entered it, the teleportation formation that had originally looked like a tattoo on Chu Feng's palm started to wiggle. It was as if the teleportation formation was planning to make its way out of Chu Feng's palm.

"Chu Feng, are you really planning to do this?" Her Lady Queen asked.

"There seems to be no other choice," Chu Feng said.

Her Lady Queen sighed. It was a sigh of helplessness. As Chu Feng said, there really didn't seem to be any other choice.

"Could there be someone guarding this place? Otherwise, how could they know that there's a teleportation formation on you?" Her Lady Queen said.

"Who knows? The answer to the riddles will likely be disclosed once I enter it," Chu Feng said with a faint smile.

Actually, he also felt helpless. After all, control was being completely taken away from him. He had entered an absolute state of passiveness.

During the moment when Chu Feng was talking with Her Lady Queen, Chu Feng finished removing the teleportation formation from his palm. That teleportation formation once again returned to normal.

"Rumble, rumble~~~"

At practically the same time that happened, the walls before and behind Chu Feng gradually descended into the ground. Soon, they disappeared.

Sure enough, Chu Feng's guess was correct. Once he removed the teleportation formation, the walls sealing off his path disappeared.

Even though he had guessed correctly, Chu Feng felt even more helpless, as this meant that... he was indeed under another's control.

Afterward, Chu Feng placed his teleportation formation beside Zhao Hong's teleportation formation. Then, he also set a concealment formation over his teleportation formation.

After finishing all that, Chu Feng continued onward. This time around, Chu Feng's traveling speed grew even faster.

The reason for that was because he discovered that that long passageway seemed to be never-ending. Chu Feng had no idea when he would be able to find traces of Zhao Hong.

“Rumble~~~”

However, after traveling for only a short while, an explosion sounded from behind Chu Feng. Another wall had appeared behind him.

“It would seem that I truly have no way out,” Chu Feng revealed a wry smile.

Evidently, the wall behind him did not have the intention of descending. In other words, Chu Feng could only continue onward. Even if he wanted to retreat from that place, he would not be able to.

After all, he had already left his teleportation formation behind.

“Buzz~~~”

Right at the moment when Chu Feng was lamenting, dazzling light suddenly appeared under Chu Feng's feet.

Chu Feng looked down. Immediately, his expression changed.

At that moment, countless peculiar patterns appeared beneath Chu Feng's feet. The dazzling light was being emitted by those veined patterns.

At the beginning, Chu Feng was very nervous. He thought that it was a slaughtering formation. However, after taking a closer look, the nervousness in Chu Feng's eyes turned to astonishment.

“Teleportation formation?” Chu Feng voiced in shock.

That's right, what had appeared beneath Chu Feng was not a slaughtering formation. Rather, it was actually a teleportation formation.

“Buzz~~~”

The next moment, Chu Feng suddenly felt his surroundings turning fuzzy. When his field of view returned to normal, he was no longer in the long passageway. Instead, he had arrived at a completely different place.

Chu Feng was above a vast sea.

The sky was covered with densely surging purple clouds.

It was as if there were a myriad of monsters wreaking havoc in the clouds.

Not only were the clouds purple, but the lightning flashing in the clouds was black.

Not only was the lightning black, but they also let out exceptionally ear-piercing thunder when they appeared. The rumbling of the thunder was so strong that even Chu Feng felt a sting in his ears.

Chu Feng, a peak Martial Ancestor, was actually unable to resist the sound of the thunder.

As for the vast sea underneath, it was even more astonishing.

The sea was pitch-black in color. The waves were so enormously huge that they reached at least a hundred meters. Whilst the largest waves surpassed even a thousand meters.

Those waves moved as if they could topple the mountains and overturn the seas. How could they even be considered to be waves? They were simply walls of water that reached the sky moving atop the sea.

Most importantly, not only were the waves fierce, but the seawater was also emitting an extremely powerful aura. Chu Feng

felt a fatal danger from that aura.

“What sort of sea is this?” Chu Feng frowned deeply.

That place appeared to be boundless. It caused Chu Feng to lose his sense of direction. Most importantly... the sea below was simply too frightening. It was as if one would be seriously injured or even killed should one fall into the sea.

To Chu Feng, that sea was an enormous threat. It made Chu Feng feel extremely uncomfortable.

“No matter what sort of sea it is, you cannot approach it,” Her Lady Queen warned.

“This Unknown Burial Ground truly surpasses one’s imagination,” Chu Feng gasped with admiration.

Even though that place appeared to be vast and boundless, Chu Feng knew that... he was still in the Unknown Burial Ground.

For a remnant to actually contain such a vast and boundless land... it was evident that it was man-made.

What sort of person was capable of creating this sort of thing?

“Buzz~~~”

At the moment when Chu Feng was gasping in admiration, a strand of light emerged from the incomparably pitch-black sea filled with heaven-reaching waves.

A person could be seen in the light.

As for that person, it was actually Zhao Hong.

“Zhao Hong?”

Chu Feng’s heart tensed up the moment he saw Zhao Hong. Then, he shouted loudly for her.

Chu Feng’s shouts came in succession. His shouting was so loud that it even surpassed the thunder in the sky.

However, Zhao Hong never responded to his calls.

“It’s useless. She simply cannot hear you. This is merely an image. She is simply unable to sense you,” Her Lady Queen said.

“Damn it, she’s trapped.”

At that moment, Chu Feng started to frown. He grew even more uneasy.

The reason for that was because Zhao Hong did not appear to be fine. Although there was no sign of injury on her, she appeared very wan and sallow. It was as if... her life was nearing its end.

Furthermore, she was moving and observing her surroundings nonstop. From time to time, she would move as if she was setting up a spirit formation or unleashing a martial skill.

Evidently, she was trapped somewhere and trying her hardest to break free.

# Chapter 2593 - The Black Sea; Gates Of Hell

---

For such an image to appear appear above the black sea was simply too eye-catching.

However, that image started to grow fuzzy. Chu Feng was able to tell that the image was moving. It was moving deep into the sea.

“I understand now, it’s trying to lead me,” Chu Feng said.

“No, you must not enter that sea,” Her Lady Queen said.

She also realized that Zhao Hong’s image did not appear by itself without reason. Instead, it was being deliberately shown to Chu Feng.

It was telling Chu Feng that he must enter the sea if he wanted to find Zhao Hong. That Zhao Hong... was in the deep sea.

However, the seawater of this place contained immeasurable power and great hidden dangers.

If Chu Feng were to enter it, he would be injured in some manner, or potentially be killed.

Her Lady Queen did not wish for Chu Feng to take risks.

“I will make preparations before going down. Everything will be fine.”

After Chu Feng finished saying those words, he began to set up a spirit formation. A defensive formation soon covered his body.

In addition to that, Chu Feng also activated his Thunder Armor, Thunder Wings and Lightning Mark to increase his strength.

Then, Chu Feng leapt directly into the black sea.

“Wuu~~~”

Right after entering the sea, the spirit formation that surrounded Chu Feng was immediately destroyed.

The next moment, Chu Feng felt an enormous pressure engulfing

and crushing him from all sides.

Chu Feng felt as if he was simply not submerged in water. Rather, he felt as if he was being crushed by enormous rocks. Not only had moving become difficult, but even breathing was very challenging.

With the situation like this, Chu Feng became unable to move. He was stopped in the seawater.

He did not sink to the bottom of the sea either, as the seawater was very special. Even though he was inside the seawater, he did not automatically sink to the bottom or float to the top.

If he wanted to move, he would have to rely on himself.

“Chu Feng, are you alright?”

Seeing that Chu Feng had stopped moving and closed his eyes, Her Lady Queen became worried.

“It’s nothing. Although the seawater here appears to be very frightening, it actually does not pose any danger at all. Once I get used to it, I should be able to withstand the pressure of the seawater,” Chu Feng said.

Although Chu Feng said he was fine, it remained that his body was currently under enormous pressure. Thus... the crystal that had assimilated with his soul started to react.

Outside of the Unknown Burial Ground. The guardian clan’s clan chief, Kong Shunlian and Kong Yuehua were all looking at that crystal with nervous expressions on their faces.

Seeing the image on the crystal being held by the guardian clan’s clan chief, Kong Yuehua said, “It’s merely superficial wounds and nothing serious. There’s no need for you to be too worried.”

“But, did you notice that this sign greatly resembles the reaction Zhao Hong had right after entering the Unknown Burial Ground?” The guardian clan’s clan chief said.

“Indeed,” Kong Shunlian nodded in agreement, “This most likely means that Chu Feng is currently experiencing the same thing that Zhao Hong experienced. Could it be that they’ve met with an identical trap?”

“That’s very possible,” The guardian clan’s clan chief said.

“However, there’s a slight difference,” Kong Yuehua said.

“What sort of difference?” Kong Shunlian and the guardian clan’s clan chief asked in unison.

“Chu Feng’s reaction is not as serious as Zhao Hong’s. This means that Chu Feng’s resistance is stronger than Zhao Hong’s,” Kong Yuehua said.

“What you say is true. That’s most likely the case,” Kong Shunlian nodded again.

However, the guardian clan’s clan chief did not say anything. If things were as they guessed, and Chu Feng was currently experiencing what Zhao Hong had experienced, then the following path would not be that easy to travel.

The reason for that was because this sort of situation only lasted for a short moment for Zhao Hong before signs of her being seriously injured appeared. As for her serious injury, it had been persistent.

At that moment, Chu Feng opened his eyes again.

He had gradually adapted to the pressure of the seawater. Although Chu Feng’s movements were still extremely slow, he was now able to gradually submerge himself into the depths of the black sea.

The pitch-blackness of the seawater was no ordinary black. Instead, there was special power contained in the blackness of the seawater.

Even though Chu Feng was using his Heaven’s Eyes, he was

unable to see more than ten meters away.

He could only hear the surging undercurrent surrounding him sounding like the roars of ferocious beasts.

The further down Chu Feng moved, the more powerful that ferocious aura grew.

It turned out that it was not that this black sea was not as dangerous as it appeared. Rather, the dangerous location was in the depths of this black sea.

The reason why Chu Feng felt this way was because the deeper he submerged himself, the more he felt that... extremely powerful and dangerous unknown aura.

“The reputation of the Unknown Burial Ground is truly not in vain. This sort of unknown sensation is truly unpleasant.”

At this moment, even Chu Feng started to voice complaints. The sensation that he was feeling right now was truly unbearable.

It was a sensation of feeling very helpless. The reason for that was because Chu Feng was surprised to discover that he could only sink downward, and not rise through the water.

In other words, he had no way of returning. He could either stop motionlessly in the sea or proceed downward toward that unknown danger.

No one wanted to die. However, the only way to survive for Chu Feng would be to slowly proceed toward that fatal aura.

Fortunately, Chu Feng possessed outstanding willpower. If his willpower was lacking, he would likely be suffering from a mental breakdown already.

“It’s here,” Suddenly, Chu Feng’s gaze grew cautious and serious. He was looking closely at something.

“What?” Her Lady Queen asked. Although she was able to share Chu Feng’s vision and hearing, she was unable to understand what

Chu Feng meant by 'it's here.' After all, there was simply nothing before Chu Feng. At a glance, the only thing that could be seen was the pitch-black seawater.

“Rumble, rumble~~~”

Right at this moment, rumbles were heard. Although Chu Feng was unable to see anything, he was able to sense that the seawater beneath him was surging.

An intense light was shining toward him. Merely, that light was red in color.

Chu Feng hurriedly continued to descend. The further down he went, the more distinctively he was able to see.

There was a set of gates beneath him. That set of gates was very odd-looking. It seemed very ancient, and appeared to be made of copper. Signs of corrosion covered the gates. Those gates were not fixed onto anything. Just like that, they drifted in the sea.

Furthermore, chains were hanging around the gates. Although he was unable to see them clearly, Chu Feng was able to distinguish from the rustling sounds that those were indeed chains.

As for the intense red light, it was being emitted from the center of that gate.

That light was very intense. However, it shot out in a perfectly straight manner.

Chu Feng was simply unable to clearly see his surroundings. However, he was vaguely able to make out three words from the center of that gate.

“Gates of Hell!!!”

“Creak~~~”

Right at this moment, that gates moved. They were opening.

As the gates opened, the intense red light started to diffuse.

As the gates opened, Chu Feng's gaze became serious, and an astonished expression appeared in his eyes.

Even though it was clearly only a set of gates, they were filled with profoundness. The gates were leading to another location.

However, the insides of the gates was filled with blades, extremely sharp and hard blades. Even with the strength that Chu Feng possessed, he would not be able to destroy those blades.

Without a doubt, if one wanted to pass through the gates, one would have to be slashed by those blades.

Most importantly, those blades were most definitely not ordinary blades. The reason for that was because the dazzling red light was emitted by those blades.

That's right, those sharp blades were all crimson in color.

"Chu Feng, look at those chains," Her Lady Queen called to Chu Feng's attention.

After being called by Her Lady Queen, Chu Feng noticed that the red light grew more and more intense after the gates opened. Thus, he was able to faintly see the chains tied around the gates.

Chu Feng was able to see that there were a total of thirty-eight chains. Each and every chain had a different length. The shortest chain was roughly ten meters long. Chu Feng noticed that there was an item chained to the other side of the chain.

Looking closely, that was actually a human skeleton!!!

# Chapter 2594 - No Path Back

---

That skeleton bound to the chain was still wearing clothes. That said, its clothes were extremely tattered. Perhaps its clothes were affected by the power of the black sea.

In fact, even the bones of that skeleton were corroded. That skeleton was actually black in color.

A black skeleton was a very strange sight to begin with. After being illuminated by the red light, it looked extremely frightening.

“It seems that each of these chains is connected to a corpse,” Chu Feng said.

“What is the reason for this set of gates to appear here?” Her Lady Queen said.

“My beloved Eggy, even if you do not wish for me to take on dangers, you should not ask such an obvious question,” Chu Feng smiled wryly.

He knew that Her Lady Queen knew the meaning behind this gate better than he did. Merely, Her Lady Queen truly did not wish for Chu Feng to enter it.

“You couldn’t possibly really be planning to enter it, right? Do you still remember what that guardian clan’s old man said to you?”

“Your life is not only your own. Even if you do not care about yourself, you must consider your parents,” Her Lady Queen said.

“My dear Eggy, the problem is, apart from entering, I have no other option. After all, I am unable to leave this place. Do you want me to be trapped here forever?” Chu Feng said.

“Really! Exactly which bastard created this place?!” Her Lady Queen started to bulge her mouth furiously.

She was feeling extremely displeased. She felt that she and Chu

Feng and were being toyed around with by someone.

She truly did not enjoy this sort of sensation.

It had always been her who toyed with others. She was truly unable to tolerate being toyed with by others.

“In the end, I must enter,” Chu Feng said.

“Since you’ve already decided, why are you hesitating? Go on in,” Her Lady Queen said.

After hearing Her Lady Queen say that, Chu Feng really stopped hesitating and directly entered the so-called Gates of Hell.

Chu Feng was very cautious. However, after proceeding for less than ten meters, he was cut by a blade.

“Siii~~~”

Once he was cut by the blade, Chu Feng immediately started to frown. Unable to contain himself, he let out a slight groan.

With Chu Feng’s level of cultivation, he would not utter a single voice of pain even if his body was destroyed. His tolerance for pain greatly surpassed that of ordinary people.

However, after Chu Feng was only lightly cut by the blade, he started to grimace in pain.

Most importantly, Chu Feng was actually unable to stop the blood flowing out from the cut.

“This is truly strange.”

Chu Feng tried his hardest to resist the pain and continued onward.

However, the further he proceeded, the more injuries there were to his body. Furthermore, Chu Feng discovered that being cut by the blades would not only leave a superficial wound. Instead, he felt as if his soul was being injured.

Blood began to flow from his wounds nonstop. Gradually, his

movements grew slower.

However, this blade path filled with crimson blades was endless. Chu Feng had no idea when he would reach the end.

Under this sort of situation, not only was Her Lady Queen feeling very distressed, but the three True Immortals outside had also become extremely nervous.

The reason for that was because red lights had appeared on the crystal showing Chu Feng's condition.

This meant that even Chu Feng's soul was injured. This was extremely serious.

"Why isn't Chu Feng using that teleportation formation?" The guardian clan's clan chief was extremely nervous and restless.

"It would appear that Chu Feng also ran into some sort of hidden trouble after entering. Exactly what is happening inside? Could your teleportation formation be ineffective?" Kong Shunlian guessed.

"I... even I am uncertain of that," Originally, the guardian clan's clan chief was extremely confident that the teleportation formations would be effective. After all, they were treasures from the Chu Heavenly Clan. Furthermore, the person who left those treasures was an extraordinary individual. Thus, he was extremely certain that no one would be able to stop the teleportation formations.

However, Chu Feng was currently also seriously injured like Zhao Hong. In fact, his injuries had even reached his soul. Yet, he still had not used the teleportation formation.

Because of that, his confidence in the teleportation formations started to waver. His wavering confidence originated from his worry for Chu Feng.

"We cannot just sit around and wait like this," The guardian clan's clan chief said.

“What do you have in mind?” Kong Shunlian asked.

“You two should leave,” The guardian clan’s clan chief said.

Hearing those words, Kong Shunlian and Kong Yuehua started to frown.

After a moment, Kong Yuehua asked, “You’re planning to go and find Ying Mingchao for assistance?”

The guardian clan’s clan chief did not answer.

“Even if it’s Ying Mingchao, I doubt he will be able to help. After all, he’s a True Immortal too. He will simply not be able to enter the Unknown Burial Ground.”

“Furthermore, with his strength, he will not be able to breach the Unknown Burial Ground with force,” Kong Shunlian said.

“I also know that finding Ying Mingchao will be an uncertain hope. However, Ying Mingchao entered countless remnants in his youth. He is no ordinary individual. Perhaps there might be a way to save them if I am to find him,” The guardian clan’s clan chief said.

“Very well, I’ll go,” Kong Shunlian said.

“You’ll go?” The guardian clan’s clan chief revealed an astonished gaze.

“As matters stand, you still do not trust us, right?” Kong Yuehua asked.

“I might as well say the truth. Yes, that is indeed the case,” The guardian clan’s clan chief did not try to deny it.

“You...” Kong Yuehua was slightly angry at his response. She naturally knew that this mysterious individual before them had been tailing them the entire time. Even when they entered closed-door training, he continued to watch them. She knew that he did so because he did not trust them, and was afraid that they would do something detrimental to Chu Feng, Wang Qiang and the

others.

However, when this mysterious man affirmed her suspicion without the slightest hesitation, she still felt very displeased.

After all, she knew very well that even though she felt hatred in her heart, neither her nor Kong Shunlian planned to do anything to Chu Feng, Wang Qiang and even Zhao Hong.

Furthermore, she truly wanted to help Chu Feng. That said... even she herself did not dare to believe that she would be worried for Chu Feng's safety. That said, it remained that she really did not want Chu Feng to die.

"Forget about it, Yuehua, just let him go," Kong Shunlian waved his hand.

"You two are not planning to leave?" The guardian clan's clan chief asked.

"We will not leave. If Ying Mingchao plans to eradicate us, then just let him," Kong Shunlian said.

"Very well, this knot between you all must be undone someday," The guardian clan's clan chief did not hesitate. He immediately started flying toward Hero City.

Hero City was not very far from this place. Furthermore, there were Ancient Era's teleportation formations on the way there. Thus, in merely a short few days, the guardian clan's clan chief had returned.

A large group of people were majestically approaching in a very domineering manner.

However, Kong Shunlian and Kong Yuehua's expressions remained unchanged. That said, even though their expressions remained unchanged, they started to worry in their hearts.

They did not plan to seek revenge against Ying Mingchao because they knew that they did not possess the capability to do so, and

they also felt that they were indeed in the wrong for what happened back then.

However, they were uncertain as to whether Ying Mingchao would spare them or not.

After all, they were the Kong Heavenly Clan's Utmost Exalted Elders.

Finally, the large group of people arrived. They were standing in the sky.

They had already reached Kong Shunlian and Kong Yuehua's line of sight.

However, after seeing them, Kong Shunlian and Kong Yuehua revealed surprised expressions.

# Chapter 2595 - Rescue Chu Feng

---

At this moment, there were a lot of people standing in the sky.

Not only were all of the True Immortal-level experts from Hero City all here, but there were also many Martial Ancestor-level experts.

From the people standing in the sky, merely those from Hero City already numbered tens of thousands.

The reason why that was the case was because there were more than only people from Hero City there. There were also people from other powers.

Not to mention those tier two powers that had allied themselves with Hero City, but even the Immortal Sword School and Buddha's Heavenly Temple had send forth a great amount of experts.

Their numbers were truly great.

From this, one could image how magnificent of a sight it was to have all these people standing in the sky.

“Why would there be this many people? Exactly what is going on?”

Kong Shunlian and Kong Yuehua looked to one another. Confusion covered their faces.

If Ying Mingchao was planning to save Chu Feng, he shouldn't be bringing all these people.

However, if Ying Mingchao wanted to take care of them after finding out that they were here, there was even less of a reason for him to bring this many people.

At this moment, Kong Shunlian and Kong Yuehua were completely puzzled.

“This is strange,”

After surveying the crowd, Kong Yuehua and Kong Shunlian's expressions changed once again.

They grew even more puzzled.

The amount of people gathered in the sky was truly a majestic sight. All those that should have come and all those that should not have come all came. However, a single person did not come.

The person that was supposed to come here the most, Ying Mingchao, was not here.

“There's no time to delay, let's start.”

Right at this moment, an old man stood forth and descended from the sky. He arrived at the central region of the Unknown Burial Ground.

That old monk was no ordinary individual. He was an Utmost Exalted Elder from the Buddha's Heavenly Temple. Not only was he a True Immortal, but he was also a Snake Mark Immortal-cloak World Spiritist.

“Woosh, woosh~~~”

After that old monk descended to the ground, the people that were originally standing in the sky in an orderly fashion all started to descend to the ground.

There were people of all cultivations. There were both True Immortals and Martial Ancestors. However, they possessed a single common ground -- they were all world spiritists.

In an orderly manner, these people began to set up spirit formations to form a joint grand formation.

They seemed to have already planned this. Led by the Immortal-cloak World Spiritists, they began to divide up the work orderly as they set up their formations.

Apart from this, Kong Shunlian and Kong Yuehua also felt some ill-intended gazes. Those were from Hero City's older

subordinates.

In fact, those sorts of gazes of hatred, gazes filled with killing intent, were being cast toward them from even True Immortal-level experts.

The two of them were capable of understanding this sort of situation. From their point of view, it was Ying Mingchao who was in the wrong to completely eradicate their clan.

However, when looking at things from the viewpoint of the people from Hero City, they would feel that the Kong Heavenly Clan was in the wrong for how they and the Zhou Heavenly Clan treated Ying Mingchao and Hero City back then.

As they were enemies, it was natural for the people from Hero City to hate the two of them.

However, Kong Shunlian and Kong Yuehua were confused. Although those people were revealing their hatred toward them, they did not seem to plan to attack them.

“Woosh~~~”

Right at this moment, a figure descended from the sky and arrived beside Kong Shunlian and Kong Yuehua.

Although this person was wearing a black gown, a hood and possessed the cultivation of a rank one True Immortal, Kong Shunlian and Kong Yuehua did not grow alert in the slightest from his approach. The reason for that was because they knew... that this man was that mysterious individual.

“Exactly what is going on?” Kong Shunlian asked.

“The current Hero City is much more lively than I imagined it to be. These people were all at Hero City. After finding out about this matter, they were asked by Ying Mingchao to come help.”

“Right now, there is a good news. That is, Ying Mingchao knows how to help Chu Feng.”

“Merely, he needs the assistance of an individual. As such, he has gone to find that person,” The guardian clan’s clan chief said.

“Apart from that, Ying Mingchao knows that the two of you are here. He has already informed the people from Hero City beforehand. Thus, they will not attack you all. As such, you all can continue to stay here at ease.”

“Actually, Ying Mingchao was very regretful for what happened back then. According to what he said, he did such a ruthless thing because he was overwhelmed by anger, and has been tormented by his actions from that day.”

“I can tell that he wants to reconcile with you all. What do you plan to do?” The guardian clan’s clan chief continued.

Kong Shunlian and Kong Yuehua looked to one another. Neither said anything.

That said, the guardian clan’s clan chief saw wavering in their gazes. Likely, they too had thought about reconciling with Ying Mingchao.

That was understandable. With the situation at hand, it would be favorable for them if they could reconcile.

“How long will Ying Mingchao be gone for?” Kong Yuehua asked.

“I’m not certain about that either. However, he grew very impatient upon finding out that Chu Feng was in trouble. Else, he would not have mustered such a great number of people,” The guardian clan’s clan chief said.

“That’s true,” Kong Shunlian agreed.

With all these people coming here, even if there were still people guarding Hero City, it would not be much different from an empty city.

After all, for a major power, their pillars were their True Immortals. Looking at the situation at hand, it seemed that Ying

Mingchao had dispatched all of his True Immortals here.

It was not only their Hero City's True Immortals; even their allies' True Immortals had been dispatched here.

With this, one could see how much Ying Mingchao valued Chu Feng.

"Merely, will we be able to make it in time?" Kong Yuehua asked.

"Ying Mingchao saw my crystal, and inquired about the situation after seeing it. He said there should be enough time."

"He said that Chu Feng should have entered a place called the 'Gates of Hell.'"

"That 'Gates of Hell' is very long, and will become more and more difficult the further one proceeds. It will take Chu Feng some time to pass through that place."

"However, fortunately, one will not really suffer any fatal danger from the Gates of Hell. Thus, he said that there will be enough time," The guardian clan's clan chief said.

"How did he know that there's a 'Gates of Hell' in the Unknown Burial Ground? Could it be....?" At this moment, Kong Yuehua and Kong Shunlian's expressions both changed. They thought of a possibility.

"Ying Mingchao entered it before. Furthermore, he managed to come out alive," The guardian clan's clan chief said.

"Siii~~~"

Hearing those words, both Kong Shunlian and Kong Yuehua were unable to contain themselves from sucking in a mouthful of cold air.

Ying Mingchao had actually managed to come out of the Unknown Burial Ground that no one was able to come out of alive. This was truly hard to believe.

However, although they were astonished by it, Kong Shunlian

and Kong Yuehua immediately revealed joyous expressions afterwards.

As Ying Mingchao had been to it before, this meant that he most definitely knew the Unknown Burial Ground very well. As such, there would be hope in saving Chu Feng.

“Right now, the crowd is setting up that grand formation to rescue Chu Feng. Merely... another person is required in order to successfully set up that grand formation. The person that Ying Mingchao has gone to find is precisely that person,” The guardian clan’s clan chief said.

“This is great, Chu Feng will be saved.”

“It seems that your decision to seek Ying Mingchao was the right one.”

At this moment, both Kong Shunlian and Kong Yuehua were extremely overjoyed.

Seeing the two of them acting in this manner, the guardian clan’s clan chief revealed a change in expression.

It was only at this moment that he discovered that these two people that should be Chu Feng’s enemies were actually this concerned about Chu Feng.

Most importantly, their reactions didn’t seem to be a pretense. Instead, they were deeply concerned for Chu Feng from the bottoms of their hearts.

“Since they’re all helping to save Chu Feng, we cannot watch with folded arms. Can you obtain the design of that spirit formation?” Kong Yuehua asked.

The two of them also wished to join the people setting up the spirit formation. Merely, they had no idea what sort of spirit formation they were setting up right now. That was why they needed a spirit formation design.

“I have already prepared them for you two,” The guardian clan’s clan chief took out two spirit formation diagrams.

Upon receiving the spirit formation diagram, Kong Shunlian and Kong Yuehua’s expressions changed again.

The two of them were both world spiritists. In fact, Kong Yuehua’s world spirit techniques could be said to be very excellent too.

However... neither of them were capable of telling exactly what sort of spirit formation it was. That said, they were certain that it was an extraordinary spirit formation. That spirit formation could be said to be extremely profound.

# Chapter 2596 - Undetermined Life And Death

---

Although they had no idea what sort of spirit formation this was, they were able to understand how to set up the spirit formation by following the spirit formation diagram.

Afterwards, Kong Yuehua and Kong Shunlian also joined the great army and began setting up the spirit formation.

This scene was truly magnificent. The experts from various powers were all gathered together doing the same task.

Even those who were originally enemies were able to temporarily set aside their grudges to set up a spirit formation together. This was truly an astonishing sight.

“Grandmaster, it’s been a long time.”

Among the vast gathering of world spiritists, a man with three swords quietly arrived before a monk.

“Well, well, is this not Daoist Three Swords? It has truly been a long time. Last time we met, it was on Mount Cloud Crane, no?” Upon seeing the person who called to him, that monk responded with a smile on his face and temporarily stopped what he was doing.

This man was the Immortal Sword School’s Daoist Three Swords. As for the ‘Grandmaster’ that he called for, it was Grandmaster Pocket.

Back then, both of them had received Chu Feng’s assistance and helped Chu Feng back on Mount Cloud Crane.

Although they had only met Chu Feng that one time, they could be said to possess a somewhat friendly relationship.

The two of them had thought very highly of Chu Feng since that time.

“Yes, that’s right. Recalling what happened back then, I truly felt a great amount of disbelief.”

“Although I’d already guessed that little friend Chu Feng would be able to obtain great accomplishments in the future, I never expected him to accomplish this much,” Daoist Three Sword gasped in admiration.

Grandmaster Pocket looked around. He swept his gaze over the magnificent scene around him and gasped with admiration, “This sort of charisma is truly astonishing. It is something that only rulers possess.”

“Charisma?” Daoist Three Swords was slightly startled. Then, he laughed, “Indeed. To be able to have this many people willingly cooperate is indeed a sign of little friend Chu Feng’s individual charisma.”

“In merely a short few years, he managed to conquer many of the people in the Hundred Refinements Ordinary Realm.”

Daoist Three Swords agreed with what Grandmaster Pocket said.

The two of them felt that Chu Feng’s individual charisma was something that was not present even among countless people, that it was the charisma of a ruler.

Their agreement also served to verify that the two of them both felt that Chu Feng would ultimately become the ruler of the Hundred Refinements Ordinary Realm in the future.

.....

For the sake of rescuing Chu Feng, the vast amount of people outside were joining hands to set up a spirit formation. It was a grand and magnificent scene.

However, Chu Feng had no idea what was happening outside. He was proceeding forward through the Gates of Hell the entire time.

As such, Chu Feng was naturally suffering from the constant

torment of the sharp blades.

Chu Feng was currently covered in cuts. His flesh was already badly mutilated. It could be said that there was not a single uninjured piece of flesh on him.

Most importantly, even though Chu Feng was an Immortal-cloak World Spiritist and possessed many abilities to heal his injuries, they were all ineffective toward his injuries.

Chu Feng was unable to heal his wounds. Thus, he was completely covered in blood and looked extremely frightening.

In fact, he did not even resemble a human. Instead, he resembled a monster.

The reason for that was because red gaseous flames were burning from his wounds.

As the gaseous flames rose, crimson light surged forth. At a glance, it was truly frightening.

If it had been an ordinary person, they would most definitely not be able to withstand this sort of torment.

However, there was an aspect to Chu Feng that surpassed ordinary individuals. Not only did he possess extremely incredible willpower, but he was even able to gradually adapt to torment after experiencing it for a long period of time.

Although Chu Feng still felt the pain, the sensation of pain was much duller compared to the first time he felt it.

With this being the case, Chu Feng was able to hasten his pace.

Finally, an exit appeared before Chu Feng.

He passed through the final blades and walked out from the exit. Once he walked out, he discovered a pond.

The pond was not very large. However, the water in it was so clear that one could see the bottom of the pond.

“This pond...”

Seeing this pond, Chu Feng revealed a joyous expression.

As an Immortal-cloak World Spiritist, Chu Feng was able to tell with a single glance that this seemingly ordinary pond possessed a healing effect.

As such, how could Chu Feng possibly hesitate? He immediately leaped from the exit of the Gates of Hell into the pond.

“Splash~~~”

After entering the pond, the red gaseous flames coming from Chu Feng’s body grew even more intense. It looked like a small volcanic eruption. In an instant, the crimson gaseous flames soon filled this entire region.

Most importantly, with Chu Feng as the center, a layer of red gaseous substance began to spread through the water.

The pond water that was originally extremely clear turned muddy very quickly. It soon resembled a pond of blood.

That said, the pain Chu Feng felt was decreasing.

“It’s gone?”

After his pain started to subside, Chu Feng cast his gaze toward the Gates of Hell above the pond. Lingering fear was present in his eyes.

However, upon doing so, he was surprised to discover that the Gates of Hell had disappeared.

Chu Feng had no idea when it had disappeared.

The traps and mechanisms here truly appeared and disappeared unpredictably. Even Chu Feng was unable to catch them.

“Huu, huu, huu~~~”

Right at this moment, the pond water that was originally tranquil started to surge, forming a small-scale whirlpool. That

whirlpool was not far away from Chu Feng.

It turned out that the pond water was sinking and draining into that whirlpool.

Soon, all of the pond water disappeared. Chu Feng discovered that... a cave entrance had appeared at the location where the pond water had drained away.

Chu Feng carefully observed his surroundings. He discovered that apart from that cave entrance, there were only rocks that covered the walls. Evidently... this cave was the sole exit.

After Chu Feng approached the cave, he felt a bitter chill emanating from that cave. Unendurable chilliness filled that cave.

Most importantly, three large characters were written on top of the cave - 'Soul-extracting Cave.' [1. Those are 3 characters in chinese.]

“Is this the second trial?”

Seeing the name 'Soul-extracting Cave,' Chu Feng started to frown. He had realized that this not-very-large cave entrance was evidently the only path he could take.

That said, after Chu Feng experienced the trial of the Gates of Hell, he felt that this Soul-extracting Cave would be even more dangerous.

However, Chu Feng had no other choice.

Seeing that Chu Feng was planning to enter the Soul-extracting Cave, Her Lady Queen asked, “Are you planning to continue right away? Don't you want to relax a bit?”

She had accompanied Chu Feng the entire time. Thus, she knew how difficult this journey had been for Chu Feng.

“That pond water is extremely magical. My injuries are pretty much all healed. Furthermore, I am unable to sense the pain anymore. As for my stamina, there is no wear and tear either.

Thus, there's no need to rest."

After Chu Feng finished saying those words, he leapt directly into that Soul-extracting Cave filled with chilliness.

After entering the Soul-extracting Cave, he began to slide downward. The most unbearable aspect was once again that bitter cold.

The coldness directly penetrated Chu Feng's bones. Then, Chu Feng felt as if the coldness had entered his bones directly. That sort of freezing sensation caused Chu Feng to feel as if his entire body was being ripped apart. Even his thoughts were no longer clear.

In this sort of situation, Chu Feng's awareness started to grow fuzzy. The only thing he could feel was the torment from the bitter cold, and a formless power that wanted to draw out his soul from him.

To put it briefly, the coldness that Chu Feng was feeling right now was even harder to bear than the cuts from the blades of the Gates of Hell.

"You cannot slow down and wait for death. You must leave this place immediately," Her Lady Queen said.

"That's my intention."

As Chu Feng spoke, he activated his Thunder Armor and Thunder Wings. After his cultivation increased, he unleashed a movement martial skill to increase the speed of his descent.

However, after his speed increased, the pain Chu Feng felt also grew stronger.

"Eeahh~~~"

The pain was so unbearable that even Chu Feng was unable to keep himself from shouting in pain.

Furthermore, Chu Feng's awareness also grew more and more fuzzy. That said, no matter how fuzzy his awareness became, it did

not slow down the speed of his descent.

Finally, the bitter cold was over. The pain Chu Feng endured was finally eased. Gradually, his awareness grew clear again. However, he discovered that he had not reached the end of the tunnel. Instead, he was still descending.

“Crap, there’s more?”

At this moment, Chu Feng shouted ‘oh no’ in his heart. Even though the bitter cold was gone, Chu Feng was able to feel an intense heat from beneath him. Beneath him was most definitely a ferocious heat.

“Boom~~~”

Sure enough, Chu Feng soon descended into the extreme heat. Soon, the heat covered his entire body.

The sensation of this intense heat was completely different from the bitter cold. One was a bone-chilling cold, whereas the other was so hot that he felt as if he would soon melt.

However, there was one similar aspect in the two.

That is, a formless power was invading his soul. That power transformed into countless large hands and was tightly grabbing onto his soul with the intention of ripping it to pieces and then removing it from Chu Feng’s body.

Under this sort of situation, Chu Feng soon experienced what he had felt earlier. His awareness that had gradually grown clear was once again becoming more and more fuzzy.

However, that was not the most cruel aspect...

Most cruel of all, this Soul-extracting Cave was like an unending tunnel with death being its final destination. Chu Feng felt as if only by dying would he be able to break free from all this.

Completely muddled, Chu Feng even lost track of time.

Finally, he landed on the ground. He had managed to escape that

Soul-extracting Cave.

However, at this moment, Chu Feng was motionless like a corpse. Just like that, he laid on the ground.

Bruises covered his entire body, and he showed no signs of life.

At this moment, Chu Feng's life and death was truly undetermined.

# Chapter 2597 - Extremely Astonishing

---

In the desert outside the Unknown Burial Ground.

An enormous construction had covered the entire region. It was a pyramid-like construction. It covered an area several tens of thousands of meters across. It was truly an enormous monster of an item. Like an enormous palace, it sat on the desert.

That said, that enormous construction was not an actual entity, as it was transparent.

As for what it was... it was the completed grand formation that everyone had spent the last several days setting up.

At this moment, everyone present was standing around that enormous spirit formation. Their gazes were fixed onto the summit of that grand formation.

There were two figures standing there. They were the crucial people for activating this grand formation.

One of them was Ying Mingchao, who had just rushed here. The other person was the person who had arrived with Ying Mingchao. In other words, the person that Ying Mingchao had gone to search for.

This person was someone that the people present did not know of.

She was a woman. She had a youthful and pretty appearance. Furthermore, the aura that she emitted was actually that of a rank two True Immortal.

Her cultivation had earned the reverence of the crowd. After all, rank two True Immortals were the apex level of cultivation in the Hundred Refinements Ordinary Realm.

At this moment, the crowd finally realized why someone like Ying Mingchao had to personally go and request the assistance of

this individual. Merely by this woman's cultivation, the crowd knew that she was no small matter.

However, very few people knew who she was. Thus, the crowd present started to gasp in admiration at the fact that there was actually a hidden expert like her in the Hundred Refinements Ordinary Realm.

As for this woman, she was actually none other than Zi Xunyi.

When Zi Xunyi left the Kong Heavenly Clan, she had brought back the corpse of the Bloodscale Monstrous Clan's Clan Chief to the Demon Elimination Cave.

Seeing that their clan chief was dead, the people from the Bloodscale Monstrous Clan all felt that his death was caused by Zi Xunyi.

However, Zi Xunyi's strength surpassed all of theirs. Thus, even though they deeply detested Zi Xunyi, they were unable to do anything to her.

That said, Zi Xunyi herself also felt that she had caused the death of the Bloodscale Monstrous Clan's Clan Chief. Thus, she set up a grand formation and used it to torture and punish herself. She wanted to torture herself to death.

If it wasn't for Ying Mingchao's arrival, Zi Xunyi would likely have died in her grand formation.

Although Ying Mingchao had saved her, Zi Xunyi had no intention of thanking Ying Mingchao. Instead, she said to him coldly, "If you dare lie to me, I will hate you for eternity."

"Xunyi, I am truly not lying. Chu Feng is indeed trapped in the Unknown Burial Ground," Ying Mingchao said.

At this moment, Ying Mingchao was still feeling trauma. His emotions were very complicated.

He still remembered the situation inside the Demon Elimination

Cave, the situation in the Bloodscale Monstrous Clan's territory.

Zi Xunyi's situation was truly miserable. She was extremely weak, and at death's door. Most importantly... Zi Xunyi was doing that of her own accord.

If it wasn't for Chu Feng being in trouble that managed to stir up Zi Xunyi's emotions, Ying Mingchao would likely not have been able to prevent Zi Xunyi from committing suicide.

"It will be up to this to decide whether you're lying or not."

Zi Xunyi took out an item. It was a jade pendant.

However, it was only half of a jade pendant.

After that, Ying Mingchao also took out a half jade pendant. He handed it to Zi Xunyi. When the two halves were placed together, they formed a completed jade pendant.

Ying Mingchao looked thoughtfully at the two halves of the jade pendant. Only Zi Xunyi and him knew that those two jade pendants were their engagement keepsakes.

At the same time, those jade pendant halves were also the crucial items to activating the spirit formation.

"Buzz~~~"

Right at this moment, Zi Xunyi placed the two jade pendant halves together. Then, she placed the completed jade pendant onto the spirit formation.

After that, both Zi Xunyi and Ying Mingchao began to form different hand seals. They were jointly activating the jade pendant.

"Buzz~~~"

The next moment, complicated veined patterns appeared on the jade pendant and integrated with the spirit formation.

As more and more veined patterns assimilated into the grand spirit formation, the grand spirit formation started to shine

brightly. It had been activated.

“The crystal,” Ying Mongchao spoke loudly.

“Here,” Hearing that, the guardian clan’s clan chief immediately handed the crystal that could detect Chu Feng’s current state to Ying Mingchao.

Ying Mingchao placed that crystal above the jade pendant.

The next moment, the grand formation that was originally radiating with light grew completely dark. It was as if all of the light from earlier had disappeared.

“Buzz~~~”

Soon, a golden radiance emerged from the summit of the grand spirit formation.

That golden radiance shot into the sky and began to spread around, illuminating the sky into a dazzling brightness.

Gradually, the radiance stopped being so eye-dazzling.

“That is?”

Seeing that, the crowd all revealed extremely astonished expressions.

They were able to see an image from the radiance in the sky. It was a grand formation. Merely by seeing it with their naked eyes, they were able to tell that it was an exceptionally grand formation.

That grand formation was simply enormous. What appeared in the sky was merely the tip of the iceberg.

Most importantly, the crowd were able to see a figure in the center of that image. That person was none other than Chu Feng.

“How could this be? He... how did he arrive there already?”

“Didn’t you say that he had only just entered the Gates of Hell?” Zi Xunyi asked in a very emotional manner.

Ying Mingchao also revealed a confused expression. Thus, he

turned to the guardian clan's clan chief and asked, "Is there a mistake to the time you informed me?"

"No, I told you when Chu Feng entered the Unknown Burial Ground truthfully. Since you've told me that it concerns Chu Feng's safety, how could I possibly lie about it?" The guardian clan's clan chief explained.

"He actually managed to pass the two checkpoints, the Gates of Hell and the Soul-extracting Cave this quickly to enter the Life and Death Formation."

"Chu Feng... exactly how did he accomplish that?" At this moment, the astonishment in Ying Mingchao's eyes grew even stronger.

Seeing that Ying Mingchao had not lied to her, Zi Xunyi also revealed the same sort of astonished expression.

Only the two of them knew what sorts of places the Gates of Hell and the Soul-extracting Cave were, as they had personally experienced them.

They felt that it would be impossible for Chu Feng to be able to pass through those two checkpoints in succession in such a short period of time.

However, Chu Feng had accomplished it.

That was the reason why they were so astonished.

# Chapter 2598 - Ridding The Illusions

---

“It would seem that little friend Chu Feng has accomplished something impossible again.”

The conversation between Ying Mingchao and Zi Xunyi was heard by the crowd. From their conversation, the crowd were able to tell that Chu Feng had accomplished something extraordinary again, something that made even Ying Mingchao and Zi Xunyi felt disbelief.

At this moment, the crowd burst into an uproar. They all began to discuss this matter spiritedly.

After all, this was the Unknown Burial Ground that we’re talking about here.

“Quiet!”

Suddenly, Ying Mingchao shouted.

Once his shout was heard, the sea of people that were originally extremely noisy immediately quieted down. The only sound that could be heard were the faint rumbles emitted by the grand formation, as well as the rustling sounds of the sand being blown by the wind.

After this place quieted down, Ying Mingchao spoke into the pearl that was connected to Chu Feng, “Chu Feng, it’s me, Ying Mingchao. How are you right now?”

“Chu Feng, wake up.”

Ying Mingchao was calling to Chu Feng.

At this moment, the crowd finally realized the use of this grand spirit formation.

It turned out that not only was this grand spirit formation capable of locking onto Chu Feng and seeing his surroundings, but it was also capable of conversing with Chu Feng.

However, after Ying Mingchao called for Chu Feng, the crowd began to grow suspicious as to whether or not this grand spirit formation would be effective in conversing with Chu Feng.

After all, Chu Feng was currently lying on his stomach without the slightest reaction.

With the situation like this, Ying Mingchao grew even more anxious and uneasy. From this, it could be seen that he was truly concerned for Chu Feng's safety.

Ying Mingchao knew that Chu Feng was still alive. Merely, he feared that Chu Feng had been seriously injured.

This was precisely what they meant by a confused state of mind from being overly concerned.

“Judging from the situation, although Chu Feng is seriously injured, there is still no danger to his life yet.”

“It might be because he has just passed the Soul-extracting Cave that he is not responding to your continued calls,” Zi Xunyi said.

“Xunyi, you're saying that Chu Feng is still within that illusion?” Ying Mingchao asked.

“I am uncertain of that. However, there's that possibility,” Zi Xunyi said.

“In that case, let's wait a bit longer,” Ying Mingchao spoke those words very helplessly.

After all, apart from waiting for Chu Feng to wake up, there was nothing else they could do.

After all, only people below the True Immortal level of cultivation were able to enter the Unknown Burial Ground. Even if they wanted to go in to help Chu Feng, they would not be able to do so.

As for the people present that were not True Immortals, they most likely did not possess the capability to reach where Chu Feng

had gone.

Thus, Chu Feng could only rely on himself. The only thing Ying Mingchao could do would be to wait for Chu Feng to wake up and then communicate with him using the grand formation to advise him on how to pass through the Unknown Burial Ground's grand formation.

.....

Actually, Chu Feng had indeed entered an illusion.

Mists surrounded him. The mists were crimson red in color. It was an extremely horrifying sight.

Chu Feng stood in the bloody mist. He was looking around at his surroundings nonstop. While he was unable to see anyone, he was able to hear loud screams.

They were like the wailing of ghosts, the howling of wolves, the roaring of ferocious beasts and the weeping of malicious spirits.

In fact, Chu Feng could even hear the sounds of claws scratching.

In short, with all these voices together, it was truly horrifying. Even though it was Chu Feng, he still felt his blood run cold upon hearing those voices. He started to feel a chill in his heart.

“Do you wish to know where this is?”

Suddenly, a voice sounded. That voice was incomparably old. Yet, it possessed exceptional power.

Chu Feng opened his mouth with the intention of speaking. Yet, before he could speak, that voice sounded again.

“You do not need to know where this place is. You merely need to know that you will have to pass through the following formation if you want to live.”

“What formation?” Chu Feng asked.

“The Life and Death Formation,” That voice answered.

“Is it this place?” Chu Feng asked.

“No, it’s not this place. However, it is related to this place. Go on and comprehend things by yourself. Use your heart to do so. Whether you’ll live or die will be dependent on you own abilities.”

After that voice said those words, it disappeared completely.

“Senior? Senior?”

Chu Feng called out for that voice twice. He wanted to seek the answers to some more questions.

However, that voice never answered him again.

Chu Feng did not continue to ask that voice. Instead, he sat cross-legged on the ground. He set up a spirit formation and began to attentively listen to the sounds.

He had set up the spirit formation to increase his perception and hearing.

After Chu Feng’s perception and hearing grew stronger, the clamorous and horrifying noises also grew more distinct.

From this, Chu Feng was able to tell that the noises were much more complicated than he had originally thought.

Not only were there screams, snarls and roars, but there were also sounds from weapons colliding with one another, flames surging about, and water crashing down from high above, as well as the whistling of strong winds...

It was as if all of the noises in this world were present in his surroundings. The noises... seemed to possess some sort of indication.

Chu Feng felt that some sort of secret was contained in these noises. As for this secret... it was very likely the crucial aspect to breaching that so-called Life and Death Formation.

After an hour passed, and Chu Feng felt that the noises around him had instantly disappeared.

When Chu Feng opened his eyes, he discovered... that he was lying on the ground.

Chu Feng looked around and revealed a surprised expression.

Mountains and rocks covered his surroundings. Chu Feng felt as if he were in a vast mountain range.

However, fatal danger was all around him.

Chu Feng finally realized what Life and Death Formation meant. The place which he was in right now was the Life and Death Formation.

“Seems like Zhao Hong is in this Life and Death Formation.”

Chu Feng recalled the image of Zhao Hong using her various abilities.

“Chu Feng, are you able to hear my voice?”

Suddenly, a voice sounded in Chu Feng’s ears.

That voice was very strange. It did not sound from outside, but rather within Chu Feng’s ears.

It felt like how Her Lady Queen would converse with Chu Feng. However, this voice was clearly not Her Lady Queen’s voice. Chu Feng was able to be certain that it was Ying Mingchao’s voice.

“Senior Ying, is that you?”

Chu Feng looked around. However, not only was he unable to see Ying Mingchao, but he did not even manage to feel Ying Mingchao’s aura.

“It’s me. Chu Feng, I am currently outside the Unknown Burial Ground. I am using a special spirit formation to communicate with you,” Ying Mingchao said.

“Spirit formation? Senior... how did you know that I was here?” Chu Feng felt astonished. However, he soon thought of a possibility. Thus, he asked, “Could it be...?”

“I was told by that person who claims to be your subordinate that you are here,” Ying Mingchao said.

“Sure enough,” Chu Feng sighed emotionally.

He guessed that the guardian clan’s clan chief had gone to find Ying Mingchao because the journey here had been very difficult.

He had been seriously injured, and even his soul had suffered greatly. Although he appeared to be fine right now, Chu Feng had experienced countless torments, and nearly died.

Having experienced that many things, the crystal that was linked to his body would have most definitely reacted.

The guardian clan’s clan chief must’ve discovered that the situation was amiss, and went to Ying Mingchao to seek for assistance out of worry for Chu Feng’s safety.

“Chu Feng, I’ll make this brief.”

“This Unknown Burial Ground is one of the most dangerous remnants in the Hundred Refinements Ordinary Realm. It possesses a total of three checkpoints. They are respectively the Gates of Hell, the Soul-extracting Cave and the Life and Death Formation.”

“Right now, you are at the Unknown Burial Ground’s final checkpoint, the most dangerous checkpoint, the Life and Death Formation,” Ying Mingchao said.

“Senior, please don’t worry. I have managed to obtain some comprehension from that illusion earlier. As such, this junior will have a chance at breaking through this formation,” Chu Feng said.

Although he had only listened for an hour, Chu Feng had indeed managed to comprehend a lot of things in that illusion. Although he did not dare to guarantee that he would actually be able to pass through the Life and Death Formation, Chu Feng felt that he would have at least a thirty percent chance of being able to pass through this Life and Death Formation.

Although a thirty percent chance was not very high, and could even be said to be a very low level of success, it was already very high when compared to the others that passed through the Life and Death Formation.

“No, Chu Feng, listen to me. You must absolutely not be affected by that illusion. You must forget all that you’ve comprehended in that illusion. Else... you will definitely die.”

Right at this moment, Ying Mingchao warned Chu Feng in a very serious manner.

# Chapter 2599 - Breaking Through The Formation With One's Body

---

“Senior, could it be that that illusion is there to deliberately affect me?” Chu Feng felt very shocked.

“That’s right, it is there to deliberately affect you. If you are to attempt to break through this formation with what you’ve comprehended from that illusion, you will definitely die,” Ying Mingchao spoke in a very certain manner.

“But, if this Unknown Burial Ground does not plan to allow me to pass through the Life and Death Formation, it could totally make it into a death trap. Is there really a need for it to do all that?” Chu Feng asked.

He was truly confused. He felt that this simply doesn’t make sense.

“Chu Feng, it’s me, Zi Xunyi,” Right at this moment, Zi Xunyi’s voice sounded.

“Senior Zi, you also came?” Chu Feng was pleasantly surprised upon hearing Zi Xunyi’s voice.

Chu Feng had witnessed what had happened back then. He had thought that he would never see Zi Xunyi again. Never did he expect that he would hear her voice so soon.

“After hearing that you were trapped here, Xunyi immediately rushed over to help. Else... likely not even the gods would have been able to move her,” Ying Mingchao explained.

Hearing those words, Chu Feng felt even greater warmth in his heart. After all, that indirectly revealed that Zi Xunyi cared deeply about his safety.

Friendship between people was like this...

If one were to encounter someone that they got along well with,

one would not need to know the other for long in order to go through water and tread on fire for the other.

However, if one were to encounter someone fake, then regardless of how good the mutual relationship between the two might be, that person would not do anything when you were in a crisis.

As for Zi Xunyi, she was evidently the former type.

“Chu Feng, hear me out. Do not be discouraged and do not be scared. The reason for that is because there have been survivors among the people that have entered the Unknown Burial Ground,” Zi Xunyi said.

“Someone managed to successfully pass through the Unknown Burial Ground’s three checkpoints?” Chu Feng revealed a joyous expression after hearing what Zi Xunyi said.

The reason why Chu Feng felt this joyous was because what Zi Xunyi said meant that the Unknown Burial Ground was not a death trap. Instead, one could really pass through it.

At the same time, Chu Feng also felt admiration from the bottom of his heart toward that survivor.

Being inside the Unknown Burial Ground, Chu Feng knew very well how dangerous the Unknown Burial Ground was. He even felt that he only had a thirty percent chance of being able to pass through this Life and Death Formation.

As such, the person who managed to safely pass through the Life and Death Formation would naturally be qualified to receive Chu Feng’s admiration.

“Indeed, there have been people that managed to pass through the Unknown Burial Ground’s three checkpoints. As for those people, they are Xunyi and myself,” Ying Mingchao said.

“It’s seniors?” Chu Feng felt even more joyous upon hearing those words. If they had managed to pass through the Unknown Burial Ground, they most definitely knew how to pass through this

## Life and Death Formation.

It seemed that there was some promise in Chu Feng being able to pass through this Unknown Burial Ground.

“Back then, the two of us only managed to pass through this Unknown Burial Ground by accident. However, if you are to do as we did, you will definitely be able to return alive. Merely, our method was a bit extreme. You will have to end up suffering in the process.”

“As for that suffering, it is quite unendurable. However, as long as you endure it, you will be able to pass through the Life and Death Formation.”

“Thus... you must make mental preparations,” Ying Mingchao said.

“It’s alright. As long as I can quickly pass through this Life and Death Formation, I am not afraid of any suffering,” Chu Feng said.

Actually, he was this impatient not because he wanted to quickly leave the Unknown Burial Ground.

Rather, it was because he was worried for Zhao Hong.

One must know that Zhao Hong had been in the Life and Death Formation for much longer than him. Right now, her life and death was undetermined. As such, how could Chu Feng not worry?

Thus, it was a race against time for Chu Feng right now. He must quickly break through this Life and Death Formation.

“Very well, in that case, let’s begin.”

Then, Ying Mingchao began to give directions on how to pass through the Life and Death Formation to Chu Feng.

Chu Feng did not hesitate in the slightest. He began to crash through the Life and Death Formation as per Ying Mingchao’s instructions.

As Ying Mingchao stated, after Chu Feng started moving

according to Ying Mingchao's instructions, he began to encounter countless torments.

The reason for that was because Ying Mingchao's method was truly extreme. Whenever Chu Feng was to encounter slaughtering formations or traps, he would not try to find a way to break through them. Instead, he would directly pass through them. He would use his body to endure the countless attacks from the slaughtering formations.

Furthermore, the injuries brought forth by the slaughtering formations in this Life and Death Formation could not be healed.

As Chu Feng continued onward, his body once again became badly mangled. He was trembling. Each and every step onward became incomparably difficult.

In this sort of situation, even the crowd that had seen countless slaughters and corpses was unable to steel themselves to continue watching this.

The scene before them was simply too cruel. Chu Feng was crashing through the various obstacles with his life.

“Woosh, woosh, woosh~~~”

At this very moment, a sword formation filled the sky. Like a torrential rain, the swords were dancing about with blustering noises in the ravine.

The countless light swords were only attacking a single target, the person that was proceeding onward through the ravine, Chu Feng.

Chu Feng was like a loose leaf in a violent windstorm as he was knocked left and right by the swords that filled the sky.

However, even with that being the case, Chu Feng did not cower. Dragging his battered body, he continued onward with great difficulty.

“This sort of method to break through a formation is simply too cruel. This is simply using one’s body to forcibly withstand all of the attacks.”

Seeing Chu Feng’s current situation, Kong Yuehua started to waver. She was no longer certain as to whether or not such a method would work.

“Since it’s a trial, the most important aspect is to accept the trial. As to how to do so, that is not important.”

“Since this method is something that Ying Mingchao obtained through his own experience, it is most definitely effective,” Kong Shunlian said.

“But, that grand formation is simply too powerful. Will Chu Feng really be able to endure it if he is to continue to force his way through like this?” Kong Yuehua said worriedly.

“That is something that you do not have to worry about. Although Chu Feng is a Martial Ancestor, he is the strongest Martial Ancestor. Likely, the Ying Mingchao from back then was not be as strong as the current Chu Feng. Since Ying Mingchao was able to pass through it, Chu Feng will most definitely be able to do so too,” Compared to Kong Yuehua, Kong Shunlian was filled with confidence toward Chu Feng.

In fact, although Chu Feng’s situation was extremely devastating, the great majority of the people present felt the same way as Kong Shunlian.

They felt that Chu Feng would definitely be able to pass through the Life and Death Formation and walk out of the Unknown Burial Ground alive as long as he persisted.

Ying Mingchao was also extremely confident in Chu Feng. Even though Chu Feng was already on the verge of collapse, Ying Mingchao’s expression was growing more and more emotional, more and more excited.

“Almost, he’s almost there.”

“Chu Feng, hold on a bit longer, a bit longer and you’ll be able to leave this formation,” Ying Mingchao spoke very excitedly.

Hearing those words, the crowd also became extremely excited.

They all felt that Chu Feng would soon pass through the Unknown Burial Ground. As for them, they would be able to witness that scene.

Not to mention the others, it was true for even Chu Feng. Upon hearing what Ying Mingchao said, a greater amount of strength emerged from his body. His originally slow-moving pace accelerated greatly.

Most shockingly, Chu Feng actually managed to force his way through this sword formation that seemed to be impossible for one to force one’s way through.

At this moment, Chu Feng had arrived at an open land. A cliff was before him.

That cliff stood perfectly straight. It appeared as if it was leading directly to the sky.

This cliff blocked Chu Feng’s path forward.

“Senior, what must I do now?” Chu Feng asked.

However, Chu Feng did not receive an answer from Ying Mingchao.

“Senior?”

“Senior Ying Mingchao?”

Chu Feng continued to call for Ying Mingchao. Yet, he still did not receive a response.

“What is going on?”

“Could it be that some sort of problem has appeared in the spirit formation that they used to communicate with me?” Seeing that

Ying Mingchao did not respond, Chu Feng started to worry.

Actually, nothing had happened to the spirit formation that Ying Mingchao was using to communicate with Chu Feng.

Everyone was able to clearly see the situation that Chu Feng was in.

Merely, both Ying Mingchao and Zi Xunyi had turned pale. They no longer possessed the joyous expressions that they did before.

“How could this be? Logically, Chu Feng should have passed through the Life and Death Formation. But.... why is he still in the Life and Death Formation?” Confused, Ying Mingchao looked to Zi Xunyi.

“Chu Feng took the exact same steps as we did. There was no mistake at all. Something like this shouldn’t be happening,” Zi Xunyi also had a confused expression.

“What is going on? Could it be... that it ended in a failure?”

The conversation between Ying Mingchao and Zi Xunyi was not done through voice transmissions. Thus, they were heard by everyone present.

This included even Chu Feng, who was inside the Unknown Burial Ground’s grand formation.

“Senior, you’re saying... that I failed?” Even though he had heard the conversation between Ying Mingchao and Zi Xunyi, Chu Feng wanted to verify it.

“Chu Feng, hear me out. Logically, as you’ve arrived at this place now, you should have exited the Life and Death Formation.”

“For you to not be able to exit the Life and Death Formation, a problem must’ve occurred somewhere. Chu Feng, don’t panic. Let Xunyi and I analyze the situation. We will most definitely be able to let you leave that formation,” Ying Mingchao said.

“Analyze? What utter nonsense. Those two simply do not know

how to breach the formation. They must've gotten lucky and exited the Life and Death Formation by coincidence. They simply do not know the correct method to break through this formation."

"Chu Feng, you must absolutely not listen to them," After hearing what Ying Mingchao said, Her Lady Queen grew extremely furious.

As for Chu Feng, he also started to hesitate.

Even though Chu Feng was hesitant, he knew the state of his body very well.

After passing through all these trials, Chu Feng's body was extremely weak right now. Most importantly... he was actually unable to cure his injuries.

If he had a thirty percent chance of being able to pass through the Life and Death Formation when he first arrived, now that he was seriously injured, he would at the very most only have a ten percent chance of being able to pass through the Life and Death Formation.

But, to only have a ten percent chance, his hope of success was truly faint.

Should he continue to listen to Ying Mingchao and Zi Xunyi, or should he attempt to pass through the Life and Death Formation on his own?

At this moment, Chu Feng was stuck between a rock and a hard place.

## Chapter 2600 - Chu Feng's Decision

---

“Chu Feng, rather than relying on someone else, it is better to rely on yourself. At times like this, you need to rely on yourself,” Her Lady Queen advised Chu Feng in a very serious manner.

As for Chu Feng, he was deep in thought.

It was the same for Ying Mingchao and Zi Xunyi. Both of them were pondering deeply. They wanted to find out exactly what had gone wrong.

.....

After some time passed, Ying Mingchao suddenly raised his head. His gaze had changed. He seemed to have thought of something. He turned to Zi Xunyi and asked, “Xunyi, how are Chu Feng’s injuries compared to how our injuries were back then?”

“Back then, we could be considered to have been on the verge of dying.”

“Although Chu Feng’s current situation is very serious too, there’s still an enormous difference in seriousness compared to how we were back then,” Zi Xunyi said.

“In that case, I should be right then. Chu Feng’s injuries are not serious enough,” Ying Mingchao said.

“Are you perhaps planning to suggest that Chu Feng walk through those slaughtering formations again?” Zi Xunyi asked.

“Everything else is correct. The only difference is his degree of injury. Apart from this, I cannot think of any other method,” Ying Mingchao said.

At this moment, Zi Xunyi grew silent. She was also unable to think of a way to break through the Life and Death Formation.

Right at this moment, Chu Feng suddenly stood up. He said, “Senior, I’ve thought of a way.”

At the practically the same moment when Chu Feng spoke, Ying Mingchao also said, “Chu Feng, I’ve managed to think of what the problem is.”

The crowd were all startled by Chu Feng and Ying Mingchao speaking simultaneously. It was as if they had managed to see hope in Chu Feng passing through the Life and Death Formation.

“Chu Feng, you’ve also thought of it?” Hearing what Chu Feng said, Ying Mingchao felt extremely happy.

After all, he felt very apologetic to have Chu Feng endure the torment again. To be honest, he didn’t really want to tell Chu Feng to do it.

If Chu Feng had also thought of the same thing as he did, things would be much easier.

“I think that I should still rely on what I’ve comprehended from the illusion to break through this formation,” Chu Feng said.

“What?”

Ying Mingchao’s heart tensed up the moment he heard what Chu Feng said. This was completely different than what he had thought.

Although Ying Mingchao approved of Chu Feng’s decision, he still asked, “Chu Feng, why do you say that?”

“Senior, I feel that illusion might not necessarily be trying to misguide us.”

“The reason for that is because on my way here, I grew more certain that the method to break through the formation that I’ve comprehended from the illusion is feasible,” Chu Feng said.

“Chu Feng, not mentioning whether what you’ve comprehended from the illusion is feasible or not, with your current state, you will simply not be able to use the method that you’ve comprehended from the illusion,” Ying Mingchao said.

“Senior, there is a method that might be able to allow me to recover,” Chu Feng said.

“To recover?” Ying Mingchao was very astonished.

“It’s a spirit formation that I’ve comprehended from the illusion. That spirit formation will be able to help me recover. Merely...”

Chu Feng did not finish his words. The reason for that was because while that spirit formation might be able to allow him to make a recovery and completely cure him of his injuries, returning him to his optimal state, it might also end up taking his life.

This was a gamble.

However, Chu Feng had a fifty percent chance of being able to completely recover his injuries.

“You’re talking about that healing formation?”

“No, you must not. That formation is too dangerous. It will be one thing if you are able to succeed. However, if you are to fail, it will take your life,” Ying Mingchao said.

“Chu Feng, you must trust me. Both Xunyi and I have been to the Unknown Burial Ground. We have both experienced what you’ve experienced.”

“We would never lie to you. We have also attempted many of the spirit formations from the illusion. However, the result was that we nearly lost our lives in the process. Chu Feng, you must not make rash decisions,” Ying Mingchao advised Chu Feng earnestly.

“Senior, have you tried that healing formation before?” Chu Feng asked.

“I have not. The reason for that is because that spirit formation is simply too dangerous,” Ying Mingchao said.

“Senior, earlier, you said that you knew what the issue is?” Chu Feng asked.

He wanted to know what Ying Mingchao had discovered the issue

to be.

“That’s right, I’ve found it...”

Ying Mingchao hesitated no more. He directly mentioned to Chu Feng what he felt the issue to be.

“What? He wants you to endure the torment from the slaughtering formations again?”

“Tell him to drop dead!”

After hearing Ying Mingchao’s proposal, before Chu Feng could respond, Her Lady Queen exploded.

“Chu Feng, you must absolutely not listen to him. He is not you. What he did then might not necessarily be the same as what you’ve done. I feel that he only managed to break through this Life and Death Formation by blind luck.”

“Even if you’re planning to gamble, you must do it according to your own thoughts. You cannot gamble with what he thinks to be right.”

Her Lady Queen was afraid that Chu Feng would continue to listen to Ying Mingchao’s instructions. Thus, she began to advise Chu Feng against it repeatedly.

At this moment, Chu Feng grew completely silent.

He was hesitating.

At the beginning, he felt great amount of certainty and trust toward Ying Mingchao’s words. That was why he did as Ying Mingchao instructed without the slightest hesitation and renounced the method to break through this Life and Death Formation that he had formulated himself.

However, he was now no longer that certain.

On the way here, he grew more and more certain that the method to break through this Life and Death Formation that he had comprehended from the illusion was the actual way out, whereas

the method proposed by Ying Mingchao resembled more of a gamble.

“Chu Feng, Lord City master will not deliberately harm you.”

“You are still very young. Thus, you do not know about how dangerous that Unknown Burial Ground is. All these years, practically no one was able to come out from the Unknown Burial Ground alive. Lord City Master and Senior Zi are the only two individuals that ever managed to come out alive.”

Seeing that Chu Feng was hesitating, many people present began to urge Chu Feng. They wanted him to trust Ying Mingchao.

Their actions were understandable. After all, the Unknown Burial Ground was an extremely dangerous place. As such, they would automatically believe that the experience from the sole survivors was undoubtedly correct.

“Chu Feng, don’t bother with their nonsense. You are different from them. Just because they cannot accomplish it does not mean that you also will not be able to accomplish it either.”

At this moment, her Lady Queen began to strongly urge Chu Feng against listening to Ying Mingchao.

“I’ve decided,” Finally, Chu Feng spoke.

“I know very well that Senior Ying and Senior Zi will not try to harm me.”

“However I, Chu Feng, have my own idea. Furthermore, the person that is being trapped in the Unknown Burial Ground right now is me.”

“Thus, I wish to use my own method to break through this formation,” Chu Feng said.

“This...”

“Young Hero Chu Feng, you must definitely not be stubborn and make rash decisions. This is something that concerns your life.”

After hearing what Chu Feng said, the crowd grew silent for a moment. However, they soon burst into an uproar.

“Quiet!” Right at this moment, Ying Mingchao shouted loudly.

The crowd immediately closed their mouths and stopped talking.

At this moment, Ying Mingchao had a very complicated expression. Likely, he was feeling very tangled in his heart too.

However, in the end, he said to Chu Feng, “Chu Feng, since you’ve decided, you should do what you think is correct.”

“Mingchao, you can’t allow Chu Feng to do that,” Seeing that Ying Mingchao had given his consent, Zi Xunyi immediately grew nervous.

“Xunyi, can we guarantee that Chu Feng will definitely be able to escape from there if he is to use our method?” Ying Mingchao asked.

“I...” Zi Xunyi did not answer. She didn’t know how to answer.

“At the beginning, I was certain that was the case. However, I am now no longer certain. Thus, we should allow Chu Feng to make his own decision. After all, the person this decision concerns is Chu Feng himself,” Ying Mingchao said.

“Thank you senior. In that case, this junior will begin.”

As Chu Feng spoke, he sat cross-legged on the ground. Spirit power began to emerge from his body. He was setting up a spirit formation.

That spirit formation was actually very simple. However, as Chu Feng was suffering from very serious injuries all over, even his spirit power had grown much weaker than before. Thus, it took Chu Feng an entire hour to set up the spirit formation.

This spirit formation was a tunnel. There were two doors. One was the entrance, and the other was the exit.

Seeing this spirit formation, Chu Feng sucked in a mouthful of

cold air.

This spirit formation was something that he had managed to comprehend from the illusions.

This was a spirit formation that he could only set up in the Unknown Burial Ground.

As Chu Feng looked to this spirit formation that held a fifty-fifty chance of life and death, he had no idea what would happen after entering it.

However, Chu Feng still, before the crowd's fixed focus, dragged his seriously-injured body into the spirit formation.

“Buzz~~~”

Once Chu Feng entered the spirit formation, that spirit formation immediately started to shine with light. However, that light was crimson in color. It was the same color as blood.

In fact, strange sounds were heard from within the spirit formation.

Those sounds seemed to be the sound of chewing.

It was chewing Chu Feng.

At this moment, the people present became extremely worried for Chu Feng.

They all did not know whether or not Chu Feng would be able to walk out of that strange spirit formation alive after entering it.

# Chapter 2601 - Overcome All Obstacles

---

As if it was chewing, that spirit formation continued to wiggle for quite a while before calming down.

However, after that spirit formation calmed down, the exit-like gate did not open.

With the situation like this, even though the spirit formation had calmed down, the crowd present were unable to calm themselves.

“Chu Feng, Chu Feng, it’s me, Ying Mingchao. Can you hear me?”

“Chu Feng, it’s me, Zi Xunyi. If you’re fine, can you give us a response?”

Ying Mingchao, Zi Xunyi, the guardian clan’s clan chief and many other grand characters all started to panic.

That spirit formation was extremely strange. Even though this spirit formation that Ying Mingchao and Zi Xunyi were controlling should be able to connect with Chu Feng, it was still unable to see the situation inside that healing formation, unable to catch an image of Chu Feng.

At this moment, everyone felt that Chu Feng had suffered a mishap. As such, how could they not panic?

After all, that was the Unknown Burial Ground, that frightening place where countless geniuses had lost their lives.

After Ying Mingchao and Zi Xunyi called out for Chu Feng repeatedly with no response from the spirit formation that Chu Feng was in, the crowd felt that Chu Feng might’ve already died.

“Little friend Chu Feng was simply too stubborn. Why didn’t he listen to Lord City Master? Now he has suffered the consequences of his own actions.”

“It is truly a pity. An generation’s exceptional genius has fallen

just like this. This is a major loss to our Hundred Refinements Ordinary Realm.”

At this moment, the crowd burst into an uproar. Some felt pity for Chu Feng, whereas others felt distress. Some even started to blame Chu Feng for his actions, saying that he had caused this because he refused to listen to Ying Mingchao.

“All of you, shut up!”

“If anyone dares criticize Chu Feng again, I will cut out their tongues!”

Zi Xunyi suddenly shouted. Her furious voice not only resonated through the heaven and earth, it also permeated into the hearts and souls of the crowd present, scaring many of them to a state of shivering.

At this moment, everyone shut their mouths. Even those that felt regret for Chu Feng’s death no longer dared utter another word.

The reason for that was because Zi Xunyi’s current expression was truly frightening. If they dared to provoke her again, they would likely not get off as easy as having only their tongues cut off. Instead, she might take their lives.

As for Zi Xunyi’s current reaction, it was actually understandable too. Although she had only known Chu Feng for a very short period of time, she thought very highly of Chu Feng. Else, she would not have come all the way here to save him.

And now, Chu Feng had most likely suffered a mishap. Yet, these people here were making cynical remarks. Naturally, she would not be able to tolerate it.

“Buzz~~~”

Right at the moment when everyone felt that Chu Feng had suffered a mishap, that spirit formation that Chu Feng had entered suddenly started to blossom with a strange light.

The next moment, that tightly closed gate actually opened.

After the gate opened, everyone revealed joyous gazes and all cast their eyes toward that opened gate.

A figure was currently walking out from that gate.

As for that person, he was none other than Chu Feng.

Merely, the current Chu Feng appeared completely different from before he entered the formation.

The current Chu Feng was actually wearing golden armor. Although that armor was a sort of body of light, it was not formed with spirit power. The crowd were unable to determine exactly what that armor was made of.

On Chu Feng's left hand was a golden compass. Light was spinning above that compass. It was very dazzling and extraordinary.

In Chu Feng's right hand was a large golden blade. Although the crowd were unable to feel the mighty aura of that blade, they were able to tell merely by looking at it that that golden blade was extremely powerful.

Most importantly, Chu Feng currently appeared to be extremely spirited. In fact, he appeared much more spirited compared to the first time the crowd saw him.

Evidently, Chu Feng had made a full recovery.

“Success! Chu Feng actually succeeded!!!”

A tsunami-like cheer sounded from the vast crowd.

Merely, this time around, they were no longer whispering and making their own assessments about Chu Feng's decision. Instead, it was all cheers.

Everyone was celebrating. They were all cheering for Chu Feng being still alive. They were all cheering for Chu Feng's success.

“That spirit formation seems to have had an isolation effect. While I was able to hear seniors’ voices, it seemed that seniors were unable to hear my voice. I have made seniors worry for me,” Chu Feng said in an apologetic manner.

It was as Chu Feng said. While he was in the healing formation, he was able to hear the voices of the crowd.

When Ying Mingchao and the others asked Chu Feng if he was fine, Chu Feng had responded to them. However, it was very evident that they were unable to hear his voice.

Even though Chu Feng was clearly fine, he had made everyone worry for him. As such, Chu Feng was feeling apologetic.

“It’s fine, all that matters is that you’re fine. Everything’s good now that you’re fine,” Zi Xunyi had turned into a completely different person compared to before. There was no longer any trace of anger on her face. Instead, it was replaced with a beautiful smile.

“Chu Feng, all those treasures of yours, did you obtain them from that formation?” Ying Mingchao asked.

“Senior Ying, these were indeed obtained from the healing formation. This golden armor, compass and war blade all possess different sorts of power. They were all able to help me pass through this Life and Death Formation,” Chu Feng said.

“Good, good, good. This is truly good.”

“It would seem that you’ve made the correct gamble. The comprehension you’ve obtained from that illusion was indeed feasible.”

“Since that’s the case, Chu Feng, there’s no time to delay. Take advantage of the fact that those treasures are still there to immediately attempt to break through the formation,” Ying Mingchao urged.

Merely by seeing them with his naked eyes, Ying Mingchao was

able to tell that Chu Feng's golden armor, blade and compass were all treasures of an immaterial nature.

As they were not formed from actual materials, they would sooner or later disappear. Ying Mingchao was afraid that those treasures would disappear too quickly and affect Chu Feng's progress in breaking through the formation.

“That is precisely what this junior planned.”

After Chu Feng said those words, he began to rely on the spirit formations that he had comprehended from that illusion to break through the various grand slaughtering formations.

The reason for that was because Chu Feng felt that there was simply no way out of this so-called Life and Death Formation.

He felt that he would have to break through each and every slaughtering formation present here if he wanted to leave.

Originally, with the comprehension that Chu Feng had obtained from that illusion, he only held a thirty percent certainty in being able to break through this Life and Death Formation.

However, to Chu Feng's enormous fortune, not only did the healing formation completely heal his injuries, but it also bestowed special powers upon him.

The special powers were naturally the golden armor, war blade and compass.

Those three items were all used for breaking through the Life and Death Formation. With those three items, Chu Feng's certainty in successfully passing the Life and Death Formation had increased from thirty percent to fifty percent.

Fifty percent, this was a very high probability of success.

Merely, even though it was fifty percent, it still remained that it would mean there was a half and half chance of either death or life.

As such, Chu Feng needed to think meticulously about every step

he took. Only then would he attempt to use the methods that he had comprehended to break through the slaughtering formations.

However, no matter how cautious and careful Chu Feng might be, many of the slaughtering formations in the Life and Death Formation still could not be trifled with.

As Chu Feng continued onward, he received many serious injuries. Fortunately, he had that golden armor.

Although that golden armor does not have an effect of blocking attacks, it had a healing effect.

Thus... at this moment, as long as it was not something fatal, Chu Feng would not have to fear.

All sorts of superficial injuries were completely cured by the golden armor.

As for that compass, it was actually a shield that possessed extremely powerful defensive capabilities. Although it was only capable of blocking head-on attacks, Chu Feng felt that it was already an extremely powerful defensive tool.

As for that war blade, it was an offensive weapon. It was capable of slicing through practically everything in the Life and Death Formation.

Merely, the slaughtering formations in the Life and Death Formation were not things that could be defeated merely by slicing through its contents.

If he wanted to break through them, he would have to use world spirit techniques.

Fortunately, as Chu Feng continued to defeat more and more slaughtering formations, the process became much easier, as Chu Feng began much more skilled in defeating the slaughtering formations.

This was especially true in the eyes of the crowd outside. To

them, Chu Feng was pushing his way through the various frighteningly powerful slaughtering formations one by one without the slightest amount of fear.

To them, Chu Feng was simply overcoming all of his obstacles in a majestic manner. The airs of a king were completely prominent.

# Chapter 2602 - Confidence

---

“Genius, truly a genius. Chu Feng is most definitely a most exceptional genius that rarely appears in ten thousand years.”

“He’s more than just a genius. The way I see it, Chu Feng’s future accomplishments will surpass even Ying Mingchao’s. He will become the true overlord of the Hundred Refinements Ordinary Realm.”

“In fact, he might even overtake Grandmaster Kai Hong and Senior Zhan Haichuan.”

“Indeed. If I didn’t witness it myself, I truly would not dare believe that someone would be able to move about in such an unhindered manner in the Unknown Burial Ground. This is truly too astonishing.”

“Sure enough, we are unable to understand the world of geniuses.”

At this moment, the crowd outside were all deeply awed by Chu Feng’s actions.

The reason for that was because that Unknown Burial Ground was all of their nightmare. Yet, Chu Feng was able to move about unhindered in the Unknown Burial Ground.

Although the crowd did not believe that Chu Feng would be able to break through the Unknown Burial ground at the beginning, after they now saw that Chu Feng was defeating powerful spirit formations one after another, the crowd all felt that it would be possible for Chu Feng to break through the Unknown Burial Ground.

They all felt that Chu Feng might be able to escape from the Unknown Burial Ground using the methods he had comprehended.

“Could it be that we were mistaken?” At this moment, Ying Mingchao looked to Zi Xunyi. He had a complicated expression on

his face.

At the beginning, he had felt the entire time that the method that they used, the decision to endure the slaughtering formations with their own bodies, was the most effective method and the only method.

Yet now, he became skeptical. He started to suspect that the method he and Zi Xunyi had used to break through the Unknown Burial Ground might not be the only method there was.

In fact, he felt that the method that they used was simply incorrect. He felt that they had only managed to escape the Unknown Burial Ground by pure coincidence.

The reason for that was because they did not really break through the Life and Death Formation. Instead, they were sent out of the Life and Death Formation after experiencing a series of trials and tribulations.

However, with what Chu Feng was doing, if he was to succeed, he would be able to completely break through the Life and Death Formation.

“It is not that we are wrong. It can only be said that Chu Feng’s method to destroy the various slaughtering formations is another way out.”

“After all, back then, we did not just escape the Unknown Burial Ground. We also obtained benefits from it,” Zi Xunyi said.

“Right. After all, that All Equilibrium Weaponry Refinement Chart was obtained from there.”

After being reminded by Zi Xunyi, Ying Mingchao grew confident again.

The reason for that was because they were not sent back out of the Unknown Burial Ground after escaping from the Life and Death Formation.

Instead, they were teleported to a cave palace.

They obtained some treasures from within that cave palace.

Not only was the All Equilibrium Weaponry Refinement Chart one of the treasures, but they also obtained treasures that could directly increase their cultivation.

Those treasures could be deemed as their rewards for successfully passing through the Life and Death Formation.

“Look! Chu Feng is about to succeed!”

Right at this moment, the crowd burst into an uproar again.

After hearing the crowd’s voices of excitement, Ying Mingchao and Zi Xunyi noticed that Chu Feng was currently breaking through a very powerful grand formation.

This grand formation was composed of six different types of gaseous flames.

Wind gaseous flames.

Lightning gaseous flames.

Water gaseous flames.

Fire gaseous flames.

Earth gaseous flames.

And the final type, a black gaseous flame.

It was unknown what sort of power this black gaseous flames contained. However, it was the most powerful of the six types of gaseous flames.

The six different gaseous flames were gathered together. They formed an extremely destructive slaughtering formation. Even for Chu Feng, it was very difficult to destroy this slaughtering formation.

However, the power of the six gaseous flames was growing weaker and fainter. Evidently... Chu Feng was about to succeed.

“That slaughtering formation is extremely difficult to breach. I wonder, will there be even more difficult formations after that one?” Zi Xunyi said.

“I don’t think so. That slaughtering formation seems to be the last formation in the Life and Death Formation,” Ying Mingchao said.

“How do you know?” Zi Xunyi asked in a very astonished manner.

“That is something that I comprehended from that illusion. Originally, I thought that the things from the illusion were all false.”

“However, looking at it now, the things that we’ve comprehended from the illusion were not all false.”

“Else, Chu Feng would not have been able to reach this far,” Ying Mingchao said.

“If that’s the case, then it would be truly great.”

Zi Xunyi felt extremely joyous. Although she had also experienced the Unknown Burial Ground, the things that one could comprehend from that illusion were all personal and different from one another.

For example, there were many things that Ying Mingchao managed to comprehend that Zi Xunyi did not.

Thus, Zi Xunyi was very trusting of Ying Mingchao’s words.

Most importantly, this Unknown Burial Ground was simply too dangerous. As long as Chu Feng was still in there, she would still be worried.

Thus, Zi Xunyi deeply hoped that Chu Feng would be able to break through the Life and Death Formation as quickly as possible.

“Those hand seals?”

Right at this moment, Zi Xunyi’s gaze changed. She revealed a

panicky expression.

“Xunyi, what’s wrong?” Ying Mingchao noticed the abnormal reaction that Zi Xunyi had.

Although Ying Mingchao’s battle power surpassed Zi Xunyi’s, and his talent for martial cultivation was also slightly better than hers, he was inferior to Zi Xunyi in terms of world spirit techniques.

Right now, what Chu Feng was using was his world spirit techniques. As such, he was unable to determine anything wrong with Chu Feng’s world spirit techniques, and could only consult Zi Xunyi.

“Chu Feng is removing the three treasures on him. Mingchao, you must stop him right now. You cannot allow him to do that,” Zi Xunyi said.

“Chu Feng, stop! That slaughtering formation is yet to be completely destroyed. You must not remove the power of your healing formation,” Ying Mingchao hurriedly spoke to Chu Feng.

Chu Feng had managed to overcome all the obstacles on the way and cut through many slaughtering formations.

Although it was mainly due to Chu Feng’s meticulous techniques, the three treasures also provided enormous assistance.

And now, it was precisely the most crucial moment in breaking through this slaughtering formation for Chu Feng. If he was to lower his guard now, he could very well ruin everything.

However, even though Ying Mingchao’s words reached Chu Feng’s ears, Chu Feng did not stop.

He finished forming his hand seal. Then, Chu Feng tossed the war blade and compass toward the sky.

The next moment, Chu Feng unleashed his completed hand seal, and the golden armor that had covered his body was also removed

from him. That golden armor turned into a golden light and fused together with the war blade and compass.

After the three treasures fused together, they turned into dazzling golden radiance. Like a waterfall, the golden light began to fall from the sky, completely covering Chu Feng within it.

“What is that?” Many people were confused.

“It seems that Chu Feng has another plan in mind.”

At this moment, Ying Mingchao and Zi Xunyi realized that Chu Feng did not do this with the intention of renouncing the three treasures. Evidently, he had something else in mind.

“Roar~~~”

Right at this moment, the six gaseous flames that were gradually growing fainter suddenly became much stronger.

The intensity of those gaseous flames was ten times their strongest intensity from before.

“How could this be?!”

The crowd outside the Unknown Burial Ground were all deeply frightened upon seeing this scene.

Although they were only able to see with their naked eyes, and were simply unable to sense the true might and power of those gaseous flames, they were able to determine exactly how frighteningly powerful the gaseous flames that had grown much more intense now were, based on how difficult it was for Chu Feng to defeat the gaseous flames from before.

Counterattack. It was that slaughtering formation's counterattack. It was its strongest attack, its final attack.

If Chu Feng was able to withstand it, he would have defeated the slaughtering formation. If he was unable to withstand it, Chu Feng would die here.

The crowd felt that Chu Feng might not necessarily be able to

withstand it. After all, the gaseous flames were so much more ferocious this time around.

“Chu Feng... why isn't he panicking?”

At this moment when everyone was frightened by the gaseous flames, they were shocked to discover that Chu Feng, who was inside that slaughtering formation was actually completely confident. There was not the slightest trace of panic on his face.

His confident appearance seemed to indicate that everything was within his grasp.

## Chapter 2603 - Devised A Battle Plan

---

At the moment when the crowd were all puzzled by Chu Feng's confidence, Chu Feng suddenly sat down in a cross-legged manner.

With this, the crowd grew even more confused. Chu Feng's actions simply were not one of someone confident. Rather, he had simply not placed the dangers in his eyes at all.

However, this was strange. The crowd had all witnessed how Chu Feng had managed to defeat those slaughtering formations one after another.

The impression that they had of Chu Feng was that he was not a careless individual. Rather, he was an extremely cautious individual.

“Woosh, woosh, woosh~~~”

Right at the moment, the attack of the ferocious gaseous flames had already arrived by Chu Feng.

It was so ferocious and domineering that it seemed as if it would engulf, tear apart and destroy everything.

However, those six extremely powerful gaseous flames were unable to approach Chu Feng.

The reason for that was because they were unable to pass through that golden radiance.

They were all blocked by the golden light being emitted by the fused three treasures above Chu Feng.

“So that's how it is. Chu Feng realized that there would be a counterattack. That's why he fused the three treasures.”

Both Ying Mingchao and Zi Xunyi came to a sudden realization.

At the same time, the bystanders finally realized why Chu Feng was this confident.

It turned out that he was already prepared for this.

“This won’t do. That golden radiance doesn’t seem to be able to continue to withstand it for much longer.”

Although they understood what Chu Feng had planned, the bystanders were still extremely worried for Chu Feng.

Although the golden radiance formed by the three treasures had indeed managed to block the six gaseous flames, they were, judging from their appearance, evidently unable to continue to block the six gaseous flames for long. Chu Feng was still in great danger.

“Formation, open!!!”

Right at the moment when the crowd were all worried, Chu Feng suddenly opened his arms.

The next instant, waves of surging golden spirit power started to surge from Chu Feng’s body. They formed a spirit formation around Chu Feng.

Once this spirit formation appeared, the crowd’s eyes started to shine.

Even though this spirit formation took form immediately, anyone could tell that a lot of time had been spent in setting up this spirit formation.

This meant that Chu Feng had been setting up this spirit formation for a long time already. Merely, he was setting it up within his own body.

That was how this spirit formation managed to take form immediately after it was revealed.

Most importantly, this spirit formation possessed astonishing defensive power. It was an extremely powerful defensive formation.

Sure enough, Chu Feng already had an answer to take on that slaughtering formation. Merely, although that defensive

formation was powerful, the power of those six gaseous flames could not be compared to their power from before.

“With how powerful those gaseous flames are, will Chu Feng’s spirit formation really be able to take it on?”

Even though Chu Feng’s spirit formation had astonished everyone, they did not think that Chu Feng would definitely be able to block the attack of the gaseous flames.

While the crowd was worried, Chu Feng shouted, “Formation, merge!” Then, he folded his arms and clasped his palms.

The next moment, surging spirit power was emitted from Chu Feng’s body, and started to merge with the golden radiance sprinkling down from above him.

When Chu Feng’s spirit formation merged with the three treasures’ golden radiance, its power immediately increased enormously. It was no longer comparable to before.

“Formation, rise!!!”

Chu Feng suddenly opened his clasped palms and then spread his hands wide. He began to form two different peculiar hand seals with his two hands.

“Woosh, woosh, woosh, woosh~~~”

Then, that grand formation started to rotate. After Chu Feng’s grand formation started to rotate, the six gaseous flames that were frantically bombarding Chu Feng’s grand defensive formation were actually knocked away.

Chu Feng’s defensive formation had actually managed to gain the upper hand in the battle against the extremely domineering gaseous flames.

“That spirit formation?”

It was only at this moment that the crowd discovered that the power from the fusion of those three treasures was only meant to

be used as an assistant. Chu Feng's spirit formation was the actual crucial aspect to breaking through that slaughtering formation.

At the moment when the crowd were all exclaiming in admiration, Chu Feng, who was sitting on the ground, suddenly stood up.

He had a sharp expression in his eyes. He shouted, "Formation, break!!!"

"Boom~~~~"

After Chu Feng's voice sounded, his grand formation that was spinning around him started to unleash a massive offensive like a magnificent army with thousands of men and horses. It collided with the domineering gaseous flames.

The golden radiance was unstoppable. It actually managed to forcibly scatter the domineering gaseous flames.

Soon, the golden radiance covered everyone's field of view.

When the golden radiance dispersed, the crowd were astonished to discover that Chu Feng was standing there completely unscathed. As for the six different gaseous flames, they had completely disappeared.

"Defeated! Chu Feng successfully broke through that slaughtering formation!"

The crowd burst into an uproar once again. At this moment, they were truly astonished and overjoyed.

As the saying goes, the onlooker sees more of the game. Sometimes, that saying holds very true. Although they were merely spectators, they were able to sense how frightening that slaughtering formation was.

Yet, Chu Feng was able to defeat such a frightening slaughtering formation. As such, how could they not feel overjoyed?

Most importantly, Chu Feng's ability to defeat that slaughtering

formation was truly natural and unforced. Furthermore, he had already anticipated the counterattack from the slaughtering formation. He truly could be said to have devised a battle plan. It was an extraordinary feat.

It was something that none of the people present were capable of accomplishing. As such, how could they not be astonished?

“Buzz~~~”

Right at this moment, in the desert above the Unknown Burial Ground, the spirit formation that was connected to Chu Feng and capable of showing his current situation suddenly grew dim.

At the same time, the enormous curtain of light that was being projected onto the sky started to disappear. This grand spirit formation had lost its effect.

“How could this be?”

At this moment, not to mention the others, even Ying Mingchao was astonished. His previously joyful expression was immediately overshadowed with worry.

“It is not that the spirit formation has lost its effect. Rather, it seems more like some sort of power cut it off,” Zi Xunyi analyzed.

“You’re saying that someone deliberately sealed off our formation?” Ying Mingchao asked.

“That’s most likely the case,” Zi Xunyi replied.

After hearing what Zi Xunyi said, Ying Mingchao grew silent. However, the worried expression on his face grew stronger and stronger.

Having lost the effect of that spirit formation, it could be said that they had lost their means of communicating with Chu Feng.

Although Chu Feng had defeated the strongest slaughtering formation, they had no idea exactly what the situation was like inside the Unknown Burial Ground.

This was especially true because the crystal that was connected to Chu Feng had also lost its effect. With both of these methods gone, they were no longer able to determine whether or not Chu Feng was safe.

Originally, that crystal was capable of reacting to Chu Feng's state of being. If Chu Feng was injured, it would indicate it.

However, after Chu Feng entered the healing formation, that crystal lost its effect. That was the reason why the crowd felt that Chu Feng had died that time.

However, when Chu Feng reappeared from the healing formation, Chu Feng's shadow image once again appeared on that crystal.

However, Chu Feng's image had been lost from the crystal again now.

After what had happened earlier, Ying Mingchao and the others were not feeling so pessimistic about Chu Feng. After all, the various things that had happened before had verified that there was some sort of formidable power in the Unknown Burial Ground capable of severing the connection between Chu Feng and that crystal.

Thus, even though Chu Feng's image was lost from the crystal, that did not mean that Chu Feng had died.

That said, even with that being the case, Ying Mingchao and the others were still extremely worried.

To put it briefly, as long as they are not certain of Chu Feng's safety, Ying Mingchao and the others would always be worried about Chu Feng.

.....

“Strange.”

At this moment, Chu Feng, who was in the Life and Death

Formation, started to frown.

“What’s wrong?” Eggy asked.

“For some unknown reason, I’ve lost connection with Senior Ying and the others,” Chu Feng said.

Chu Feng was able to sense that the connection had been severed. This was different from when he had entered the healing formation earlier.

At that time, he was able to hear the voices of Ying Mingchao and the others. However, he was now unable to hear any voices at all.

At this moment, the only sounds Chu Feng could hear were the sounds from the Life and Death Formation. All sounds from the outside world had been severed.

“Could it be that something has happened?” Eggy asked.

“I don’t know. However, the connection will most definitely not be lost without reason. Most likely, some sort of problem occurred with the spirit formation connecting us,” Chu Feng said.

“Woosh, woosh, woosh~~~”

Before Chu Feng could think much into the topic, landslide-and-tsunami-like wind noises suddenly emerged from his surroundings.

When Chu Feng looked over, he discovered that the surrounding mountain rocks were changing enormously.

The mountain rocks that were originally hard and solid had turned into white mist, and were dispersing into the sky.

# Chapter 2604 - True Immortal Mist

---

The amount of mist was simply too much. Soon, it completely covered the region.

Under this sort of situation, Chu Feng's field of view grew smaller and smaller. In the end, his sight was filled with a vast expanse of whiteness. He was unable to see anything else.

Fortunately, this sort of situation did not persist for long. After a short moment, the vast white mist started to gradually vanish.

“That is?”

As the mist waned, Chu Feng revealed a serious expression. He was able to sense that he was no longer in the Life and Death Formation. Rather, he had arrived at a completely different place.

Furthermore, Chu Feng discovered two silhouettes in the distant mist. Merely, as the mist surrounding him had yet to completely dissipate, those two figures were very fuzzy. Even Chu Feng was unable to determine their appearances.

“Seniors, might you be the creators of this Unknown Burial Ground?”

Chu Feng did not approach the two silhouettes. Instead, he first bowed respectfully to the two fuzzy silhouettes.

“Young man, come over,” An aged voice sounded.

Hearing that voice, Chu Feng started to walk over. After approaching, Chu Feng revealed a slightly astonished expression.

One of the two silhouettes he saw from afar was an old man.

This old man was wearing a light yellow gown. His gown was very special. It seemed to be leather, yet seemed to not be leather. It appeared somewhat coarse. However, Chu Feng was able to tell that gown was not made out any ordinary material. Rather, it should be a treasure.

This old man was wearing a hood over his head. However, that hood was not tightly secured. As such, one could see his facial features.

He had relatively dark skin. There were not a lot of wrinkles on his face. However, his eyebrows were yellow as well, somewhat similar to the color of his gown.

His beard was not very long. However, his eyebrows were extremely long. They were actually over a meter long.

From this first glance, Chu Feng felt that this old man was the person that had called him over.

As for the reason why Chu Feng determined this to be the case, it was because the other silhouette was not that of a human.

Rather, it was a deer. This deer was not a humanoid deer-headed individual. Rather, it was an actual deer.

However, precisely one such actual deer was sitting on a stone chair and playing chess with the old man.

However, regardless of whether it was that yellow-gowned old man or that deer, they were both beings that Chu Feng could not see through.

Chu Feng knew that they both possessed strength much superior to his own. Likely... they were the creators of this Unknown Burial Ground.

“Creak~~~”

Right at this moment, a chess piece on the chessboard between the two suddenly moved.

Chu Feng was able to clearly see that neither the old man or the deer had moved at all. It was as if that chess piece had moved by itself.

That said, Chu Feng did not think too much about it. Experts of their level were beings that could kill people using only their

thoughts. To control a chess piece without moving was naturally extremely easy for them to accomplish.

That said, as that chess piece moved, Chu Feng also turned his gaze toward the chessboard. It was only at this moment that he discovered that the old man and the deer were playing a very simple game of chess.

To Chu Feng's great astonishment, the chess piece that had moved earlier was a very bad chess move by the yellow-gowned old man.

That one move had landed the yellow-gowned old man in a predicament. With one more move, that deer would be able to defeat the yellow-gowned old man and win the game of chess.

Merely, that deer did not make its move. Neither the old man nor the deer... gave any reaction.

Just like that, they stared at the chessboard. They were looking at the chessboard in the same manner as Chu Feng. It was as if they were spectators themselves.

"Junior Chu Feng pays his respects to senior," Chu Feng once again bowed to the two in a very polite manner.

"Chu Feng, right?" The yellow-gowned old man asked.

"Yes, precisely."

Chu Feng was not surprised that this old man knew of his name.

[1. No shit sherlock, you just told him your name.]

After all, Ying Mingchao and the others outside the Unknown Burial Ground had called his name countless times. As such, this person before him, this expert who possessed remarkable abilities, would naturally be able to hear the calls from Ying Mingchao and the others outside. As such, he would have already known Chu Feng's name.

"You're very interesting. You have not come for the treasures.

Instead, you've come to save your friend," That yellow-gowned old man said.

However, he had been staring at that chessboard the entire time. He had never even taken a single glance at Chu Feng while speaking.

However, his words brought great astonishment to Chu Feng. Chu Feng felt as if everything about him was under the control of that yellow-gowned old man. He felt extremely passive.

"What senior said is extremely correct. I have indeed come here to save my friend."

"Since senior knows that I have come to save my friend, may I dare ask where my friend might be right now?" As that yellow-gowned old man already knew the reason why Chu Feng came, Chu Feng decided to not beat around the bush and go straight to the main topic.

"While you've managed to defeat the Life and Death Formation, your friend has not. Furthermore, her current situation is extremely bad. I'm afraid that she will likely end up dying in the Life and Death Formation," The yellow-gowned old man said indifferently. It was as if he was speaking about something that he felt no great concern toward.

However, his indifferent words brought forth a great wave in Chu Feng's heart.

Based on what the yellow-gowned old man had said, Chu Feng could tell that there was more than a single Life and Death Formation. Not everyone would enter the same Life and Death Formation.

Likely, everyone would have their own Life and Death Formation.

Although Chu Feng had managed to defeat the Life and Death Formation, he had only managed to save himself, and was simply

unable to save Zhao Hong.

The reason for that was because the two of them were simply not in the same Life and Death Formation.

“Don’t be anxious. If you want to save her, there is a way to save her,” Right at this moment, that yellow-gowned old man spoke again.

“Senior, what must I do to save my friend?” Chu Feng asked.

“While the method is there, I’m afraid that you’ll have to make an enormous sacrifice,” The yellow-gowned old man said.

“Senior, please tell me what I must do,” Chu Feng said.

“Don’t be so anxious to agree yet. That sacrifice is not something that you will necessarily be willing to do,” The yellow-gowned old man said.

“Senior, please tell me what I must do,” Chu Feng repeated himself. His tone became even more urgent.

“What’s this? You’re willing to make any sacrifice?” The yellow-gowned old man asked.

“This junior is willing,” Chu Feng answered determinedly. There was not the slightest hesitation.

“Oh?” At this moment, the yellow-gowned old man finally turned around and looked to Chu Feng.

When those eyes were cast onto him, Chu Feng’s heart immediately grew tense.

He felt as if two sharp blades had pierced through his soul.

Powerful. This old man was extremely powerful. He had reached an inestimable level of power.

Chu Feng was absolutely certain that this old man was most definitely not from the Hundred Refinements Ordinary Realm. Rather, he was an expert from the Upper Realms.

The reason for that was because it would be impossible for the Hundred Refinements Ordinary Realm to have an expert as powerful as this old man.

Fortunately, that sharp gaze only persisted for a short period of time. Soon, that yellow-gowned old man's sharp gaze turned gentle.

“Interesting,” That yellow-gowned old man smiled lightly. It was as if he had seen through everything.

“It has been a while since I've arrived here. You are the first to break through the Life and Death Formation, the first to successfully pass the three checkpoints.”

“Having successfully passed the three checkpoints, you will naturally be rewarded. This... is your reward.”

As the yellow-gowned old man spoke, he waved his sleeve, and a lump of golden-bright and dazzling mist floated out from his sleeve.

The mist grew more and more concentrated. In a blink of an eye, it grew from a lump of mist that was the size of an apple to a lump of mist over ten meters in diameter.

“That mist is a treasure!” Seeing the golden-bright and dazzling mist, Her Lady Queen revealed an overjoyed expression.

Not only was the mist twinkling with light, but there were also countless runes and symbols circulating throughout the mist. As such, Her Lady Queen was able to tell with a single glance that it was no ordinary mist. Instead, it was mist that should be able to increase Chu Feng's cultivation.

That's right, not only would Chu Feng gain martial power after entering that mist, but he would also be able to obtain martial comprehension. Should he enter that mist, Chu Feng's cultivation would most definitely increase.

“This mist is called the True Immortal Mist. Should you enter

the mist, it will help you break through the Martial Ancestor bottleneck and become a rank one True Immortal directly,” The yellow-gowned old man said.

“However, if you want to save your friend, you must give up on this mist. You will have to give this mist to your friend instead. Are you willing to do that?”

After saying those words, the yellow-gowned old man revealed a change in expression once again. It turned into one of someone enjoying a show. It was as if he was certain that Chu Feng would not be willing to give the mist to Zhao Hong. Thus... he was waiting to laugh at Chu Feng.

“In other words, if I am to give this mist to my friend, she will be able to escape?” Chu Feng asked.

“Naturally,” The yellow-gowned old man said.

“This junior is willing,” Chu feng said resolutely.

# Chapter 2605 - Obtaining Something Else

---

“Sigh,” After hearing what Chu Feng said, Her Lady Queen was unable to help herself from sighing.

She naturally wanted Chu Feng to use that mist himself. After all, reaching a breakthrough to the True Immortal realm would be a complete change in the nature of his strength.

No matter how powerful Martial Ancestors might be, they would never be a match for True Immortals.

However, what if Chu Feng was a True Immortal?

With his talent and abilities, very few True Immortals in the Hundred Refinements Ordinary Realm would be able to contend against him.

At that time, Chu Feng would truly be able to move about unhindered in the Hundred Refinements Ordinary Realm. He might even be able to destroy that Infant Soul Sect and complete the mission given to him by his father all by himself.

However, Her Lady Queen did not try to urge Chu Feng against his decision to renounce the mist. The reason for that was because she knew Chu Feng’s personality; she knew that he would definitely choose to use the mist to save Zhao Hong.

No matter how she tried to urge him against it, it would be all be useless.

Thus, she decided to not bother urging him against it. That said, she still felt pained by Chu Feng’s decision.

“Are you certain?” The yellow-gowned old man asked.

Although Chu Feng’s answer was something that Her Lady Queen had anticipated, it was clearly... not something that the yellow-gowned old man had anticipated.

After hearing Chu Feng’s answer, that yellow-gowned old man

was very surprised.

“This junior is certain. Senior, please release my friend,” Chu Feng said.

“Young man, listen to my word of advice. While you’re a peak Martial Ancestor, this opportunity is nevertheless extremely important to you.”

“Do you know how many people have managed to reach peak Martial Ancestor in their youth, yet failed to reach a breakthrough to the True Immortal realm in their entire lives?”

“While it might appear that there is only a fine distinction between peak Martial Ancestor and True Immortals, the distance is actually extremely far. It is not one that can be easily crossed,” The yellow-gowned old man said.

“This junior appreciates senior’s kind intentions. Merely, when compared to my friend’s life, this is simply insignificant,” Chu Feng said.

“It seems that you are determined to save her?” The yellow-gowned old man asked.

“Senior, that is precisely what this junior intends. Senior, please let my friend out,” Chu Feng spoke in a very serious manner and once again bowed to the yellow-gowned old man.

“Young lady, you have truly made a very loyal friend.”

Right at this moment, the yellow-gowned old man’s eyes moved. The next moment, a world spirit gate appeared beside him.

When that spirit formation gate appeared, a figure tumbled out of that world spirit gate and fell to the ground.

This person was none other than Zhao Hong. Merely, at this moment, Zhao Hong was seriously injured. She did not even have the strength to stand up.

Even though Zhao Hong was extremely weak, she still tried her

best to raise her head.

She looked to Chu Feng. With great difficulty, she spoke, “Chu Feng, you must not do that. Do not renounce on your reward just to save me.”

“You cannot do that. I will not accept it. I will definitely not accept that mist.”

It would appear that Zhao Hong was indeed in the Life and Death Formation earlier. However, it seemed that she had heard the conversation between Chu Feng and the yellow-gowned old man.

At this moment, Chu Feng felt something of a headache.

He had never expected that this yellow-gowned old man would deliberately let Zhao Hong hear their conversation.

That’s right, he had done it deliberately. If he didn’t do it deliberately, it would be impossible for Zhao Hong to hear their conversation.

That said, this was also precisely the reason why Chu Feng felt such a headache. He knew how stubborn Zhao Hong was. Even though he was trying to help her, Chu Feng knew that based on her personality, she would rather die than accept his kindness.

“Young lady, that is not up to you. This opportunity is something that you will have to accept regardless of whether or not you want it.”

Right at this moment, that yellow-gowned old man suddenly spoke. As he spoke, he also waved his sleeve. Then, the golden mist that was floating before Chu Feng began to float toward Zhao Hong.

Soon, that golden mist completely engulfed Zhao Hong.

“Buzz~~~”

As that golden mist with symbols and runes circulating through it engulfed Zhao Hong, the symbols and runes began to circulate

even more rapidly through the mist. As for Zhao Hong, she started to let out a miserable scream.

Hearing Zhao Hong's screams, Chu Feng immediately started to frown. He cast gaze filled with misgivings toward that yellow-gowned old man.

"Don't worry. This mist is forcibly imparting its power to that young lady. When it is done, not only will her injuries be completely healed, but she will also become a True Immortal," The yellow-gowned old man said to Chu Feng.

"Thank you, senior, for your troubles," Chu Feng said with a smile.

Chu Feng felt that this yellow-gowned old man would not deceive him. With that, it meant that Zhao Hong was safe. Not only that, but her cultivation will also increase.

Although Chu Feng was unable to obtain this opportunity to increase his own cultivation, it was not a waste, as Zhao Hong had obtained it. As such, Chu Feng would naturally be happy.

"I truly never expected there to be someone as righteous and loyal like you in a place as desolate as the Hundred Refinements Ordinary Realm."

"That said, boy, the world of martial cultivators is extremely cruel. To be righteous and loyal might not necessarily be a good thing. It might end up causing you harm."

"For example, this time around, it caused you to lose the opportunity to directly reach the True Immortal realm," The yellow-gowned old man said to Chu Feng.

"Everyone possesses different ideologies. While the great majority of people will consider this True Immortal Mist to be extremely significant, and will even fall out with their own relatives and friends for it, killing one another and even slaughtering countless innocents all just so that they can obtain

it...”

“...in the eyes of this Chu Feng, it is nowhere as important as my friend’s life,” Chu Feng said.

“Haha, good. A young man should have the appearance of a young man. Very rarely are there young people like you.”

“Although I, when looking at your decision as a spectator, feel that your decision is silly, I personally greatly admire your decision.”

“That said, it remains that you are the only person that has ever managed to pass through all three of the Unknown Burial Ground’s checkpoints. As such, I will not have you come here in vain.”

“This shall be your reward,” As the yellow-gowned old man spoke, he lightly raised his hand, and a book entered Chu Feng’s hand.

Upon seeing the book in his hand, Chu Feng’s eyes immediately started shining. Then, he revealed an overjoyed expression.

The book that entered Chu Feng’s hand was the All Equilibrium Weaponry Refinement Chart. Merely... this was not an incomplete book. Instead, it was the completed All Equilibrium Weaponry Refinement Chart.

“I can tell that you not only possess outstanding talent for martial cultivation, but your talent for world spirit techniques is also exceptional.”

“This All Equilibrium Weaponry Refinement Chart is a treasure even in the Upper Realms. It is something that countless world spiritists will not be able to purchase even if they have the money to do so.”

“Take it and study it meticulously. Then, refine weapons according to the methods in it. I believe that with your talent, you will soon be able to reach the True Immortal realm,” The yellow-

gowned old man said to Chu Feng.

What the yellow-gowned old man said was the same as what Chu Feng had comprehended from the incomplete All Equilibrium Weaponry Refinement Chart that he had obtained from Ying Mingchao. This made Chu Feng even more certain that what he had comprehended was correct.

“Thank you senior.”

Chu Feng bowed respectfully to the yellow-gowned old man. He was truly overjoyed.

Although he had missed the True Immortal Mist that could allow him to break through to the True Immortal realm directly, he had obtained the complete All Equilibrium Weaponry Refinement Chart. With that, Chu Feng knew that he would, sooner or later, reach the True Immortal realm.

Not only that, but the complete All Equilibrium Weaponry Refinement Chart would serve as an enormous assistance to Chu Feng’s breakthrough in cultivation.

Thus, Chu Feng felt that the value of this All Equilibrium Weaponry Refinement Chart was much more than that True Immortal Mist. As such, how could he not be delighted?

“You don’t have to thank me. That is what you deserve,” The yellow-gowned old man smiled lightly.

“Senior, may I ask you why you’ve set up this Unknown Burial Ground? Also, exactly who are you?” Chu Feng asked curiously.

Chu Feng was able to tell that this yellow-gowned old man was most definitely an extraordinary individual. Thus, he was very curious as to why he came here and set up the Unknown Burial Ground.

“If I am to tell you that I did not set this up, would you believe me?” The yellow-gowned old man said.

# Chapter 2606 - Game Cleared

---

“This junior believes senior.”

“Merely... if this place was not created by senior, then who created it?” Chu Feng asked curiously.

“The mysteries of heaven must not be revealed,” The yellow-gowned old man said with a faint smile.

His smile contained a profound intention. However, Chu Feng had no idea exactly what that smile meant.

That said, since this yellow-gowned old man did not wish to tell, Chu Feng decided to not ask anymore. However, Chu Feng was unable to keep himself from thinking about it. If it was not this yellow-gowned old man that set this place up, who was it?

“Senior, you said earlier that I am the only person that has managed to pass through the Unknown Burial Ground?” Chu Feng asked.

He asked that because he was clearly not the only person to pass through the Unknown Burial Ground.

Chu Feng knew very well that Ying Mingchao and Zi Xunyi had also passed the Unknown Burial Ground.

“You are naturally the only person. As for that little couple outside, they did not manage to break through the Life and Death Formation. As such, there is no such thing as them passing the Unknown Burial Ground,” The yellow-gowned old man gave Chu Feng the answer to his question with a single sentence.

It turned out that Ying Mingchao and Zi Xunyi had not managed to defeat the Life and Death Formation. In other words, they did not manage to successfully pass through the Unknown Burial Ground.

“See? Didn’t I say that they were just lucky, that everything was

merely a coincidence?”

“Fortunately, you did not continue to listen to them. Else, you wouldn’t even know how you died.”

After hearing what that yellow-gowned old man said, Her Lady Queen grew even more furious. After all, Chu Feng had suffered greatly after listening to Ying Mingchao’s instructions.

“In that case, how did they managed to exit the Unknown Burial Ground?” Chu Feng asked. He was very curious, and wanted to know the truth.

“It could only be said that they were fortunate,” The yellow clothed old man said.

“Fortunate?” Chu Feng grew even more confused.

“Back when that little couple was in the Life and Death Formation, an old friend of mine just so happened to be present too.”

“That old friend of mine was a woman. Although she’s already extremely old, she still had the heart of a young girl, and was extremely good-natured.”

“When she saw how loving and affectionate that little couple was, how they were even willing to die for one another, she became emotionally moved. As such, she pleaded to me to let them live.”

“I was unable to endure her coaxing and pestering. As such, I reluctantly agreed. However, this place possesses its rules. Even if I wanted to let them live, I still had to do so according to the rules.”

“Thus, I could only alter the rules to break through the Life and Death Formation to make an exception that would allow them to pass it. Furthermore, I also gave them some rewards.”

“However, as they had not really managed to pass through the Life and Death Formation, their rewards were not that great,” The

yellow-gowned old man said.

At this moment, Chu Feng finally realized what had happened.

At this moment, he also realized how Ying Mingchao had obtained his incomplete All Equilibrium Weaponry Refinement Chart.

He must've obtained it from here. Merely, as Ying Mingchao did not manage to actually pass the Life and Death Formation, this yellow-gowned old man only gave Ying Mingchao an incomplete All Equilibrium Weaponry Refinement Chart.

While it might appear to be very valuable, it actually possessed no use at all.

“Buzz~~~”

Right at that moment, the True Immortal Mist that had surrounded Zhao Hong started to dissipate.

At that moment, not only were Zhao Hong's injuries completely healed, but even her aura became much more powerful.

Her aura was very distinct. It was the aura of a completely different realm. Thus, even the surrounding martial power that was affected by her aura became completely different.

True Immortal, the current Zhao Hong was a rank one True Immortal.

For others, they would most definitely be endlessly happy to become a True Immortal. However, Zhao Hong did not have a joyous expression on her face. Instead, she had a very serious expression.

“Chu Feng, thanks. I, Zhao Hong, will definitely repay you for the favor today,” Zhao Hong said to Chu Feng.

There was a deep sense of gratitude in her tone. However, more than that, there was the feeling of guilt.

She felt very guilty and ashamed that Chu Feng had given up on

the opportunity to become a True Immortal just so that he could save her.

It was also because she was saved by Chu Feng that she had obtained this opportunity that should have been Chu Feng's.

“Zhao Hong, it's all good that you're fine now. Else... I really do not know how I would have faced Wang Qiang,” Chu Feng said.

“Has my husband awakened?” After hearing Chu Feng mention Wang Qiang, Zhao Hong immediately revealed a worried expression.

“He still hasn't awoken. However, he is currently doing very well. The Golden Crane True Immortal set up a spirit formation on him. Before he wakes up, no one will be able to disturb him,” Chu Feng said.

“In that case, where is he at now?” Zhao Hong asked.

“Rest assured, I have already moved him elsewhere. That said, with that spirit formation, he will be safe regardless of where he might be,” Chu Feng said.

After hearing what Chu Feng said, the worry in Zhao Hong's eyes visibly lessened.

“Chu Feng, thank you, truly,” Zhao Hong expressed her thanks again. Furthermore, the expression of guilt in her eyes grew even stronger. She said, “Further, I am truly sorry.”

“Sorry?” Chu Feng revealed an astonished expression.

“I lied to you for the sake of obtaining strength. However, in the end, I still had to have you come and save me,” Zhao Hong spoke in a very ashamed manner.

Chu Feng finally understood why Zhao Hong was apologizing.

Back then, Zhao Hong had said to him that she had already been in this remnant before. Furthermore, she had said that she possessed certainty in being able to pass through the remnant.

However, the truth was that she had never been to the remnant. Furthermore, the level of danger that the remnant possessed was such that it ranked first in the entire Hundred Refinements Ordinary Realm.

And at that moment, not only had Chu Feng also entered the remnant after her, but he had also successfully saved her.

Zhao Hong also knew very well that Chu Feng must've met with the guardian clan's clan chief and the others. Thus, she knew that he already knew that she had deceived him.

"That's not important. Everything is good as long as you're fine," Chu Feng said.

"No, if it wasn't for my selfishness, this sort of thing would not have happened."

"You have the ability to pass through this place. If it wasn't for me being trapped in here, you would have obtained the power within that mist. The person that should've become a True Immortal right now should be you," Zhao Hong said.

"If that's the case, this game is dead," Right at that moment, that yellow-gowned old man spoke.

Hearing those words, Chu Feng and Zhao Hong involuntarily looked to that yellow-gowned old man.

The reason for that was because his words contained deep implications.

At that moment, Chu Feng and Zhao Hong noticed that yellow-gowned old man was not looking at them. Instead, he was looking at that chessboard.

"Creak~~~"

Right at that moment, a chess piece on the chessboard moved. Once that chess piece moved, the entire game of chess concluded.

The reason for that was because the outcome had been

determined.

“Rumble~~~”

At practically the same moment as the chess game came to an end, Chu Feng felt violent trembling underneath his feet. Then, ear-piercing rumbles sounded from all around.

Furthermore, the trembling beneath his feet was growing stronger and stronger. The rumbles also grew more and more ear-piercing.

That place was collapsing.

“Senior, what is happening?” Chu Feng asked curiously.

He knew that the yellow-gowned old man must be able to explain the situation at hand.

“Are you still unable to tell?” The yellow-gowned old man looked to Chu Feng. With a smile on his face, he said, “This Unknown Burial Ground is actually a game. However, someone has managed to beat this game.”

“Since the game has been beaten, there is no meaning for it to exist.”

“As for the person who defeated [this game](#), it is you.”

[By ‘game,’ they are referring to chess terms. Well... the chinese word for chess (qi) is any board game with pieces. They generally do not refer to chinese chess (xiangqi), but instead weiqi (or known in english by its japanese name ‘go.’) I decided to use the word chess since very few people knows what ‘go’ is and Bee also did not specify what sort of board game.]

# Chapter 2607 - The Formation Cleared, The Treasures Gone

---

“Rumble~~~”

The rumbling was not only happening inside the Unknown Burial Ground; even the desert outside was rumbling violently.

“What is happening?!”

At that moment, the expressions of Ying Mingchao and Zi Xunyi, who were standing before the grand formation, changed.

Their change in their expressions was due to their worry toward Chu Feng’s safety. After all, they were all able to tell that the Unknown Burial Ground would not rumble like that without a reason or cause. Something abnormal must’ve happened.

However, not only did the rumbling show no sign of stopping, but it instead grew more and more ear-piercing. Furthermore, they were able to clearly sense that the desert was trembling violently.

“Xunyi, move back.”

Seeing that the situation was amiss, Ying Mingchao immediately grabbed Zi Xunyi and moved away from the grand formation.

“Rumble~~~”

At practically the same moment the two of them left the grand formation, the Unknown Burial Ground that was covered by the grand formation immediately surged with smoke.

After that, the Unknown Burial Ground sunk in, forming an enormous pit.

Furthermore, the radius of that sunken pit was still expanding nonstop. It greatly surpassed the area covered by the grand formation.

With the situation being like that, the crowd all soared into the

sky and began to move away from that region.

The reason for that was because they were filled with dense fear toward the Unknown Burial Ground.

Even though it was merely the desert caving in, they still did not dare to linger in the sky above it. Only by escaping to a distance where they felt safe would they be at ease.

“Why would this be happening? Could it be that Chu Feng failed?”

Zi Xunyi was extremely nervous. In truth, it was not only her. Many others present also felt that Chu Feng might have failed.

After all, this was the first time that they had ever seen such an abnormality. Subconsciously, they started to think that it was a crisis.

“No, I must go down and save Chu Feng,” At that moment when everyone was cowering away from the Unknown Burial Ground, Ying Mingchao suddenly changed directions and arrived above the sky of the Unknown Burial Ground. He was planning to enter the Unknown Burial Ground.

“Mingchao, have you gone insane?” Right at the moment when Ying Mingchao turned around, Zi Xunyi also followed after him. She stopped him.

“Xunyi, Chu Feng saved my life. Now that he’s in trouble, I cannot ignore it,” Ying Mingchao said.

“Chu Feng had already broken through the Life and Death Formation. He is most likely not in danger. If he is fine, yet something is to happen to you because you wanted to save him, how would Chu Feng feel? He would most definitely blame himself,” Zi Xunyi urged.

“Xunyi, you can rest assured, I will definitely pay attention to my own safety. If I encounter something unexpected, I will immediately leave,” Ying Mingchao said.

“Very well. In that case, I will accompany you,” Zi Xunyi said.

“Xunyi, you...” Ying Mingchao felt lost as to what to do upon hearing what Zi Xunyi said.

After all, all the things he had said earlier were lies. For the sake of saving Chu Feng, he would be willing to bear any danger.

As such, he would naturally not be willing to have Zi Xunyi accompany him down.

While he could bear dangers, he did not want Zi Xunyi to bear dangers together with him.

At the same time inside the Unknown Burial Ground. The collapse was still ongoing. Merely, the collapse did not affect Chu Feng and the others inside.

A power had sealed off the region. Thus, that region did not collapse.

“Senior, exactly what is happening here?” Chu Feng asked the yellow-gowned old man.

“Back then, I made a bet with a person. Because of that bet, we created this game.”

“To clear this game, one cannot just pass through all three checkpoints. Instead, one must first pass through all three checkpoints, and then give to another what one has obtained afterwards.”

“Back then, I felt this to be impossible. How could anyone be willing to give what they had obtained with their life to another?”

“However, never would I have expected that she was right, never would I have expected that there really would be a foolish boy like you.”

“Thus, boy, you have made this old man lose the bet,” After the yellow-gowned old man said these words, his gaze suddenly changed.

Sensing the gaze from the yellow-gowned old man, Chu Feng's heart immediately grew tense. A chill emerged in his heart.

Killing intent. In that one moment, Chu Feng actually felt killing intent.

However, that sort of sensation only lasted for an instant. It arrived so rapidly and left so rapidly that Chu Feng felt that it might be his misperception.

This was especially true when Chu Feng saw the yellow-gowned old man beaming with a smile on his face. He became even more uncertain as to whether the killing intent he had felt in that one instant was real or fake.

“Senior, may I know your distinguished name, and who created this game along with senior?” Chu Feng asked. He knew that as the Unknown Burial Ground was collapsing, the yellow-gowned old man would soon leave too. Likely, if he did not ask those questions now, it would be very difficult for him to obtain an answer to those questions in the future.

Actually, Chu Feng merely wanted to remember their names so that he could repay them should the opportunity present itself in the future. After all, no matter what, if it wasn't for this game of theirs, he would not have obtained the All Equilibrium Weaponry Refinement Chart.

Although the journey was difficult, and he was indeed seen as a chess piece in another's game, Chu Feng was someone who was grateful toward those that helped him.

“Knowing too much will serve no benefit to you. Go on and leave this place. Also, do not mention the things regarding me to anyone.”

As the yellow-gowned old man spoke, a faint light emerged in his eyes. The next moment, Chu Feng felt that he was covered by some sort of power. He turned around and discovered that Zhao Hong

was in the same situation as him.

The light grew brighter and brighter. It grew so intense that Chu Feng was no longer capable of seeing his surroundings.

However, the intense light soon started to gradually vanish. When the light vanished, Chu Feng discovered that he was outside of the Unknown Burial Ground.

A vast crowd was present there. They numbered in the tens of thousands. Furthermore, they were all cultivation experts. They were all from different sects and powers.

That group of people were looking at the Unknown Burial Ground that had already caved in and were in utter panic.

“Chu Feng! Look, it’s Chu Feng!!!”

As there were many people, someone soon discovered Chu Feng.

Once the news of Chu Feng being seen was spread, everyone turned their gazes toward Chu Feng.

“Success! He succeeded!”

The guardian clan’s clan chief, Kong Shunlian and Kong Yuehua were all overjoyed.

The reason for that was because not only did they see Chu Feng, but they also saw the person beside Chu Feng, Zhao Hong. Both of them... were safe and sound.

“Chu Feng, is it really you?”

Ying Mingchao and Zi Xunyi arrived before Chu Feng together. Ying Mingchao was extremely emotional. He was so emotional that he did not dare to believe his eyes.

“Senior Ying, Senior Zi, I have made you two worry,” Chu Feng said.

“How did you two get out? What happened to the Unknown Burial Ground?” Ying Mingchao asked.

Once his questions were asked, the crowd present all grew quiet. They all started to silently look toward Chu Feng, awaiting his answer.

They were all very curious as to what had happened after Chu Feng broke through the Life and Death Formation. They wanted to know why the Unknown Burial Ground ended up disappearing.

“Buzz~~~”

Right at that moment, a ray of light suddenly emerged from the center of the Unknown Burial Ground and shot straight toward the sky.

Soon, the light started to spread and formed six large characters.

‘The formation cleared, the treasures gone!!!’

Seeing the six enormous words in the sky, everyone’s heart tightened.

When they looked to Chu Feng again, the crowd, to a greater or lesser degree, all revealed gazes of admiration.

There was no longer a need for them to ask Chu Feng anymore. The reason for that was because those six large characters had already given them the answer.

# Chapter 2608 - Definitely Fishy

---

“Chu Feng, you are simply too amazing. You actually managed to even clear the Unknown Burial Ground.”

“Chu Feng, exactly what sort of treasures did you obtain from the Unknown Burial Ground?”

“Chu Feng, do you know who it is that created that Unknown Burial Ground? Why did he create the Unknown Burial Ground?”

After a moment of astonishment, the crowd started to batter Chu Feng with a torrential storm of questions.

Although they now knew that the Unknown Burial Ground had collapsed because Chu Feng had obtained its treasures, they still had a lot of questions that they wished to ask.

“Everyone, it’s enough. It was no easy task for Chu Feng to defeat the formation. Let’s give him some time to rest.”

Right at this moment, Ying Mingchao waved his sleeve. A layer of spirit power emerged, isolating Chu Feng from the others.

At this moment, only seven individuals were present in that layer of spirit power.

They were Chu Feng, Zhao Hong, the guardian clan’s clan chief, Kong Shunlian, Kong Yuehua, Ying Mingchao and Zi Xunyi.

At this moment, Ying Mingchao had a serious expression on his face. Everyone thought that Ying Mingchao was planning to say something. However, who would’ve thought that Ying Mingchao actually bowed to Chu Feng. Then, in a very apologetic manner, he said, “Chu Feng, my apologies. I have let you down.”

“Senior Ying, what are you doing?” Chu Feng hurriedly moved forward to support Ying Mingchao.

“The method that we used to break through the Life and Death Formation was wrong. Yet, I still made you do it. If it wasn't for

the fact that you managed to have a sudden flash of realization and decided to use the comprehension that you obtained from the illusion, we would most likely have caused your death,” Ying Mingchao said.

“Chu Feng, I am truly sorry,” Even Zi Xunyi started to apologize to Chu Feng remorsefully.

“Seniors, you must not act like this. Actually, the methods that you two used to break through the Life and Death Formation were most definitely effective. Else, how could the two of you be able to leave it?” Chu Feng said.

Even though he knew that their method was wrong, he did not wish to attack their egos. Since the Unknown Burial Ground was already gone, regardless of whether their method was effective or not, no one would be able to attempt to pass through the Unknown Burial Ground using their method anyways.

“Chu Feng, you don’t have to comfort us. We are able to imagine what happened,” However, regardless of what Chu Feng said, Ying Mingchao seemed to be determined that their method was incorrect.

That was understandable. After all, Ying Mingchao and Zi Xunyi were grand characters that had experienced a lot of things. As such, how could they not be able to tell?

In fact, it was not only Ying Mingchao and Zi Xunyi. Many of the people present were all able to tell that Ying Mingchao and Zi Xunyi’s method was wrong.

Even if their method wasn’t wrong, it would still not be as authentic as Chu Feng’s method.

Else, why would the Unknown Burial Ground disappear after Chu Feng successfully broke through the Life and Death Formation, and remain after Ying Mingchao and Zi Xunyi broke through the Life and Death Formation?

The only reason no one mentioned it directly was because they were concerned for Ying Mingchao's reputation. However, they all already knew the truth in their hearts.

"That is not important. As long as Chu Feng and Zhao Hong are fine, everything's good," The guardian clan's clan chief said.

"That's right, it's good that they're fine," Zi Xunyi voiced her agreement.

Although she felt that she had made a mistake, she did not wish for Ying Mingchao to endure too much of a mental burden.

"Zhao Hong's cultivation has actually already reached the True Immortal realm. It would seem that the harvest this time is truly great," The guardian clan's clan chief said.

"This cultivation was given to me by Chu Feng," Zhao Hong said.

"Oh?"

The people present were startled by those words. However, after seeing Zhao Hong's ashamed expression, they soon managed to guess what had happened.

The person to clear the Unknown Burial Ground should be Chu Feng. As for Zhao Hong, she should have only been saved by Chu Feng. As for her cultivation, since she said it like that, they were able to guess what had happened.

"Let's move on to proper business. Chu Feng, there's good news. We have managed to discover the Infant Soul Sect's hideout," Ying Mingchao said.

"Truly?" Chu Feng was immediately overjoyed upon hearing those words.

"This is all thanks to you. If it wasn't for you capturing those disciples from the Infant Soul Sect, we would not have been able to find out where they were located this quickly," Ying Mingchao said.

“In that case, when do we act?” Chu Feng asked. He was more impatient than anyone to eliminate the Infant Soul Sect.

After all, the Infant Soul Sect had done all sorts of evil. They were a sect that trained using infants. If they were eliminated a day sooner, it would mean that they would be able to save the people of the world, as well as those innocent children, a day sooner.

“This matter should not be delayed. We plan to set off immediately,” Ying Mingchao said.

Then, Ying Mingchao removed the spirit formation. He informed the crowd of his desire to attack the Infant Soul Sect.

Actually, Ying Mingchao had already mentioned this matter to the various powers beforehand. He had also obtained the endorsement of those powers.

And now, as they knew the location of the Infant Soul Sect, they would naturally agree with Ying Mingchao’s decision without any objections. The crowd planned to immediately set off toward the Infant Soul Sect’s headquarters.

“Are we able to lay down our grudges?” After gaining the approval of the crowd, Ying Mingchao especially turned toward Kong Shunlian and Kong Yuehua.

“Let’s eliminate our great enemy first,” Kong Shunlian said.

“Very well.”

Seeing that they’d agreed, Ying Mingchao nodded with a smile on his face. At this moment... they really did need Kong Shunlian and Kong Yuehua’s strength.

However, most importantly of all, Ying Mingchao truly wanted to reconcile with them.

“Xunyi, you...” Ying Mingchao looked to Zi Xunyi.

Ying Mingchao was extremely worried for Zi Xunyi. He was afraid that Zi Xunyi would leave him, that she would try to kill

herself again.

With his understanding of Zi Xunyi, Ying Mingchao knew that it would be very difficult to change what she had decided. Ying Mingchao truly did not wish for Zi Xunyi to die just like that.

“The Infant Soul Sect is the greatest scourge in the Hundred Refinements Ordinary Realm. There is nothing more important than eliminating them,” Zi Xunyi said.

“Xunyi, you’re willing to help me?”

Ying Mingchao was immediately overjoyed upon hearing what Zi Xunyi said. He was not overjoyed because Zi Xunyi was willing to help him. Rather, it was because this would, at the very minimum, meant that Zi Xunyi would continue to stay with him. With that, he would be able to find an opportunity to persuade Zi Xunyi against killing herself.

“No, it’s not to help you. Rather, it’s for all the living things in the Hundred Refinements Ordinary Realm,” Zi Xunyi said.

“Very well. Xunyi, what you’ve said is very true. This battle is unrelated to us individually. Instead, it concerns the entire Hundred Refinements Ordinary Realm.”

“Everyone, let us battle for all the living things in the Hundred Refinements Ordinary Realm!” Ying Mingchao shouted.

“Battle for all the living things in the Hundred Refinements Ordinary Realm!!!”

The crowd shouted in unison. Their voices were like a tsunami, a gathering of ten thousand thunderbolts, that echoed through the entire desert.

“Ji, ji, ji~~~”

Right when Ying Mingchao was planning to lead everyone to attack the Infant Soul Sect’s headquarters, several birds emitting blue light began to fly toward this place from all directions.

Those birds were very special. Not only were they extremely fast, but they were also flickering, as if they were teleporting.

In the end, these birds arrived in the sea of people.

These birds were called Bluelight Flickering Birds. They were a sort of method to transmit information. They were similar to the Golden Flash Bird. Merely, their speed was faster than the Golden Flash Bird.

“Lord City Master,” Upon receiving the news from the Bluelight Flickering Birds, an elder of Hero City revealed a serious expression.

“Could it be that something has happened in the city?” Ying Mingchao knew that those Bluelight Flickering Birds were sent from Hero City.

“News has come from the city that the Infant Soul Sect has sent out invitations. They are inviting everyone from the Hundred Refinements Ordinary Realm to their headquarters to participate in a grand ceremony,” That elder said.

“Grand ceremony? What grand ceremony?” Many people present revealed surprised expressions after hearing that.

The Infant Soul Sect had always been extremely well-hidden and low-key. In fact, apart from the tier one powers, very few people knew of their existence.

Yet, now this Infant Soul Sect actually made such an open invitation. The crowd felt extremely astonished by their behavior.

“They say that it’s a cultivation grand ceremony that can help everyone in the Hundred Refinements Ordinary Realm increase their cultivation,” That elder said.

“In that case, does the invitation have the location of the Infant Soul Sect’s headquarters?” Ying Mingchao asked.

“It does. It is the same as the location that we’ve obtained,” That

elder answered.

“Could it be that everyone else has also received this information?” Ying Mingchao turned to the crowd.

He knew that, apart from Hero City, the other powers had also received information sent to them through the Bluelight Flickering Birds.

“City Master Ying, that is precisely the case,” The people from the various powers that had received information from their various Bluelight Flickering Birds all spoke in unison.

“Infant Soul Sect, exactly what are they planning?” At this moment, Ying Mingchao started to ponder.

He had originally thought that he would be able to catch the Infant Soul Sect unprepared after obtaining the location of their headquarters from Old Demon Rakshasa.

However, with the situation now, they were evidently unable to take the Infant Soul Sect by surprise. Since the Infant Soul Sect dared to invite everyone in the Hundred Refinements Ordinary Realm to their headquarters, they must have made preparations.

“Lord City Master, what should we do now?” The crowd asked.

“This matter is definitely fishy. We cannot be careless.”

“Let’s return to Hero City first. We shall make a decision as to what to do after I discuss this matter with the various headmasters.”

After making that decision, Ying Mingchao lead the crowd back toward Hero City.

At the same time, the people from the Immortal Sword School, Buddha’s Heavenly Temple and the other powers also transmitted this news to their respective headmasters. They planned to gather at Hero City.

After this vast group of people left, the six characters that filled

the sky also started to gradually vanish. Soon, this desert was once again covered with wind and sand.

The desert had returned to how it was before.

However, suddenly, two figures appeared in the sky above the vast desert.

One of them was that yellow-gowned old man. As for the other, it was that deer.

Like an ordinary deer, that deer stood beside the yellow-gowned old man. However, its eyes were filled with spirit. From that, one could tell that it was no ordinary deer.

At this moment, both the yellow-gowned old man and the deer were staring at the direction that Chu Feng and the others had left in. No one knew what they were thinking.

# Chapter 2609 - Old Ancestor Of The Buddha's Heavenly Temple

---

Not long after Ying Mingchao and the others returned to Hero City, the Immortal Sword School's Headmaster and Buddha's Heavenly Temple's Abbot both arrived at Hero City.

After various investigations, they were all certain that the Infant Soul Sect was not bluffing with their invitations.

Furthermore, their invitations were not only sent to the major powers; practically all of the powers in the Hundred Refinements Ordinary Realm had received the invitation.

Their action was undoubtedly announcing their existence to the entire Hundred Refinements Ordinary Realm. Furthermore, they were using the name of 'cultivation grand ceremony' to invite everyone.

At this moment, Ying Mingchao and the others were all confused. They did not know exactly what the Infant Soul Sect was planning.

However, one thing was certain. Based on their understanding of the Infant Soul Sect, the Infant Soul Sect's invitation was most definitely not as simple as it appeared.

In the end, the allied army decided to stake everything in one attack. They gave up defending their cities and gathered all of their strongest battle forces to directly attack the Infant Soul Sect. Victory or defeat would be determined by this one battle.

Currently, the strongest allied army was gathered in Hero City. This army, composed of people from Hero City, Buddha's Heavenly Temple, the Immortal Sword School and many tier two powers, began to proceed toward the Infant Soul Sect's headquarters. The Hundred Refinements Ordinary Realm's various other powers also began to proceed toward the Infant Soul

Sect.

Although their speed was much inferior to that of the allied army, they set off toward the Infant Soul Sect much sooner than the allied army.

These were all people that did not know the truth. They had never heard of the Infant Soul Sect before.

The sudden invitation made some of them felt that it was fortune falling from the sky. As for others, they felt that this was merely a scam.

That said, regardless of how they felt, regardless of how skeptical they might be, they all decided to check things out.

After all, this was something that concerned their cultivation. None of them wished to miss this opportunity.

A magnificent army with thousands of men and horses was proceeding with countless war banners. It was a truly imposing sight.

Among them were enormous war chariots. Those war chariots were actually crushing the air as they moved. They were truly impressive.

Those that were capable of being inside those war chariots were most definitely people that possessed grand status.

Among them was Chu Feng.

Chu Feng was receiving the highest treatment from the allied army. The war chariot that he was in was reserved for the strongest individuals in the allied army.

Apart from Chu Feng, everyone else here were True Immortals. Among them was Zhao Hong.

However, as Zhao Hong was not fond of of this sort of setting, she had left the war chariot. Seeing that Zhao Hong had not returned for a long time, Chu Feng planned to go out to find her. However,

right when he was planning to find Zhao Hong, he came across a familiar figure.

It was Grandmaster Pocket. Grandmaster Pocket was standing at the fringe of the allied army and looking forward.

Chu Feng walked toward Grandmaster Pocket and asked, “Grandmaster, why aren’t you resting in a war chariot?”

Although Grandmaster Pocket was not a True Immortal, he was a peak Martial Ancestor. Someone like him possessed the status to rest in a war chariot.

“Amitabha, it is rare that the various powers have decided to join hands to fight. Furthermore, they are doing so with the righteous intention to eliminate evil. As such, this old man wishes to feel the current situation,” Grandmaster Pocket said.

Chu Feng was able to understand what he meant by ‘rare.’

After all, the various powers in the Hundred Refinements Ordinary Realm all possessed their own selfish motives. To join hands to clear a remnant was something that happened very frequently. However, that was because they all possessed their own selfish motives.

Thus, a battle like this, a battle with an identical objective, was truly rare.

For the sake of traveling as fast as possible, Ying Mingchao was using his power to speed up the overall speed of the group.

Thus, regardless of whether it might be the people in the war chariots or the people outside, their traveling speeds were all identical. It was not exhausting for the crowd to travel.

“Grandmaster, this junior has one thing that I wish to consult Grandmaster on,” Chu Feng said.

“What is it?” Grandmaster Pocket asked.

“It’s regarding the Buddha’s Heavenly Temple’s Founder,” Chu

Feng said.

Chu Feng had indirectly questioned others about the founder of the Buddha's Heavenly Temple before.

The founder of the Buddha's Heavenly Temple was a person with the buddhist name Foguang. However, although this Abbot Foguang was the founder of the Buddha's Heavenly Temple, his cultivation didn't seem very high. Furthermore, he died not long after founding the Temple.

[1.Foguang means Buddha's teachings. It is also the 'Buddha' in Buddha's Heavenly Temple. In other words, Buddha's Heavenly Temple could also be said to be Foguang's Heavenly Temple.]

The Buddha's Heavenly Temple had only emerged in power many years after Foguang died. That said, it was a mystery as to how the Buddha's Heavenly Temple managed to emerge in power.

The reason why Chu Feng was inquiring about this was because he wanted to inquire about that mysterious old cat.

After all, that old cat had declared itself to be the founder of the Buddha's Heavenly Temple.

That said, Chu Feng felt that it would be impossible for that old cat to be the founder of the Buddha's Heavenly Temple, Monk Foguang. He felt that the old cat was most likely related to how the Buddha's Heavenly Temple emerged in power.

“So that's what you wanted to know.”

“Naturally, the founder of our Buddha's Heavenly Temple is Abbot Foguang. That is something that everyone knows,” After saying those words, Grandmaster Pocket smiled profoundly. Then, he said to Chu Feng, “I believe that is what Almsgiver Chu Feng wanted to know, no?”

Chu Feng noticed that a soundproofing spirit formation had quietly covered the two of them as Grandmaster Pocket said those words.

In other words, the conversation between the two of them could not be heard by others from this point on.

Seeing that Grandmaster Pocket had seen through him, Chu Feng did not try to beat around the bush anymore either. Instead, he directly asked, “Grandmaster, what I wanted to know is the person that helped the Buddha’s Heavenly Temple emerge in power.”

“I knew that’s what you wanted to ask about. That’s understandable too. After all, countless people want to know about that matter. However, that is a secret of our Buddha’s Heavenly Temple,” Grandmaster Pocket said.

Hearing those words, Chu Feng’s heart sunk. Since it was their secret, it was clear that he would not be able to obtain any information today.

However, right at this moment, Grandmaster Pocket smiled and said, “However, Lord Abbot mentioned to us before that if you wanted to know about this matter, we could tell you about it. Merely, there is a condition. That is, you must keep this matter confidential.”

“This junior will definitely keep this matter confidential,” Chu Feng said.

“Speaking of it, you might find it unbelievable. Others must definitely think that it was an Upper Realm’s expert that helped our Buddha’s Heavenly Temple emerge in power. They must all think that it was an immortal and virtuous monk that helped us. Else, there would be no reason for them to confer a favor upon our temple.”

“However, the truth is, it was not a virtuous saint that helped our Buddha’s Heavenly Temple emerge in power. In fact, it could even be said that the individual that helped us was not a human either. Instead, it was a cat,” Grandmaster Pocket said.

“It’s a match! Sure enough, it is that old cat. Chu Feng, quickly

ask him about that old cat,” Her Lady Queen spoke excitedly.

That old cat was too mysterious. Not only had it snatched away Zhan Haichuan’s inheritance, but it had also snatched away the God Bestowment Bamboo Slip. That old cat was extremely powerful and cunning.

Most importantly, that old cat had also abducted Xue Ji. No one knew what it planned to do.

Thus, both Chu Feng and Her Lady Queen wanted to know the origin of that old cat.

“Cat? Why would it be a cat? Could it be a monstrous beast?”

Even though Chu Feng had already met that old cat before, it was clear that the people from the Buddha’s Heavenly Temple had no idea about the interactions between Chu Feng and that old cat. As such, Chu Feng would naturally have to pretend that he had no idea about the old cat.

“That individual might be a monstrous beast, yet might also not be a monstrous beast. Regardless, it is extremely powerful. It is all thanks to it that our Buddha’s Heavenly Temple managed to obtain our current standing. Thus, our Buddha’s Heavenly Temple has always deemed it as our Old Ancestor,” Grandmaster Pocket said.

“Could it be that not even you all know of the origin of your Old Ancestor?” Chu Feng asked.

“It is merely a coincidence that we obtained the assistance of our Old Ancestor. As for our Old Ancestor’s origin, we know nothing of it. All we know is that our Old Ancestor came to the Hundred Refinements Ordinary Realm to seal an item,” Grandmaster Pocket said.

“Seal an item? What sort of item?” Chu Feng asked.

“We have no clue as to what that item is or where that item is sealed.”

“All we know is that our Old Ancestor mentioned that that item was not something from the Hundred Refinements Ordinary Realm. It was from the Outer World, and possessed an extremely bloodthirsty and cruel nature.”

“Our Old Ancestor told us that if that item were to break free from its seal, the entire Hundred Refinements Ordinary Realm would fall into a calamity, and everyone in the Hundred Refinements Ordinary Realm would be killed.”

“It would be an inescapable fate for the Hundred Refinements Ordinary Realm,” Grandmaster Pocket said.

# Chapter 2610 - Imminent Battle

---

“If that item is that dangerous, why did that Old Ancestor only seal it, and not destroy it?”

“For that Old Ancestor to seal it in the Hundred Refinements Ordinary Realm, wouldn’t it be placing a hidden danger in the Hundred Refinements Ordinary Realm?” Chu Feng asked.

“Our Old Ancestor said that item possessed a former relationship with it. Thus, Old Ancestor was unwilling to kill it, and decided to seal it instead.”

“As for the issue of that item becoming a calamity, our then Abbot also asked Old Ancestor about it. As for the response from Old Ancestor...” After saying those words, Grandmaster Pocket sighed helplessly. It seemed that he had a hidden trouble that was hard to mention.

“What was the response?” Chu Feng asked.

“Our Old Ancestor said ‘How is the death of others related to me?’” Grandmaster Pocket said. When he said those words, he had an ashamed expression.

Although that old cat was not a Buddhist monk, he was still related to the Buddha’s Heavenly Temple, and was respected as their Old Ancestor. However, the Buddha’s Heavenly Temple needed to be righteous and benevolent. Thus, it would involuntarily make them feel embarrassed to mention their Old Ancestor.

After hearing what Grandmaster Pocket said, Chu Feng felt that actually made sense. Chu Feng did not feel surprise when he heard that that old cat had said something like that. On the contrary, it seemed like something it would say.

Afterwards, Chu Feng inquired more about that old cat. However, it seemed that Grandmaster Pocket only possessed

limited knowledge.

To put it briefly, that old cat had merely conveniently decided to help the Buddha's Heavenly Temple one time. With its cunning nature, it would naturally not say much about itself to the people from the Buddha's Heavenly Temple. Thus, Chu Feng believed that Grandmaster Pocket was not lying to him, and that the Buddha's Heavenly Temple knew very little about the old cat.

Although Chu Feng was unable to obtain any useful information regarding the old cat, Chu Feng did not return to rest in the war chariot.

Instead, he chose a secluded place to set up a concealment formation to conceal himself.

Chu Feng did that with the intention of creating a quiet place so that he could carefully read the All Equilibrium Weaponry Refinement Chart.

After all, if Chu Feng were to completely grasp this book, he would be able to make progress in his cultivation.

Furthermore, this sort of progress would not be a one or two time thing. Instead, it could be said that it would be a lifelong benefit.

That said, even though Chu Feng had obtained the complete version of the All Equilibrium Weaponry Refinement Chart, it would still take him some time in order to completely comprehend it.

Before Chu Feng could completely comprehend the All Equilibrium Weaponry Refinement Chart, the allied army arrived at Chen Heavenly City.

This Chen Heavenly City was a city ruled by a Chen Heavenly Clan.

The Chen Heavenly Clan also possessed a Heavenly Bloodline. Although they were far inferior to the Kong Heavenly Clan and the Zhou Heavenly Clan, they were a tier two power in the Hundred

Refinements Ordinary Realm. As for their strength, they were on par with the Sunset Cloud Valley and the Three Stars Hall. However, they were more famous and prestigious than the Sunset Cloud Valley and the Three Stars Hall.

This Chen Heavenly Clan could be said to be a very reputed power in the Hundred Refinements Ordinary Realm.

However, from the Infant Soul Sect's invitations, as well as the information obtained from Old Demon Rakshasa, this Chen Heavenly Clan was actually the Infant Soul Sect's headquarters.

At this moment, not only was the Chen Heavenly City's entrance gates tightly closed, but its defensive formation was also active. Apart from the people inside, no one was capable of entering it.

Several hundreds of thousands of people were already gathered outside Chen Heavenly City.

They were all people that came here upon receiving the invitation. However, the Chen Heavenly City's gates had been closed the entire time. As such, they were simply unable to enter.

If it wasn't for the fact that the words 'Infant Soul Sect' were written on the large banners outside the Chen Heavenly Clan, the crowd would truly think that they'd been duped.

"Look! Who are those people?! They're actually this imposing and grand!"

"Heavens! It's Hero City, the Immortal Sword School and the Buddha's Heavenly Temple!"

"Why would they send forth this many people? Could it be... that they have also received the Infant Soul Sect's invitation?"

"This is truly unfathomable! Exactly what is the origin of that Infant Soul Sect? It actually managed to invite even those huge monsters."

Upon seeing the grand and majestic allied army, the people

gathered here all burst into an uproar.

After all, to them, Hero City, the Immortal Sword School and the Buddha's Heavenly Temple were the current rulers of the Hundred Refinements Ordinary Realm.

It would not be an exaggeration at all to say that these three powers were akin to gods in the eyes of many people. They held extremely high status in the hearts of the people in the Hundred Refinements Ordinary Realm.

“Never would I have expected that the Chen Heavenly Clan was actually an accomplice to the Infant Soul Sect. They have truly hidden themselves well.”

Upon seeing the Infant Soul Sect's banners, many people revealed expressions of hatred and disgust.

If they hadn't witnessed it themselves, they would truly feel this to be unimaginable.

The reason for that was because the Chen Heavenly Clan's Chen Heavenly City was not a desolate place.

Inside this Chen Heavenly City was an auction house. That auction house was famous throughout the entire Hundred Refinements Ordinary Realm.

Thus, not to mention the others from the Hundred Refinements Ordinary Realm, even many people from the allied army have been to that auction house.

However, never had they ever discovered any connection between the Chen Heavenly Clan and the Infant Soul Sect. From this, it could be seen that the Chen Heavenly Clan had kept things hidden extremely well.

“Infant Soul Sect, I shall see exactly what you all plan to do this time around.

At the moment when the allied army was gasping at the fact that

there was actually a massive connection between the Chen Heavenly Clan and the Infant Soul Sect, Ying Mingchao walked out from his war chariot and arrived at the forefront of the allied army.

“Look! It’s Ying Mingchao, it’s Lord Ying Mingchao!”

After Ying Mingchao appeared, the crowd gathered outside the Chen Heavenly Clan burst into an uproar once again.

They never expected that even a grand character like Ying Mingchao would show up here.

After all, Ying Mingchao was the publicly accepted number one expert of the Hundred Refinements Ordinary Realm.

“Everyone, I will make a long story short. This Infant Soul Sect is not any righteous or good-natured power.”

“The Infant Soul Sect is a demonic sect that has existed in our Hundred Refinements Ordinary Realm for many years. They train in demonic technique using the bodies of infants as their cultivation resource. Over the many years, they have slaughtered countless innocent lives. I believe everyone has heard about this matter before. Some among you all might have even suffered at their hands,” Ying Mingchao spoke with a thunder-like voice.

“What?! This Infant Soul Sect is actually the rumored evil power that uses the bodies of infants as their cultivation resource?”

After hearing what Ying Mingchao said, many people came to a sudden realization. After that, they revealed frightened expressions on their faces.

Although they had never heard of the Infant Soul Sect by name, they had heard of that evil power.

After all, the Infant Soul Sect had conducted all sorts of evil. They had massacred countless infants and cities. Furthermore, they would oftentimes not bother to even get rid of the corpses. This made it so that many people had witnessed the devastating

scenes they left in their wake.

Thus, while many people had never heard of the Infant Soul Sect, many among them had heard of the rumored evil power that specialized in killing infants.

“So this Infant Soul Sect is actually that power. Yet they actually dared to send us invitations? Could it be... that they’re planning to kill us?”

“Lord Ying Mingchao, this Infant Soul Sect has done countless evils. Their crimes cannot be forgiven. You must definitely uphold justice for us.”

At this moment, the crowd present all began to shout for a crusade against the Infant Soul Sect.

“Everyone, rest assured. Today, our Hero City has come here together with the Immortal Sword School, the Buddha’s Heavenly Temple and others precisely to eliminate the malignant tumor that is the Infant Soul Sect.”

“That said, perhaps everyone does not know about it. However, the power of the Infant Soul Sect must not be looked down upon. Once the battle begins, casualties will be inevitable. Thus, everyone, it would be best to withdraw from here so as to not be implicated by the battle,” Ying Mingchao said.

Once Ying Mingchao said those words, the people that were gathered outside the Chen Heavenly City immediately started to soar into the sky. Like a group of frightened birds, they began to fly away in all directions.

Ying Mingchao’s words did not sound like a joke. Furthermore, the allied army looked extremely ferocious.

As such, they felt that what Ying Mingchao said was the truth. As these people were all people that cherished their lives, they would naturally escape immediately after finding out about the dangers. None of them wanted to be implicated by the battle and lose their

lives.

“Buzz~~~”

Right after the crowd all scattered away from Chen Heavenly City, the spirit formation around Chen Heavenly City actually opened.

At this moment, everyone from the allied army and the people that were fleeing all turned their gazes toward Chen Heavenly City.

They all wanted to see exactly what sort of capability this notorious Infant Soul Sect possessed for them to dare to openly invite all these people here.

# Chapter 2611 - The Appearance Of The Infant Soul Sect

---

After that defensive formation was opened, the originally tranquil city was no longer still. Many densely packed figures began to fly out from the city. They covered the sky and appeared before the crowd.

These people were all wearing black gowns. There were so many of them that they numbered in the several hundred thousands.

Seeing this, the allied army became serious. The reason for that was because they were wearing the same outfit as that of the Infant Soul Sect.

Furthermore, with how many people there were, the allied army did not dare to underestimate them.

However, they soon discovered that while those people were all wearing the Infant Soul Sect's outfit, their overall level of cultivation was not very high. When compared with the allied army composed of elites, it was a heaven and earth difference. They were simply not at the same level at all.

If the allied army were eagles flying in the sky, then these people that had appeared above Chen Heavenly City were merely insignificant houseflies.

Upon closer inspection, the crowd discovered that those people were all from the Chen Heavenly Clan.

The Chen Heavenly Clan's army was standing in an orderly fashion in the sky. They were standing in confrontation against the allied army.

Even though the difference in strength between them was enormous, they were still extremely confident and without the slightest amount of fear when facing the allied army.

Soon, a figure walked out from among the Chen Heavenly Clan's army. That person arrived at the front of the army. This person was a peak Martial Ancestor-level old man. As for this person... he was the Chen Heavenly Clan's Clan Chief.

"I am the Chen Heavenly Clan's Clan Chief. On behalf of the Infant Soul Sect, I welcome all the honored guests that have arrived here today," The Chen Heavenly Clan's Clan Chief spoke with a beaming smile.

"So, you've really joined the Infant Soul Sect?" Ying Mingchao asked.

"I never mentioned that any of this was a lie," The Chen Heavenly Clan's Clan Chief said.

"Then let me ask you this, have the people of your Chen Heavenly Clan, these people wearing the outfit of the Infant Soul Sect, used innocent infants to cultivate a demonic technique?" Ying Mingchao asked.

"We have indeed trained in it. However, I must make one correction. That is not a demonic technique."

The Chen Heavenly Clan's Clan Chief spoke without hesitation. He firmly admitted to having used infants as cultivation resources. Furthermore, he spoke in such a frank and open manner. It was as if what they'd done was not shameful at all.

"You all are truly animals lower than pigs and dogs!!!!"

"How could people as cruel and merciless as you all exist?!"

After hearing the Chen Heavenly Clan's Clan Chief admitting to it, the allied army, as well as the people that had retreated, all grew extremely furious, and began to gnash their teeth.

"Very well. Since you all have admitted to it, do not blame me, Ying Mingchao, for being ruthless."

As Ying Mingchao spoke, his gown started to move, and his hair

started to flutter. Boundless oppressive might started to emit from his body. Like an invisible tide, his oppressive might covered Chen Heavenly City.

At the moment when Ying Mingchao unleashed his oppressive might, the expressions of everyone outside Chen Heavenly City changed. They were all able to sense how overwhelming the power of Ying Mingchao's oppressive might was.

Before Ying Mingchao's overwhelmingly powerful oppressive might, not to mention these people from the Chen Heavenly Clan, but even all of Chen Heavenly City could be instantly destroyed.

Thus, when they felt Ying Mingchao's oppressive might, a thought came to everyone's minds.

'Ying Mingchao's reputation of the number one expert in the Hundred Refinements Ordinary Realm is fully justified.'

When even the Kong Heavenly Clan was extinguished by Ying Mingchao alone, they believed that the Infant Soul Sect would not be able to escape calamity today.

However, right at the moment when everyone felt that the Chen Heavenly Clan would be instantly exterminated, a boundless wave of oppressive might suddenly swept forth from within the Chen Heavenly City and collided with Ying Mingchao's oppressive might outside Chen Heavenly City.

“Boom~~~”

The collision between the two oppressive mights created an ear-piercing explosion. The collision also created energy ripples that started to move toward the allied army.

“Woosh~~~”

Fortunately, Ying Mingchao was standing at the front of the allied army. With a wave of his sleeve, he managed to disperse the ferocious energy ripples.

When the crowd looked to Chen Heavenly City again, they were shocked to discover that Chen Heavenly City was completely unscathed. As for the people from the Chen Heavenly Clan, they were also completely uninjured.

That oppressive might from Chen Heavenly City was actually able to match Ying Mingchao's oppressive might.

This meant that there was a person in there that was at least a rank two True Immortal.

“This...”

The allied army were able to take what had occurred without much astonishment. However, the others that did not know the truth were extremely shocked.

They felt that regardless of how powerful the Infant Soul Sect might be, they would definitely not be able to compare to the allied army. They felt that Ying Mingchao would be able to exterminate all of them by himself.

However, judging the situation now, it was not as simple as they had anticipated. The Infant Soul Sect actually possessed a rank two True Immortal. This meant that they possessed strength on par with the tier one powers.

“Ying Mingchao, if you all wish to be our Infant Soul Sect's honored guests, I will welcome you all.”

“However, if you want to harm the people of our Infant Soul Sect, then I, Hun Poyuan, will definitely not allow it.”

At this moment when the crowd were astonished, a figure flew out from Chen Heavenly City and arrived before the crowd's field of view.

This person was also wearing a black gown. However, that identical black gown gave off an extraordinary presence when he wore it. It was incomparably domineering.

This person was a middle-aged man. He arrived before the crowd like a ruler descending upon the world.

Upon seeing this person, Chu Feng's expression changed. While this person had the appearance of a middle-aged man, Chu Feng was able to tell that he was actually an old monster that had lived for close to ten thousand years.

With the strength this man possessed, he was most likely the actual master of the Infant Soul Sect.

After the Infant Soul Sect's Sectmaster appeared, several tens of thousands more people flew out from Chen Heavenly City. They arrived outside Chen Heavenly City following the Infant Soul Sect's Sectmaster and stood in confrontation against the allied army.

At this moment, not to mention those that didn't know about the Infant Soul Sect, even the allied army felt an oppressive sensation.

Not only was the Infant Soul Sect's Sectmaster emitting the aura of a rank two True Immortal, but there were also four rank one True Immortals beside him. Two among them were people that Chu Feng knew. He had met them before at the Extremely Remote Unmarked Burial Mounds.

Like four guardians, the four rank one True Immortals stood on either side of the middle-aged man.

Apart from these five True Immortals, the strength of the army of tens of thousands that appeared together with them could not be underestimated either. They were actually all Martial Ancestors. Furthermore, there were over a thousand peak Martial Ancestor-level experts among them.

This was the main force of the Infant Soul Sect, a vicious, merciless yet powerful bunch.

However, one thing worthy of mentioning was that the appearance of the Infant Soul Sect army was different from when

Chu Feng encountered them before.

Before, Chu Feng was able to sense a very intense heinous air from them. That heinous air originated from their use of infants to cultivate.

However today, none of them were actually emitting any heinous airs. They must've used some sort of special method to conceal it.

“There are quite a few old familiar faces here today. However, I know that many people here do not know of this old man.”

“Allow me to introduce myself. I am Hun Poyuan. I am the Infant Soul Sect's Sectmaster. On behalf of the Infant Soul Sect, I welcome everyone that has arrived here today.”

Sure enough, that man by the name of Hun Poyuan was the sectmaster of the Infant Soul Sect.

“I truly never imagined for you all to all be here. This is the best, I am now able to completely exterminate all of you.”

Ying Mingchao did not feel the slightest favorable impression toward this Hun Poyuan's self-introduction. Overwhelming killing intent emerged from Ying Mingchao, and an uncontrollable wild joy emerged in his eyes.

Based on his understanding of the Infant Soul Sect, practically everyone from the Infant Soul Sect had arrived today.

To Ying Mingchao, who planned to eradicate the Infant Soul Sect, this was extremely good news.

## Chapter 2612 - Absurd Excuse

---

“Ying Mingchao, I know that you have a very deep prejudice toward our Infant Soul Sect. However, there really is no need for us to face one another with swords and blades drawn,” The Infant Soul Sect’s Sectmaster said to Ying Mingchao.

Compared to Ying Mingchao’s overflowing killing intent, this Infant Soul Sect’s Sectmaster actually had a calm and relaxed expression on his face.

It was as if he was not facing a life and death battle, but rather a friend.

“Prejudice? Is what you all have done just prejudice?”

“Are you to tell me that the deaths of all those innocent infants is merely prejudice?”

“Those were children that had not even managed to witness this world! How could you all be so ruthless as to kill them?!” Ying Mingchao’s furious voice echoed in this region.

It was so resounding and powerful!!!

“Infant Soul Sect, death will not wipe away your crimes. You all shall be dismembered into ten thousand pieces and consigned to eternal damnation.”

Following that, the people present all began to speak out against the Infant Soul Sect. After all, what the Infant Soul Sect had done was indeed something that many people found unacceptable.

“I admit that what our Infant Soul Sect has done is wrong. However, if I am to tell you all that our Infant Soul Sect’s actions were done to benefit everyone in the Hundred Refinements Ordinary Realm, would you all be able to understand me?” The Infant Soul Sect’s Sectmaster said.

“What? Benefit everyone in the Hundred Refinements Ordinary

Realm. What a joke!”

Before Ying Mingchao could even say anything, the surrounding crowd immediately let out disdainful voices.

This was the most absurd thing that they had ever heard.

This was simply an insult to their intelligence. That Infant Soul Sect’s Sectmaster was simply treating them as fools.

“It’s as I said, you all won’t necessarily believe me. However, that is the truth,” The Infant Soul Sect’s Sectmaster said.

“What utter absurdity!” Ying Mingchao was extremely furious, and did not feel like bothering with superfluous words. Thus, he pulled out his weapon and planned to attack.

“Wait a moment,” Right at this moment, the Immortal Sword School’s Headmaster stopped Ying Mingchao. He said, “They couldn’t possibly have lured us here without a reason. We should hear what they have to say and see what tricks they still have, and what their goal is.”

“Do as you wish,” Ying Mingchao spoke coldly.

He was annoyed. Ying Mingchao felt that there was simply no need to bother with superfluous words against an existence like the Infant Soul Sect. He felt that it would be better to just exterminate them directly.

That said, he was still was currently a member of the allied army. Furthermore, the Immortal Sword School’s Headmaster was also a rank two True Immortal, and an ally. Thus... he would have to take his proposals into consideration.

“Infant Soul Sect, do not blame me for not giving you all a chance. Since you all want to speak, I will allow you all to speak all to properly explain yourselves.”

“I shall see exactly what sort of trick you all can play,” The Immortal Sword Sect’s Headmaster said to the Infant Soul Sect’s

Sectmaster.

“The vast Outer World is filled with countless worlds. While we are unable to compare to the Upper Realms, when compared to the various Ordinary Realms, our Hundred Refinements Ordinary Realm is still weak.”

“That deeply vexed the founder of our Infant Soul Sect. He was distressed by thoughts of how to increase the overall strength of everyone in the Hundred Refinements Ordinary Realm for his entire life.”

“However, the way of martial cultivation places great importance upon one’s own comprehension. To increase the overall strength of the Hundred Refinements Ordinary Realm is an extremely difficult task. In fact, it could even be said to be simply impossible.”

“However, the heavens smile upon determined individuals. Our Infant Soul Sect’s founder managed to run into a fortuitous encounter. From that fortuitous encounter, he discovered a method to forcibly imbue others with martial comprehension, a method to help others increase their cultivation.”

“Merely, it is an extremely long process to achieve that method. Furthermore, an enormous price must be paid.”

“That is, one will have to use the lives of newborn infants to temper that method. Through various tempering processes and experiments, one will finally be able to achieve it.”

“Our Infant Soul Sect’s founder knew very well that our Infant Soul Sect would most definitely be detested by everyone in the world, and viewed as an enemy the moment we implemented that method.”

“After all, before we achieved our results, no one would know that we were doing all this to benefit the entire Hundred Refinements Ordinary Realm, to benefit our descendants.”

“However, for the sake of our Hundred Refinements Ordinary Realm’s future generations, for the sake of the Hundred Refinements Ordinary Realm’s future, some sacrifices are necessary. For that, our Infant Soul Sect was formed.”

“All these years, our Infant Soul Sect has repeatedly been the target of scorn and attacks by so-called righteous sects and powers. Countless brothers of our Infant Soul Sect have been killed or injured. Yet, we continued on. While being detested by you all, we continued on doing what is beneficial to you all and your descendants,” The Infant Soul Sect’s Sectmaster said.

“Shut your mouth!!!” Right at this moment, Zi Xunyi suddenly shouted.

At this moment, Zi Xunyi was so furious that she started shivering. She pointed to the Infant Soul Sect’s Sectmaster and spoke with overwhelming anger, “You all have killed so many innocent children, yet you dare to find such pompous justification for your actions. You all are simply degenerates detested by both humans and gods. You all are simply lower than dogs and pigs.”

After saying those words, Zi Xunyi looked to Ying Mingchao. She said, “Mingchao, do not bother with superfluous words with them anymore. Do not allow them to continue on with their nonsense. Eliminate them all. We cannot allow this bunch of animals to continue living. We cannot allow them to harm innocent lives again.”

“That’s right, kill them!!!”

Once Zi Xunyi said those words, both the allied army as well as the bystanders echoed in agreement.

They all deeply detested the Infant Soul Sect to begin with. And now, the Infant Soul Sect actually gave such a justification for themselves. This had completely enraged them.

At this moment, the tens of thousands of people were all

shouting in unison. They all had a common desire, the desire to eliminate the Infant Soul Sect.

“It won’t happen again!!!”

Right at this moment, that Infant Soul Sect’s Sectmaster spoke again. His voice was so loud that it actually drowned out the shouts of the tens of thousands of people.

In fact, when he spoke, both space and the earth started to shake. Buzzing noises accompanied constant trembles.

At this moment, everyone closed their mouths. The strength of a rank two True Immortal had brought fear upon many of the people present here.

After all, the Infant Soul Sect’s Sectmaster was an existence that could completely obliterate them, leaving not even a corpse or skeleton behind, with a mere thought.

“We will no longer go and cause the death of another innocent infant. The reason for that is because we have, after many years of effort, finally succeeded. We have successfully grasped the method to increase everyone’s cultivation.”

“We have invited everyone here precisely so that we can reveal to everyone, reveal to the people of our Hundred Refinements Ordinary Realm, our achievement.”

“I also know that my words possess no basis to lean on, and that everyone will simply not believe me.”

“However... when the truth is placed before your eyes, you all will definitely believe it, believe what I have said to not be lies, to not be complete nonsense, but rather the truth, believe that I have not deceived everyone.”

“Thus, I will demonstrate to the fellow citizens of our Hundred Refinements Ordinary Realm the results that our Infant Soul Sect has gained after sacrificing countless newborn infants.”

“Come, allow them to all experience the power of the Infant Soul Great Formation!!!”

After the Infant Soul Sect’s Sectmaster said those words, he began to form a hand seal.

“Buzz~~~”

The next moment, a black gaseous flame appeared on the bodies of everyone from the Infant Soul Sect. The black gaseous flames started to interweave with one another and form a grand formation in the sky.

This grand formation was different from anything anyone had ever seen before. It was not an ordinary spirit formation. Rather, it was a formation formed by the heinous air emitted by all the people from the Infant Soul Sect.

“That formation!!!”

Upon seeing that formation, the expressions of many people changed. They were all intimidated by the vast imposing might of that formation.

“I believe everyone knows the Chen Heavenly Clan’s Clan Chief. He reached peak Martial Ancestor over a thousand years ago. However, even after all these years, he has not been able to reach the True Immortal realm.”

“However, right now... I will assist him in reaching a breakthrough in cultivation.”

“Everyone, watch carefully. For you will all serve as witnesses to this miracle.”

As the Infant Soul Sect’s Sectmaster spoke, with a thought, black energy emerged from the grand formation. That energy surrounded the Chen Heavenly Clan’s Clan Chief.

“Wuuahh, wuuahh, wuuahh~~~~~”

The next moment, the Chen Heavenly Clan’s Clan Chief began to

scream miserably.

However, what caused the crowd's blood to run cold was the fact that when he screamed, they could also hear the wailing cries of infants.

Those were countless wailing cries of infants. They were being emitted from the Chen Heavenly Clan's Clan Chief. However, those wailing cries were clearly not the voice of the Chen Heavenly Clan's Clan Chief.

At this moment, many people present started to tremble in fear from the aura of that grand formation and those infant cries.

# Chapter 2613 - Infant Soul Grand Formation

---

“Enough of trying to deceive others.”

Right at this moment, Zi Xunyi suddenly attacked. Boundless purple gaseous flames filled the entire sky like a vast blaze. They began to move toward the people of the Infant Soul Sect to burn them to death.

“Woosh~~~”

Faced with Zi Xunyi’s attack, the Infant Soul Sect’s Sectmaster merely waved his sleeve and boundless martial power immediately surged forth. He actually managed to easily block Zi Xunyi’s attack.

“Although we’re both rank two True Immortals, there is a still difference in our strengths. Young lady, you will not be able to defeat me,” The Infant Soul Sect’s Sectmaster said to Zi Xunyi with a smile on his face.

It was an extremely mocking smile.

“You!!!” Zi Xunyi was immediately furious upon hearing those words.

If she were insulted by others, Zi Xunyi would not be this furious. However... the person that insulted her was actually a vicious and merciless demon that slaughtered innocent infants. Zi Xunyi was unable to tolerate an insult from him.

Overwhelmed with anger, Zi Xunyi actually revealed her Ancestral Armaments. She was planning to wage war.

“Xunyi.”

When at the moment when Zi Xunyi was about to attack, Ying Mingchao stopped her. He said to her, “Let me handle him.”

As Ying Mingchao spoke, he cast his sharp gaze to the Infant Soul Sect’s Sectmaster.

If it were an ordinary individual, even if they were able to not be scared to death upon seeing such a gaze from Ying Mingchao, they would most definitely start shivering.

However, not only did this Infant Soul Sect's Sectmaster's expression remained unchanged, but there was also not the slightest trace of fear in his eyes.

“Eeeahh~~~”

Right at this moment, that Chen Heavenly Clan's Clan Chief let out another shout.

This shout was not a scream of pain. Rather, it was a roar. After he roared, the crowd all revealed startled expressions.

When they looked to the Chen Heavenly Clan's Clan Chief again, they revealed incomparable astonishment in their eyes.

The reason for that was because everyone felt the aura of that Chen Heavenly Clan's Clan Chief when he roared.

His aura was no longer that of a Martial Ancestor. Instead, it was that of a True Immortal...

Although he was only a rank one True Immortal, it remained to be a completely different realm from Martial Ancestor.

“This, how could this be? How did his cultivation suddenly increase? Could it be that grand formation?”

At this moment, everyone was stunned. Expressions of shock filled their faces. This was especially true for the bystanders that did not know the Infant Soul Sect well.

The reason for that was because what had happened was simply unimaginable. How could a peak Martial Ancestor break through to rank one True Immortal in such a short period of time?

“I believe that everyone is very surprised right now. How could a formation possibly allow one to reach a breakthrough in cultivation? Something like that is simply heaven-defying, simply

going against the way of martial cultivation, simply impossible.”

“However, this Infant Soul Grand Formation is capable of accomplishing this impossible task.”

“I might as well tell everyone the truth. Not only is the Chen Heavenly Clan’s Clan Chief able to reach a breakthrough, everyone here is all able to reach a breakthrough using the Infant Soul Grand Formation.”

“And this... this is what our Infant Soul Sect has been doing for all these years,” The Infant Soul Sect’s Sectmaster said.

“Truly? Is what you said the truth? You are really able to help us increase our cultivation?”

Once the Infant Soul Sect’s Sectmaster said those words, the bystanders and even people in the allied army burst into an uproar.

Everyone’s eyes seemed to be shining. They were all staring deeply at that so-called Infant Soul Grand Formation.

At this moment, they no longer possessed any fear in their eyes as they looked to the Infant Soul Grand Formation. Instead, greed filled their eyes. It was as if they were looking at a priceless treasure.

For many people, due to the fact that their talent was limited, even if they spent their entire lives cultivating, they would not be able to make progress in their cultivation.

However, if that grand formation was truly capable of helping them obtain martial comprehension and letting them reach a breakthrough in cultivation, it would simply be an enormous fortunate encounter from the heavens itself. It was something that they had never even dared imagine before.

“I will not deceive everyone. There is also no reason for me to deceive everyone. Furthermore, everyone has witnessed the scene earlier.”

“Everyone has clearly witnessed the power of this Infant Soul Grand Formation. This is not a lie. Instead, it’s the truth. As for this truth, it is right before everyone’s eyes.

“As for this Infant Soul Grand Formation, it needed the members of our Infant Soul Sect to activate it. Why is that, you ask? It’s because flowing in our bodies, the bodies of the members of the Infant Soul Sect, are the lives of those children.”

“Indeed, those children have died innocently. Everyone in our Infant Soul Sect has felt ashamed and pained because of that. Every day and every night, we have to endure the condemnations of our own conscience.”

“However, today, even if we must still endure the condemnations from our own conscience, we are very delighted.”

“The reason for that is because we’ve succeeded. We have successfully accomplished what our ancestor did not. We have finally completed our ancestor’s grand ambition. We have finally completed the Infant Soul Grand Formation.”

“We are finally able to rely on the Infant Soul Grand Formation to strengthen everyone in the Hundred Refinements Ordinary Realm.”

“The sacrifice of those children was not in vain. Their sacrifice will allow our Hundred Refinements Ordinary Realm to make progress. Their sacrifice will serve as a previously unimaginable force for us.”

“From today onwards, no one will dare to look down on our Hundred Refinements Ordinary Realm again. Our Hundred Refinements Ordinary Realm will become a powerful Ordinary Realm!!!” The Infant Soul Sect’s Sectmaster spoke emotionally.

“Bullshit!!!”

Right at this moment, Ying Mingchao shouted angrily. He pointed the Ancestral Armament in his hand toward the Infant

Soul Sect's Sectmaster.

While gnashing his teeth, he said, "Today, I will definitely make you all pay the price for what you've done!"

After he finished saying those words, Ying Mingchao's overwhelming killing intent swept forth.

"Wait a moment," Right at this moment, the Immortal Sword School's Headmaster suddenly spoke. "City Master Ying, the Infant Soul Sect wouldn't have have gone through all the trouble to call us here just to deceive us and tell us such an absurd thing."

"There is simply no need for them to do something like this. I also cannot think of a reason for them to deceive us."

"I think we should calm down and clear things up first."

"That's right. City Master Ying, we should clear things up first," Many people from the Immortal Sword School began to echo what their headmaster said.

It was not only those people from the Immortal Sword School. Many of the bystanders, and even many of the people from the allied army started to plead to Ying Mingchao, asking him to calm down.

Earlier, those people were calling for the eradication of the Infant Soul Sect. Yet now, they were actually all telling Ying Mingchao to not attack the Infant Soul Sect.

How could Ying Mingchao not understand what they were thinking?

Clearly, they had witnessed the benefits of the Infant Soul Grand Formation, and become greedy. They wanted to gain benefits through the Infant Soul Grand Formation.

"You all really believe that formation to be able to help you all increase your cultivation? You all really believe in what the Infant Soul Sect says? You all believe in the words of this bunch who was

willing to slaughter innocent infants for the sake of increasing their own cultivation?”

Ying Mingchao's eyes turned deep red from anger. He was clenching his fists so hard that creaking sounds could be heard nonstop.

The reason for that was because he firmly believed the Infant Soul Sect to be a bunch of swindlers. He felt them to be an actual demonic sect, and all that they said were lies meant to confuse others.

However, these people just so happened to believe in their words.

It would be one thing if it were only those people that did not know about the Infant Soul Sect that believed in their words.

However, even the allied army was swayed by their words. In fact, even the Immortal Sword School that had been fighting against the Infant Soul Sect for many years was swayed by their words. Ying Mingchao found this to be truly unbearable.

Furious, Ying Mingchao unleashed his overwhelmingly powerful oppressive might. Even though the crowd did not wish to attack the Infant Soul Sect, they no longer dared to voice any objection at this moment.

“Amitabha, everyone, please hear this old man out,” Right at this moment, the Abbot of the Buddha's Heavenly Temple stood forth.

After the Abbot of the Buddha's Heavenly Temple stood forth, Ying Mingchao's gaze eased.

The Abbot of the Buddha's Heavenly Temple was a person of virtue and prestige. If he were to speak on his behalf, many people would start to have faith in him.

## Chapter 2614 - Collapse Of The Alliance

---

“City Master Ying, we have all borne witness to the power of that formation. This old monk is unable to think of a reason for the Infant Soul Sect to go through all this trouble to lure us here only to deceive us. This old monk feels what the Infant Soul Sect’s Sectmaster said to be trustworthy.”

“Abbot, you!!!” After hearing what the Abbot of the Buddha’s Heavenly Temple said, many people in addition to Ying Mingchao were shocked.

In terms of righteous powers, the Buddha’s Heavenly Temple could be said to be the representation of all righteousness in the Hundred Refinements Ordinary Realm. As for their Abbot, he was also widely accepted to be an upright individual.

Yet, at this moment, when faced with the enticement of an increase in cultivation, not only was this Abbot swayed, but he even began to speak on behalf of the Infant Soul Sect. This was truly unimaginable.

“City Master Ying, even Grandmaster said it like that, don’t you think that we should give the Infant Soul Sect a chance to reform themselves?” The Immortal Sword School’s Headmaster said.

“Heh...”

At this moment, Chu Feng let out a cold and mocking chuckle.

However, Chu Feng had merely chuckled and did not say anything. The reason for that was because his heart had already calmed.

The Infant Soul Sect killing innocent infants was something that everyone knew about. Even the people from the Infant Soul Sect did not deny it. Instead, they directly admitted to doing it.

That sort of evil deed was the most unforgivable.

However, when faced with the enticement of being able to increase their cultivation, all these people forgot about those infants that died miserably. Just like that, they planned to forgive the Infant Soul Sect.

Oh how selfish was this?

Holding his Ancestral Armament in his hand, Ying Mingchao loudly said, “Good, very good. Since this is the case, I will not bother with superfluous words with you all either. I, Ying Mingchao, will only ask you all one thing. Right now, who is still willing to fight alongside me?! Who is willing to fight against the Infant Soul Sect?!”

“Me!”

“Me!”

“Me!”

.....

Once Ying Mingchao said those words, many people stood forth. The majority of them were people from Hero City.

Of those from Hero City, the majority of them were Ying Mingchao’s old subordinates.

Although there were close to ten thousand people standing behind Ying Mingchao right now, they were many times smaller when compared to the original numbers of the allied army.

One thing worthy of mentioning was that there were a portion of people from both the Buddha’s Heavenly Temple and Immortal Sword School that decided to stand behind Ying Mingchao.

Representing those people were Daoist Three Swords and Grandmaster Pocket.

However, no matter what, they remained to only be members of the Immortal Sword School and the Buddha’s Heavenly Temple.

Even though they had chosen to continue to be the Infant Soul

Sect's enemy, their headmaster and abbot had both chosen to believe the Infant Soul Sect.

This scene was truly astonishing.

“Ying Mingchao, are you truly planning to do this?”

“What if what the Infant Soul Sect says is true? What if they are not deceiving us? What if that formation is truly capable of increasing our cultivation?”

“Can you not calm yourself and make a decision after investigating everything?” said the Abbot of the Buddha's Heavenly Temple.

“Investigate? The Infant Soul Sect has slaughtered countless innocent infants. Is that something that still needs investigation?”

“You all have already had your eyes blinded by self-interest. No matter how you investigate, you will only end up believing their words.”

After Chu Feng finished seeing the Buddha's Heavenly Temple's Abbot say those words, he said to Ying Mingchao, “Senior, go ahead and do it.”

“Ying Mingchao, if you are to do this, you will end up regretting it,” Seeing that Ying Mingchao was truly planning to attack, many people began to tell him that he would regret it.

However, Ying Mingchao raised his Ancestral Armament. He did not appear to have the slightest bit of hesitation. His oppressive might swept forth like a tornado.

At this moment, apart from those that decided to follow him, everyone else was blown away. Only the Buddha's Heavenly Temple's Abbot and the Immortal Sword School's Headmaster were able to remain standing where they were.

“Clank~~~”

Right at this moment, an even most astonishing scene happened.

The Buddha's Heavenly Temple's Abbot and the Immortal Sword School's Headmaster looked to one another. Then, the two of them actually revealed their Ancestral Armaments. Furthermore, judging from their appearance, they didn't seem to be planning to fight alongside Ying Mingchao. Instead, they were casting ill-intended gazes toward him.

"What's this, you all plan to fight against me?" Ying Mingchao asked coldly.

"We do not wish to fight against you. We merely want you to investigate the truth first. What if the Infant Soul Sect have truly done what they've done for the sake of the Hundred Refinements Ordinary Realm? What if what they're saying is the truth?" The Immortal Sword School's Headmaster said.

"Enough of your bullshit. If you want to stop me, then go ahead and do it directly. However, if you all are to decide to fight against me, I, Ying Mingchao, will not be lenient toward you all either."

As Ying Mingchao said these words, his eyes were surging with killing intent. His killing intent caused this entire region to suddenly become ice-cold. Everyone was able to feel that intense coldness.

Faced with such a Ying Mingchao, both the Immortal Sword School's Headmaster and the Buddha's Heavenly Temple's Abbot started to frown. Hesitation appeared in their eyes.

Perhaps it was because of their fear toward Ying Mingchao, or perhaps it was because of their affection toward the alliance, but in the end, the Immortal Sword School's Headmaster and the Buddha's Heavenly Temple's Abbot did not attack Ying Mingchao. Instead, they slowly lowered their raised Ancestral Armaments.

Right at this moment, the Infant Soul Sect's Sectmaster asked, "Ying Mingchao, is the battle today truly unavoidable?"

"Today, I will exterminate every single one of you," Ying

Mingchao said.

“Since that’s the case, then I, Hun Poyuan, am delighted to take you on today. However, I do not wish to implicate the innocent. Thus, let the two of us fight one another. We shall determine the outcome of this battle. What say you?”

“If you can defeat me, then you can go ahead and kill everyone from our Infant Soul Sect. After all, it is likely no one will be able to stop you at that time.”

“However, if I am to defeat you, I will not make things difficult for you either. I merely hope that you will be able to understand me, be able to trust me,” The Infant Soul Sect’s Sectmaster said.

“Those are some quality words that you’ve said. However, today, the only possible result is me defeating you, and not you defeating me.”

After Ying Mingchao finished saying these words, he held his Ancestral Armament and, with an overwhelming aura, moved to directly attack the Infant Soul Sect’s Sectmaster.

As for that Infant Soul Sect’s Sectmaster, he did not hesitate either. He too revealed his Ancestral Armament and flew toward Ying Mingchao.

In the blink of an eye, the two rank two True Immortals collided with one another.

As the two of them fought, boundless energy ripples swept across the entire sky. For the allied army, their situation was alright. After all, Zi Xunyi, the Immortal Sword School’s Headmaster and the Buddha’s Heavenly Temple’s Abbot were there, these three rank two True Immortals, protecting them.

Thus, the energy ripples originating from the battle between Ying Mingchao and the Infant Soul Sect’s Headmaster were all blocked by them. No casualties were inflicted upon the allied army.

However, the people from the Infant Soul Sect had to fall back.

The reason for that was because they were unable to withstand even the energy ripples.

“That Infant Soul Sect’s Sectmaster is extremely powerful. It seems to be very difficult for Ying Mingchao to defeat him.”

The entire battle was witnessed by Her Lady Queen. Even though Ying Mingchao was very powerful, he was unable to defeat the Infant Soul Sect’s Sectmaster even after using his various abilities. The two of them were in a stalemate the entire time.

During this stalemate, Chu Feng noticed that Zi Xunyi was growing eager to join the battle.

## Chapter 2615 - Stalemate

---

“Senior Zi, don’t join in,” Seeing Zi Xunyi’s expression, Chu Feng sent a voice transmission to her, “Senior Ying has yet to go all-out. Furthermore, I feel that with how confident the Infant Soul Sect’s Sectmaster is, he most definitely possesses more hidden techniques.”

“If the two of them are to both unleash their full abilities, their strength will be completely above that of ordinary rank two True Immortals. If you are to be in the battle at that time, you will only become a burden for Senior Ying.”

After hearing what Chu Feng said, Zi Xunyi, who was planning to join the battle, stopped thinking about joining the battle.

Although she did not know what sort of abilities the Infant Soul Sect’s Sectmaster might still have, she knew very well that Ying Mingchao was a True Immortal that had managed to unlock the strength of his Divine Power.

This information had long been spread out by Grandmaster Prophet. It was something that everyone in the Hundred Refinements Ordinary Realm knew about.

It was precisely because Ying Mingchao was a rank two True Immortal and possessed Divine Power that people viewed him as the strongest expert in the Hundred Refinements Ordinary Realm.

Likely, the reason why the Buddha’s Heavenly Temple’s Abbot and the Immortal Sword School’s Headmaster did not try to stop Ying Mingchao from attacking the Infant Soul Sect earlier was also because they were afraid of Ying Mingchao’s actual strength.

However, precisely because the matter of Ying Mingchao having unlocked his Divine Power was known to everyone, the Infant Soul Sect’s Sectmaster must know about it too. As such, Zi Xunyi felt that what Chu Feng said was very reasonable.

Since he knew already that Ying Mingchao had unlocked his Divine Power and was not an ordinary rank two True Immortal, the confidence of the Infant Soul Sect's Sectmaster meant that... he must possess some sort of method to handle him.

Thinking about that, Zi Xunyi began to grip her Ancestral Armaments even more tightly. In fact, Chu Feng could even hear the creaking sounds emitted by the Zi Xunyi's hand bones.

"Senior, we do not need to directly join the battle in order to help Senior Ying Mingchao," Chu Feng said via voice transmission.

"What do you mean by that?" Zi Xunyi asked. Her eyes started to shine with light.

"Senior, since you have also obtained Grandmaster Kai Hong's inheritance before, do you know of this formation?"

Chu Feng informed Zi Xunyi of a spirit formation.

That spirit formation was something that Zi Xunyi did not know about. However, it remained that Zi Xunyi was an Immortal-cloak World Spiritist. Thus, just from Chu Feng's descriptions of the spirit formation, she was able to make out of what it did.

After that, Chu Feng began to secretly set up the spirit formation together with Zi Xunyi. As for why they had to do it secretly, it was naturally because they did not want others to discover it.

After all, the allied army had already fallen apart. For their own self-interest, even the Buddha's Heavenly Temple's Abbot and the Immortal Sword School's Headmaster had spoken out on behalf of the Infant Soul Sect.

If they were to discover that Chu Feng and Zi Xunyi were setting up a spirit formation beneficial to Ying Mingchao, who knew whether or not they would act to interfere.

Thus, Chu Feng and Zi Xunyi must set up that spirit formation secretly. Fortunately, the spirit formation techniques that Chu Feng and Zi Xunyi possessed were extremely powerful. Thus, even

though it would be more difficult to quietly set up a spirit formation within their bodies, the two of them would only each have to set up half of the spirit formation should they jointly set it up. Thus, as long as they were given a sufficient amount of time, they would be able to finish setting up that spirit formation.

Although Chu Feng and Zi Xunyi were extremely worried by the stalemate between Ying Mingchao and the Infant Soul Sect's Sectmaster, those people whose eyes were blinded by greed, those people that wished to obtain martial comprehension from that Infant Soul Sect's grand formation, were secretly delighted.

At the beginning when Ying Mingchao began to fight against the Infant Soul Sect's Sectmaster, they were all afraid, afraid that Ying Mingchao would be able to easily kill the Infant Soul Sect's Sectmaster. After all, Ying Mingchao was the publicly-accepted number one expert in the Hundred Refinements Ordinary Realm.

However, judging from the situation now, the two of them were actually equally matched. Furthermore, the Buddha's Heavenly Temple's Abbot and the Immortal Sword School's Headmaster were not planning to join the battle. Thus, the greedy crowd grew much more at ease.

“Roar~~~”

Right at this moment, a beast-like roar suddenly sounded from Ying Mingchao's body.

At the moment when that roar was heard, the image of a ferocious beast appeared in the sky. Its aura was extremely domineering. It was as if it were planning to devour all living things. Seeing it, many people started to tremble with fear.

“Boom~~~”

At practically the same time, an explosion sounded from the battlefield between Ying Mingchao and the Infant Soul Sect's Sectmaster. The Infant Soul Sect's Sectmaster was actually beaten

back.

Not only that, but there was a bloody hole in the left side of his chest. The left side of his chest had been penetrated, and a visible bloodstain was present at the corner of his mouth.

Looking to Ying Mingchao, he currently looked completely different from before. His eyes had turned dark green. Even his teeth had become sharp like a beast's. A jade green aura was coiling around his body like green flames.

At this moment, Ying Mingchao was several times stronger than he was before.

“Divine Power?”

Seeing this scene, the crowd were all frightened. They had nearly forgotten that Ying Mingchao was not only a rank two True Immortal, but he was also an existence that had managed to unlock the power of his Divine power.

Most importantly, they had only heard rumors of it before. As such, they were skeptical. However, they were now witnessing it with their very own eyes. With this, how could they not start to panic?

After unleashing his Divine Power, how could the Infant Soul Sect's Sectmaster possibly contend against Ying Mingchao?

“Divine Power. It would seem that the rumors are true, you have indeed managed to unlock your Divine Power.”

Compared to others, the Infant Soul Sect's Sectmaster merely smiled. Not only was he not panicking, but he even softly wiped away the bloodstain at the corner of his mouth. The wound on the left side of his chest also closed up.

At this moment when the crowd were confused as to why the Infant Soul Sect's Sectmaster was still this calm, they were shocked to discover that... the eyes of the Infant Soul Sect's Sectmaster had turned pitch-black.

“Boom~~~”

The next moment, a loud explosion sounded from the body of the Infant Soul Sect’s Sectmaster. At the same time, dark black gaseous flames bubbled out of the Infant Soul Sect’s Sectmaster like a volcanic eruption.

In an instant, the dark black gaseous flames covered the entire sky. At this moment, apart from the enormous ferocious beast emitted by Ying Mingchao’s Divine Power, the rest of the sky was covered by those dark black gaseous flames.

Most importantly, the cries and wailings of infants could be heard from the dark black gaseous flames that covered the entire sky.

There were simply too many cries and wailings. They were simply too ear-piercing, simply too tragic.

The cries and wailings were simply over a thousand times more mournful than the cries and wailings emitted from the activation of the Infant Soul Grand Formation.

“Forbidden Mysterious Technique?”

“Sure enough, he’s prepared.”

Chu Feng was not surprised to see this scene. He had already anticipated that the Infant Soul Sect’s Sectmaster possessed the ability to contend against Ying Mingchao’s Divine Power.

Merely, Chu Feng did not expect it to be a Forbidden Mysterious Technique.

However, this Forbidden Mysterious Technique was clearly not an ordinary Forbidden Mysterious Technique. To be exact, this should be a Forbidden Demonic Technique.

The reason for that was because it could be determined merely by the mournful infant cries that the Infant Soul Sect’s Sectmaster had used this demonic technique to refine countless infants.

He had used the lives of countless infants to obtain his powerful strength.

However, such a sinister demonic technique did not bring disdain from the crowd. Instead, many grew excited upon seeing it.

Those that were excited were naturally the selfish individuals that wanted to obtain the assistance of the Infant Soul Sect.

“Despicable bastard, I will have you die!!!”

After seeing the power of the Infant Soul Sect’s Sectmaster, Ying Mingchao grew even more furious. With the unique imposing might of his Divine Power, Ying Mingchao rushed to attack the Infant Soul Sect’s Sectmaster again.

“Boom~~~”

“Boom~~~”

“Boom~~~”

.....

Green gaseous flames and dark black gaseous flames collided.

It was like a battle between light and darkness. However, this battle was once again in a stalemate.

The intensity of this battle had increased by several times. Now, even Zi Xunyi and the others were unable to withstand the energy ripples from this battle.

As such, the allied army had no choice but to move away from the battlefield. As for the people from the Infant Soul Sect, they moved even further away.

As for Chen Heavenly City that was in the center of the battlefield, it had long since been completely ruined by the energy ripples from the two fighters.

That vast city and those extravagant buildings were completely razed to the ground. It was a devastating scene.

The scope of the battle was growing larger and larger. The intensity of the battle also grew more and more world-shakingly powerful. Looking at it, everyone grew more and more afraid.

Once again, people began to worry about this life and death battle.

# Chapter 2616 - Two Grand Formations

---

“How could this be? That Infant Soul Sect’s Sectmaster actually mastered a demonic technique?”

At the moment when a great majority of the people were rejoicing, there were also people that grew furious and worried.

These people were naturally the ones that had stood behind Ying Mingchao earlier. They were people that were willing to betray their own powers to follow Ying Mingchao in taking on the Infant Soul Sect.

They all firmly believed the Infant Soul Sect to be a demonic sect. As such, they naturally hoped for Ying Mingchao to defeat the Infant Soul Sect’s Sectmaster.

Right at this moment, Chu Feng suddenly turned around and asked those people, “Everyone, are you all willing to help Senior Ying in this battle?”

“Of course,” The crowd answered in unison.

“In that case, let us all assist Senior Ying!!!”

After Chu Feng finished saying those words, he opened his arms, and a grand spirit formation was unleashed from his body.

Following that, Zi Xunyi also extended her arms. Another grand spirit formation appeared.

The two spirit formations overlayed one another. Soon, they started to fuse together. Most importantly, as Chu Feng and Zi Xunyi controlled that grand formation, it soon covered the people that had chosen to follow Ying Mingchao.

“Almsgiver Chu Feng, that spirit formation... could it be that we merely need to relax ourselves?”

At this moment, Grandmaster Pocket was unable to keep himself from asking that question. His tone was filled with astonishment.

As a world spiritist himself, he was able to sense how wondrous that spirit formation was. There was simply no need for them to do anything. Merely by relaxing themselves, they would be able to send their power into that spirit formation.

However, Grandmaster Pocket still wanted to verify with Chu Feng whether this was all they needed to do in order to help Ying Mingchao.

“Everyone, you all do not need to do anything special. It will do as long as you think about helping Senior Ying Mingchao.”

As Chu Feng spoke, he began to form hand seals with one hand. As for his other hand, he extended it toward Zi Xunyi.

Zi Xunyi was doing the same thing as Chu Feng. She too was forming hand seals with one hand and placed her other hand onto Chu Feng’s extended hand.

Immediately, boundless energy began to gather in the their joined palms. Then, Chu Feng and Zi Xunyi pointed their hands toward Ying Mingchao.

A beam of golden light shot out from their hands. Like a golden dragon galloping through the skies, it assimilated into Ying Mingchao’s body.

After that golden beam of light entered Ying Mingchao’s body, Ying Mingchao’s body started to blossom with golden light in addition to the dark green gaseous flames.

Most importantly, Ying Mingchao’s aura had become much stronger.

After his battle power increased, Ying Mingchao immediately managed to break away from the stalemate and gain the upper hand in his battle.

“Set up the formation!!!”

However, right at this moment, the people from the Infant Soul

Sect actually also started to set up a formation.

However, their formation was much simpler compared to Chu Feng and Zi Xunyi's formation.

In fact, what they had set up simply could not be considered to be a grand formation. Instead, it was several tens of thousands of grand formations.

The reason for that was because each and every member of the Infant Soul Sect was a grand formation. Black gaseous flames were surging out from their bodies. Those black gaseous flames entered the sky and were assimilated into the black gaseous flames emitted by the Infant Soul Sect's Sectmaster that covered the vast sky.

At this moment, the black gaseous flames emitted by each and every person from the Infant Soul Sect were filled with infant cries. Those grand formations were all formed using the demonic technique that they'd trained.

After the power from the Infant Soul Sect's crowd assimilated into his gaseous flames, the Infant Soul Sect's Sectmaster also grew more powerful. It actually looked like his strength could surpass Ying Mingchao's.

"Puuu~~~"

Suddenly, a stream of blood splattered from Ying Mingchao's left shoulder. The Infant Soul Sect's Sectmaster had managed to penetrate Ying Mingchao's left shoulder with his Ancestral Armament.

"Puu, puu, puu~~~"

Following that, the Infant Soul Sect's Sectmaster waved his Ancestral Armament repeatedly. Frantically, he began to assault Ying Mingchao. Even though Ying Mingchao tried his best to block the majority of the attacks, he was still penetrated by the attacks three times.

Every single time Ying Mingchao was injured by the Infant Soul

Sect's Sectmaster, the dark black gaseous flames entered Ying Mingchao's body through the Infant Soul Sect's Sectmaster's Ancestral Armament.

Under this sort of situation, Ying Mingchao's aura grew weaker and weaker.

In the end, not to mention fighting against the Infant Soul Sect's Sectmaster, Ying Mingchao did not even have the strength to continue flying.

“Mingchao!”

With the situation being like this, Zi Xunyi was unable to continue standing idly. She removed herself from the grand formation that she had set up together with Chu Feng, grabbed her Ancestral Armaments and rushed toward the Infant Soul Sect's Sectmaster.

It was not only Zi Xunyi that rushed over. Many of the old subordinates from Hero City, as well as people from the other powers that had chosen to follow Ying Mingchao also rushed over.

Although Chu Feng did not rush over, he had secretly taken out his Evil God Sword.

He knew that, judging from the situation at hand, not to mention Zi Xunyi and the others, even if the allied army was still intact, they would still not be a match for the Infant Soul Sect's Sectmaster.

If they wanted to overcome this crisis today, then they could only rely on the Evil God Sword in his hand.

“Woosh~~~”

However, at this moment, an astonishing scene occurred. When Zi Xunyi and the others approached, not only did the Infant Soul Sect's Sectmaster not attack them, but he instead tossed the seriously-injured Ying Mingchao to Zi Xunyi.

When Zi Xunyi received Ying Mingchao, she was able to sense how serious his injuries were.

Although the injuries the Infant Soul Sect's Sectmaster left upon Ying Mingchao by piercing his body with his Ancestral Armament were merely superficial wounds, the dark black gaseous flames that had entered Ying Mingchao's body were extremely frightening.

It was those dark black gaseous flames that had caused Ying Mingchao to become this weak.

"You damned demon, I will kill you!!!"

Zi Xunyi was so furious that her eyes turned red. Overflowing killing intent burst forth from her. Everyone present were capable of sensing that killing intent. She was truly furious, and wanted to kill the Infant Soul Sect's Sectmaster.

"I urge you to not try to attack me. The reason for that is because you are no match for me. As such, you are simply unable to gain your revenge."

"Thus... it is best that you go and heal Ying Mingchao's injuries instead," The Infant Soul Sect's Sectmaster said to Zi Xunyi. His tone was filled with contempt and mockery.

Right at this moment, Chu Feng, while holding the Evil God Sword in his hand, walked in the air and arrived beside Zi Xunyi.

Although Chu Feng did not reveal his anger as distinctively as Zi Xunyi did, the killing intent in his eyes was not at all weaker than Zi Xunyi's.

Merely, Chu Feng's killing intent could only be felt by the Infant Soul Sect's Sectmaster, who Chu Feng was staring at.

After sensing Chu Feng's killing intent, that Infant Soul Sect's Sectmaster was not only not afraid, but he even chuckled. "Chu Feng, this is the first time that we've met. That said, I have already heard about you."

“Sure enough, your reputation is well-justified. The future of the Hundred Refinements Ordinary Realm belongs to you.”

“Join us. Join our Infant Soul Sect. I am able to help you accelerate your growth.”

The Infant Soul Sect’s Sectmaster actually began to publicly invite Chu Feng to join them.

“Join you all? You want me to slaughter innocent infants with you all?” Chu Feng asked with a sneer.

“No, that won’t happen again. Our Infant Soul Grand Formation is already complete. There is no need to sacrifice children anymore. You can directly enjoy the results of our effort,” The Infant Soul Sect’s Sectmaster said.

“Did you think that I would believe you all?” As Chu Feng spoke, he raised the Evil God Sword in his hand.

“That’s a Demon Armament?!!!” Seeing that Chu Feng was planning to fight, many people revealed frightened expressions.

After all, the Demon Armament that Chu Feng possessed that was capable of killing True Immortals had already become something that everyone knew about.

If Ying Mingchao was the greatest danger, then Chu Feng would be the second greatest danger.

## Chapter 2617 - Blinded By Greed

---

“Is this that Demon Armament? It is truly extraordinary.”

“However, Chu Feng, listen to my advice. Even if you have a Demon Armament, it is best that you do not attack me, for it will be impossible for you to match me,” The Infant Soul Sect’s Sectmaster said.

“Is that so?” Chu Feng smiled coldly. He started to grip the Evil God Sword even tighter.

“Chu Feng, stop,” Right at this moment, Her Lady Queen’s voice suddenly sounded.

“Chu Feng, do not be this rash. It will not be too late for you to kill him after you become a True Immortal. After all, you’ve already obtained the method to become a True Immortal.”

“There is no need for you to utilize the Evil God Sword. You know very well the power of that Evil God Sword. If you are to fail in controlling it, not only will you die, but everyone in the Hundred Refinements Ordinary Realm will die,” Her Lady Queen said.

After hearing what Her Lady Queen said, Chu Feng slowly lowered his raised Evil God Sword.

What Her Lady Queen said was reasonable. Chu Feng was simply unable to control the Evil God Sword. Unless absolutely necessary, it would be best to not use it.

After lowering his sword, Chu Feng turned around and started to inspect Ying Mingchao’s injuries.

Seeing that Chu Feng had lowered his Evil God Sword, the complacent expression on the Infant Soul Sect’s Sectmaster grew even stronger.

He felt that Chu Feng had lowered his Evil God Sword because he

was scared.

However, Chu Feng simply did not concern himself with how others viewed him. The only thing he cared about right now was Ying Mingchao's injuries.

"Senior Zi, don't worry, Senior Ying's injuries can be cured," Chu Feng said to Zi Xunyi.

"Truly?" Zi Xunyi was extremely vexed by Ying Mingchao's injury. However, after hearing what Chu Feng said, she reacted as if she had seen hope.

"I will need your help," After that, Chu Feng taught Zi Xunyi the method to set up a spirit formation.

That spirit formation was not an ordinary healing formation. Instead, it was a spirit formation that specialized in removing demonic energy. It was extremely effective toward Ying Mingchao's injuries.

The reason for that was because Ying Mingchao's injuries were not simple physical injuries. Rather, his body was invaded by demonic energy.

"Everyone, you have all witnessed my strength. Thus, I wish to ask everyone a question. If I wanted to kill you all now, who could possibly escape from me?" The Infant Soul Sect's Sectmaster said.

"This..."

Hearing those words, the hearts of the crowd all tensed up. With the strength that the Infant Soul Sect's Sectmaster possessed, it would indeed be extremely easy for him to kill them.

This was especially true when they saw the dark black gaseous flames that were still surging about in the sky. They discovered that, at this moment, they were akin to having sharp blades pointed at their throats.

As long as the Infant Soul Sect's Sectmaster willed it, all of them

would be killed. After all, even the strongest among them, Ying Mingchao, was no match for the Infant Soul Sect's Sectmaster. Thus, how could they possibly contend against the Infant Soul Sect's Sectmaster?

"Everyone, there's no need to be scared. Although I possess the ability to kill all of you, I will not kill a single person."

"The reason for that is because our Infant Soul Sect never thought about killing innocents. There has only ever been one goal since the founding of our Infant Soul Sect. That is, we want to benefit everyone in the Hundred Refinements Ordinary Realm, we want to benefit all of you," the Infant Soul Sect's Sectmaster said.

"Lord Sectmaster, could it be... that you're really willing to help us increase our cultivation?"

At this moment, many people started to believe in the words spoken by the Infant Soul Sect's Sectmaster. They felt that there was no reason for him to lie to them.

After all, if the Infant Soul Sect really was a demonic sect, they could very well kill them all at this moment. There was no need for them to deceive them.

Furthermore, they had personally witnessed the power of the Infant Soul Grand Formation. It was truly a grand formation capable of helping them increase their cultivation.

"Of course," the Infant Soul Sect's Sectmaster spoke frankly.

"In that case, Lord Sectmaster, could you use that Infant Soul Grand Formation to help us increase our cultivation right now?"

"Lord Sectmaster, if you are able to help me increase my cultivation, I am willing to join the Infant Soul Sect and pledge my life to you."

"Lord Sectmaster, please impart strength upon me. I am willing to work for it with my life."

At this moment, countless people began to plead for the Infant Soul Sect's Sectmaster to help them increase their cultivation. They were willing to give up their lives for the sake of increasing their cultivations.

"Everyone, there's no need to be impatient. Everyone in our Hundred Refinements Ordinary Realm will be able to increase their cultivation."

"However, I have a small request," the Infant Soul Sect's Sectmaster said.

Right after he said those words, Chu Feng cast his sharp gaze toward the Infant Soul Sect's Sectmaster.

"The fox is finally going to reveal his fox tail?" Her Lady Queen said.

Like Chu Feng, Her Lady Queen felt that it would be impossible for the Infant Soul Sect's Sectmaster to help everyone increase their cultivation for free.

In fact, they simply did not believe that the Infant Soul Sect would really be able to help the crowd increase their cultivation.

There was most definitely a goal, a reason why the Infant Soul Sect was fabricating this lie. However, regardless of what their goal might be, it was most definitely not good.

Thus, Chu Feng and Her Lady Queen wanted to know exactly what the Infant Soul Sect was planning for them to go through great pains to fabricate this lie.

However, the others were simply not thinking like Chu Feng and Her Lady Queen. They were all thinking that the Infant Soul Sect was truly planning to help them.

At this moment, the crowd all began to voice their acceptance of the request. Even though the Infant Soul Sect's Sectmaster had not yet indicated to them what sort of request it was, they were already accepting the request. It was as if they were willing to do anything.

“Everyone, the task is actually very simple. I merely need to trouble everyone to spread this matter out to every nook and corner of the Hundred Refinements Ordinary Realm so that everyone in the Hundred Refinements Ordinary Realm will know of this.”

“Then, I ask those that have the strength to help bring those that are weak here.”

“I hope that everyone in the Hundred Refinements Ordinary Realm will be able to obtain the assistance of the Infant Soul Grand Formation when it is next activated,” the Infant Soul Sect’s Sectmaster said.

“Is that all that you need? Rest assured, we will definitely accomplish that and have everyone in the Hundred Refinements Ordinary Realm obtain your assistance,” the crowd accepted the request immediately. They did not have the slightest hesitation toward this sort of request.

“This old monk wishes to ask, if the Infant Soul Grand Formation is of use to those that have reached the True Immortal realm?” The Abbot of the Buddha’s Heavenly Temple asked.

“This Infant Soul Grand Formation is capable of benefiting everyone. Merely, as everyone possesses different levels of talent, the benefits that they obtain will also be different.”

“However, without a doubt, everyone will be able to obtain benefits from it. Everyone’s cultivation will increase.”

“Let me reemphasize it. By ‘everyone’, True Immortals are naturally also included.”

“Merely, it might not be possible to increase the cultivation of those that have reached the True Immortal realm. However, they will be able to obtain enormous profit that could serve as a foundation for increasing their cultivation in the future,” the Infant Soul Sect’s Sectmaster said.

“Very well, our Buddha’s Heavenly Temple will help you,” the Abbot of the Buddha’s Heavenly Temple said.

After that, the Immortal Sword School’s Headmaster also agreed to help.

These two tier one powers that were originally allied with Hero City and had come here to eradicate the Infant Soul Sect, for the sake of increasing their own cultivation, now stood on the side of the Infant Soul Sect and agreed to help them.

# Chapter 2618 - Selfishness

---

“Do you all really believe that that Infant Soul Grand Formation will be able to help you all increase your cultivation?”

Right at this moment, Chu Feng stood up and looked to the crowd with a mocking expression.

“We have witnessed the power of that Infant Soul Grand Formation. Why shouldn't we believe it?” Someone asked in refute.

After the first person refuted him, more and more people started to refute Chu Feng.

It would be one thing if it were the bystanders that were refuting Chu Feng. However, many of the people that were refuting Chu Feng were from upright and righteous sects and schools, people that were originally part of the allied army.

Oh how ironic this scene was. These people that originally came to crusade against the Infant Soul Sect were now standing on the side of the Infant Soul Sect all so that they could increase their cultivation.

This was most definitely selfishness.

“You all already have your eyes blinded by greed. Anything I say now will be useless. However, do not blame me for not having warned you all.”

“That Infant Soul Grand Formation is most definitely unable to increase your cultivations. For you all to believe the Infant Soul Sect, only one end can come of it -- death,” Chu Feng said.

“Little friend Chu Feng, while it is true that our Infant Soul Sect and you have clashed with one another before, it is all because of your misunderstanding toward our Infant Soul Sect.”

“And now, I have already explained everything. Even our

decision to sacrifice those infants was done because we had no other choice.”

“Must you insist on viewing us as enemies?” The Infant Soul Sect’s Sectmaster spoke with an expression of helplessness.

“That’s right. Little friend Chu Feng, anyone can make mistakes. When possible, it is best to forgive. This is even more so the case when the Infant Soul Sect has done their wrongdoings for the sake of benefiting everyone.”

At this moment, many people began to speak on behalf of the Infant Soul Sect.

“For the sake of benefiting everyone? Are you to say that just because this matter is beneficial to you all that those infants can be slaughtered?”

“If those infants were your children, would you all continue to blabber on like this?” Zi Xunyi asked furiously.

“For the sake of a better future, so what if we have to sacrifice some lives? If we can allow the Hundred Refinements Ordinary Realm to become more prosperous, even if it were my children, I would be willing to sacrifice them.”

“That’s right, I too would be willing.”

“The world of martial cultivators is one filled with disputes to begin with. People die every day here. However, were those people that died able to contribute to the betterment of our Hundred Refinements Ordinary Realm? No matter what, those infants have not died in vain. Their sacrifice was not made in vain.”

“That’s right. Their deaths were worthy. It is also something that we should accept.”

The crowd spoke in succession. They who had come to exterminate the Infant Soul Sect for the sake of those slaughtered infants were now turning their arguments around and declaring that it was right for those infants to be slaughtered.

“You all...” Hearing those words, Zi Xunyi was so furious her face turned pale. Then, a mouthful of blood sprayed out of her mouth.

She actually vomited blood out of anger.

However, that was understandable too. The scene at hand was truly extremely infuriating. However, they were powerless to do anything.

“Xunyi!!!”

Seeing this scene, Ying Mingchao, whose state had changed for the better thanks to Chu Feng and Zi Xunyi’s healing, grew incomparably furious.

He stood up and turned his gaze filled with killing intent toward the surrounding crowd. He said, “The ones that should be killed are you all.”

“Rumble~~~”

Right after Ying Mingchao finished saying those words, the dark black gaseous flames that covered the sky immediately let out intense killing intent. The intense killing intent was completely aimed at Ying Mingchao.

It was the Infant Soul Sect’s Sectmaster.

“Ying Mingchao, I will not take offense at you attacking me. However, if you dare try to harm them, I, Hun Poyuan, will definitely not allow you to do so,” the Infant Soul Sect’s Sectmaster said.

After this happened, Ying Mingchao started to shiver in anger. As for those who had spoken on behalf of the Infant Soul Sect, they were overjoyed. It was as if they have found a backer. One by one, they became more and more pleased with themselves, more and more insolent in their actions.

“Hahahaha...”

Right at this moment, Chu Feng burst into loud laughter. He was

laughing so hard that his body started to rock back and forth. He was laughing so hard that his body started to tremble.

“You all have truly opened my eyes with how foolish you are. Seniors, let’s go. For people like them, we do not have to concern ourselves with their life and death. Let them perish on their own.”

Chu Feng said to Ying Mingchao and Zi Xunyi.

“Let’s go.”

Ying Mingchao stopped hesitating. He led the crowd and decided to leave.

Ying Mingchao was extremely furious. He had originally led the crowd to come and crusade against the Infant Soul Sect.

However, in the end, not only had the allied army collapsed, but he himself had become the target of the crowd’s scorn.

Ying Mingchao, Chu Feng and the others left. That said, not a single person felt uneasy or guilty from their leaving.

Not only were they not feeling dejected, but they instead grew even more pleased and overjoyed.

At this moment, Ying Mingchao, Chu Feng and others were no longer heroes in their hearts.

Instead, they had become malignant stars that blocked their path to increase their cultivation. As such, how could they not be delighted when these malignant stars decided to leave?

At this moment when the crowd were immersed in their foolish joy, no one noticed that the Infant Soul Sect’s Sectmaster revealed a wicked smile on his face after Ying Mingchao and the others left.

That smile was extremely frightening. It was completely different from the gentleness that he had disguised himself with earlier.

That said, the people present did not notice his smile. In fact, even if they did, no one would find anything wrong with it.

It was as Chu Feng had said, these people had already had their eyes blinded by greed.

“Truly foolish.”

Suddenly, a voice sounded from above the sky that was covered by the black gaseous flames.

Merely, not a single one of the tens of thousands of people below was able to hear that voice.

That voice sounded from a certain corner above the sky. At that place... stood three figures.

They were a middle-aged man, a middle-aged woman and a white-haired old man.

The middle-aged man had a mature appearance. The middle-aged woman still possessed a trace of childish nature in her gaze.

Both the man and the woman were True Immortal-level experts.

As for that old man, his cultivation was unfathomable.

From the outfits of these three people, as well as the title plates on their waist, it could be seen that they were all from a single power.

The Chu Heavenly Clan.

At this moment, these three people from the Chu Heavenly Clan were looking down at everything that was happening below like gods high above.

“Truly foolish. They were actually deceived by such a lie,” The woman said mockingly.

“That is the nature of martial cultivators. For strength and power, they are willing to kill even their relatives. As for mere betrayals, that’s extremely common,” the middle-aged man said.

“Merely, that Chu Feng, Ying Mingchao and the others are going to suffer. Should we help them? After all, it seems that Senior Chu

Xuanlang thought quite highly of that Chu Feng,” The middle-aged woman asked.

The middle-aged man did not answer her. Instead, he looked to the white-haired old man.

“If we are to interfere, we will have gone against the rules established by our Ancestor. Perhaps... this is the fate of that Chu Feng,” the old man said slowly.

“What Elder said is very correct,” the middle-aged man and middle-aged woman voiced in agreement.

# Chapter 2619 - Cut The Weeds And Eliminate The Roots

---

At this moment, Ying Mingchao, Chu Feng and the others were currently traveling back to Hero City.

Due to the fact that Ying Mingchao's injuries were still not completely healed, Chu Feng and Zi Xunyi were still continuing to heal Ying Mingchao's injuries.

With the situation being like this, it became the task of the several True Immortals from Hero City to drive the crowd, hastening their traveling speed.

Although this was still the allied army, their numbers and grandeur were much less compared to when they had arrived.

Furthermore, perhaps it might be because they had failed in their crusade against the Infant Soul Sect, but the crowd members were all very downcast.

At the same time that they felt gloomy, they were also furious. Curses toward those that had betrayed them were being heard from the crowd nonstop.

“Who is it?!”

Right at this moment, Ying Mingchao, who was concentrating on healing his injuries, suddenly opened his eyes and looked ahead.

“Tsk, tsk, tsk, as expected from Ying Mingchao, your perception is still this sharp.”

“However, it must be thanks to that Chu Feng that you were able to heal to such a state in such a short period of time, no?”

An eerie voice sounded. Then, a figure appeared. That person stood in front of the allied army.

It was only a single person. However, this person dared to

confront the entire allied army.

Most importantly, when faced with this individual, everyone from the allied army revealed alarmed expressions.

The reason for that was because this person was the person that had defeated Ying Mingchao earlier, the Infant Soul Sect's Sectmaster.

"What do you want?" Someone from the allied army asked with a shivering voice.

"What I want? Don't you all know very well what I want? How can I allow people like you all to leave like this?"

"Naturally, I have come to find you all so that I can eliminate you completely so as to not leave any future trouble," the Infant Soul Sect's Sectmaster said with cold laughter.

"Sure enough, that was all a plot?" Chu Feng asked.

"Since you've already managed to see through it, why bother asking? That said, Chu Feng, I am someone who cherishes talent. As long as you hand over that stone dyed with the Divine Dragon's blood to me, not only will I spare your life, but I am also willing to take you into our Infant Soul Sect so that you can enjoy the glory, splendor, wealth and rank together with us," the Infant Soul Sect's Sectmaster said to Chu Feng.

"Stone dyed with the Divine Dragon's blood? He's talking about the Divine Dragon's Blood Ruler?" Chu Feng's heart tightened upon hearing those words.

The Divine Dragon's Blood Ruler was the treasure that Chu Feng had obtained from Grandmaster Kai Hong's remnants. It was a stone dyed with the Divine Dragon's blood.

Originally, Grandmaster Kai Hong had wanted to forge it into an Ancestral Armament. However, he had failed in doing so.

Chu Feng never expected this Infant Soul Sect's Sectmaster to

actually know about the Divine Dragon's Blood Ruler.

The Infant Soul Sect's Sectmaster had no idea what Chu Feng was thinking about. Seeing that Chu Feng was hesitating, he thought that Chu Feng might give it up. Thus, he asked again, "Chu Feng, are you willing?"

"I am truly sorry. While I, Chu Feng, dare to do anything, I do not dare to wallow in the mire with someone like you who is inferior to even animals. I am afraid I will receive the wrath of Heaven should I do that," Chu Feng mocked.

"Since that's the case, you can go and die together with them," as the Infant Soul Sect's Sectmaster spoke, he revealed his Ancestral Armament.

At the same time, he also revealed his rank two True Immortal-level aura without the slightest restraint. Like an invisible tornado, it moved to engulf the entire allied army.

"Come, as if we're afraid of you!" Zi Xunyi shouted. She too unleashed her oppressive might.

Even though Zi Xunyi managed to block the oppressive might unleashed by the Infant Soul Sect's Sectmaster, she was still pushed back two steps.

Those two steps were caught by everyone. This caused the people from the allied army to feel even more uneasy.

After all, it meant that even though both Zi Xunyi and the Infant Soul Sect's Sectmaster were both rank two True Immortals, Zi Xunyi was simply no match for the Infant Soul Sect's Sectmaster.

"Xunyi, do not dirty your hand. It is better that you let me handle a shameless animal like him."

Right at this moment, Ying Mingchao stood up and pushed Zi Xunyi behind him.

"No, Mingchao, you can't. Your injuries..." Zi Xunyi wanted to

stop Ying Mingchao.

Even though Ying Mingchao's injuries had improved, he was still not completely healed. As such, she would naturally not be at ease to have him fight.

"Rest assured, without the help from that Infant Soul Sect bunch, he is simply no match for me."

After Ying Mingchao said those words, his eyes turned dark green. He had unleashed his Divine Power.

Then, he held his Ancestral Armament in his hand and rushed toward to attack the Infant Soul Sect's Sectmaster.

The current Ying Mingchao simply did not appear like someone who was injured. Instead, he resembled an invincible warrior, a ruler who stood at the apex of the Hundred Refinements Ordinary Realm.

"Heh, overestimating one's abilities."

Faced with the incoming Ying Mingchao, the Infant Soul Sect's Sectmaster laughed mockingly.

Then, the Infant Soul Sect's Sectmaster no longer held back either. He too unleashed his black gaseous flames and collided with Ying Mingchao.

"Chu Feng," At this moment, Zi Xunyi looked to Chu Feng.

"Senior, let's begin," As Chu Feng spoke, he began to set up a grand spirit formation.

Seeing that Chu Feng understood her intention, Zi Xunyi also began to set up a grand spirit formation.

This was the same grand formation that Chu Feng and Zi Xunyi had jointly set up outside Chen Heavenly City to assist Ying Mingchao.

After all, Ying Mingchao's intention was very clear. He stated that he was no match for the Infant Soul Sect's Sectmaster earlier

only because there were so many people from the Infant Soul Sect supplying their strength to the Infant Soul Sect's Sectmaster.

However, in order to pull the wool over people's eyes and not make those fools suspect him, the Infant Soul Sect's Sectmaster had evidently come to eliminate them by himself.

While the Infant Soul Sect's Sectmaster no longer had the assistance of the people from the Infant Soul Sect, Ying Mingchao still possessed the assistance from Chu Feng and the others.

As long as Chu Feng and the others set up that grand spirit formation again, Ying Mingchao's strength should, logically, be a tier above the Infant Soul Sect's Sectmaster's. As such, Ying Mingchao should be able to win this battle.

This time around, Zi Xunyi and Chu Feng were not setting up their spirit formation within their bodies. Instead, they openly joined hands and set up the grand spirit formation directly.

As they were openly setting up the spirit formation, their speed became much faster.

In only a short period of time, they finished setting up the grand spirit formation.

“Buzz~~~”

Once they finished setting up the spirit formation, Chu Feng and Zi Xunyi immediately gathered everyone's power and imbued Ying Mingchao with it using the grand spirit formation.

When Ying Mingchao received this power, his body once again started to shine with golden brightness. Like in the battle before, he once again gained the upper hand.

“Ying Mingchao, did you really think that I would not be able to defeat you without the assistance of everyone from the Infant Soul Sect?”

That said, even though the Infant Soul Sect's Sectmaster was

now at a disadvantage, he was not scared in the slightest. Not only that, but he even had a mocking smile on his face.

That's right, it was an extremely mocking smile. He was not only mocking Ying Mingchao, but he was also mocking Zi Xunyi and the others.

“What do you mean by that?” Ying Mingchao sensed that the situation was amiss from his words.

“Since I dared to come to take care of you all by myself, I would naturally possess certainty in being able to take care of you all.”

“Buzz~~~”

Right after the Infant Soul Sect's Sectmaster finished saying those words, a dagger appeared in his previously empty left hand.

It was a golden dagger. The dagger did not appear to be extremely sharp. The reason for that was because dragon-scale like veined patterns filled the dagger.

However, once that golden dagger appeared, the aura of the Infant Soul Sect's Sectmaster immediately increased by several times. In an instant, it surpassed Ying Mingchao's aura.

“That is?”

Ying Mingchao and the Infant Soul Sect's Sectmaster were fighting in close range; they were less than three meters away from one another.

Thus, when Ying Mingchao saw the golden dagger, his expression immediately changed. A deep sense of unease emerged in his eyes.

“Woosh~~~”

At the moment when Ying Mingchao noticed the specialness of that dagger, the dagger let out a golden light.

That golden light shot straight toward Ying Mingchao's right shoulder. The speed was too fast. Before Ying Mingchao could

react, his right shoulder had been penetrated by the golden light.

Then, the Infant Soul Sect's Sectmaster suddenly waved his hand and blood splattered everywhere. Ying Mingchao's right arm that he was holding his Ancestral Armament with was sliced off.

# Chapter 2620 - By Killing You

---

“Eeaahhh!!!”

After his right arm was sliced off, Ying Mingchao immediately covered his wound with his left hand. Not only did he immediately move back, but his expression also grew distorted, and he started screaming.

When Ying Mingchao let out his scream, Zi Xunyi, Chu Feng and the others all felt that the situation was extremely bad.

Ying Mingchao was a man of steel. He was most definitely not someone who would scream like that just from a superficial wound.

There was only a single possibility as to why Ying Mingchao screamed like that. That is, the seemingly normal pain from having his arm sliced off was actually an unbearable pain. Otherwise, there would not be a reason for Ying Mingchao to act like this.

“That weapon.”

At this moment, Chu Feng also noticed the golden dagger the Infant Soul Sect’s Sectmaster held in his left hand. It was not an ordinary weapon.

That was simply not an Ancestral Armament. The reason for that was because Chu Feng felt the same sort of aura from that dagger as the aura he felt from Li Yuer’er’s pink sword.

That dagger was an Immortal Armament. This Infant Soul Sect’s Sectmaster actually possessed an Immortal Armament.

“You won’t be able to escape.”

Right at the moment when Ying Mingchao was retreating from the Infant Soul Sect’s Sectmaster, the Infant Soul Sect’s Sectmaster tossed away the Ancestral Armament he held with his

right hand and grabbed toward Ying Mingchao with his palm.

“Huu, huu, huu~~~”

In an instant, overwhelming suction energy was emitted from the Infant Soul Sect’s Sectmaster. In an instant, it completely enveloped Ying Mingchao, who was moving away.

Even though Ying Mingchao was extremely powerful, he was actually like a trapped chicken. No matter how hard he struggled, he was unable to break free from the suction energy. In the end, he could only look on helplessly as he was caught in the Infant Soul Sect’s Sectmaster’s grasp.

At the moment when Ying Mingchao was about to reach the Infant Soul Sect’s Sectmaster, the Infant Soul Sect’s Sectmaster did not capture Ying Mingchao. Instead, he closed his palm, forming a blade hand, and pierced it directly into Ying Mingchao’s dantian.

“Eeeahhh~~~”

Ying Mingchao let out another painful scream. The reason for that was because the dark black gaseous flames that lingered around the Infant Soul Sect’s Sectmaster were currently pouring into Ying Mingchao’s body in a steady stream.

Ying Mingchao’s skin started to turn purple. Black lines also started to appear on his purple skin. Those black lines were like veins as they covered Ying Mingchao’s entire body.

In this sort of situation, Ying Mingchao’s aura started to grow weaker and weaker. Not to mention rank two True Immortal, his current aura was inferior to even an ordinary Martial Ancestor.

The current Ying Mingchao was like a person suffering from an extreme poison. The sight was truly appalling.

“Do you now know why I dared to come kill you all by myself?”

“The reason for that is because of this Incomplete Immortal

Armament, the Dragonscale Dagger,” The Infant Soul Sect’s Sectmaster said as he fiddled with his golden dagger.

“So that’s actually an Incomplete Immortal Armament?”

After hearing what the Infant Soul Sect’s Sectmaster said, Chu Feng finally realized that powerful weapon was not an actual Immortal Armament, but rather an Incomplete Immortal Armament.

However, the weapon in the Infant Soul Sect’s Sectmaster’s hand possessed a very similar aura to Li Yue’er’s pink sword. This meant that Li Yue’er’s weapon was actually also only an Incomplete Immortal Armament, and not an actual Immortal Armament.

This made sense. After all, Immortal Armaments were extremely powerful. Even though True Immortals were powerful, they remained to only be at the beginning of the Immortal realms. As such, they would naturally not be able to handle a true Immortal Armament.

In fact, Chu Feng felt that even though that dagger was only an Incomplete Immortal Armament, that Infant Soul Sect’s Sectmaster was still unable to completely master its control. Instead, he had merely unleashed a portion of its power.

However, even though it was only a portion of its power, it made him invincible in battle and allowed him to easily defeat Ying Mingchao.

From this, it could be seen how powerful Incomplete Immortal Armaments were.

They were weapons that mere Ancestral Armaments could not compare to.

Although it was only an Incomplete Immortal Armament, the disparity between it and Ancestral Armaments was as enormous as the disparity between True Immortals and Martial Ancestors. It was so wide that it was simply uncrossable.

“Let go of Mingchao!!!”

Zi Xunyi shouted anxiously and furiously.

She simply did not care about how the Infant Soul Sect’s Sectmaster managed to defeat Ying Mingchao. All she cared about was Ying Mingchao’s safety.

“Yo, Mingchao here and Mingchao there. That’s quite a close way to call him, no? Seems like you should be Ying Mingchao’s sweetheart, no?”

“You don’t want Ying Mingchao to die? That’s fine. Get on your knees and kowtow to me. Beg me to not kill him and I’ll consider sparing his life,” the Infant Soul Sect’s Sectmaster said.

“You promise?” Zi Xunyi asked.

“Naturally,” The Infant Soul Sect’s Sectmaster said.

“Xunyi, you must not! You cannot trust this animal! Do not kneel to this anim...” Ying Mingchao shouted.

“Eeahhh~~~”

However, before Ying Mingchao could finish his words, the hand that the Infant Soul Sect’s Sectmaster pierced into his dantian started to tremble. Following that, Ying Mingchao sprayed out a mouthful of blood.

That blood was black. Furthermore, it was very gooey, and was even emitting a stink.

After Ying Mingchao vomited out the blood, half of his pitch-black long hair turned white. Even his face aged greatly.

In an instant, his appearance went from that of a middle-aged man to an old man.

“Ying Mingchao, I know that your ego is very big. Truth be told, what our Infant Soul Sect feared the most back then was you.”

“If it wasn’t for the Kong Heavenly Clan and the Zhou Heavenly

Clan's plot to kill you back then, with the momentum that you had, our Infant Soul Sect would've likely already ceased to exist in the Hundred Refinements Ordinary Realm."

"However, things are very different now. The current me is no longer the same as the me from back then. You are no longer a threat to me," the Infant Soul Sect's Sectmaster looked to Ying Mingchao with a beaming smile on his face.

Although he was smiling, his eyes were filled with hatred. It could be seen how much he hated Ying Mingchao.

Chu Feng was able to imagine that Ying Mingchao must've made the Infant Soul Sect's Sectmaster suffer greatly back then. Else, he would not detest Ying Mingchao so much now.

"Release them! If you have the ability, then aim at me!" Ying Mingchao shouted. However, not only was his voice no longer vigorous, but it was instead incomparably weak and hoarse. It was as if a dying old man were speaking.

"Puu~~~"

Right after Ying Mingchao said those words, the hand that had pierced into Ying Mingchao's dantian trembled once more. Then, Ying Mingchao once again vomited a mouthful of blood.

At this moment, Ying Mingchao aged enormously once again. His hair had turned fully white. Wrinkles covered his face. His flesh was gone, and his skin started to cling tightly to his bones.

The current Ying Mingchao simply no longer resembled a vigorous and heroic hero. Instead, he had become someone with one foot in the grave.

"You are unable to even take care of yourself right now," the Infant Soul Sect's Sectmaster mocked. Then, he looked to Zi Xunyi, "His life is in your hands right now. You decide what you want to do."

"I'll kneel, I'll kneel. Please stop torturing him," Zi Xunyi's face

was already covered with tears. As she spoke, she lowered her knees. She was truly planning to kneel.

“Paa~~~”

However, right at this moment, a hand held onto Zi Xunyi’s arm and turned her around.

It was Chu Feng. Not only was Chu Feng currently standing beside Zi Xunyi, but he was also holding onto the Evil God Sword tightly.

“Senior Zi, even if you are to kneel to someone like him, he will definitely not spare Senior Ying.”

“In fact, he simply never planned to spare any of us.”

“There is only one way to save Senior Ying from his hands,” Chu Feng said to Zi Xunyi.

“And what might that be?” the Infant Soul Sect’s Sectmaster asked with a beaming smile.

Hearing those words, Chu Feng turned his murderous-looking gaze toward the Infant Soul Sect’s Sectmaster.

With an incomparably cold tone, he said, “By killing you!!!”

# Chapter 2621 - Overflowing Demoniac Aura

---

“Killing me? What makes you think you can kill me?”

“Could it be that you think the Incomplete Imperial Armament in your hand will be able to kill me?”

“Oh, my mistake, that’s not an Incomplete Imperial Armament that you’re holding. Rather, that’s a Demon Armament. I’ve heard that it’s quite powerful too. Wasn’t it said that it could kill True Immortals?”

“However, I’ve also heard that you will suffer from a backlash from your Demon Armament after using it. Furthermore, it seems that backlash is quite intense too,” The Infant Soul Sect’s Sectmaster said to Chu Feng mockingly.

Even though Chu Feng had unleashed his Evil God Sword, the Infant Soul Sect’s Sectmaster was still looking at Chu Feng with the same sort of expression that he was looking at Ying Mingchao with earlier -- an expression of disdain.

He had simply never placed Chu Feng’s Evil God Sword in his eyes at all.

“You will soon know what sort of power it possesses,” Chu Feng said coldly.

“It would appear that you are determined to fight against me?”

“Chu Feng, don’t say that I haven’t warned you. Even if you are to use your Evil God Sword, you will still simply not be a match for me.”

“The reason for that is because the Dragonscale Dagger in my hand is an actual Incomplete Immortal Armament!!!”

As the Infant Soul Sect’s Sectmaster spoke, he raised the Incomplete Immortal Armament in his hand. A golden ray shot into the sky. Upon reaching the sky, that golden ray started to

spread. In the blink of an eye, it fused with the black gaseous flames.

The golden radiance and the black gaseous flames were reflecting upon one another. As they covered the sky, it was as if light had fused with darkness. It gave off a peculiarly shocking sensation.

Most importantly, the enormous power of that Incomplete Immortal Armament was fully revealed.

Not only was the appearance of the sky changed, but one could feel the might of the Incomplete Immortal Armament from several miles away.

The allied army that was in the center of the Incomplete Immortal Armament's might was pushed back repeatedly. Even Zi Xunyi was unable to withstand it.

That said, it was fortunate that Zi Xunyi was here. Otherwise, Chu Feng and the others would've already been completely destroyed by that oppressive might.

Sure enough, that was a weapon that Ancestral Armaments could not compare against. Even rank two True Immortals were unable to contend against it.

"No matter how strong a Demon might be, it is still powerless before an Immortal. For your Demon Armament to encounter my Dragonscale Dagger, it is like a rain dragon encountering an true dragon. The only possible end will be for it to be suppressed," The Infant Soul Sect's Sectmaster spoke proudly.

"Is that so?"

Right at this moment, Chu Feng tightened his grasp on his Evil God Sword. Then, his power started to flow into the Evil God Sword.

The next moment, the Evil God Sword that originally appeared to be extremely ordinary started to emit crimson gaseous flames. Wave upon wave, the flames twisted about the sword.

“Rumble~~~”

Immediately afterward, with the sky above Chu Feng’s head as the center, crimson clouds appeared in the sky covered by the dark black gaseous flames and the golden radiance.

The crimson clouds were surging violently. In the blink of an eye, they completely swallowed the dark black gaseous flames and the golden radiance.

At this moment, the only thing present in the sky were the crimson clouds.

The crimson clouds surged about in a very imposing and domineering manner. It was as if they were telling everyone that this was its domain.

The crimson clouds were overflowing with demonic aura. Before this demonic aura, the heinous air emitted by the dark black gaseous flames that covered the sky earlier were simply unable to compare.

At this moment, not to mention the Infant Soul Sect’s Sectmaster, even the people behind Chu Feng turned pale with fear.

The reason for that was because Chu Feng’s body was currently completely covered by crimson gaseous flames. Chu Feng was also emitting boundless amounts of demonic aura from his body.

That demonic aura was simply too frightening. It was simply the most frightening aura that all these people had ever felt.

Even though Chu Feng was not targeting them, they felt their blood run cold and felt fear from the bottoms of their hearts.

In fact, even the previous complacent Infant Soul Sect’s Sectmaster revealed a frown on his face after seeing the sky covered by the crimson clouds.

When he looked to Chu Feng’s Evil God Sword again, there was

no longer the disdain he revealed earlier in his eyes. Instead, a restraining fear had emerged in his eyes.

“Quite an imposing aura. Merely, I wonder if it is true ability, or a bluff,” The Infant Soul Sect’s Sectmaster said.

“You will soon know whether it is a bluff or not,” Chu Feng said indifferently. After he finished saying those words, Chu Feng’s eyes suddenly turned sharp.

He suddenly pointed his Evil God Sword at the Infant Soul Sect’s Sectmaster. Then, from the crimson clouds in the sky, several hundred clusters of crimson gaseous flames were shot down.

Those crimson gaseous flames were very peculiar. They were like vines. They were connected to the crimson clouds, but were also extending rapidly. With an unimaginable speed, they pierced toward the Infant Soul Sect’s Sectmaster.

The Infant Soul Sect’s Sectmaster had originally thought that Chu Feng’s attack would strike toward him directly from the Evil God Sword when Chu Feng pointed it at him.

As such, he never anticipated for the crimson clouds to contain the Evil God Sword’s power. Moreover, he never expected that Chu Feng would be able to control that power to unleash such a fierce attack.

Being caught off-guard, he immediately slashed with his Dragonscale Dagger and sent forth many golden blade rays to slice apart the crimson gaseous flames. However, even with that being the case, he was still pierced by a crimson gaseous flame.

That crimson gaseous flame pierced into the arm that he was grabbing Ying Mingchao with. Then, a ‘rip’ was heard as gaseous flames emerged from his arm.

“Ahhh!!!”

At the same time that happened, the Infant Soul Sect’s Sectmaster let out a painful scream.

Half of his arm had already been sliced off by the crimson gaseous flames. To be exact, it was not sliced off, but rather burned off.

After the arm was burned, the crimson gaseous flames actually wound around Ying Mingchao and tossed him toward Chu Feng and the others.

That said, even though they were both covered by the crimson gaseous flames, the Infant Soul Sect's Sectmaster ended up having his arm burned off, whereas Ying Mingchao was completely unharmed.

“Exactly what the hell is this?!”

At this moment, the Infant Soul Sect's Sectmaster was still grimacing in pain. When he looked to the location of his burned arm, he started to panic even more.

At this moment, crimson gaseous flames were still present on his arm. Although the speed was very slow, they were still burning away at his arm.

The Infant Soul Sect's Sectmaster tried to use the black gaseous flames from his demonic technique to try to extinguish the crimson gaseous flames to relieve his pain, heal his injuries and regrow his arm.

However, even though he possessed an extremely vast amount of dark black gaseous flames in his body, so much that it was like the vast sea against a little stream when compared to the crimson gaseous flames burning away at his arm, when his dark black gaseous flames moved toward the crimson gaseous flames, they not only failed to extinguish it, but they instead increased its size and intensity.

The dark black gaseous flames emitted by the Infant Soul Sect's Sectmaster were actually devoured by the crimson gaseous flames.

Not only had the crimson gaseous flames devoured the dark black

gaseous flames, but they also transformed its power to its own.

The strangeness of the crimson gaseous flames had completely surpassed the anticipation of the Infant Soul Sect's Sectmaster.

“Damn it!”

The Infant Soul Sect's Sectmaster raised the Dragonscale Dagger in his hand and hacked it down upon his burning arm.

He had directly sliced off the portion of his arm that was affected by the crimson gaseous flames.

This was the only option he had. Otherwise... if the crimson gaseous flames were to continue spreading, they would sooner or later cover his entire body. At that time, he might be killed.

After he sliced off his arm, he was now able to heal his injury. In the blink of an eye, he reformed his arm.

Merely, at this moment, there was no longer only restraining fear in his eyes when he looked to Chu Feng's Evil God Sword. Instead, there was deep fear.

## Chapter 2622 - Unable To Contend Against

---

“Exactly where did you obtain that Demon Armament of yours?” The Infant Soul Sect’s Sectmaster asked.

However, Chu Feng completely ignored the Infant Soul Sect’s Sectmaster. Instead, he turned to Zi Xunyi, who had caught Ying Mingchao, “Senior, bring them away from here.”

“No, we cannot leave you here alone,” Before Zi Xunyi could answer, Zhao Hong voiced her disagreement.

“Listen to me, get away from here!”

Chu Feng shouted. His tone actually contained intense amount of anger.

Once his words were said, the expressions of the crowd from the allied army all changed.

The reason for that was because not only did they feel anger from Chu Feng’s tone, but they even felt killing intent when Chu Feng said those words.

That killing intent was ice-cold. It did not appear to be there merely to scare them. It was as if... Chu Feng would really end up killing them.

“Everyone, we will not be able to help little friend Chu Feng by staying here. Only by leaving will we be able to help him. Let’s get away from here.”

Right at this moment, Kong Shunlian spoke to urge the crowd to leave. Following him, Kong Yuehua and the guardian clan’s clan chief also began to urge the crowd to leave.

They were people that had experienced the might of Chu Feng’s Evil God Sword. Thus, they knew that Chu Feng would suffer a backlash from using the Evil God Sword.

In the end, Chu Feng would not be able to control himself, and

would be devoured by the Demon Armament.

If they did not leave now, then they... would soon not only be people that Chu Feng would have to protect, but they would also... become people that Chu Feng would slaughter.

“Leave now!!!” Chu Feng shouted.

At that moment, the crimson clouds in the sky surged about even more violently. In fact, it was no longer as simple as only surging about.

The reason for that was because strange sounds were being emitted by the crimson clouds as they surged about. Those sounds were too strange, so strange that the crowd trembled with fear upon hearing them.

“Let’s go.”

Seeing the situation at hand, Zi Xunyi no longer hesitated. She led the crowd and left.

The Infant Soul Sect’s Sectmaster did not stop them. At that moment, he was staring at Chu Feng.

“Hey! I am asking you a question here!” The Infant Soul Sect’s Sectmaster called for Chu Feng.

“You wish to talk with me? I’m sorry, but I have no time to bother with your rubbish. Right now... there is only one thing that I wish to do.”

“As for that, it is to make you suffer a miserable death,” Chu Feng said to the Infant Soul Sect’s Sectmaster.

When Chu Feng said those words, his eyes turned blood-red. It was as if they were simply no longer his eyes at all.

Furthermore, an extremely wicked smile emerged on Chu Feng’s face.

The current Chu Feng was filled with a heinous air, filled with a demonic aura. Even though he had the same appearance as before,

the crimson gaseous flames that covered him were rising nonstop.

At a glance, he no longer resembled a human. Rather, he resembled an actual... demon!!!

“Don’t you try to scare me. I have trained in the Infant Soul Demonic Technique for this long, and refined countless infants. You are simply seeking your own disgrace by pretending to be a demon before me!!!”

“I shall have you know exactly what an actual demon is!!!”

After the Infant Soul Sect’s Sectmaster finished saying those words, dark black gaseous flames exploded out from his body. The dark black gaseous flames no longer entered the sky. Instead, they began to revolve around him, taking his image.

Although the body of the Infant Soul Sect’s Sectmaster remained unchanged, the dark black gaseous flames were simply too overwhelming. As such, the image that they formed was simply enormous. It was like a black flame giant.

Most importantly, it was not only enormous, but the black gaseous flames were also emitting extremely sinister and horrifying infant cries. They were like the roars of ghosts that had died unjustly and sought revenge.

A heinous air. Boundless amount of heinous air filled the entire surrounding region.

If it were someone else, they would most definitely be scared witless upon seeing such an Infant Soul Sect’s Sectmaster.

However, Chu Feng’s expression remained unchanged. Moreover, the smile he had on his face became more and more mocking.

“You dare look down on me?! I will have you know how powerful I am right now!”

The Infant Soul Sect’s Sectmaster grew incomparably furious.

The Dragonscale Dagger in his hand started to shine brightly with golden light.

As he waved his arm unceasingly, countless golden blade rays were shot forth. Like a golden torrential rain, they flew toward Chu Feng.

However, faced with such an attack by the Infant Soul Sect's Sectmaster, Chu Feng did not even bother to move. In fact, he did not even bother to move the Evil God Sword in his hand.

“Woosh, woosh, woosh~~~”

Although Chu Feng did not move, countless clusters of crimson gaseous flame flew down from the crimson clouds in the sky above. Like a wall, they appeared before Chu Feng.

“Rumble~~~”

The next moment, the golden blade rays started to bombard the crimson gaseous flames.

However, when the golden blade rays finished bombarding the crimson gaseous flames, the Infant Soul Sect's Sectmaster was shocked to discover that not a single one of the many vine-like crimson gaseous flames that had emerged from the sky were damaged by the golden blade rays.

“How could this be?!” At that moment, the Infant Soul Sect's Sectmaster grew extremely panicked.

Earlier, when the crimson gaseous flames were attacking him, he was able to easily slice them apart with the golden blade rays sent forth by the Dragonscale Dagger.

However, even though he had clearly increased the power of the golden blade rays just now, he was actually unable to cause any damage to the crimson gaseous flames.

There could only be one possible explanation for this -- the crimson gaseous flames had become more powerful, so powerful

that he could not contend against them.

“You’re a demon?” Right at that moment, Chu Feng spoke.

“You are nothing more than an animal completely devoid of conscience who only knows about bullying the small and weak.”

“Demon, how could someone like you possibly qualify for the title of demon?”

After Chu Feng finished saying those words, crimson gaseous flames began to descend from everywhere the crimson clouds covered the sky.

At a glance, there were millions and millions of vine-like crimson gaseous flames shooting straight down from the crimson clouds.

It was an extremely frightening sight.

That said, a sight like that was also extremely spectacular.

However, that sight was akin to a nightmare to the Infant Soul Sect’s Sectmaster. Seeing it, he became extremely frightened.

The current him was unable to even cut apart a single crimson stretch of gaseous flames. As such, facing millions and millions of crimson gaseous flames, he had no idea what to do.

“God damn it!”

The Infant Soul Sect’s Sectmaster was no longer as egotistical and arrogant as he was before. He was so scared that his face turned pale and his body started shivering.

Suddenly, his body shifted, and he disappeared.

He had escaped. He knew that he was no match for Chu Feng. Thus, he chose to escape.

Afraid that Chu Feng would capture him, he deliberately used special methods to conceal himself.

However, Chu Feng did not panic at all upon seeing the escape attempt. In fact, he had the same mocking smile on his face the

entire time.

Mockery, it was truly mockery.

It was as if a fierce tiger was mocking a mouse before killing it.

The mouse has already entered the tiger's killing range, yet it was still attempting to escape. Oh how ridiculous that was.

“Eeahhh!!!”

As expected, the Infant Soul Sect's Sectmaster's miserable scream soon sounded from the distance.

There was a stretch of crimson gaseous flames at the location where the scream had sounded. Merely, that stretch of crimson gaseous flames was different from the others. It was coiling around something.

As for that something, it was the Infant Soul Sect's Sectmaster.

Following that miserable scream, the Infant Soul Sect's Sectmaster soon appeared.

The current Infant Soul Sect's Sectmaster was in a very sorry state.

This time around, his entire body was covered by the crimson gaseous flames. The crimson gaseous flames were current burning away at his body.

Thus, his screams were over a hundred times more miserable than the time when his arm was being burned away.

It was truly a pain so miserable that he wished he was dead.

## Chapter 2623 - Fleeing In Defeat

---

“Chu Feng, don’t kill me! I beg of you, please don’t kill me, please don’t kill me!!!”

The Infant Soul Sect’s Sectmaster actually began to beg Chu Feng for forgiveness.

“You don’t want to die?”

“Very well, get down on your knees, kowtow and beg me,” Chu Feng said to the Infant Soul Sect’s Sectmaster.

He made the same demand as the one the Infant Soul Sect’s Sectmaster made to Zi Xunyi earlier.

As Chu Feng made that demand, the crimson gaseous flames that had surrounded the Infant Soul Sect’s Sectmaster released him.

The intention of this action was very obvious. Chu Feng wanted the Infant Soul Sect’s Sectmaster to kneel before him and beg for forgiveness.

“Chu Feng, please spare me, please spare me. As long as you spare my life, I will agree to do whatever you want me to do.”

The Infant Soul Sect’s Sectmaster kneeled in midair without the slightest hesitation. He began to kowtow and beg Chu Feng for forgiveness repeatedly.

His actions could be said to be very natural and unforced. There was not the slightest bit of hesitation at all.

However, Chu Feng had already anticipated such a thing.

Chu Feng had long since known that the great majority of the evildoers were people that would bully the weak but fear the strong. Before the weak, they would act like unyielding tough guys. However, when before the strong, their true, cowardly natures would be fully revealed.

Of course, there were most definitely unyielding and strong-

willed evildoers. Merely, their numbers were relatively small.

That said, this was also understandable. After all, being craven and cowardly was human nature.

Not to mention the evildoers, even the great majority of benevolent individuals were afraid of death.

In other words, what was rare were those that were not afraid of death.

“Chu Feng, please spare me. I am willing to do whatever you want me to do.”

Seeing that Chu Feng did not have any response, the Infant Soul Sect’s Sectmaster grew even more earnest in his begging. Even though he was clearly in the sky, resounding slamming noises could be heard every time he kowtowed to Chu Feng. His forehead even became bloody.

From this, it could be seen how earnestly he was in his begging for forgiveness.

“Did you ever think that you would see such a day when you killed those infants?” Chu Feng asked the Infant Soul Sect’s Sectmaster.

“You... what do you mean by that?” The Infant Soul Sect’s Sectmaster pulled his pupils back. He noticed that the situation was amiss.

“I am going to have you pay the price,” After Chu Feng finished saying those words, several stretches of crimson gaseous flames flew over. They tightly surrounded the Infant Soul Sect’s Sectmaster.

“I have already begged you for forgiveness, why are you still planning to kill me?!”

“Ahhh~~~~, bastard, let me go!!!”

“Chu Feng, you are going back on your promise!!!”

The Infant Soul Sect's Sectmaster screamed as he questioned Chu Feng's action.

"You're mistaken. I, Chu Feng, have always been one to keep my promises. Earlier, I said that I would have you die a miserable death."

"Thus, I will definitely make you suffer a miserable death."

"Nothing that I said after that was valid at all," Chu Feng said mockingly.

"You!!!"

The Infant Soul Sect's Sectmaster started to gnash his teeth furiously. However, he was powerless to do anything.

The reason for that was because he discovered that the disparity between his power and the Evil God Sword was simply too enormous. They were simply not on the same level at all.

He was filled with regret. By the time he discovered this, it was already too late.

"Save me! Save me!!!"

Suddenly, the Infant Soul Sect's Sectmaster started to shout.

Hearing those shouts, Chu Feng's expression changed. He discovered that the Infant Soul Sect's Sectmaster's cry for help was not aimed at him. Instead, it was meant for someone else.

There was someone behind the Infant Soul Sect's Sectmaster?

"Who are you talking to?" Chu Feng asked coldly.

However, the Infant Soul Sect's Sectmaster did not answer Chu Feng. Instead, he continued to cry 'save me.'

"If you do not tell me, I will make you suffer so much that you'll wish you're dead," Chu Feng spoke coldly.

After Chu Feng said those words, the Infant Soul Sect's Sectmaster began to sustain even greater sufferings.

The crimson gaseous flames that surrounded the Infant Soul Sect's Sectmaster started to flicker with a dark black radiance. Even its aura became increasingly strange.

The torture that the Infant Soul Sect's Sectmaster was bearing at that moment was most definitely not as simple as just being burned.

“Speak!!!” Chu Feng shouted.

However, to Chu Feng's surprise, even though the Infant Soul Sect's Sectmaster was in so much pain that he wished he was dead, he still refused to answer Chu Feng's question.

“Boy, you will not be able to obtain the answer from him. Let this Evil God help you.”

Right at that moment, a voice sounded by Chu Feng's ear. It was the Evil God Sword's voice.

When the Evil God Sword's voice was heard, Chu Feng felt that his body as well as his consciousness were being attacked.

It was an extremely intense attack from the Evil God Sword. The Evil God Sword was trying to invade his body and forcibly seize it.

“Damn it, at such a time!”

At that moment, Chu Feng looked to the Infant Soul Sect's Sectmaster with a gaze filled with irreconciliation.

He wanted to kill the Infant Soul Sect's Sectmaster. However, at that moment... he was unable to do so.

The reason for that was because he could not continue to utilize the power of the Evil God Sword. If he were to continue to utilize the power of the Evil God Sword, he would have his body seized by the Evil God Sword once again.

Chu Feng had no idea whether he would be as fortunate as he was last time if his body was seized again.

Thinking about that, Chu Feng wanted to put his Evil God Sword

away. However, he was shocked to discover that the Evil God Sword seemed to be stuck to his hand. Even though he wanted to put it away, he was unable to do so.

It was not only the hand that he held the Evil God Sword with. At that moment, Chu Feng felt as if his entire body was no longer under his control.

“Boy, even your body has grown fond of this Evil God’s powers.”

“Even your body is unwilling to break away from this Evil God. You want to break away from this Evil God, are you really capable of doing that?” The Evil God Sword’s mocking voice sounded in Chu Feng’s ears.

“My apologies, I am the one to decide upon my own body,” After Chu Feng finished saying those words, he gathered up his spirit and cast it upon the hand that he was holding the Evil God Sword with. Chu Feng needed to immediately release the Evil God Sword. Else... he would be in danger.

When Chu Feng began to battle against the Evil God Sword, the crimson clouds that filled the sky started to gradually dissipate.

Naturally, as the crimson clouds in the sky started to dissipate, the crimson gaseous flames that surrounded the Infant Soul Sect’s Sectmaster also started to dissipate.

Although the Infant Soul Sect’s Sectmaster had regained his liberty after the crimson gaseous flames dissipated, not only were his clothes all burned away, but he was completely changed beyond recognition.

He was still screaming in pain. It was only after a while that he realized that he had managed to escape from the crimson flames.

Upon discovering that he had broken free, the first thing the Infant Soul Sect’s Sectmaster did was turn his gaze toward Chu Feng.

The Infant Soul Sect’s Sectmaster was unable to hear the

conversation between Chu Feng and the Evil God Sword. He was only able to see that Chu Feng was tightly holding onto the Evil God Sword. As for the hand that he was holding the Evil God Sword with, it was trembling violently.

“Is he receiving the backlash?”

The Infant Soul Sect’s Sectmaster felt that to be what had happened. The reason for that was because Chu Feng’s eyes were tightly closed. He was not looking at him. The crimson gaseous flames that surrounded Chu Feng was also extremely unstable.

This Infant Soul Sect’s Sectmaster was, after all, an old monster that had lived for thousands of years. He was able to tell with a single glance that Chu Feng was resisting the power of the Evil God Sword.

“Truly, the Heavens are helping me!”

Seeing that an opportunity had arrived, the Infant Soul Sect’s Sectmaster resisted the pain with great difficulty and tightly held the Dragonscale Dagger in his hand.

He planned to seize this opportunity to kill Chu Feng.

However, right after that thought came to his mind, the Infant Soul Sect’s Sectmaster suddenly ceased all movement.

Intense fear appeared in his eyes as he looked at Chu Feng.

That’s right. He was afraid. He did not dare to attack Chu Feng again.

He feared that he would not be a match for Chu Feng. If Chu Feng were to attack him again, he would most definitely die.

“Woosh~~~”

After a series of mental struggles, the Infant Soul Sect’s Sectmaster did not attack Chu Feng. Instead, he turned around and started flying toward the direction of Chen Heavenly City.

He had actually fled.

# Chapter 2624 - Astonishingly Beautiful

---

Chu Feng did not know that the Infant Soul Sect's Sectmaster had fled. At that moment, all of Chu Feng's focus was on fighting against the Evil God Sword.

He discovered that the power of the Evil God Sword had grown stronger and stronger. Even though he had clearly only used the Evil God Sword for a very short period of time at that moment, the power of the Evil God Sword was very fierce, and much stronger than before.

It was so strong that Chu Feng found it very difficult to break free from it.

“Wuu~~~”

Suddenly, Chu Feng felt an acute pain from his right arm that he held the Evil God Sword with.

The next moment, the attack the Evil God Sword was unleashing against him also started to decline.

Chu Feng's consciousness began to return. When he opened his eyes, he discovered a beautiful woman standing before him.

It was a young girl with a petite build. However, her proportions were superb.

As for that young woman's face, it was awfully beautiful. Her large eyes were extremely enchanting.

Merely, she gave off an ice-cold air. That ice-coldness she emitted was not a disguise. Rather, it originated from deep within her.

Fortunately, she was wearing a long yellow skirt. Although that skirt was not very dazzling, it gave her a sort of brightness that complemented her coldness, making her seem less cold and detached.

Coincidentally, right when Chu Feng cast his gaze toward the

young girl, a burst of wind just so happened to blow past. It lifted up the girl's long skirt and revealed her fair and beautiful legs.

With those legs, the beauty of the young girl was immediately increased to the extreme.

Beautiful. She was most definitely a rarely seen beauty.

Chu Feng had been in the Hundred Refinements Ordinary Realm for some time now. He had also seen many beauties.

However, this beauty was definitely the most stunning beauty Chu Feng had ever laid his eyes on.

That said, Chu Feng actually knew that beauty. Merely, Chu Feng was still astonished upon seeing her. He was deeply charmed by her beauty.

The reason for that was because that young girl was Li Yue'er.

Li Yue'er who had always dressed up in male outfits was actually wearing a typical female outfit. In a female outfit, she was truly stunning.

Even someone like Chu Feng who had seen countless beauties before was deeply attracted by her beauty.

Perhaps it was because Chu Feng had accidentally touched that area when Li Yue'er was wearing a male outfit, but Chu Feng started to involuntarily cast his gaze toward that area.

At that moment, he discovered that her development in that area was truly quite ample. It was no wonder that the sensation felt that good.

As Chu Feng began to survey Li Yue'er up and down with his gaze, Li Yue'er's face turned red like an apple. Then, she glared fiercely at Chu Feng and said, "Continue looking, if you are to continue looking, you're going to bleed to death."

"Eh?" Chu Feng only realized the pain in his right arm after hearing what Li Yue'er said. He looked over and discovered that

his right arm had actually been severed. His severed arm was on the ground.

However, even with that being the case, that severed arm was still tightly holding onto the Evil God Sword.

“Why are you so fierce after all this time? We have only just met, yet you’ve already decided to chop off my hand again?” Chu Feng said.

“If I didn’t chop of your arm, would you be able to break free from that Demon Armament?” Li Yue’er asked.

“Hehe, I knew that you were doing it for my sake. Thanks girl,” Chu Feng laughed mischievously.

How could he not know that Li Yue’er had hacked off his arm for his sake?

Earlier, Chu Feng’s entire body was not under his control. If it wasn’t for Li Yue’er severing his arm, he might really not have been able to break free from the Evil God Sword’s evil clutches.

As Chu Feng expressed his thanks, he extended his hand toward his severed arm on the ground. Even though he was over ten thousand meters in the air, his severed arm was instantly sucked into his grasp.

After the severed arm entered his hand, Chu Feng removed the Evil God Sword from it. Then, he placed his severed arm onto his severed wound.

With merely a thought, his spirit power surged forth. Not only did he manage to suture his arm without a single scar, but even his severed clothes were restored with his arm.

“You’re still planning to keep that sword?” Seeing that Chu Feng had put the Evil God Sword away, Li Yue’er narrowed her eyebrows slightly.

“Although it is a bit dangerous, it remains to be a method to save

myself. For example, it saved me this time around,” Chu Feng said with a smile.

“Is it really only a bit dangerous?”

Li Yue’er started to frown. She had witnessed the scene earlier in its entirety.

Even now, she felt lingering fear as she recalled the crimson clouds that had covered the sky and the demonic aura that had enveloped the earth.

That was truly a power capable of utter devastation.

“You should find a place to seal that sword. That sword is too strange. It is most definitely not an ordinary Demon Armament,” Li Yue’er said.

Chu Feng’s heart moved upon hearing what Li Yue’er said. Li Yue’er should possess an extraordinary origin. She knew much more than the people from the Hundred Refinements Ordinary Realm.

When even she gave the Evil God Sword such an evaluation, it verified to Chu Feng that the Evil God Sword was extremely remarkable.

That was understandable too. After all, the Evil God Sword was a weapon that not even his father could see through.

“I know what to do,” Chu Feng said with a smile.

Even though he knew that the Evil God Sword was very dangerous, he still decided to continue to carry it with him.

“Do as you wish,” Seeing that Chu Feng was insistent on keeping the Evil God Sword, Li Yue’er no longer tried to urge him against it.

However, she still cast a glance at Chu Feng. It was a cold and detached glance. It was as if she was stating to him ‘your life and death is none of my concern.’

“Why would you appear here? You couldn’t possibly have been worried about me, right?” Chu Feng said with a beaming smile.

After hearing what Chu Feng said, Li Yue’er cast a cold side-eye at Chu Feng. She said, “I have come to enjoy the liveliness. It is pure coincidence that I ran into you all.”

“That’s what I expected,” Chu Feng was not surprised by that answer. How could someone with Li Yue’er’s personality go out of her way to deliberately come find him?

Moreover, Li Yue’er should not know that he was there.

“I am leaving. I figured I might as well bid you farewell before leaving,” Li Yue’er said.

What Li Yue’er said next completely shifted the topic around. She originally said that she did not come to deliberately find Chu Feng.

However, what she now said was clearly indicating that she actually had deliberately come to find Chu Feng.

At that moment, Chu Feng sighed. That girl Li Yue’er was truly amusing.

However, Chu Feng was also feeling a bit glad. This ice-cold and detached girl had decided to deliberately made the trip to bid him farewell. This meant that she must consider him to be her friend.

“Where are you going? Are you returning home?” Chu Feng asked. He had long since known that Li Yue’er was definitely not someone from the Hundred Refinements Ordinary Realm. A girl as talented as her was most definitely from the Upper Realms.

“No, I’m not returning home. Merely, I’ll be changing my training place,” Li Yue’er said.

“Where to?” Chu Feng asked.

“The Great Chiliocosm Upper Realm,” Li Yue’er said.

“In that case, we might meet again in the future,” Chu Feng said

with a slight smile.

“Although this place is under the control of the Great Chiliocosm Upper Realm and the teleportation formations here also lead to the Great Chiliocosm Upper Realm, if you do not wish to go to the Great Chiliocosm Upper Realm, I can help bring you to the Upper Realm that you want to go to,” Li Yue’er said.

“You truly have a lot of abilities. However, there’s no need for that. After all, the place that I want to go the most is the Great Chiliocosm Upper Realm,” Chu Feng said.

“Wuu~~~”

Right at that moment, Chu Feng suddenly frowned. His previously smiling face was immediately replaced with an expression of pain.

In an instant, Chu Feng’s face turned paper pale. He was also clenching his fists tightly.

Upon closer inspection, Li Yue’er could see that Chu Feng’s entire body was shaking. He was trembling in pain.

“What’s wrong?” Li Yue’er immediately lent an arm to support Chu Feng.

“It’s the Demon Armament’s backlash,” Chu Feng said with great difficulty.

# Chapter 2625 - The Culprit From Behind The Shadows

---

“Backlash?”

After hearing that, Li Yue’er took out a golden medicinal pellet and handed it to Chu Feng, “Quickly, swallow that.”

“It’s useless,” Chu Feng shook his head.

“I said swallow it, so swallow it,” Li Yue’er forcibly shoved the medicinal pellet into Chu Feng’s mouth.

Then, she brought Chu Feng and started flying into the distance.

Chu Feng was surprised to discover that the medicinal pellet actually started to refine itself once it entered his mouth. It turned into strands of energy that assimilated with the various areas of his body.

At that moment, a warm current filled Chu Feng’s entire body. As the warm current moved through his body, Chu Feng’s unbearable pain actually really managed to improve greatly.

As that medicinal pellet possessed miraculous effects, Chu Feng knew that medicinal pellet was most definitely of considerable value. Else, it would be impossible for it to be able to curb the Evil God Sword’s backlash.

Once again, he owed Li Yue’er another favor.

“Girl, the speed at which your cultivation increases is truly fast,” At that moment, Chu Feng had noticed that Li Yue’er was traveling extremely fast even while bringing him along.

Li Yue’er’s cultivation was no longer that of a peak Martial Ancestor. She had already reached a breakthrough. Currently, she was a rank one True Immortal.

“Peak Martial Ancestor is not some sort of difficult mountain

pass. With your cultivation, you will, sooner or later, also reach a breakthrough,” Li Yue’er said.

However, after she finished saying those words, she discovered that Chu Feng did not answer her. Thus, she took a glance at Chu Feng.

It was only then that she discovered that Chu Feng was currently sweating immensely. His entire face was twisted. He seemed to be in even more pain than before.

“That medicinal pellet of mine should be especially effective against backlashes. Could it be that it’s ineffective?” Li Yue’er asked.

However, Chu Feng was in so much pain that he was nearly about to lose consciousness. The pain he was suffering was many times stronger than before Li Yue’er fed him the medicinal pellet.

That sort of pain was not something imaginable. It was as if his soul was being torn away by someone nonstop. Then, after it was completely torn apart, his soul would be reformed only to be torn apart again.

It was his soul, and not his body.

To a person of Chu Feng’s cultivation, physical pain was nothing serious. Only pain to one’s soul could be fatal.

If their physical body was destroyed, it could be reformed. However, if their soul was destroyed, there would be no cure, and they would truly die.

The pain that Chu Feng was suffering from at that moment was pain that originated from his soul.

Furthermore, the backlash this time was simply too powerful. Soon, Chu Feng’s consciousness grew completely fuzzy. Then, he lost consciousness.

.....

At the Southwestern region of Chen Heavenly City was an ancient mountain range. The peak of that mountain range reached above the clouds. It was an extremely cold region covered in snow all year round.

Inside a cave within this extremely cold region was the Infant Soul Sect's Sectmaster. He was hiding there.

Even though that place was extremely ice-cold, his body was emitting steam.

Not only did the steam completely melt away the snow inside the cave, but it even melted away the snow covering the mountain peak.

After the Evil God Sword's power disappeared, the crimson gaseous flames that bound him also disappeared.

However, many crimson scars were left behind on his body. Not only were those scars emitting steam, but they were also inflicting him with unbearable pain.

Most importantly, he was unable to cure or heal those scars.

"Save me, Milord, I beg of you, please save me. I am soon to be unable to endure this anymore."

Resisting the pain he felt with great difficulty, the Infant Soul Sect's Sectmaster kneeled onto the ground and begged.

However, before him was not a soul in sight.

"Buzz~~~"

Suddenly, a figure appeared before him. That person possessed white hair and gave off an extraordinary air.

That person... was actually the old man with the greatest seniority and strongest strength among the three Chu Heavenly Clansmen who were looking down on what was happening in Chen Heavenly City from above the clouds.

"Useless trash."

“You started to cry for me to help you right before Chu Feng. Did you know... that you’ve already exposed me?”

The old man looked to the Infant Soul Sect’s Sectmaster and spoke coldly. Ice-cold anger filled his eyes.

“Milord, I swear to the heavens that I did not mention your name to that Chu Feng.”

“In this world, apart from this lowly one here, there is no one who knows of your existence.”

“Milord, I beg of you, please save me. I do not want to die. I really don’t want to die.”

The Infant Soul Sect’s Sectmaster was kneeling, kowtowing and begging nonstop.

However, that old man simply ignored him.

“Milord, as long as you save me, I will definitely accomplish what you wanted me to do. If I am to die, no one in the Infant Soul Sect will be able to properly accomplish that task,” The Infant Soul Sect’s Sectmaster continued.

Originally, the old man’s expression remained unchanged from his begging. However, he was immediately moved upon hearing the Infant Soul Sect’s Sectmaster mention the task that he gave him.

After a moment of silence, the old man took out a jade bottle from his Cosmos Sack.

Once he opened the jade bottle, a refreshing aura was immediately emitted from it. The old man gently flicked the jade bottle, and a droplet of water emerged from it. That droplet of water lightly landed on the Infant Soul Sect’s Sectmaster.

“Buzz~~~”

Once the water droplet landed on him, it started to rapidly expand in size. “Splash~~” The water droplet formed an enormous

jade green splash of water that completely covered the Infant Soul Sect's Sectmaster.

The splash of water did not roll down the Infant Soul Sect's Sectmaster's body. Rather, it stuck to his body and started to bubble. It was as if the splash of water was healing him.

However, that splash of water only lasted for an instant before disappearing.

It was as if a splash of water had fallen into a dry desert. Not only was it instantly absorbed, but there was not even the slightest trace of its existence remaining afterwards.

“Mn?”

Seeing this scene, the old man started to frown. Evidently... the Infant Soul Sect's Sectmaster's injury was much more difficult to treat than he had originally anticipated.

Then, the old man flicked ten more droplets of water out of the jade bottle. All of the water droplets landed on the Infant Soul Sect's Sectmaster.

This time around, it took a bit longer for the splashes of water to disappear. However, they still disappeared quickly. They were all engulfed by the Infant Soul Sect's Sectmaster's body.

To be exact, they were all engulfed by the scars on the Infant Soul Sect's Sectmaster's body

With that being the case, the old man had no choice but to continue to increase the amount of water droplets. After using roughly half of the water in the jade bottle, the scars on the Infant Soul Sect's Sectmaster's body were finally healed.

“Milord, thank you for saving me, thank you for saving me!!!”

“I, Hun Poyuan, will forever remember Milord for saving my life.”

After his injuries were cured, Hun Poyuan looked to his healed

body and was completely overjoyed. He began to kowtow to the old man nonstop.

As he was suffering from his injuries earlier, he knew very well how frightening his injuries were. They were injuries that he was unable to remove. Those scars were capable of burning away his soul. If it wasn't for that old man saving him, he knew that he might not even be able to live to the end of the day.

However, faced with the Infant Soul Sect's Sectmaster's thankfulness, that old man did not even bother to take a single glance at him. He merely looked to the jade bottle in his hand. A distressed expression filled his eyes.

"If you are to mess up this matter, I will definitely make you suffer pain a hundredfold, a thousandfold, that of what you've suffered here today. Then, I will take away your life." The old man from the Chu Heavenly Clan said coldly.

"Milord, please rest assured. I will definitely not let down the trust Milord had placed upon me. I will definitely handle things properly," The Infant Soul Sect's Sectmaster guaranteed.

"Don't speak it so quickly. That Chu Feng is still alive," The old man said.

"He's still alive?" Hearing those words, the expression of the Infant Soul Sect's Sectmaster changed. A deep restraining fear emerged in his eyes.

"Milord, that Chu Feng's Demon Armament is simply too strange. This lowly one is not a match for him. Milord, could you..." When he reached this point, the Infant Soul Sect's Sectmaster started to hesitate. However, he still clenched his teeth and said, "Milord, can you help this lowly one eliminate that Chu Feng?"

"That Chu Feng has killed someone from our Chu Heavenly Clan. If I could act, how could he have lived till today?"

“But, what sort of status do we possess? How could we possibly involve ourselves in matters of the Hundred Refinements Ordinary Realm?”

“If I could kill him directly myself, how could there be a need for a trash like you to help me? This old man would have completely taken care of everything by now,” The old man spoke angrily.

## Chapter 2626 - Disgrace

---

“But, Milord... that Chu Feng feels enormous hatred toward me. In the future, he will definitely find me, and I am no match for him.”

“If he is to find me, this lowly one will not be able to accomplish the mission that Milord has given me,” The Infant Soul Sect’s Sectmaster said.

“Are you threatening me?” The old man narrowed his eyebrows. Immediately, boundless killing intent filled the entire cave.

“No, this lowly one would not dare.” The Infant Soul Sect’s Sectmaster immediately kneeled onto the ground. He did not dare to raise his head again.

“Actually, in the battle at the Kong Heavenly Clan, Chu Feng’s Demon Armament was suppressed by a Demon Armament Suppression Talisman. As long as you obtain that Demon Armament Suppression Talisman, you will be able to curb his Evil God Sword. With his abilities, how could he possibly contend against you then?” That old man said.

“Demon Armament Suppression Talisman? Where is that thing right now?” The Infant Soul Sect’s Sectmaster asked.

“It is in the Zhou Heavenly Clan’s Clan Chief’s possession,” The old man replied.

“That Zhou Heavenly Clan’s Clan Chief has disappeared for a very long time now. Where should I go to find him?” The Infant Soul Sect’s Sectmaster revealed a difficult expression.

“Humph, truly slow-witted. Everything that occurs in the Hundred Refinements Ordinary Realm is in my eyes. While others might not know where that Zhou Heavenly Clan’s Clan Chief might be, how could this old man not know?” That old man said.

“What Milord says is extremely correct. This lowly one was truly

slow-witted,” After hearing those words, the Infant Soul Sect’s Sectmaster revealed a joyous expression.

However, he seemed to immediately recall something else. His expression changed slightly. Then, he asked, “Although this lowly one is slow-witted, I am still able to tell that the Demon Armament Chu Feng possessed is most definitely not an ordinary item. As such, how could the Zhou Heavenly Clan’s Clan Chief possess a treasure capable of curbing that Demon Armament?”

“He would naturally not be able to possess such a treasure. It is something given to him by a grand individual,” The old man said.

“Then, who is it that gave it to him?” The Infant Soul Sect’s Sectmaster asked.

“You are asking too many foolish questions,” After hearing those words, the old man was immediately furious. He shouted, “Since your injuries have been healed, why are you still here? Go and finish the task!”

After he finished saying those words, the old man tossed a stone toward the Infant Soul Sect’s Sectmaster.

Written on the stone was the location where the Zhou Heavenly Clan’s Clan Chief was currently hiding. Upon receiving the stone, the Infant Soul Sect’s Sectmaster respectfully bid his farewell to the old man and then left immediately. He proceeded to the location written on the stone.

He knew very well that he was only able to defeat Ying Mingchao because of that Incomplete Immortal Armament. As for that Incomplete Immortal Armament, it was given to him by the old man.

It was that old man from the Chu Heavenly Clan who had bestowed upon him power surpassing everyone else in the Hundred Refinements Ordinary Realm.

However, he also knew very well that his life was no longer his to

control since the day that old man got in contact with him.

If he wanted to live, then he must do one thing. That is... he must obey every word from that old man.

After the Infant Soul Sect's Sectmaster left, the old man did not immediately leave.

Instead, he looked into the distance and softly muttered, "Ever since Chu Feng entered the Hundred Refinements Ordinary Realm, the Hundred Refinements Ordinary Realm has become completely different. Those that originally did not meddle with things in the Hundred Refinements Ordinary Realm all started to involve themselves because of that Chu Feng."

"But... exactly who is it that gave them the Demon Armament Suppression Talisman? Originally, I thought he was someone with a conflict against Chu Feng, and that he would eliminate Chu Feng. However, he evidently did not do that."

"Chu Feng, oh Chu Feng, exactly what is your origin? Could it be that you really are his descendant?"

Thinking about that, the old man started to tightly clench his fists that were within his sleeves.

Although he was tasked with monitoring the Hundred Refinements Ordinary Realm, there were many things that he possessed no knowledge of.

This was especially true in regards to the many secrets concerning Chu Feng. Even now, he had no answer to them.

That was precisely the reason why he became furious when the Infant Soul Sect's Sectmaster asked about the origin of the Demon Armament Suppression Talisman.

The reason for that was because he did not know who the owner of that Demon Armament Suppression Talisman was. This made him feel a sense of failure.

Even though he should be an existence akin to a god in the Hundred Refinements Ordinary Realm, he was unable to control everything like a god.

The old man let out a soft sigh. However, he still didn't leave. He seemed to be waiting for something.

“Senior.”

After roughly six hours passed, the middle-aged man from the Chu Heavenly Clan flew over from afar. He landed before the old man and bowed respectfully to him.

“You've returned. How is Chu Feng?” That old man asked.

“Senior, Chu Feng has been taken away by that young woman called Li Yue'er. Although he has suffered from the pain brought forth by his backlash, there should be no danger to his life.”

“As for that Li Yue'er, she should be previously known as Young Master Li Ming. I truly never expected... that she actually hid herself this well.”

“However, Chu Feng clearly knew that Young Master Li Ming was actually a female. I wonder... did he come to know it when he was at Mount Cloud Crane, or was it from elsewhere?”

“This junior was truly negligent. I have failed to maintain my absolute surveillance on him,” When the middle-aged man said those words, he revealed an ashamed expression.

“This cannot be blamed on you. It is orders from above that transferred away too many of our clansmen in the Hundred Refinements Ordinary Realm. As we lack the manpower, we are unable to monitor things to a satisfactory degree. It is all within reason,” The old man said.

After saying that, the old man asked, “Have all of our clan's younger generation that were sent to the Hundred Refinements Ordinary Realm left?”

“Senior, please rest assured. They have all left. After all, our clan has already canceled all missions in the Hundred Refinements Ordinary Realm. Without any mission, they will naturally not stay in the Hundred Refinements Ordinary Realm,” The middle-aged man said.

“It is for the best that they’ve left. We have no idea what sort of shenanigans the Infant Soul Sect is planning to get up to this time around. We must not allow our clan’s younger generation to get involved in this matter. Else... according to our clan’s rules, even if they are to encounter danger, we must absolutely not act to save them,” The old man said.

“Senior, we are not allowed to save them because they were tasked with missions. Now that all the missions are canceled, they are no longer tempering themselves in the Hundred Refinements Ordinary Realm. Are we still not allowed to save them should something happen to them in the Hundred Refinements Ordinary Realm?” The middle-aged man asked.

“Who said that all the missions were canceled? Isn’t the mission of eliminating the Infant Soul Sect still present?” The old man said.

“.....” Hearing those words, the expression of the middle-aged man changed. He looked to his left hand. On his wrist was a visible scar. It was a scar that he had from his palm being chopped off before.

Seeing that scar, the middle-aged man’s tone became complicated, “The mission to eliminate the Infant Soul Sect is too difficult. Likely, apart from our clan’s several heavenly beloved geniuses, no one will be able to accomplish it.”

“I feel that the mission that should be canceled the most is that mission.”

“Chu Huai, actually, the mission that you do not wish to be canceled the most is the mission to eliminate the Infant Soul Sect,

no?”

“Actually, you, more than anyone else, want a member of our Chu Heavenly Clan’s younger generation to be able to eliminate the Infant Soul Sect. Isn’t that right?” The old man said with a faint smile on his face.

The middle-aged man did not refute him.

“Actually, with your talent, you are more than capable of attaining accomplishments in the Great Chilocosm Upper Realm. There was no need for you to apply to come to the Hundred Refinements Ordinary Realm to monitor it, no?” The old man said.

“I was incompetent. I failed to eliminate the Infant Soul Sect within the age limit. Instead, I received the humiliation of a blade.”

“However, I still hope that someone from our clan will be able to help me obtain revenge for my humiliation,” That man by the name of Chu Huai said.

The old man sighed. “You are still young, you must let go of what you should let go. Do not let this matter linger in your heart the entire time, for it will not bring you any benefit,” As the old man spoke, he faced his palm toward Chu Huai’s wrist and gently swiped it across the air before him.

Then, a layer of spirit power entered Chu Huai’s wrist and completely removed the scar on his wrist.

The old man knew very well that with Chu Huai’s strength, he was more than capable of eliminating that scar by himself. He had deliberately left that scar on his wrist.

The old man knew that Chu Huai had left that scar to remind himself that he had been defeated in the Hundred Refinements Ordinary Realm, that he had been defeated by the Infant Soul Sect.

He was trying to use that scar to urge himself to become stronger.

However, to someone as proud as Chu Huai, that scar did not become a motivation to become more powerful. Instead, it became an imprint in his heart that he was unable to erase.

As for that imprint, it was something called disgrace.

# Chapter 2627 - The Lifespan Of A Martial Cultivator

---

“Senior.”

Right at that moment, that middle-aged female flew over.

She did not bow to the old man respectfully like Chu Huai did after landing. Instead, casually, she said, “The people from Hero City did not return to Hero City. Likely, they feared that they would be implicated should Chu Feng fail, and have decided to hide elsewhere.”

“Where is elsewhere?” Chu Huai asked.

“Eh...” The woman did not know how to answer that question. An awkward expression appeared on her face.

“Why does this happen every single time? Do you not know what your duty is here? Why are you unable to even handle minor things like this properly?” Chu Huai was slightly annoyed.

The woman pouted her lips. With a tone filled with grievance, she said, “Aiyah, all those people have been transferred back to the clan, and all the missions in the Hundred Refinements Ordinary Realm have been canceled. Not to mention that we do not have sufficient manpower, even the continued surveillance is meaningless.”

“They’re not people from our Chu Heavenly Clan. What they’ve done, whether they live or die, what does that have to do with us?”

Even though her appearance was that of a middle-aged woman, she still had the personality of a child.

“This is a mission given to us by senior. We must accomplish it earnestly,” Chu Huai said.

“Now, now. Chu Huai, stop blaming Chu Yue. What she said is correct. Everyone from our Chu Heavenly Clan has left, and the

missions here have all been cancelled. There really isn't much for us to monitor here."

"Actually, we will soon have to leave the Hundred Refinements Ordinary Realm and return to the Great Chiliocosm Upper Realm ourselves," The old man said.

"Senior, is what you said the truth?" Hearing those words, the woman called Chu Yue was overjoyed.

"Naturally," The old man said.

"But, senior, didn't you say that there's still the mission to eliminate the Infant Soul Sect in the Hundred Refinements Ordinary Realm?" Compared to Chu Yue's exultation, Chu Huai was unwilling to leave.

"Although our Chu Heavenly Clan's several heavenly beloved geniuses all possess the strength to eliminate the Infant Soul Sect, they have all passed the age limit to accomplish that mission."

"Apart from them, there is currently no one in our clan who could accomplish that mission."

"Unless, of course, another heaven-defying member of the younger generation is to appear in our clan, and that person is willing to come to a place like this Hundred Refinements Ordinary Realm to accomplish that mission."

"Otherwise, there will likely not be anyone from our Chu Heavenly Clan that will be willing to come to this Hundred Refinements Ordinary Realm. As such, it will be meaningless for us to continue to stay here."

"Moreover, if there really is a person from the younger generation who is willing to come to the Hundred Refinements Ordinary Realm to challenge that mission, we can just secretly follow that person here," The old man said.

Hearing those words, that woman called Chu Yue was overjoyed. She started to hop and skip around happily.

As for the middle-aged man, he grew downcast.

“The two of you are finally able to resume your original appearances too. There’s no need to be secretive anymore.”

As the old man spoke, he waved his sleeve. Then, a burst of spirit power scattered over Chu Huai and Chu Yue like starlight.

The next moment, their appearances started to change. Chu Huai turned into a young man, and Chu Yue turned into a young woman.

Merely, compared to Chu Huai’s ordinary appearance, Chu Yue was somewhat of a beauty.

“It’s time to leave this desolate place. I’m finally able to use my own appearance now.”

“Being youthful is truly better.”

Chu Yue took out a mirror and looked at her charming face with a satisfied expression.

This was her actual face. This was her original appearance. This was what she was immensely proud of.

“We are middle-aged people to begin with,” As for Chu Huai, he had an expression of indifference.

“Foolish child, how could the world of martial cultivators be compared with that of ordinary people?”

“People that are less than a hundred years old are considered people of the younger generation. People that are less than a thousand years old are youths. After a thousand is middle-age, and only after five thousand years can one be considered old. That is something that our Ancestor set up.”

“As for the two of you, you are both not even a hundred years old. You two can only still be considered to be of the younger generation. Thus, how could you say that you’re middle-aged?”

“The two of you are still very far away from becoming middle-

aged,” The old man said with a beaming smile.

“But, in that case, why is it that many of the weak cultivators in the Hundred Refinements Ordinary Realm will grow old and weak after reaching fifty years of age, and be filled with white hair by the time they pass a hundred years old? If they want to maintain their youthful appearance, they will have to disguise themselves using world spirit techniques,” Chu Huai asked.

“Could the people of the Hundred Refinements Ordinary Realm possibly be considered to be actual cultivators? In the old man’s eyes, true cultivators need to have at least reached the True Immortal realm.”

“Let me ask you two this, do those cultivators who reach True Immortal realm grow old within a hundred years? Will they become an old man like myself within a thousand years?” The old man asked.

Chu Huai and Chu Yue started to recall the True Immortals that they’d met, and discovered that all those within a thousand years of age really did have youthful appearances. Only after they reached a thousand years of age did they show signs of aging. However, even if they were to age, they would only age to middle-aged appearances.

As for becoming actual old people, they would have to reach at least five thousand years of age. Apart from deliberately disguising themselves, True Immortals would only show signs of grizzled hair and distinctive wrinkles on their faces after they passed five thousand years of age.

As for True Immortals within a hundred years of age, they were people filled with spirit. Their skin was soft and tender like the water’s surface.

There were even some among them that looked like youngsters or young girls.

“In that case, does it mean that reaching True Immortal realm could be considered to be shedding one’s mortal body and being born again?” Chu Huai asked.

“You have been a True Immortal for all these years, yet you still didn’t notice that?” The old man smiled. Then, he said, “What you said is correct. Only by reaching the True Immortal realm will martial cultivators surpass the confinements of their mortal bodies.”

“Generally speaking, True Immortal-realm experts are all able to live for more than ten thousand years. Think about it. If non-cultivators have a life expectancy of a hundred years, then they will definitely become old when they reach sixty. Thus, to call them middle-aged at forty will not be an issue at all. After all, their lifespan is so short.”

“However, the lifespan of True Immortals must be determined using ten thousand years. With that... wouldn’t considering those under a thousand to be middle-aged far-fetched?” The old man asked.

“That’s right. Compared to ordinary people, a thousand years would only be ten years. How could it be considered to be middle-aged? It should be still considered to be childhood.”

“Wow! Big brother Chu Huai, so you’re actually still a child,” Chu Yue said to Chu Huai with a innocent expression.

“Haha, foolish girl,” Hearing those words, the old man laughed. He gently caressed Chu Yue’s hair and said, “The categorization of age is something that has been determined by our ancestor. As such, there is definitely a reason for it. Even if we find it unreasonable, we must still acknowledge it.”

“After all, even for True Immortals, they will still age after living for a thousand years. They will not be able to stay young forever,” The old man said.

“But, senior, logically, shouldn’t cultivators’ lifespans increase as their cultivation grows stronger?”

“In that case, why is it that in our clan, regardless of whether one might be a True Immortal, Heavenly Immortal or Martial Immortal, the limit of their lifespan can all be considered to be ten thousand years?” Chu Huai asked.

“That’s right. Not to mention the Half Martial Ancestors and Martial Ancestors, I’ve heard from my father that even Martial Emperors that managed to encounter fortuitous meetings will be able to live up to ten thousand years should they take good care of their health and use treasures to extend their lifespan.”

“In that case, why is it that the life expectancy for True Immortals, Heavenly Immortals and Martial Immortals is also only ten thousand years?”

“This is simply too unfair. Even though the difference in cultivation realms is so great, even though they’ve placed so much effort in reaching a breakthrough, they are unable to extend their lifespan even after reaching breakthroughs in cultivation,” Chu Yue said.

“One can extend one’s lifespan upon reaching the Exalted Realm,” The old man said.

“Exalted Realm? That’s too difficult, no?” Chu Yue said.

“Even upon reaching the Exalted Realm, the number of years their life is extended will also be determined by the individual.”

“However, something like that is also reasonable and fair. You two should not think of it as unfair. After all, even martial cultivators are limited by their lifespan. In the end, they will also grow old, become sick and die.”

“If one can extend one’s lifespan without limit by increasing one’s cultivation, then those experts from the Ancient Era would have been able to live till this day. With their strength, how could

the world be filled with modern people like us?”

“Likely, it would still be those seniors from the Ancient Era that rule the Galaxies and Starfields,” The old man said.

“That’s true. I’ve heard from my grandfather that those seniors from the Ancient Era were extremely frightening existences. Their strength was not something that we can compare to,” Chu Yue said.

“Actually, it is already very good that us cultivators can live up till ten thousand years of age. After all, compared to the lifespan of ordinary people, ten thousand years is an extremely long period of time,” The old man said.

“While that is true, it remains that we are True Immortals. When even those Martial Ancestors, Half Martial Ancestors and even Martial Emperors are able to live as long as we do, I still feel that it is very unfair,” Chu Yue said with pouted lips.

“While that might be the case, not mentioning the Martial Emperors, even for Half Martial Ancestors and Martial Ancestors, how many among them can really live till ten thousand years of age?” The old man asked.

“I don’t seem to have met any,” Chu Yue shook her head.

# Chapter 2628 - The Pain From The Backlash

---

“Actually, things like that all depend on one’s own encounters, one’s own luck. There is nothing absolute.”

“Using our clan as an example, there was once a True Immortal-level senior. He possessed limited talent, and was only able to stay at the True Immortal realm for the rest of his life.”

“However, he managed to live for fifty thousand years before passing away. Although he used various methods to extend his life expectancy, it remains that being able to live for fifty thousand years is extremely rare.”

“On the other hand, there was a senior from our clan that was a peak Martial Immortal. He was only a step away from becoming an Exalted. However, he only managed to live for six thousand years. Without even reaching ten thousand years, he reached the limit of his lifespan and died of old age,” The old man said.

“I heard of this matter before. That senior was a genius with great talent for martial cultivation. He was only a step away from becoming an Exalted. Unfortunately... his lifespan was too short. Reportedly, he started to age rapidly after reaching five thousand years of age.”

“Back then, for the sake of helping him extend his lifespan, our clan used countless methods to extend his lifespan. However, they were all useless on him. It was truly an enormous pity.”

“If it wasn’t for that, our clan would have another Exalted expert,” Chu Yue sighed.

“Thus, something like one’s life expectancy should be left to fate. It will not be beneficial to concern oneself too much with it,” The old man said.

“In that case, senior, you are one with a naturally long lifespan then, no?” Chu Yue said with a beaming smile.

“Senior, you must take good care of your health now. You need to make sure to use methods to increase your lifespan when needed,” Compared to Chu Yue’s mischievousness, Chu Huai was worried for the old man’s health from the bottom of his heart.

The two of them both knew that the old man before them possessed an extremely high seniority in the Chu Heavenly Clan. The reason for that was because... he was someone who had lived for ten thousand years.

In other words, the old man was an old monster that had countless years of experience, and had seen through all forms of humanity.

“Something like one’s lifespan should be resigned to fate itself. To forcibly extend one’s lifespan would be going against the natural order. One should not do that,” The old man sighed and spoke indifferently.

“Senior truly has a broad vision. I hope that I will also be able to be like you when I reach your age,” Chu Yue said.

“Hahaha...” The old man burst into laughter.

Although the old man’s laughter seemed to be relaxed, worry filled his deep and profound eyes.

“Senior, this must be the place where that Infant Soul Sect’s Sectmaster was healing his injuries, right?”

“How is he? Could it be that his injuries are already healed?”

Suddenly, Chu Yue cast her gaze to the place where the Infant Soul Sect’s Sectmaster was earlier. The reason for that was because the aura of the Infant Soul Sect’s Sectmaster was still there.

“They have already healed,” The old man said.

“How did he manage to cure himself? Chu Feng’s Demon Armament is extremely strange. Even if that Demon Armament’s power disappeared, the injuries left by it should not be that easily

cured, no?" Chu Huai said.

"That's true. His injuries didn't seem to be that easily cured," Chu Yue nodded in agreement.

The two of them both witnessed the battle between Chu Feng and the Infant Soul Sect's Sectmaster in secret earlier. Thus, the power of the Evil God Sword was fresh in their memories.

No matter what, the two of them were True Immortal-level experts. Furthermore, both of them possessed cultivation above that of the Infant Soul Sect's Sectmaster.

Yet, neither of them knew what they could possibly do should they be injured by the Evil God Sword's powers. As such, how did the Infant Soul Sect's Sectmaster manage to cure himself despite such injuries?

"It is all because of that Infant Soul Demonic Technique that the Infant Soul Sect was able to exist in the Hundred Refinements Ordinary Realm for so long. That Infant Soul Demonic Technique is extremely strange. Else... it wouldn't be that difficult to handle. A genius like you, Chu Huai, would not have lost to them either," The old man looked to Chu Huai.

Hearing those words, Chu Huai said no more.

Even though he felt that the current him was able to easily eliminate the Infant Soul Sect, he knew that back then, when he was still much younger, he was indeed no match for the Infant Soul Sect.

It was precisely due to his defeat from back then that the Infant Soul Sect left a deep impression in his heart.

"But, senior, even if the Infant Soul Sect possesses special abilities, the power of that Demon Armament seems to have already surpassed them..." Chu Yue wanted to ask further questions.

Chu Yue had not fought against the Infant Soul Sect. Her

strength had already surpassed that of the Infant Soul Sect by the time she arrived.

Thus, she looked down on the Infant Soul Sect from the bottom of her heart. Thus, she questioned how the Infant Soul Sect could possibly cure the Demon Armament's injury when even she herself could not.

Thus, it was not that she did not believe it after finding out that the Infant Soul Sect's Sectmaster had managed to cure his injury. Merely, she was unable to accept it.

"Enough, there's no need to continue lingering on this matter. Let me tell you two some good news."

"I have actually already asked the clan to bring the two of you back into the Great Chiliocosm Upper Realm. Likely, not long from now, the two of you will be able to return to the Great Chiliocosm Upper Realm. There will not be a need for you two to accompany this old man and suffer here," The old man said.

"Senior, is what you said for real?" Chu Yue was overjoyed upon hearing those words.

"Foolish girl, when has this old man ever lied to you?" The old man said with a slight smile.

"This is great! I am finally able to leave this desolate place!" At that moment, Chu Yue was beaming with happiness. She was truly overjoyed.

"Senior, with such a major movement from the Infant Soul Sect, they are most definitely plotting something. This junior wants to know exactly what they plan to do. Might it be possible for me to continue to stay here?" Chu Huai asked.

"Chu Huai, we have come here with the purpose of monitoring our clan's younger generation. Our task was to record how they accomplished their missions in the Hundred Refinements Ordinary Realm."

“As for what happens in the Hundred Refinements Ordinary Realm, it is unrelated to us. Even if there was conflict between you and the Infant Soul Sect, you still cannot cross the line.”

“Go on and return. From today on, you two do not have to involve yourself with anything in the Hundred Refinements Ordinary Realm. Just leave everything to me and wait for news from the clan to tell you two to return,” The old man said.

After hearing what the old man said, although Chu Huai was somewhat unwilling, he found it unsuitable to say anymore.

As such, he could only choose to leave. After all, they had to listen to the old man’s orders in this place.

After Chu Yue and Chu Huai left, the smile on the old man’s face instantly disappeared. An ice-cold ruthlessness emerged in his eyes.

“Brats, the two of you had best listen obediently and not ruin this old man’s plan. Else... don’t blame me for not taking into consideration the affections of being fellow clansmen.”

.....

Being assailed by the backlash, Chu Feng soon lost consciousness.

After a long time passed, Chu Feng finally managed to regain his consciousness. When he opened his eyes, he was surprised to discover that he was currently in a mountain of corpses and a sea of blood.

Chaos filled his entire field of view. Apart from corpses, there was no sign of life.

It was as if the entire world had been destroyed.

Suddenly, crimson clouds began to roll about in the sky. Two eyes appeared in the rolling crimson clouds.

Those eyes were crimson in color. In the sky and within the crimson clouds, they shone brightly like suns.

However, the two eyes were emitting an overflowing demonic aura. One would feel fear from the depths of one's soul upon seeing those eyes.

Frightening. Those eyes were truly frightening. Even Chu Feng was shivering.

It was not that Chu Feng was cowardly. Rather, he was unable to withstand that frightening gaze in the sky. He was simply unable to control his body.

His fear originated from the depths of his soul, from the bottom of his heart.

Suddenly, the crimson clouds started to descend. That pair of enormous and frightening eyes was also growing closer and closer to Chu Feng.

“Scram!!!”

Suddenly, Chu Feng shouted hysterically.

He had screamed with all of his body's energy.

He had done so because he was afraid. He was scared that that frightening existence was growing too close to him.

“Boy, you will not be able to escape this Evil God's grasp. One day, you will be controlled by me.”

An extremely sinister and confident voice sounded from the crimson clouds.

That voice seemed to be able to snatch away one's soul. At the moment that voice sounded, Chu Feng felt as if his soul was being controlled by it. He felt as if he would be ripped apart by it. An unbearable pain once again filled his entire body.

Too painful. The pain caused Chu Feng to tightly close his eyes and scream nonstop.

Just like that, Chu Feng continued to suffer for an unknown amount of days.

Then, after days of sufferings, Chu Feng suddenly heard a familiar voice.

“Chu Feng, Chu Feng...”

At that moment, Li Yue’er’s voice sounded beside Chu Feng’s ears.

Strangely, after hearing Li Yue’er’s voice, the pain that was tormenting Chu Feng started to fade away.

When Chu Feng opened his eyes, he discovered that he was no longer in that mountain of corpses and sea of blood. Instead, he was in a palace hall. That palace hall was not very large, yet it was very exquisite.

Chu Feng was currently covered by a grand healing formation. Even the bed that he was lying on was a bed specially made to help one heal.

A person was standing outside of the grand formation. That person was calling out his name. She was... Li Yue’er.

## Chapter 2629 - Weaponry Refinement

---

“It would appear that I have managed to endure the backlash.”

Chu Feng rubbed his still-hurting head and let out a bitter laugh.

He knew very well that he had returned to reality. As such, he should have managed to endure the torture of the backlash.

Seeing that Chu Feng was fine, Li Yue'er removed her healing formation. Although she did not say anything, Chu Feng noticed the change in her expression.

Earlier, there was obvious worry in her eyes as she looked to Chu Feng. However now, the worry in her eyes was gone.

Even though Li Yue'er appeared to not be feeling anything, she was clearly worried for Chu Feng before he woke up.

“It seems that this girl doesn't truly have a heart of stone. Chu Feng... how about we cook the raw rice and take her down? I can tell that this girl is pretty decent,” Her Lady Queen spoke with a mischievous laugh.

Chu Feng coughed, then said, “Do I resemble someone who will capture any pretty decent girl I encounter? I am a very single-minded man, okay?”

“Single-minded? Pah!” Her Lady Queen cast a ruthless side-eye at Chu Feng. Her side-eye was filled with disdain.

“Eh...” Chu Feng also started to blush after saying the words ‘single-minded.’

If he were single-minded, he wouldn't have Zi Ling, Su Rou and Su Mei, three lovers. That said, while Chu Feng felt that he might not be single-minded, he was not a fickle lover.

He would most definitely not like someone merely because of their appearance. More than that would be the feelings he felt after getting along with them.

As for feelings, that was something that was extremely difficult to control. If feelings were to come, one would not be able to stop them. If feelings did not come, one would not be able to insist on having them.

Seeing that Chu Feng had awakened, yet did not say anything, Li Yue'er was finally unable to contain herself, and asked, "Are you alright?"

"I'm fine," Chu Feng hurriedly answered. After all, the conversation between Eggy and him could not be heard by Li Yue'er.

"You're fine? Then why are you blushing?" Li Yue'er asked.

"It's because this room is too hot," Chu Feng said embarrassedly.

He would naturally not tell Li Yue'er that he blushed because he was discussing whether or not he was a single-minded lover with his world spirit.

Hearing those words, Li Yue'er frowned. Then, she took a glance around.

Hot?

For the sake of healing Chu Feng, she had placed meticulous effort into setting up that place. As such, even martial cultivators would feel that the temperature there was cold. Thus, how could it be hot?

Even though she knew that Chu Feng was lying, Li Yue'er didn't ask anymore. After all, she was not extremely curious.

"It would seem that you are fine," Li Yue'er said.

"Yeah. I should have managed to endure through it," Chu Feng stood up and started to stretch, "Oh, that's right. How long was I unconscious for?"

"A month and three days," Li Yue'er said.

"That long?" Chu Feng's gaze changed upon hearing those

words. The relaxed expression on his face immediately disappeared. Deep worry emerged in his eyes. He asked, “How are Zhao Hong, Senior Ying and the others doing?”

“I only know that they’ve returned to Hero City once. However, they left soon after. As for where they’re at right now, I have no idea.”

“That said, the Infant Soul Sect’s Sectmaster has been busy in the Infant Soul Sect the entire time. He did not go to deliberately find Ying Mingchao and the others. Perhaps he simply did not place them in his eyes at all. Or perhaps what he is dealing with is more important.”

“In short, I feel that your friends should all still be safe ,” Li Yue’er said.

“Thanks,” Chu Feng thanked Li Yue’er because he knew that she must’ve meticulously scouted for information to be able to tell him all these things so quickly.

Actually, the life and death of those people were completely unrelated to Li Yue’er. She had deliberately scouted the information about them all for the sake of telling Chu Feng about it.

She had already anticipated that Chu Feng would ask for news of those matters after waking up.

“What is the situation at the Infant Soul Sect right now?” Chu Feng asked.

“It is still unknown as to exactly what the Infant Soul Sect is planning. However, it seems that they are planning to gather everyone from the Hundred Refinements Ordinary Realm before acting.”

“The Hundred Refinements Ordinary Realm is a massive place. Furthermore, the general cultivation of the martial cultivators here is not very high. Even with the help of those various sects and

schools, I feel that it will take at least three months for them to gather everyone in the Hundred Refinements Ordinary Realm to the Infant Soul Sect's location," Li Yue'er said.

"I wonder if I'll make it in time," Chu Feng took out the All Equilibrium Weaponry Refinement Chart as he said those words.

"What is that?" Li Yue'er cast her curious gaze over.

"Come have a look. This weaponry refinement chart is no ordinary weaponry refinement chart. It is able to allow one to gain martial comprehension while refining weapons," Chu Feng said.

"That's a treasure. You should keep it for yourself," After hearing what Chu Feng said, Li Yue'er cast her curious gaze away from the All Equilibrium Weaponry Refinement Chart.

"There's no need for this, no? I don't mind sharing it with you," Chu Feng said.

"I mind. I don't want an unmerited reward," Li Yue'er said.

"In that case, consider it that I am asking you to help me analyze it. Would that work?" Chu Feng said with a beaming smile.

Before Li Yue'er could answer, Chu Feng added, "Furthermore, with the care that you've given me these days, how could it be considered an unmerited reward?"

"Moreover, if it wasn't for you slicing off my arm and severing the connection between the Evil God Sword and I, I might already be dead by now. As such, you could be said to have saved my life."

However, Li Yue'er was still ignoring Chu Feng.

However, Chu Feng was a smart individual. Since he was determined to share the All Equilibrium Weaponry Refinement Chart with Li Yue'er, he would naturally have a way of doing so.

Chu Feng stopped trying to force Li Yue'er to read and comprehend it together with him.

Instead, he began to deliberately voice all the understanding he

already had from the All Equilibrium Weaponry Refinement Chart.

At the beginning, Li Yue'er ignored Chu Feng. However, later on, she also began to earnestly listen to the things he said.

It was not that she was excessively scheming and cunning. Rather, the contents of the All Equilibrium Weaponry Refinement Chart were simply too fascinating. To world spiritists, it was truly irresistible.

Soon, Li Yue'er was swayed. She decided to bluntly stand behind Chu Feng and read the All Equilibrium Weaponry Refinement Chart together with him.

It should be noted that not only was Li Yue'er's talent toward martial cultivation superb, but even her talent in world spirit techniques was excellent.

Thus, Li Yue'er helped Chu Feng quite a bit when she started to comprehend and analyze the contents of the All Equilibrium Weaponry Refinement Chart with him. With the two of them jointly disassembling and analyzing its contents, they were able to increase their comprehension speed.

In merely half a month, Chu Feng and Li Yue'er actually managed to completely decipher the contents of the All Equilibrium Weaponry Refinement Chart, and gain a preliminary grasp of the weaponry refinement method stated within it.

“There's no time to lose, let's begin now.”

After grasping the All Equilibrium Weaponry Refinement Chart, Chu Feng took out all of his weaponry refinement treasures.

His treasures scattered all over the palace hall. As for the main item that he wanted to refine into a weapon, it was naturally that stone dyed with the Divine Dragon's blood, that so-called Divine Dragon's Blood Ruler.

That said, even though it was a stone dyed with the Divine Dragon's blood, as it has been refined by Grandmaster Kai Hong

before, it looked like a lump of rectangular-shaped metal.

“That scrap metal...”

When Chu Feng took out all of his precious weaponry refinement treasures, not a single item caught Li Yue’er’s attention. However, the Divine Dragon’s Blood Ruler had managed to make Li Yue’er’s expression change.

# Chapter 2630 - Incomplete Immortal Armament

---

“Good eyesight. That is the best material that I have on me,” Chu Feng said.

“Its aura is very special. What is its origin?” Li Yue’er asked.

“It is a stone dyed with the Divine Dragon’s blood. Merely, as it is not complete, it is difficult to turn it into an Ancestral Armament,” Chu Feng said.

“You only plan to turn such a good material into an Ancestral Armament?” Li Yue’er asked in astonishment.

“Are you suggesting that I turn it into an Incomplete Immortal Armament? While this Divine Dragon’s Blood Ruler is qualified, I do not have other materials to work with,” Chu Feng said with a wry smile.

After deciphering the All Equilibrium Weaponry Refinement Chart, Chu Feng had obtained a whole new level of understanding toward weaponry refinement techniques.

Thus, he felt that he was capable of refining an Ancestral Armament using the Divine Dragon’s Blood Ruler. However, if he were to refine an Incomplete Immortal Armament, it would be absolutely impossible.

It wasn’t that he doubted his own weaponry refinement techniques, nor was it because he didn’t dare to attempt it. Rather, Chu Feng felt that apart from the Divine Dragon’s Blood Ruler, the rest of his weaponry refinement materials were simply unable to allow him to refine an Incomplete Immortal Armament.

“Woosh~~~”

Right at that moment, Li Yue’er suddenly waved her sleeve. She pushed all of Chu Feng’s weaponry refinement materials into a

corner and left behind only the Divine Dragon's Blood Ruler.

Chu Feng revealed a confused expression upon seeing this.

However, before Chu Feng could question Li Yue'er's action, Li Yue'er took out a Cosmos Sack and tossed it into the air. The next moment, countless treasures flew out from the Cosmos Sack and landed on either side of the Divine Dragon's Blood Ruler.

Those were all weaponry refinement treasures. Furthermore, they were all very precious materials. In fact... some of those weaponry refinement materials were comparable to the Divine Dragon's Blood Ruler.

“Wow! This girl is truly rich!”

“Chu Feng, you must capture this girl and hug onto her thighs.”

At that moment, even her Lady Queen was unable to contain herself from exclaiming in admiration. In fact, even her eyes started to shine with light.

If Chu Feng did not possess any materials apart from the Divine Dragon's Blood Ruler that could help him refine an Incomplete Immortal Armament, then now, he possessed enough materials to refine three Incomplete Immortal Armaments.

“Choose whatever material you want from these. Use the best among them,” Li Yue'er said.

“Very well, consider it that I'm borrowing them from you. I will definitely repay you in the future.”

Chu Feng did not refuse the materials. After all, he really did need them.

However, those materials were truly precious. Chu Feng could not accept them just like that.

“There's no need. That All Equilibrium Weaponry Refinement Chart of yours is over a thousand times more precious than these materials here. I am the one who owes you here,” Li Yue'er said.

“That’s something completely different. I said that I’m borrowing them, so I’m borrowing them,” Chu Feng said.

“It will be very difficult for you to refine an Incomplete Immortal Armament by yourself. Even if you are able to accomplish it, there would not be sufficient time. Let me help you. Although I can only provide assistance, it remains that I have also grasped the All Equilibrium Weaponry Refinement Chart. Thus, if we are able to succeed in refining an Incomplete Immortal Armament, I would be able to benefit greatly too.”

“Thus, even though I am providing these materials, it is also for my sake. You do not have to think too hard about it,” Li Yue’er said.

“I said that I am just borrowing them,” Chu Feng said determinedly.

Seeing how determined Chu Feng was, Li Yue’er started to frown. Then, she said in an annoyed manner, “Do as you wish.”

“Heh... that’s more like it,” Seeing that Li Yue’er had come to terms with him, Chu Feng smiled.

Then, he said, “My little assistant, there’s no time to delay, let us begin right away.”

Then, Chu Feng and Li Yue’er began to set up the Weaponry Refinement Grand Formation according to the methods laid out in the All Equilibrium Weaponry Refinement Chart.

Chu Feng was in charge of setting up the spirit formation, whereas Li Yue’er assisted him.

That said, even though the two of them were joining hands, even though there were sufficient materials, even though they were able to choose the best materials to refine an Incomplete Immortal Armament, it was still extremely difficult to successfully refine an Incomplete Immortal Armament.

Chu Feng felt that they only had a fifty percent chance of success.

After all, that was an Incomplete Immortal Armament they were dealing with. Apart from Li Yue'er, only the Infant Soul Sect's Sectmaster possessed an Incomplete Immortal Armament in the Hundred Refinements Ordinary Realm.

However, even with that being the case, Chu Feng still had to attempt it. After all, depending on the difference in the weaponry refinement's difficulty, Chu Feng would also be able to obtain different levels of martial comprehension.

.....

Then, Chu Feng and Li Yue'er began to jointly refine the Incomplete Immortal Armament.

Although there were many materials that could compare to the Divine Dragon's Blood Ruler, Chu Feng still insisted on having the Divine Dragon's Blood Ruler be the main material in the refinement process.

This... was actually Li Yue'er's proposal.

Li Yue'er said that if the Divine Dragon's Blood Ruler was really dyed with the Divine Dragon's Blood, it would surpass the value of all the materials that she currently possessed.

If they were able to successfully forge an Incomplete Immortal Armament, then the Divine Dragon's blood in the Divine Dragon's Blood Ruler might awaken.

If that were to happen, they might be able to refine a top quality Incomplete Immortal Armament.

After Chu Feng and Li Yue'er began, they spent three entire months in the refinement process.

After three months passed, the appearance of the Divine Dragon's Blood Ruler did not change much. Apart from the addition of a sword hilt that it could be held with, its body was still a four-sided lump of metal.

However, the carefully-selected materials used in the refinement process were all gone. They were fused into the Divine Dragon's Blood Ruler.

Although the appearance of the Divine Dragon's Blood Ruler did not change, Chu Feng and Li Yue'er had actually succeeded in assimilating those materials into the Divine Dragon's Blood Ruler.

Thus, the current Divine Dragon's Blood Ruler was no longer the same as before. It possessed actual Immortal-level martial power.

It was only a step away from becoming an actual Incomplete Immortal Armament.

Right at that moment, Chu Feng shouted, "Girl, hang on! We are about to succeed!"

At that moment, they had reached the most crucial moment for the weaponry refinement process. However, both Chu Feng and Li Yue'er had exhausted an enormous amount of energy over the past three months.

The current Li Yue'er was already pale and covered in sweat.

Chu Feng, on the other hand, seemed to be doing better than her. He, at the very least, was still steady and stable. However, Li Yue'er's hands were already trembling slightly.

This was the greatest fear during weaponry refinement. The reason for that was because Li Yue'er was also contributing to the continued activation of the spirit formation. As for weaponry refinement, the hands that one used to activate the spirit formation were the most crucial aspect. Even if one were to waver one's hands in the slightest, it might affect the result of the weapon.

"Snap~~~"

Sure enough, as Li Yue'er's hands trembled, a crack suddenly appeared on the Divine Dragon's Blood Ruler.

“Snap~~~”

“Snap~~~”

“Snap~~~”

.....

Following that, more and more cracks began to appear. Soon, cracks covered the entire body of the Divine Dragon’s Blood Ruler.

“Girl, steady yourself,” Seeing this scene, Chu Feng started to panic.

If the Divine Dragon’s Blood Ruler were to shatter at such a time, their efforts would truly have been wasted.

In fact, the two of them even might receive a backlash from the failure.

“Chu Feng, my apologies, I will soon be unable to continue,” Li Yue’er said with great difficulty. Even her voice was trembling when she said those words. Her health was truly weak.

Hearing what Li Yue’er said, Chu Feng’s heart immediately sunk.

After interacting with Li Yue’er, he knew that she was not someone that would easily give up.

Since she was saying something like that, it meant that she was truly unable to hold on any longer.

Right at that moment, surging spirit power suddenly emerged from Chu Feng’s body. That spirit power covered the entire weaponry refinement formation.

Then, Chu Feng tightly clasped his palms and shouted, “Slow!”

Then, the spirit formation actually stopped its operation.

To be exact, it didn’t stop. Instead, the speed had decreased. Chu Feng had forcibly decreased the speed of the weaponry refinement formation’s operation.

“Girl, help me out. Move the assistant’s formation core onto my

body,” Chu Feng said.

“No, Chu Feng... it will pose a danger to your life if I am to do that,” Hearing that, Li Yue’er immediately revealed an expression of panic.

“Chu Feng, you can’t make such a rash decision. Are you planning to throw away your life for cultivation?” Compared to Li Yue’er, Eggy was even more panicked

The two of them both knew very well that both Chu Feng’s stamina and spirit power had been greatly consumed. They were on the verge of being completely exhausted.

In such a situation, it was already extremely difficult for him to persist as the main operator of the formation.

If he were to take on the responsibility of the assistant operator too, the burden upon his body would be so great that Chu Feng would not be able to persist. Because of that, his body would be wrung dry by the spirit formation, and he would die from over-exhaustion.

# Chapter 2631 - Moment Of Life and Death

---

“Listen to me, I am still able to persist,” Chu Feng said.

“No,” Li Yue’er refused.

“I cannot afford to fail this time around. I must succeed. Girl... listen to me, help me,” Chu Feng said anxiously.

Although Chu Feng knew from the very start that they only had a fifty percent chance of success, Chu Feng began the weaponry refinement process with an absolute determination to succeed.

He must increase his cultivation immediately. Only by increasing his cultivation would he be able to contend against the Infant Soul Sect.

Else, he feared that if the Infant Soul Sect’s plot were to succeed, they would move on to take care of Ying Mingchao and the others.

“Do it! I am unable to persist for much longer!” Chu Feng shouted.

At that moment, Li Yue’er revealed a very difficult expression. However, after a moment of mental conflict, she still ended up carefully transferring the formation core on her body to Chu Feng’s body.

Then, she moved out of the Grand Weaponry Refinement Formation.

After exiting the Grand Weaponry Refinement Formation, Li Yue’er sat powerlessly onto the ground. She was truly exhausted.

However, she had no time to rest, as she immediately cast her worried gaze toward Chu Feng.

... she had exited the Grand Weaponry Refinement Formation.

If the Grand Weaponry Refinement Formation was supported by both her and Chu Feng earlier, then it was now completely supported by Chu Feng alone. Thus, all of the pressure was placed

onto Chu Feng alone.

“Eeeahhh~~~~”

After Li Yue'er exited the Grand Weaponry Refinement Formation, Chu Feng suddenly shouted. The next moment, boundless spirit power surged out of Chu Feng's body and fused with the Grand Weaponry Refinement Formation.

“Chu Feng, have you gone insane?! How could you act this recklessly?!”

Seeing this scene, Her Lady Queen was immediately worried.

The reason for that was because Chu Feng was attempting to fuse with the grand formation.

This sort of fusion would assist Chu Feng's control over the grand formation. With that, it would save a lot of power on Chu Feng's end.

In the current situation where Chu Feng's power was about to be completely exhausted, using this sort of method was indeed something feasible.

However, upon using this sort of method, Chu Feng's life and death would be linked with the grand spirit formation.

If Chu Feng wanted to live now, there was only a single way. That is, he must successfully refine the Incomplete Immortal Armament.

Else... only death would await him.

From then on, Chu Feng would not be able to stop even if he wanted to. The reason for that was because the Grand Weaponry Refinement Formation would automatically extract spirit power from Chu Feng's body without the need for Chu Feng's control at all.

“Eeeahhh~~~~”

As the Grand Weaponry Refinement Formation continued to

operate, it started to forcibly extract spirit power from Chu Feng.

In such a situation, Chu Feng started to endure immense pressure. That immense pressure brought pain to Chu Feng and caused him to scream nonstop.

He was risking his life. He was using the final bits of strength he had to complete the grand formation.

If he didn't succeed, he would die!!!

With Chu Feng's full effort, the Grand Weaponry Refinement Formation started to blossom with dazzling light.

The Grand Weaponry Refinement Formation started to tremble. The power within the Grand Weaponry Refinement Formation was trembling. In fact, even the entire palace was trembling.

The Grand Weaponry Refinement Formation was shrinking. It was concentrating on the Divine Dragon's Blood Ruler.

At that moment, both Li Yue'er who was outside of the grand formation and Eggy who was within Chu Feng started to tightly clench their fists. They were extremely nervous.

The reason for that was because if the Grand Weaponry Refinement Formation was to fuse into the Divine Dragon's Blood Ruler, it would mean success.

If it didn't, then it was a failure.

That said, what they were worried about the most was whether or not Chu Feng would be able to hold on.

Chu Feng was operating the Grand Weaponry Refinement Formation with his life. Thus, there would only be two possibilities.

Either Chu Feng would be able to successfully complete the Incomplete Immortal Armament.

Or his power would not be able to persist, and he would exhaust all of his power and die of exhaustion. As for the Incomplete

Immortal Armament, it would also end in a failure.

In such a critical situation, time seemed to be moving extremely slowly.

That said, neither Li Yue'er or Eggy had the heart to concern themselves with any of that. The two of them only hoped that the Grand Weaponry Refinement Formation would be able to concentrate on the Divine Dragon's Blood Ruler sooner.

"Almost, it's about to succeed. Chu Feng, hold on, hold on! It's halfway there!"

Finally, the Grand Weaponry Refinement Formation had condensed halfway onto the Divine Dragon's Blood Ruler. However, at that time, it suddenly stopped.

At such a time, neither Li Yue'er and Eggy were able to even open their mouths to encourage Chu Feng to continue.

They both felt that Chu Feng was unable to continue. However, it was already too late to give up.

Chu Feng could only succeed and not fail.

"Eggy, my apologies, I'm afraid that I'll be going first."

At the moment when worry filled the air, Eggy heard Chu Feng's voice. Merely, Chu Feng's voice was incomparably weak. It was as if his life was already hollowed out. It was as if he was already dead.

"Fool, clench your teeth and persist. How could you give up at a time like this?"

Her Lady Queen was so worried that she started shedding tears. This was a moment of life and death. At such a time, Chu Feng could decide upon his death with merely a thought.

"My head is already empty. My soul is already empty. I have completely exhausted all the spirit power within me. I am unable to support this Grand Weaponry Refinement Formation anymore,"

Chu Feng said with his weak voice.

“If you are to die at a time like this, then what about your mother?! Your mother went through all the effort to seal this Queen in your body for your sake! If you are to tumble here, it will be truly humiliating!”

“Your mother is a grand world spiritist who is capable of forcing her way into our Asura Spirit World and forcibly capture us! How could you be this weak?! How could you fail to control a mere Grand Weaponry Refinement Formation?!” Her Lady Queen shouted angrily.

It was not that she was truly angry at Chu Feng for failing. Merely, she wanted to encourage Chu Feng to persist through this ordeal.

If Chu Feng was to die from over exhaustion of his spirit power, Her Lady Queen would not be implicated by his death. She would continue to survive.

However, to Her Lady Queen, her life and death was not what mattered to her. She didn't want Chu Feng to die. She didn't want him to die at a place like this.

“Mother?” Hearing that word, Chu Feng's heart suddenly trembled.

At the moment when he thought of his mother, Chu Feng's consciousness suddenly grew fuzzy. Before him was no longer that Grand Weaponry Refinement Formation that was forcibly extracting his spirit power.

Instead, a vast expanse of whiteness filled his eyes. Faintly, he saw a figure. It should be a woman, a woman with fluttering long hair.

That figure was very close to him. She was right before him. However, Chu Feng was unable to clearly see her face.

No matter how hard he tried, he was unable to see it clearly. He

could only feel that woman was gently caressing his head with her hand.

At that moment, Chu Feng felt as if the softest and warmest hand in the world was caressing him.

An indescribable sensation exploded from his heart and filled his body.

At that Moment, Chu Feng wished to speak. However, he was unable to speak. He was unable to express himself.

Right at that moment, an incomparably gentle voice sounded by his ears.

“Feng’er, it’s all my fault. I am unable to be by your side and protect you.”

“I do not hope that you will forgive me. I merely wish that you will be able to stay strong and live on.”

After that voice said those words, the figure before him started to scatter away. The scene before Chu Feng returned to that of the palace hall. He was before that Grand Weaponry Refinement Formation again.

However, at that moment, Chu Feng was able to sense that boundless spirit power had emerged from his completely dried up body.

It was a sensation like a volcanic eruption. He was unable to stop it at all.

“Heeaaahhh!!!”

Suddenly, Chu Feng shouted. Then, boundless spirit power burst forth from his body.

The spirit power was so strong that it actually brought forth waves of wind. In an instant, it covered the entire palace hall and blew everything all over the place.

Even Li Yue’er was blown back by the wind. The wind was so

strong that she found it difficult to open her eyes.

# Chapter 2632 - Mother's Bloodline

---

“This spirit power, how could it be this strong?”

At that moment, Li Yue'er had an astonished expression on her face.

She felt that even if Chu Feng's stamina and spirit power weren't completely exhausted, even if his state of being was the same as before, he would not possess such overwhelming spirit power.

Although this burst of spirit power was still Immortal-level spirit power, the sensation that she felt from it had already surpassed that of Immortal-level spirit power.

It was an extremely pure and grand spirit power.

If spirit power of the same level possessed a class difference, then the spirit power that Chu Feng emitted right now would be the noble among nobles, the king among kings.

Finally, the spirit power that rushed forth like a volcanic eruption from Chu Feng's body started to gradually vanish.

As Chu Feng's overwhelming spirit power vanished, Li Yue'er immediately revealed an overjoyed expression.

The reason for that was because the Divine Dragon's Blood Ruler was right before Chu Feng. However, the aura that it emitted was completely different from before.

It was no longer a lump of scrap metal. Instead, it was emitting intense Immortal-level martial power. It had become an Incomplete Immortal Armament.

“Chu Feng, you've succeeded. You managed to successfully refine an Incomplete Immortal Armament!” At that moment, Her Lady Queen was also overjoyed.

One must know that Chu Feng was on the verge of dying earlier. There was a very high chance that he could have died.

However, in the end, he had succeeded. This sort of success was simply too difficult. As such, how could Her Lady Queen not feel joy?

“Its appearance is a bit ugly. Before fusing the Grand Weaponry Refinement Formation with it, I should’ve fixed its appearance. However, I was so anxious on fusing them that I decided to not bother with its appearance for the sake of saving my spirit power,” Chu Feng said with a light laugh.

The Divine Dragon’s Blood Ruler was indeed a bit ugly. Although it now had a sword hilt that Chu Feng could hold onto, its appearance was still that of a block of metal.

Most importantly, it was even uglier than before it went through the whole weaponry refinement process. Due to Li Yue’er’s mistake, the Divine Dragon’s Blood Ruler now had many cracks. It made it resemble a shattered iron block.

If it wasn’t for the fact that it was emitting Immortal-level martial power, no one would think that it was an Incomplete Immortal Armament.

“It’s all my fault. If I had been able to hold on, it wouldn’t have been like this,” said Li Yue’er with self-blame.

“It’s alright. Didn’t we still succeed? If it hadn’t been for you, I wouldn’t have been able to persist either. Refining an Incomplete Immortal Armament is simply too hard,” Chu Feng said.

“Chu Feng, what was that spirit power you emitted earlier?” Li Yue’er asked.

Li Yue’er was not someone fond of meddling in others’ business. However, she was truly too curious as to what happened earlier.

The reason for that was because the spirit power Chu Feng had emitted earlier gave her a sensation that she had never felt before.

It she had to describe it, then it was a sensation of a ruler overlooking the world.

As a fellow world spiritist, she wanted to know exactly where Chu Feng's spirit power came from.

"Earlier? Was there something different about it?" Chu Feng was confused by Li Yue'er's question.

Earlier, he had merely felt that boundless spirit power had emerged from his dried up body.

Thus, he used that spirit power to operate the Grand Weaponry Refinement Formation. Apart from that, he didn't do anything different.

"It was completely different," Li Yue'er said.

"That's right, your spirit power earlier was simply frighteningly powerful," Her Lady Queen said.

"Buzz~~~"

With a thought, Chu Feng unleashed his spirit power from his body.

"No, this is not the same spirit power you used earlier," Li Yue'er shook her head.

The spirit power Chu Feng unleashed this time around was the same as the spirit power that he always had. Although it was still Immortal-level spirit power, it simply did not possess the majestic grandeur of a ruler overlooking the world like earlier.

"I don't know what's going on. This is the spirit power that I can unleash," Chu Feng said.

Chu Feng did not know what sort of spirit power he had managed to unleash earlier to astonish Li Yue'er and Her Lady Queen like that.

However... this was the sort of spirit power that he could unleash at that moment. It was the same as it had always been.

Hearing such a response from Chu Feng, Li Yue'er stopped inquiring further. She felt that Chu Feng was not lying to her, and

would most likely not lie to her.

“You really don’t know what happened? Why would you burst out with such a powerful spirit power for no reason at all?” Her Lady Queen asked.

“Was it really that powerful?” Chu Feng asked.

As that matter was, after all, something that had happened to him, Chu Feng was also very curious.

“It’s wrong to say that it was powerful. After all, it was still Immortal-level spirit power. However, the feeling was completely different. Regardless, it was very powerful,” Her Lady Queen said.

“Eggy, did you not see what I saw earlier?” Chu Feng asked.

“What? What did you see?” Her Lady Queen asked.

“It seems that you didn’t see it,” Chu Feng said.

“Exactly what did you see? Tell me. You damned bastard, don’t tease this Queen, okay? Tell me, tell me, tell me, tell me, tell me...” Her Lady Queen urged with incomparable curiosity.

“I seemed to have seen my mother,” Chu Feng said.

“Mother? What is going on? Where did you see her? Your mother came to find you?” Her Lady Queen grew even more curious upon hearing that.

“It should be from when I was an infant. That sensation seemed more like a memory,” Chu Feng said.

“Did you manage to awaken some sort of power after seeing your mother? That’s very possible. After all, your mother’s world spirit techniques were extremely powerful. You should have inherited her bloodline and talent.”

“Merely... it’s possible that your bloodline and power have not awakened completely yet. As for earlier... it was awakened after you recalled the memory of your mother.”

“Although it only managed to awaken for an instant, it is very likely that such was the case earlier,” Her Lady Queen analyzed.

“It might be it,” Chu Feng did not dare to be certain of anything. He was only concerned with completing the Incomplete Immortal Armament earlier, and had truly not paid attention to his spirit power.

“It would be truly great if that is the case.”

Her Lady Queen was overjoyed. She had felt Chu Feng’s enormous spirit power. Because of how extraordinary that spirit power was, Her Lady Queen hoped that Chu Feng would continue to have that spirit power in the future.

“Oh, that’s right. Chu Feng, what does your mother look like? As long as you know her appearance, you will be able to go and find her in the future,” Her Lady Queen said.

“I wasn’t able to see it clearly. However, I feel like my mother must be a great beauty,” Chu Feng said confidently. Although he had only managed to see a vague image, Chu Feng felt that his mother possessed a lot of class, and was a great beauty.

That was understandable. Likely, to everyone, their mother would be a very beautiful person.

“However... I remember her voice. It was extremely gentle,” Chu Feng felt a great amount of warmth as he recalled that voice.

Chu Feng felt intoxicated with that sensation of warmth. He did not want to let go of it.

He felt that perhaps this was the feeling of motherly love.

“It is truly a pity that you didn’t manage to see her appearance clearly. However, being able to hear her voice should be a very happy thing for you, no?” Her Lady Queen said.

Being with Chu Feng for so long, Her Lady Queen knew very well how much Chu Feng wanted to see his mother.

“Mn,” Chu Feng nodded. He was still remembering the scene that he had seen.

“Chu Feng, Chu Feng,” Right at that moment, Li Yue’er’s voice suddenly sounded.

“What’s wrong with you? I’m asking you a question, why aren’t you answering me?” Li Yue’er asked Chu Feng.

“Eh...” Chu Feng felt embarrassed. He was immersed in his memory, and had forgotten where he was. He had actually failed to hear Li Yue’er’s voice.

“You might be overly exhausted. Take a seat and have some rest,” Li Yue’er said.

“Girl, you don’t have to worry about me. You should take care of yourself first,” Chu Feng supported Li Yue’er with his arms and brought her to a seat.

Then, he began to set up a spirit formation to help her recover her spirit power.

Li Yue’er’s face was deathly pale. Her clothes were soaked with sweat. Even though she was a powerful little chili hot pepper, she currently resembled a weak woman, powerless to even truss a chicken.

Chu Feng felt very bad about it. If it wasn’t for helping him with his weaponry refinement, Li Yue’er would not have exhausted herself to such a state.

“Stop, your situation is worse than mine,” Seeing that Chu Feng was actually helping her recover her spirit power, Li Yue’er immediately urged him to stop.

“It’s alright, I am fine,” Chu Feng smiled and continued to help Li Yue’er recover.

After a short period of time, Li Yue’er managed to recover a lot. Although her complexion was still pale, she was at least spirited.

As for Chu Feng, he appeared to be completely fine. Compared to when they were still operating the Grand Weaponry Refinement Formation, Chu Feng looked like a completely different person.

“How could you suddenly recover this quickly?”

“Could it be that there is some sort of hidden power within you?” Li Yue’er was still curious.

She knew very well that Chu Feng’s recovery should be related to that overwhelming spirit power.

Ever since that spirit power emerged, Chu Feng became incomparably spirited. It was as if he had been reborn.

If Chu Feng had no idea what was going on still, then there could only be one possibility to explain it. That is, there was still a hidden power within Chu Feng’s body. That power was something that Chu Feng possessed no knowledge of, and did not know how to utilize.

“That would be great if that is the case,” Chu Feng smiled. Then, he said to Li Yue’er, “Oh that’s right, what is it that you wanted to ask me earlier?”

“I wanted to ask you how much progress you’ve managed to obtain from this weaponry refinement?” Li Yue’er asked.

# Chapter 2633 - Wang Qiang's Awakening

---

“Although you weren’t able to persist until the end, you should’ve also gained some harvest from this weaponry refinement process, no?” Chu Feng asked Li Yue’er.

Li Yue’er had directly asked him how much progress he gained from the completion of the weaponry refinement process, and not whether or not he had managed to obtain any harvest from it.

Chu Feng felt that Li Yue’er asked that because she had already obtained martial comprehension from the weaponry refinement process.

Since even she had managed to obtain martial comprehension, it would mean that Chu Feng must’ve definitely obtained martial comprehension too. Moreover, the martial comprehension he should’ve received should be greater than hers.

“Indeed, I have obtained martial comprehension. However, due to the fact that I was unable to persist through the latter half, due to my spirit power being insufficient, what I managed to comprehend grew less and less. Thus, it was not ideal.”

“What about you? You should’ve managed to gain quite a harvest, no?” Li Yue’er asked.

“The most crucial aspect in weaponry refinement would be the final step. However, due to the fact that my stamina was insufficient, I had neglected the comprehension method from the All Equilibrium Weaponry Refinement Chart during the crucial moment so that I could successfully craft the Incomplete Immortal Armament.”

“However, even with that being the case, I still received quite a harvest. I think... I can attempt to breakthrough to the True Immortal realm now,” Chu Feng said.

“When do you plan to begin?” Li Yue’er asked.

“We have spent three entire months in the weaponry refinement process. Regardless of what sort of conspiracy the Infant Soul Sect might have, they will most definitely be on the verge of accomplishing it. Time is urgent, I must immediately enter closed-door training,” Chu Feng said.

“Right now?” Li Yue’er was very shocked. She was worried about Chu Feng’s health.

However, as she saw how spirited Chu Feng appeared, she felt that her worries were somewhat unnecessary. Chu Feng’s current state could be said to be extremely good.

No matter how she looked at it, he did not resemble someone whose body was completely exhausted and on the verge of dying of exhaustion earlier.

After declaring that he would enter closed-door training, Chu Feng immediately did so. However, Li Yue’er knew that Martial Ancestors would definitely cause quite a commotion when breaking through to the True Immortal realm.

As for this commotion, it would differ according to the Self-Punishing Mysterious Technique that they trained in.

When Li Yue’er reached her breakthrough, she had made quite an enormous commotion. As for Chu Feng, he trained in the Divine Punishment Mysterious Technique. Thus, she felt that the commotion that Chu Feng would cause might be unprecedented.

For the sake of not catching the attention of the Infant Soul Sect and having them come and affect Chu Feng’s breakthrough, Li Yue’er not only took out the umbrella that was able to block Heavenly Lightning, but she even deliberately prepared many other treasures for Chu Feng.

Not only were those treasures capable of greatly lessening the commotion in the sky, but they were also able to decrease the fierceness of the Divine Tribulation’s Lightnings so that Chu Feng

would have a greater certainty of success in his breakthrough attempt.

At the moment when Chu Feng entered closed-door training, a large group of people were gathered in a certain ancient forest somewhere in the Hundred Refinements Ordinary Realm.

This group of people were Ying Mingchao, Zi Xunyi, Zhao Hong and the others.

All of them were gathered there. The previously seriously-injured Ying Mingchao was vigorous and lively now. He had been completely healed from his injury that day.

However, at that moment, they all seemed to be awaiting something.

“Rumble~~~”

Suddenly, the earth trembled, and trees began to rock back and forth violently. Soon, as the trembling grew even more intense, the enormous trees that reached the sky started to topple one after another.

“Bang~~~”

Suddenly, a loud explosion was heard. Then, a figure flew out from beneath the ground and arrived in midair.

That person possessed an extremely powerful aura. It was that of a rank two True Immortal.

As for that person, he was actually Wang Qiang.

“Husband, you’ve succeeded?”

Overjoyed, Zhao Hong immediately soared into the sky upon seeing Wang Qiang. She arrived beside him.

“W-wife, I’ve s-successfully made my b-breakthrough. O-on t-top of that, I have the p-power of my Divine Body. T-that cur, that Infant Soul Sect’s S-Sectmaster, will not be able to-to live for much longer.”

“L-Let us g-go and avenge my b-brother now,” Wang Qiang said.

As it turned out, Zhao Hong and the others had deliberately returned to Hero City after escaping from the Infant Soul Sect’s Sectmaster so that they could bring the still-sleeping Wang Qiang away.

Not long after they brought Wang Qiang away, Wang Qiang emerged from the spirit formation that surrounded him. He had successfully fused with the power of his Divine Body.

After obtaining Divine Power, Wang Qiang’s cultivation had directly increased to that of a rank one True Immortal. Furthermore, his cultivation was at the peak of rank one True Immortal.

After the battle that day, there was no more news of Chu Feng. No one knew whether he was dead or alive. As such, everyone became very worried for him.

This was especially true after they verified that the Infant Soul Sect’s Sectmaster was actually alive and healthy. With that, they became even more certain that a disaster might’ve happened to Chu Feng.

That said, regardless of whether Chu Feng was alive or dead, it remained that the main culprit was the Infant Soul Sect’s Sectmaster.

Thus, Wang Qiang, Ying Mingchao and the others had been making plans on how to take care of the Infant Soul Sect the entire time.

Unfortunately, even if Ying Mingchao were to recover from his injuries, he would not be a match for the Infant Soul Sect’s Sectmaster.

As such, Wang Qiang proposed to enter closed-door training. The reason for that was because after he fused with his Divine Power, not only did his cultivation reach rank one True Immortal, but

even his comprehension ability had increased.

As a peak rank one True Immortal, Wang Qiang felt that he would be able to reach a breakthrough to rank two True Immortal.

Thus, he entered closed-door training, and managed to successfully break through to rank two True Immortal today.

“Little brother Wang Qiang, excuse me for speaking frankly. Even though your cultivation has increased to rank two True Immortal, you might still not necessarily be a match for the Infant Soul Sect’s Sectmaster. The reason for that is because he not only possesses the assistance of the Infant Soul Demonic Technique, but he also possesses an Incomplete Immortal Armament,” Ying Mingchao said.

“I do not know exactly how powerful an Incomplete Immortal Armament might be, but the power of my Divine Body is most definitely not something a mere demonic technique could contend against.”

As Wang Qiang spoke, the weather started to change. In the sky rolling with black clouds appeared the image of four extremely fierce-looking ferocious beasts.

To be exact, those were four demonic beasts. The reason for that was because the aura they were emitting was ice-cold and dark.

That said, regardless of what those demonic beasts were, when Wang Qiang unleashed them, an extremely powerful aura descended from the sky and covered the entire region.

“This aura.”

Upon sensing that aura, not to mention the others, even Ying Mingchao and Zi Xunyi, who were both rank two True Immortals, revealed serious expressions.

Wang Qiang had been saying that his power was Divine Power the entire time. However, Divine Power was generally filled with auras of righteousness. Even Ying Mingchao’s ferocious beast-like

Divine Power emitted a righteous aura.

However, Wang Qiang's Divine Power was emitting a concentrated aura of darkness. To be exact... his Divine Power's aura resembled the Infant Soul Sect's Sectmaster's dark black gaseous flames, or the Evil God Sword's crimson gaseous flames.

Such a Divine Power was truly rare. It could be said that Wang Qiang's Divine Power was strange.

That said, regardless of how strange Wang Qiang's Divine Power might be, it remained that his aura was extremely powerful. He was infinitely close to reaching rank three True Immortal. With such overwhelming power, it might really be able to contend against the Infant Soul Sect's Sectmaster.

“Mingchao, Wang Qiang's battle power is this strong. If we are to assist him using the grand formation, he might really be able to defeat the Infant Soul Sect's Sectmaster,” Zi Xunyi said.

“N-n-no, r-regardless of whether or not i-it is feasible, I m-must still g-go and s-settle the d-debt with the Infant Soul Sect's S-Sectmaster today.”

“I a-am un-unable to wait any l-longer. I must g-go and fetch his head to a-avenge my b-br-brother,” Wang Qiang spoke with killing intent all over his face.

“Very well. Brothers, let us kill our way into the Infant Soul Sect today and avenge Brother Chu Feng!!!” Ying Mingchao shouted loudly.

“Avenge Brother Chu Feng!”

“Avenge Brother Chu Feng!!”

“Avenge Brother Chu Feng!!!”

The next moment, the people from the allied army all started to shout with raised arms.

Their voices resonated through the sky like thunder. They were

most definitely not shouting those words like a slogan.

They were all going to battle with death in mind. They were entering the battle with the determination to avenge Chu Feng. They did not know whether or not they would be able to survive.

Although the current allied army was scattered and much less imposing than before, these people who remained were a group of true warriors.

# Chapter 2634 - He Likes You

---

The palace that Li Yue'er and Chu Feng were in was actually a treasure that Li Yue'er possessed.

While the interior of the palace might appear to be glorious and dazzling, the two of them were actually only inside a piece of stone.

That piece of stone was placed into a mountain by Li Yue'er. As such, it looked very unremarkable.

No one would've ever imagined that that stone was actually a treasure. Furthermore, hidden in that treasure were two cultivation geniuses, Chu Feng and Li Yue'er.

However, at that moment, dazzling nine-colored lightning appeared over that desolate mountain.

The nine-colored lightning rushed forth from deep within the sky and covered the entire sky.

That lightning was galloping, raging and fluttering in an unpredictable manner.

Sometimes, the lightning would look like tens of thousands of dragons flying in the sky. At other times, the lightning would look like giant hands tearing the sky apart.

In short, such a scene was truly spectacular and intimidating.

“Heavens! What is going on with that?!”

The people that lived in the area that possessed ambitions of becoming stronger had all left for the Infant Soul Sect.

All those who remained were people without ambitions or those with extremely weak talent for martial cultivation.

Those people could be said to be the bottom rung of society who lived lives similar to those of ordinary commoners.

Moreover, that place was a desolate place without any major

powers around. Thus, powerful experts generally did not pass by.

As such, how could people like them possibly have witnessed something so spectacular. At that moment, practically everyone stopped the work they were doing.

Their attention was deeply caught by the lightning that covered the sky like divine dragons.

There were those among them that started to cheer, and those among them that started to scream. There were those who were excited, and those who started to panic.

However, the great majority of people were gasping in amazement at the scene.

“This should be caused by the breakthrough of someone with a Heavenly Bloodline, right?”

“I have heard that those with Divine Bloodlines will give rise to Divine Lightning during their breakthroughs,” A youngster said.

An old man that seemed to possess some expanse of knowledge said, “Indeed, the Nine-Colored Divine Lightning is indeed the special characteristic of Divine Bloodlines. I have witnessed those with Heavenly Bloodlines reaching breakthroughs in cultivation, but never have I witnessed such a spectacular sight. An abnormal sight like this simply does not resemble the breakthrough in cultivation of a Heavenly Bloodline possessor. Could it be... that it is the descent of a natural disaster?”

“The descent of a natural disaster?”

“Heavens! Why would a natural disaster suddenly arrive upon us? If I had known this would’ve happened, I should’ve followed my second son and left for the Infant Soul Sect.”

The less knowledgeable someone was, the more slow-witted they were. The more slow-witted someone was, the more timid they were. Upon hearing that this might be the arrival of a natural disaster, the people all began to panic. They began to tidy up their

possessions and started to flee while dragging their entire family with them.

However, the Divine Lightning simply covered too vast of an area. Furthermore, those people possessed limited cultivation. Thus, no matter how they tried to escape, no matter how far they fled, they were still underneath the lightning-filled sky.

They felt as if they would not be able to escape from the grasp of the Divine Lightning no matter how hard they tried to escape.

“We’re done for, we’re done for now. That frightening lightning seems to have covered the entire Hundred Refinements Ordinary Realm. This is truly a calamity. The Hundred Refinements Ordinary Realm will perish.”

In this sort of situation, many people felt that they would not be able to escape from the impending calamity, and started to weep in fear.

This was especially true after the thunder grew more and more resounding. Even the earth itself started to rumble and tremble nonstop. At that moment, the people felt that they would not be able to escape from the calamity.

In fact, it was not only those ignorant commoners that were looking at the lightning-filled sky.

Within the palace, Li Yue’er also had her head raised upward.

For a world spiritist of her level, the special palace hall was simply unable to obstruct her line of sight.

Thus, at that moment, what she saw was not the top of the palace hall. Instead, it was the vast sky, as well as the nine-colored lightning galloping high in the sky.

It was precisely because Li Yue’er was able to see the spectacular sight high in the sky outside that she revealed deep worry in her eyes.

“The lightning this time is much more frightening than last time. Will Chu Feng be able to withstand it?”

“Although the Divine Punishment Mysterious Technique is powerful, its tribulation lightning is truly frightening.”

“That is something that ordinary individuals will not be able to withstand,” Li Yue’er said.

She was present during Chu Feng’s last breakthrough in cultivation. The Divine Tribulation’s lightning that appeared last time had already astonished her.

However, the lightning this time around was several times more ferocious than last time. Li Yue’er was afraid that Chu Feng would not be able to withstand the torment of the lightning.

Her worries were not unfounded. She felt that even she herself would not be able to withstand such ferocious lightning.

“Little girl, don’t be too worried. Chu Feng will definitely succeed,” Suddenly, a sweet-sounding voice was heard.

Upon hearing that voice, Li Yue’er immediately turned her gaze toward the direction of the voice.

At that location was a table. A young girl wearing a black short skirt was sitting on the table.

That girl was extremely beautiful. As she sat on the table, she moved her snow-white and slender beautiful legs back and forth in a hyperactive and mischievous manner.

As for that girl, she was naturally Her Lady Queen Eggy.

Her Lady Queen had asked Chu Feng to let her out so that she could watch from the outside while Chu Feng entered closed-door training.

Thus, Chu Feng had opened his world spirit gate and released Her Lady Queen before he attempted to make his breakthrough.

“Little girl?” Being addressed in such a manner by Her Lady

Queen, Li Yue'er took a careful glance at Her Lady Queen. Then, she said, "Shouldn't you be the little girl?"

Over the years, Chu Feng had grown from a youngster to a robust young man.

However, Her Lady Queen's appearance had remained that of a young girl. There was not the slightest change in her appearance at all.

Even though Li Yue'er's appearance was also that of a young woman, when compared to Her Lady Queen, Her Lady Queen seemed to be even younger.

"Rude little girl, watch how you talk to this Queen. Address me as big sister," Eggy said with a beaming smile.

Her Lady Queen had always been a proud and haughty person. For many people, they would not be able to enter her discerning eyes, and she would refuse to even acknowledge their existence.

However, Her Lady Queen was quite fond of Li Yue'er. Thus, Her Lady Queen was actually quite genial when speaking with her.

However, due to the fact that Her Lady Queen truly looked too young and possessed an exceptionally beautiful face, Li Yue'er felt that she did not resemble someone amiable and cute. Instead, she resembled more of a mischievous little beauty playing around with her.

Thus, Li Yue'er did not continue to argue the issue of seniority with Her Lady Queen.

"How are you so certain that Chu Feng will be able to successfully make this breakthrough? Right now, the sight outside is truly frightening."

"It is truly the sight of doomsday's arrival. The way I see it, no one would be able to withstand that lightning," Li Yue'er said.

"I can't be certain. However, I know that Chu Feng will be able to

persist through it.”

“Actually, according to the way this Queen sees it, no matter how overwhelmingly powerful one’s Self-Punishment Mysterious Technique might be, they will only be testing one’s spirit and endurance. They will not destroy the cultivator’s body, even with their overwhelming power.”

“As for Chu Feng, his spirit is very strong, and his endurance is also extremely strong. Thus, according to my understanding of him, no matter how ferocious that Divine Punishment Mysterious Technique might be, he will still be able to overcome it in the end.”

“To Chu Feng, what he needs the most is to reach the junction that will allow him to reach a breakthrough in cultivation. The most crucial aspect for him is to attain greater comprehension towards the way of martial cultivation.”

“As for the so-called Divine Tribulation’s Lightning, as long as he is able to draw upon it, it will mean that he has successfully reached a breakthrough in cultivation,” Her Lady Queen said.

“You are truly confident in him. However, you are a world spirit, and you do not know about the profoundness of the Self-Punishment Mysterious Techniques, nor do you know how frightening the Self-Punishment Mysterious Techniques are.”

“In short, the Self-Punishment Mysterious Techniques are not as simple as you imagine them to be,” Li Yue’er said.

“Oh?”

Hearing Li Yue’er saying such words, Her Lady Queen smiled sweetly. She did not try to argue with Li Yue’er.

After all, Li Yue’er was someone trained in the Heaven Punishment Mysterious Technique. She had personally experienced the torment from the Heavenly Tribulation’s Lightning many times before. Thus, she most likely possessed her own impressions of the Self-Punishment Mysterious Techniques.

That said, regardless, Her Lady Queen still believed in Chu Feng. She felt that he would be able to endure the torment from the Divine Tribulation's Lightning.

Actually, what Li Yue'er said was very true. Her Lady Queen was merely confident in Chu Feng.

"Little girl, this Queen has a question for you," Her Lady Queen said.

"What is it?" Li Yue'er asked.

"Do you have someone that you like?" Her Lady Queen asked.

"No," Li Yue'er answered.

"Then is there someone that likes you?" Her Lady Queen asked.

"No," Li Yue'er answered.

"In that case, you do not have a lover, nor do you have a fiancée?" Her Lady Queen asked.

Li Yue'er's expression changed slightly upon hearing that question. She asked, "What do you mean?"

"What do you think about Chu Feng?" Her Lady Queen said with a mischievous smile.

"What do you mean, what do I think?" Li Yue'er was confused.

"Chu Feng has told me that he likes you," Her Lady Queen said.

"Ah?" Li Yue'er was immediately stunned upon hearing those words. Evidently, she was caught unprepared.

# Chapter 2635 - Rank One True Immortal

---

Although Li Yue'er was caught unprepared by Her Lady Queen's words, she was only surprised momentarily.

Soon, she adjusted her state of mind and asked, "And what of it?"

"I can tell that you have quite a decent opinion of that boy Chu Feng. Why don't you consider being with him? Actually, Chu Feng is quite a decent guy."

"Furthermore, let me tell you this, Chu Feng's parents are both extraordinary individuals. If you are to marry him, you will be able to have people back you in the future," Her Lady Queen said.

"You're overthinking things. I merely consider him to be my friend. Furthermore, the way I see it, he only considers me his friend too," Li Yue'er said.

"Friends can become lovers too. How about... you confess your love to him when he wakes up?"

"That boy Chu Feng is shy, and finds it embarrassing to confess to you. As such, he could only secretly tell me about it."

"But you're different. You're a woman. As the saying goes, for a man to woo a woman, a mountain stands between them, for a woman to woo a man, a layer of muslin stands before them."

"If you are to confess, the marriage between the two of you will be sealed," Her Lady Queen said with a mischievous laugh.

"Nonsense," Li Yue'er was a smart person. She soon realized that Her Lady Queen was messing with her.

Thus, after she cast a side-eye at Her Lady Queen, she turned her gaze towards the sky again.

After that, Li Yue'er completely ignored Her Lady Queen regardless of what she said.

However, Her Lady Queen's attitude toward Li Yue'er was

extremely good. She was actually urging Li Yue'er nonstop.

Although Li Yue'er was ignoring her, she continued to stand right before her and urge her.

Li Yue'er was truly unable to endure Her Lady Queen's endless pestering. Thus, she said to Her Lady Queen, "In that case, why don't you be with Chu Feng?"

"Little girl, this Queen is a world spirit, and Chu Feng is a world spiritist. How could I be together with him? That would be going against the natural order of things," Her Lady Queen said.

"But Chu Feng told me that he likes you," Li Yue'er said.

"Nonsense. I know everything he sees and hears. How come I don't remember him saying something like that to you?" Her Lady Queen had an expression of disbelief.

Li Yue'er did not say anything.

Seeing that Li Yue'er had grown quiet, Her Lady Queen became immensely proud.

"Little one, trying to use this trick against this Queen? Did you think this Queen is that easily deceived? Little girl, compared to this Queen, you are still very inexperienced."

"It's his gaze that told me that," Li Yue'er said.

"What?" Her Lady Queen's eyes' shifted. She revealed a surprised expression.

Gaze? How could one's gaze speak?

"I managed to tell that he likes you from the way he looks at you," Li Yue'er said to Her Lady Queen with a very serious tone.

"Yo, I really wasn't able to tell that, little girl, you are truly one to blabber nonsense," Her Lady Queen said.

"It's up to you whether or not you believe me," Li Yue'er said.

"Rumble~~~"

Right at that moment, a sudden ear-piercing rumble was heard.

In an instant, the nine-colored lightning gathered together, forming an enormous nine-colored dragon. With frightening oppressive might and an ear-piercing roar, it struck down from the ninth heaven. It was aimed straight at Chu Feng.

“Zzzzzz~~~~”

The next moment, the entire palace was covered by nine-colored lightning.

“This...”

At that moment, Her Lady Queen’s expression also changed enormously. Deep worry filled her eyes.

Being inside the Divine Tribulation’s lightning, she was able to sense with greater certainty how overwhelmingly powerful that Divine Tribulation’s lightning was. Sure enough, the lightning this time was stronger than all the lightning before.

Even though the lightning did not attack Her Lady Queen and Li Yue’er at all, they began to violently attack Chu Feng.

Their appearance simply seemed as if they wanted to rip Chu Feng apart alive.

When in such a situation, Chu Feng’s expression immediately became distorted and pain filled his face.

Even though Her Lady Queen was filled with confidence toward Chu Feng, she was still worried for him after seeing what he was going through.

The reason for that was because the lightning this time was truly much fiercer than every other lightning Chu Feng had experienced while making a breakthrough.

Soon, Chu Feng’s flesh started to tear. He was being torn apart and burned away by the lightning. He was being charred black like burned coal. Not only was his flesh changed beyond recognition,

but it was also steaming.

“Eeeahhh~~~”

Seemingly unable to tolerate the pain, Chu Feng started to scream hysterically. His voice was truly tragic.

“Chu Feng,” Her Lady Queen was unable to stand by upon seeing this scene.

However, although she wanted to rush toward Chu Feng, her arm was grabbed by Li Yue’er. Li Yue’er had stopped her.

“Do not disturb him. His tribulation’s lightning is completely different from all others. If his attention is to be disturbed, he might end up dying on the spot,” Li Yue’er said.

After hearing what Li Yue’er said, Her Lady Queen recalled Chu Feng telling her that the Divine Punishment Mysterious Technique would bring about Divine level Tribulation. When the Divine Tribulation’s lightning arrives, he would have to either endure through the tribulation or die.

If he were to fail, he would simply die.

“Is there any way to help him?” Her Lady Queen asked Li Yue’er.

She was truly panicking. Even though she was a generally a calm and composed individual, Her Lady Queen would turn into a completely different person when it concerned Chu Feng’s life and death.

She recalled that Li Yue’er had trained in the Heaven Punishment Mysterious Technique and possessed a vast amount of knowledge. Perhaps she might know of a way to help Chu Feng.

“No, this Divine Punishment Mysterious Technique is too powerful. The treasures that I’ve deployed for Chu Feng have all unleashed their effects already.”

“With such a ferocious Divine Punishment Mysterious Technique, there is no one who can help him. As to whether or not

he will be able to successfully reach a breakthrough, he can only rely on himself,” Li Yue’er said.

Her Lady Queen grew even more worried upon hearing those words. However, because she was afraid of affecting Chu Feng, she grew even quieter.

Fortunately, the overwhelming Divine Tribulation’s lightning did not persist for a long time. Soon, the intensity of the ferocious lightning began to die down.

“Don’t worry, he has managed to endure it,” Li Yue’er said.

“You’re certain of that?” Her Lady Queen asked. Even though the lightning’s intensity was decreasing, it remained that the remaining lightning was still tormenting Chu Feng. Chu Feng still had a painful expression on his face.

“It seems that you’re not that confident in him either. However, that’s understandable. The more one loves a person, the more one will be concerned for that person. The more one is concerned for someone, the more one will worry,” Li Yue’er said to Her Lady Queen with a smile on her face.

That girl was actually ridiculing Her Lady Queen. However, Her Lady Queen had no heart to pay attention to her. At that moment, only concern for Chu Feng’s safety filled Her Lady Queen’s eyes.

Actually, with merely this... what Li Yue’er said was actually correct.

At that moment, it was as Li Yue’er had said, Chu Feng seemed to really have managed to endure the tribulation this time around.

The power of the lightning grew weaker and weaker. Even Chu Feng’s charred black skin started to peel away from him and new skin emerged from underneath. It was as if he was experiencing a rebirth.

When the lightning disappeared, Chu Feng had returned to having a completely undamaged appearance.

When Chu Feng's eyes opened, it signified that he had truly succeeded.

The current Chu Feng was no longer a Martial Ancestor. Instead, he was a True Immortal, an actual rank one True Immortal.

“Good job. This Queen knew that you would be able to endure through it,” Seeing that Chu Feng had succeeded, Her Lady Queen ran towards Chu Feng excitedly.

Her Lady Queen no longer possessed the worried expression that she did earlier. Instead, she was completely at ease. It was as if she had anticipated this would happen, that she had anticipated that Chu Feng would definitely succeed.

“The breakthrough this time around was truly a bit hard to bare. However, all of this was worth it,” Chu Feng sensed the power that he possessed at that moment and became extremely excited.

It was truly the feeling of tasting sweetness after enduring bitterness.

After a short moment of chatting with Her Lady Queen, Her Lady Queen entered the world spirit gate and returned to Chu Feng's world spirit space.

It was only at that moment that Chu Feng noticed that Li Yue'er was currently looking at him with a slightly strange expression.

“Girl, what's wrong? Why are you looking at me like that? Could it be that you can't recognize me?” Chu Feng asked.

“No, it's nothing. Your world spirit knows you very well,” Li Yue'er said.

“Why did you say that?” Chu Feng asked.

“Go and ask her,” Li Yue'er said.

“Milady Queen, what did you say to this girl?” Chu Feng immediately asked Her Lady Queen.

“It's nothing. That said, you can be at ease and pursue that girl.

Trust me, you will definitely succeed,” Her Lady Queen said with a mischievous laugh.

“Ah?” Chu Feng was confused by what Her Lady Queen said. Evidently, the two girls were not talking about the same thing.

“Let me tell you this in secret. Although your closed-door training was completed very quickly, that girl Li Yue’er told me a lot of intimate things. Most importantly, she told me that she likes you,” Her Lady Queen said.

“Ah?” Chu Feng was surprised upon hearing those words.

However, a smile soon emerged on Chu Feng’s face. He said, “Milady Queen, while your cheap trick might be enough to deceive others, they are not enough to deceive me.”

From his understanding of Her Lady Queen, Chu Feng was certain that she was toying with him.

“Believe whatever you want. I have given you the chance. It will be up to you whether or not you’ll be able to grasp that chance,” Her Lady Queen said unyieldingly.

“I am finally able to subdue this weapon now, no?”

As Chu Feng spoke, he arrived before the Divine Dragon’s Blood Ruler and grabbed it.

The next moment, the Divine Dragon’s Blood Ruler let out boundless power. In a flash, it surrounded Chu Feng.

It was a layer of golden gaseous flames. However, it was also emitting specks of faint red.

The gaseous flames sealed Chu Feng off completely. They surrounded him as if they were burning him. It was an extremely imposing sight.

“This weapon?”

Seeing that scene, Li Yue’er started to frown.

Although it was an Incomplete Immortal Armament refined by Chu Feng, it was currently an ownerless item.

If Chu Feng wanted to make it his weapon, he must subdue it.

And now, the Divine Dragon's Blood Ruler was emitting an extremely intense opposition.

That weapon possessed an intense temper.

It was harder to subdue than she had anticipated.

# Chapter 2636 - Ocean Of People

---

Those gaseous flames appeared very imposing. It seemed as if they were planning to burn Chu Feng to death.

However, the gaseous flames soon started to gradually vanish. To be exact, they were being absorbed by Chu Feng. The gaseous flames were currently fusing with Chu Feng.

Seeing this, Li Yue'er heaved a sigh of relief. Even though the Divine Dragon's Blood Ruler had initially resisted Chu Feng, from the way it appeared now, Chu Feng had evidently successfully subdued the Divine Dragon's Blood Ruler.

"I had thought that it would enter Absolute Submission to me. After all, I personally forged it."

"Never did I imagine that this Divine Dragon's Blood Ruler would be this stubborn. It truly was quite taxing to subdue you," Chu Feng said with a beaming smile as he fiddled with the Divine Dragon's Blood Ruler in his hand.

In the past, most of the weapons that he had subdued entered Absolute Submission. As such, he would, to a lesser or greater degree, receive power from the weapons that he subdued. Those weapons' power would, to a greater or lesser extent, provide assistance to his cultivation or even increase it directly.

However, even though he had managed to subdue the Divine Dragon's Blood Ruler and made it recognize him as its master, he was unable to make it undergo Absolute Submission.

"Incomplete Immortal Armaments all possess lives. It is best that you do not say those infuriating words toward it. Else... even if it is willing to be used by you, it will not entrust all of its power to you," Li Yue'er warned Chu Feng.

"Understood," Chu Feng lightly smiled. Then, he gently caressed the Divine Dragon's Blood Ruler and said, "You are, after all, the

weapon that I have personally forged. I will definitely treat you well.”

“You should give it a name,” Li Yue’er said.

“Let’s just continue to call it the Divine Dragon’s Blood Ruler. After all, its appearance resembles a ruler more than a sword,” Chu Feng said with a wry smile.

Originally, Chu Feng and Li Yue’er had planned to forge the Divine Dragon’s Blood Ruler into a sword.

However, as Chu Feng had decided to skip the process of customizing the appearance of the weapon, the Divine Dragon’s Blood Ruler ended up having the same appearance as it did before, and simply did not resemble a sword at all.

“That works,” Li Yue’er said.

“Oh, that’s right. When do you plan to enter the Great Chiliocosm Upper Realm?” Chu Feng asked.

“I’m planning to set off right away. Do you want to journey there with me?” Li Yue’er asked.

“I’m afraid that I can’t. I must still go and settle my debt with the Infant Soul Sect,” Chu Feng said.

“Even though you’ve managed to successfully reach a breakthrough, your cultivation is still only that of a rank one True Immortal. Even though you’ve grasped that overwhelmingly powerful secret skill, you might not necessarily be a match for the Infant Soul Sect’s Sectmaster with your current cultivation.”

“Unless... you’re planning to use the power of your Demon Armament again?” Li Yue’er asked.

“Rest assured, I do not have to utilize the power of the Demon Armament again. Furthermore... I will definitely be able to destroy the Infant Soul Sect with my own hands this time around,” Chu Feng said in a very confident manner.

As Chu Feng was extremely confident, he was also extremely excited at that moment.

His father, Chu Xuanyuan, had given him a mission before he went to the Hundred Refinements Ordinary Realm. That mission was to eliminate the Infant Soul Sect.

However, because of his insufficient strength and impatience to eliminate the Infant Soul Sect, Chu Feng had given up on that mission, given up upon eliminating the Infant Soul Sect personally.

When the allied army was formed, Chu Feng felt that Ying Mingchao would be the one to eliminate the Infant Soul Sect. After all, Ying Mingchao was the strongest individual in the allied army at that time.

However, never did any of them expect the Infant Soul Sect's Sectmaster to be that powerful. Even Ying Mingchao was no match for him.

However, the situation had changed. After Chu Feng entered the True Immortal realm and felt the strength he currently possessed, Chu Feng felt that he would be able to eliminate the Infant Soul Sect by himself.

With that, he would be able to accomplish the mission given to him by his father.

Although Chu Feng was already thirty years old, compared to the age limit of being under forty years old to accomplish this mission, Chu Feng was still very young.

As long as Chu Feng was able to accomplish the mission, it would mean that he would have brought shame upon the Chu Heavenly Clan.

After all, the mission to eliminate the Infant Soul Sect was a mission set up by the Chu Heavenly Clan for their younger generations.

However, not all of the Chu Heavenly Clan's younger generation could attempt the mission, as there was also the forty year age limit. Those who were older than forty years old would not be able to attempt the mission.

This led to there being no one from the Chu Heavenly Clan's younger generation capable of accomplishing the mission even after many years had passed. In fact, many talents from the younger generation of the Chu Heavenly Clan had even been killed by the Infant Soul Sect.

The Infant Soul Sect, this Hundred Refinements Ordinary Realm's demonic sect, was simply incomparable to the powers in the Upper Realms.

However, it had become a nightmare in the eyes of countless Chu Heavenly Clan's younger generations. In fact, it became a taboo that they did not dare to touch.

As for Chu Feng, who was he? He was a child deemed trash and discarded by the Chu Heavenly Clan. On his forehead was still imprinted the character 'trash' that was personally branded upon him by the Chu Heavenly Clan.

If Chu Feng, this trash in the eyes of the Chu Heavenly Clan, was able to accomplish that mission, it would most definitely serve as an enormous humiliation to the Chu Heavenly Clan.

"Since you are determined to go, I will not stop you. Let us bid our farewells now," Li Yue'er said.

"I believe that we will meet again," Chu Feng said with a light smile.

"I think so too. As long as both of us are still alive," Li Yue'er said.

"We definitely will be," Chu Feng said.

Then, Chu Feng parted ways with Li Yue'er.

Li Yue'er proceeded toward the teleportation formation leading to the Great Chilocosm Upper Realm. In other words, she had proceeded for the so-called Stairway to Heaven.

As for Chu Feng, he proceeded directly toward Chen Heavenly City, the headquarters of the Infant Soul Sect.

Chu Feng wanted to know exactly what sort of grand activity was happening at the Infant Soul Sect, exactly what was it that the Infant Soul Sect spent so much time and effort plotting for.

.....

Chen Heavenly City was completely destroyed on the day when Ying Mingchao and the Infant Soul Sect's Sect master battled.

However, not only was Chen Heavenly City completely restored now, but it was even many times larger than before.

This new Chen Heavenly City was unimaginably large. Even when standing in the sky and looking down below, one could only see the tip of the iceberg known as Chen Heavenly City.

This city was large enough that it could accommodate everyone in the Hundred Refinements Ordinary Realm.

That said, even though the city had expanded many times in size, there were no other buildings apart from the city walls. To be exact, this was merely an empty city with city walls around it.

That said, the city was not a ghost city. On the contrary, it was utterly bustling with noise and excitement.

At a glance, one could see figures all over the city. Those were not ants. Instead, they were humans.

In fact, it was not only humans that were in the city. There were also a lot of monstrous beasts.

There were so many people that one simply could not see the end of them. At a glance, people's silhouettes seemed to extend all the way to the horizon.

This was a boundless ocean formed with people's bodies. This was... an ocean of people.

A scene like this could not be described even with the word 'spectacular.'

Although not everyone from the Hundred Refinements Ordinary Realm was gathered in Chen Heavenly City, at least ninety percent of them were gathered there.

At that moment, the faces of those people were all filled with excitement. They were all anticipating the opening of the Infant Soul Grand Formation. They were all waiting for the Infant Soul Grand Formation to grant them martial comprehension that would allow them to increase their cultivation.

"Sectmaster Hun, everyone that should be here has arrived. The people that did not come are all those that do not want to come. How much longer are you planning to wait till the activation of your Infant Soul Grand Formation?" The Abbot of the Buddha's Heavenly Temple asked.

"Don't be so anxious. There are still people on their way here. The Infant Soul Grand Formation will be activated once they're all here."

"Everyone, please rest assured. The Infant Soul Grand Formation will bestow all of you with its power. Everyone here will be able to benefit from the Infant Soul Grand Formation," The Infant Soul Sect's Sectmaster spoke to the crowd with a deeply resonating voice.

Even though not everyone was able to see his image, they all heard his voice.

"Long live the Infant Soul Sect! Long live Lord Sectmaster!!!"

It was unknown who started shouting those words. However, soon, everyone started to echo those words.

The densely packed crowd of millions and millions of humans

and monstrous beasts were all shouting in unison. This scene was truly spectacular.

That said, it was also very lamentable at the same time. After all, the Infant Soul Sect was a power that willfully slaughtered the innocent.

Such a demonic sect should be the target of scorn. They should be detested by all.

Yet, the Infant Soul Sect... was actually revered and worshipped by everyone like gods.

As such, how was it not lamentable???

# Chapter 2637 - Bitterly Disappointed

---

“Today, the Infant Soul Sect shall perish!!!”

Suddenly, a voice sounded from the heavens. That voice forcibly suppressed the unified shouts from the hundreds of millions of people.

The crowd present were all surprised upon hearing that voice.

The current Infant Soul Sect could be said to be everyone’s light of dawn, a light that would increase their cultivations. As such, how could someone dare say these sorts of words at a time like this?

It was simply outrageous and insolent behavior.

“Finally, you’re here. Ying Mingchao... I knew that you would come.”

At that moment, the Infant Soul Sect’s Sectmaster cast his gaze to the distant sky with a beaming smile on his face.

As the people present were mostly of a low level of cultivation, they were simply unable to see that far into the distance. However, the Infant Soul Sect’s Sectmaster was, after all, a rank two True Immortal. With his strength, he would naturally be able to see very far into the distance.

Thus, he had already noticed the allied army that was proceeding toward Chen Heavenly City.

Soon, the allied army led by Ying Mingchao appeared before the crowd’s field of view.

“Ying Mingchao. It really is them?”

“What? Ying Mingchao has come? Why did they come here?”

Although not everyone present was able to see Ying Mingchao and the others, they all came to know of their arrival from the conversations of others.

“Ying Mingchao, was the humiliation you received that day not enough for you? You actually still dare to come cause a disturbance?” The Immortal Sword School’s Headmaster said to Ying Mingchao.

“Amitabha, Almsgiver Ying, why must you do this?”

The Abbot of the Buddha’s Heavenly Temple also stood up. There was a trace of mockery in his tone.

“Ying Mingchao, Lord Sectmaster has already spared you once. Yet, you dare to come stir up trouble again? How could there be someone as shameless as you?”

More and more people present started to mock Ying Mingchao and the others.

They were all people who were ignorant of the truth. They were people that believed that the Infant Soul Sect was truly going to help them.

Furthermore, they had no idea that the Infant Soul Sect’s Sectmaster went to secretly chase after Ying Mingchao and the others to kill them.

All they knew was that Ying Mingchao had led the allied army to attack the Infant Soul Sect, but was instead defeated by the Infant Soul Sect’s Sectmaster.

However, the Infant Soul Sect’s Sectmaster decided to let Ying Mingchao go.

Thus, they felt that the fact that Ying Mingchao and the others dared to come create a disturbance today meant that they were shameless pests.

As such, they naturally started to look down on Ying Mingchao and the others. Some among them also started to verbally attack Ying Mingchao and the others.

“If I hadn’t witnessed it myself, I truly would never have believed

that the renowned Lord Ying Mingchao was actually this sort of man.”

“Truly one may know a person for a long time, yet never understand their true nature.”

More and more people started to mock Ying Mingchao. In fact, even those that did not witness what happened that day, and even people that were unable to even see Ying Mingchao and the others started mocking Ying Mingchao.

At that moment, the great hero in the eyes of countless people had become the target of criticism from all around. He had become the object of public disgust, and even the target of hatred.

“Truly fools.”

Seeing that bunch of fickle people, Ying Mingchao revealed deep disgust on his face.

Ying Mingchao had already witnessed a lot of selfish actions in his life. However, the scene before him caused him to be bitterly disappointed.

After all, many of the people that were verbally attacking him were people who had previously worshipped and admired him.

Yet, for the sake of self-interest, they immediately changed their attitudes.

Such a rapid change in attitude had caused Ying Mingchao to feel utterly disappointed.

Right at that moment, Wang Qiang walked out from the allied army. He walked to the front of the ally army and said, “In-Infant Soul S-Sect’s Sectmaster, is it? W-W-Where is my B-Brother C-Chu Feng right now?”

However, the Infant Soul Sect’s Sectmaster simply ignored him.

The reason for that was because the Infant Soul Sect’s Sectmaster felt that even though Wang Qiang possessed some reputation in

the Hundred Refinements Ordinary Realm, he was nowhere near qualified enough to talk to him.

He felt that the only person in the allied army that was qualified to talk to him was Ying Mingchao.

Seeing that the Infant Soul Sect's Sectmaster was ignoring him, Wang Qiang revealed a large blade and pointed it at the Infant Soul Sect's Sectmaster. He shouted, "Your g-granddaddy is questioning you right n-now! D-Don't you p-play d-deaf and mute w-with me! A-Answer me immediately!"

"This Wang Qiang's aura?"

Once Wang Qiang spoke again, all the experts from the Infant Soul Sect's side revealed a change in expression.

Even the Infant Soul Sect's Sectmaster had a surprised expression in his eyes when he looked to Wang Qiang again.

They were all able to sense that Wang Qiang's aura was that of a rank two True Immortal.

Furthermore, they noticed that even though the weapon in Wang Qiang's hand resembled a kitchen cleaver, it was actually an Ancestral Armament. Furthermore, it was a top quality Ancestral Armament.

"You're asking about Chu Feng?"

"Didn't Chu Feng escape with Ying Mingchao that day? How would I know where he is?"

"If you want to ask someone, you should be asking Ying Mingchao instead," the Infant Soul Sect's Sectmaster said with a confused expression on his face.

"T-Truly to p-pretend to be s-stupid, is it? V-Very well, I'll beat the t-truth out of you!"

Wang Qiang was disinclined to bother with superfluous words. He raised his Vegetable Cutting Edge and hacked it down toward

the Infant Soul Sect's Sectmaster.

“Boom~~~”

A slash was sent forth from the sky to the ground. Even the air and space itself were sliced in half by it.

That powerful slash could be said to be truly capable of splitting apart the heavens and cleaving apart the earth. It directly shot toward Chen Heavenly City, where hundreds of millions of people were gathered.

If that slash were to successfully reach the Chen Heavenly City, it would definitely cause countless people to lose their lives.

However, Wang Qiang did not care about that. He only wanted to avenge Chu Feng, and simply could not care about the lives of those selfish fools.

“Woosh~~~”

Right at that moment, the Infant Soul Sect's Sectmaster also revealed his Ancestral Armament. With a wave of his hand, he also shot forth a slash. That slash managed to block Wang Qiang's incoming slash outside of the Chen Heavenly Clan.

“If you want to kill me, then come at me directly! Do not harm the innocent!” The Infant Soul Sect's Sectmaster shouted. As he spoke, he actually had a faint trace of anger in his tone.

Hearing those words, the people that were previously enveloped by Wang Qiang's attack, those people that felt that a great catastrophe was about to befall them, were all moved to tears.

They actually all ended up really considering the Infant Soul Sect's Sectmaster as a great hero who considered their well-being.

“Y-You're q-quite an actor. V-Very g-g-good, your daddy shall s-see how much longer you can c-continue your pretense!”

Seeing that the Infant Soul Sect's Sectmaster was fond of being pretentious and putting on a show before the crowd, Wang Qiang

decided that he might as well send forth countless more slashes with his Vegetable Cutting Edge.

Although the slashes Wang Qiang sent forth this time around were about as powerful as his previous slashes, the scope of his attack was many times larger than his previous attack.

Furthermore, not a single one of his slashes that he sent forth this time around was aimed at the Infant Soul Sect's Sectmaster.

Instead, the many slashes were all aimed at the people inside Chen Heavenly City.

Wang Qiang wanted to see exactly how much longer the Infant Soul Sect's Sectmaster could continue to put up his disguise for.

“Woosh, woosh, woosh~~~”

The Infant Soul Sect's Sectmaster reacted extremely fast. Right after Wang Qiang sent forth his attacks, he immediately sent forth counterattacks. Many slashes were also shot out from his Ancestral Armament.

As explosions sounded, he actually managed to really block Wang Qiang's slashes. He had successfully prevented those innocent people from being injured or killed by Wang Qiang's slashes.

“Wang Qiang, you are truly too excessive! You actually planned to willfully slaughter the innocent!”

“Today, on behalf of all living things in the Hundred Refinements Ordinary Realm, I, Hun Poyuan, shall eliminate a scourge like you!” The Infant Soul Sect's Sectmaster held his Ancestral Armament in hand and rushed to attack Wang Qiang.

That said, when he rushed to attack Wang Qiang, he even gave himself a title of being righteous and fighting for justice.

# Chapter 2638 - Wang Qiang Revealing His Might

---

“Y-You’re c-calling me a scourge?”

“I, Wang Qiang, am a-actually being c-called a scourge?”

“F-Fucking hell! I’ve s-seen d-despicable people before, and I’ve a-also seen shameless people before, but y-your d-daddy I have never seen s-someone as d-despicable and s-shameless a-as-as you.”

“D-Doesn’t matter, I, W-Wang Qiang, do not c-care a-about how others view me. T-Today, I a-am de-definitely going to kill you and a-avenge my brother!”

Wang Qiang was not to be outdone. He held the Vegetable Cutting Edge in his hand and rushed forth to confront the Infant Soul Sect’s Sectmaster.

As the two rank two True Immortals collided and started battling with one another, they created overflowing oppressive might even without using special martial skills. Their battle was truly world-shaking.

“He’s that Wang Qiang? Chu Feng’s friend and a person deemed to be one of the strongest geniuses in the Hundred Refinements Ordinary Realm, that Wang Qiang?”

“No wonder. No wonder he’s already a rank two True Immortal at such a young age. That talent of his is truly astonishing.”

“Although his strength is overwhelmingly powerful, his character is truly lacking. He actually wanted to kill us earlier. For Chu Feng to have a friend like him, it could be seen that Chu Feng is not someone good either.”

“Humph, that Chu Feng was not a good person to begin with. When the Infant Soul Sect announced to the world that the Infant Soul Grand Formation was capable of helping us increase our

cultivations, that Chu Feng insisted on saying that it was a trap. He even declared that we were blinded by self-interest and cursed us as fools.”

“Humph, we were all present and clearly witnessed the Infant Soul Grand Formation helping the Chen Heavenly Clan’s Clan Chief increase his cultivation. The ability of the Infant Soul Grand Formation is real. It is not a trap at all.”

“Yet, merely because he possessed conflict with the Infant Soul Sect, that Chu Feng actually decided to invert right and wrong to speak ill of the Infant Soul Sect. He is simply not a good person at all.”

“That’s right. And here I was hearing rumors that Chu Feng was righteous and loyal. Turns out, he’s nothing but a phony.”

“That’s right. Facts speak louder than words. All the heroic deeds that Chu Feng did are merely lies. Even if they were real, they must all have been an act.”

“Truly, one may know a person for a long time without knowing their true nature. People are truly selfish.”

After Wang Qiang unleashed his attacks at them, the crowd grew even more certain that Wang Qiang, Ying Mingchao and the others were merely a bunch of hypocrites. In fact, they even began to verbally attack Chu Feng.

“It’s alright, the Infant Soul Sect’s Sectmaster is going to uphold justice for us. Today... those two-faced hypocrites will all be killed.”

Even more infuriating, those people actually really considered the Infant Soul Sect’s Sectmaster as their savior. They all started to desire from the bottom of their hearts that the Infant Soul Sect’s Sectmaster would defeat Wang Qiang.

“Heavens! What is going on? Why does it seem like that Wang Qiang is holding the upper hand in their battle?”

At that moment, there were those with powerful strength that discovered that Wang Qiang was actually winning in the confrontation with Ancestral Armaments.

“What? That Wang Qiang is winning? That’s impossible! No matter how strong he might be, he couldn’t possibly surpass the Infant Soul Sect’s Sectmaster. After all, Lord Sectmaster is someone who defeated even Ying Mingchao.”

Due to the fact that the overall cultivation of the crowd gathered here was quite low, they could only enjoy the lively excitement, and were simply unable to make out anything from the battle in the sky.

The only things that they could see were the surging energy ripples and overflowing oppressive might caused by the battle in the sky. They were simply unable to even see the figures of the two fighters.

However, as the Infant Soul Sect’s Sectmaster had defeated Ying Mingchao before, the crowd all felt that he would definitely win the battle. They had all thought that it would most definitely be the Infant Soul Sect’s Sectmaster who would be holding the upper hand in the battle.

“That guy... how could he be this powerful?”

While others might not be able to clearly see the battle, people like the Buddha’s Heavenly Temple’s Abbot and the Immortal Sword School’s Headmaster were able to witness the battle clearly.

They were able to clearly see that Wang Qiang, with his naked upper body, straw sandals on his feet and a kitchen cleaver-like weapon, was attacking recklessly in the sky.

However, his seemingly reckless and aimless attacks were able to suppress the Infant Soul Sect’s Sectmaster.

At that moment, the Infant Soul Sect’s Sectmaster could do nothing but defend himself against Wang Qiang’s nonstop attacks.

He did not even have the opportunity to fight back. He was completely locked down by Wang Qiang's barrage of attacks.

In fact... in a moment of carelessness, the Infant Soul Sect's Sectmaster received a slash on his left arm from Wang Qiang. Immediately, blood started to splatter across the sky.

"Brother Wang Qiang's battle power is truly not something that we can compare with."

Seeing that Wang Qiang held the upper hand in the battle, Ying Mingchao, Zi Xunyi and the others were all overjoyed.

At that moment, neither Wang Qiang nor the Infant Soul Sect's Sectmaster were using special methods to assist themselves. They were only fighting with one another with their rank two True Immortal-level cultivation and Ancestral Armaments.

Generally speaking, such a situation would cause the two fighters to be equally matched. However, Wang Qiang was able to rapidly gain the upper hand in their battle.

This signified one thing. That is, although they were both rank two True Immortals, Wang Qiang's battle power greatly surpassed that of the Infant Soul Sect's Sectmaster.

"Puchi~~~"

Suddenly, another slash from Wang Qiang landed on the Infant Soul Sect's Sectmaster's right leg. This time around, the power behind the slash was so strong that it actually managed to slice off the Infant Soul Sect's Sectmaster's right leg.

"Haha. T-Trash. Y-You're nothing much either," Wang Qiang laughed out loud.

At that moment, the Infant Soul Sect's Sectmaster revealed incomparable fury.

He was infuriated by Wang Qiang. Wang Qiang had never stopped talking ever since they started fighting. Wang Qiang had

been insulting him nonstop the entire time.

At the beginning, the Infant Soul Sect's Sectmaster did not take Wang Qiang's insults to heart. The reason for that was because he felt that even though Wang Qiang was a rank two True Immortal, his strength would definitely not surpass Ying Mingchao's.

When even Ying Mingchao was no match for him, he felt that someone like Wang Qiang would most definitely be easily defeated by him.

However, when he actually started fighting against Wang Qiang and was suppressed by Wang Qiang in battle, all of the insults that Wang Qiang had been showering him with turned true.

He had actually really become the trash that Wang Qiang spoke of.

He felt this to be completely unacceptable.

Suddenly, the Infant Soul Sect's Sectmaster shouted, "Set up the formation!!!"

Right after he said those words, the people from the Infant Soul Sect reacted as if they were already prepared. Immediately, they unleashed the formation.

Merely, as the Infant Soul Sect's Sectmaster did not utilize the Infant Soul Demonic Technique when fighting against Wang Qiang, the dark black gaseous flames emitted by those members of the Infant Soul Sect did not enter the sky.

Instead, they directly entered the body of the Infant Soul Sect's Sectmaster.

"W-What's wrong, trash? Y-You weren't able t-to win a-against your granddaddy W-Wang Qiang, and now need to f-find others to help you?" Wang Qiang started to laugh mockingly.

"Formation, rise!" At the moment when the people from the Infant Soul Sect used their formation to help the Infant Soul Sect's

Sectmaster increase his battle power, Zi Xunyi, Zhao Hong and the others who had already prepared for this immediately unleashed the same battle power-increasing spirit formation that they assisted Ying Mingchao with that day.

“No need.”

However, right when they started activating that spirit formation, before the crowd could assimilate their power into it and send it to Wang Qiang, Wang Qiang suddenly waved his hand.

He actually refused the assistance from Zi Xunyi and the others.

At that moment, it was not only Zi Xunyi and the others who were confused. Even the crowd from the Infant Soul Sect were confused by Wang Qiang's action.

“T-Trash, do y-you s-see this? Y-Your g-granddaddy Wang Q-Qiang simply does not need the assistance of o-others t-to take care of you. Your g-granddaddy is c-completely un-unlike you. G-Grandson, h-how could you be t-this u-useless to r-request the assistance of tha-that many people?”

“F-Furthermore, i-it's one t-thing to r-request the assistance of o-others, but t-they're actually e-even w-weeping and howling a-as they're providing you w-with their assistance. F-Furthermore, t-their c-cries even s-sounded like those of infants. D-Don't you f-find that disgusting?” Wang Qiang mocked.

The Infant Soul Sect's Sectmaster did not refute Wang Qiang's mockery. The reason for that was because his battle power had already increased enormously after receiving the assistance of the formation.

At that moment, he had unleashed many offensive techniques. There was only one goal in his mind. He planned to make Wang Qiang shut up with his strength.

Unfortunately, he was shocked to discover that Wang Qiang's battle power was overwhelmingly strong. It was strong enough to

make his hackles rise.

Even though he had obtained the assistance of the formation formed by the Infant Soul Sect's members and increased his battle power greatly, he was still no match for Wang Qiang.

“T-T-Trash, d-did you r-really think that you w-would be able to d-defeat your g-granddaddy Wang Qiang with j-just the h-help from that tr-trash? You a-are s-simply delusional.”

“Y-Your granddaddy W-Wang Qiang is merely playing with you. If I a-am to get serious, I will t-turn you into m-mincemeat in minutes,” Wang Qiang said.

# Chapter 2639 - Astonishing Battle Power

---

“You damned stutterer! This Sectmaster has yet to unleash my full strength. Don’t you continue to act this pleased here!”

“Right now, this Sectmaster shall have you experience my true strength!”

Finally, the Infant Soul Sect’s Sectmaster was unable to tolerate Wang Qiang’s insults, and returned Wang Qiang insults.

Furthermore, as he said those words, boundless dark black gaseous flames began to surge outward from his body into the sky.

Immediately, the vast sky was covered by the dark black gaseous flames. The infant cries also began to fill their surroundings.

The Infant Soul Sect’s Sectmaster had unleashed his Infant Soul Demonic Technique, his technique that could contend against Divine Power.

“Die!!!”

After increasing his strength, the Infant Soul Sect’s Sectmaster immediately unleashed an attack at Wang Qiang.

“Heeahh~~~”

Wang Qiang shouted loudly. Then, four different-colored gaseous flames emerged from his body.

At the same time, from the sky that was originally covered by the dark black gaseous flames emerged four fierce and malevolent-looking beasts.

Those four ferocious beasts were simply too frightening. The auras that they emitted were extremely ice-cold. Even though those four ferocious beasts were only images and did not even let out a single roar, their grandeur surpassed that of the black gaseous flames that filled the sky and shadowed the infant cries.

They were truly frightening.

At the moment when Wang Qiang unleashed his Divine Power, the Infant Soul Sect's Sectmaster's attack was about to reach him.

Logically, at such a close distance, Wang Qiang would not be able to dodge the attack.

However, Wang Qiang merely raised his hand, and the Vegetable Cutting Edge in his hand actually arrived before him with an unimaginable speed.

"Clank!" Not only did Wang Qiang's Vegetable Cutting Edge manage to block the attack from the Infant Soul Sect's Sectmaster, it even knocked the Infant Soul Sect's Sectmaster back.

"This..." The Infant Soul Sect's Sectmaster only managed to stabilize himself in midair after being forced back several steps.

At that moment, astonishment filled his face. Logically, the attack earlier should have most definitely struck Wang Qiang.

However, not only did it not manage to land on Wang Qiang, but he himself was even knocked back by Wang Qiang. He felt this to be utterly unbelievable.

"S-Say, grandson, d-didn't you s-say that y-you wanted y-your granddaddy I to w-witness your p-power? Why d-don't you t-try doing th-that?" Wang Qiang mocked.

"Humph," The Infant Soul Sect's Sectmaster was furious from the humiliation. After letting out a snort, he once again rushed forth to attack Wang Qiang.

However, regardless of whether he tried to fight Wang Qiang at close range or attack him from afar, all of his attacks were easily blocked by Wang Qiang. He was simply unable to injure Wang Qiang at all.

Instead, he was beaten back by Wang Qiang repeatedly.

He felt extremely humiliated by what was happening.

"It's those strange things?!"

After gradually calming down, the Infant Soul Sect's Sectmaster took note of the four strange gaseous flames on Wang Qiang.

Then he looked upward, and discovered the ferocious image of the four imposing beasts in the sky.

At that moment, the Infant Soul Sect's Sectmaster started to frown. He discovered that the power that Wang Qiang was unleashing right now was actually even more frightening than his Infant Soul Demonic Technique.

"You've trained in a Forbidden Demonic Technique?" The Infant Soul Sect's Sectmaster asked.

"D-D-De-Demonic Technique? Your g-granddaddy's power is c-called Divine Power!" Wang Qiang mocked.

"Nonsense! That is Divine Power? How could a Divine Power's aura be like this?" The Infant Soul Sect's Sectmaster refused to accept Wang Qiang's declaration.

He simply did not believe that the power Wang Qiang unleashed was Divine Power.

As he had trained in the Infant Soul Demonic Technique his whole life, he firmly believed that Wang Qiang's power also originated from a Forbidden Demonic Technique.

The reason for that was because he felt that the aura of Wang Qiang's power was much stronger than his own Infant Soul Demonic Technique in both its murderousness and its heinous nature.

"F-For you t-to have never f-felt this s-sort of aura before only m-means that y-you are i-ignorant and l-lacking in knowledge," Wang Qiang said.

"Don't you act this arrogant! Even if you've trained in a Forbidden Demonic Technique, I will still eliminate a scourge like you today!" With a flip of his wrist, the Infant Soul Sect's Sectmaster tossed away the Ancestral Armament in his hand.

Both the Buddha's Heavenly Temple's Abbot and the Immortal Sword School's Headmaster revealed a confused expression upon seeing that.

The Infant Soul Sect's Sectmaster was not a match for Wang Qiang. Given that that was the case, if he were to throw away his Ancestral Armament, he would be even less of a match for Wang Qiang.

“Woosh~~~”

Right at the moment when they were having misgivings, the Infant Soul Sect's Sectmaster revealed a golden dagger in his hand.

“This aura, could that be... an Incomplete Immortal Armament?”

It was only after they saw the weapon held by the Infant Soul Sect's Sectmaster that they came to a sudden realization.

Naturally, the golden dagger held by the Infant Soul Sect's Sectmaster would be the Incomplete Immortal Armament Dragonscale Dagger.

“Y-You're f-finally re-revealing your final t-trump card? S-Sure enough, that Incomplete Immortal Ar-Armament possesses an e-extraordinary aura. H-However, y-your granddaddy is s-still going to kill you today.”

When the Infant Soul Sect's Sectmaster unleashed his Incomplete Immortal Armament, Wang Qiang finally revealed a serious expression.

The reason for that was because the Infant Soul Sect's Sectmaster's battle power had indeed increased enormously when the Incomplete Immortal Armament appeared.

The current Infant Soul Sect's Sectmaster now had the strength to make Wang Qiang take him seriously.

“C-Come. Let y-your g-granddaddy see exactly w-what sort of power your Incomplete Immortal Armament might have.”

As Wang Qiang became serious, he also became excited. Holding the Vegetable Cutting Edge, he actually took the initiative to rush to attack the Infant Soul Sect's Sectmaster.

He was impatient to experience the might of an Incomplete Immortal Armament.

"Humph, ignorant child, by the time you realize the strength of my Incomplete Immortal Armament, you will already be dead."

The Infant Soul Sect's Sectmaster snorted coldly. Then, with the Dragonscale Dagger in hand, he rushed to confront Wang Qiang.

The two of them were thinking the same thing. They both wanted to kill their opponent using the most humiliating method.

Thus, neither of them used any martial skills. Instead, they decided to fight one another at close range using only their weapons.

One was an Ancestral Armament, whereas the other was an Incomplete Immortal Armament.

As the two fought, sparks scattered about and energy ripples started to wreak havoc.

To the crowd's astonishment, the battle that should have been easily decided entered a stalemate.

Wang Qiang actually managed to contend against the Infant Soul Sect's Sectmaster, who was using an Incomplete Immortal Armament, with a kitchen cleaver-like Ancestral Armament.

"Brother Wang Qiang is truly powerful."

At that moment, even Ying Mingchao was unable to contain himself from praising Wang Qiang.

He knew very well that even though Wang Qiang's Ancestral Armament was a top quality Ancestral Armament, it was simply unable to contend against that Incomplete Immortal Armament.

Furthermore, Ying Mingchao had fought against that Incomplete

Immortal Armament before. Thus, he knew very well how powerful it was.

There was only one reason why Wang Qiang was able to fight on par with the Infant Soul Sect's Sectmaster, who was using an Incomplete Immortal Armament, with only an Ancestral Armament. That is, Wang Qiang's battle power was outstanding.

Wang Qiang was making up for the deficit in the strength of his weapon with his own battle power.

With how powerful Wang Qiang's battle power was, how could one not be astonished by it?

"S-Say, g-grandson, that Incomplete Immortal A-Armament of yours is not that s-strong either. W-Why is it th-that you are still n-no match for your g-granddaddy ev-even after fighting for so long?"

"That Incomplete I-Immortal Armament of yours couldn't possibly be a fake, right?"

Wang Qiang was blabbering nonstop as he fought against the Infant Soul Sect's Sectmaster. Insults were being shot out from his mouth toward the Infant Soul Sect's Sectmaster incessantly.

The Infant Soul Sect's Sectmaster was so furious that his face turned green. However, he didn't say anything, and merely continued with his attacks against Wang Qiang. Each and every one of his attacks were fatal. From this, it could be seen how much he detested Wang Qiang.

Unfortunately, all of his attacks were blocked by Wang Qiang. He was simply unable to injure Wang Qiang at all.

This caused the Infant Soul Sect's Sectmaster to be even more furious. He was already using an Incomplete Immortal Armament. Thus, how could he not defeat an Ancestral Armament?

"Woosh~~~"

Right at that moment, Wang Qiang suddenly accelerated his attacks and caught the Infant Soul Sect's Sectmaster off-guard.

"Puu." A line of blood splattered forth. The Infant Soul Sect's Sectmaster was struck by Wang Qiang. His entire left shoulder was nearly severed.

Seeing such a scene, the expressions of the experts present all changed. They involuntarily opened their mouths in amazement.

Although the two fighters were both rank two True Immortals, Wang Qiang actually managed to injure the Infant Soul Sect's Sectmaster, who was using an Incomplete Immortal Armament, with an Ancestral Armament.

"Impossible!"

The Infant Soul Sect's Sectmaster looked at the deep wound on his left shoulder. He was actually unwilling to believe it to be real.

He was truly unable to accept it.

After all, he had utilized the power of his Incomplete Immortal Armament, which had increased his overall battle power.

It was one thing for him to not be able to kill Wang Qiang even with all this. Yet, how could he possibly be injured by Wang Qiang?

"Woosh, woosh, woosh~~~"

Right at that moment, Wang Qiang unleashed a barrage of attacks at the Infant Soul Sect's Sectmaster with his Vegetable Cutting Edge.

The Infant Soul Sect's Sectmaster refused to accept his defeat, and rushed forth to meet Wang Qiang's attacks.

However, he was defeated even more thoroughly the second time around. After a mere couple bouts, his entire body was riddled with wounds.

"Woosh~~~"

With the situation being like that, even though the Infant Soul Sect's Sectmaster was unwilling to accept it, he had no choice but to admit that he was no match for Wang Qiang.

Thus, he moved back explosively and distanced himself from Wang Qiang.

# Chapter 2640 - Golden Forbidden Medicine

---

Wang Qiang did not chase after the Infant Soul Sect's Sectmaster who had turned around to escape. Instead, he burst into loud laughter.

Mockingly, Wang Qiang said, "S-Sure enough, you're t-trash. Even if you possess an In-Inc-Incomplete Immortal Arm-Armament, y-you r-remain t-trash still."

"Say, t-trash g-grandson, how a-are you s-supposed to kill your g-granddaddy like this? Wouldn't w-what you de-declared earlier be n-nothing more t-than a pipe d-dream?"

"H-How a-about your g-granddaddy g-give you a h-handicap, and u-use o-only one hand?"

"H-How about this. Y-Your g-granddaddy will give you a massive handicap of b-both hands and legs."

"Your granddaddy m-might a-as well not fight back. I-I'll just stand here and l-let you cut m-me down."

"Damned stutterer! Shut up!"

Finally, the Infant Soul Sect's Sectmaster spoke. He was filled with rage, Flames were shooting out from his eyes.

Not to mention the rage on his face, all of his veins in his entire body were bulging forth.

In fact, he was already shivering in anger.

The reason for that was because he discovered that he was truly unable to match the Wang Qiang before him.

"Buzz~~~"

Right at that moment, the Infant Soul Sect's Sectmaster's heart suddenly grew tense. He discovered that items had appeared in his palm.

“Swallow them.”

Then, a voice transmission entered the Infant Soul Sect’s Sectmaster’s ears.

It was the voice of that Chu Heavenly Clan’s old man.

When that voice was heard, the Infant Soul Sect’s Sectmaster was immediately overjoyed. He immediately looked to his palm.

That old man possessed overwhelming power. If he were to help him, then regardless of how powerful Wang Qiang might be, Wang Qiang would still be defeated by him.

“These are...”

When the Infant Soul Sect’s Sectmaster looked to his palm, he immediately revealed a stunned expression.

There were tens of medicinal pellets in his palm.

Those medicinal pellets were not very large. They were each only one tenth the size of an ordinary pearl.

Those medicinal pellets were golden, and were emitting bright golden light and extraordinary auras.

The Infant Soul Sect’s Sectmaster was able to tell with a single glance that they were forbidden medicines. Furthermore, they were an extremely powerful sort of forbidden medicine.

“Swallow them,” Right at that moment, that old man’s voice sounded again.

However, the Infant Soul Sect’s Sectmaster did not do as he indicated. He knew very well that he would definitely die should he swallow all of the forbidden medicine.

“Swallow those medicinal pellets and this old man will guarantee that you will live.”

“If you are to refuse to swallow them, even this old man will not be able to save you,” that old man’s voice sounded again.

The Infant Soul Sect's Sectmaster actually knew very well what sort of situation he was in. Due to his identity, even if that old man possessed overwhelming power, he would not be able to act to help him.

If he wanted to defeat Wang Qiang and the others, he could only rely on himself. If he were to swallow those medicinal pellets, he would be able to defeat Wang Qiang.

If he did not swallow the medicinal pellets, he would only be killed by Wang Qiang.

Judging from that, swallowing the forbidden medicines would be the most optimal choice for now.

However, even though he knew that was the case, he still did not dare to swallow the forbidden medicine.

The reason for that was because he knew that swallowing those forbidden medicines would be equivalent to taking one foot and placing it over the gates of hell. He would have no way to go back on his decision.

"What's t-this? You're u-unable to d-defeat your g-granddaddy, and plan t-to use forbidden medicines now?"

"Say, my d-dear grandson, look at y-yourself. Y-You a-are t-truly a d-d-d-disappointment to your g-granddaddy."

"Forget a-about i-it-it. Go ahead and t-take them. Your granddaddy shall see w-what tricks you have l-left," Wang Qiang mocked.

Although Wang Qiang was able to tell that those were forbidden medicines, he did not stop the Infant Soul Sect's Sectmaster.

The reason for that was because Wang Qiang simply did not place those forbidden medicines in his eyes.

He felt that even if the Infant Soul Sect's Sectmaster were to take those forbidden medicines, he would still not be able to defeat him.

The reason for that was because Wang Qiang was able to sense exactly how powerful his battle power was. It was precisely because he knew how powerful he was that he acted so confidently.

“Take t-them. Your g-granddaddy is telling you to take them. W-Why are you s-still lingering around?”

“Grandson, take them right n-now. S-Swallow them and c-come fight a-against your granddaddy again.”

Seeing that the Infant Soul Sect’s Sectmaster was hesitant to take the forbidden medicines, Wang Qiang started to laugh mockingly.

“Damned stutterer! Shut the fuck up!”

The Infant Soul Sect’s Sectmaster shouted furiously.

Then, he raised his hand and directly tossed the handful of golden forbidden medicines into his mouth.

He was truly and utterly enraged by Wang Qiang. It was precisely because of the fury he felt toward Wang Qiang that he gained the courage to take those forbidden medicines.

After all, those forbidden medicines would be able to help him teach Wang Qiang a proper and ruthless lesson. They would be able to help him vent the anger in his heart.

“Bang~~~”

Right after those forbidden medicine entered his mouth, an explosion sounded from within the Infant Soul Sect’s Sectmaster’s body. It sounded as if something had exploded within him.

Following that, he started to emit a golden radiance.

The golden light was emitted directly from his body. It was like his bones were shining with golden light.

Soon, the skin of the Infant Soul Sect’s Sectmaster started to fall off of his body. He became a humanoid shaped pile of mutilated flesh that was shining with golden radiance.

After his skin started to fall off, his flesh also began to fall off. In the end, only his bones remained.

Round little pearls were present on his bones. Those pearls were shining golden bright.

Looking carefully, those pearls were the same golden forbidden medicines that he had swallowed earlier.

Merely, at that moment, those golden forbidden medicines had already fused with the Infant Soul Sect's Sectmaster. They now resembled a part of the Infant Soul Sect's Sectmaster.

That said, even though he was emitting golden light, the Infant Soul Sect's Sectmaster appeared to be extremely frightening. After all, his flesh and skin were completely gone. All that remained was his skeleton.

“Hahahaha...”

Right at that moment, the Infant Soul Sect's Sectmaster burst into loud laughter. It was an extremely frantic and crazy laughter, so much so that the crowd was unable to endure it.

Most importantly, with his current appearance and that laughter, he was truly frightening.

“What's wrong, grandson? D-Did you eat too m-many forbidden medicines that y-you've turned s-stupid?” Wang Qiang mocked.

“You will soon find out why I'm laughing,” The Infant Soul Sect's Sectmaster said to Wang Qiang.

“Bang~~~”

Suddenly, the Infant Soul Sect's Sectmaster moved. His speed was extremely fast. He was flying straight at Wang Qiang.

“This guy.”

At that moment, even Wang Qiang's expression changed.

The reason for that was because the Infant Soul Sect's Sectmaster

had arrived before Wang Qiang instantly.

That Dragonscale Dagger was already slashing down on Wang Qiang. The speed was so fast that even Wang Qiang was caught off-guard.

However, Wang Qiang was not to be underestimated either. At the critical moment, Wang Qiang managed to, with all his might, raise the Vegetable Cutting Edge in his hand.

“Clank~~~”

Sparks scattered everywhere. Wang Qiang managed to block the attack.

However, Wang Qiang was knocked back several meters after blocking the attack.

Furthermore, a deep dent had appeared in his Vegetable Cutting Edge.

Not only that, but the arm that he was holding the Vegetable Cutting Edge with started to tremble violently.

“This guy’s power, it a-actually increased t-this much?”

At that moment, Wang Qiang’s heart sunk. Even though he knew that the forbidden medicines would increase the Infant Soul Sect’s Sectmaster’s strength, Wang Qiang never expected the forbidden medicine to increase his strength to such a degree.

It seemed that he was truly no match for the Infant Soul Sect’s Sectmaster now.

“Damned stutterer, come at me. Come and fight against this Sectmaster.”

The Infant Soul Sect’s Sectmaster stood where he was. He did not give chase. Instead, he began to insult Wang Qiang like Wang Qiang had insulted him earlier.

“Hehe... g-grandson, d-don’t t-think that y-your granddaddy w-will be a-afraid of you with m-merely this.”

Wang Qiang did not cower. His body shifted, and he disappeared.

When he reappeared again, he was right above the Infant Soul Sect's Sectmaster. With the Vegetable Cutting Edge in hand, he hacked down on the Infant Soul Sect's Sectmaster's head.

However, right at the moment when Wang Qiang's slash was about to land, the Infant Soul Sect's Sectmaster suddenly raised his hand. He had raised the Dragonscale Dagger above his head. Then, he slashed with it.

"Clank!" Wang Qiang was once again knocked away.

This time around, the hand and arm that Wang Qiang was holding his Vegetable Cutting Edge with started to tremble even more intensely. In fact, blood was flowing from his palm.

"Brother Wang Qiang, accept the power of the formation immediately!" Ying Mingchao shouted.

At practically the same moment Ying Mingchao shouted those words, the power of the grand formation that drew power from Zi Xunyi, Zhao Hong, Ying Mingchao and everyone else from the allied army entered Wang Qiang.

After the power of that grand formation entered Wang Qiang, Wang Qiang's battle power increased greatly.

# Chapter 2641 - Arrival Of Doomsday

---

“Woosh~~~”

Right at the moment when Wang Qiang obtained the power of the spirit formation and strengthened his battle power, that Infant Soul Sect’s Sectmaster rushed toward him.

Faced with the incoming Infant Soul Sect’s Sectmaster, Wang Qiang again did not cower. He too rushed forth to confront him. He wanted to have a final confrontation against the Infant Soul Sect’s Sectmaster.

The reason for that was because Wang Qiang knew very well that he had no way out of this apart from fighting with his all.

However, right after they started fighting, Wang Qiang was shocked to discover that he was unable to defeat the Infant Soul Sect’s Sectmaster. Even though he had obtained the assistance of the allied army’s power, he was still no match for the Infant Soul Sect’s Sectmaster.

“Puu~~~”

Soon, the Infant Soul Sect’s Sectmaster’s Dragonscale Dagger struck Wang Qiang.

With that one strike, Wang Qiang’s flesh was cut open. Even his bones were injured by the slash. From this, it could be seen how powerful the Infant Soul Sect’s Sectmaster’s attack was.

However, that was merely the beginning. Following that.....

Another slash, two slashes, three slashes, four slashes, five slashes.....

Soon, Wang Qiang was covered with wounds. His body had become badly mutilated. He had become completely bloodied.

Most importantly, as Wang Qiang continued to be struck by the slashes, the Infant Soul Sect’s Sectmaster managed to assail Wang

Qiang's body with the strange dark black gaseous flames emitted by his Infant Soul Demonic Technique.

Soon, Wang Qiang started to scream miserably in pain. His aura also started to grow weaker and weaker. Not long afterward, he lost the ability to continue fighting, and could only allow himself to be thrashed around.

“Bastard, get the hell away from my husband!”

How could Zhao Hong possibly contain herself after seeing this? She immediately grabbed her Ancestral Armament and rushed forth.

Immediately afterward, Ying Mingchao, Zi Xunyi and everyone else from the allied army rushed forth.

They were all prepared for death the moment they'd decided to attack. They knew that they would either eliminate the Infant Soul Sect or die trying.

“Hahaha. Come at me, come all at once. I shall see who can possibly stop me today.”

Even though he was surrounded, the Infant Soul Sect's Sectmaster burst into loud laughter. He began to shuttle through the allied army.

Regardless of what sort of ability the crowd tried to use, not a single person was able to injure him in the slightest.

However, the Dragonscale Dagger in his hand was like a butcher's knife. It streaked across the bodies of the crowd repeatedly. Blood splattered about all over the place. This was truly a miserable scene.

It was like a group of little hares were gathered around a tiger. Although they were not afraid of dying and extremely aggressive, the enormous disparity in strength made it so that they were unable to harm that tiger in the slightest. All that they could do was to allow themselves to receive a beating.

Although the Infant Soul Sect's Sectmaster attacked savagely, he left only superficial wounds on the crowd, and did not kill anyone. He merely mutilated everyone and left them covered in wounds.

It was not only the men, even Zhao Hong, Zi Xunyi and the other women were not spared by him.

However, the wounds he left were most definitely not merely superficial wounds. The reason for that was because black gaseous flames assailed their bodies through the wounds.

The entire allied army was affected by the black gaseous flames. They became an army without the strength to battle, without strength to even stand.

Seemingly deliberately humiliating Ying Mingchao and the others, the Infant Soul Sect's Sectmaster set up a prison cell with his spirit power and then tossed everyone from the allied army into that prison cell.

That prison cell was floating in the sky, and was very noticeable. Furthermore, as it was very large, the people down below were all able to notice it.

What the Infant Soul Sect's Sectmaster had done could be said to be extremely inhumane.

However, not only was he not criticized by the crowd, he was instead showered with cheers and praise.

“Long live Lord Sectmaster! Despicable vile things like them should be punished!”

“This sort of punishment is simply not sufficient at all! You should kill them all! Only by killing them all will we be safe! Only by killing them all will our Hundred Refinements Ordinary Realm be peaceful!”

There were even those that shouted for the Infant Soul Sect's Sectmaster to kill Wang Qiang and the others.

Even though Wang Qiang and the others had never done anything wrong to them, these people were acting as if Wang Qiang and the others had killed their parents. They were truly ruthless.

Zi Xunyi was lying beside Ying Mingchao. With a weak voice, she asked, “Mingchao, don’t you regret that we’ve fought for people like them?”

“I do regret fighting for them. However, I don’t regret fighting against the Infant Soul Sect. Merely, I...”

As he saw Zi Xunyi beside him, as he saw her filled with wounds and changed beyond recognition, Ying Mingchao started to choke with emotions.

She was his most beloved woman. Yet now, she was tortured to such a state. But he was helpless to do anything about it.

He felt extremely pained in his heart. He started to blame himself for being so powerless.

“Everyone, don’t be so anxious. They will definitely receive their punishment.”

“However, before that, I wish to have everyone witness the power of our Infant Soul Grand Formation,” the Infant Soul Sect’s Sectmaster said.

“Lord Sectmaster, are you planning to activate the Infant Soul Grand Formation now?”

The crowd was immediately overjoyed upon hearing those words. After all, they had all traveled far and wide to this place for that Infant Soul Grand Formation, that grand formation capable of helping them increase their cultivation.

“That’s right, of course. Everyone, prepare yourselves for ascension to a higher state.”

After saying those words, the Infant Soul Sect’s Sectmaster

started to form hand seals. Then, dark black gaseous flames started to emit from everyone from the Infant Soul Sect. The dark black gaseous flames shot directly to the sky and formed an enormous formation.

As for that dark black grand formation, it was the so-called Infant Soul Grand Formation.

Merely, compared to last time, it was much more imposing.

Like an enormous range of black clouds, this grand formation filled the entire sky and completely covered the hundreds of millions of people from the Hundred Refinements Ordinary Realm within it.

It was spinning and surging about.

Even though such a thing clearly looked like the arrival of a calamity, the hundreds of millions of people down below did not feel the slightest bit of fear. Instead, they were all showing ecstatic expressions.

Cheering and excited noises were sounding from the vast crowd nonstop.

“Everyone, this Infant Soul Grand Formation is capable of helping you all increase your cultivation. However, you all must remember one thing firmly.”

“The Infant Soul Grand Formation will cover you all, assimilate itself into you and fuse with your souls.”

“At that time, you all must relax and willingly accept its powers, willingly allow its powers to enter you and fuse with your souls. You must not resist it.”

“The reason for that is because that is the only way for the Infant Soul Grand Formation to instill martial comprehension to you all. Else... you will have wasted the power of the Infant Soul Grand Formation. If you fail to obtain martial comprehension, do not blame the formation for being ineffective,” the Infant Soul Sect’s

Sectmaster said.

“We will definitely not let down Lord Sectmaster’s kind intentions.”

“Lord Sectmaster, go ahead and begin the operation of the Infant Soul Grand Formation. We can wait no longer. We really want to fuse with the grand formation.”

“That’s right, we truly want to enjoy the power of the Infant Soul Grand Formation sooner.”

“Lord Sectmaster, please begin. Everyone here will firmly remember your kindness, we will firmly remember this grand day.”

The hundreds of millions of people were all shouting excitedly. They were all impatient to fuse with the Infant Soul Grand Formation.

They were so excited that none of them noticed that a smile had emerged on the Infant Soul Sect’s Sectmaster’s fleshless skull-like face.

That smile was ice-cold, wicked and frightening.

“Rest assured, I will make sure that everyone receives the power of the Infant Soul Grand Formation.”

After the Infant Soul Sect’s Sectmaster finished saying those words, countless dark black gaseous flames started to surge from the Infant Soul Grand Formation. They descended straight down and landed on the hundreds of millions of people below.

Each dark black gaseous flame would reach a single person. They began to rapidly cover that person and completely seal them off.

At that moment, Ying Mingchao, Zi Xunyi, Zhao Hong, Wang Qiang and the others that were trapped in the prison cell started to resist their injuries and looked down below.

They all wanted to see exactly what conspiracy the Infant Soul

Sect was plotting. They all felt that the foundation of the plot should be that Infant Soul Grand Formation.

“Buzz~~~”

Soon, the dark black gaseous flames that covered the vast crowd below started to glow with light blue light.

Ying Mingchao and the others felt that those light blue lights should be coming from the people that those gaseous flames covered.

The reason for that was because even though they were all emitting light blue light, the intensity of the light was different. The ones that shone brighter should be emitted by those with stronger cultivations.

As for those weak lights, they should be emitted by those with a weak level of cultivation.

“Buzz, buzz, buzz, buzz~~~”

Suddenly, those blue lights started to be removed. Following the dark black gaseous flames, they emerged in the Infant Soul Grand Formation.

“Eeeaahhh~~~~~”

The next moment, miserable screams began to be heard from the millions of people.

Those screams were truly miserable. It was as if they were being tormented by thousands of blades. If a single person was to let out that sort of scream, it would be enough to cause others to feel panicky and uneasy.

When hundreds of millions of people all let out that sort of scream at the same time, it was truly frightening.

One would feel as if doomsday had arrived. Ninety percent of all the people in the Hundred Refinements Ordinary Realm were suffering from danger to their lives.

# Chapter 2642 - The Final Dawn

---

“Sure enough, there’s an issue. That is simply not a formation capable of increasing everyone’s cultivation. Instead, that is a demonic formation.”

“That formation is currently extracting everyone’s souls.”

At that moment, Ying Mingchao and the others that were imprisoned were finally able to understand the intention of the Infant Soul Sect.

Everyone from the Hundred Refinements Ordinary Realm had been deceived. The Infant Soul Grand Formation that they had looked forward to, the Infant Soul Grand Formation that brought them all together, was simply not a formation capable of helping them increase their cultivations.

Instead, it was a formation that extracted their souls and lives.

“Nooo!!!!”

“Eeaaahhh!!!!!!!!!!”

The miserable screams grew louder and louder. They filled the entire region. It was as if screams were resonating through the entire vast land of the Hundred Refinements Ordinary Realm.

It was an incomparably mournful sound.

At that moment, the people who were covered by the dark black gaseous flames started to struggle violently.

However, they seemed to already be powerless. Even though it could be seen that they were struggling violently, not even a single person was able to break free from the dark black gaseous flames.

Just like that, they continued to have their souls extracted by the Infant Soul Grand Formation.

“This is truly too cruel. This Infant Soul Sect is actually planning to refine all the people in the Hundred Refinements Ordinary

Realm.”

At that moment, Grandmaster Pocket and many others were unable to continue watching. After all, such a scene was truly too miserable.

This was especially true for the monks like Grandmaster Pocket. Pitiful expressions filled their faces.

“Humph, those fools have wished for our deaths. They had forgotten about everything at the first sign of potential benefits.”

“What’s happening right now is for the best. They deserve it. Their deaths are their own fault.”

Zhao Hong said with an expression of hatred on her face. She was not a merciful person like Grandmaster Pocket.

All she knew was that when they, the allied army, fought for the sake of those people, they were betrayed by them. Then, they were insulted and held in contempt by them. She knew very well what sort of people they were.

“That’s right, those ignorant bastards deserve to die.”

What Zhao Hong said gained the approval of the great majority of the people from the allied army.

If it was before, they would definitely grieve upon seeing this sort of thing. After all, those were all living people.

However now, after they were betrayed by them, after they were spoken ill of and humiliated by them, after they witnessed those people’s true natures, they no longer felt any sympathy for those people. Instead, they only felt that the suffering of those people satisfied their hatred.

“Rumble~~~”

Right at that moment, an ear-piercing explosion suddenly sounded from the distant sky.

Looking toward the direction of the sound, the crowd was able to

see that a golden light was rapidly approaching. One should know that that entire region had already been covered by the dark black gaseous flames. That entire region was already pitch black.

Thus, the sudden appearance of a golden ray of light like that was particularly eye-catching.

As that golden light grew closer and closer, the area covered by the golden light started to expand more and more.

It was as if what was approaching was a sun that was once again illuminating the earth.

“That is?”

Suddenly, Ying Mingchao and the others revealed a change in expression. The reason for that was because they discovered that the source of the golden radiance was a sword.

It was an enormous golden sword that reached several hundred meters long.

That golden sword was shining brightly with golden light. Although the size of the sword was still insignificant when compared to the dark black gaseous flames that filled the entire region, that sword was shining with golden light and extraordinary dominance.

As it passed, even the dark black gaseous flames started to squirm violently. It was as if they were trembling in fear.

Most importantly, on that enormous golden sword stood a figure.

As for that person... his clothes and hair were fluttering in the wind.

As the golden radiance was simply too dazzling, they were actually unable to see that person's appearance clearly.

However, for that person to appear at such a time and with such golden light, it was like dawn appearing during an apocalypse. Looking at him, one would start to feel hope in one's heart.

“Chu Feng! Look! It’s C-Chu Feng! It’s my B-Brother Chu Feng!!!”

Suddenly, Wang Qiang shouted sutteringly. Even though his face was already mutilated, one could still feel the joy that he felt at that moment.

“Chu Feng! It’s Chu Feng! It really is Chu Feng!!!”

After verifying that it was Chu Feng, everyone in the allied army grew incomparably overjoyed.

After all, Chu Feng was someone who they all cared deeply about. While being able to be saved was one thing, Chu Feng’s appearance at such a time also informed them that he was still alive.

As such, how could they not be in joy?

“Chu Feng? Why would he come now?”

Upon seeing Chu Feng, The Infant Soul Sect’s Sectmaster spoke with a displeased tone. He felt that Chu Feng’s arrival would be a thorny problem.

He was able to sense how powerful Chu Feng was. Although Chu Feng’s aura was only that of a rank one True Immortal, the enormous golden sword he was standing on was giving off an extremely powerful aura.

Most importantly, he was wholly concentrated on the operation of the Infant Soul Grand Formation. As such, there was no way for him to fight Chu Feng. If he were to fight Chu Feng, this Infant Soul Grand Formation would have to cease operating.

At that moment, Chu Feng also noticed the situation with the Infant Soul Grand Formation. However, he did not even bother to pay attention to it. Instead, he directly rushed toward Ying Mingchao and the others.

The Ancient Era’s War Sword shot through the sky and directly shattered the prison cell that Ying Mingchao and the others were trapped in.

After the prison cell was destroyed, Ying Mingchao, Wang Qiang and the others, all being seriously injured, lost the ability to fly and started falling toward the surface.

“Buzz~~~”

However, right after they started descending, a layer of gentle power caught them. It was a grand spirit formation.

After Chu Feng caught them with his grand spirit formation, he did not bother with the Infant Soul Sect’s Sectmaster. Instead, he sat cross-legged on the grand spirit formation and started to set up a healing formation.

After an hour passed, a healing formation was completed. It covered everyone in the allied army.

The badly mutilated bodies of the crowd that were in the grand spirit formation floating in midair started to heal, and soon returned to their original appearances.

Furthermore, the expressions of pain on their faces also lessened greatly. Even the dark black gaseous flames were being expelled.

“Chu Feng, my d-dear brother, I k-knew t-th-that you w-were still alive. S-Sure enough, y-you’re alive.”

Wang Qiang was extremely overjoyed. Even though he was still extremely weak, he rushed limping toward Chu Feng and grabbed Chu Feng by the shoulder. He began to pat Chu Feng’s shoulder and size him up repeatedly.

“Your cultivation actually increased to rank two True Immortal? This progression speed is simply too fast, no?” Chu Feng was extremely happy to see the progress that Wang Qiang had made.

Actually, Chu Feng was feeling extremely happy. Even though the people from the allied army appeared to be in a miserable state, their injuries were only superficial.

None of them had suffered any fatal injuries. This could be said

to be great fortune among misfortune.

“O-of course. A-After all, I’m a g-ge-genius,” Wang Qiang revealed a proud expression upon hearing those words. He added, “That s-said, y-you’re pretty decent too, brother.”

Wang Qiang’s was naturally talking about Chu Feng’s cultivation of rank one True Immortal.

Most importantly, even though Chu Feng’s cultivation was that of a rank one True Immortal, the aura of the Ancient Era’s War Sword controlled by Chu Feng had already surpassed that of a rank one True Immortal. It was truly a heaven-defying method.

“Brother Chu Feng, it’s truly great that you’re fine. We have been worried to death for you.”

At that moment, Ying Mingchao, Zi Xunyi and everyone else from the allied army all dragged their weak bodies, arrived before Chu Feng and surrounded him.

Chu Feng’s appearance not only informed them that he was safe and sound, but the power that Chu Feng revealed also made them feel a sense of security.

Although Chu Feng was only a rank one True Immortal, the aura Chu Feng emitted caused them to feel at ease.

This was especially true for the aura of that Ancient Era’s War Sword. It was even greater than Wang Qiang from before.

This meant that the current Chu Feng was most definitely capable of contending against the Infant Soul Sect’s Sectmaster.

Thus, Chu Feng’s arrival was like the dawn of hope to them.

Not only was this dawn of hope capable of possibly saving them, it might also be capable of beating back the black gaseous flames that filled the sky and rescuing the entire Hundred Refinements Ordinary Realm.

# Chapter 2643 - Chu Feng Vs. Infant Soul Sect

---

At that moment, Grandmaster Pocket rushed toward Chu Feng and begged with an anxious expression on his face, “Almsgiver Chu Feng, you must shatter that grand formation and stop the Infant Soul Sect. Else, all the people from our Hundred Refinements Ordinary Realm will die tragically by that grand formation.”

After hearing those words from Grandmaster Pocket, Chu Feng took a glance at the situation below. However, his expression was cold and detached.

Then, he looked to Grandmaster Pocket and said, “Grandmaster, even if you want to be merciful, you should still judge who to be merciful to.”

“For people like them, people who repay kindness with malice, people who are unable to distinguish right from wrong, people who decided to attack you all out of their own self-interest even though you have come to help them, are you really certain that you want to save them still?”

“Almsgiver Chu Feng, regardless of what they've done, we absolutely cannot sit and watch; remaining indifferent. If they are all to die, it would be equivalent to the Hundred Refinements Ordinary Realm perishing,” Grandmaster Pocket continued to urge Chu Feng to help them.

However, Chu Feng ignored Grandmaster Pocket’s plea. Instead, he turned to Ying Mingchao and the others, “While this grand formation is able to heal everyone, its healing speed is relatively slow. Thus, it’s best that everyone continues to stay in this grand formation.”

After hearing what Chu Feng said, Ying Mingchao, Wang Qiang and the others also started to disperse. They sat back in the grand healing formation in an orderly manner.

However, one person did not return to the grand healing formation. It was Grandmaster Pocket. He was still standing beside Chu Feng and urging Chu Feng to save those people.

“Grandmaster, everyone has their own way of handling things. Today, I, Chu Feng, will not go and kill those foolish traitors.”

“However, I will definitely not save them either,” Chu Feng said determinedly.

Grandmaster Pocket still wanted to urge Chu Feng against it after hearing those words.

However, at that time, Chu Feng cast his sharp gaze toward the Infant Soul Sect’s Sectmaster. He said, “However, as for that person, I must kill him.”

“Rumble~~~”

After saying those words, the Ancient Era’s War Sword shot forth rapidly as if it were given a command. It was rushing toward the Infant Soul Sect’s Sectmaster.

No matter how strong the Infant Soul Sect’s Sectmaster might be, he was only the size of a regular human.

As for the Ancient Era’s War Sword, it was several hundred meters in length. As it flew toward the Infant Soul Sect’s Sectmaster, it resembled a giant mountain. That sort of pressure was not something that ordinary people could possibly endure.

However, the Infant Soul Sect’s Sectmaster was completely confident. He did not even bother to move. Just like that, he stood there and waited for the Ancient Era’s War Sword to arrive.

Finally, the Ancient Era’s War Sword arrived before him. The enormous power made the Infant Soul Sect’s Sectmaster’s clothes flutter violently. Spatial cracks even appeared in the surrounding space.

However, even with that being the case, the Infant Soul Sect’s

Sectmaster still continued to stand there. Then, he raised his palm and pushed it forth explosively at the Ancient Era's War Sword. "Bang!" He had actually managed to push the Ancient Era's War Sword aside using only the power of his palm, causing it to return to Chu Feng.

However, once he attacked with his palm strike, his connection with the Infant Soul Grand Formation was severed. Immediately, the operation of the Infant Soul Grand Formation stopped.

Even though the Infant Soul Grand Formation had ceased its operation, the hundreds of millions of lives who were trapped by the Infant Soul Grand Formation were still unable to escape.

"Chu Feng, you are truly a genius. You've actually managed to reach a breakthrough to the True Immortal realm this quickly."

"Since you've become a True Immortal, why aren't you entering the Upper Realms? Why did you return? If I were you, I would definitely not have done such a thing," the Infant Soul Sect's Sectmaster said.

"Because I cannot disregard the safety of my friends," Chu Feng said.

"You are quite loyal to your friends. However, what makes you think that you can save them? Is it because of that sword?"

"That sword must be from the inheritance you obtained from the Ancient Era's War Clan, no? It actually possesses the strength to surpass an entire level of cultivation. It is truly a heaven-defying secret skill."

As the Infant Soul Sect's Sectmaster spoke, he put the Incomplete Immortal Armament in his hand away.

"What's this? Did you lose the will to fight after seeing my Ancient Era's War Sword?" Chu Feng asked.

"No," the Infant Soul Sect's Sectmaster shook his head. He said, "I don't even need my Incomplete Immortal Armament to take

care of you.”

“Although your appearance has become even uglier, it seems that you’ve also become even more confident?” Chu Feng mocked.

“My confidence originates from the power that I currently possess.”

“As for your mere Ancient Era’s War Sword, it is simply impossible for it to match me,” the Infant Soul Sect’s Sectmaster said.

“Oh?” Chu Feng sneered upon hearing those words, “Since you said it like that, I will insist on killing you with the Ancient Era’s War Sword today.”

“Buzz~~~”

After Chu Feng said those words, his gaze shifted. Then, the Ancient Era’s War Sword started to rush toward the Infant Soul Sect’s Sectmaster again.

“Although your Ancient Era’s War Sword possesses heaven-defying battle power, it will not be able to withstand a single blow from this Sectmaster.”

After the Infant Soul Sect’s Sectmaster said those words, he shot forth a palm strike.

“Boom~~~”

The overwhelming battle power turned into countless palm silhouettes. Those palm silhouettes started to bombard the Ancient Era’s War Sword repeatedly.

“Bang, bang, bang~~~”

The bombardment from the overwhelming power of the palm strike caused the Ancient Era’s War Sword to echo in vibration. It was being pushed back repeatedly.

“Humph.”

Chu Feng let out a cold snort. Then, the Ancient Era's War Sword started to emit even brighter golden light. At that moment, the power of the Ancient Era's War Sword greatly increased.

Even though the martial power that filled the sky was still bombarding the Ancient Era's War Sword, the Ancient Era's War Sword was not moved a single jolt.

"You want to defeat my Ancient Era's War Sword with merely an attack of this level? You are truly delusional," Chu Feng mocked.

"This is merely the beginning," After the Infant Soul Sect's Sectmaster said those words, he unleashed another attack. This time around, he waved his sleeve, and an unending stream of martial power started to pour from his sleeves.

After his martial power was sent forth, it started to transform. Soon, a spear was formed.

Soon, countless more spears appeared. In an unceasing manner, they began to bombard the Ancient Era's War Sword.

Most importantly, those golden spears were not merely an ordinary attack using martial power. Rather, it was a martial skill, a taboo martial skill.

Thus, at that moment, the Ancient Era's War Sword started to sway left and right again. It appeared as if it would soon be defeated by the bombardment of spears.

However, Chu Feng did not panic in the slightest. He continued to have a calm and confident expression on his face.

"If that is all that you possess, then you really disappoint me. Seems like even after you've changed beyond recognition, you're still this weak," Chu Feng said indifferently. Then, he suddenly extended his fingers. At that moment, the Ancient Era's War Sword started to be directly controlled by him.

At that moment, the Ancient Era's War Sword seemed like an awakened lion that had lain dormant for a long time. The golden

spears that filled the sky and were attacking it nonstop were like a bunch of fleas.

With a shake of its body, those golden spears that filled the sky all dispersed from it.

Then, the Ancient Era's War Sword started to sweep across the sky and rush toward the Infant Soul Sect's Sectmaster.

Seeing the incoming Ancient Era's War Sword, the Infant Soul Sect's Sectmaster started to increase the power of his martial skill.

At that moment, more and more golden martial power was pouring out from his sleeves. Its power was also growing stronger and stronger.

However, even though the golden spears that filled the entire sky continued to bombard the Ancient Era's War Sword, they were unable to shake the Ancient Era's War Sword in the slightest.

In fact, they were unable to even slow it down.

"Seems like I have underestimated you."

"That said, I refuse to believe that your mere secret skill will be able to contend against me."

The Infant Soul Sect's Sectmaster shouted. Then, his hands layered over one another and he began to form hand seals.

After he finished forming his hand seals, surging Immortal level martial power exploded from his body like a volcanic eruption.

Even the surrounding space started to violently tremble. In fact, both heaven and earth were trembling. Everyone present was able to clearly feel this intimidating power.

# Chapter 2644 - The Confident Chu Feng

---

“I shall see what other tricks you might have.”

Chu Feng knew very well that the Infant Soul Sect’s Sectmaster was preparing some sort of ability.

However, Chu Feng was filled with confidence. He was confident that he would be able to kill the Infant Soul Sect’s Sectmaster. Thus... even though Chu Feng knew very well that the Infant Soul Sect’s Sectmaster was preparing some sort of ability, he did not stop him. Instead, Chu Feng actually stayed the Ancient Era’s War Sword’s attack.

Just like that, he quietly waited. He wanted to know exactly what the Infant Soul Sect’s Sectmaster would do.

Chu Feng planned to utterly defeat the Infant Soul Sect’s Sectmaster.

Chu Feng wanted to make him realize that he would still be able to take his cur life even without utilizing the power of the Evil God Sword.

He wanted to get justice for his friends using his own strength.

“Buzz~~~”

Actually, the Infant Soul Sect’s Sectmaster finished preparing his trick very quickly.

Suddenly, the Infant Soul Sect’s Sectmaster clasped his palms together. The Immortal-level martial power that covered the sky above him started to gather together, and formed an enormous sword.

That sword was also golden in color. Not only was it emitting golden light, but it also appeared to be very life-like. It did not resemble something created with martial power. Instead, it resembled an enormous sword forged with gold.

Enormous sword, it was indeed an enormous sword. That enormous sword was over two thousand meters long. Even when looking at the sword from afar, it was still an actual colossus.

Before that enormous sword, the Ancient Era's War Sword's several hundred meter-length appeared to be extremely small.

Most importantly, the aura emitted by the enormous sword was also extremely fierce.

It was an Ancestral Taboo Martial Skill. Furthermore, it was no ordinary Ancestral Taboo Martial Skill. Instead, it was an extremely powerful Ancestral Taboo Martial Skill.

However, after the martial skill was formed, the Infant Soul Sect's Sectmaster did not rush to immediately attack Chu Feng with it.

Instead, dark black gaseous flames started to emit from his body. Those dark black gaseous flames were assimilated into the Ancestral Taboo Martial Skill.

In the blink of an eye, the enormous golden sword turned dark black.

Most importantly, the cries of infants were sounding nonstop from that enormous dark black sword. It was truly extremely horrifying.

At that moment, the power of that Ancestral Taboo Martial Skill increased by an entire level.

"This is bad. The martial skill the Infant Soul Sect's Sectmaster is unleashing right now has fused with his demonic technique."

"That demonic technique is simply too strange. Although Chu Feng's Ancient Era's War Sword is very powerful, it remains that Chu Feng's cultivation is actually a level below that of the Infant Soul Sect's Sectmaster."

At that moment, Zi Xunyi revealed a worried expression. She was

able to sense that the aura of the Infant Soul Sect's Sectmaster's enormous dark black sword had completely surpassed Chu Feng's Ancient Era's War Sword.

If the two of them were to fight, it would likely be very unfavorable for Chu Feng.

“W-With how c-confident my b-brother is acting, h-he m-most definitely possesses c-certainty in v-victory. The I-Infant Soul Sect's Sectmaster w-will n-not be a m-match f-for my brother,” Compared to Zi Xunyi, Wang Qiang was filled with confidence in Chu Feng.

“Chu Feng, I will let you have a taste of the power of my Infant Soul Demon Sword.”

“I will have you know exactly whether it is your Ancient Era's War Sword or my Infant Soul Demon Sword that is stronger.”

As the Infant Soul Sect's Sectmaster said those words, he began to form hand seals with one hand. Then, he pointed at Chu Feng with his other hand.

“Boom~~~”

The next moment, that so-called Infant Soul Demon Sword carried with it countless infant cries, a frightening aura and majestic oppressive might as it was shot toward the Ancient Era's War Sword.

That's right, the Infant Soul Demon Sword was aimed at the Ancient Era's War Sword, and not Chu Feng.

The Infant Soul Sect's Sectmaster's intention was clear. He wanted to destroy Chu Feng's Ancient Era's War Sword so as to manifest his strength.

“Precisely what I wanted.”

Chu Feng was not to be outdone. He too urged the Ancient Era's War Sword to attack the Infant Soul Demon Sword.

At that moment, how could Ying Mingchao, Zi Xunyi, Wang Qiang, Zhao Hong and the others have the heart to continue healing their injuries?

All of them were staring at the battle ahead. All of them wanted to know exactly who would win the battle.

After all, this was not only a battle that concerned victory and defeat, it was also a battle that concerned one's honor and disgrace.

Finally, the two enormous swords reached one another.

One was an enormous dark black sword reaching two thousand meters in length.

The other was an enormous golden sword reaching three hundred meters in length.

One was called the Infant Soul Demon Sword and emitted an overwhelming demonic aura.

The other was called the Ancient Era's War Sword, and was filled with extraordinary battle intent.

“Rumble~~~”

Finally, the two enormous swords collided.

At that moment, dark black gaseous flames started to surge about.

The Infant Soul Demon Sword that reached two thousand meters in length was actually shattered.

As for the Ancient Era's War Sword, it was completely unscathed.

Seeing this scene, Ying Mingchao was unable to contain himself from shouting “Great job!” He was so excited that he was even tightly clenching his fists.

It was not only him, all the people in the allied army were

overjoyed.

At the same time, they also started to have a whole new level of respect for Chu Feng's Ancient Era's War Sword.

Originally, they all felt that the Ancient Era's War Sword would be inferior to the Infant Soul Demonic Sword judging by their auras.

However, when they collided, they realized that there was actually such an enormous disparity in power between the two swords.

The Ancient Era's War Sword was the actual victor. At that moment, the Ancient Era's War Sword was floating over ten thousand meters high in the sky. No matter how the dark black gaseous flames tried to attack it, it was unmoved in the slightest. The aura of a sovereign was completely revealed by it.

“Woosh~~~”

Right at that moment, the Ancient Era's War Sword started to move. It was moving straight toward the Infant Soul Sect's Sectmaster.

Furthermore, the attack this time around was different from all of its previous attacks. Not only was the Ancient Era's War Sword extremely fast, but the aura that it emitted was also extremely frightening.

This time around, Chu Feng was no longer holding back. Instead, he had unleashed the true power of the Ancient Era's War Sword. He was really planning to kill the Infant Soul Sect's Sectmaster.

“Damn it!”

Sensing that the situation was amiss, the Infant Soul Sect's Sectmaster placed his hand toward his Cosmos Sack.

The next moment, his Incomplete Immortal Armament Dragonscale Dagger appeared in his hand.

Once he held the Incomplete Immortal Armament in hand, the Infant Soul Sect's Sectmaster's battle power immediately and greatly increased.

This was the power of an Incomplete Immortal Armament. With it in hand, the Infant Soul Sect's Sectmaster was like an existence on a completely different power level. He was simply unable to be discussed alongside his previous self.

“Heeaahh!!!”

Once he held the Dragonscale Dagger in hand, the Infant Soul Sect's Sectmaster immediately slashed with it, and sent forth an enormous golden blade ray that swept across the sky.

“Clank!” The Ancient Era's War Sword collided with the golden blade ray.

Merely, this time around, the Ancient Era's War Sword was unable to advance like it did before. It was actually beaten back. It was beaten back by that golden blade ray.

Not only was it beaten back, but a huge chip also appeared on the body of the Ancient Era's War Sword. That chip was precisely the location where the golden blade ray struck earlier.

“This...” Seeing this scene, the expressions of Ying Mingchao and the others changed enormously.

Deep worry emerged in their eyes. Judging from the situation at hand, it would appear that even Chu Feng's Ancient Era's War Sword was unable to defeat the Infant Soul Sect's Sectmaster when he held an Incomplete Immortal Armament in hand.

“T-Truly despicable! D-Didn't you say that y-you wouldn't be using your I-Incomplete Immortal Armament? Y-Your a-actions are those of a s-sore loser!”

“Y-You damned t-trash, d-damned c-coward!!!”

Wang Qiang was unable to continue watching, and started to

loudly curse at the Infant Soul Sect's Sectmaster.

"That's right! So much for declaring how confident you were earlier, and stating that you would not use your Incomplete Immortal Armament! Turns out, you immediately used your Incomplete Immortal Armament the moment you started losing! You are despicable and shameless to the extreme!"

After Wang Qiang spoke, many others from the allied army also started to curse at the Infant Soul Sect's Sectmaster.

However, the Infant Soul Sect's Sectmaster refused to accept those curses.

Proudly, he declared, "This Incomplete Immortal Armament is this Sectmaster's possession. If I don't want to use it, I won't use it. When I want to use it, I'll use it. What can you all possibly do about it?"

"So what if I went back on my words today? What can you all possibly do about it?"

"This world is one where might is right. All the rest are merely farts."

"As for you all, regardless of how unjust you feel this is, regardless of how angry you might be, there's nothing that you can do to me."

"You all... can only wait to be slaughtered by me."

"You!!!" Hearing those words, the crowd from the allied army all started to gnash their teeth in fury.

They were truly unable to tolerate how openly despicable and shameless the Infant Soul Sect's Sectmaster was.

"Are you certain that you will be able to defeat me today?" Right at that moment, Chu Feng's voice sounded.

Compared to the crowd from the allied army, Chu Feng did not reveal any anger. Instead, he was extremely calm.

Furthermore, he spoke with a very confident tone.

# Chapter 2645 - Mutual Destruction

---

“Humph.”

Hearing what Chu Feng said, the Infant Soul Sect’s Sectmaster snorted coldly. Then, he looked to Chu Feng, seemingly as if he wanted to continue to insult him.

“That is?”

However, at that moment, the Infant Soul Sect’s Sectmaster revealed an enormous change in expression.

The reason for that was because he was shocked to discover that an item had appeared in Chu Feng’s previously-empty hands.

It was a piece of four-sided scrap metal.

However, it was precisely that scrap metal that made him feel enormous threat.

“Isn’t that thing Chu Feng holding the Divine Dragon’s Blood Ruler from Grandmaster Kai Hong’s remnant?”

At that moment, Zhao Hong and Wang Qiang’s eyes started to shine. They had all seen the Divine Dragon’s Blood Ruler before.

However, the Divine Dragon’s Blood Ruler from back then could not even be considered to be an Ancestral Armament. Yet now... it was emitting an aura far superior to an Ancestral Armament.

Only the Dragonscale Dagger that the Infant Soul Sect’s Sectmaster held in his hand was comparable to Chu Feng’s Divine Dragon’s Blood Ruler.

“Incomplete Immortal Armament. Brother Chu Feng actually managed to obtain an Incomplete Immortal Armament?” At that moment, Ying Mingchao and the others were all overjoyed.

They finally realized why Chu Feng was this confident. It turned out that not only did he grasp the powerful secret skill, the Ancient Era’s War Sword, but he also possessed an Incomplete Immortal

Armament.

At that moment when the people from the allied army were overjoyed, the Infant Soul Sect's Sectmaster revealed a worried frown.

Actually, there were two more people secretly watching everything.

They were the Chu Heavenly Clan's Chu Huai and Chu Yue.

Chu Huai was holding an umbrella.

That umbrella was very large. Most importantly, that umbrella was sparkling with a faint light the entire time. As the light sprinkled down on them, it turned the two of them transparent like the umbrella.

It was a treasure, a treasure that could conceal the two of them.

At the very least, no one could detect the two of them as they watched Chu Feng and the others from afar.

Seeing the Divine Dragon's Blood Ruler in Chu Feng's hand, Chu Huai said, "No wonder that Chu Feng was able to reach a breakthrough to the True Immortal realm this quickly. Seems like he ran into some sort of chance encounter."

He felt that Chu Feng's Divine Dragon's Blood Ruler should be something that he obtained from a certain remnant, and that Chu Feng's breakthrough in cultivation must be related to that remnant too.

"Isn't his Incomplete Immortal Armament a bit too ugly? Why does it resemble a counterfeit?" Chu Yue said with a look of disgust.

"That is indeed an Incomplete Immortal Armament. Merely, its appearance is simply too lacking," Chu Huai shook his head. He also did not understand why an Incomplete Immortal Armament would have such an appearance.

“Regardless, with Chu Feng having that Incomplete Immortal Armament, the Infant Soul Sect’s Sectmaster will be in imminent peril.”

“Let’s get a bit closer,” As Chu Huai spoke, he pulled Chu Yue and began to move toward Chu Feng and the Infant Soul Sect’s Sectmaster.

“Hey! Don’t get closer. I think senior is most definitely in the vicinity and observing everything. If he is to discover that the two of us haven’t left yet, he will definitely scold us,” Chu Yue said.

“Didn’t I say that with this umbrella here, unless one is a Heavenly Immortal-level expert or above, no one will be able to see the two of us?”

“Even though senior is powerful, he is only a peak True Immortal. It is impossible for him to detect the two of us,” Chu Huai said.

“Really?” Chu Yue asked.

“Really,” Chu Huai nodded with certainty.

“Okay then,” Chu Yue was unable to change Chu Huai’s mind, and thus decided to agree with his decision.

However, an excited expression soon appeared in her eyes. It could be seen that she actually also wanted to approach the battle.

“Die!”

Right at that moment, Chu Feng unleashed his attack. That said, he did not directly rush to attack the Infant Soul Sect’s Sectmaster. Instead, he controlled the Ancient Era’s War Sword and moved it toward the Infant Soul Sect’s Sectmaster to attack him.

Since Chu Feng had declared that he would kill the Infant Soul Sect’s Sectmaster with his Ancient Era’s War Sword, he planned to use the Ancient Era’s War Sword to kill him.

“Damn it! Where did this little bastard obtain an Incomplete

Immortal Armament?”

At that moment, the Infant Soul Sect’s Sectmaster turned around and started to flee. He actually did not dare to face Chu Feng.

This action by the Infant Soul Sect’s Sectmaster was understandable. After Chu Feng revealed his Incomplete Immortal Armament, the chipped Ancient Era’s War Sword was immediately restored to how it was, and even grew much larger. Furthermore, the aura that it currently emitted brought fear to the Infant Soul Sect’s Sectmaster’s heart.

“Buzz~~~”

While escaping from Chu Feng, the Infant Soul Sect’s Sectmaster suddenly felt that some things had appeared in his palm again.

Looking down toward his palm, he discovered that they were forbidden medicines. It was the same golden forbidden medicine. The amount this time around was even greater than last time.

“Break them apart and their effect will be activated,” Right at that moment, that Chu Heavenly Clan’s old man’s voice sounded again.

Hearing those words, the Infant Soul Sect’s Sectmaster grew nervous. The forbidden medicines he had taken earlier had already overburdened his body. He was already playing with his life. When the backlash from those forbidden medicines arrived, he might only have a slight chance of survival.

And if he were to take those forbidden medicines too, it was likely not even the heavens would be able to save him.

“Rest assured, those forbidden medicines will not take your life. They are extremely precious forbidden medicines. Their backlash is not as strong as you imagine them to be.”

“Break them apart, and I guarantee that you will live.”

Knowing that the Infant Soul Sect’s Sectmaster was worried, that

old man started to urge him.

However, the Infant Soul Sect's Sectmaster still didn't believe that old man. He continued to hesitate on using the forbidden medicines.

"Use them immediately. Else, you will die by Chu Feng's sword. Are you really willing to be defeated by a brat like him?" The old man said.

Hearing those words, the Infant Soul Sect's Sectmaster suddenly realized that the enormous aura was growing closer to him. He turned around and discovered that the Ancient Era's War Sword was already on him and approaching. He was unable to escape.

"Chu Feng, even if it ends in mutual destruction, I will still make you die first."

As the Infant Soul Sect's Sectmaster spoke, he smashed apart all of the forbidden medicines in his palm.

"Rumble~~~"

The next moment, surging golden gaseous flames erupted from his body. The gaseous flames were so powerful that they managed to knock the Ancient Era's War Sword away.

Like a loose leaf, the Ancient Era's War Sword that was over three hundred meters long started to roll in the sky as it was knocked several miles away in an instant.

"That is?" Witnessing that scene, the expressions of Ying Mingchao and the others all changed.

The reason for that was because none of them noticed that golden forbidden medicines appeared in the hand of the Infant Soul Sect's Sectmaster. Thus, none of them knew what had happened.

At that moment, they could only tell that the Infant Soul Sect's Sectmaster was enveloped by enormously powerful golden gaseous

flames. His silhouette simply could not even be seen clearly within the golden gaseous flames.

That said, an extremely powerful aura was being emitted from within the golden gaseous flames.

That sort of sensation caused the crowd to feel unease.

“Big brother Chu Huai, exactly what did he use?” Even Chu Yue from the Upper Realm was unable to contain her curiosity.

“It’s a forbidden medicine. An extremely precious forbidden medicine. The Hundred Refinements Ordinary Realm shouldn’t possess this sort of forbidden medicine. It must be from the Upper Realms. How did this Infant Soul Sect’s Sectmaster obtain those forbidden medicines?” Chu Huai started to ponder.

“This is bad. The Infant Soul Sect’s Sectmaster’s aura is rapidly rising. Heavens... it’s already infinitely close to that of a rank three True Immortal.”

“Those forbidden medicines are simply too powerful. With his strength, even though he has not truly reached rank three True Immortal, it is likely no one with a cultivation of rank two True Immortal or below will be a match for him,” Chu Yue said nervously.

As someone from the Chu Heavenly Clan, she also deeply detested the Infant Soul Sect. Thus, neither she nor Chu Huai wanted the Infant Soul Sect’s Sectmaster to defeat Chu Feng.

On the contrary, they both wanted Chu Feng to eliminate the Infant Soul Sect.

“Rumble~~~”

Right at that moment, another loud explosion sounded. The golden gaseous flames that had surrounded the Infant Soul Sect’s Sectmaster started to rapidly scatter about in all directions. At that moment, the Infant Soul Sect’s Sectmaster reappeared before the crowd.

“This guy?!”

Seeing the current Infant Soul Sect’s Sectmaster, Ying Mingchao and the others started to panic even more.

The current Infant Soul Sect’s Sectmaster was no longer a skeleton. He had regained his former appearance.

Merely, it was not an actual corporeal body. Rather, he was in a spirit body form.

Merely, his spirit body form was different from ordinary spirit bodies.

Ordinary spirit bodies were generally either transparent, light blue or dark blue.

However, the Infant Soul Sect’s Sectmaster’s spirit body was golden in color.

Furthermore, he was currently emitting an extremely powerful aura.

It was so powerful....

...that Ying Mingchao and the others felt despair.

# Chapter 2646 - Chu Feng's Trump Card

---

“Chu Feng, this is bad! You must escape! Do not worry about us!” Zi Xunyi shouted.

“B-Brother, g-get away from here!” Even Wang Qiang started to urge Chu Feng to leave.

In fact, the great majority of the people in the allied army were urging Chu Feng to escape.

The only difference between them was that some were shouting at Chu Feng, whereas others were sending him voice transmissions.

It was not that they looked down on Chu Feng.

Actually, it was already an extremely extraordinary accomplishment for Chu Feng to be able to suppress the Infant Soul Sect's Sectmaster to such a state with his cultivation of rank one True Immortal.

They felt that Chu Feng's reputation as a genius was fully justified, that he was already the strongest among them.

However, the Infant Soul Sect's Sectmaster had used some sort of unknown method that actually evolved him to such a state.

The current Infant Soul Sect's Sectmaster was simply too powerful. They felt that Chu Feng would not be able to defeat him no matter what.

“Buzz~~~”

Right at that moment, with a thought, the Infant Soul Sect's Sectmaster sent forth his overwhelming oppressive might to cover the entire region. At that moment, not a single person in that region was able to move.

“Escape? All of you will die here today. All of you will die by my hands. Not a single one of you will be able to escape,” the Infant

Soul Sect's Sectmaster said.

Right at that moment, Chu Feng slowly said, "Who told you that I'm going to escape?"

Not only was his tone calm, but there was not even the slightest change in Chu Feng's expression. Instead, Chu Feng was looking at the Infant Soul Sect's Sectmaster with a gaze filled with mockery.

"That Chu Feng, how could he be this confident? Could it be... he still possesses a method to contend against the Infant Soul Sect's Sectmaster?" Chu Yue asked.

"I'm not sure. Merely, this Chu Feng's origin is no small matter. He might be a genius from a certain Upper Realm that was sent here to train. If that's the case, he should have some sort of method capable of contending against the Infant Soul Sect's Sectmaster."

"No, it's not should. Instead, this Chu Feng most definitely possesses trump card or cards that he has yet to use," Chu Huai said with certainty.

"But, his cultivation is only a rank one True Immortal. He has also utilized his Incomplete Immortal Armament. What other method could he possibly have? Could it be that he's planning to take forbidden medicines too?" Chu Yue asked.

Chu Yue felt that apart from taking forbidden medicines, there was nothing more that Chu Feng could do that would allow him to contend against the Infant Soul Sect's Sectmaster.

"That's not necessarily the case. If he is really from a certain Upper Realm's Heavenly Clan, he most definitely possesses some sort of powerful treasure to dare to come here to train alone."

"With that treasure, not to mention the Infant Soul Sect's Sectmaster, likely, even those more powerful than him will be killed," Chu Huai said.

"I have heard of that sort of treasure before. However, only

geniuses from the Upper Realms would possess that sort of treasure to protect themselves,” Chu Yue said.

“That Chu Feng is still so young. Yet he has already managed to possess that sort of cultivation. Could he not be considered a genius still?” Chu Huai asked.

“This...” Chu Yue hesitated for a while. She seemed to be unable to find grounds to refute Chu Huai. However, she didn’t really approve of Chu Huai saying that Chu Feng was a genius. Thus, she could only nod and say, “I guess he could reluctantly be considered one...”

“Look, the Infant Soul Sect’s Sectmaster has unleashed his attack,” Chu Huai said.

Hearing that, Chu Yue also cast her gaze to the Infant Soul Sect’s Sectmaster. It was only at that moment that she discovered that the Infant Soul Sect’s Sectmaster had formed an enormous sword using his martial power.

That enormous sword was a thousand meters long. It was not a martial skill. Rather, it was formed purely with martial power.

However, the aura emitted by that enormous sword was much stronger than the Infant Soul Demon Sword that the Infant Soul Sect’s Sectmaster unleashed earlier.

The reason for that was because the current Infant Soul Sect’s Sectmaster was simply too powerful.

Although he had not really become a rank three True Immortal, his aura was infinitely close to that of a rank three True Immortal.

In short, the current Infant Soul Sect’s Sectmaster could not be considered an ordinary rank two True Immortal.

“Chu Feng, I’ll admit that you’re a rarely-seen genius. If you are to continue to mature, your future accomplishments will be unlimited. This Hundred Refinements Ordinary Realm will not be able to contain you.”

“But, why is it that you insist on making an enemy out of me today?”

“You’ve made the wrong decision. You should not have made an enemy out of me. However, you are already unable to go back on your decision.”

“The reason for that is because you’ve completely enraged me. I am determined to kill you.”

“I will personally end the future of a genius like you,” the Infant Soul Sect’s Sectmaster spoke with rage fuming between his gritted teeth.

It could be seen that he was truly filled with hatred toward Chu Feng.

That was understandable too. He had been forced to take all those forbidden medicines by Chu Feng. Even his life was about to disappear. How could he not feel hatred for Chu Feng?

“This should be your final trump card, no?”

“You’ve taken a great amount of forbidden medicines to acquire your current power. After the effect of the forbidden medicine has passed, your soul will immediately dissipate.”

“For the sake of killing me, you have truly gone all-out without a concern for anything. However, there is still one thing that I must tell you,” Chu Feng said.

The Infant Soul Sect’s Sectmaster started to frown. He asked impatiently, “What is it?”

“Even with that being the case, you will still not be able to injure me in the slightest,” Chu Feng said.

“What arrogance!” The Infant Soul Sect’s Sectmaster was enraged upon hearing those words.

Then, the Infant Soul Sect’s Sectmaster pointed his palm at Chu Feng in a commanding manner. Then, that enormous sword

formed with martial power measuring over a thousand meters long began to fly straight toward Chu Feng to attack him.

Once the enormous martial power sword started to move, a buzzing noise began to be heard. The space around it started to tremble violently. Ying Mingchao and the others, even though they were in the grand healing formation, started to sway left and right. It was as if they could fall out of the grand healing formation at any time.

However, even though the enormous martial power sword was rapidly approaching Chu Feng, Chu Feng remained motionless with a confident expression on his face.

“Why is Chu Feng still not acting? Could it be that he has given up?” Chu Yue grew anxious.

“No, with how confident he is, he most definitely possesses a method to turn the situation around. He must still have a trump card,” compared to Chu Yue, Chu Huai was confident in Chu Feng.

“Rumble~~~”

Suddenly, a loud explosion sounded from the sky.

It was an enormous lightning strike. Like a giant dragon, it appeared in the sky and was seemingly tearing it apart.

“How could this be?”

When that lightning strike appeared, the Infant Soul Sect’s Sectmaster revealed an enormous change in expression. He was astonished to discover that the enormous martial power sword that he had sent straight at Chu Feng grew completely motionless the moment that lightning strike’s thunder was heard.

No matter how he tried to urge it to move, his enormous martial power sword was unable to proceed forward in the slightest.

At that moment, Chu Huai had an enormous change in expression. He pointed at Chu Feng and shouted, “Look! Chu Feng,

he...!”

“Heavens, that is?!”

Upon looking, even Chu Yue revealed an enormous change in expression; disbelief filled her eyes.

“How could this be?!”

In fact, even that Chu Heavenly Clan’s old man who was hidden somewhere deep in the sky revealed an enormous change in expression.

That old man had been observing the battle below the entire time. Like a god, he was controlling the entire situation.

He felt that since he was helping the Infant Soul Sect’s Sectmaster, it would be impossible for Chu Feng to be able to defeat the Infant Soul Sect’s Sectmaster.

However, at that moment, a frenetic expression emerged in his eyes.

That’s right, he had started to panic. He was unable to keep his calm after seeing the current Chu Feng.

“Rumble~~~~”

Another loud explosion was heard. Following that, countless nine-colored bolts of lightning appeared in the sky that was covered by the dark black gaseous flames.

The nine-colored lightnings were like countless enormous dragons galloping about in the sky. They extended continuously for miles on end. It was a spectacular sight.

“Impossible! Impossible! This is impossible!!!” Shouted the Infant Soul Sect’s Sectmaster in a completely unwilling manner as he stared at the current Chu Feng.

Actually, at that moment, everyone was staring at Chu Feng.

Chu Feng was still standing where he was. However, compared to

before, he was like a completely different person.

The reason for that was because the lightning, the nine-colored lightning, was flickering in his eyes.

Most importantly, nine-colored lightning was also moving about on his forehead. Faintly, they formed a single character.

“Lightning Mark, Chu Feng was actually able to condense a Lightning Mark. He... just reached True Immortal realm and is already able to liberate the Heavenly Bloodline’s Lightning Mark’s power?” Chu Yue was unable to remain calm.

After reaching the True Immortal realm, both Heavenly Bloodlines and Divine Powers would be sealed. Only those with exceptional talent would be able to liberate those powers.

Furthermore, that was also something that required the accumulation of time to accomplish.

As for Chu Yue, although she had been a True Immortal for some time now, it remained that she was still unable to liberate the power of her Heavenly Bloodline’s Lightning Mark.

Yet, this Chu Feng, who had just stepped into the True Immortal realm, was able to liberate the power of his Heavenly Bloodline’s Lightning Mark. With this, how could she not be astonished?

One should know that even in the entire Chu Heavenly Clan, very few people were capable of liberating the power of their Heavenly Bloodline’s Lightning Mark in True Immortal realm.

As for those who were capable of liberating the power of their Heavenly Bloodline’s Lightning Mark right after becoming True Immortals, only those demon-level geniuses from their Chu Heavenly Clan were capable of accomplishing that.

“Big brother Chu Huai, you were right, this Chu Feng is truly a genius,” Chu Yue said to Chu Huai. If she did not acknowledge Chu Feng earlier, she fully acknowledged him now.

“No, he’s not merely a genius,” Chu Huai said.

“Ah?” Chu Yue was confused.

“Chu Yue, carefully look at the character on his forehead. That is no ordinary Lightning Mark. Instead, it’s the legendary Divine level Lightning Mark,” Chu Huai said.

## Chapter 2647 - Silencing

---

The nine-colored lightnings in the sky grew more and more numerous. They soon covered the entire sky and stretched continuously for several miles.

With the nine-colored lightnings in the sky, the might of the Infant Soul Grand Formation was completely suppressed.

All of it was because of Chu Feng.

However, if that was all there were to it, the Infant Soul Sect's Sectmaster would not panic like he did.

The reason why he was panicking so much was because after Chu Feng used his Divine level Lightning Mark, his cultivation had increased from rank one True Immortal to rank two True Immortal.

Chu Feng had managed to increase his cultivation by an entire level. The Infant Soul Sect's Sectmaster was unable to accept this fact.

There were many Heavenly Clans in the Hundred Refinements Ordinary Realm, and countless Heavenly Bloodline possessors. The Infant Soul Sect's Sectmaster had witnessed these so-called Lightning Marks many times before.

However, those Lightning Marks were only able to increase one's battle power.

Although Lightning Marks were an ability that Heavenly Bloodline possessors would only obtain after their Nine Lightnings Fusion, and was the final ability that Heavenly Bloodline possessors would awaken, the Lightning Mark was relatively weak compared to the Thunder Armor and Thunder Wings, abilities that could increase one's cultivation.

However, Chu Feng's Lightning Mark was not at all weaker than his Thunder Armor and Thunder Wings. After all... his Lightning

Mark had increased his cultivation by an entire level.

“That seems to be the character Divine?”

“I’ve heard that only Divine Punishment Mysterious Techniques can allow one to condense a Divine level Lightning Mark.”

“As for this Chu Feng, he actually managed to even increase his cultivation by an entire level. He has most definitely trained in that legendary Divine Punishment Mysterious Technique.”

“Heavens! Exactly what is his origin? He actually managed to train in the Divine Punishment Mysterious Technique, something that no one in our Chu Heavenly Clan possesses right now.”

After Chu Yue further observed Chu Feng, she grew even more astonished.

Actually, Chu Yue and Chu Huai had both heard rumors that Chu Feng’s Lightning Mark displayed the character Divine.

However, as they knew very well that only those who had trained in the Divine Punishment Mysterious Technique were able to condense a Divine level Lightning Mark, they did not trust the rumors.

The reason for that was because they did not feel that Chu Feng would be capable of training in the Divine Punishment Mysterious Technique.

Divine Punishment Mysterious Technique was a legend even for the Chu Heavenly Clan.

Not only was the Divine Punishment Mysterious Technique extremely rare, even if one could learn it, very few people dared to train in it. The reason for that was because each and every tribulation from the Divine Punishment Mysterious Technique could take one’s life. One must either succeed or die trying, with no other option.

The people from the Chu Heavenly Clan knew that very well.

The reason for that was because there had been people from the Chu Heavenly Clan that trained in the Divine Punishment Mysterious Technique. Even now, there were many people from the Chu Heavenly Clan that had witnessed the might of the Divine Tribulation's lightning.

“Exactly what is the origin of this Chu Feng?” A trace of admiration appeared in the gaze with which Chu Huai looked to Chu Feng.

Asking himself truthfully, he knew that he would not be able to handle the Divine Punishment Mysterious Technique. However, Chu Feng had successfully managed to handle it. As such, he naturally felt admiration for Chu Feng.

After all, both of them were Heavenly Bloodline possessors.

Suddenly, Chu Yue asked, “Chu Huai, say, could this Chu Feng possibly be Senior Chu Xuanyuan's child?”

“That's impossible. Senior Chu Xuanyuan's child has already died,” Chu Huai said.

“But his name...” Chu Yue said.

“With how vast the world is, there are countless people with the same name and surname. You can't assume that just because it's a Heavenly Bloodline possessor with the name Chu Feng that he would definitely be Senior Chu Xuanyuan's child,” Chu Huai said.

“The key aspect is his Divine Punishment Mysterious Technique,” Chu Yue said.

Hearing those words, Chu Huai started to hesitate. However, he soon shook his head again, “No, Senior Chu Xuanyuan's child has already died. Furthermore, this Chu Feng must be using a pseudonym. His actual name couldn't possibly be Chu Feng. Rather, he simply cannot be surnamed Chu.”

Chu Huai spoke with great certainty.

“Boom~~~”

Right at that moment, Chu Feng's Ancient Era's War Sword suddenly started moving. In merely the blink of an eye, it arrived before the Infant Soul Sect's Sectmaster.

That brightly shining Ancient Era's War Sword was less than a meter away from the Infant Soul Sect's Sectmaster.

At such a short distance, the Infant Soul Sect's Sectmaster had simply lost all opportunity to escape. Only death by the Ancient Era's War Sword awaited him.

However, Chu Feng did not kill him immediately. Rather, he stood there and looked at the Infant Soul Sect's Sectmaster.

At the beginning, the Infant Soul Sect's Sectmaster had a panicky expression. He was filled with a fear of death. Soon, that fear grew stronger and stronger. Perhaps it was because he didn't want to die, but his body started to shiver and tremble violently. His trembling was so strong that anyone could see it.

However, after a short period of time passed, the fear on the Infant Soul Sect's Sectmaster's face actually eased somewhat. Then, he started to laugh bitterly.

“My master once said to me that the most unreasonable people in this world are the geniuses.”

“Today, I finally believe his esteemed self's words.”

“Geniuses are truly the most unreasonable people in this world,” the Infant Soul Sect's Sectmaster said with a wry smile.

Earlier, he felt extremely unreconciled to be suppressed by Chu Feng. However, he now no longer possessed the feeling of irreconciliation.

As matters stood, he had no choice but to accept that he was inferior to Chu Feng.

The reason for that was because Chu Feng possessed heaven-

defying powers.

It was something that ordinary people did not possess.

“Tell me, exactly what sort of seal are you trying to undo with this grand formation?” Chu Feng asked.

“What? Seal?” Hearing those words, the people from the allied army and even Chu Yue and Chu Huai were all surprised.

They all knew that the grand formation that Chu Feng was talking about was that Infant Soul Grand Formation. However, none of them were able to tell that it was an unsealing formation.

“Amazing, you actually managed to see through it,” the Infant Soul Sect’s Sectmaster laughed bitterly. Then, he said, “However, I am someone who is definitely going to die. Why should I tell you?”

“If I were you, I would state the reason,” Chu Feng said.

“Is that so? Give me a reason why,” The Infant Soul Sect’s Sectmaster said.

“I know that all of this is not something that you planned to do. Your Infant Soul Sect... does not have the ability to set up such a grand formation.”

“Someone taught you this formation. Furthermore, you are being helped from the shadows.”

“You’ve done everything for the sake of another. You are but a tool, a puppet manipulated by another.”

“Being exploited for so long, what sort of benefits have you obtained? Is the benefit just continued exploitation? Is the benefit those forbidden medicines that you’ve taken that will cause you to lose your life?”

“The person exploiting you simply does not care about your life, the lives of everyone from your Infant Soul Sect or the lives of everyone in the Hundred Refinements Ordinary Realm. All that person cares about is accomplishing their goal,” Chu Feng said.

As he spoke, his voice grew louder and louder, more and more intimidating.

Hearing those words, the Infant Soul Sect's Sectmaster grew silent.

At that moment, Chu Huai, Chu Yue, Ying Mingchao, Wang Qiang and the others all revealed marvelous expressions. They truly had no idea that everything the Infant Soul Sect's Sectmaster did was under someone else's dictation.

Most importantly, judging from the Infant Soul Sect's Sectmaster's current appearance, it seemed that he had admitted to it.

"If I were you, I would say everything even if I was to die."

"It wouldn't be considered betrayal. After all, it is simply unworthy to shield someone like that," Chu Feng said.

Hearing those words, the Infant Soul Sect's Sectmaster closed his eyes. When he opened his eyes again, there was a trace of relief in his gaze.

"Indeed, this is an unsealing formation. It is a grand formation that can only be operated using living souls."

"Due to the fact that I possessed limited capabilities, I was unable to set up a grand formation that could forcibly deprive another of their soul."

As such, I needed the cooperation of others. I needed those whose souls are going to be extracted to willingly fuse with the grand formation."

"That is why... I created the lie stating that this grand formation was capable of helping others increase their cultivation."

"It was all so that I could obtain their cooperation."

"As for the Chen Heavenly Clan's Clan Chief's cultivation breakthrough, he had actually already broken through to rank one

True Immortal. We merely hid his cultivation using special medicines. That is why others were unable to detect his actual cultivation, and thought that this grand formation actually helped him increase his cultivation,” the Infant Soul Sect’s Sectmaster said.

“In that case, what is it that this grand formation is trying to unseal?” Chu Feng asked with a serious expression.

A grand formation that was operated using countless souls, the thing that it would unseal was most definitely not something good.

“I have no idea,” the Infant Soul Sect’s Sectmaster shook his head.

“Then who is the person instructing you from the shadows?” Chu Feng asked.

“He is Chu...”

“Bang~~~~”

Before he could finish his words, the Infant Soul Sect’s Sectmaster exploded.

At that moment, everyone’s expression changed enormously. The reason for that was because Chu Feng did not act to kill the Infant Soul Sect’s Sectmaster.

Thus, it meant that someone else had killed the Infant Soul Sect’s Sectmaster.

Someone had silenced him!!!

# Chapter 2648 - Mastermind

---

“Sure enough!”

At that moment, Chu Feng started to frown.

At the same time, the expressions of worry and astonishment on Ying Mingchao and the others' faces also grew stronger.

The scene earlier had allowed them to know that there was indeed a mastermind behind the Infant Soul Sect's Sectmaster.

As for the mastermind, he was most definitely an extremely powerful individual, so powerful that they simply could not contend against him.

Furthermore, that person was present. It was very likely that that person would attack Chu Feng and the others.

That said, as matters stood, there was already no choice left for Chu Feng.

He was making a gamble. He was gambling on that individual not daring to show himself and attacking them.

The reason why Chu Feng dared to make such a gamble was because he felt that if that individual was capable of doing things himself, he would definitely not have gone through the effort to have the Infant Soul Sect's Sectmaster help him.

Thus, he most definitely possessed some sort of reason that made it so that he was unable to handle things personally.

“Quickly, run away! Run away!”

At that moment, the people from the Infant Soul Sect started to flee in disarray.

When even their strongest Sectmaster was killed, if they were to continue stay there, they would only be waiting for death.

As Chu Feng saw the escaping members of the Infant Soul Sect,

coldness gleamed in his eyes.

Chu Feng started to recall the infants that had died miserably. Those people that were currently fleeing were the culprits that had slaughtered infants.

With a thought, Chu Feng's oppressive might began to move toward the fleeing members of the Infant Soul Sect in a manner capable of toppling mountains and overturning seas.

“Bang, bang, bang, bang~~~”

.....

At that moment, muffled explosions began to be heard nonstop in the air like firecrackers.

Following each muffled explosion, a person from the Infant Soul Sect's body and soul would be blown up.

In merely a split second, all the Infant Soul Sect's members were killed. Like rain, their blood began to sprinkle down from the sky.

It was a truly devastating scene. However, not a single person from the allied army felt any sympathy for them when they saw this. Even people like Grandmaster Pocket, people that possessed a kind and merciful heart, did not feel any sympathy.

They all knew very well that the people from the Infant Soul Sect had done countless evils, and that their deaths could not wipe away their sins.

“Chu Feng, that grand formation is still here,” right at that moment, Her Lady Queen called Chu Feng's attention to the Infant Soul Sect's grand formation.

Actually, Chu Feng had noticed it even without Her Lady Queen telling him about it. That grand formation condensed by the crowd from the Infant Soul Sect was still present in the sky, and covering the entire region.

Logically, as the people who had set up that formation had

already been killed, the grand formation should have dissipated. After all, it was a grand formation created by the special powers that the people from the Infant Soul Sect possessed, and not a spirit formation.

That said, it was precisely because that grand formation that should have dissipated had yet to dissipate that it was strange.

“This grand formation is too dangerous. We can’t stay here.”

“Woosh~~~”

After Chu Feng said those words, he swept the Ancient Era’s War Sword across the sky with a single thought, and severed all the dark black gaseous flames that served as the connections that Infant Soul Grand Formation had with the hundreds of millions of lives below.

The next moment, the crowd that was originally covered by the dark black gaseous flames finally managed to escape.

However, it was only when they escaped from the black gaseous flames that the crowd discovered that over half of the people had already died.

All those with weak levels of cultivation were already dead. All those who were still alive possessed relatively decent levels of cultivation.

That said, even all those that were still alive were left in a completely shriveled state of skin and bones. Regardless of what their ages were, they were all filled with wrinkles, and all of their hair had fallen out. They were incomparably aged.

Every one of them resembled corpses that had walked out from their coffins. Their appearances were extremely frightening.

It could be seen that they had not just had their souls extracted. This time around, they had paid an enormous price for their ignorance and greed.

“Putt~~~”

Right at that moment, a shocking scene occurred. All the people who were still alive, regardless of their gender and status, all knelt on the ground and began to bow to Chu Feng with both hands held in front of them.

“Lord Chu Feng, we were foolish. Thank you for saving us.”

“Lord Chu Feng, we were wrong. We wrongly accused you all. We deserve to die ten thousand times for our crimes.”

At that moment, the people kneeling on the ground, regardless of their age and gender, were all wailing and crying tears of remorse.

Chu Feng noticed that even the Abbot of the Buddha’s Heavenly Temple and the Headmaster of the Immortal Sword School were among them. Although they were not kowtowing with their hands before them like the others, their faces were also covered with tears of remorse.

From this, it could be seen that even though they were trapped, they had managed to hear everything that had happened earlier, hear the entire conversation between Chu Feng and the Infant Soul Sect’s Sectmaster.

They now all knew that they’d fallen for the Infant Soul Sect’s plot, and that Ying Mingchao and the others were right.

Upon thinking about what they’d done, they felt endlessly ashamed.

“There’s no need to thank me. I did not come here to save you all. Your lives and deaths are unrelated to me,” Chu Feng said coldly. He was completely unmoved by the thanks from the crowd.

In fact, Chu Feng did not even bother to take a look at them. Chu Feng’s eyes have been fixed onto the sky. He was staring at the surging Infant Soul Grand Formation.

That grand formation was much more complicated than Chu

Feng had imagined it to be. Chu Feng felt that as long as the Infant Soul Grand Formation remained, they would still be in danger.

“Chu Feng, I have truly underestimated you.”

“That said, you are still unable to change anything.”

Right at that moment, a voice suddenly sounded from above the Infant Soul Grand Formation.

“Oh no!”

Hearing that voice, the crowd present all grew nervous. Some people even started to involuntarily shiver in fear.

As matters stood, they all knew that someone was instructing the Infant Soul Sect’s Sectmaster from behind. As for that person... since he was capable of manipulating the Infant Soul Sect’s Sectmaster, he was most definitely an exceptionally powerful existence.

As for that voice, it was very possible for it to be that individual’s voice.

Since that voice was heard, it meant that individual was most definitely planning to act.

If that individual were to act, who could possibly stop him? Even Chu Feng would likely not be a match for him.

With the situation being as it was, how could the crowd not be scared?

“Run away!”

Suddenly, someone shouted.

It was unknown who shouted the first cry to run away. However, immediately after that shout was heard, the crowd that was kneeling on the ground immediately stood up.

They began to soar into the sky, run on the ground and even dig into the earth. They were using all of their powers and all of their

abilities to escape far away from that place.

“That bunch of craven and cowardly trash,” Seeing such a scene, Zhao Hong felt disgust from the bottom of her heart.

It was no wonder Chu Feng did not appreciate the thanks from those people. Those people were simply too selfish.

“That voice earlier?”

At the moment when that voice sounded, Chu Huai revealed an expression of disbelief.

He then looked to Chu Yue, and discovered that she too had the same sort of expression of disbelief in her eyes.

“Chu Huai, am I mistaking things? That voice earlier seemed to be Senior Chu Bore’s voice,” Chu Yue said to Chu Huai.

[1. Bore is the chinese translation of the sanskrit word prajña meaning wisdom.]

She was unwilling to believe this, for that voice was their senior’s voice.

However, if it really was their senior Chu Bore’s voice, it would mean that the mastermind manipulating the Infant Soul Sect’s Sectmaster was Chu Bore.

“I am also uncertain,” Chu Huai shook his head. Actually, it wasn’t that he was uncertain. Rather, he did not dare to make a judgment.

The reason for that was because this matter was of major significance.

Chu Bore was the person in charge of overseeing the Chu Heavenly Clan’s younger generations in the Hundred Refinements Ordinary Realm. His task was to determine whether they had accomplished their missions with their own power. Apart from that, he should not involve himself in anything in the Hundred Refinements Ordinary Realm.

However, if Chu Bore was truly the mastermind behind the Infant Soul Sect's Sectmaster, then he would truly have committed an enormous taboo.

His action was an extremely serious crime. Furthermore, he was ordering the Infant Soul Sect's Sectmaster to murder hundreds of millions of people, something extremely inhumane.

This was simply committing a crime on top of his original crime. His crimes would absolutely not be forgiven.

"No, it's impossible. Senior Chu wouldn't do that sort of thing," Chu Yue said.

"Tsk, ts, tsk..."

Right after Chu Yue finished saying those words, a cold and sinister laugh sounded from the sky above the Infant Soul Grand Formation.

Soon, a figure slowly descended from the sky. It was an old man. He was emitting an incomparably powerful aura. That old man was descending from the sky like a god.

"Huuu~~~"

That old man waved his sleeve. Immediately, a burst of power surrounded the entire region. The people that had escaped far away were all dragged back by the invisible power.

The escaped crowd started to roll and crawl on the ground as they were dragged like a bunch of fallen leaves. They were once again gathered below the Infant Soul Grand Formation.

With merely a flip of his hand, that old man had managed to recapture all of the escapees.

"This..."

After that old man revealed his power, Ying Mingchao and the others all revealed dejected expressions whilst despair filled their faces.

The aura of that old man was simply too powerful. He was so powerful that they started to feel despair from the bottoms of their hearts.

An existence like him was someone that they would never be able to contend against.

Before that old man, they were like ants. A single movement from that old man would be able to easily obliterate them.

“It really is senior?!”

At that moment, Chu Yue was incomparably shocked.

The reason for that was because that old man was precisely their senior, the old man by the name of Chu Bore.

# Chapter 2649 - Inescapable Predestined Fate

---

“Really!”

“Senior... what is he doing?!”

After her astonishment passed, Chu Yue grew furious.

As she spoke, she moved to exit the umbrella. She was planning to reveal herself.

She wanted to openly question Chu Bore as to why he was doing this sort of thing.

She wanted to know why he had gone against the rules established by their Chu Heavenly Clan.

She wanted to know why he wanted to slaughter everyone in the Hundred Refinements Ordinary Realm.

After all, the Hundred Refinements Ordinary Realm was the Chu Heavenly Clan's territory. The people living there could be considered to be the Chu Heavenly Clan's citizens.

“Chu Yue, have you gone insane?!” Right at that moment, Chu Huai grabbed Chu Yue. He prevented her from walking out of the umbrella that was concealing them.

“Release me! I need to go and ask exactly why senior is doing this!” Chu Yue shouted.

Her voice was truly loud and clear. It was even more ear-piercing than thunder. If it wasn't for the umbrella, it was likely everyone present would've heard her voice.

Fortunately, they were under the umbrella. It had contained her shout so that only Chu Huai could hear it.

“Do you want to die going out there at a time like this?!” Chu Huai lashed out at Chu Yue.

Hearing those words, Chu Yue revealed a stunned expression. Her aggressiveness to leave immediately calmed down.

Cautiously, she asked, “That’s senior out there. Are you saying that he will... kill me?”

“Look at the current Chu Bore. Is he the same Chu Bore that we knew? Is he still the senior that we knew?” Chu Huai asked.

Chu Yue looked to Chu Bore again. It was only at that moment that she discovered that Chu Bore had a sinister, gloomy and cold expression on his face. Compared to the genial Chu Bore that they knew, he was indeed a completely different person.

“One might know a person for a long time without knowing their true nature. The reason why he dared to reveal himself at such a time is precisely to unleash a massacre. As long as he kills everyone here, no one will know what he’s done.”

“If the two of us are to reveal ourselves at such a time, do you think he will spare us?” Chu Huai asked.

“But why is he doing such a thing? Is there something even more important than our lives? Something that he will kill us to accomplish?” Chu Yue asked.

“There is,” Chu Huai looked to Chu Bore. Then, he said, “His own life is more important than our lives.”

Hearing those words, Chu Yue’s expression changed. She seemed to be unable to find a way to refute Chu Huai.

Then, Chu Yue quietly pulled back the foot that she stepped forward with.

She also did not dare to take the risk of exiting the umbrella. She was also scared, scared that Chu Bore would really kill them should he find out that they were there.

She was scared that he would silence them!!!

“Never would I expect for someone of the Chu Heavenly Clan to

be the one to do this sort of thing,” Chu Feng said after sizing up Chu Bore.

The reason Chu Feng said that was because Chu Bore still had the Chu Heavenly Clan’s title plate on his waist.

Actually, Chu Feng was very surprised too. He never imagined that someone from the Chu Heavenly Clan would do this sort of thing.

“Chu Heavenly Clan?”

Once Chu Feng mentioned it, Ying Mingchao and the others also noticed the title plate on Chu Bore’s waist.

After verifying the identity of the old man, the people present started to panic even more. What was the Chu Heavenly Clan? They were not only the masters of the Hundred Refinements Ordinary Realm, but they also ruled over the entire Great Chilocosm Upper Realm.

While they could disregard the people of the younger generation that the Chu Heavenly Clan sent to train, as those people would not receive protection from the Chu Heavenly Clan while training there, the true experts of the Chu Heavenly Clan were existences capable of obliterating them instantly. They were beings that the people of the Hundred Refinements Ordinary Realm did not dare to disrespect.

As for the old man before them, he was evidently one such being.

Before people from the Hundred Refinements Ordinary Realm, those people simply could not be described as martial cultivators.

That old man possessed the power to rule over the entire Hundred Refinements Ordinary Realm. Before them, he was akin to a god, and possessed the power to control everything.

To go against a god, how could they possibly win?

“Chu Feng, exactly what is your origin? You’ve actually trained

in the Divine Punishment Mysterious Technique?” Chu Bore asked Chu Feng.

“That is none of your concern,” Chu Feng said coldly.

“Heh...” Chu Bore laughed indifferently. Then, the corners of his mouth lifted into a cold and sinister smile. He said, “Actually, it doesn’t matter whether or not you tell me. After all, you will not be able to escape death today. Furthermore, no one will know that it was me that killed you.”

“Even if you have backing, there is nothing they can do.”

Although Chu Bore spoke with a very indifferent tone, he was actually worried that killing Chu Feng would offend the huge monster behind him.

While the Chu Heavenly Clan behind Chu Bore was a huge monster itself, it remained that Chu Feng was someone that trained in the Divine Punishment Mysterious Technique. He felt that the power behind Chu Feng might not necessarily be weaker than the Chu Heavenly Clan.

With the abilities that Chu Feng had grasped and how talented he was, he would most definitely be considered a heavenly genius even in his power.

Chu Bore actually did not dare to offend a heavenly genius like Chu Feng. The reason for that was because if the power behind Chu Feng were to know that he had killed Chu Feng, then, with the status that he possessed, the Chu Heavenly Clan would definitely not protect him. For the sake of appeasing the power behind Chu Feng, they would send him to them to handle.

This was the greatest fear that Chu Bore possessed. However, he had no idea that Chu Feng actually did not have a huge monster behind him.

The person that he thought to be a heavenly genius was merely the Chu Heavenly Clan’s discarded trash child.

“You’re planning to kill us to silence us?”

“In that case, it would mean that this matter is not being conducted under orders from the Chu Heavenly Clan, but rather something that you decided on your own?” Chu Feng asked.

“You’ve guessed correctly,” Chu Bore said with a light chuckle.

“Milord, please spare us, please spare us!”

Right at that moment, voices begging for forgiveness sounded from the crowd below. More and more people began to beg for forgiveness.

Looking down, those people were all kneeling on the ground and kowtowing to Chu Bore nonstop.

Chu Bore took a glance at them. There was no trace of pity in his eyes. He said, “Don’t worry, I won’t kill you all immediately.”

After he finished saying those words, he looked to Chu Feng again, “Didn’t you want to know what it is that I’m trying to unseal with my formation?”

“Rest assured, before you die here, I will satisfy your curiosity and broaden everyone’s horizons.”

“This might be something that you all would not be able to witness in your entire lives otherwise.”

“Buzz~~~”

After he finished saying those words, Chu Bore began to form hand seals with one hand. The next moment, dark black gaseous flames began to emerge from his body, and started to assimilate into the grand formation.

The dark black gaseous flames that he emitted were different from those of the Infant Soul Sect’s Sectmaster. They did not possess the miserable infant crying sounds, and did not seem that frightening and sinister. Naturally, they were not that sinister.

However, people like Chu Feng were able to clearly sense that the

dark black gaseous flames emitted by the Chu Heavenly Clan's old man before them was not something that the Infant Soul Sect's Sectmaster could compare to. In fact, the dark black gaseous flames emitted by everyone from the Infant Soul Sect combined was greatly inferior to those this old man was currently emitting.

This was true frightening power.

“Rumble~~~”

Rumbles began to sound from the grand formation. They were deafening.

Chu Feng and the others raised their heads and looked toward the sky and unease filled their eyes.

The reason for that was because the Infant Soul Grand Formation was no longer completely black. Rays of blue light began to appear in that dark black grand formation. Those should be the extracted souls from the Hundred Refinement Ordinary Realm's hundreds of millions of lives.

“Boom~~~”

Suddenly, the blue lights started to gather together. They started to mix with the dark black gaseous flames, forming a gaseous pillar of flames that shot straight into the depths of the earth.

“Buzz~~~”

The next moment, golden lines began to appear on the surface of the earth. Those lines started to interweave with one another and continued to spread, like a vast sea of boundless golden lines.

At the very least, from where Chu Feng could see, the surface below was completely covered with golden lines.

It was a grand formation so enormous that even Chu Feng started feeling fearful.

“That's a sealing formation?”

Soon, Chu Feng determined that the formation that had

appeared on the surface of the earth was a sealing formation. It was an extremely vast sealing formation.

Merely, what could such a vast sealing formation be sealing?

“Chu Feng, this feeling, this is bad,” even Her Lady Queen revealed an expression of unease.

Such an enormous sealing formation could only mean one thing: it was sealing something extremely grand.

“Eggy, you’ve also noticed it?” Chu Feng asked.

“What?” Her Lady Queen was confused. Evidently... she did not notice what Chu Feng had noticed.

“Seems like you didn’t notice it. That’s understandable, you can only see what I see and hear what I hear, but not completely sense what I am sensing,” Chu Feng said.

“Exactly what did you manage to sense?” Her Lady Queen asked.

“I sensed that old cat’s aura from the grand sealing formation below,” Chu Feng said.

“Old cat, you’re talking about that Buddha’s Heavenly Temple’s old cat?” Her Lady Queen asked.

“Yes, that cat is precisely what I’m talking about,” Chu Feng said.

“Then, wouldn’t it mean that this grand formation is...?” Her Lady Queen grew even more astonished.

“There’s no mistake. What this Chu Heavenly Clansman is trying to unseal is the thing sealed by that old cat,” Chu Feng said.

“This is truly bad,” Her Lady Queen revealed an even more astonished and uneasy expression.

She still remembered how Grandmaster Pocket described the item sealed by that old cat.

‘That item was not something from the Hundred Refinements Ordinary Realm. It was from the Outer World, and possessed an

extremely bloodthirsty and cruel nature.'

'If that item were to break free from its seal, the entire Hundred Refinements Ordinary Realm would fall into a calamity, and everyone in the Hundred Refinements Ordinary Realm would be killed.'

'It would be an inescapable fate for the Hundred Refinements Ordinary Realm.'

# Chapter 2650 - The Only Thing To Rely On

---

“Although I do not know why he is planning to unseal that item, he absolutely cannot be allowed to succeed.”

After Chu Feng said those words, he began to send voice transmissions to Ying Mingchao and the others.

Ying Mingchao, Wang Qiang, Zhao Hong and everyone else from the allied army received Chu Feng’s voice transmission.

Chu Feng told them via voice transmission to immediately escape and leave this place with their fastest speed in the following moment.

The crowd were slightly confused by Chu Feng’s sudden voice transmission.

“Buzz~~~”

Right at that moment, an extremely powerful aura started to emit from where Chu Feng stood. That aura soon engulfed the entire sky.

Looking up, the crowd noticed that crimson gaseous flames had emerged in the sky above Chu Feng.

As for that, it was not caused by Chu Feng himself. Rather, it was caused by the sword Chu Feng held in his hand, the Demon Armament Evil God Sword.

Chu Feng had already instilled his power into the Evil God Sword. Thus, the Evil God Sword’s powers were activated.

The crimson clouds soon covered the entire sky. It actually covered the entire Infant Soul Grand Formation.

If one must describe it, then the crimson clouds that filled the sky were even stranger than the dark black gaseous flames from before. Seeing it, the crowd felt even greater unease.

“Is that Chu Feng’s Demon Armament that’s capable of killing

True Immortals?”

“What a frightening aura. I have never experienced such stifling power before.”

This was the first time for many people down below to witness the power of Chu Feng’s Evil God Sword. One by one, they revealed frightened expressions.

In fact, even Ying Mingchao and the others had expressions of unease on their faces.

This was no longer the first time they had witnessed the power of the Evil God Sword. However, they were astonished by the fact that the Evil God Sword seemed to be capable of unleashing an unparalleled power regardless of who it was facing.

They all knew that that old man from the Chu Heavenly Clan possessed god-like power, and was an opponent that none of them could contend against.

Although they had no idea what that old man’s cultivation was, they were certain that the disparity of strength between them was enormous.

However, when the Evil God Sword was revealed by Chu Feng, they started to feel that perhaps Chu Feng would be able to take on that god-like old man.

The reason for that was because the power of that Evil God Sword was not at all weaker than that old man. In fact, the unparalleled grandeur from that Evil God Sword was many times more valiant than that old mans’.

“Hahahaha...”

At the moment when the people were astonished by the power of the Evil God Sword, that Chu Bore burst into loud laughter. Not only was his laughter loud, but it was also extremely mocking.

“Chu Feng, it is one thing for you to use that Evil God Sword to

take care of the people in the Hundred Refinements Ordinary Realm. However, you actually want to use it to handle this old man?”

“You are simply looking down on this old man too much, no? You actually want to treat me the same way as those useless trash?”

“I can only say, you are truly ignorant,” Chu Bore said mockingly.

Even though he had also witnessed the power of the Evil God Sword, he evidently did not place the Evil God Sword in his eyes.

“Woosh~~~”

Right at that moment, Chu Feng suddenly raised the Evil God Sword in his hand and pointed it at Chu Bore.

“This...”

The next moment, the expressions of everyone present changed enormously. Disbelief filled their eyes.

Even Chu Bore was stunned. Then, he slowly lowered his head and looked at his chest.

At that moment, a hole had appeared on his chest and Blood was flowing out from it. His chest had been pierced!

Not only that, but crimson gaseous flames had emerged on his chest. The crimson gaseous flames were spreading rapidly. They were devouring his body.

This sort of wound had also appeared on the Infant Soul Sect’s Sectmaster before. It was the Evil God Sword. It was the power of the Evil God Sword.

“It’s you????”

Chu Bore still had a stunned and disbelieving expression on his face. He didn’t dare believe that someone of his cultivation would actually be injured by the Evil God Sword. Furthermore... he was

caught off-guard by the state of his wound.

“How could this be?”

In fact, even Chu Feng himself was filled with astonishment.

Even he did not anticipate that the Evil God Sword would be able to injure that old man from the Chu Heavenly Clan so easily.

One must know that that old man’s aura was truly powerful.

He was so powerful that Chu Feng felt that he was incomparably small by comparison.

It was as if the old man standing before him was not a person at all. Rather, he was a giant insurmountable mountain.

“Chu Feng, the power of the Evil God Sword...” Her Lady Queen exclaimed in astonished.

“Eggy, so you’ve also realized it,” Chu Feng said.

Both Chu Feng and Her Lady Queen had felt the power of the Evil God Sword since the first time Chu Feng had used it.

At that moment, Chu Feng had discovered an astonishing problem. As he used the Evil God Sword more frequently, the power of the Evil God Sword would increase every time. Every time he used it, it would be much more frightening than before.

Right at that moment, Chu Bore suddenly shouted, “Die!!!”

The next moment, everyone, even including Chu Feng, felt the aura of death.

It was his oppressive might. Chu Bore did not use a martial skill, or even any martial power. He had only unleashed his oppressive might.

He was simply too powerful. With a single thought, his oppressive might filled the entire region. He simply didn’t give Chu Feng and the others the time to ponder.

Furthermore, his oppressive might was sufficient to completely

obliterate Chu Feng and everyone else.

The disparity in strength between Chu Feng and Chu Bore was simply too enormous.

“Ah?”

However, at the moment when everyone felt that they were going to die, they were suddenly stunned.

They were astonished to discover that the fatal oppressive might from earlier had actually disappeared.

“It’s you again?!”

Chu Bore looked to Chu Feng. The reason for that was because only he knew that the power that blocked his oppressive might originated from Chu Feng.

It was Chu Feng who had blocked his oppressive might and saved the crowd.

“What is going on?” Chu Feng looked to the Evil God Sword in his hand.

The reason for that was because the things earlier had happened too fast. Thus, he simply did not have the time to react and operate the Evil God Sword.

Thus, it was the Evil God Sword that automatically released its power and saved everyone.

In other words, without Chu Feng urging it, the Evil God Sword unleashed its oppressive might and blocked Chu Bore’s oppressive might.

“Boy, do you understand now that this God is not one of great evil?”

[1. Although both the evil in the Evil God Sword and the evil in ‘great evil’ means evil, they are two different terms. The former is something evil/nefarious/demonic, whereas the latter is the act of doing evil/bad deeds. Basically, it’s like a voodoo doll is evil

(former) whereas the person using it to harm someone would be evil (latter.)]

“With the situation at hand, you are simply unable to defeat your opponent. Thus, rest assured, and hand your body over to this God.”

“This God will stop everything and give you a satisfying result.”

Right at that moment, the Evil God Sword’s voice sounded in Chu Feng’s ears.

“I will not fall for your trick. Only you will be used by me. Do not think about using me,” Chu Feng said resolutely.

Even though the Evil God Sword had indeed saved everyone using its power earlier, Chu Feng would still not hand his body over to the Evil God Sword.

The reason for that was because Chu Feng knew very well how sly and evil the Evil God Sword was. The Evil God Sword was an existence much more frightening than that Chu Heavenly Clan’s old man. In fact, it was much more frightening than even that sealed item.

As such, Chu Feng did not believe anything it said.

“Tsk, tsk. Boy, do you still not understand the situation at hand?”

“In this sort of situation, if you and your bunch of friends want to survive, you must rely on this Evil God’s power. This Evil God is the only thing that you can rely on.”

“If you want to obtain my power, you must hand your body over to me.”

“Consider your actions properly,” The Evil God Sword said with a laugh.

Suddenly, Chu Bore asked, “How did you obtain your Demon Armament?”

“You don’t need to know that. However, if you are to give up now, I can consider letting you live,” Chu Feng said.

Actually, Chu Feng did not want to let Chu Bore get away. However, the Evil God Sword was already not listening to him anymore.

That’s right, right after the Evil God Sword told Chu Feng to make his decision, Chu Feng discovered that the power of the Evil God Sword was no longer under his control.

Even though Chu Feng was still holding the Evil God Sword, Chu Feng was unable to attack with it again.

Having lost the power of the Evil God Sword, Chu Feng was basically unable to contend against the Chu Heavenly Clan’s old man. Thus, he could only take advantage of the fact that this old man still didn’t know that he no longer had control of the Evil God Sword to threaten him to leave.

He hoped that the old man would fear the power of the Evil God Sword and retreat.

# Chapter 2651 - No Other Choice

---

“Although I do not know where you obtained that Demon Armament, don’t you think that you can scare this old man away with merely that Demon Armament,” Chu Bore said coldly.

Not only did he not show any sign of wanting to retreat, but he instead had a mocking expression on his face.

It was as if he had seen through Chu Feng’s intention.

In the beginning, Chu Feng thought that Chu Bore was merely bluffing. Thus, his expression remained unchanged, and he even smiled coldly. He was planning to continue to speak and scare Chu Bore.

However, right at that moment, Chu Bore suddenly stopped operating the unsealing formation. He flipped his hand, and an item appeared in his hand.

It was a Cosmos Sack.

“That is?”

Chu Feng’s expression changed upon seeing that Cosmos Sack. He recognized that Cosmos Sack. It was the Infant Soul Sect’s Sectmaster’s Cosmos Sack.

When he fought against the Infant Soul Sect’s Sectmaster earlier, the Infant Soul Sect’s Sectmaster had that Cosmos Sack the entire time. Chu Feng had no idea when that Cosmos Sack had entered that old man’s hand.

That said, it was not surprising for the old man to possess that Cosmos Sack. After all, he possessed unfathomable strength. It would naturally be extremely easy for him to secretly take something like that away.

Merely, Chu Feng did not understand why the old man from the Chu Heavenly Clan would take out the Infant Soul Sect’s

Sectmaster's Cosmos Sack.

In terms of treasures, the treasures inside the Infant Soul Sect's Sectmaster's Cosmos Sack would definitely not be able to compare to the treasures he possessed. After all, he was someone from the Chu Heavenly Clan.

Right at that moment, the old man from the Chu Heavenly Clan took out an item from the Cosmos Sack.

"Chu Feng, do you still recognize this?" Chu Bore asked Chu Feng while holding an item.

It was a jade pendant. The jade pendant was gold in color, and had a circular shape. Once it appeared, it immediately emitted a very strong Ancient Era's aura.

Most importantly, there were two large characters written in ancient calligraphy on the center of the circular jade pendant. They were 'Demon Suppression!!!'

How could Chu Feng not recognize that jade pendant? It was the treasure that was capable of suppressing even his Evil God Sword, the Demon Armament Suppression Talisman.

"How did you obtain that Demon Armament Suppression Talisman?"

"Could it be...?"

Chu Feng's heart tightened. That Demon Armament Suppression Talisman should be with the Zhou Heavenly Clan's Clan Chief.

Chu Feng did not see the Zhou Heavenly Clan's Clan Chief among the crowd present. Even his corpse was not among the dead.

This meant that the Infant Soul Sect's Sectmaster had gone and obtained the Demon Armament Suppression Talisman for the sake of handling him. As for the Zhou Heavenly Clan's Clan Chief, he might already have been killed by the Infant Soul Sect's Sectmaster.

However, that was not what Chu Feng was worried about. After all, the Zhou Heavenly Clan's Clan Chief was not a good person anyways. Even if he were to die, his death would not wipe away his crimes.

Chu Feng merely regretted not being able to kill him himself.

That said, Chu Feng was very worried. He was anxious because of the Demon Armament Suppression Talisman. After all, that Demon Armament Suppression Talisman was indeed capable of suppressing the power of the Evil God Sword.

“Chu Feng, so even you know fear?”

Seemingly seeing through the worry in Chu Feng's heart, a proud smile emerged on Chu Bore's face.

“Chu Feng is afraid? Why would he be afraid? Could it be because of that jade pendant?”

Hearing what Chu Bore said, the crowd cast their eyes to the Demon Armament Suppression Talisman.

Apart from Chu Feng and Zi Xunyi, this was the first time that all the others had seen that Demon Armament Suppression Talisman. They did not know what the Demon Armament Suppression Talisman could do.

Although the Demon Armament Suppression Talisman appeared extraordinary, they were still unable to understand why Chu Feng would fear a mere jade pendant.

After all, Chu Feng's current aura surpassed that of Chu Bore. Furthermore, he had even managed to injure Chu Bore.

“Woosh~~~”

Right at that moment, Chu Bore gently raised his hand and tossed out the Demon Armament Suppression Talisman.

Once the Demon Armament Suppression Talisman entered the sky, it reacted as if it had been liberated.

Immediately after, it started to emit dazzling golden light. Not only did that golden light grow more and more dazzling, but many characters also began to appear.

Those characters were flowing out from the Demon Armament Suppression Talisman. Following the Demon Armament Suppression Talisman, they began to scatter and fill its surroundings.

It was as if the golden light was the sea, and those characters were fishes.

Just like that, those characters started to gallop in the sea, covering all the places the golden light reached.

Those characters were very ancient. They were most likely characters from the Ancient Era. Furthermore, one could not interpret them.

However, when those characters appeared, the power of the Demon Armament Suppression Talisman started to increase.

Chu Feng and the others were even able to hear an ancient voice sounding from the Demon Armament Suppression Talisman.

They were simply unable to understand that voice. However, they felt a very sacred sensation from it.

At that moment, the crimson clouds that filled the sky started to wane. The Infant Soul Grand Formation once again appeared before the crowd's field of view.

At the same time, the Evil God Sword Chu Feng held in his hand started to tremble violently. It was as if it were feeling extremely unreconciled with what was happening.

“Heavens, exactly what is that jade pendant?! It was actually able to curb Chu Feng's Demon Armament?!”

At that moment, the crowd came to a sudden realization. They finally understood why Chu Feng would show fear toward that

Demon Armament Suppression Talisman.

After knowing the truth, the crowd started to panic.

Although the power of Chu Feng's Evil God Sword brought them great unease, it remained that Chu Feng was their only hope right now. If Chu Feng's Evil God Sword was curbed, they would not be able to escape the imminent calamity, and would definitely be killed.

"Chu Feng, now... what can you possibly contend against this old man with?" The expression of complacency grew more and more concentrated on Chu Bore's face.

"Boy, hand your body to this Evil God. This Evil God will help you eliminate this trash," right at that moment, the Evil God Sword's voice sounded again.

"If I am to hand my body over to you, will you be able to break through the restriction of that Demon Armament Suppression Talisman?" Chu Feng asked.

"Did you really think that thing would be able to suppress this Evil God's power? You are merely too weak, and unable to unleash this Evil God's powers."

"If this Evil God is to take control, I will immediately have them know who the true ruler is," the Evil God Sword said.

"If I am to hand my body over to you, can you not willfully slaughter the innocent?" Chu Feng asked.

"This Evil God promises you that I will only kill those you want to kill," the Evil God Sword said.

"Chu Feng, the Evil God Sword is simply untrustworthy. You absolutely must not hand your body over to it," Her Lady Queen hurriedly spoke against it.

She had managed to understand Chu Feng's intention from his words. Chu Feng was planning to hand his body over to the Evil

God Sword.

However, the intention of the Evil God Sword was extremely obvious. It wanted to take control of Chu Feng's body. If Chu Feng were to hand his body over to it, it would be no different from death.

“Eggy, I’m sorry. There’s really no other choice for me right now.”

“Allow me to take this gamble,” Chu Feng said to Eggy with a wry smile on his face.

How could Chu Feng not know how dangerous the Evil God Sword was?

However, it was as Chu Feng said. There was no other option for him.

If he were to hand his body to the Evil God Sword and release the true power of the Evil God Sword, he would be able to kill that old man from the Chu Heavenly Clan and prevent a catastrophe.

As long as the Evil God Sword honored its promise, his friends would be able to continue living.

As for his body, even though it would be occupied by the Evil God Sword, it did not mean that there would be no chance for him to take it back. At the very least... this option was a path to survival.

# Chapter 2652 - The Sealed Item

---

“Buzz~~~”

Right at the moment when Chu Feng was planning to hand his body to the Evil God Sword, Chu Bore suddenly began to form hand seals. He once again started to operate that grand formation.

The next moment, that pillar of light shot into the surface once again. Shining golden light from the many miles-long grand sealing formation appeared once again.

“I will hand my body to you. Kill that man right away.”

As Chu Feng spoke, he no longer resisted the power of the Evil God Sword. He was really planning to hand his body to the Evil God Sword.

The reason Chu Feng was so anxious was because he did not wish for that Chu Heavenly Clan’s old man to successfully release that sealed item.

Chu Feng felt that whatever was sealed would be much more frightening than that old man.

Although he had no idea why that old man from the Chu Heavenly Clan wanted to unseal it, Chu Feng firmly believed that that old man from the Chu Heavenly Clan had no idea how terrifying that sealed item might be. He felt that that old man would not be able to control it at all.

If the seal was lifted, it would mean that a true catastrophe would befall them. Thus, Chu Feng wanted to stop him.

However, surprisingly, after Chu Feng said those words, he discovered that there was no reaction from the Evil God Sword. His body was still his. It had not been controlled by the Evil God Sword. Furthermore, he was still unable to use the power of the Evil God Sword.

“Hey, what is this?! Say something!” Chu Feng loudly asked.

Although he was speaking in his mind and others were unable to hear it, he knew that the Evil God Sword would be able to hear him.

However, there was no reaction from the Evil God Sword at all. It was as if it had disappeared.

[1. By it, it refers to the awareness of the Evil God Sword... the one speaking to him. The physical Evil God Sword is still being held by Chu Feng.]

“Rumble~~~”

Right at that moment, the earth below started to cave in. It spread continuously for many miles. All the earth visible to Chu Feng’s field of view had sunk into the ground.

Ear-piercing rumbles were rising and falling in succession.

Surging thick smoke started to rise. At a glance, it looked like that thick smoke had covered the entire earth. It was as if the entire world was about to collapse.

Most importantly, Chu Feng noticed that the light emitted by the golden-bright and dazzling sealing formation started to grow dimmer and dimmer.

That sealing formation was about to disappear. One could very well imagine what would happen once that sealing formation disappears.

“What a grand disposition. Exactly how enormous is that sealed item?”

Her Lady Queen was following Chu Feng’s vision, and staring at the situation that was unfolding before Chu Feng. That scene was truly too stunning. This was the first time since the many years she had followed Chu Feng that she had witnessed a scene as spectacular as this.

This was truly the arrival of doomsday. Although the sky was still there, the earth had been completely shattered.

As for that, it was actually all caused by the unsealing of a sealed item.

“Quickly, hand your power to me!”

Chu Feng was unable to contain himself. Once again, he urged the Evil God Sword. He felt that he must prevent the unsealing before the seal was lifted.

“What’s there to be so anxious about?” Finally, the Evil God Sword responded. Merely, compared to Chu Feng’s anxiousness, the Evil God Sword’s voice was extremely calm. It said, “That little old man is simply insufficient for this Evil God to kill. As for this thing that’s soon to appear, although it is still insufficient for this Evil God to kill, it will still be somewhat satisfying to kill it.”

“You...” Hearing those words, Chu Feng was dumbfounded.

It turned out that the Evil God Sword was purposely acting as is. It was deliberately allowing that old man from the Chu Heavenly Clan to lift the seal.

“You’re certain that you’ll be able to win against it?” Chu Feng asked. He was worried.

After all, that old cat was unfathomably powerful. As such, the item it sealed should be extremely powerful too.

And now, before the seal was even lifted, that item had already created such a spectacular scene of destruction. Chu Feng was worried that whatever might be sealed would be too powerful, so powerful that even the Evil God Sword would be no match for it.

“Humph. Boy, you being weak is your problem. However, do not think that this Evil God is as weak and small as you.”

“Soon, I will have you know exactly how powerful this Evil God is,” the Evil God Sword said.

Arrogance. The words spoken by the Evil God Sword were filled with arrogance.

If it were someone else that said those words, Chu Feng would most definitely think them to be boasting.

However, when those words were spoken by the Evil God Sword, Chu Feng believed them. At the same time he believed those words, he also started to feel a sense of dependence.

Even though he knew very well that the Evil God Sword was very dangerous, the Evil God Sword was indeed the only thing that he could rely on in the situation at hand.

If the Evil God Sword was sufficiently powerful, Chu Feng would have gained greater assurance in being able to protect his friends.

“Why would an existence like you be trapped in this sword? Furthermore, why would you have been in the Holy Land of Martialism?” Chu Feng asked.

Chu Feng felt that the Evil God Sword was very likely not a sword. Rather, it was a very powerful demon that was trapped in the sword.

It was precisely because it was trapped that it was unable to unleash its powers, and could only unleash its power through using Chu Feng as the medium.

Something as powerful as the Evil God Sword should not exist in the Holy Land of Martialism. Chu Feng felt that the Evil God Sword must be from elsewhere.

That said, the Evil God Sword did not answer Chu Feng’s questions.

Chu Feng was a tactful person. He knew very well that this should be the Evil God Sword’s secret. Furthermore, it seemed that the Evil God Sword was not planning to share his secret with him.

Thus, Chu Feng turned his gaze down below. The ground where

countless people were kneeling before had completely caved in. All those people who were kneeling before had soared into the sky.

At that moment, silhouettes filled the entire sky. They were not all humans, as many monstrous beasts were present too.

This was the first time that Chu Feng saw so many people standing in the sky at the same time.

It must be said that such a scene was truly spectacular.

There were so many people standing in the sky without relying on anything. Regardless of their cultivations, it remained an astonishing scene.

At that moment, Chu Feng started to recall the time when he was young.

At that time, he was still a child adopted by the Chu Family.

Back then, he had had a dream. He wanted to become an outstanding martial cultivator.

The reason why he wanted to become stronger was because he wanted his adoptive father to be respected by others. He wanted everyone from the Chu Family to know that he, Chu Feng, was not trash.

At that time, he had a dream. He wanted to see a sky filled with martial cultivators.

Chu Feng had even mentioned his dream to his adoptive father. His adoptive father had smiled upon hearing Chu Feng's dream. He told Chu Feng that as long as he focused on martial cultivation, he would one day see a sky filled with martial cultivators.

At that time, even Chu Feng himself did not believe in his adoptive father's words.

After all, in the Nine Provinces Continent, Heavenly Realm martial cultivators that were capable of flying in the sky were already peak experts. Their numbers were extremely few.

Thus, to the Chu Feng from back then, he felt that it was impossible to see a sky filled with flying martial cultivators. He felt that it was a scene that he could only witness in his dreams.

However, he never expected that he... would really see such a scene before him at that moment. Furthermore, his strength even surpassed those people flying in the sky.

“Rumble~~~”

Right at that moment, another loud explosion was heard. The explosion at that time was much more ear-piercing than all the other explosions before.

After that explosion sounded, all the explosions and rumbles from the earth caving in disappeared.

The only sound that could still be heard was the sound of sliding soil.

Apart from that, there was absolute silence, and a strange calm.

“Is it going to come out?”

Chu Feng noticed that the grand sealing formation down below had disappeared completely.

Likely, the sealed item had been completely unsealed too.

Chu Feng fixed his eyes down below. At that moment, he was actually a bit excited. He wanted to know exactly what that sealed item was, and exactly how powerful it was.

Merely, the earth was too deep. Even though Chu Feng’s Heaven’s Eyes were able to see very far, he was still unable to see that far into the depths of the earth.

Thus, Chu Feng felt that that sealed item should have been sealed very deep underground.

It was also possible that the sealed item was concealed. That might be the reason why Chu Feng was unable to detect it.

“Tsk, tsk, tsk...”

Right at that moment, laughter suddenly sounded from beneath the ground.

That voice was extremely strange. Hearing it, one would start to tremble with fear. That... simply did not resemble a human's voice.

At that moment, the people standing in the sky all started to panic. On by one, they scattered about the entire sky, and tried their best to escape from that place.

They were all extremely scared. If it wasn't for the fact that old man from the Chu Heavenly Clan had sealed off the area they would not have bothered to stay at all. Instead, they would've already escaped without a trace.

At that moment when the crowd was panicking, Chu Feng revealed a surprised expression.

Although that laughter was indeed very frightening, Chu Feng was able to tell that that laughter was that of a child.

# Chapter 2653 - Ginseng King Of Evil

---

“Tsk, tsk, tsk...”

That strange laughter sounded from deep underground and echoed nonstop in the vast sky.

Strange and frightening. Hearing that laughter, one would feel one's blood run cold, and feel ill at ease.

At that moment, the people in the sky were panicking like ants on a hot plate.

They were all afraid that they would be killed by the sealed item, and began to try all means to search for a secret place to hide. There were actually even those who were bold and fearless that directly ran toward the Chu Heavenly Clan's old man.

Regardless, the great majority of the people present were losing their heads out of fear.

Only Chu Feng, Wang Qiang and the others continued to stare at the ground below.

No, it was not only Chu Feng and the others. That old man from the Chu Heavenly Clan, Chu Bore, was also doing the same.

Chu Bore was looking down with a very serious expression on his face. He even ignored those people from the Hundred Refinements Ordinary Realm who flew towards him to hide behind him.

However, compared to the unease that covered Chu Feng and the others' faces, Chu Bore had an excited expression.

“Woosh~~~”

Suddenly, a golden ray shot out from deep underground.

Following that, a figure flew out from deep underground and landed on the surface.

Through the surging thick smoke, the crowd was able to clearly

see its appearance.

At the beginning, the crowd was fearful. After all, they felt that whatever it was that flew out from underground was the sealed item.

However, after they saw what it was, the crowd was confused. The reason for that was because the sealed item was completely different from what they had imagined.

They had imagined that sealed item to be some incomparably fierce and extremely frightening huge monster.

However, what appeared before them was a little three-foot-tall child.

That's right, it's appearance was more or less the same as a human child. However, it was clear that it was not a human.

The reason for that was because its body was golden, and it was emitting a faint golden light.

Even though it possessed a head, a neck and a body, it did not possess any arms or legs.

Growing out from its body were tentacles. Those tentacles resembled vines. Yet, they were not vines. The reason for that was because they were clearly comprised of flesh.

There were over a dozen such tentacles growing out where its legs should be. They were supporting its body.

As for its arms, they were both replaced with a tentacle each. While they resembled arms, there were no hands attached to them.

As for its face, it possessed six eyes. However, those eyes were very small. Each eye was roughly the size of half an ordinary human eye.

It possessed ordinary-looking ears. Merely, those ears were a little bit pointy. There was no nose to be seen. However, there was an extremely large mouth on its face. Its mouth resembled a

hippo's mouth.

The insides of its mouth were filled with sharp teeth.

The reason why Chu Feng was able to see those teeth was because that child-like thing had its mouth open.

It was laughing loudly. It seemed to be laughing because it had managed to escape from being sealed. However, its laughter was very strange.

That said, compared to its strange appearance, Chu Feng was sensing its aura. Merely... he was unable to sense anything.

Not to mention being unable to sense its cultivation, if it wasn't for the fact that it was standing right before him, Chu Feng would not even be able to feel its existence.

The reason for that was because it simply did not emit any aura at all.

"It is it! It really is it! I've succeeded, I've succeeded! Hahaha!!!"

Right at that moment, Chu Bore suddenly burst into extremely excited laughter.

Hearing that, Chu Feng looked over, and discovered that Chu Bore was holding a scroll in his hand. It was an extremely ancient scroll.

"That is?"

Using his Heaven's Eyes, Chu Feng saw the contents on the scroll. On the scroll was a drawing.

What was drawn on the scroll was precisely that thing down below.

Apart from the drawing, there were also accompanying words.

'Ginseng King of Evil. Sealed in the Hundred Refinements Ordinary Realm. Upon releasing it and allowing it to mature, one will be able to prolong one's lifespan for ten thousand years by

eating its flesh.'

Following those words, the scroll also listed the precise location where the Ginseng King of Evil was sealed, as well as what sort of formation was required to lift the seal.

"So he unsealed this item to prolong his lifespan?"

At that moment, Chu Feng not only found out that the name of that frightening existence was the Ginseng King of Evil, but he also found out the intention of that old man from the Chu Heavenly Clan.

At that moment, Chu Feng turned his gaze down toward the thing below again.

It was only then that he discovered that apart from a human-like head, that thing did resemble ginseng.

Merely, its body was much more plump, and its color was much more lustrous than ordinary ginseng.

"That thing is simply too strange. I don't think it's something that old man from the Chu Heavenly Clan can control," Her Lady Queen said.

"Eggy, why do you say that?" Chu Feng asked.

"Look carefully at its eyes. That gaze is so astute and circumspect. It is most definitely not as simple as it appears to be," Her Lady Queen said.

After hearing what Her Lady Queen said, Chu Feng also noticed that even though the Ginseng King of Evil appeared to be very small and weak, it possessed a very frightening, shrewd and ruthless gaze.

It was a terrifying existence that had lived for countless years. Likely, it was already over several tens of thousands of years old.

"Woosh~~~"

Right at that moment, that Ginseng King of Evil suddenly moved.

It disappeared.

“Woosh~~~”

Right after the Ginseng King of Evil disappeared, Chu Feng suddenly moved too.

At that moment, Chu Feng was greatly startled. He discovered that it was not only him that was rapidly moving in midair; everyone else was also rapidly moving in midair just like him.

It was that old man from the Chu Heavenly Clan. That old man had used his power to move all the people that were present and still alive. He was bringing Chu Feng and the others together with him using his power.

“Is he chasing that thing?”

Suddenly, Chu Feng looked down. He seemed to understand why that old man from the Chu Heavenly Clan was doing this.

Due to the fact that the speed at which they were traveling was too fast, Chu Feng found it very difficult to see the surrounding scenery.

However, when he looked down, he was able to see a figure. It was the Ginseng King of Evil.

That thing’s dozen-plus tentacles were moving about on the ground nonstop. It was running rapidly. Its speed was extremely fast.

It turned out that it had not disappeared into thin air. Rather, it had fled by running. It was merely because its speed was too fast that Chu Feng thought it had disappeared.

If it wasn’t for the old man from the Chu Heavenly Clan bringing them along while chasing after the Ginseng King of Evil, then Chu Feng would definitely not be able to chase after the Ginseng King of Evil with his current speed.

In fact, he wouldn’t even know where the Ginseng King of Evil

had run off to.

At that moment, Chu Feng gasped in admiration at the difference in strength between him and that old man from the Chu Heavenly Clan, as well as that Ginseng King of Evil.

As matters stood, the enemies Chu Feng was facing had already greatly surpassed his own capabilities.

They were beings that he could not possibly contend against.

“Interesting.”

Right at that moment, the voice of the Evil God Sword entered Chu Feng’s ears again.

Merely, there was no trace of surprise in its voice. Instead... there was actually a trace of joy.

“Did you discover something?” Chu Feng asked.

“Can’t you see it?” The Evil God Sword asked.

“See what?” Chu Feng asked.

“That’s understandable. With your strength, it would be impossible for you to see it.”

“Well, that doesn’t matter. This Evil God can help you.”

“Buzz~~~”

Right after the Evil God Sword said those words, Chu Feng felt a slight burning sensation in his eyes. Involuntarily, he closed them.

“That is?”

When Chu Feng opened his eyes again, he was startled.

At that moment, what Chu Feng could see had changed.

Originally, due to the fact that they were traveling too quickly, Chu Feng was unable to see anything apart from the running Ginseng King of Evil.

However, at that moment, Chu Feng was able to clearly see

everything. He was able to see what was happening while they were rapidly moving,

“This guy!”

After clearly seeing what was happening, the unease in Chu Feng’s heart grew even stronger.

At that moment, he realized for the first time how frightening that Ginseng King of Evil was.

# Chapter 2654 - You Are Merely Trash

---

That Ginseng King of Evil was currently running with an unimaginably fast speed.

Chu Feng was able to now see that all of the plants in the areas it passed as it ran would instantly wither and die.

In fact, it was not only the flowers, grass, and trees; even the rivers disappeared and the earth dried up. The earth that was originally full of life was instantly filled with cracks from being completely dried up. This was true for even mountain rocks.

After that Ginseng King of Evil passed by, the earth that was originally covered in vast greenness instantly turned into one of desolation, and was without the slightest trace of life.

All of that was currently being witnessed by Chu Feng.

“That thing is devouring all forms of life?”

Chu Feng was astonished. Although he had no idea how the Ginseng King of Evil managed to accomplish that, he firmly believed it to be something that Ginseng King of Evil did.

“It is starting to change,” Her Lady Queen suddenly called out to Chu Feng while he was observing the unceasing destruction of the surrounding landscape.

Chu Feng looked to the Ginseng King of Evil again, and discovered that the body of the Ginseng King of Evil was expanding in size. Even the tentacles on its body were increasing in number.

Furthermore, as the Ginseng King of Evil increased in size, countless feeler-like smaller tentacles would grow out from its original tentacles.

Seemingly noticing the change in the Ginseng King of Evil, the expression of joy on Chu Bore’s face grew even stronger..

“Heavens! Everyone, look! That monster is increasing in size!”

Suddenly, a shout sounded from the crowd. Following that, everyone revealed fear on their faces. Some were so scared that their complexions turned ashen and their bodies started shivering.

Due to the fact that the old man from the Chu Heavenly Clan had brought them along as he chased after the Ginseng King of Evil, the people present were all able to witness the changes happening to the Ginseng King of Evil.

It was growing larger and larger. It had transformed from a three meter tall child-like appearance into an enormous creature over a dozen meters tall. Furthermore, the transformation was still ongoing. The speed at which it grew was simply too fast. In merely a short moment, it had grown from over a dozen meters to tens of meters tall.

A while after that, the Ginseng King of Evil grew to over a hundred meters tall.

Soon after, it grew to become a huge monster over a thousand meters tall.

It had been less than an hour since that Ginseng King of Evil was unsealed from the bottom of the earth.

From this, it could be seen how fast the Ginseng King of Evil was growing.

As the Ginseng King of Evil increased in size, its appearance also changed. The tentacles and feelers on its body had grown by so much that they were simply uncountable now.

Its appearance also grew more and more malevolent.

Its eyes were also incomparably large. Those eyes were emitting a crimson light. Its laughter had also become much more deafening. Even space itself was trembling from its laughter.

“It’s meaningless to refine only those things. These people here have all been prepared for you. Go ahead and refine them.”

Suddenly, that old man from the Chu Heavenly Clan spoke. His words... were clearly meant for the Ginseng King of Evil.

Hearing those words, the Ginseng King of Evil suddenly stopped. It swept its six enormous eyes across the crowd present.

Its gaze was exceptionally ice-cold. Being glared at, one would feel as if one's body had been hollowed out. One would feel as if one had died.

At that moment, the crowd grew even more scared. Some people even fell from midair. They had lost the ability to fly.

Those people had all lost consciousness due to fear.

They finally realized why that old man from the Chu Heavenly Clan had trapped them.

It turned out that he had considered everyone present as food. He was planning to feed them to that Ginseng King of Evil.

However, after sweeping its gaze over the crowd, the Ginseng King of Evil actually fixed its gaze onto that old man from the Chu Heavenly Clan.

“Devouring them would not do much for me.”

“However, you, on the other hand, should benefit me slightly.”

After it finished saying those words, the Ginseng King of Evil extended an enormous tongue from its mouth filled with sharp teeth and licked its lips.

That tongue was covered with hook-like thorns. It was very disgusting and terrifying to look at.

That said, judging from the appearance of the Ginseng King of Evil, it seemed to be extremely excited.

“Humph. You want to refine me?”

Hearing those words, the expression on Chu Bore's face changed.

Then, he shouted, “Away!”

Then he opened his palm, and a layer of golden light started to gently scatter downward like a waterfall. The golden light turned into an enormous golden-bright and dazzling net.

That net was extremely vast. It was as if it could cover the entire region. Furthermore, the speed of that net was extremely fast. In an instant, it had covered the Ginseng King of Evil and tightly restricted it.

“Roar~~~”

The next moment, ear-piercing roars began to resonate through heaven and earth. The Ginseng King of Evil began to struggle. Its enormous powers caused the earth to tremble violently. Dust swirled in the air, and shattered rocks started to fly into the sky.

However, no matter how it struggled, the net only grew tighter and tighter.

“Since you refuse to be obedient, I have no choice but to collect you now,” that old man from the Chu Heavenly Clan said.

“It’s too late,” Right at that moment, the voice of the Evil God Sword also sounded.

Of course, only Chu Feng could hear its voice.

“What’s too late?” Chu Feng asked.

“If that fool were to capture that little thing right when it emerged from underground, then perhaps he could take advantage of the fact that it was still weak after being sealed for so long, and might have had a slight chance at being able to subdue it.”

“However, it is already too late now. Although that little thing has only managed to recover a bit of its strength, it is sufficient to slaughter that old codger,” the Evil God Sword said.

“Really?” Chu Feng was skeptical toward what the Evil God Sword said. After all, that old man from the Chu Heavenly Clan clearly held the upper hand at that moment. Furthermore, the

shouts from that Ginseng King of Evil had already changed in tone.

It was no longer shouting in anger. Instead, they resembled screams of pain.

“Bang~~~”

Suddenly, a loud explosion was heard. The next moment, Chu Feng’s eyes pulled back as his expression changed enormously.

Everything happened too fast. Chu Feng was simply unable to clearly see what had happened.

By the time he managed to react, he saw that the golden net that had captured the Ginseng King of Evil earlier had shattered.

At that moment, a tentacle from the Ginseng King of Evil shot straight into the sky and wrapped around that Chu Bore.

At that moment, Chu Bore had a painful expression on his face. He was struggling to break free. However... his struggles were useless. He simply did not possess the strength to contend against that tentacle.

Withessing that scene, Chu Feng grew even more astonished. The reason for that was because things were happening exactly as the Evil God Sword had said.

This meant that the Evil God Sword was indeed extremely powerful. At least... it had managed to see through all of this.

“Boy, if you do not want your friends to die, then hand your body over to this Evil God right away,” the Evil God Sword said.

As the Evil God Sword said those words, Chu Feng was able to sense that the Evil God Sword’s power was starting to invade his body.

Chu Feng did not resist it. Instead, he allowed the power of the Evil God Sword to invade and occupy his body.

Soon, Chu Feng lost total control over his body. Although he had lost control over his body, Chu Feng felt as if his body was

currently being burned by a raging inferno. It was a bit painful.

However, Chu Feng was able to tolerate that sort of pain.

At the moment when Chu Feng's body was occupied by the Evil God Sword, the crimson gaseous flames started to devour his body.

At that moment, Chu Feng appeared as if he were covered by flames. Only the raging crimson flames could be seen. As for Chu Feng, he could not be seen through the flames.

“Run away!”

At the moment when that old man from the Chu Heavenly Clan was captured by the Ginseng King of Evil, the power that had sealed the crowd disappeared.

At that moment, the crowd immediately started fleeing like trapped birds that had just been released.

“Eeeaaahhh~~~~”

However, immediately after the crowd began to flee, screams started being heard.

Those people who tried to escape were all captured by the Ginseng King of Evil's tentacle-feelers. One by one, they revealed expressions of pain.

Soon, their appearances started to change. They began to wither like trees. Their vitality sucked dry.

They all died. In merely the blink of an eye, those people were all killed. They all died after having their life force sucked dry by the Ginseng King of Evil.

Seeing this, the others simply did not dare to attempt to escape again. They were all deeply afraid that they would suffer the same fate as those people.

“You have unsealed me because you wanted to eat my flesh, right?”

“Fool, someone would actually have delusions about eating my flesh in a place like this?”

“You should know that I am akin to a God in this place. A god that rules over everything.”

The Ginseng King of Evil let out a deep and low, yet loud and clear voice.

It was very excited, and acting extremely arrogant. It was as if it were looking down on everyone.

It did not place anyone there in its eyes, including that old man from the Chu Heavenly Clan.

In its eyes, perhaps that old man from the Chu Heavenly Clan was the same as Chu Feng and everyone else - nothing more than an ant.

“No, with this Evil God here, you... are merely trash.”

Right at that moment, another voice sounded. It originated from where Chu Feng stood.

# Chapter 2655 - Who Is The Monster?

---

The sudden voice shook the attention of everyone present.

Involuntarily, they turned their gazes toward the direction of the voice. However, the moment they did, astonishment filled their eyes.

“Who is that?”

“That couldn’t possibly be Chu Feng, right?”

As the crowd looked to the person that spoke, they all began to guess who it was.

The reason for that was because the current appearance of Chu Feng had changed.

His entire body was burning with crimson flames. At a glance, he appeared to be a humanoid crimson flame.

If it wasn’t for the fact that he was holding the Evil God Sword, no one would think that he was Chu Feng.

That said, even though Chu Feng was still holding the Evil God Sword in his hand, the crowd was still unable to be certain as to whether or not he was Chu Feng.

Apart from the frightening and uneasy aura, Chu Feng’s gaze was also very scary.

His eyes were crimson in color. They were even more crimson than the crimson flames that surrounded him. Furthermore, his eyes were shining. They were extremely scary-looking.

Those eyes were like the eyes of ferocious beasts at night. They were extremely bright. However, those eyes were not something that mere ferocious beasts’ eyes could compare to.

That said, regardless of how one looked at it, those did not resemble human eyes. Rather, they resembled the eyes of some sort of bloodthirsty creature.

If one had to describe those eyes, then... they would not be something from the world of humans, but rather the eyes of some sort of existence from the depths of hell.

The Ginseng King of Evil ran its eyes over Chu Feng and asked in a very displeased manner, “Who the hell are you? You dare to vainly attempt to contend against me?”

Even though the current Chu Feng brought great unease and fear upon the people present, the Ginseng King of Evil simply did not place him in its eyes at all.

To the Ginseng King of Evil, Chu Feng was nothing more than trash.

It felt that Chu Feng was simply unqualified to even be placed on the same level as itself.

In fact, it felt that there was not a single person, a single existence, in the entire Hundred Refinements Ordinary Realm that could contend against it.

“Originally, I planned to give you a delightful death. Never did I expect you to actually have the nerve to speak this rudely toward this Evil God.”

“Since that’s the case, this Evil God shall have you experience the taste of misery that makes one wish they were dead,” Chu Feng said.

“You dare speak to me in such a manner?! You are the one courting death!”

“Woosh~~~”

Coldness flashed through the eyes of the Ginseng King of Evil. The next moment, a tentacle-feeler flew toward Chu Feng.

Everything happened too quickly. Logically, with the speed of that tentacle-feeler, Chu Feng should not have been able to see it. After all, it was simply too fast, so fast that he should not have

been able to react.

If it were the Chu Feng from back then, he might not even know how he died.

However, after Chu Feng's body was occupied by the Evil God Sword, Chu Feng was able to clearly see the movements of the Ginseng King of Evil. He was able to clearly see the Ginseng King of Evil sending out a tentacle-feeler to attack him.

“Snap~~~”

Chu Feng waved the Evil God Sword in his hand, and a crimson blade ray swept across the sky. He chopped off that tentacle-feeler easily.

To be exact, it was no longer Chu Feng. At that moment, the Evil God Sword was controlling Chu Feng's body. Even the words spoken earlier were spoken by the Evil God Sword.

Although... it was still Chu Feng's voice, it remained that it was the Evil God Sword who had spoken earlier.

The current Chu Feng was in a similar situation to Eggy. Although he was able to share the Evil God Sword's vision and hearing, he had completely lost control of his body.

“Mn?”

Seeing that its attack was easily neutralized, astonishment appeared in the Ginseng King of Evil's six enormous eyes.

Evidently, it did not expect that there would be someone capable of blocking its attack and... even slicing off its tentacle-feeler.

In fact, it was not only the Ginseng King of Evil that was astonished. Chu Bore, who was being held captive by the Ginseng King of Evil, also revealed an enormous change in expression.

Chu Bore knew very well how powerful the Evil God Sword was. However, the power of the Evil God Sword was being suppressed by the Demon Armament Suppression Talisman.

Since it was being suppressed, it should not have been able to unleash its powers.

At that moment, Chu Bore turned his gaze to the Demon Armament Suppression Talisman.

In the beginning, he thought that some sort of problem might have arisen from the Demon Armament Suppression Talisman.

However, upon doing so, he discovered that the Demon Armament Suppression Talisman was still in the sky. It was above Chu Feng and shining gloriously like the sun, covering Chu Feng with its golden radiance.

There was no problem with the Demon Armament Suppression Talisman at all. It was still suppressing the Evil God Sword in Chu Feng's hand with its special power.

However, the aura emitted by the Evil God Sword right now appeared to be much more powerful than before. It... had already broken free from the suppression of the Demon Armament Suppression Talisman.

“Could it be that the Demon Armament Suppression Talisman is simply unable to curb it?” At that moment, Chu Bore started to ponder in his heart.

“Woosh, woosh, woosh~~~”

Right at that moment, the Ginseng King of Evil once again unleashed an attack at Chu Feng.

This time around, it was no longer a mere tentacle-feeler. Instead, the Ginseng King of Evil sent forth many enormous tentacles, as well as countless tentacle-feelers, to attack Chu Feng at the same time.

The tentacles and feelers were so numerous that they completely covered the entire sky. They had sealed off Chu Feng's escape. Chu Feng was simply unable to dodge them all.

Perhaps it might be because the body was his, but Chu Feng was not only able to share the Evil God Sword's sight and hearing, but he was also able to clearly feel the sensations the Evil God Sword was feeling.

Thus, he was able to clearly sense how enormously powerful the attack unleashed by the Ginseng King of Evil was.

It was a fatal attack. It was an attack that Chu Feng would never have been able to withstand before.

The attack this time around could be said to be over a hundred times more powerful than the attack of that single tentacle-feeler from earlier.

“Woosh~~~”

Right at that moment, Chu Feng once again waved the Evil God Sword in his hand. Another enormous crimson blade ray was sent forth.

Then, the countless tentacles and tentacle-feelers, regardless of how thick they were, were all sliced apart.

The tentacles that appeared to be incomparably tough and exceptionally powerful were akin to tofu before the Evil God Sword. They were unable to withstand a single blow from the Evil God Sword.

“Exactly who are you?”

At that moment, the gaze with which the Ginseng King of Evil looked to Chu Feng had changed.

It had already realized that the existence before it was not as simple as it had originally anticipated. It was very possible that this person before it was not someone from the Hundred Refinements Ordinary Realm.

“I am someone that you cannot afford to offend,” The Evil God Sword said.

“What arrogance!”

The Ginseng King of Evil was enraged by the aggressive and egotistical tone of the Evil God Sword.

As it spoke, its body started to emit light. At the same time, its aura started to increase.

The next moment, those tentacles and tentacle-feelers that were sliced off by the Evil God Sword started to regrow. Then, they started attacking Chu Feng again.

“Woosh~~~”

However, faced with the incoming attacks, Chu Feng merely waved his Evil God Sword. Once again, he effortlessly sliced off all of the tentacles and tentacle-feelers with a single slash.

“It’s useless. It will be the same regardless of how many times you attempt this,” The Evil God Sword said.

The Evil God Sword said those words very calmly. However, it was precisely because of how tranquil and indifferent Chu Feng’s tone was that it appeared to be exceptionally domineering.

Since the very beginning, the Evil God Sword had never placed the Ginseng King of Evil in its eyes.

Even though the Ginseng King of Evil possessed the power to bring utter destruction to the Hundred Refinements Ordinary Realm, the Evil God Sword never considered it to be its opponent.

At that moment, the Ginseng King of Evil revealed a serious expression.

It stopped attacking the Evil God Sword rashly. Instead, it started to carefully size up the Evil God Sword.

After a short moment, the Ginseng King of Evil spoke.

It said, “It was not my intention to make an enemy out of you. Can you spare my life?”

“This...”

The crowd present were all astonished upon hearing those words. They never expected that the Ginseng King of Evil that possessed the capability to destroy the entire Hundred Refinements Ordinary Realm and was able to easily defeat that old man from the Chu Heavenly Clan would beg Chu Feng for its life.

This dramatic change was simply too shocking.

This did not resemble something that a monster capable of utter destruction would do.

However, upon carefully thinking about it, it was also understandable. Evidently... compared to this monster, Chu Feng who held the Evil God Sword in hand was more of a monster.

No matter how fierce a hungry wolf might be, its fierceness was something that only displayed before sheep and hares. If it were to encounter a tiger, it would also feel fear.

At that moment, the Ginseng King of Evil was like a hungry wolf. Before the people of the Hundred Refinements Ordinary Realm, it was a monster capable of utter destruction.

However, in the eyes of the Ginseng King of Evil, Chu Feng who held the Evil God Sword in his hand was a monster too.

# Chapter 2656 - The Might Of The Evil God

---

“What is the meaning of this?” The Evil God Sword asked.

“There doesn’t seem to have been any conflict between us before. As for what happened today, I did not have the intention to offend you. Thus, is it possible for you to let me go?” The Ginseng King of Evil asked.

This time around, its voice was somewhat timid. Compared to the arrogance from before, it was much more polite now.

It could be seen that it was truly afraid when facing the Evil God Sword. At the very least... it did not wish to continue fighting the Evil God Sword.

As the saying goes, evildoers fear other evildoers. Perhaps this was what was happening.

“What do you think?”

The Evil God Sword started to chuckle. It was a ridiculing laughter.

“Exactly what do you want?”

At that moment, the fear in the Ginseng King of Evil’s eyes grew stronger. It sensed that the situation was bad from the answer the Evil God Sword gave it.

“I never planned to let you go to begin with,” The Evil God Sword said.

“Woosh~~~”

Suddenly, the Ginseng King of Evil moved. This time around, it did not unleash an attack at Chu Feng. Instead, it turned around and started fleeing.

“Buzz~~~”

However, at the same time the Ginseng King of Evil moved, the

crimson gaseous flames in the sky started to spread out, covering several miles.

Soon, the entire sky that the crowd could see was covered by the crimson gaseous flames. At the same time, crimson gaseous flames began to shoot down from the sky like enormous crimson pillars. Then, those pillars pierced deep into the earth.

Those crimson pillars were present in all directions. They had completely sealed off that region. Like a cage, those pillars trapped everyone inside it.

That Ginseng King of Evil no longer had a way out.

Seemingly unwilling to accept that fact, the Ginseng King of Evil extended its tentacles and began to attack the crimson pillars.

It wanted to use its tentacles to break the crimson pillars.

However, although those crimson pillars appeared to be very fragile, they were actually sharp like blades.

At the moment when the Ginseng King of Evil's tentacles collided with the crimson pillars, they were instantly cut off.

Furthermore, this time around... crimson gaseous flames appeared on the wounds where the tentacles were cut off.

Not only did the crimson gaseous flames make it so that the Ginseng King of Evil was unable to regrow its lost tentacles, but it also started to gradually eat away at the Ginseng King of Evil.

“You, exactly what are you?”

At that moment, the Ginseng King of Evil revealed an extremely alarmed expression. It was not as simple as being only scared.

It was only at that moment that it fully realized how frightening this crimson humanoid fellow before him was.

Even it was powerless to fight back before that crimson humanoid fellow.

“I’ve said it already. With this Evil God here, you are nothing more than trash,” The Evil God Sword said.

“If you continue to force me, you can forget about living too,” The Ginseng King of Evil said ruthlessly.

“You’re trying to say that you plan to take down this Evil God in mutual destruction?” The Evil God Sword asked.

“No, I’m going to have all of you here accompany me in death!”

The Ginseng King of Evil shouted furiously. The next moment, its body was no longer dazzling with a golden shine. Instead, it turned dark black.

Most importantly, a dark black light began to shine from its enormous body. The light was extremely bright. Furthermore... the Ginseng King of Evil’s body was also rapidly expanding in size.

It was an enormous monster to begin with. After it expanded in size, it became a colossus over ten thousand meters tall. Even the clouds were now floating beneath its head.

“This is truly bad!”

Perhaps the Ginseng King of Evil decided to deliberately let the crowd sense its aura. Thus, the people present were all able to sense the aura currently emitted by the Ginseng King of Evil.

Because of that, everyone started to panic. The reason for that was because the aura emitted by the Ginseng King of Evil right now was truly devastating.

An enormously powerful energy was surging about in its body. If that energy were to explode, not to mention the people present, over half of the entire Hundred Refinements Ordinary Realm would be destroyed.

“Is this all you’ve got?”

“You are truly a disappointment,” The Evil God Sword said.

“You dare look down on me?! Very well, I shall have you

experience what I've got! I shall see whether or not you will be able to withstand it!"

The words spoken by the Evil God Sword had completely enraged the Ginseng King of Evil. After saying those words, a characteristic change occurred to the power within the Ginseng King of Evil. It was planning to unleash this power. It was planning to take down the Evil God Sword as well as everyone else present with that power. It was planning mutual destruction.

Right at that moment, the Evil God Sword using Chu Feng's body opened his mouth. Then, an enormous suction power was emitted from Chu Feng's mouth. In an instant, it completely enveloped the Ginseng King of Evil.

"Ahhh~~~"

"No, what have you done to me?!!!"

The next moment, the Ginseng King of Evil let out a roar of enormous pain.

The reason for that was because the suction power emitted from Chu Feng's mouth was extremely strange. It was absorbing the Ginseng King of Evil's body.

That's right, the Ginseng King of Evil's enormous physical body was currently being broken down and ripped apart by that enormous suction power. The ripped apart pieces turned into dark black gaseous flames before steadily flowing into Chu Feng's mouth.

"Stop! You damned bastard! Stop immediately!"

The Ginseng King of Evil shouted furiously. However, its shouts were of no use. The Evil God Sword completely ignored it.

"Bastard! You damned bastard! You dare treat me like this?! I'll kill you!!!"

The shouts from the Ginseng King of Evil grew more and more

furious. It once again started to urge the power within itself. It was planning to unleash that power to end in mutual destruction with the Evil God Sword.

However, upon attempting to do so, it soon discovered that its body was actually no longer under its control. It was no longer capable of unleashing that power.

All it could do was look on helplessly as its body was refined and devoured by its opponent. It... was unable to do anything.

It could only endure the pain, the pain of its body decomposing and being refined.

“You... you... just kill me. I cannot tolerate this anymore. You... please... just kill me.”

The Ginseng King of Evil’s voice grew weak. It seemed to be unable to endure the suffering and pain from its body being decomposed.

Seeing that it would undoubtedly be killed today, it actually started to ask the Evil God Sword to give it a quick death.

It did not want to continue to endure this sort of pain anymore.

“This Evil God has said it already. Since you were rude to me earlier, I will have you experience a taste of misery that will make you wish you were dead,” The Evil God Sword said.

Chu Feng’s mouth was open the entire time. That attractive power did not stop in the slightest. However, Chu Feng was still capable of speaking.

“You damned bastard! You shall suffer a miserable death!”

Upon hearing what the Evil God Sword said, the Ginseng King of Evil started to curse loudly at it.

A monster that was capable of destroying the entire Hundred Refinements Ordinary Realm was actually forced to such a state by someone. This scene was actually a bit comedic.

“You dare continue to insult me? It would appear that the pain this Evil God is bestowing upon you is still insufficient.”

“Ahhhh~”

After the Evil God Sword said those words, the Ginseng King of Evil started to emit even more painful screams.

Merely by hearing those screams, one would feel one’s blood run cold. The crowd were unable to imagine what sort of pain the Ginseng King of Evil was enduring at that moment.

However, they were certain that that sort of pain was most definitely not something that they would be able to endure.

At that moment, someone from the allied army asked, “That... is that really still Chu Feng?”

“Why do I feel that something’s amiss?”

“I’m not certain either,” Ying Mingchao said.

After saying those words, he took a deliberate glance at Zhao Hong and Wang Qiang.

However, even Zhao Hong and Wang Qiang, these two people with a very good relationship with Chu Feng, shook their heads.

The reason for that was because even they were unable to determine whether or not it was still Chu Feng.

Even though that voice was indeed Chu Feng’s voice, they felt that... that the person in front of them was not Chu Feng.

In actuality, that was indeed not Chu Feng. At this moment, the person controlling the situation was the Evil God Sword.

As for Chu Feng, he could only watch as things unfolded before him. He was unable to do anything.

The reason for that was because his body was currently under the control of the Evil God Sword. His every movement and his every word were all controlled by the Evil God Sword.

That said, Chu Feng still could not help but gasp in admiration at how powerful the Evil God Sword was.

He truly did not dare to believe that such a frightening Evil God Sword had actually... allowed itself to be used by him before.

Logically, with how powerful the Evil God Sword was, it would be extremely easy for it to devour his body.

However, the Evil God Sword didn't do that.

# Chapter 2657 - Hidden Secret

---

“Seems like the Evil God Sword most definitely has some sort of secret that no one knew about,” Chu Feng thought in his heart.

Chu Feng felt that it was not that the Evil God Sword did not want to occupy his body. Rather, it was unable to do so.

As for the most likely reason why, it would be as he had guessed before, that the Evil God Sword was sealed in the weapon. Although the Evil God Sword possessed enormous power, it was unable to unleash it. In order to unleash its powers, it would need a medium. As for Chu Feng... he was that medium.

Time slowly passed. The screams from the Ginseng King of Evil grew softer and softer. In the end, its voice completely disappeared.

As for its enormous body that towered above the clouds, it too grew smaller and smaller, and also disappeared in the end.

The Ginseng King of Evil was completely devoured and refined by Chu Feng.

If they didn't witness it with their very eyes, the crowd would not believe that a human's body would be able to devour a colossus that reached over ten thousand meters tall and towered above the clouds.

At this moment, although the crowd was no longer screaming in panic like before, and everybody was standing in the sky in a strangely quiet manner, they were looking at Chu Feng with the same sort of fear-filled eyes that they looked at the Ginseng King of Evil with earlier.

In fact, the fear in their eyes was even a bit stronger.

“Boy, after devouring that thing, not only are you able to prolong your lifespan, but you are also able to be forever young now. For the rest of your life, your physical appearance will remain this

young. You will not become an old man,” Finally, the Evil God Sword’s voice sounded again.

Merely, this voice from the Evil God Sword was spoken by the Evil God Sword, and not through Chu Feng’s mouth. It was a voice that only Chu Feng could hear.

“Oh, I nearly forgot. I shouldn’t have said you, but rather me. After all, this body is already no longer yours. Instead, it belongs to this Evil God now.”

The Evil God Sword’s voice sounded again. After hearing that voice, Chu Feng’s heart shivered.

The reason for that was because what the Evil God Sword said had revealed his scheme. Sure enough, it was not planning to return Chu Feng’s body.

However, as matters stood, there was nothing Chu Feng could do. He had already lost the power to contend for his body. At the very least, he could not contend for his body right now. He could only think of a way to do so in the future.

“I hope that you will honor your promise and not harm my friends,” Chu Feng said.

“Rest assured, this Evil God will definitely do as I’ve said. Since I’ve already promised you, I will definitely not harm them,” The Evil God Sword said.

“I have another request. Might you be able to go and ask that Chu Heavenly Clan’s old man where he obtained that scroll?” Chu Feng asked.

He wanted to know exactly where that old man from the Chu Heavenly Clan found out that the Ginseng King of Evil was sealed here.

Logically, he should not know about this matter.

After all, not even the people from the Buddha’s Heavenly

Temple knew exactly what it was that was sealed by the old cat, much less where it was sealed.

That should have been a secret. Thus, how did that old man from the Chu Heavenly Clan obtain that information? In fact, he even knew the method to undo the seal, as well as what was sealed.

Chu Feng felt that there was most definitely a hidden secret to all this.

“This Evil God is able to satisfy that request of yours,” The Evil God Sword said.

“Woosh~~~”

After it finished saying those words, Chu Feng’s body moved, and he landed on the ground.

At that moment, a person was lying on the crater-filled surface. That person was none other than that old man from the Chu Heavenly Clan.

Merely, that Chu Heavenly Clan’s old man was now incomparably weak. He did not even possess the strength to fly.

That was why he crashed directly from the sky after the Ginseng King of Evil was refined by the Evil God Sword.

This existence that was high and above like a god looking down on all living things was only able to lie on the ground like a dying dog.

“How could this be?”

Chu Bore slowly raised his head. He took a glance at Chu Feng and then took a glance at the Demon Armament Suppression Talisman that had been following Chu Feng the entire time.

The Demon Armament Suppression Talisman was emitting that golden radiance the entire time. That golden radiance had been enveloping the Evil God Sword the entire time. However, it seemed that it was ineffective.

“Woosh~~~”

Right at that moment, the Evil God Sword extended Chu Feng’s left hand and grabbed at the air before it.

The next moment, that Demon Armament Suppression Talisman that was still emitting bright golden light landed on its hand.

He clenched his hand, and a ‘snap’ was heard. The Demon Armament Suppression Talisman was crushed to pieces.

At the same time that happened, the golden-bright and dazzling light started to dissipate.

“I understand now. So that thing was simply unable to suppress you to begin with,” Chu Bore laughed wryly.

“Where did you obtain that scroll?” The Evil God Sword asked.

“If I am to tell you the truth, will you spare my life?” Chu Bore asked.

The Evil God Sword did not answer Chu Bore. Instead, it said to Chu Feng, “Boy, you decide something like this.”

Chu Feng pondered for a moment. Then, he said, “Tell him to speak the truth.”

Compared to taking Chu Bore’s life, Chu Feng wanted to know where Chu Bore obtained that scroll more.

After receiving Chu Feng’s decision, the Evil God Sword said to Chu Bore, “Speak.”

“This old man has already reached the end of his allocated lifespan. I was only able to continue living till this day by using methods to extend my life. However, ordinary methods to extend one’s life have long since been unable to extend my life. Thus... I could only exhaust all means to find other methods of extending one’s life.”

“Finally, I discovered a person. I paid an enormous price, and bought that scroll from that person.”

“Merely, I do not know that person,” Chu Bore said.

“He’s not lying,” The Evil God Sword said to Chu Feng.

The Evil God Sword’s power of observation greatly surpassed Chu Feng’s. When it said that Chu Bore wasn’t lying, Chu Feng felt that Chu Bore most likely wasn’t lying.

The reason for that was because Chu Feng had also paid attention to the reaction of that old man from the Chu Heavenly Clan as he answered the question. With Chu Feng’s own perception, he too felt that the old man from the Chu Heavenly Clan had not lied.

After all, when faced with death, one’s heart would become extremely weak. If one were to attempt to lie at that time... it would be very easily discovered.

“Ask him where he found that person, as well as the characteristics that person possessed,” Chu Feng said.

“Where did you find that person? What are that person’s characteristics?” The Evil God Sword asked as Chu Feng requested.

“In the Great Chilocosm Upper Realm’s Ghost Sect Hall. As for characteristics...” After saying those words, the old man from the Chu Heavenly Clan extended his hand with great difficulty. Then, he took out a picture scroll from his Cosmos Sack.

Upon opening the picture scroll, the image of a person could be seen.

That person was roughly three meters tall. However, they were very skinny, and wore a hood and a black gown.

However, that hood was not on that person’s head. Thus, one could see that person’s face.

That person had a very frightening appearance. To be exact, that person did not resemble a human. Rather, their appearance resembled that of a monstrous beast.

That person had a very thin face. Yet, it was also very fierce. The

left half of the face was normal. However, there was an enormous scar on the right half of the face. That scar was somewhat scary-looking.

That scar resembled a giant centipede on his face. Passing over their right eye. It ooked truly disgusting.

That person's right eye was green. Thus, it was most likely not his eye. Rather, it resembled a monstrous beast's eye.

# Chapter 2658 - New Lease Of Life

---

“I was afraid he would scam me. Thus, after I met him, I drew a portrait of him so that I could search for him should he have scammed me.”

“Never did I expect for all of this to be true. Never did I expect for there to actually be a Ginseng King of Evil sealed in the Hundred Refinements Ordinary Realm.”

“Even in the Great Chiliocosm Upper Realm, Ginseng Kings of Evil are only legends,” Chu Bore said.

“Ginseng Kings of Evil are also legends in the Great Chiliocosm Upper Realm?”

Chu Feng was astonished. From merely those words, Chu Bore revealed how precious the Ginseng King of Evil was.

“I have told you everything that I know. I truly did not lie to you. Please spare me,” Chu Bore said.

“You can scram,” The Evil God Sword said.

Hearing those words, Chu Bore unleashed all of his body’s strength and stood up with great difficulty. Staggeringly, he ran away.

His running speed was very slow. It was roughly the same speed as that of ordinary people.

From this, it could be seen that his injuries were truly serious, and that the Ginseng King of Evil was truly powerful.

Without a doubt, the Ginseng King of Evil truly possessed the power to completely destroy the entire Hundred Refinements Ordinary Realm.

At the very least, it could turn the Hundred Refinements Ordinary Realm into a lifeless place of desolation.

Unfortunately, it had encountered an even stronger opponent.

## The Evil God Sword!!!

The Evil God Sword turned around and swept its gaze across the crowd.

When the Evil God Sword's gaze moved toward them, practically everyone, with the exception of Ying Mingchao, Wang Qiang and a few others, did not dare to face the Evil God Sword's eyes. They were all very afraid of that crimson figure.

While that person was not enormous in size, it was even more frightening than the Ginseng King of Evil.

"You all need to thank Chu Feng for being able to live today," the Evil God Sword said.

"Thank Chu Feng?"

"He... he isn't Chu Feng?"

The crowd immediately burst into an uproar upon hearing those words from the Evil God Sword.

With merely one sentence, the Evil God Sword had revealed to the crowd that it wasn't Chu Feng.

After all, if it were Chu Feng, Chu Feng would definitely not tell the crowd to express thanks to him.

"Who are you? Whe-Where is my b-brother?" Wang Qiang asked anxiously.

As he spoke, he rushed toward the Evil God Sword.

"Haha..."

The Evil God Sword chuckled. It watched as Wang Qiang approached.

"Woosh~~~"

However, by the time Wang Qiang managed to reach the Evil God Sword, the Evil God Sword had disappeared.

Following that, the crimson clouds that filled the sky also started

to dissipate.

Both the dark black gaseous flames and the crimson gaseous flames disappeared from the sky.

The blue sky and white clouds once again appeared over the crowd.

At that moment, the crowd present realized that this most commonly seen sight was actually very beautiful.

After all, to them, this was equivalent to obtaining a new lease on life.

The things that they'd experienced earlier were simply akin to entering hell itself.

In fact, the crowd was unable to be certain even now as to whether or not their calamity was truly over or not.

After a short period of time, someone said, "We... survived?"

The tone of those words was filled with skepticism.

Even they themselves were uncertain as to whether they would be able to survive.

Suddenly, someone shouted, "Run away!"

Then, a figure started to fly into the distance with an extremely fast speed. In the blink of an eye, it disappeared.

"Run!!!"

Immediately afterward, many others also began to flee in disarray.

This time around, there was no longer any power restricting them. As such, the crowd all managed to successfully escape.

Seeing that they could now escape, some people started to laugh loudly, whereas others started to cry bitterly.

All of those were reactions from obtaining a new lease on life after a great calamity.

One thing that was somewhat comedic was the fact that the old man from the Chu Heavenly Clan, that old man who once stood high and above all the Hundred Refinements Ordinary Realm's cultivators, was currently running away with a speed less than one ten thousandth of those cultivators.

That said, even though that old man from the Chu Heavenly Clan was already so very weak, not a single person dared to attack him.

After all, he was someone from the Chu Heavenly Clan. Who would dare to kill him?

That said, there were two individuals who were not from the Hundred Refinements Ordinary Realm witnessing all of this.

Although the two of them were hidden, they were brought over when Chu Bore completely enveloped everyone in the surrounding region with his power and proceeded to chase after the Ginseng King of Evil.

Thus, the two of them witnessed everything that happened.

"Chu Huai, let's go help senior. Let's bring him back to the clan," Chu Yue said.

"If you want to die, then go do that," Chu Huai said.

"Are you saying that senior will still try to kill us in his current state?" Chu Yue asked.

"You have already seen his true appearance. What do you think he will do?" Chu Huai said.

Chu Yue grew quiet. After a while, she asked, "Do you really think that Chu Feng has been devoured by his Demon Armament?"

"That's most likely the case," Chu Huai said.

"Then, will he be able to survive?" Chu Yue asked.

"Most definitely not," Chu Huai said in a very determined manner.

“Why is that? Didn’t you say that a genius like him most definitely possesses some sort of treasure to protect his life?” Chu Yue asked.

“Can’t you tell how powerful that Demon Armament was? No matter how powerful of a treasure he might have, it would not be able to contend against that Demon Armament.”

“To use that sort of Demon Armament is simply equivalent to playing with fire. Since he has lost control of the Demon Armament, it means that only death awaits Chu Feng.”

After saying those words, Chu Huai sighed. He was feeling pity for Chu Feng’s death.

“Then what should we do now?” Chu Yue asked.

“We must immediately return to the clan. We must report all of this before Chu Bore returns to the clan,” Chu Huai said.

“Okay,” Chu Yue nodded.

Chu Huai and Chu Yue left. The people in the Hundred Refinements Ordinary Realm were still immersed in a state of being overjoyed.

After all... they had managed to survive a great catastrophe.

That said, Ying Mingchao, Wang Qiang and the others were not among those cheerful people.

They all knew that Chu Feng might’ve met with an accident, and that the person holding the Evil God Sword might not be Chu Feng.

“Damn it! D-Damn it!”

Wang Qiang kneeled on the ground and started to roar hysterically. He was pounding the ground with his fists, creating many large craters and countless cracks on the surface of the ground.

He was feeling extremely unreconciled.

It also seemed that he was regretting the fact that he was unable to catch that Evil God Sword.

“Husband, don’t act like this. What you’re doing right now is meaningless. This is not what Chu Feng would want to see,” Zhao Hong landed beside Wang Qiang and started to urge him to stop.

“T-Then what do y-you want me to do? W-Where did my b-brother go? W-Who e-exactly is that g-guy? Where d-did he t-take my b-brother?” Wang Qiang was extremely emotional and irritable.

“The way I see it, little friend Chu Feng should’ve been devoured by his Demon Armament. That body is still his. Merely, it is now controlled by the Demon Armament. Or perhaps... he is now being controlled by the Demon Armament.”

“That said, it might not necessarily be true that little friend Chu Feng has suffered some sort of mishap. After all... it is not the first time that little friend Chu Feng has used that Demon Armament. He should be able to handle it,” Zi Xunyi said.

“That’s right. What Xunyi says is very reasonable. Don’t worry too much. Perhaps Brother Chu Feng did not encounter any mishap,” Ying Mingchao said.

Even though both Zi Xunyi and Ying Mingchao were saying things like that, they were feeling very unwell in their hearts.

They had all witnessed the power of that Demon Armament. If it wanted to devour Chu Feng, who could possibly stop it?

.....

The Evil God Sword was flying in the sky. Its speed was extremely fast. Simply no one from the Hundred Refinements Ordinary Realm was able to catch sight of it.

“Where are you going?” Chu Feng asked.

“I am waiting for someone,” the Evil God Sword said.

“Waiting for someone? Who are you waiting for?” Chu Feng asked.

“Tsk, tsk, tsk. Boy, you do not possess the qualifications to know these things.”

“After all, this Evil God has already done all that should be done. Your friends are also safe and sound now. Thus, it is now your turn to help this Evil God do some things,” the Evil God Sword said.

# Chapter 2659 - Protecting From The Shadows

---

“What do you want me to do?” Chu Feng asked.

“It will do for you to completely hand over your body to this Evil God.”

“Ahhh~~~~”

After the Evil God Sword said those words, Chu Feng felt an unbearable pain.

That pain was from the raging flames. However, it was much more unbearable than the ordinary pain of one's body being burned.

Even Chu Feng found it to be intolerable. Perhaps it might be because it was simply too painful, or perhaps it might be because Chu Feng was going to die, Chu Feng started to gradually lose consciousness.

“Chu Feng, what's wrong with you? Say something. C'mon, say something.”

“Say something! Damn it! What did they guy did to you?!”

Chu Feng was able to hear Her Lady Queen's voice resonating beside his ears nonstop. Her voice was filled with worry.

Gradually, that voice grew weaker and weaker.

Finally, Chu Feng lost consciousness.

“I have already taken control of him. Are you still not going to reveal yourself?”

The Evil God Sword roared loudly as it flew rapidly in the sky.

It was most definitely waiting for someone. However, in a place like this, who could possibly match the Evil God Sword's speed?

There was. There really was someone capable of matching the Evil God Sword's speed.

It was a deer and a yellow-gowned old man.

They were the creators of the Unknown Burial Ground.

The old man was not riding on the deer. Rather, they were traveling alongside each other like old friends.

The old man and the deer were walking very slowly in midair. However... they were able to keep up with the Evil God Sword's speed.

However, it seemed that not even the Evil God Sword was able to detect them.

"That brat by the name of Chu Feng is truly amazing. He actually possessed such a Demon Armament."

"If he were to enter the Great Chilocosm Upper Realm, enter the Starfields, he would likely really become a top genius."

"If that were to happen, I would truly have lost the gamble," the yellow-gowned old man had a slightly worried expression as he said those words.

It turned out that the two of them had been hidden the entire time, and witnessed everything that had happened before.

"That Chu Feng has already been devoured by the Demon Armament. He will likely not be able to survive this."

Right at that moment, the deer spoke. Its voice was actually that of a female's voice.

"No. Although that Demon Armament has devoured Chu Feng's body and is controlling him, it seems to be waiting for someone."

"The way I see it, that Demon Armament was merely threatening. It was using Chu Feng's body to threaten that person."

“That’s understandable too. With how talented Chu Feng is, he most definitely possesses a robust background and a powerful backer.”

“Thus, there is most definitely someone protecting him from the shadows. That Demon Armament is waiting for that person to appear,” the old man said.

Hearing those words, that deer looked left and right. Then, it sniffed several times with its nose.

“I cannot sense the aura of anyone else. Could it be... it’s someone with strength surpassing us?” That deer said.

“That’s impossible. How could there be someone with strength surpassing us in a place like this?”

“Even if that boy has a backing, the power standing behind him is most definitely not a match for us,” the old man shook his head. Then, he said, “Most likely that person hasn’t arrived yet. However, that person will definitely come.”

“Even if Chu Feng is able to be saved and successfully enter the Great Chiliocosm Upper Realm, he might not necessarily be able to successfully enter the Starfields.”

“Even if he is to enter a Starfield, he might not necessarily be able to move about unhindered through that Starfield. Not to mention the geniuses in the Starfields, just the Great Chiliocosm Upper Realm itself already contains many outstanding geniuses.”

“As for things like geniuses dying young and prematurely, that is simply too common.”

“We might not necessarily lose in this gamble,” that deer said.

“Indeed, it’s not necessarily a loss. However, I cannot afford to lose. I must make sure that we will definitely win,” the old man said.

“You plan to kill him?” That deer said with a slightly surprised

tone.

“That is the only option left. After all, everything that is happening right now is going according to his prophecy.”

“If things are to continue like this, we will really end up losing,” the old man said.

“However, according to the rules of the gamble, neither side can interfere with him. As such, neither side, naturally cannot injure him either, much less kill him,” that deer said.

“Although we cannot kill him, it has never been said that we cannot find someone to kill him,” the old man said.

“But, that Chu Feng’s Demon Armament is not easy to deal with. If we are to find someone else to do the task, they might not necessarily be able to subdue him.”

“Furthermore, the person protecting Chu Feng from the shadows still hasn’t shown himself. We still do not know exactly how powerful that person is,” the deer said in a slightly worried manner.

“Rest assured, if they were to act, they would definitely be able to handle this matter,” After the old man said those words, he took out a paper talisman. It was a communication talisman.

“Buzz~~~”

The old man pinched the paper talisman apart. Then, a ray of blue light began to rapidly fly toward them from afar. Soon, it arrived before the old man and the deer.

It was a man. An extremely tall man. His height surpassed ten meters. He was simply a small giant.

Not only was he very tall, but he was also very robust. Muscles covered his body from head to toe. Even though he was wearing clothes, the outlines of his muscles could still be seen.

However, that man was not a human. The reason for that was

because his skin was blue, and his eyes were crimson red. At a glance, that man's appearance was truly frightening.

Furthermore, his blue skin was filled with scars. Those scars seemed to be carved into his body deliberately, as they seemed to follow some sort of pattern. Those scars seemed to take the shape of some sort of special symbol.

In short, those scars were somewhat strange.

"Murdergod Blue Demon," seeing that person, the deer revealed a surprised expression.

"Exalted Sacred Deer, long time no see," that ferocious-looking blue giant clasped his fist respectfully at the deer. He was actually very courteous.

That said, his voice was very vigorous and powerful. His voice sounded like the roars of ferocious beasts. It was extremely intimidating.

"Seems like you've planned this to begin with," that so-called Exalted Sacred Deer said to the old man.

"I've said it already, I can't afford to lose."

"Who would've thought that there was really someone capable of breaking through that spirit formation of mine? Furthermore... he really decided to renounce the treasure that he should've obtained to save his friend."

"This is exactly the same as he prophesied. This means that he really will enter the Great Chiliocosm Upper Realm and then the Starfields to defeat various geniuses."

"Should that day arrive, I will have truly lost," the old man said.

Hearing those words, the Exalted Sacred Deer grew silent for a moment. Then, it said, "Since you've already decided, go ahead and do it."

Right at that moment, that Murdergod Blue Demon said, "That

brat's gone."

"What?" Both the yellow-gowned old man and the Exalted Sacred Deer were startled upon hearing those words.

When they looked to the direction of the Evil God Sword, they discovered... that Chu Feng had really disappeared.

"Chase after him," at that moment, the old man wanted to give chase.

"Boom~~~"

However, right at that moment, an enormous lightning strike suddenly appeared before them.

That lightning strike was extremely fast. In the blink of an eye, it struck down. A loud clap of thunder boomed. In the blink of an eye, the clear and boundless sky was filled with surging lightning and clouds.

Clouds covered the entire sky. Lightning flashed, and thunder filled the entire region. It was an extremely strange sight to behold.

"We've been discovered?" the Exalted Sacred Deer said.

This sort of weather was most definitely not caused by nature. It was most definitely created by a certain martial cultivator.

"This is a bit troublesome," the old man started to frown. He was not afraid that he would not be a match for his opponent. Rather, he was afraid of being discovered.

At that moment, the old man, the Exalted Sacred Deer and the Murdergod Blue Demon all swept their serious gazes around their surroundings.

They were using their various methods to observe their surroundings. They were trying to find the person that was hidden.

They were unable to be certain as to whether the abnormal sign

was caused by the Demon Armament or the person secretly protecting Chu Feng from the shadows.

However, they were unable to find anyone, nor were they able to sense anyone.

The clouds grew thicker and thicker, the thunder more and more ear-piercing.

“Splash, splash~~~”

Soon, a downpour started to sprinkle down from the clouds. The rain was very heavy. It was coming down from the sky like a massive waterfall.

No matter how heavy a normal downpour was, it would not be able to affect these three people’s vision.

However, the rain that was currently pouring down was actually able to obstruct their vision. At that moment, they were only able to see for less than a hundred meters.

“This is bad,” the Exalted Sacred Deer said. Deep unease appeared in its eyes.

Actually, both the Murdergod Blue Demon and the yellow-gowned old man had also noticed that their current situation was very bad.

# Chapter 2660 - Slight Punishment

---

“Since you’ve come, why not show yourself?” The yellow-gowned old man said.

Although he spoke with a mild tone, his voice was very loud and clear.

“There are some people who you all are not qualified to touch,” a voice sounded directly from in front of the three individuals.

“Boom~~~”

Right at that moment, that Murdergod Blue Demon unleashed an attack. A punch was shot forth explosively. Boundless martial power started to wreak havoc. The punch formed a golden pillar of light that linked heaven and earth as it shot forward.

The earth was overturned by the impact. Countless cracks appeared in an instant. Even the magma hidden deep beneath the earth started to surge violently before erupting.

The space in the sky above was shattered by the violent trembling and all of a sudden, the entire region turned pitch-black.

However, the shattered space soon returned to normal.

That said, the earth below had been changed beyond recognition.

Deep cracks covered many miles of the surface.

Deep-red magma was flowing and erupting from the cracks, engulfing everything in its path.

The surface of the ground was akin to that of hell at that moment.

That said, those black clouds were still surging in the sky. The lightning was still flickering between the clouds. In fact, even the rain was still violently pouring and blocking the three individuals’ vision.

“This?”

Seeing this scene, the Murdergod Blue Demon that had thrown that ferocious punch earlier had a change in expression. Then, he looked to that yellow-gowned old man.

At that moment, both that yellow-gowned old man and that Exalted Sacred Deer revealed incomparable shock on their faces.

Those three individuals who were supposed to be high and above were starting to panic.

That was understandable too. They all knew very well how powerful the Murdergod Blue Demon was. That punch he had unleashed earlier was no small matter either.

In fact, that punch had caused enormous destruction to the Hundred Refinements Ordinary Realm.

Yet, it was unable to affect the lightning, the clouds or the pouring rain in the sky.

This meant that the three of them would not be a match for their unknown opponent.

“Our apologies. We didn’t know that Chu Feng would have a person like you supporting him.”

“If we had known, we wouldn’t have dared to have wicked thoughts. Might you be willing to let us off by taking into consideration that we didn’t know?”

The yellow-gowned old man actually directly clasped his fist and begged for forgiveness.

Although this appeared to be very humiliating, this was a wise and sensible decision.

Since they already knew that they would not be a match for their opponent, it would be the best to admit defeat early.

Moreover, the yellow-gowned old man did not lower himself when admitting defeat.

[1. While he was begging for forgiveness, he merely clasped his fist respectfully, but did not kneel down and kowtow.]

“If I wanted to kill, you three would’ve already been dead,” that voice sounded.

“Thank you, senior, for your kindness,” the yellow-gowned old man immediately expressed his thanks.

“Senior?”

“Haha, don’t address me like that, your age is much older than mine,” that voice said.

Hearing those words, the yellow-gowned old man, the Exalted Sacred Deer and the Murdergod Blue Demon looked to one another. The astonishment in their eyes grew even stronger.

Younger than them, yet stronger than them. This could only mean one thing... the person that they had provoked was no small matter. This person was most definitely an existence renowned through the Starfields.

This time around, they had truly provoked someone that they could not afford to provoke.

Although they already knew that a genius like Chu Feng most definitely possessed a backer, they had never expected his backer to be so powerful.

At that moment, regret filled their hearts.

“Our apologies. We are truly sorry. If we had known that Chu Feng had someone like you backing him, we would never have dared to think about killing him,” the old man started to apologize again.

He was telling the truth. With how powerful their opponent was, he most likely had already heard the conversation between them earlier.

At that time, it would be much better for him to tell the truth and

apologize for his former actions than to attempt to lie.

However, after he apologized, there was no reaction from the unknown individual.

After a long while passed, there was still no reaction.

The old man and the two others did not immediately leave. Instead, they asked cautiously, "Are we allowed to leave now?"

The reason for that was because the lightning, the clouds and the pouring rain were still present. They knew very well that that individual was most definitely still here.

"Leave? Haha..."

That individual's voice sounded again. There was a trace of a sneer in the voice now.

Hearing that voice, the old man and the two others all grew nervous. They all knew... that they would not be able to escape unscathed this time around.

However, they still did not try to flee. Even though there was fear in their eyes, their expressions remained unchanged.

From this, it could be seen that the three of them were people accustomed to grand spectacles.

"Then, what do you want from us?" The old man asked cautiously. His tone was also very respectful.

"A slight punishment," that person said.

Even though they had anticipated this, the three of them were still frightened upon hearing those words.

"This is all my fault," the yellow-gowned old man smiled to the Exalted Sacred Deer. He had a guilt-ridden expression in his eyes.

"Don't blame yourself. I also approved of your decision. Since we've provoked a disaster, let us take on its trials and tribulations, take on this punishment, together. It's alright," the Exalted Sacred

Deer said. It appeared to be very calm.

“My apologies,” the yellow-gowned old man looked to the Murdergod Blue Demon.

“It’s fine. As long as my life is not taken, anything else will be fine,” the Murdergod Blue Demon said with a smile. He looked very heroic.

“We were in the wrong. Please punish us accordingly,” even though they were going to be punished, the yellow-gowned old man still bowed respectfully as he said those words.

Following that, the Murdergod Blue Demon and the Exalted Sacred Deer also lowered their heads respectfully.

“Don’t think that I will be lenient toward you all because of your respectful actions. I have... encountered a lot of people like you,” that individual said.

Hearing those words, the yellow-gowned old man smiled. He seemed to want to say something more.

“Zzzzzzz~::~”

Right at that moment, the lightning in the sky rushed out from the clouds and struck the yellow-gowned old man, the Exalted Sacred Deer and the Murdergod Blue Demon.

“Rumble~::~”

A loud explosion was heard. In an instant, the three individual’s bodies turned pitch-black. A burnt smell began to waft from their bodies.

“Eeeahhh~::~”

The next moment, those three individuals who were always calm and collected actually let out miserable screams at the same time.

It wasn’t that the three of them lacked tolerance for pain. Rather, being struck by tens of thousands of lightning strikes was simply too difficult to endure.

The three of them were in enormous pain. They were unable to speak due to the pain, and could only scream miserably.

However, the tens of thousands of lightning bolts were still striking nonstop in an unforgiving manner.

Far away, within the vast heavy rain, a pair of eyes was watching this scene attentively without the slightest sympathy.

.....

Nightfall. Specks of starlight filled the Hundred Refinements Ordinary Realm's sky. It was a flowing river of stars.

On a plain that was not affected by the vast destruction wrought throughout the Hundred Refinements Ordinary Realm. The plain was covered densely with grasses. The grass swayed back and forth as a gentle breeze blew past them.

Chu Feng was sitting cross-legged on the ground.

To be exact, this was the Evil God Sword.

The Evil God Sword's crimson gaseous flames that covered Chu Feng's body were emitting bright light. In the dark, they appeared extra dazzling.

It was as if those gaseous flames were truly crimson flames.

The Evil God Sword's crimson eyes were exceptionally sharp and ferocious. Seeing those eyes, even ferocious beasts would immediately withdraw. In such a dark night, those eyes looked exceptionally scary.

“Rustle~~~”

Suddenly, footsteps sounded from behind.

The Evil God Sword immediately stood up and looked back. A sinister yet joyous expression emerged in its crimson eyes.

# Chapter 2661 - The Evil God Sword's Purpose

---

“You’re finally here,” the Evil God Sword said.

At that moment, a person was standing in front of the Evil God Sword.

That person was a man. His height was not especially tall, and his build was not especially muscular. His face could not be said to be extremely handsome either. It could be said that he looked very mediocre.

However, the sensation that he gave off was very extraordinary. In fact, it could even be said that the sensation one would feel upon seeing him was that he was not a human.

That’s right, the sensation one would feel upon seeing him was that he was not human. Regardless of how ordinary his appearance was, regardless of how simple and unadorned his clothes might be, the sensation that he emitted from the core of his being was not something that ordinary people could compare to.

As for that person, he was Chu Feng’s father, Chu Xuanyuan.

Chu Xuanyuan looked at the Evil God Sword with a smile on his face. Then, he sat down cross-legged. He was completely calm and composed.

“You seem to not be worried about your son’s life and death at all,” the Evil God Sword said.

“That’s because I know he’s still alive,” Chu Xuanyuan said.

“Not bad. Your perception is very sharp. Even though your son has been sealed by me so thoroughly, you actually still managed to detect his vital signs,” the Evil God Sword said.

The Evil God Sword did not feel any unease from Chu Xuanyuan’s sharp perception. On the contrary, it was actually joyous at that fact.

“You’re quite decent yourself,” Chu Xuanyuan smiled again. Then, he said, “What say you about a chat?”

“What do you want to chat about?” The Evil God Sword asked.

“How about we chat about where you’re from and why you appeared in the Holy Land of Martialism?” Chu Xuanyuan suggested.

“Even if you are to know about the origin of this Evil God, it will serve no purpose. In addition, this Evil God does not wish you to know.”

“Furthermore, you do not possess the qualifications to chat with me,” the Evil God Sword said.

“Since that’s the case, let’s move onto the main subject then.”

“Tell me, exactly what is your purpose in seizing my son’s body?” Chu Xuanyuan asked.

“Your son’s cultivation is too weak. He is unable to withstand this Evil God’s power. If I am to completely devour his body, his soul and body will soon be destroyed. That is not something I want.”

“However... you are different,” the Evil God Sword looked to Chu Xuanyuan with lust in its eyes.

“So you actually want to occupy my body. It seems that you’ve managed to see through my cultivation already?” Chu Xuanyuan asked.

“This Evil God saw through your cultivation the first time I met you on the Ancestral Martial Lower Realm’s Heavenly Road,” the Evil God Sword said.

“It seems that you’ve decided on me since that time?” Chu Xuanyuan had a slight smile on his face. In a seemingly joking manner, he asked, “Then what about now? Are you able to determine my cultivation now?”

“Your cultivation has increased again. This speed of increase is extremely fast. I am truly in admiration.”

“This Evil God has never witnessed someone with such astonishingly fast growth. You... will definitely become a greatly capable individual in the future.”

“If you are able to leave this Starfield, it will not take long for your name to resonate through the entire Outer World,” the Evil God Sword said.

“I thank you for your kind words,” Chu Xuanyuan said.

“Unfortunately for you, you will not have that chance,” the Evil God Sword said.

“How are you so certain?” Chu Xuanyuan asked.

“I am absolutely certain. Unless... you are willing to have your son die by my hands,” the Evil God Sword said.

“It seems that you are determined to get me,” Chu Xuanyuan said.

“That’s right,” the Evil God Sword said.

“You’re quite confident,” Chu Xuanyuan said.

“This Evil God’s confidence originates from my unsurpassed strength.”

“In this place, everything will be dictated by this Evil God.”

“I am able to see through all of you people with merely one glance.”

“Those three tailing this Evil God are the same. You... are also the same.”

“All of you are inferior to this Evil God. Thus... this Evil God has you in his grasp completely.”

“How about this? Hand over your body to this Evil God, and this Evil God will help you take care of those three people that wanted

to take care of Chu Feng. You can consider it that I have helped you and your son take revenge,” the Evil God Sword said.

It turned out that the Evil God Sword had known about the Exalted Sacred Deer and that yellow-gowned old man tailing him. It had even managed to detect the Murdergod Blue Demon.

Evidently, it has also heard the conversation between the yellow-gowned old man and the Exalted Sacred Deer.

“If you have the leisure to think about all that, you should look after yourself first,” Chu Xuanyuan slowly stood up.

“You wish to fight?” Killing intent emerged in the Evil God Sword’s eyes. It said, “This Evil God urges you to not be reckless. If you are to attack me, you will most definitely suffer a consequence that you do not want.”

“Heh...” Chu Xuanyuan chuckled. Then, coldness emerged in his eyes.

“Woosh~~~”

Suddenly, Chu Xuanyuan rapidly opened his palm. He extended his opened palm and pointed it at the Evil God Sword.

The moment that happened, the Evil God Sword’s body trembled. Then, a surprised expression appeared in its eyes.

“You were concealing your cultivation?”

The Evil God Sword was shocked. It realized that the power Chu Xuanyuan revealed was stronger than he had detected.

At that moment, it was completely restricted by Chu Xuanyuan.

Chu Xuanyuan did not answer the Evil God Sword’s question. Instead, he chuckled lightly and shouted, “Scatter!!!”

“Eeaahhh~~~”

The next moment, the Evil God Sword started roaring in miserable pain.

It was enduring extreme pain. The crimson gaseous flames that surrounded Chu Feng were waning. They were moving away from Chu Feng's body and into the Evil God Sword itself.

The power that the Evil God Sword had devoured Chu Feng with was being forcibly dispersed.

As he had already occupied Chu Feng's body, being forcibly dispersed from Chu Feng's body was a pain akin to being skinned and having one's tendons pulled out from one's body alive. As such, it was naturally unbearable.

As for all that, it was caused by Chu Xuanyuan.

"Impossible! This is impossible! How could you possess the power to suppress this Evil God?!" The Evil God Sword was endlessly astonished.

The power emitted by Chu Xuanyuan at that moment was much more powerful than he had anticipated. It... was simply no match for Chu Xuanyuan.

Even when faced with Chu Xuanyuan forcibly removing it from Chu Feng's body, the Evil God Sword was unable to do anything.

"You are very powerful. You have indeed managed to see through a lot of things. However, you were unable to see through me."

"Thus, you are destined to be defeated here, destined to fall by my hands," Chu Xuanyuan said.

After Chu Xuanyuan said those words, his open palm trembled.

"Nooo!!!!"

A loud shout resonated through the night sky. The shout transmitted for many miles and echoed in the sky.

"Clank~~~"

A sharp sound was heard. It was the sound of the Evil God Sword falling to the ground.

Chu Xuanyuan was still standing there. Chu Feng was also still standing there.

Merely, the current Chu Feng was no longer the Evil God Sword. Rather, it was the actual Chu Feng.

The crimson gaseous flames that covered him were gone. Chu Feng had regained his former appearance.

However, his complexion was deathly pale, and his eyes were tightly closed. There was not the slightest trace of breath or aura from him. His appearance was akin to that of a dead man.

“Woosh~~~”

Suddenly, Chu Feng’s body swayed to the side, and he toppled toward the ground.

However, before he could reach the ground, a powerful arm caught him. It was Chu Xuanyuan.

Chu Xuanyuan laid Chu Feng on the ground gently. Then, he extended his finger and gently pointed at Chu Feng’s forehead.

“Buzz~~~”

A light blue circle of light began to spread from Chu Feng’s forehead in a ripple-like manner. Which then spread throughout Chu Feng’s entire body.

The next moment, Chu Feng’s deathly pale complexion started to turn rosy. His stopped heart started beating again. Even his aura returned.

Even though Chu Feng was still unconscious, he was completely cured of his injuries.

“It seems that Chu Feng’s fine now.”

Right at that moment, a figure descended from the sky and landed behind Chu Xuanyuan.

That person was not a human. Rather, he was an ape. He was the

Old Ape that was with Chu Xuanyuan in the Chu Heavenly Clan's remnant inside the Heavenly Road.

“Have you finished?” Chu Xuanyuan asked.

“It's done,” the Old Ape said.

“What's the result?” Chu Xuanyuan asked.

“The three of them have all been driven insane. Unless they are discovered... they will likely not be able to leave the Hundred Refinements Ordinary Realm for some period of time,” the Old Ape said.

“I'm asking why the Exalted Sacred Deer and Exalted Sacred Tiger have come here? Exactly who did they gamble with?”

“Furthermore, what sort of gambling stake caused them to want to attack my son?” Chu Xuanyuan asked.

# Chapter 2662 - Restricting The Sword

---

“The Exalted Sacred Tiger gambled with the Exalted Heavenly Fate.”

“The gamble originated from a conversation between the Exalted Heavenly Fate and Exalted Sacred Tiger, where Exalted Sacred Tiger belittled the people from the various lower realms.”

[1. Lower realms here includes Ordinary Realms. The reason for that is because both Lower Realms and Ordinary Realms are lower realms in the eyes of people from the Upper Realms.]

“He stated that he did not understand why those people from the lower realms refuse to properly stay in the lower realms, and instead think themselves to be extremely talented upon obtaining a mere True Immortal-level cultivation and insist on coming to make a name for themselves in the Upper Realms.”

“He declared that those people from the lower realms will all end up with the same fate. That is, they will abandon themselves to despair after being trampled upon and riddled with scars and bruises by the geniuses of the Upper Realms. He declared that they were truly foolish.”

“However, Exalted Heavenly Fate didn’t think that to be the case. He pointed out many examples of people that moved about unhindered in the Upper Realms who had come from the lower realms.”

“However, Exalted Sacred Tiger was unwilling to accept this. He stated that those examples were very rare cases. Even though such examples existed, those people were only capable of moving about unhindered through the Upper Realms. None of them were able to move about unhindered through Starfields. He declared that those who came from the lower realms were still unable to compare to the people from the Upper Realms.”

“The two of them were very serious in their respective arguments. Later on, they both grew angry at one another, and quarreled with each other. The two of them insisted on making things clear.”

“Finally, Exalted Heavenly Fate declared that a genius would appear in the Hundred Refinements Ordinary Realm within three thousand years. He declared that that genius would not only sweep through the entire Great Chilocosm Upper Realm, but he would even sweep through the entire Starfield. He declared that if Exalted Sacred Tiger did not believe him, then they could make a bet.”

“Naturally, Exalted Sacred Tiger did not believe him. This was how their gamble came to be.”

“Merely, as the two of them were both very furious, they ended up making an enormous bet. That is, the one to lose the bet would have to cripple their own cultivation.”

“Exalted Sacred Tiger arrived in the Hundred Refinements Ordinary Realm and set up that grand formation over two thousand years ago. During that time, the person prophesied by Exalted Heavenly Fate never appeared. As such, he thought that he would most certainly win the gamble, and was immensely pleased. In fact, he would from time to time go and find Exalted Heavenly Fate to insult him.”

“Never had he ever anticipated that Chu Feng would appear at a time like this.”

“Exalted Sacred Tiger saw that Chu Feng was simply exactly as Exalted Heavenly Fate prophesied, and grew scared that he would lose the bet. Thus... he decided to kill Chu Feng. That is why he went to find Murdergod Blue Demon,” the Old Ape narrated.

“How accurate is it?” Chu Xuanyuan asked.

“This is something that I obtained through my interrogation

while punishing them. He shouldn't be lying to me. Merely, I don't understand. The two of them were originally close friends, why would they decide to make one another cripple their own cultivation because of a mere argument over a topic?" Old Ape said.

"That's because Exalted Heavenly Fate is from the lower realms. The fact that Exalted Sacred Tiger looks down on those from the lower realms is equivalent to him insulting Exalted Heavenly Fate," Chu Xuanyuan said.

"So that's the case. But the two of them were originally good friends. Even if there is a reason for this, there shouldn't be a need to go this far, no?" Old Ape was still unable to understand.

"Exalted Heavenly Fate obtained an enormous chance encounter in the past. As such, his prophecies are no small matter. Perhaps this is fate. If it wasn't for Exalted Heavenly Fate's gamble with Exalted Sacred Tiger, Exalted Sacred Tiger would not have come to the Hundred Refinements Ordinary Realm to set up that grand formation, and Feng'er would have received one less chance encounter."

"Furthermore, I think that even if Exalted Sacred Tiger is to lose the gamble, Exalted Heavenly Fate might still not necessarily make him cripple his own cultivation."

"This gamble was only to make Exalted Sacred Tiger come to the Hundred Refinements Ordinary Realm and stay here for three thousand years to guard his formation. The reason for that is because Exalted Heavenly Fate knew very well that Exalted Sacred Tiger held deep resentment towards him."

"Thus, Exalted Sacred Tiger did not come to the Hundred Refinements Ordinary Realm to stand guard over his spirit formation for over two thousand years with the goal of three thousand so that he could win the gamble. Mainly, it is because he wanted to make Exalted Heavenly Fate cripple his cultivation."

“Between the two of them, it is Exalted Sacred Tiger that is heartless, and not Exalted Heavenly Fate,” Chu Xuanyuan said.

“What makes the Exalted Sacred Tiger detest Exalted Heavenly Fate like this?” Old Ape asked.

Chu Xuanyuan smiled. It was a very profound smile. However, he did not answer Old Ape’s question.

“It seems that there’s a story between them unknown to the public,” Old Ape said. He revealed his curiosity.

However, Chu Xuanyuan still didn’t say anything.

The Old Ape did not try to further inquire about it. He knew Chu Xuanyuan very well, and knew that Chu Xuanyuan was someone that would never say what he didn’t want to, no matter how much he inquired about it.

It was not only limited to him. No one would be able to make Chu Xuanyuan speak.

“It was you who deliberately drove them insane, right?” Suddenly, Chu Xuanyuan asked Old Ape.

“No. They were driven insane because they were unable to endure my power, and received a mental breakdown from the punishment.”

“Speaking of it, it is all thanks to your Chu Heavenly Clan’s remnant that I was able to obtain my current level of cultivation.”

As the Old Ape said those words, he involuntarily clenched his fist. An expression of joy and pride emerged on his monkey face.

His current reaction was understandable. Before entering the Chu Heavenly Clan’s remnants, those three people were all capable of easily obliterating him.

However, he was now able to easily obliterate the three of them.

This shift in power happened in merely thirty years. With such a great change in strength, how could he not rejoice?

At that moment, Chu Xuanyuan extended his hand and picked up the Evil God Sword that had fallen to the ground. He began to inspect it carefully.

Old Ape also walked over and began to inspect the Evil God Sword alongside Chu Xuanyuan. He was also extremely curious about the sword.

“This sword is extremely strange. Do you know where it comes from?” Old Ape asked.

“The way I see it, that thing is most definitely not the embodiment of the sword’s soul. Rather, some sort of demonic being is sealed in this sword,” Chu Xuanyuan said.

“How can one be sure?” The Old Ape asked.

“This sword itself is most definitely not an ordinary item. Its sealing power is extremely strong. I have never experienced anything this strong before,” Chu Xuanyuan said.

“Really?” Old Ape inspected the sword carefully. However, he was confused. It would seem that even with Old Ape’s powers, he was unable to sense the Evil God Sword’s sealing power that Chu Xuanyuan mentioned.

“Place your hand on top of my hand and sense again,” Chu Xuanyuan said.

The Old Ape did as Chu Xuanyuan said. Then, he revealed an enormous change in expression. Incomparable astonishment filled his eyes. He said, “Such an overwhelmingly powerful sealing power. In that case, wouldn’t it mean that the thing sealed inside this sword is...”

The Old Ape was completely shaken. The sealing power of the sword was truly strong. It was precisely because of how powerful that sealing power was that he realized how frightening the monster sealed inside the sword was.

“If it wasn’t for the fact that the sword has restricted that thing,

the current me would not be a match for it,” Chu Xuanyuan said.

“Exactly what sort of purpose does that thing have?” Old Ape asked.

The power of the Evil God Sword had already surpassed Old Ape’s imagination. As such, he started to feel uneasy.

“It actually wanted to occupy my body.”

“As for it seizing Feng’er’s body, it did that only to use Feng’er’s body to threaten me,” Chu Xuanyuan said.

“Occupy your body? Could it be that it wanted to seize your power?” The Old Ape asked.

“No. Its own power surpasses my own. It is only because it is sealed by the sword that it was unable to unleash its true powers.”

“As for its intention to occupy my body, it merely wanted to use my body as a medium to release its true powers.”

“With that, it could find ways to break free from the seal of the sword and regain its freedom,” Chu Xuanyuan said.

“We cannot leave such a dangerous thing with Chu Feng,” the Old Ape said.

“Keeping it will save Feng’er’s life during crucial moments,” Chu Xuanyuan said.

“But...” The Old Ape felt this was unwise.

“I understand your worry. It’s alright, I can restrict its power,” as Chu Xuanyuan spoke, he clasped the Evil God Sword between his palms.

Then, faint golden light began to shine from his palms. It took the form of a net, and began to spread. The golden net covered the body of the Evil God Sword and was then assimilated into it.

Following that, more net-shaped golden light appeared, entered and assimilated into the Evil God Sword.

“This is?” Seeing this scene, Old Ape revealed a complicated expression.

However, Chu Xuanyuan’s expression remained unchanged. He was wholly concentrated on his task. As he continued to operate, golden light continued to appear, take the form of a net, envelope the body of the Evil God Sword and then assimilate into it.

This continued on and on for an entire hour before Chu Xuanyuan finally placed the sword on the ground.

“Buzz~~~”

Right at that moment, the Evil God Sword that was placed onto the ground started to tremble violently.

Its trembling sound was extremely ear-piercing. It was as if a great demon was about to burst out of the sword.

# Chapter 2663 - Bloodline Protection Formation

---

“Woosh~~~”

Seeing this, Old Ape’s expression changed greatly.

He immediately picked Chu Feng up from the ground and moved behind Chu Xuanyuan. Then, he revealed an appearance as if preparing for a battle. With nervousness and unease in his eyes, he looked to the Evil God Sword.

However, compared to Old Ape who was trembling with fear, Chu Xuanyuan’s expression remained unchanged. Indifferently, he said, “Don’t panic. With my formation limiting it, even if Feng’er is to use it again, it will not be able to seize Feng’er’s body.”

“It is currently even weaker than before. As such, it will naturally not be able to do anything to us.”

After hearing those words, the Old Ape came to a sudden realization. He finally managed to ease his nervousness. Then, he placed Chu Feng, who he was holding, back onto the ground.

He knew very well that even though the sealing method Chu Xuanyuan had used earlier appeared to be ordinary, its power was no small matter.

It was a sealing method that originated from the Ancient Era. Its power surpassed one’s imagination.

Back in the day, Chu Xuanyuan had used that exact sealing formation to seal an extremely savage Ancient Era’s Organism.

As for the Evil God Sword, while it was very powerful, it remained that it had already been sealed within the sword. Thus, Chu Xuanyuan adding his sealing formation on top of the sword was most definitely going to be effective.

“Actually, you still care deeply about Chu Feng, no? After all, a

sealing formation like that will consume your lifespan,” Old Ape said to Chu Xuanyuan with a beaming smile on his face.

It was precisely because he knew that sealing formation very well that he not only knew that it was very difficult to handle, but that its user would also have to pay an enormous price should it be cast successfully. That sealing formation was a formation cast with one’s own lifespan as the price.

Even though it only took Chu Xuanyuan an hour to finish setting up the sealing formation, this one hour would consume roughly a thousand years of his lifespan.

“This matter concerns Feng’er’s safety. I do not wish for there to be any mistakes.”

“As long as no mistake is made, this sealing formation will make it so that the Evil God Sword will not be able to devour Feng’er’s body for at least a hundred years,” Chu Xuanyuan said.

“What about after a hundred years have passed? Are you going to seal the Evil God Sword again?” Old Ape asked.

“After a hundred years have passed, Feng’er will be able to handle it himself,” Chu Xuanyuan said.

“You’re this confident?” Old Ape asked with a smile.

“When it’s Feng’er, I am,” Chu Xuanyuan said.

Old Ape smiled again. It was a smile of agreement. It could be seen that Old Ape also thought very highly of Chu Feng’s future accomplishments.

Then, Old Ape looked to the Evil God Sword. He discovered that the Evil God Sword was still trembling. Merely, its trembling was no longer as intense as before.

That’s right, the trembling of the Evil God Sword was growing weaker in intensity.

“It will not be able to break free, yet it still struggles like this,

isn't it just wasting its power?" Old Ape asked.

He knew very well that in addition to the Evil God Sword that was sealing the thing within, Chu Xuanyuan's sealing formation had also taken effect.

Thus, if there was no medium helping the Evil God Sword release its power, it would be useless for it to struggle. Thus... it would not be able to struggle for much longer.

"It wanted to tell me something," Chu Xuanyuan said.

"What did it want to say?" Old Ape asked.

"Meaningless words," Chu Xuanyuan said. Then, he looked to the Old Ape. With a smile on his face, he said, "Seems like you want to hear it out?"

"It wouldn't be able to do anything to us anyways. It wouldn't hurt to listen, no?" Old Ape said with a smile.

"Then let's hear it out," Chu Xuanyuan lightly swiped his palm across the space before him while facing the Evil God Sword. Then, a faint light started to flicker from the Evil God Sword.

The next moment, the Evil God Sword let out an incomparably furious roar.

"While you can trap this Evil God for now, you will not be able to trap this Evil God forever!"

"Since you know how powerful this Evil God is, you should know what sort of consequence you will suffer when this Evil God breaks free!"

The Evil God Sword's voice was deafening. Its voice resonated through heaven and earth. Standing on the ground, one could feel that the ground was trembling violently.

Furthermore, the voice was emitting a very terrifying killing intent. It was a voice that would make anyone feel fear from the bottom of their heart should they hear it.

Not to mention the others feeling fear upon hearing the voice, even Old Ape revealed a change in expression upon hearing the voice.

The reason for that change in expression was because he suddenly felt fear in his heart upon hearing that voice.

Old Ape was panicked. Even though he knew very well that the Evil God Sword did not pose a threat at that moment, he was still very afraid.

He did not understand why this was the case. This sort of fear was not something that he could conceal, nor was it something that he could suppress. He was truly at a complete loss as to what to do.

However, Chu Xuanyuan's expression remained unchanged. He still did not possess the slightest bit of fear when faced with the Evil God Sword.

"I admit that I am currently inferior to you. However, never did I say that I would be inferior to you in the future."

"Should you be able to break free from the sword one day in the future, you can very well come and find me."

"At that time, I will make you completely disappear from this world," Chu Xuanyuan said as he looked to the Evil God Sword.

"What arrogance!!!!" The Evil God Sword roared again. Compared to earlier, its roar was even more furious, even more frightening.

However, faced with that roar, Chu Xuanyuan revealed a faint smile. "Indeed, I am arrogant. However, I possess the ability to be arrogant."

After he finished saying those words, Chu Xuanyuan gently flicked his hand at the Evil God Sword from afar.

"Ding!" The Evil God Sword's voice was gone. Even the

trembling had stopped.

After the Evil God Sword grew quiet, Chu Xuanyuan walked to Chu Feng and took out an item from his Cosmos Sack.

It was a jade pendant. However, it was clearly not an ordinary jade pendant. Chu Xuanyuan opened the jade pendant. There was actually a separate space within the jade pendant.

There was a body of light within the jade pendant. This body of light was roughly the size of a fingernail and was emitting a faint glimmer.

It was a very weak glimmer. It was only because it was currently nighttime that the glimmer appeared to be slightly more intense and eye-catching.

If one didn't pay careful attention to the body of light inside the jade pendant, one would not notice it at all.

However, if one were to look at it carefully, one would be astonished.

Nine different colored lightnings were present in the body of light. As they rushed around, they seemed to form an entire world.

“Buzz~~~”

Right at that moment, the body of light composed of lightning drifted out from the jade pendant and landed on Chu Xuanyuan's fingertip.

“Woosh~~~”

Suddenly, Chu Xuanyuan pointed to Chu Feng. Then, the body of light composed of lightnings turned into a ray of light that entered Chu Feng's body in a flash.

“Boom~~~”

The next moment, a loud explosion sounded from Chu Feng's body. With Chu Feng as the center, a myriad of lightnings took a spheroid shape and began to spread out from Chu Feng's body.

The moment that power emerged, the vast amount of grass that covered this plain instantly turned to ash. Not a single blade of grass remained.

Countless deep cracks had appeared in the ground. Even space itself was shattered.

Wherever the light spread to, everything was destroyed.

An enormous and deep crater had appeared in the ground.

If that lightning continued to spread, the entire Hundred Refinements Ordinary Realm would be destroyed.

This was truly a power capable of utter destruction.

“Halt!”

Before the lightning could expand, Chu Xuanyuan stretched forth his palm and shouted at the lightning.

The lightning that was expanding instantly came to a halt. Gradually, it began to move back. Soon, it had completely returned to Chu Feng’s body.

If it wasn’t for the fact that that enormous hemispherical crater was still present; the entire surrounding grassland had been burned to ashes and sinking noises were still being emitted by the cracks that filled the ground, no one would believe that such an enormous amount of lightning had appeared earlier and nearly destroyed the entire world.

“So the reason why you took great pains and effort to set up this Bloodline Protection Formation is because you wanted to protect Chu Feng,” Old Ape said with a smile on his face.

“We will be leaving this Starfield. He can only rely on himself now. I am indeed slightly worried about him,” Chu Xuanyuan said.

“Even your Bloodline Protection Formation will only be able to save him once. However, the dangers that he will experience will most definitely not be limited to a single instance,” Old Ape said.

Hearing those words, Chu Xuanyuan looked to Chu Feng. Emotions appeared for the first time in his serene eyes.

However, the emotions in Chu Xuanyuan's eyes soon disappeared, and were replaced with determination.

“It is his path. He must walk that path alone,” Chu Xuanyuan said.

# Chapter 2664 - The Promise Between Father And Son

---

“If you’re worried, you could directly bring him with you. There’s no need to temper him through experience by himself, no?”

“If you are to help him, he will grow at least ten times faster than he is now,” Old Ape said.

It could be seen that Old Ape was somewhat reluctant to part with Chu Feng. He did not wish for Chu Feng to face the challenges in the Great Chiliocosm Upper Realm by himself. After all, the Great Chiliocosm Upper Realm was over a hundred times more dangerous than the Hundred Refinements Ordinary Realm.

“If I am to help him, he will indeed be able to become an expert capable of traveling about unhindered through the Starfields in a short period of time.”

“However, that will become his limit. He will not be able to become a character that can move about unhindered through the entire Outer World,” Chu Xuanyuan said.

“But, didn’t you help Zi Ling?” The Old Ape said.

“Feng’er is different from Zi Ling. Zi Ling’s talent is limited. I must help her increase her talent. Only by doing so can she have a chance to chase after Feng’er.”

“As for Feng’er, he is very talented. Even without my help, he will most definitely be able to steadily mature.”

“Furthermore, it is only through being left to one’s own devices without the assistance of others that he will be able to create his own martial cultivation path.”

“Only through finding a martial cultivation path that belongs to him, and which is not just a duplicate of another will he be able to

walk further,” Chu Xuanyuan said.

“In the end, it’s all because it’s you. If it were another father, they would most definitely not be willing to do something like this,” Old Ape grumbled.

“One day, Feng’er will understand that I am doing this for his own good,” Chu Xuanyuan said.

“But, back then, you promised Chu Feng’s mother that you would properly protect Chu Feng.”

“If Chu Feng’s mother is to find out that you consider your protection of Chu Feng to be something like this, she might end up killing you.”

“No, if his mother were to find out that her son is actually enduring all sorts of hardships in a distant Starfield, she would likely massacre her way here and forcibly retrieve Chu Feng,” Old Ape said with a beaming smile.

“According to her temperament, that is indeed possible. However... she wouldn’t be able to do that. After all, she is confined by...” As he said those words, Chu Xuanyuan started to tightly clench his fists. The expression of his gaze had changed.

The surrounding temperature started to plummet. Layers of frost appeared on the ground whilst Snowflakes emerged in the sky.

At that moment, Chu Feng, who was lying on the ground started to shiver involuntarily. Even Old Ape felt a chill through his bones.

“Xuanyuan,” Old Ape immediately patted Chu Xuanyuan’s shoulder with his hand.

It was only at that moment that Chu Xuanyuan noticed the changes that had occurred to their surroundings. His expression started to ease, and he began to emit a gentle aura. The snowflakes that covered the sky started to disappear. The frost that covered the ground also started to disappear.

“Everyone possesses an Achilles’ heel. As for yours, it is her. Forget about it, I will not mention her again before you,” Old Ape said in a helpless manner.

He knew Chu Xuanyuan very well. Thus, he knew that he was a very calm and cool-headed individual.

However, whenever Chu Feng’s mother was mentioned, Chu Xuanyuan would lose control of his emotions.

Suddenly, Chu Xuanyuan said, “One day, I will definitely rescue her.”

“Xuanyuan, don’t be reckless. Her clan is not one to be trifled with,” Old Ape advised him against it.

The place that confined Chu Feng’s mother was actually her home. She was confined by her clan.

Merely, the clan that Chu Feng’s mother belonged to was truly no small matter.

Her clan was not the ruler of an Upper Realm, nor was it the ruler of a Starfield.

Instead, they were a power renowned throughout the entire Outer World. Her clan was truly a huge monster. It was a monster that stood at the apex of the Outer World, and was revered by various Starfields and other powers.

Although the Chu Heavenly Clan was the ruler of the Great Chiliocosm Upper Realm, they were simply incomparable against Chu Feng’s mother’s clan.

Even the current Chu Xuanyuan would not be a match for them.

The disparity between them could even be said to be enormous.

“If I wanted to act recklessly, I would’ve done it back then. I wouldn’t have waited till today.”

“Actually, I know very well. With her talent and status, even if she is confined by her clan, they will not truly harm her.”

“As long as she is in good health, I will have sufficient time to increase my cultivation. Regardless of how powerful her clan might be, I will definitely be able to confront them one day...”

“That said, the top priority right now is to find my father,” Chu Xuanyuan said.

“You investigated your father before. However, the result you obtained was not optimistic at all. If you plan to continue with your investigation, you will have to confront unknown dangers. Are you certain that you want to do this?” Old Ape asked.

“I must do this,” Chu Xuanyuan replied in a very determined manner.

“Do you really think your father is still alive?” Old Ape asked.

“I cannot be certain,” as Chu Xuanyuan said those words, a trace of sadness appeared in his eyes. Then, he said, “However, if he is alive, I must see him. If he is dead, I must see his corpse.”

“Then, even though we’re not going to bring Chu Feng with us, are we not going to bring Zi Ling with us?”

“Chu Feng’s talent is obvious to the eyes. Through the many years of trials he has experienced, he has indeed matured greatly. He possesses the ability to experience and endure trials and tribulations by himself.”

“However, Zi Ling is inferior to Chu Feng. Yet, you want her to go train by herself too. What if some sort of accident is to happen to her? How are you to explain that to Chu Feng?” The Old Ape asked.

“Zi Ling is, after all, my disciple. If she is unable to endure this bit of difficulty, I will have taught her in vain.”

“Moreover, it is Zi Ling herself who chose to go and train there. Even if an accident is to happen, I cannot be blamed for it,” Chu Xuanyuan said.

“I have never met a master as ruthless and cold-hearted as you,” Old Ape shook his head helplessly.

“Wuuu~~~”

Right at that moment, Chu Feng let out a light groan. His tightly closed eyes trembled slightly.

“Chu Feng is about to awaken. It is time for us to go,” Old Ape said.

However, not only did Chu Xuanyuan not leave, but he instead walked over to Chu Feng’s side.

Then, he waved his sleeve and the surrounding scenery instantly changed.

The surrounding scenery changed to that of the Ancestral Martial Lower Realm’s Heavenly Road. It was the Chu Heavenly Clan’s forbidden area.

Then, Chu Xuanyuan gently stroked Chu Feng’s hair. Chu Feng’s tightly closed eyes trembled slightly. Then, they slowly opened.

Chu Feng had awakened.

“Father, is it really you?”

Seeing Chu Xuanyuan, Chu Feng was overjoyed. He did not dare believe what he saw. He began to rub his eyes repeatedly.

“Feng’er, do you still remember the promise between you and father?” Chu Xuanyuan asked.

[1. Chu Xuanyuan is referring to himself in the third person. In chinese, it’s an intimate sort of speaking mannerism in this context. It’s kinda like how I address myself as daddy to my sons.]

“Promise?” Chu Feng was confused.

“Although this place is unable to confine father, father still wishes for the Chu Heavenly Clan to personally release me.”

“Only you are able to help father. You must obtain the

acknowledgement of the Chu Heavenly Clan. Only by obtaining their acknowledgement will they release father.”

“At that time, father will tell you everything about your mother,” Chu Xuanyuan said.

“I will. I will accomplish it,” Chu Feng nodded his head repeatedly.

Chu Feng was not only anxious to know about his mother, but he also did not wish for his father to continue to be imprisoned in a forbidden area.

“Father will wait for that day,” with a smile on his face, Chu Xuanyuan stroked Chu Feng’s head again.

At that moment, Chu Feng, whose eyes were originally shining brightly, immediately felt sleepy all of a sudden. Soon, his eyes closed, and he fell asleep.

After Chu Feng fell asleep, Chu Xuanyuan stood up. With a wave of his sleeve, the surrounding illusion was dissipated. The surrounding scenery returned to how it was before.

“If you’re reluctant to part with him, you can actually bring him with you,” Old Ape urged again.

He was able to tell from Chu Xuanyuan’s behavior that he was worried about Chu Feng.

“Let’s go.” However, Chu Xuanyuan was determined. After he finished saying those words, he walked into the sky. Although he walked with a slow pace, he disappeared into the sky in the blink of an eye.

Old Ape sighed and shook his head. Then, he took a profound glance at Chu Feng before following after Chu Xuanyuan.

After Chu Xuanyuan and Old Ape left, that region became particularly desolate.

Chu Feng continued to lay on the ground for a very long time

before he opened his eyes again.

# Chapter 2665 - The Awakened Chu Feng

---

After Chu Feng opened his eyes, he rubbed his still-hurting head. Then, he ran his eyes over his surroundings.

The surrounding scenery was a bit frightening. Cracks filled the ground, and a decently large and somewhat strange-looking semi-circular crater was beneath him.

Evidently, this place had undergone some sort of destruction that was caused by martial cultivators. Otherwise, it would not be possible for the destruction to be so enormous.

The reason for that was because Chu Feng, with his current level of cultivation, possessed an extremely sharp vision. He was able to see a very far distance.

However, the scenery that he could see was all like that. This meant that the range of destruction was extremely vast.

Most strangely, there was a sort of indescribable chilliness there.

That chilliness was not bone-piercingly cold. However, it was clearly not something that should be present there.

“I’m still alive?”

Chu Feng was astonished. Although that place was very strange, when he saw the white clouds and blue sky above his head and heard the sharp birdcries, Chu Feng knew that he should still be in the Hundred Refinements Ordinary Realm.

After all, it was currently daytime. He was able to clearly see everything.

“Eggy, are you alright?” Chu Feng asked.

Although he was safe, Chu Feng was very worried for Her Lady Queen’s safety.

After all, the Evil God Sword had caused Chu Feng to feel an intolerable pain earlier. In fact, Chu Feng was simply unable to

resist the pain.

In that sort of situation, Chu Feng was unable to ascertain whether or not Her Lady Queen was affected or not.

“Chu Feng, I’m fine. What about you?” Eggy’s concerned voice was heard.

Hearing that voice, Chu Feng realized that Her Lady Queen was indeed fine. Merely, her voice contained deep worry.

“I’m also fine. Speaking of it, it’s quite strange. My body feels very relaxed. There is no trace of pain at all. It doesn’t appear that I have received a backlash at all,” Chu Feng said.

He had received the backlash from the Evil God Sword multiple times. Thus, he would still receive residual pain even after enduring the backlash. Time was required to gradually and completely eradicate the pain.

Never had he ever experienced such an uncomplicated and relaxed sensation, as if he were completely fine.

“Regardless, it’s good that you’re fine,” Her Lady Queen said.

“Mn,” Chu Feng stood up and carefully inspected his surroundings. After careful inspection, a nervous expression emerged in his eyes. He said, “What did that Evil God Sword do using my body?”

Chu Feng started to ponder as he looked at his surroundings. The scenery surrounding him was simply too desolate. Furthermore, Chu Feng felt that the range of destruction was most likely much greater than what he could see.

This sort of destruction caused Chu Feng to feel fearful and uneasy.

Chu Feng felt that this was most likely caused by the Evil God Sword.

All of this indicated that the Evil God Sword had caused

unrestrained destruction after occupying Chu Feng's body.

Likely, the entire Hundred Refinements Ordinary Realm would've met with a calamity. After all, the Evil God Sword possessed that sort of power.

"Chu Feng, I think that the Evil God Sword will not violate the promise it made with you. Since even you are safe, it would mean that your friends should be safe too," Her Lady Queen said.

She knew very well what Chu Feng was worried about. Naturally, what Chu Feng was most worried about were his friends.

"I hope that's the case," Chu Feng still had doubt in his heart.

Firstly, he could not be certain if his friends were still alive. After all... he did not believe in the Evil God Sword much.

Back then, he had decided to hand his body to the Evil God Sword because he had no other option.

That said, what Chu Feng was more confused about was why his body had returned to his possession.

The Evil God Sword had tried all means to seize his body, and had at last managed to occupy his body. The Evil God Sword should not have returned his body to him so quickly.

The situation at hand was somewhat unnatural.

Right at that moment, Chu Feng cast his gaze to the Evil God Sword nearby.

Chu Feng felt a bit scared upon seeing that sword again. He actually didn't dare to pick it up.

In fact, Chu Feng was uncertain as to whether or not the Evil God Sword would continue to occupy his body should he pick it up again.

It was only when the Evil God Sword fully released its power that Chu Feng realized exactly how frightening the Demon Armament that he carried along with him the entire time was.

However, after some time passed, Chu Feng still extended his hand and picked up the Evil God Sword.

“There’s nothing peculiar. It’s just like how it was before. This is simply too strange.”

Chu Feng grew even more puzzled. The Evil God Sword was exactly the same as how it was before the whole event. It was still within the range of Chu Feng’s control.

However, logically, it shouldn’t be so easy to control.

Suddenly, a trace of determination flashed through Chu Feng’s eyes. The hand that Chu Feng grabbed the Evil God Sword with started to grow even tighter.

“Chu Feng, what are you doing? Do not act recklessly,” Her Lady Queen shouted anxiously.

She sensed that Chu Feng might be planning to do something very dangerous.

“I will know what exactly happened after asking it,” Chu Feng said.

“Buzz~~~”

After saying those words, Chu Feng actually started to instill his power into the Evil God Sword.

The next moment, crimson gaseous flames began to emerge from the Evil God Sword. Thick layers of crimson gaseous flames started to fill the sky.

The crimson gaseous flames were like crimson clouds as they extend continuously for several miles. It covered Chu Feng’s entire field of view.

It was eerie and frightening. It was like the arrival of doomsday. Seeing it, one would feel very uneasy.

Chu Feng had truly activated the power of the Evil God Sword.

“Tell me, exactly what did you do?”

“Why would you go through great effort to seize my body only to return my body to me?”

“Did you harm my friends? Why did you create such destruction?”

Chu Feng asked successive questions.

However, the Evil God Sword did not answer him. It was deathly silent.

“Say something!” Chu Feng shouted.

However, there was still no answer from the Evil God Sword.

Just like that, Chu Feng continued to repeat his questions tens of times. Yet, the Evil God Sword still didn’t answer.

In that sort of situation, Chu Feng ended up retrieving his power. Following that, the Evil God Sword’s power also started to gradually vanish.

Chu Feng started to frown. He felt even more uneasy.

He knew that as long as he unleashed the power of the Evil God Sword, that so-called Evil God would appear, and he would be able to communicate with it.

Yet, there was no response from the Evil God Sword. This meant that so-called Evil God did not wish to answer him.

If possible, Chu Feng really wanted to continue questioning the Evil God Sword until he received an answer.

However, he could not do so. After all, he would receive a backlash from using the Evil God Sword and releasing its power. As for the intensity of the backlash, it would depend on how long he used the Evil God Sword. Thus... Chu Feng did not dare to activate the Evil God Sword and unleash its power for an extended period of time.

“Wuu~~~”

Right at that moment, Chu Feng suddenly felt a pain in his chest. Immediately afterward, that pain extended to his entire body. It was the backlash from using the Evil God Sword.

It was just like how it was before. It was the same sort of familiar pain, the same unbearable pain.

This made Chu Feng even more certain that the Evil God Sword had not changed. The reason for that was because that painful sensation was exactly the same as before.

Even though Chu Feng had only used the Evil God Sword for a very short period of time, the backlash he received was still extremely difficult to bare. Chu Feng had to sit down and adjust his condition.

When Chu Feng finished adjusting his condition, he discovered that the sun had already set, and the sky was nearly fully dark.

“Chu Feng, what do you plan to do now?” Her Lady Queen asked.

“Since it refused to give me an answer, I will have to find the answers to my questions myself,” As Chu Feng spoke, he soared into the sky. He began to proceed toward the direction of Hero City.

He felt that if Wang Qiang and the others were fine, they should be at Hero City right now.

However, the further Chu Feng flew, the more uneasy he became. As he was very anxious, his flying speed was extremely fast.

That said, even though he was flying this fast, the scenery below him... remained practically identical.

It was completely barren, without a single blade of grass. Not only was there no trace of life on the ground, but the ground was also covered with cracks.

That sort of scenery differed to some extent compared to the destruction caused by the Ginseng King of Evil.

The Ginseng King of Evil had refined all the lives around it using its own powers.

However, the scenery below him appeared to be destruction caused by some sort of power.

Although the destruction had not reached an extremely frightening level, such a vast range went to show how strong that power was.

Chu Feng firmly believed that no one in the Hundred Refinements Ordinary Realm possessed that sort of power.

Thus, he grew even more certain that it should be caused by the Evil God Sword.

As such, Chu Feng grew even more worried about the safety of his friends.

Suddenly, Her Lady Queen said, "Chu Feng, there is one thing that I think I should tell you."

"What is it?" Chu Feng asked.

"Not long after you lost consciousness, I also lost consciousness."

"However, strangely, I had a dream. You should know that I never have dreams," Her Lady Queen said.

"What sort of dream?" Chu Feng asked. He felt that since Her Lady Queen had deliberately mentioned this matter to him, her dream must be special.

Hearing that, Her Lady Queen began to tell Chu Feng the dream that she had in full detail.

"This dream?"

Chu Feng's heart tensed up upon hearing the narration of Her Lady Queen's dream. He felt great disbelief.

The reason for that was because the dream that Her Lady Queen had was Chu Feng returning to the Ancestral Martial Lower Realm, to the Heavenly Road and the Chu Heavenly Clan's forbidden area.

At that place, Chu Feng saw his father. His father mentioned the promise between them again.

As for that dream, Chu Feng had also dreamed it.

Originally, Chu Feng felt that it was merely an ordinary dream.

However, judging from the situation now, it was definitely not an ordinary dream.

Otherwise, how could he and Her Lady Queen have the same dream?

# Chapter 2666 - The Great Law Enforcement Hall

---

Could it be that it was not a dream at all?

However, upon carefully recalling it, Chu Feng was determined that it was a dream.

The reason for that was because the sensations he felt and everything that occurred when he saw his father were so very unrealistic. It was truly like a dream, and most definitely not real.

That was a dream. That was most definitely a dream. Chu Feng was determined that it was a dream.

“Eggy, I also dreamed that dream of yours,” Chu Feng said.

“You also dreamed it? You’re saying that you had the same dream as me?” Her Lady Queen was very shocked.

“That’s right, it was the same dream,” Chu Feng said.

“You’re kidding. That’s simply too miraculous,” Her Lady Queen grew even more astonished.

Miraculous. Sure enough, this matter was very miraculous. That was the reason why Chu Feng and Her Lady Queen were so astonished and feeling such disbelief.

Had it been before, Chu Feng would definitely ponder something like this deeply.

Merely, Chu Feng did not have the heart to do so right just then. The reason being, he was very worried. He was worried that the Evil God Sword had done some sort of irreversible thing during the time when his body was occupied by the Evil God Sword.

However, to Chu Feng’s joy, after he continued to travel for some time, the ground below was no longer filled with cracks. Instead, living things could be seen.

He was able to see emerald-green grass and dark green mountains, as well as waterfalls and streams. Upon seeing those, the unease in Chu Feng's heart immediately lessened greatly.

This meant that even though the Evil God Sword had unleashed massive destruction, the range of the destruction was limited. The entire Hundred Refinements Ordinary Realm had not experienced heavy destruction.

This increased the possibility that his friends would be alive.

Afterward, Chu Feng discovered an Ancient Era's Teleportation Formation. Using that teleportation formation, Chu Feng was teleported to the vicinity of Hero City.

A sea of people were gathered outside Hero City. Many of them were kneeling on the ground.

Those people were practically all people that had experienced the calamity that day.

To those people, the gates of Hero City remained shut.

That was understandable too. After all, Hero City had witnessed the true appearances of these people.

Likely, the people from Hero City would never show any consideration for those people in the future. Furthermore, they would most definitely not allow them to join Hero City.

That said, although the fact that many people were still alive indicated that the Evil God Sword had not unleashed a massacre, Chu Feng's worry was still not completely eliminated.

The reason for that was because he did not sense Ying Mingchao and the others' auras upon entering Hero City. He only managed to sense Grandmaster Pocket's aura.

For the sake of finding out what had happened, Chu Feng decided to go and find Grandmaster Pocket.

"Almsgiver Chu Feng, is it really you?"

Grandmaster Pocket was extremely emotional upon seeing Chu Feng. He, who had always been a calm individual, actually moved toward Chu Feng and started to touch him all over. It was as if he did not dare to believe that it really was Chu Feng who stood before him.

“Grandmaster, it’s me. I’m alright now.”

Chu Feng smiled faintly. He was emotionally moved.

He could tell that Grandmaster Pocket was truly worried for him. Otherwise, he would not have reacted in such a manner.

Then, Chu Feng came to find out what had happened afterwards from Grandmaster Pocket.

That day, after Chu Feng had been devoured by the Evil God Sword, the calamity came to an end.

However, Ying Mingchao, Wang Qiang and the others were all extremely worried for Chu Feng’s safety. Thus, they did not return to Hero City. Instead, they separated with one another and began to search for Chu Feng separately.

Fortunately, they had all left methods to communicate with one another.

Thus, through those methods, Grandmaster Pocket conveyed the news of Chu Feng’s return to Ying Mingchao, Wang Qiang and the others.

After some days passed, Ying Mingchao, Wang Qiang and the others that had received news of Chu Feng’s return, all returned to Hero City in succession.

Without any exception, they were all shocked and pleasantly surprised upon seeing that Chu Feng was truly safe and sound. The person that reacted in the most exaggerated manner was Wang Qiang. Not only was Wang Qiang so emotional that his speech grew unintelligible, but he even started to weep bitter tears, and rubbed his snot and tears all over Chu Feng’s clothes.

However, Chu Feng did not blame Wang Qiang for his reaction. Instead, he was speechlessly moved by him. It could be seen from Wang Qiang's reaction that Wang Qiang truly cared about him.

After verifying that Chu Feng was safe and sound, the crowd began to ask Chu Feng about where he went, and what happened after his body was devoured by the Evil God Sword.

As for Chu Feng, he answered that he was not sure.

Chu Feng was not lying. He was truly unsure.

Regardless, the crowd was feeling very happy, overjoyed even. After all, Chu Feng, the person that they were worried about the most, had safely returned.

After what happened, Chu Feng's status in their hearts had changed completely. Chu Feng was no longer an ordinary genius. Instead, he was a hero now. He was a great hero who had saved them from a demon's clutches.

Chu Feng was also feeling very happy. It was not because the crowd viewed him as a hero. Rather, it was because the people that he cared about were all safe and sound.

.....

Right when Chu Feng was having a reunion with his friends, another scene was happening in the Great Chiliocosm Upper Realm.

This was a vast palace hall. It was not extremely extravagant in appearance. However, it appeared very imposing. A solemn and dignified sensation filled the entire palace hall.

It made it so that people did not dare to have the slightest blasphemous intention there.

That palace hall was called the Great Law Enforcement Hall. It was a place under the administration of the Chu Heavenly Clan's Law Enforcement Hall.

At that moment, Chu Huai and Chu Yue were kneeling in the Great Law Enforcement Hall. There were tens of people standing on either side of them.

Those people were all standing there in an orderly fashion. Each and every one of them possessed strength above Chu Huai and Chu Yue.

They had stern and imposing expressions and there was no trace of emotion on their faces. They gave off an invisible sort of oppressive pressure.

That said, even though those people all possessed powerful strength, and there was a seat behind every one of them, not a single person dared to sit down.

They seemed to be waiting for someone.

No, not all of them were standing. There was a single exception. It was a girl.

That girl had a head of pink hair tied into a long ponytail. Her hair was so long that it reached down to her heels. Perhaps it was because she took great care of her hair, but her hair was emitting a faint shine under the sunshine. It was quite eye-catching.

One could not determine what the true exact age of that pink-haired ponytailed girl was. However, her appearance was truly that of a young girl. Her skin was very young and tender.

Furthermore, she was not only limited to having a youthful and tender skin, but her appearance was also very stunning.

Her skin was fair like jade; Her facial features charmingly refined. This was especially true for her eyes; they were quick-witted and spirited.

Even Chu Yue, a beauty in her own right, was eclipsed by her beauty when appearing in the palace hall alongside her.

That said, although that woman possessed excellent beauty, she

gave off a prideful air. She sat there with a proud attitude, and gave off a sensation of looking down on everyone.

Even though she was facing all the seniors present, she did not reveal the slightest bit of humility. On the contrary, she simply did not place the crowd present in her eyes at all.

However, faced with a girl acting like her, none of the people present actually dared to voice any complaint.

It seemed that they had already grown accustomed to the girl's prideful attitude. Furthermore, they had already accepted it.

“My apologies. I was delayed by some matter. I have made everyone wait.”

Suddenly, an apologetic voice sounded. At the same time, a figure appeared in the palace hall.

That person was a middle-aged man. He was over two meters tall, and had a very robust build. There were two scars visible on his face. They seemed to be scars caused by a bladed weapon. Those scars looked very fierce, and made the man look somewhat scary.

However, if one were to remove those two scars, that man would actually have a very good-natured face. This was especially true just then, as that man had an apologetic smile on his face. That smile made him even more amiable and approachable.

That said, all the people present started to feel deep veneration for the middle-aged man once he appeared. They immediately half kneeled onto the ground and bowed respectfully, “We pay our respect to Lord Vice Hall Master.”

That's right, that amiable looking middle-aged man was no small matter.

Even in the Chu Heavenly Clan, he was someone with a very high status. His name was Chu Xuanzhengfa. He was the Chu Heavenly Clan's Law Enforcement Hall's Vice Hall Master.

[1. His name is Chu Xuanzhengfa. It means Chu Xuan(carry out the law). The Xuan is the same Xuan as Chu Feng's father's Chu Xuanyuan's Xuan. This most likely signifies that they're from the same generation (Chinese people oftentimes name their children the same first character in their name according to the generation they're in.)]

This Chu Xuanzhengfa was a truly grand character. Not only was he revered in the Chu Heavenly Clan, but he was also renowned throughout the entire Great Chilocosm Upper Realm.

However, even though he was a grand character, that girl did not place him in her eyes at all.

Not only did she not stand up to respectfully greet him, but she did not even bother to lift her head. She did not even bother to look at the Law Enforcement Hall's Vice Hall Master.

However, Chu Xuanzhengfa did not reveal any trace of displeasure at the girl's attitude. Instead, he walked over to the girl's side and gently poked her forehead.

He said, "Lingxi, are you not going to greet your father?"

It turned out that the girl by the name of Chu Lingxi was actually the daughter of the Chu Heavenly Clan's Law Enforcement Hall's Vice Hall Master.

However, everyone knew that that was not the sole reason why Chu Lingxi dared to act so arrogantly and rude in the Chu Heavenly Clan.

In addition to having her father behind her, she was also one of the Chu Heavenly Clan's current five strongest members of the younger generation.

Due to the fact that she possessed extraordinary talent, she was deemed to be a demon-level genius.

# Chapter 2667 - Important Matter To Report

---

“Humph.”

Faced with Chu Xuanzhengfa, Chu Lingxi pouted her lips and raised her face.

With a haughty attitude, she said, “Dear Lord Father, I came to find you right after returning.”

“Merely, Lord Father, you are simply too arrogant, no? Your daughter, I, have traveled far and hard to return and, out of filial piety, came to find you immediately. Yet you...”

“You actually refused to see me. If it wasn’t for those two’s appearance, I would likely not have been able to get to see you, no?”

After saying those words, Chu Lingxi cast a glance at the kneeling Chu Huai and Chu Yue. A displeased expression was present in her eyes.

“Foolish girl, your father had things to care of,” Chu Xuanzhengfa smiled. Then, he looked to Chu Huai and Chu Yue, “Chu Huai, Chu Yue, you can get up.”

After he said those words, he waved his sleeve, and a gentle power brought Chu Huai and Chu Yue to their feet.

After that, Chu Xuanzhengfa arrived at the Law Enforcement Hall’s Master Seat.

“The two of you have stated that you have something important to report that must be conveyed to me directly. What is it?” Chu Xuanzhengfa asked.

However, before the two of them could speak, Chu Xuanzhengfa looked over to Chu Lingxi. He said, “You’ve finally gotten to see your father, why are you leaving already?”

It turned out that Chu Lingxi had gotten up, and was walking

toward the exit of the Law Enforcement Hall.

“I am in no mood to listen to your troublesome things. I will return home first. If you want to see your daughter, you can find me at home later.”

“Oh, that’s right. There’s a limit of one hour. If you do not return in an hour, you will not be able to see me,” Chu Lingxi said haughtily.

Chu Xuanzhengfa shook his head with a smile. Then, he looked to Chu Huai and Chu Yue, “Go ahead and tell me exactly what the important matter is.”

“Milord, we have come mainly to report two things to you.”

“Firstly, the Hundred Refinements Ordinary Realm’s Infant Soul Sect has been exterminated,” Chu Huai said.

“What? The Infant Soul Sect has been exterminated?”

Hearing those words, not only was the crowd inside the Law Enforcement Hall shocked, but even Chu Lingxi, who had arrived by the exit, stopped in her tracks. Then, she pulled back her raised foot and looked to Chu Huai and Chu Yue with quick-witted eyes.

“Are you certain?” Chu Xuanzhengfa asked.

“Absolutely certain,” Chu Huai said.

“Who did it? Have you managed to discover that?” Chu Xuanzhengfa asked.

“It was done by a member of the younger generation by the name of Chu Feng,” Chu Huai said.

“Chu Feng?”

“Younger generation?”

Hearing those words, the gazes of the crowd all changed. Although they appeared to be undisturbed, they were all sending voice transmissions to one another and discussing the matter.

If it were some other power from the Hundred Refinements Ordinary Realm that was eliminated, the people present would not even blink an eye.

However, the Infant Soul Sect was different. The Infant Soul Sect was a power that the Chu Heavenly Clan had not been able to eliminate for all these years.

In fact, many of the people present had challenged the Infant Soul Sect in their youth. However, it went without saying that all of them had returned in failure.

And now, someone had actually managed to eliminate the Infant Soul Sect. How could they not be shocked by the news?

Furthermore, it was a member of the younger generation.

“Is this Chu Feng a member of our Chu Heavenly Clan?” Chu Xuanzhengfa asked.

“He shouldn’t be a member of our Chu Heavenly Clan,” Chu Huai said.

“Then, he shouldn’t be someone from the Hundred Refinements Ordinary Realm, no?” Chu Xuanzhengfa asked.

“No, he should be from some other Upper Realm. However, he is most definitely not from our Great Chilocosm Upper Realm,” Chu Huai said.

“You said that he’s a member of the younger generation, do you know his actual age?” Chu Xuanzhengfa asked.

“I am uncertain of his actual age. However, from my observation, he should have only just passed thirty years of age, and be no older than thirty-three,” Chu Huai said.

“Sssss~~~~” Hearing those words, many people present were unable to stop themselves from sucking in a mouthful of cold air.

Even Chu Xuanzhengfa’s expression changed. In fact, even the Chu Heavenly Clan’s demon-level genius, Chu Lingxi, revealed

interest in her eyes.

She had already returned to the Law Enforcement Hall from the exit. Furthermore, she had found a seat and sat down.

Logically, it was rare for something to make people of their status react in such a manner.

Thus, it indirectly illustrated how enormous of a thing it was to them for Chu Feng to have eliminated the Infant Soul Sect.

Actually, there were quite a few from the various Upper Realms' younger generations who were capable of eliminating the Infant Soul Sect. However, those capable of eliminating the Infant Soul Sect in their early thirties were extremely few.

At the very least, no one in the Chu Heavenly Clan was capable of accomplishing such a feat. This included the current five most talented demon-level geniuses. Even they were unable to accomplish that sort of thing at that age.

"Chu Huai, tell me all that you know about this Chu Feng," Chu Xuanzhengfa said.

Chu Huai began to narrate all that he knew about Chu Feng to Chu Xuanzhengfa.

This included Chu Fang having obtained the inheritance of the Ancient Era's War Clan.

He also mentioned that Chu Feng was not only a possessor of a Heavenly Bloodline, but also someone that trained in the legendary Divine Punishment Mysterious Technique, as well as having a heaven-defying Demon Armament.

Hearing those things, many of the people present were unable to remain calm anymore. Merely the Divine Punishment Mysterious Technique was already able to sway their composure.

The Divine Punishment Mysterious Technique was something that no one in the current Chu Heavenly Clan had grasped.

Then, Chu Huai began to narrate what Chu Feng had experienced in the Hundred Refinements Ordinary Realm.

He let the crowd know that Chu Feng's cultivation was originally not strong. However, in a mere few years, his cultivation increased by leaps and bounds.

From a mere nobody at the beginning, he became someone who managed to eliminate the Infant Soul Sect, someone who managed to kill the Ginseng King of Evil and save the Hundred Refinements Ordinary Realm.

After hearing about all the things regarding Chu Feng, the crowd actually grew excited. Although those things had happened in the Hundred Refinements Ordinary Realm, they were sufficient to become known as a legend.

“In other words, you two do not know exactly which Heavenly Clan that Chu Feng is from?” Chu Xuanzhengfa asked.

“We are incompetent. We were unable to obtain that information from our investigations,” Chu Huai and Chu Yue said with ashamed expressions.

Although their mission in the Hundred Refinements Ordinary Realm was to monitor the Chu Heavenly Clan's younger generation, they felt that their actual duty was to monitor everything that happened in the Hundred Refinements Ordinary Realm.

After all, they possessed strength much superior to the people of the Hundred Refinements Ordinary Realm.

“You must immediately return to the Hundred Refinements Ordinary Realm to investigate. You must thoroughly investigate what that Chu Feng's origin is. It is very possible for that Chu Feng to be our Chu Heavenly Clan's younger generation's strongest rival in the future,” Chu Xuanzhengfa said.

“Yes, Milord,” everyone from the Law Enforcement Hall spoke in

unison.

“Milord, there is no need for that. That Chu Feng is already dead,” Chu Huai said.

“Dead? How did he die?” Chu Xuanzhengfa asked.

Then, Chu Huai began to narrate to Chu Xuanzhengfa what he had witnessed.

After finding out that Chu Feng had been killed after being devoured by his Demon Armament, many of the people present started to feel a bit of joy.

It was as Chu Xuanzhengfa had said. A member of the younger generation like Chu Feng could very well become the strongest rival to their Chu Heavenly Clan’s younger generations in the future.

If a mishap were to happen to him, it would mean that there was one less opponent for their Chu Heavenly Clan’s younger generations. To the Chu Heavenly Clan, this was a good thing.

However, compared to the great majority of the people in the Law Enforcement Hall, Chu Xuanzhengfa had a stern expression on his face. There was actually a trace of regret in his eyes.

“You said that you had two things to report. Apart from this, what else do you have to report?” Chu Xuanzhengfa asked.

“The person that made use of the Infant Soul Sect to undo the seal of the Ginseng King of Evil was a member of our clan, Chu Bore,” Chu Huai said.

“Bang~~~~”

Hearing those words, Chu Xuanzhengfa stood up abruptly. An ice-cold chilliness filled the entire palace hall.

# Chapter 2668 - Incomparably Astonished

---

“Putt~~~”

Seeing that Chu Xuanzhengfa was furious, Chu Yue and Chu Huai immediately kneeled back onto the ground and did not dare to even raise their heads.

It could be seen that they were very afraid of Chu Xuanzhengfa.

“Vice Hall Master, please quell your anger,” the crowd in the Law Enforcement Hall said in unison.

However, Chu Xuanzhengfa’s anger did not diminish. He turned to Chu Huai and asked, “Do you possess proof of your accusation?”

“Milord, this matter is absolutely true. The two of us have personally witnessed it.”

“Furthermore, it is not only the two of us that have witnessed this.”

“Due to the fact that Chu Bore wanted to silence everyone by killing them, he revealed himself and acted openly.”

“Thus, many people in the Hundred Refinements Ordinary Realm also witnessed Chu Bore’s true identity.”

“They all know that the mastermind behind the calamity was him,” Chu Huai said.

“I already knew that he has done some despicable things for the sake of extending his lifespan.”

“However, never would I have imagined that he would do this sort of inhumane thing for the sake of living longer. His actions are simply a disgrace to our Chu Heavenly Clan’s reputation.”

“If the evidence is conclusive, Chu Bore will not be spared.”

Chu Xuanzhengfa’s state of mind eased slightly. However, the anger in his eyes did not decrease.

“Men! Immediately go to the Hundred Refinements Ordinary Realm and arrest Chu Bore,” Chu Xuanzhengfa said.

“Yes, Milord.” Ten individuals from the Law Enforcement Hall stood forth of their own accord. After bowing respectfully, they began to walk toward the exit of the Law Enforcement Hall.

“Chu Huai, Chu Yue, I will investigate this matter. If it is really as you two have said, not only will I punish Chu Bore for his crimes, but I will also reward the two of you,” Chu Xuanzhengfa said.

“Thank you Milord,” Chu Huai and Chu Yue both revealed joyous expressions.

The two of them believed in Chu Xuanzhengfa’s investigative abilities. Since he got involved, they believed that Chu Bore would definitely admit to his crimes.

If that wasn’t the case, the two of them would not have come to report this matter to Chu Xuanzhengfa.

Thus, when Chu Xuanzhengfa had decided to personally order an investigation into the matter, they did not fear that Chu Bore would refuse to admit to it. They were only waiting for Chu Bore to be convicted of his crimes and then obtain their rewards.

“All of you can leave now,” Chu Xuanzhengfa waved his hand.

Then, Chu Huai, Chu Yue and everyone else from the Law Enforcement Hall left.

At that moment, only Chu Xuanzhengfa and his daughter Chu Lingxi remained in the Great Law Enforcement Hall.

“Chu Feng...” Chu Xuanzhengfa had a pensive appearance on his face as he muttered that name.

“Father, it seems that you’re quite interested in that Chu Feng?” Chu Lingxi walked toward Chu Xuanzhengfa with graceful steps and hands behind her back.

“Aren’t you yourself also very interested? If you weren’t

interested, you wouldn't have returned after leaving, no?" Chu Xuanzhengfa said with a smile on his face.

"Humph, I have no interest in him at all. I was merely interested in the mission to eliminate the Infant Soul Sect."

"If it wasn't for you refusing to allow me to challenge that mission, how could that Chu Feng possibly be able to eliminate the Infant Soul Sect?" Chu Lingxi said with a pout.

"Lingxi, the Hundred Refinements Ordinary Realm's Infant Soul Sect was not as easy to handle as you imagined. Else... I would not have prevented you from taking the mission like I did," Chu Xuanzhengfa said.

"You do not trust me. Back then, if you had allowed me to go, I would definitely have been able to eliminate the Infant Soul Sect."

"I have already made inquiries about them. The strongest among the people in the Hundred Refinements Ordinary Realm are only rank two True Immortals."

"As for me, I reached rank three True Immortal when I was thirty-nine years old. At that time, I was still within the age limit for the mission. As such, how could I be unable to eliminate a mere Infant Soul Sect?" Chu Lingxi said in a very annoyed manner.

"Okay okay, father was wrong, okay?" Chu Xuanzhengfa said with a smile on his face.

However, Chu Xuanzhengfa did not truly believe that he was wrong. Merely, he did not wish to continue to quarrel with Chu Lingxi.

"Humph," Chu Lingxi raised her head. She did not appreciate her father giving in at all.

"Lingxi, do you wish to know what father is thinking about?" Chu Xuanzhengfa asked.

"What are you thinking about?" Chu Lingxi asked.

“I’m thinking that this Chu Feng might not be as simple as Chu Huai and Chu Yue have found out,” Chu Xuanzhengfa said.

“Why do you say that?” Chu Lingxi asked curiously.

“I’m thinking that Chu Feng might be Chu Xuanyuan’s son,” Chu Xuanzhengfa said.

“Wasn’t it said that that trash already died? Even if he’s still alive, he is still trash. Thus, it shouldn’t be possible for this Chu Feng to be that trash, no?” Chu Lingxi said.

“There’s an exception to everything. Furthermore... you all simply do not know Chu Xuanyuan. He is an unfathomable individual,” Chu Xuanzhengfa said.

“Assuming he is Chu Xuanyuan’s son, what more could it signify?” Chu Lingxi asked.

“If he really is Chu Xuanyuan’s son, then this Chu Feng would be a truly serious matter,” Chu Xuanzhengfa spoke with deep emotions.

“Why’s that?” Chu Lingxi asked.

“Merely because he is Chu Xuanyuan’s son,” Chu Xuanzhengfa said.

“Father, is that Chu Xuanyuan really that amazing? You’re exaggerating things, no?” Chu Lingxi narrowed her long, shapely eyebrows in a disbelieving manner.

“Haha...” Chu Xuanzhengfa burst into faint laughter. He said, “After what happened back then, Chu Xuanyuan became a taboo in the clan. Very few people dared to mention his name, and even fewer people dared to mention things concerning him.”

“Furthermore, many people in the Great Chilocosm Upper Realm were afraid of offending our Chu Heavenly Clan, and thus didn’t dare to mention Chu Xuanyuan either. This has led to you all knowing very little about Chu Xuanyuan.”

“Because of that, it is normal for you all to doubt Chu Xuanyuan’s strength.”

“However, if anyone from my generation dared to doubt Chu Xuanyuan’s strength, we would be laughed at by others.”

“Then, between him and father, who is stronger?” Chu Lingxi asked.

“Haha,” Chu Xuanzhengfa laughed. This time around, he laughed very loudly. It was as if he had heard a funny joke.

Then, he turned to Chu Lingxi and asked, “Lingxi, how old are you now?”

“Forty-five. Why do you ask me that when you already know?” Chu Lingxi curled her lips.

“Lingxi, you possess excellent talent. Compared to when father was forty-five, you are stronger,” Chu Xuanzhengfa said.

“Of course,” Chu Lingxi curled her lips proudly.

“When father was forty-five, Chu Xuanyuan was only twenty-nine,” Chu Xuanzhengfa spoke meaningfully.

“In that case, it would mean that when father was forty-five, that Chu Xuanyuan was inferior to you, no?” Chu Lingxi said.

There was a sixteen year difference between Chu Xuanyuan and her father. During the early years of martial cultivation, such a difference in age was sufficient to create an enormous disparity in cultivation. This was even more so considering her father was not some nobody. Instead, he was known to be a genius in the Chu Heavenly Clan since his youth.

Thus, Chu Lingxi felt that when Chu Xuanyuan was twenty-nine years old, he should have been weaker than her father.

However, Chu Xuanzhengfa smiled and shook his head at Chu Lingxi’s response.

“Lingxi, when your father was forty-five years old, your

grandfather held the status that your father currently holds. He was our Chu Heavenly Clan's Law Enforcement Hall's Vice Hall Master."

"I know that. Grandfather was a Vice Hall Master for many years before finally ascending to Hall Master," Chu Lingxi said.

"Indeed, you knew that. However, there is one thing that you do not know," Chu Xuanzhengfa said.

"What is it?" Chu Lingxi asked curiously.

"When your father was forty-five years old, I was still training hard for the sake of my ranking among the younger generations. As for the things regarding the clan, I simply did not concern myself with them at all. Furthermore, I did not possess the strength to concern myself with the clan's matters either."

"However, at that time, Chu Xuanyuan, who was a total of sixteen years younger than your father, was this Law Enforcement Hall's Hall Master," Chu Xuanzhengfa said.

"Ah?"

Chu Lingxi's beautiful eyes and mouth immediately opened wide upon hearing those words. Incomparable astonishment filled her beautiful young face.

She had thought the entire time that when her grandfather ascended to the Law Enforcement Hall's Hall Master, the person that held the status before her grandfather must have been one of the few Utmost Exalted Elders of their Chu Heavenly Clan.

After all, with the strength that her grandfather had back then, only those existences were capable of surpassing her grandfather.

Thus, she never expected for the person that stood above her grandfather to be a twenty-nine-year-old member of the younger generation.

# Chapter 2669 - Frighteningly Powerful

---

“Father, you’re toying with me, right?” Chu Lingxi asked.

The reason she said that was because she was unable to believe that Chu Xuanyuan’s strength was actually that powerful.

“Does your father seem like someone who would deceive you with something like that?”

“That is something known by the great majority of the people in our Chu Heavenly Clan. It is only you all, the people of the younger generation, who do not know,” Chu Xuanzhengfa said.

“If Chu Xuanyuan was that powerful, how could he be imprisoned in the Ancestral Martial Lower Realm?” Chu Lingxi asked.

Chu Lingxi knew that Chu Xuanyuan was banished from the Chu Heavenly Clan over thirty years ago and imprisoned in the Ancestral Martial Lower Realm.

Thirty years ago, her father Chu Xuanzhengfa had been exactly nine hundred years old. Even if Chu Xuanyuan was sixteen years younger than her father, he must have been over eight hundred years old when he was banished.

If Chu Xuanyuan really possessed the power to become the Chu Heavenly Clan’s Law Enforcement Hall’s Hall Master when he was only twenty-nine, what sort of strength would he possess when he reached over eight hundred?

It was very likely that not even the Chu Heavenly Clan’s Clan Chief and those Utmost Exalted Elders would be a match for Chu Xuanyuan, even if they were to join hands against him.

However, it was true that Chu Xuanyuan was imprisoned in the Ancestral Martial Lower Realm.

This precisely indicated that Chu Xuanyuan’s strength was

inferior to the Chu Heavenly Clan's.

In short, all of this was very unreasonable.

"Lingxi, what do you think of the strength of the Dao Imperial Palace?" Chu Xuanzhengfa asked.

"The Dao Imperial Palace? They possess very few disciples. However, they only accept elite disciples. As such, their overall strength is pretty decent."

"Not counting our Chu Heavenly Clan, I feel that the Dao Imperial Palace could be ranked third amongst the powers in the Great Chiliocosm Upper Realm."

"Unfortunately, the current Palace Master of the Dao Imperial Palace, Daoist Golden Crane, is extremely unattentive of his duties."

"I do not know why, but he actually went to a desolate place like the Hundred Refinements Ordinary Realm to enter closed-door training. He became an arm-flinging shopkeeper, and stopped managing the affairs of the Dao Imperial Palace."

"If that wasn't the case, the Dao Imperial Palace should be able to be ranked second among the various powers," Chu Lingxi said.

"I truly couldn't tell that you actually knew about the state of affairs of the Great Chiliocosm Upper Realm so well," Chu Xuanzhengfa said.

"Of course," Chu Lingxi raised her head proudly.

"In that case, do you know about the Dao Imperial Palace's previous Palace Master, Daoist Golden Crane's master?" Chu Xuanzhengfa asked.

"I only care about the current state of affairs, and not things from the past. Furthermore, I have been undertaking missions all over the place, and rarely stay in the Great Chiliocosm Upper Realm for long. As such, how could I know about all those things?"

“Furthermore, aren’t we talking about Chu Xuanyuan? Why would you ask about all these other people?” Chu Lingxi said with her lips curled and a proud attitude.

Evidently, she had been baffled by her father’s question, and was feeling very displeased because of that.

“The Dao Imperial Palace’s previous Palace Master, Daoist Jing Tian, was deemed to be the strongest Palace Master to have ever appeared in the Dao Imperial Palace’s history.”

“You said it yourself. If you don’t count our Chu Heavenly Clan, the Dao Imperial Palace could be ranked third in the Great Chiliocosm Upper Realm.”

“If it were during the the reign of Daoist Jing Tian, then the Dao Imperial Palace would be ranked first in the Great Chiliocosm Upper Realm when disregarding our Chu Heavenly Clan. Furthermore, they would be ranked first with absolute certainty.”

“When Daoist Jing Tian left for the Starfield Master Realm, he was... even able to stand on equal footings with our Chu Heavenly Clan’s Clan Chief, and receive the same sort of treatment,” Chu Xuanzhengfa said.

“Equal footing? Same sort of treatment?”

“In that case, wouldn’t it mean that the Dao Imperial Palace back then had managed to pose a threat to our Chu Heavenly Clan’s position as the overlord of the Great Chiliocosm Upper Realm?” Hearing those words, Chu Lingxi finally revealed an astonished expression on her face.

She knew very well that the Starfield Master Realm was the true overlord of this Starfield. Every year, the overlords from the various Upper Realms would have to proceed to the Starfield Master Realm to participate in the Starfield Governmental Assembly.

Apart from the overlords of the various Upper Realms, some

experts who were famous across the entire Starfield would also receive invitations to participate in the Starfield Governmental Assembly.

However, regardless of how powerful those experts might be, they would not receive the same sort of treatment as the overlords of the various Upper Realms.

If something like that were to happen, it would mean that that person or that person's power had managed to pose a threat to their Upper Realm's overlord. Furthermore, that person or that person's power had also managed to obtain the acceptance of the Starfield Master Realm.

“Indeed, they threatened our status.”

“Back then, the Dao Imperial Palace was filled with ambition. They were issuing provocations at our Chu Heavenly Clan repeatedly, and seemed to be trying to set off a war to seize the position of overlord of the Great Chiliocosm Upper Realm,” Chu Xuanzhengfa said.

“In that case, how was the matter settled?” Curiosity filled Chu Lingxi's beautiful eyes.

The reason for that was because something like this was very serious. For the sake of maintaining their status as the overlord of their Upper Realm, the overlords would generally beat down those powers that posed a threat to their status.

Under that sort of situation, a power that posed a threat to the overlord would either rise to the occasion, rebel against the overlord and fight over the position of overlord...

Or, they would have to cower to the overlord and make some sacrifices to neutralize the crisis.

Judging from the way the Dao Imperial Palace behaved back then, it was very clear what their intention was. They had planned to settle the issue of who the Great Chiliocosm Upper Realm's

overlord would be through war.

However, no such war had occurred between the Chu Heavenly Clan and the Dao Imperial Palace.

That was why Chu Lingxi was curious as to exactly how the matter was settled.

“It was Chu Xuanyuan.”

“Chu Xuanyuan entered the Dao Imperial Palace by himself. Then, with no assistance, he defeated numerous experts from the Dao Imperial Palace.”

“Even Daoist Jing Tian, who was deemed to be the strongest Palace Master in the Dao Imperial Palace’s existence, was defeated by Chu Xuanyuan.”

“Not long after that happened, Daoist Jing Tian passed away. Because of that, the Dao Imperial Palace suffered a massive loss in strength. Naturally, they no longer posed a threat to our Chu Heavenly Clan,” Chu Xuanzhengfa said.

Hearing those words, Chu Lingxi’s eyes were wide open. Astonishment filled her eyes. Even her fair-skinned face had turned red.

She was shaken by Chu Xuanyuan’s accomplishment. As a member of the Chu Heavenly Clan, she involuntarily felt fired up upon hearing of Chu Xuanyuan’s accomplishment.

“Father, in that case, how old was Chu Xuanyuan back then?” Chu Lingxi asked.

Chu Lingxi felt that if the Dao Imperial Palace truly managed to pose a threat to their Chu Heavenly Clan, the Dao Imperial Palace’s Palace Master should have strength equivalent to their Chu Heavenly Clan’s Clan Chief. Even if he was weaker, he wouldn’t be much weaker.

The fact that Chu Xuanyuan had defeated the Dao Imperial

Palace's Palace Master back then meant Chu Xuanyuan was capable of defeating their Chu Heavenly Clan's Clan Chief.

Or, at the very least, he would not be inferior to their Chu Heavenly Clan's Clan Chief.

Thus, Chu Lingxi was very curious as to how old Chu Xuanyuan was back then.

Judging by his age, she could determine exactly how talented Chu Xuanyuan was.

"Back then, Chu Xuanyuan was precisely twenty-nine years of age," Chu Xuanzhengfa said.

"You're kidding!!!"

The astonishment in Chu Lingxi's eyes instantly increased by several times. Even her 'you're kidding' was said in a screaming manner.

She was truly startled.

"Do you still think that I'm lying to you?" Chu Xuanzhengfa asked with a smile.

"But, if Chu Xuanyuan truly possessed strength capable of matching our clan's Clan Chief when he was only twenty-nine years old, he should be far stronger than everyone in our Chu Heavenly Clan when he was arrested and imprisoned."

"Thus, how could he be willingly banished by our clan, and then imprisoned in the Ancestral Lower Martial Realm?" Chu Lingxi had a puzzled expression.

She had started to somewhat believe the stories about Chu Xuanyuan. However, it was precisely because she had started to somewhat believe it that she was unable to understand.

A person who was capable of matching their clan chief at the age of twenty-nine was no longer a genius that appeared once every ten thousand years. Instead, he was most likely a genius that

would not even appear once in a million years. Someone like Chu Xuanyuan was an actual demon-level genius, a person capable of changing the equilibrium of the martial cultivation world.

Someone like him would definitely have been able to advance his cultivation by leaps and bounds. When he was over eight hundred years old, what sort of strength would he possess? This was simply something unimaginable.

At the very least, Chu Lingxi felt that Chu Xuanyuan must have been extremely frightening back then.

The disparity between the strength of the Chu Heavenly Clan and Chu Xuanyuan must have been enormous.

The strength of the entire Chu Heavenly Clan was most likely inferior to Chu Xuanyuan alone.

# Chapter 2670 - Looking Forward To Being Alive

---

“After Chu Xuanyuan defeated the Dao Imperial Palace’s Palace Master, he retired from his position as the Law Enforcement Hall’s Hall Master and left the Great Chilocosm Upper Realm.”

“Once he left, he left for over eight hundred years.”

“There was no correspondence from him for over eight hundred years straight. No one knew where he went, and no one knew what he had experienced.”

“When he returned again, he brought an infant back with him. That infant was Chu Feng.”

“Chu Feng is Chu Xuanyuan’s son, Chu Hanxian’s grandson. Back then, the entire Starfield was shaken by his appearance.”

“The reason for that was because Chu Feng had inherited the strongest bloodline of our Chu Heavenly Clan.”

“Experts from various regions all arrived at our Chu Heavenly Clan to see exactly what sort of talent Chu Xuanyuan’s son would have.”

“Because of that, our clan soon prepared the talent test for Chu Feng.”

“That talent test could be said to be the most magnificent and unprecedented of all the talent tests conducted by our clan. It was truly bustling with noise and excitement.”

“Everyone was filled with anticipation. Merely...”

At that moment, Chu Xuanzhengfa started to sigh. He had a helpless expression on his face.

“You also know the result. It was revealed that Chu Feng did not possess any talent for martial cultivation, and was determined to

be trash, unable to partake in martial cultivation.”

“Everyone was greatly disappointed by this. Some even started to insult Chu Feng.”

“As for Chu Xuanyuan, how could he allow his own son to be insulted? He was enraged by the insults, and killed all those who insulted Chu Feng.”

“However, the great majority of those people were our Chu Heavenly Clan’s distinguished guests. There were even people from the Starfield Master Realm among those that he killed. They were people that not even our Chu Heavenly Clan could afford to offend.”

“For the sake of alleviating the various powers’ anger and presenting an explanation to the Starfield Master Realm, our clan had no choice but to banish Chu Xuanyuan and Chu Feng. Furthermore, we bestowed severe punishment upon them.”

“Actually, based on the situation back then, it was already a miracle that Chu Xuanyuan was able to survive.”

“Furthermore, Chu Xuanyuan did not resist when our clan wanted to severely punish him. Just like that, he allowed himself to be captured.”

“Many people felt that Chu Xuanyuan did not dare to resist because he knew that he was no match for our Chu Heavenly Clan and the various distinguished guests.”

“However, I do not feel that to be the case. I was also present at the time. I witnessed the expression in his eyes. There was not the slightest bit of fear in his eyes,” Chu Xuanzhengfa said.

“In that case, it would mean that he accepted the punishment willingly. But... why would he do that? Even if he did not wish to make an enemy of our clan, he could’ve escaped. Why would he decide to accept the punishment?” Chu Lingxi asked.

“Who knows? He has always been an unfathomable individual

since he was a child. Even I, your father, was never able to see through him,” Chu Xuanzhengfa shook his head.

At that moment, Chu Lingxi grew silent.

“Lingxi, you couldn’t have been shocked, right?” Chu Xuanzhengfa asked with a smile.

He knew that his daughter was a very conceited girl. It was indeed very possible for her to be shocked after hearing about Chu Xuanyuan’s past deeds.

After all, regardless of how strong a genius might be, they would all be unworthy of being mentioned when compared against Chu Xuanyuan.

“Suddenly, I hope that Chu Xuanyuan’s son is still alive,” Chu Lingxi said.

“Why is that?” Chu Xuanzhengfa asked.

“Due to the difference in age, I am destined to be unable to compare against Chu Xuanyuan. However, if his son is still alive, I will be able to compare myself against him,” Chu Lingxi said.

“Perhaps you will have that opportunity,” Chu Xuanzhengfa said.

“Father, could it be that you feel that Chu Feng to still be alive? That he did not die after being devoured by his Demon Armament?” Chu Lingxi asked.

“I do not know whether Chu Feng is still alive or not. However, if that Chu Feng is really Chu Xuanyuan’s son, I dare to guarantee that he will most definitely be still alive,” Chu Xuanzhengfa said.

“Why is that?” Chu Lingxi asked.

“Merely because he is Chu Xuanyuan’s son, Chu Hanxian’s grandson,” Chu Xuanzhengfa said.

Hearing those words, Chu Lingxi went quiet for a moment. However, soon, a beautiful smile emerged on her face.

Furthermore, anticipation filled her beautiful eyes.

.....

While Chu Lingxi and Chu Xuanzhengfa were conversing with one another, Chu Huai and Chu Yue had been standing outside the Great Law Enforcement Hall.

Chu Yue had been staring at the entrance of the Great Law Enforcement Hall the entire time. She did not even blink once.

Judging from their appearance, it seemed like they were waiting for someone. As for the person that they were waiting for, it would either be Chu Xuanzhengfa or Chu Lingxi.

After all, only Chu Xuanzhengfa and Chu Lingxi remained in the palace hall.

Finally, the entrance to the palace hall opened, and Chu Lingxi walked out from it.

Chu Lingxi obviously took notice of Chu Huai and Chu Yue. However, she did not even bother to take a glance at them. Instead, she began to walk away directly.

“Lingxi,” Seeing that, Chu Yue hurriedly shouted and then rushed toward her.

Hearing Chu Yue’s shout, Chu Lingxi stopped and turned around to look toward Chu Yue.

Her gaze was truly cold and detached. She simply did not seem to be seeing someone from her same clan, a relative. Instead, she was looking at Chu Yue as if she were seeing a stranger.

“You need something?” Chu Lingxi asked in a slightly annoyed manner.

“Lingxi, I’ve heard that you’ve been to the Daytime Upper Realm this time around and completed the hunting mission in the Daytime Upper Realm.”

“You are simply too amazing. You must know that that mission

had been set in place for seven hundred years now. Yet, no one has been able to accomplish it.”

“However, you’ve accomplished it. You are simply the number one genius in our Chu Heavenly Clan,” Chu Yue declared with a joyous expression on her face. She was truly delighted. It was as if she was the one that had accomplished the mission.

However, Chu Lingxi did not appreciate Chu Yue’s praise in the slightest. Instead, she cast a disdain-filled glance at Chu Yue. Then, without saying any more, she continued to walk away.

Chu Yue felt very awkward. However, she did not give up. Instead, she took out a small jade case from her Cosmos Sack.

That jade case was of considerable value. Furthermore, it was meticulously decorated. Likely, the item contained inside would be extraordinary.

With the jade case in her hand, Chu Yue chased after Chu Lingxi, “Lingxi, this is a present that I’ve brought back from the Hundred Refinements Ordinary Realm for you. Please don’t mind it.”

“I’m sorry but I do mind, greatly,” Chu Lingxi turned around and left those words. Then, she continued walking around without a second thought.

At that moment, Chu Huai who was still standing where he was started to frown. He revealed a displeased expression.

The reason for that was because he had noticed that Chu Lingxi did not even bother to take a glance at the present Chu Yue prepared for her. Just like that, she turned her back toward Chu Yue.

How could this be minding and disliking the present? Chu Lingxi was simply feeling that Chu Yue was beneath her.

However, even though Chu Yue was left in an awkward situation, she did not reveal any clear sort of gloominess. Just like that, she put the jade case she held in her hand away.

“Chu Yue, why must you do this to yourself? Although we are from the same clan, people like Chu Lingxi are simply from a different world from us. Why must you always act like this toward them?”

“Aren’t you just asking to be snubbed by them?” Chu Huai stepped forward and asked Chu Yue.

He was slightly angry. However, it seemed that he was not only angry toward Chu Lingxi, but he was also angry at Chu Yue.

“How could I not know that? I know that I am going to be snubbed.”

“However, even if this is the case, I must still continue to do this, for this is an opportunity for me to change my destiny,” Chu Yue said in a very determined manner.

This time around, Chu Huai did not say anything. Merely, a sort of gaze emerged in his eyes.

It was a gaze of disappointment.

.....

An enormous change occurred to the Hundred Refinements Ordinary Realm after experiencing that catastrophe.

The catastrophe had not only inflicted disastrous losses to all the sects and schools, but it had inflicted disastrous losses to the entire Hundred Refinements Ordinary Realm.

However, the Hundred Refinements Ordinary Realm did not grow peaceful because of that. Instead, it became even more chaotic.

The reason for that was because the great majority of those people that had survived the catastrophe were people with great ambitions. They began to take advantage of the situation to seize territories, and were stirring up wars nonstop.

The catastrophe completely altered the Hundred Refinements

Ordinary Realm.

As for the allied army, it was originally composed of elites from various schools and sects. However, after the catastrophe, those people managed to see a lot of things clearly. Thus, after the allied army was disbanded, many of them decided to directly join Hero City.

They felt that only the people from Hero City were their kindred spirits.

Furthermore, Hero City had once again become the most popular power in the Hundred Refinements Ordinary Realm. Many of the survivors all wanted to join Hero City.

The reason for that was because Hero City was the only 'pure land' that remained in the Hundred Refinements Ordinary Realm.

However, Hero City no longer allowed anyone to join it.

If one wanted to become a member of Hero City, one's cultivation would no longer be the most crucial matter. Instead, one's character had become the most crucial aspect. This caused the great majority of people to stay outside Hero City, unable to enter.

During this period of time, Chu Feng did not do anything. He had been accompanying his friends in the Hundred Refinements Ordinary Realm the entire time.

He enjoyed alcohol with them and talked endlessly. In fact, they would even go sightseeing.

Day and night, they enjoyed themselves.

The reason why Chu Feng was doing this was because he had accomplished all that he had to do.

Chu Feng was planning to leave the Hundred Refinements Ordinary Realm. Once he left, he had no idea when he would be able to return.

Thus, he wanted to properly accompany his friends who had helped and journeyed with him in the past.

# Chapter 2671 - Farewell

---

On the day, Chu Feng finally left his group of close friends. Only Zhao Hong and Wang Qiang were with him.

Chu Feng was not preparing to leave the Hundred Refinements Ordinary Realm. Rather, before leaving the Hundred Refinements Ordinary Realm, he had a place that he had to go to first.

They arrived at the Zhou Heavenly Clan, formerly one of the strongest powers in the Hundred Refinements Ordinary Realm.

Merely, the Zhou Heavenly Clan's palaces had already been destroyed. The mountains surrounding it had been flattened and the rivers dried out.

That place had turned into ruins. The former glory was gone from that vast land. All that remained... was an utter mess.

However, nine enormous characters were left behind in the sky.

'This is the consequence of provoking Chu Feng' [1.They're 9 characters in chinese.]

Those nine enormous characters were shining brightly in the sky. They were like suns hanging in the sky, visible from over a hundred miles away.

They were like a decree from the gods signaling the end of the Zhou Heavenly Clan, announcing the result of offending Chu Feng.

"W-Wow, this is s-simply too a-aggressive, n-no? If s-someone d-dares to p-provoke you t-two in the future, I w-will do t-this too," Wang Qiang said with a mischievous laugh as he looked at the words in the sky.

To the people from the Zhou Heavenly Clan, those nine characters were most definitely a nightmare.

However, to Wang Qiang, those nine characters were a pleasant surprise.

At the very least, he thought very highly of the person who had left those words.

Then, Wang Qiang looked to Chu Feng. He said, “S-Say, b-brother, do you r-really not know who helped you?”

Chu Feng shook his head. He was also pondering who wrote those nine characters while looking at them.

He wanted to know exactly who it was that had helped him from the shadows. That was his purpose for visiting the Zhou Heavenly Clan.

“Chu Feng, I feel that you should try using your Heaven’s Eyes to see if you can find any clues,” Her Lady Queen said.

“Eggy, you think that there are clues in the words?” Chu Feng asked.

“If there are no clues within the words, there will be no clues at all. This would only serve to prove that the person that left those words and exterminated the Zhou Heavenly Clan did not wish for you to know who they were,” Her Lady Queen said.

“Mn,” Chu Feng nodded his head in agreement. Then, his eyes moved, and his expression changed.

His gaze became extremely sharp. It was as if he could penetrate everything, as if he could see through everything.

Before his Heaven’s Eyes, everything changed. Everything became clear.

“That is?”

Suddenly, Chu Feng’s gaze shifted. Then, he immediately soared into the sky and arrived between the characters ‘Chu’ and ‘Feng.’

If one were to inspect them with one’s naked eye, one would not see anything from those two characters. However, when viewing them with his Heaven’s Eyes, Chu Feng discovered that a bracelet was hidden in both the ‘Chu’ character and the ‘Feng’ character.

Chu Feng recognized those bracelets. Those were the bracelets that Su Rou and Su Mei wore.

“Bang~~~”

“Bang~~~”

Chu Feng shot forth both his fists simultaneously. He shattered both large characters. However, those two bracelets were completely intact.

Chu Feng held the two bracelets in his palms. At that moment, his heart was trembling.

He knew that it had been many days now since those bracelets were hidden within the words. However, he was still able to sense Su Mei and Su Rou’s auras from those bracelets.

In fact, he was even able to distinguish the fragrances of Su Mei and Su Rou from the two bracelets.

He was absolutely certain that those two bracelets belonged to Su Mei and Su Rou.

“Lil’ Rou, Lil’ Mei, it was done by you?”

“No, it was the Moon Immortal. It’s her? She’s also in the Hundred Refinements Ordinary Realm?”

Chu Feng became extremely emotional when he thought of that. After all, apart from eliminating the Infant Soul Sect and proving himself, he had other important tasks in the Hundred Refinements Ordinary Realm.

For one, he needed to find Su Rou and Su Mei, and then retrieve them from the Moon Immortal.

For the other, he needed to find Ya Fei, Murong Wan and Yan Ruyu, who had mysteriously disappeared.

He had been in the Hundred Refinements Ordinary Realm for so long now. During the entire time he was there, he had been making inquiries about them. However, he had not been able to

scout out any information concerning their traces.

In the beginning, Chu Feng had thought that they had not arrived in the Hundred Refinements Ordinary Realm. However... he actually managed to discover Su Rou and Su Mei's bracelets. This meant that the two of them had been there before.

"Chu Feng, look, there's marks on those bracelets," suddenly, Her Lady Queen called something to Chu Feng's attention.

Chu Feng was so immersed in his complicated emotions upon discovering Su Rou and Su Mei's bracelets that he did not carefully inspect them.

It was only after hearing what Her Lady Queen said that Chu Feng noticed that there were indeed marks on the two bracelets.

Once those two marks were placed together, they would form a symbol. It was a symbol that only world spiritists could see.

Chu Feng hurriedly held the two bracelets together. The reason for that was because he knew very well that those two marks were not present on the bracelets before.

Thus, someone must've purposely left those two marks on the bracelets.

Those marks were the clue.

"Buzz~~~"

Sure enough, at the moment when the two bracelets were placed together, a message flew out from among them.

Chu Feng extended his hand and grabbed. With that, the message entered his head.

"Chu Feng, rest assured, Su Rou and Su Mei are very safe right now. You do not have to worry about them."

"I will be able to form my own body not long from now. At that time... I will personally bring the two of them back to you."

This message was left behind by the Moon Immortal.

“Damn it.”

Chu Feng felt furious in his heart.

The truth had finally been revealed.

Evidently, the person to eliminate the Zhou Heavenly Clan was the Moon Immortal. As for Su Rou and Su Mei, they were still in her grasp.

Even though Chu Feng knew that the Moon Immortal was forced into occupying Su Rou and Su Mei’s bodies, and that the clues that she had spent great effort to leave behind also served to prove that she did not plan to cause harm to Su Rou and Su Mei, and that she was also extremely apologetic toward him, Chu Feng remained very angry.

After all, those were his beloved women. The Moon Immortal had seized Su Rou and Su Mei’s bodies without their consent at all.

She had forcibly seized their bodies.

Chu Feng had also experienced the feeling of having his body seized by the Evil God Sword. Thus, he knew very well the feeling of helplessness, when he no longer held control over his body.

As for Su Rou and Su Mei, the two of them had had to endure that sort of feeling for so long. As such, how could Chu Feng not feel distressed? How could he not be angry?

“Chu Feng, your anger will not be able to do anything. She should’ve been in the Hundred Refinements Ordinary Realm the entire time. However, she was able to avoid you for so long. This means that she most definitely possesses some sort of concealment ability.”

“Fortunately, she does not plan to cause any harm to Su Rou and Su Mei. I believe that they should be safe.”

“You shouldn’t worry too much about it either,” Her Lady Queen

advised.

Chu Feng understood all of that. However, he was still unable to contain his anger. That said... he did not wish to worry Her Lady Queen. Thus, he could only forcibly suppress the anger deep down into his heart and not directly reveal it. He planned to endure the anger alone.

Afterwards, Chu Feng returned to Hero City. After bidding farewell to everyone, he proceeded toward an ancient teleportation formation. That teleportation formation was called the Stairway to Heaven.

Merely, this Stairway to Heaven did not lead to the Hundred Refinements Ordinary Realm. Rather, it led to the Great Chiliocosm Upper Realm.

“Chu Feng, don’t forget about us.”

“Chu Feng, you must definitely come back and visit us in the future.”

A large group of people were gathered underneath the Stairway to Heaven. Many people from Hero City had showed up to see Chu Feng off.

It was not only those who had friendships with Chu Feng. Even those who did not possess any friendship with Chu Feng also gathered to see him off.

If Zhan Haichuan and Grandmaster Kai Hong were two legendary individuals of the Hundred Refinements Ordinary Realm from two different periods, then Chu Feng would be, in their eyes, the legend of the present era.

They all felt that even after entering the Great Chiliocosm Upper Realm, Chu Feng would be able to attain standing there. They were all filled with anticipation toward Chu Feng’s future.

Although they were unable to personally witness what Chu Feng would experience and how he would overcome his obstacles upon

reaching the Great Chilocosm Upper Realm, they were able to witness with their very eyes how Chu Feng would leave the Hundred Refinements Ordinary Realm, how he would end his story in the Hundred Refinements Ordinary Realm.

With that... Chu Feng would have a new beginning.

To them, being able to personally see Chu Feng off was a sort of honor.

It was something that they could brag about for the rest of their lives.

“Everyone, please rest assured. I will definitely return.”

“These are my kind regards. Everyone, please accept them.”

As Chu Feng spoke, he took out stones from his Cosmos Sack,

Then, he personally handed those stones to Daoist Three Swords, Grandmaster Pocket, Tang Ying, Xu Yiyi, Song Biyu... and many others.

Originally, the crowd thought that Chu Feng was planning to gift them some sort of precious gift. Thus, they had originally thought about refusing him.

However, upon discovering that they were merely ordinary stones, they all gladly accepted them.

Chu Feng handed the last stone to the guardian clan's clan chief.

Merely, the guardian clan's clan chief was still wearing that long gown that concealed his appearance. No one knew who he was.

“Senior, I will entrust that matter to you,” Chu Feng said through a voice transmission.

“Young Master Chu Feng, please rest assured. I will definitely carry out your request,” the guardian clan's clan chief guaranteed.

## Chapter 2672 - Chu Feng's Gifts

---

The request that Chu Feng made to the guardian clan's clan chief was related to Xian Miaomiao.

When Chu Feng left the Ancestral Martial Lower Realm and entered the Hundred Refinements Ordinary Realm, he knew that Xian Miaomiao would one day enter the Hundred Refinements Ordinary Realm too.

Firstly, she was sufficiently talented enough to enter the Hundred Refinements Ordinary Realm. Secondly... she needed to find her mother.

Because of that, Chu Feng had given her two items. One was a key capable of making a breach in the formation barrier surrounding the Hundred Refinements Stage. As for the other, it was a Golden Flash Bird. Using that Golden Flash Bird, Xian Miaomiao could search for him upon entering the Hundred Refinements Ordinary Realm.

Merely, Chu Feng had been in the Hundred Refinements Ordinary Realm for a long time already. Yet, there had been no news from Xian Miaomiao at all. Chu Feng guessed that she should not have arrived at the Hundred Refinements Ordinary Realm yet.

However, Chu Feng had things to take care of, and could not continue to wait for Xian Miaomiao forever. That why was Chu Feng made a request of the guardian clan's clan chief.

He asked the guardian clan's clan chief to take note of Xian Miaomiao, and asked him to take care of her should he run into her.

As for the guardian clan's clan chief, he naturally accepted Chu Feng's request. After all, to him, Chu Feng was his master.

“Who is that person?”

Suddenly, questioning words sounded from the vast crowd.

As that place was the Stairway to Heaven that led to the Great Chilocosm Upper Realm, very few people would generally show up there.

The reason for that was because that place was the place that was closest to the Great Chilocosm Upper Realm. Thus, it became a sacred place for the people in the Hundred Refinements Ordinary Realm.

However, at that moment, an old man wearing tattered clothes and covered in dust had appeared nearby.

If those with insufficient strength going there was already something disrespectful, then to arrive dressed as that old man was, would be absolutely disrespectful.

Inevitably, this caught the attention of the Hero City crowd.

Due to curiosity, Chu Feng also cast a glance over there. However, upon seeing the old man, Chu Feng's expression immediately changed. He was shocked.

The reason for that was because Chu Feng knew that old man. He was the master of the Unknown Burial Ground.

Although he was dressed like one, he was not a beggar. Instead, he was an unfathomably powerful expert, a truly grand individual.

Upon seeing the old man, Chu Feng subconsciously walked toward him. He wanted to greet him.

Although Chu Feng had managed to clear the Unknown Burial Ground with his own ability, it remained that he obtained benefits from the old man. Thus, Chu Feng was very respectful toward the old man.

“Don't! Don't come over! Don't come over!”

Before Chu Feng could approach, that old man suddenly turned frantic. He shouted at Chu Feng to not approach him, and began to rapidly run away.

He had a very flustered appearance, and was actually unable to even stand straight. From time to time, he would tumble. However, he would immediately get back up and continue running away.

Chu Feng stood there, confused. He discovered that the situation seemed to be amiss and that the old man seemed to be affected by some sort of shock.

However, that place was the Hundred Refinements Ordinary Realm. Who could possibly shock him to a state like that?

Chu Feng started to ponder. However, he was unable to think of an answer.

“Brother Chu Feng, do you know that person? Could it be that he is someone who has offended you before? Should we go and capture him for you so that you can properly teach him a lesson?” Lil’ Ball said after walking over.

Back then, Lil’ Ball had disliked Chu Feng because of how well Ying Mingchao treated him. He had even deliberately tried to make things difficult for Chu Feng in front of everyone.

However, after that calamity, not only did Lil’ Ball no longer feel any antipathy toward Chu Feng, but he was instead filled with admiration for Chu Feng.

Chu Feng was looking thoughtfully at the direction where that old man had left. After a short while, he turned to Lil’ Ball and the others, “You all must not go and provoke that man.”

“Why is that?”

The crowd were all bewildered by Chu Feng’s words. They all felt that tattered old man to be no different from a beggar.

However, what Chu Feng said caused the crowd to feel that that old man possessed a remarkable origin.

Naturally, that old man possessed a remarkable origin. He was

the Exalted Sacred Tiger.

He was someone who could drown all these people to death with a mere spit.

He had merely become like this after being tortured by the Old Ape.

Of course, no one there knew that old man to be Exalted Sacred Tiger. Not even Chu Feng knew about his identity.

“Remember his appearance. If you all are to encounter him again, you all must not attempt to provoke him,” Chu Feng warned again. He had a very serious expression as he said those words.

He had no idea what that old man had encountered. However, he knew that old man’s strength to be extraordinary. After all, that old man was the master of the Unknown Burial Ground.

Because of that, Chu Feng did not dare to rashly approach him even though he currently suffered from a confused mental state. As such, it would be extremely unwise for Lil’ Ball and the others to approach that old man.

“Definitely.”

Although Lil’ Ball and the others had no idea why Chu Feng was telling them to be careful of that old man, they all nodded at Chu Feng’s warning. They did not dare to disobey Chu Feng’s words.

“Everyone, farewell,” Chu Feng said to the crowd.

Then, together with Wang Qiang, Zhao Hong, Ying Mingchao and Zi Xunyi, Chu Feng stepped onto the Stairway to Heaven.

That’s right, it was not only Chu Feng, Zhao Hong and Wang Qiang. Ying Mingchao and Zi Xunyi, after reconciling with one another, also planned to enter the Great Chilocosm Upper Realm, and decided to accompany Chu Feng and the others.

After all, they would be able to keep each other company by journeying together.

“Little friend Chu Feng, please wait.”

Right at that moment, an aged voice was heard. An old man was flying over from afar. And landed before the Stairway to Heaven.

That person was Grandmaster Prophet.

Originally, Chu Feng held ill feelings toward Grandmaster Prophet. After all, if it wasn't for his prophecy, the Kong Heavenly Clan would not have tried to kill him.

However, Grandmaster Prophet's prophecies actually ended up happening. For example, Grandmaster Prophet had accurately prophesied that calamity.

Furthermore, Chu Feng really became the person to save everyone from the calamity.

“Grandmaster, could it be that you've managed to make a prophecy?” Chu Feng asked.

After Chu Feng discovered that Grandmaster Prophet's prophecies were indeed trustworthy, Chu Feng entrusted Grandmaster Prophet to help him find traces of the Moon Immortal, as well as places where Ya Fei and the others might be. He wanted to know where he had to go to find them.

However, even after so many days had passed, Grandmaster Prophet was unable to make any prophecies regarding their whereabouts.

Seeing that Grandmaster Prophet was rushing over here, Chu Feng thought that Grandmaster Prophet had managed to prophesize something.

“My apologies, this old man is incompetent, and was unable to make any prophecies,” Grandmaster Prophet shook his head.

“Don't mind it,” Chu Feng said with a light smile. Then, he asked, “Then, Grandmaster, what might have brought you here?”

“Little friend Chu Feng, this old man owes you. Thus, I've always

wanted to make it up to you.”

“Although I was unable to predict the whereabouts of your friends... I managed to predict things concerning you,” Grandmaster Prophet said.

“What is it?” Chu Feng asked.

“Little friend Chu Feng, after you reach the Great Chiliocosm Upper Realm, it is best to leave immediately, and proceed for other Upper Realms to train,” Grandmaster Prophet said.

“Why?” Chu Feng asked.

“I prophesied that you will encounter countless trials and tribulations after entering the Great Chiliocosm Upper Realm. It is going to be extremely dangerous, and you might even suffer a mishap and die in there.”

“To you, the Great Chiliocosm Upper Realm is an ominous place. You absolutely cannot stay there for long,” Grandmaster Prophet said.

The crowd’s expressions all changed enormously upon hearing those words. Then, they looked nervously at Chu Feng. Although they did not say anything, worry filled their eyes.

After all, they all knew very well that Grandmaster Prophet’s prophecies were extremely accurate.

As for his current prophecy, it stated that Chu Feng would be met with countless trials and tribulations in the Great Chiliocosm Upper Realm.

“Y-yo-you s-shut the fuck up!”

“What t-the fuck did you come here for? A-Are you here to dampen o-our mood?”

Wang Qiang was angry. He walked out from the Stairway to Heaven and then grabbed Grandmaster Prophet. He was planning to beat him up.

Wang Qiang's reaction was also understandable. After all, they were filled with expectations for the journey to the Great Chiliocosm Upper Realm. What Grandmaster Prophet said was simply equivalent to throwing a basin of cold water over Chu Feng. This was indeed dampening the mood.

“Wang Qiang, let him go.”

However, right at that moment, Chu Feng stopped Wang Qiang and rescued Grandmaster Prophet from Wang Qiang's grasp.

Compared to the furious Wang Qiang and the nervous crowd, Chu Feng remained very calm after hearing what Grandmaster Prophet said.

Chu Feng knew very well how dangerous the Great Chiliocosm Upper Realm was even without others telling him about it.

Thus, Chu Feng was not surprised at all by Grandmaster Prophet's prophecy.

“Everyone, please don't worry. I have known from the very start that my journey to the Great Chiliocosm Upper Realm will not simply be filled with smooth sailing.”

“In fact, I, Chu Feng, have never had a smooth journey ever since I stepped onto the road of martial cultivation.”

“However, this is how the path of martial cultivation is. Even though I know that there are countless trials and tribulations ahead, I cannot retreat in the slightest.”

“After all, the path of martial cultivation is a path going against the heavens. If I want to obtain strength, I must fight against the heavens for it.”

“Else, I will make no progress,” Chu Feng said to the crowd.

“That's right. What Lord Chu Feng said is correct.”

At that moment, cries of applause sounded from the crowd. They were all cheering for Chu Feng.

“However, Grandmaster Prophet, I must still thank you for reminding me. That said, Grandmaster Prophet, I am actually more curious about another thing than this. Might Grandmaster be willing to present to me an answer?” Chu Feng said to Grandmaster Prophet.

“Little friend Chu Feng, please ask away. As long as it is something that I know, I will definitely tell you,” Grandmaster Prophet said.

“Exactly who gave you your Prophecy Crystal Ball?” Chu Feng asked.

“...” Grandmaster Prophet grew silent upon hearing those words. A difficult expression appeared on his face.

“If it is too difficult, then you don’t have to worry about it,” Chu Feng said with a smile.

Chu Feng had heard from Grandmaster Prophet that his Prophecy Crystal Ball was given to him by a godly individual. It was precisely that Prophecy Crystal Ball that had changed his destiny.

However, it was likely that that godly individual had told Grandmaster Prophet to not mention him or her. Thus, Grandmaster Prophet did not wish to reveal who that person was to anyone.

Right at that moment, Grandmaster Prophet’s voice transmission entered Chu Feng’s ears. “Little friend Chu Feng, I can tell you. However, you must not tell others.”

“Although I do not know that godly individual’s name, he once mentioned to me before that others addressed him as Exalted Heavenly Fate.”

“My thanks,” Chu Feng remembered the name.

Although Chu Feng had no idea who that person might be, he felt that the fact that that person possessed such a treasure and was

willing to gift it to another meant that that person must be an extremely extraordinary individual.

Furthermore, his name was Exalted Heavenly Fate. Could it be that he was an Exalted-level expert?

If that was the case, it would be even more amazing.

“Everyone, farewell. The future is long, we will definitely meet again.”

Chu Feng clasped his fist at the crowd again. Then, together with Zhao Hong, Wang Qiang, Ying Mingchao and Zi Xunyi, Chu Feng stepped onto the Stairway to Heaven.

After stepping onto the Stairway to Heaven, Chu Feng began to ascend the steps reaching upward. Soon, he disappeared from the crowd’s line of sight.

“Buzz~~~”

After Chu Feng and the others disappeared, the rocks that the crowd held in their hands suddenly started to emit light.

“Snap~~~”

“Snap~~~”

“Snap~~~”

Immediately afterward, those rocks all shattered like watermelons.

After those rocks shattered, the crowd discovered that there was a Cosmos Sack in each rock.

The crowd held the Cosmos Sacks and started to inspect them. It was only then that they discovered that the Cosmos Sacks contained a great amount of treasures.

At that moment, those people who had received rocks from Chu Feng started to look to one another. A pleasantly surprised expression filled their faces.

Originally, they had thought those rocks to be a simple parting gift. Never did they expect Chu Feng to give them such enormous gifts.

All the people who obtained rocks from Chu Feng were people who had previously befriended him.

Some among them had helped Chu Feng in the past, and others did not. However, Chu Feng still prepared gifts for them. The gifts that Chu Feng prepared for them were all different.

Those were meticulously prepared gifts. Not only were the things in the Cosmos Sacks capable of helping them in their present, but they would also help them in the future.

Those were gifts prepared personally for each and every one of them.

Xu Yiyi and the others who had befriended Chu Feng, regardless of their gender and age, were all tightly holding onto the Cosmos Sack given to them by Chu Feng, whilst emotions filled their hearts.

As for those who did not receive gifts from Chu Feng, they all had envious expressions on their faces.

Although they did not know what was in the Cosmos Sacks, they were able to guess from the reaction of those who had received the Cosmos Sacks that they most definitely contained precious gifts.
